RE: RFQ: CRFQ 0212 SWC2000000004 - West Virginia Statewide Contract – Temporary Staffing Services

Dear Mr. Atkins,

On behalf of Maxim Healthcare Staffing Services, Inc. (Maxim), I thank you for the opportunity to submit our response to **CRFQ 0212 SWC2000000004** for the provision of Temporary Staffing Services for the *West Virginia's Statewide Contract (State)*. As a vendor that has provided direct care staffing services to the state in the past, Maxim is confident that our operational and clinical experience, qualified personnel, and sound customer service will meet and exceed the State's current and changing needs.

Maxim recognizes and understands the importance of quality healthcare, equitable healthcare, continuity of healthcare, and cost containment in the delivery of healthcare. Further, both our clinical and business operations are rooted in executing these objectives for our customers and the patients that we serve, regardless of their station in life. Maxim's primary operating factors will equate to a successful, sustainable healthcare staffing program for the State and your patient population.

Should you have any questions regarding our proposal during the procurement process, Mr. Ryan Bloom, Program Manager, will serve as your primary point of contact and can be reached at 681-313-2900 or via email at rybloom@maxhealth.com.

As we move forward in the solicitation process, I am confident that our commitment to quality and experience demonstrates our ability to provide the highest level of service. We are enthusiastic about reinstating our partnership with your organization, and appreciate the opportunity to assist the State in achieving its healthcare staffing objectives.

Brandan McGee, Regional Controller

OVERVIEW

Maxim Healthcare Staffing Services, Inc. (Maxim) as a nationwide healthcare services provider recognizes our core responsibility is focused on the patient, customer, and caregiver experience. With over 30 years of leadership and organizational experience, Maxim has evolved along with the healthcare industry, and dedicated its mission towards expanding our organization using these guiding principles. We have accomplished this by understanding each facet of our organization has a direct impact on the quality, consistency, and overall delivery of care and services we will provide to State.

As a provider and strategic healthcare partner to public and private clients in West Virginia, we provide healthcare staffing services, nursing professionals across the state. Additionally, we collaborate with many of the nation's top hospitals, medical facilities, managed care organizations, school systems, and other healthcare-related organizations by providing contract, temp-to-perm, per diem, and direct hire personnel. We work with customers to implement comprehensive human capital solutions, which range from sourcing and screening to complete workforce management.

The State will receive qualified, experienced and motivated direct care staff while continuing to work with Maxim as a provider. The State will benefit from working with the fifth largest provider of healthcare staff in the nation – our experience, recruitment and program management process enables us to support the State's needs.

MAXIM'S UNDERSTANDING OF THE SCOPE OF WORK

Maxim has a strong understanding of the State's needs – such as procuring quality direct care staffing for unforeseen needs, maintain budget requirements as a state agency – as well as the challenges including administrative and contractual burdens. As we continue our engagement with the State, we will dig deeper into the state agencies' specific needs and deliver customized solutions rooted in best practices and results-oriented continuous improvement models.

Our size and scale as one of the largest healthcare staffing firms in the country enables us to provide cost savings and efficiencies through, management of rates, monitoring key performance indicators such as fill ratio and cycle time, talent retention, and overall economies of scale relative to employee training, screening and other core staffing and recruitment services.

Maxim has more than 28,000 healthcare professionals across a variety of modalities and specialties, which will allow the State to access the necessary personnel resources to deliver services regardless of the size and scope of the program. In addition, we have more than 100+ experienced recruiters, each specializing in a focused area of healthcare.

The State will benefit from our nationwide non-franchised and privately-held network of local offices. This organizational structure provides greater efficiency in service through centralization, and allows for:

- ▶ Single point of contact
- ▶ One program management office with 24/7 support
- ▶ Consistent screening, credentialing, hiring, training, reporting, and billing practices
- ▶ Local, regional, and national clinical personnel deployment
- ▶ High level analysis and coordinated responsiveness to fluctuating staffing needs

QUALIFIED STAFFING PARTNER

Maxim is among an elite group of organizations that have achieved **Joint Commission Certification** for its nurse and allied health facility staffing services. This honorary certification is further proof that our staffing customers receive excellence in leadership, human resources management, performance measurement & improvement, and information management.

We recognize many challenges, which facilities face on the front lines of healthcare delivery. We are aware of constraints that publicly funded agencies/departments face while providing healthcare services to patient populations along the continuum of care spectrum. In addition, the healthcare landscape demands a level of quality care, which mandates higher accountability standards and clinical performance.

We balance our business drivers by having processes in place that allow us to remain fiscally responsible while delivering the highest quality of care possible.

We understand it is increasingly difficult for our customers to balance the complexity between providing acceptable levels of healthcare, while remaining fiscally responsible. This balance is affected by competing operational and administrative priorities, which impact your program's objectives. Therefore, the State can be assured that Maxim is focused on partnering with you to solve a broad range of related business challenges.

Additionally, as a privately-held and non-franchised company, we offer customers a vision, focus, and strategy that differs from many of our large, publicly-traded competitors. Maxim is the fifth largest provider of healthcare staffing services across the nation, yet we maintain strong roots in the communities in which we work. We source our staff locally and domestically from areas with similar demographics so we can provide the right candidate for the job.

PROGRAM MANAGEMENT TEAM

The State's account will be serviced from our local or regional office in Charleston, West Virginia, led by our assigned Program Manager, Ryan Bloom. He will oversee a Program Management team comprised of recruiters, credentialing specialists, billing/administrative staff, hiring coordinators, internal clinical supervisors and other applicable support staff. The State will have access to our Program Management team on a **24/7 basis**, including holidays, throughout the term of the contract. Mr. Bloom Program Manager and his designated back-up, Drew

Moore – Business Development Manager, will be directly responsible for managing our response to your needs and address any service questions the State or its agencies may have regarding this project. Although we operate during normal business hours, we will have a designated on-call Program Management Team member ***available after hours to speak with you live***, and resolve any service issues. Additionally, this office can further be supported by **our offices nationwide** and corporate headquarters, which include a range of internal resources from recruiters, hiring specialists and administrative personnel, to clinical and compliance managers, and senior management.

Designated **back up personnel** will be trained to understand the policies, procedures and deliverables associated with our obligations under this contract; and will be empowered to act on Maxim's behalf to resolve any issues. Our team will also be in regular communication with the State agencies' management to ensure customer satisfaction and work in partnership to continuously improve the staffing program. Customized reports can be provided as part of these services.

Any caregivers or healthcare professionals we assign to the State facilities will undergo periodic training and performance monitoring from both a clinical and operations perspective. Based on our agreements with customers, we may conduct periodic on-site visits to conduct regular and impromptu inspections. We will also seek regular scheduled feedback from the State and its agencies' management to confirm we are providing services to the quality level expectations set in the contract deliverables. The following is Organization Chart depicts your Program Management Team which the State can rely on to deliver the requested staffing services that meet and/or exceed your expectations:

During the lifetime of a contract, Maxim's State Program Management Team will be responsible for:

- ▶ Providing leadership, direction and resources for all implementation, transition, and contract tasks
- ▶ Coordinating resources between Maxim's Program Management Office, local office network, and Headquarters
- ▶ Ensuring program and contract performance as well as compliance with all agreed-upon schedules, budgets, and deliverables

Question #1: Please share the headcount for temporary employees currently working with the State under this contract.

Response #1: The Purchasing Division does not have access to this information. Temporary staffing positions are requested at time of need by numerous state agencies.

Question #2: Would it be possible for the State to list the most frequently used temporary positions by the State?

Response #2: Please see response #1.

Question #3: What is the annual spend for this contract?

Response #3: Due to the various end users of this contract, the Purchasing Division does not have the actual spend amounts available. The State estimates yearly spend amounts in excess of one (1) million dollars per contract year.

Question #4: What will be the estimated budget for this contract?

Response #4: The State does not provide budget amounts for solicitations.

Question #5: How many vendors will be awarded as a result of this solicitation?

Response #5: Please refer to specification section 5.1 Contract Award for this information.

Question #6: What is the average temporary staff's tenure?

Response #6: Staffing needs are determined by each agency using the contract. The State permits delivery orders from each agency to last up to one year. If the agency determines the staffing need to continue, then a new delivery order will be created for up to the one-year term limit following the delivery order guidelines established in the contract.

Question #7: Is drug testing required? If so, 5 panel or 10 panel?

Response #7: Please refer to specification section 4.1.7.1 and 4.1.7.2. Panel requirements will be determined by the agency when needed.

Question #8: Is there any preference given to local vendors?

Response #8: Please refer to section 15 and 15a in the "Instructions to Bidders" document.

Question #9: What gaps are you looking to fill that current vendors didn't provide? if none, have you been satisfied with services provided by your current vendors?

Response #9: No gaps. The State does not offer subjective comments on previous contracts.

Question #10: Does the State expect any active contingent personnel to be transitioned to the new talent supplier? If so, how many resources are in the affected population?

Response #10: No. Talent will not be transitioned. Delivery orders are valid up to a maximum of one year from the start date of the temporary worker. At the end of the delivery order term, the agency will be required to issue a new delivery order if the staffing need continues to exist.

Question #11: Does the State have tenure limits for contingent labor? If so, how are they enforced?

Response #11: See response #6.

Question #12: What is the State's expected invoicing schedule (weekly, bi-weekly, monthly)?

Response #12: Please refer to Item #14 Payment in Arrears located in the General Terms & Conditions.

Question #13: Does the State currently utilize (or plan to utilize post-RFP award) a Master Services Provider (MSP) or a Vendor Management System (VMS)? If yes, are there associated fees that we should be taking into account when assessing our pricing capabilities?

Response #13: No. The State does not utilize a MSP or VMS plan.

Question #14: Are there additional transactional costs related to the State's organization (e.g., program/VMS fees) we should take into account when assessing our pricing?

Response #14: The WV Purchasing Division requires an annual Vendor Registration fee of \$125.00 dollars prior to the awarding of a contract. More information may be obtained from the Purchasing Division's website at:

<https://www.state.wv.us/admin/purchase/vrc/default.html>

Vendors must also be compliant with other State Agencies such as the WV Secretary of State, Tax, Workers Comp, etc.

Question #15: Please describe any overriding factors that tend to impact pay rates, length of assignments, or bill rates at your organization, such as federal/state acts, union requirements, and/or the State guidelines?

Response #15: Please refer to all solicitation documents published with this RFQ.

Question #16: Does the State have mandatory PTO for contingent labor? If so, what is the expectation and does the State want this billed separately or factored into the markup/bill rate?

Response #16: No Paid Time Off is available for staffing supplied under this contract. Please refer to the specifications for related information.

Question #17: Will the State be providing all equipment and workspaces needed for office-based positions?

Response #17: Yes.

Question #18: What personal protection equipment (PPE) is required by the State and for which roles? What equipment is provided by the State versus what the vendor needs to provide? Will PPE be billed at cost to the State?

Response #18: Any Agency requesting a temporary staff worker should provide their necessary PPE requirements and list what they will supply the temporary worker. No additional PPE charges may be billed to the agency to fulfill the PPE requirements. See Item #17 "ADDITIONAL FEES" located in the General Terms & Conditions document for additional information.

Question #19: What is the State's experience with overtime as a percent (%) of total hours billed?

Response #19: This information is not available.

Question #20: We understand that the contract will be awarded for an initial one-year period, with the State's option to renew for three additional 1 year periods. Will there be any consideration for pricing increases for the optional three 1 year periods?

Question #22: To ensure FCRA compliance, it is our company's policy to provide clients with an attestation of completion of background check pursuant to client's requirements, but not the actual results. Will the State accept letters of attestation in lieu of actual background check results?

Response #22: The State will not accept letters of attestation in lieu of the actual background check results. Please refer to Item #41 "BACKGROUND CHECK" located in the General Terms & Conditions document for additional information.

Response #26: This is the proper state of the pricing pages.

Question #27: What documents does the State require from a vendor in order to properly submit a bid for this RFP?

- e. **Mitigation.** Associate agrees to mitigate, to the extent practicable, any harmful effect that is known to Associate of a use or disclosure of the PHI by Associate in violation of the requirements of this Addendum, and report its mitigation activity back to the Agency.

f. **Support of Individual Rights.**

- i. **Access to PHI.** Associate shall make the PHI maintained by Associate or its agents or subcontractors in Designated Record Sets available to Agency for inspection and copying, and in electronic format, if requested, within ten (10) days of a request by Agency to enable Agency to fulfill its obligations under the Privacy Rule, including, but not limited to, 45 CFR § 164.524 and consistent with Section 13405 of the HITECH Act.

Associate agrees to document disclosures of the PHI and information related to such disclosures as would be required for Agency to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR § 164.528. This should include a process that allows for an accounting to be collected and maintained by Associate and its agents or subcontractors for at least six (6) years from the date of disclosure, or longer if required by state law. At a minimum, such documentation shall include:
 - the date of disclosure;
 - the name of the entity or person who received the PHI, and if known, the address of the entity or person;

- iv. **Request for Restriction.** Under the direction of the Agency, abide by any individual's request to restrict the disclosure of PHI, consistent with the requirements of Section 13405 of the HITECH Act and 45 CFR § 164.522, when the Agency determines to do so (except as required by law) and if the disclosure is to a health plan for payment or health care operations and it pertains to a health care item or service for which the health care provider was paid in full "out-of-pocket."
- v. **Immediate Discontinuance of Use or Disclosure.** The Associate will immediately discontinue use or disclosure of Agency PHI pertaining to any individual when so requested by Agency. This includes, but is not limited to, cases in which an individual has withdrawn or modified an authorization to use or disclose PHI.

- g. **Retention of PHI.** Notwithstanding section 4.a. of this Addendum, Associate and its subcontractors or agents shall retain all PHI pursuant to state and federal law and shall continue to maintain the PHI required under Section 3.f. of this Addendum for a period of six (6) years after termination of the Agreement, or longer if required under state law.
- h. **Agent's, Subcontractor's Compliance.** The Associate shall notify the Agency of all subcontracts and agreements relating to the Agreement, where the subcontractor or agent receives PHI as described in section 2.a. of this Addendum. Such notification shall occur within 30 (thirty) calendar days of the execution of the subcontract and shall be delivered to the Agency Procurement Officer. The Associate will ensure that any of its subcontractors, to whom it provides any of the PHI it receives hereunder, or to whom it provides any PHI which the Associate creates or receives on behalf of the Agency, agree to the restrictions and conditions which apply to the Associate hereunder. The Agency may request copies of downstream subcontracts and agreements to determine whether all restrictions, terms and conditions have been flowed down. Failure to ensure that downstream contracts, subcontracts and agreements contain the required restrictions, terms and conditions may result in termination of the Agreement.
- j. **Federal and Agency Access.** The Associate shall make its internal practices, books, and records relating to the use and disclosure of PHI, as well as the PHI, received from, or created or received by the Associate on behalf of the Agency available to the U.S. Secretary of Health and Human Services consistent with 45 CFR § 164.504. The Associate shall also make these records available to Agency, or Agency's contractor, for periodic audit of Associate's compliance with the Privacy and Security Rules. Upon Agency's request, the Associate shall provide proof of compliance with HIPAA and HITECH data privacy/protection guidelines, certification of a secure network and other assurance relative to compliance with the Privacy and Security Rules. This section shall also apply to Associate's subcontractors, if any.
- k. **Security.** The Associate shall take all steps necessary to ensure the continuous security of all PHI and data systems containing PHI. In addition, compliance with 74 FR 19006 Guidance Specifying the Technologies and Methodologies That Render PHI Unusable, Unreadable, or Indecipherable to Unauthorized Individuals for Purposes of the Breach Notification Requirements under Section 13402 of Title XIII is required, to the extent practicable. If Associate chooses not to adopt such methodologies as defined in 74 FR 19006 to secure the PHI governed by this Addendum, it must submit such written rationale, including its Security Risk Analysis, to the Agency Procurement Officer for review prior to the execution of the Addendum. This review may take up to ten (10) days.
- l. **Notification of Breach.** During the term of this Addendum, the Associate shall notify the Agency and, unless otherwise directed by the Agency in writing, the WV Office of Technology immediately by e-mail or web form upon the discovery of any Breach of unsecured PHI; or within 24 hours by e-mail or web form of any suspected Security Incident, intrusion or unauthorized use or disclosure of PHI in violation of this Agreement and this Addendum, or potential loss of confidential data affecting this Agreement. Notification shall be provided to the Agency Procurement Officer at www.state.wv.us/admin/purchase/vrc/agencyli.htm and,

unless otherwise directed by the Agency in writing, the Office of Technology at incident@wv.gov or <https://apps.wv.gov/ot/ir/Default.aspx>.

The Associate shall immediately investigate such Security Incident, Breach, or unauthorized use or disclosure of PHI or confidential data. Within 72 hours of the discovery, the Associate shall notify the Agency Procurement Officer, and, unless otherwise directed by the Agency in writing, the Office of Technology of: (a) Date of discovery; (b) What data elements were involved and the extent of the data involved in the Breach; (c) A description of the unauthorized persons known or reasonably believed to have improperly used or disclosed PHI or confidential data; (d) A description of where the PHI or confidential data is believed to have been improperly transmitted, sent, or utilized; (e) A description of the probable causes of the improper use or disclosure; and (f) Whether any federal or state laws requiring individual notifications of Breaches are triggered.

Agency will coordinate with Associate to determine additional specific actions that will be required of the Associate for mitigation of the Breach, which may include notification to the individual or other authorities.

All associated costs shall be borne by the Associate. This may include, but not be limited to costs associated with notifying affected individuals.

If the Associate enters into a subcontract relating to the Agreement where the subcontractor or agent receives PHI as described in section 2.a. of this Addendum, all such subcontracts or downstream agreements shall contain the same incident notification requirements as contained herein, with reporting directly to the Agency Procurement Officer. Failure to include such requirement in any subcontract or agreement may result in the Agency's termination of the Agreement.

- m. **Assistance in Litigation or Administrative Proceedings.** The Associate shall make itself and any subcontractors, workforce or agents assisting Associate in the performance of its obligations under this Agreement, available to the Agency at no cost to the Agency to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being commenced against the Agency, its officers or employees based upon claimed violations of HIPAA, the HIPAA regulations or other laws relating to security and privacy, which involves inaction or actions by the Associate, except where Associate or its subcontractor, workforce or agent is named as an adverse party.

4. Addendum Administration.

- a. **Term.** This Addendum shall terminate on termination of the underlying Agreement or on the date the Agency terminates for cause as authorized in paragraph (c) of this Section, whichever is sooner.
- b. **Duties at Termination.** Upon any termination of the underlying Agreement, the Associate shall return or destroy, at the Agency's option, all PHI received from, or created or received by the Associate on behalf of the Agency that the Associate still maintains in any form and retain no copies of such PHI or, if such return or destruction is not feasible, the Associate shall extend the protections of this Addendum to the PHI and limit further uses and disclosures to the purposes that make the return or destruction of the PHI infeasible. This shall also apply to all agents and subcontractors of Associate. The duty of the Associate and its agents

and subcontractors to assist the Agency with any HIPAA required accounting of disclosures survives the termination of the underlying Agreement.

- c. **Termination for Cause.** Associate authorizes termination of this Agreement by Agency, if Agency determines Associate has violated a material term of the Agreement. Agency may, at its sole discretion, allow Associate a reasonable period of time to cure the material breach before termination.
- d. **Judicial or Administrative Proceedings.** The Agency may terminate this Agreement if the Associate is found guilty of a criminal violation of HIPAA. The Agency may terminate this Agreement if a finding or stipulation that the Associate has violated any standard or requirement of HIPAA/HITECH, or other security or privacy laws is made in any administrative or civil proceeding in which the Associate is a party or has been joined. Associate shall be subject to prosecution by the Department of Justice for violations of HIPAA/HITECH and shall be responsible for any and all costs associated with prosecution.
- e. **Survival.** The respective rights and obligations of Associate under this Addendum shall survive the termination of the underlying Agreement.

5. General Provisions/Ownership of PHI.

- a. **Retention of Ownership.** Ownership of the PHI resides with the Agency and is to be returned on demand or destroyed at the Agency's option, at any time, and subject to the restrictions found within section 4.b. above.
- b. **Secondary PHI.** Any data or PHI generated from the PHI disclosed hereunder which would permit identification of an individual must be held confidential and is also the property of Agency.
- c. **Electronic Transmission.** Except as permitted by law or this Addendum, the PHI or any data generated from the PHI which would permit identification of an individual must not be transmitted to another party by electronic or other means for additional uses or disclosures not authorized by this Addendum or to another contractor, or allied agency, or affiliate without prior written approval of Agency.
- d. **No Sales.** Reports or data containing the PHI may not be sold without Agency's or the affected individual's written consent.
- e. **No Third-Party Beneficiaries.** Nothing express or implied in this Addendum is intended to confer, nor shall anything herein confer, upon any person other than Agency, Associate and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.
- f. **Interpretation.** The provisions of this Addendum shall prevail over any provisions in the Agreement that may conflict or appear inconsistent with any provisions in this Addendum. The interpretation of this Addendum shall be made under the laws of the state of West Virginia.
- g. **Amendment.** The parties agree that to the extent necessary to comply with applicable law they will agree to further amend this Addendum.
- h. **Additional Terms and Conditions.** Additional discretionary terms may be included in the release order or change order process.

Vendor shall hold harmless the State, and shall provide the State and Agency with a defense against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

36. INDEMNIFICATION: The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

37. PURCHASING AFFIDAVIT: In accordance with West Virginia Code §§ 5A-3-10a and 5-22-1(i), the State is prohibited from awarding a contract to any bidder that owes a debt to the State or a political subdivision of the State, Vendors are required to sign, notarize, and submit the Purchasing Affidavit to the Purchasing Division affirming under oath that it is not in default on any monetary obligation owed to the state or a political subdivision of the state.

38. ADDITIONAL AGENCY AND LOCAL GOVERNMENT USE: This Contract may be utilized by other agencies, spending units, and political subdivisions of the State of West Virginia; county, municipal, and other local government bodies; and school districts (“Other Government Entities”), provided that both the Other Government Entity and the Vendor agree. Any extension of this Contract to the aforementioned Other Government Entities must be on the same prices, terms, and conditions as those offered and agreed to in this Contract, provided that such extension is in compliance with the applicable laws, rules, and ordinances of the Other Government Entity. A refusal to extend this Contract to the Other Government Entities shall not impact or influence the award of this Contract in any manner.

39. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

40. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

☒ Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.

☒ Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.requisitions@wv.gov.

41. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the Director of the Division of Protective Services shall require any service provider whose employees are regularly employed on the grounds or in the buildings of the Capitol complex or who have access to sensitive or critical information to submit to a fingerprint-based state and federal background inquiry through the state repository. The service provider is responsible for any costs associated with the fingerprint-based state and federal background inquiry.

After the contract for such services has been approved, but before any such employees are permitted to be on the grounds or in the buildings of the Capitol complex or have access to sensitive or critical information, the service provider shall submit a list of all persons who will be physically present and working at the Capitol complex to the Director of the Division of Protective Services for purposes of verifying compliance with this provision. The State reserves the right to prohibit a service provider’s employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check.

Revised 01/09/2020

Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

42. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. “State Contract Project” means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. “Steel Products” means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more of such operations, from steel made by the open hearth, basic oxygen, electric furnace, Bessemer or other steel making process. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
- c. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
- d. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

43. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a

“substantial labor surplus area”, as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

44. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the vendor must submit to the Agency a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-award interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

45. PROHIBITION AGAINST USED OR REFURBISHED: Unless expressly permitted in the solicitation published by the State, Vendor must provide new, unused commodities, and is prohibited from supplying used or refurbished commodities, in fulfilling its responsibilities under this Contract.

DESIGNATED CONTACT: Vendor appoints the individual identified in this Section as the Contract Administrator and the initial point of contact for matters relating to this Contract.

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.
