I have added Kim Nuckles to the email, Kim will be handling Procurements for WVOT,

Mark,

As this is just a cut and paste mistake, WVOT would immediately approve the CO to ensure ordering of the PCs is not delayed. There were no hardware changes to be tested.

Thank you  
Donnie

Mark: Good afternoon!

We apologize for the inconvenience. When Change Order #6 was done there was an error in the cut and paste.

For that reason, we need the attached Change Order #7 outlining all the part numbers correctly.

If there is any way to get this change order approved as soon as possible that would be wonderful.

Once approved, can you be sure to include Steven and Sierra on the final approval? Thanks so much

If you have any questions, let us know

Have a wonderful evening!
