7.1 Ordering: Vendor shall accept completed test sample request forms through regular mail, facsimile, e-mail, or any other written forms of communication. Vendor may, but is not required to, accept on-line completed test sample request forms through a secure internet portal/website. If Vendor has the ability to accept on-line completed test sample request forms, it should include in its response a brief description of how Agencies may utilize the on-line system. Any on-line system must have the capability to restrict prices and available items to conform to the Catalog(s) originally submitted with this Solicitation. Vendor shall ensure that its on-line system is properly secured prior to processing Agency requests on-line.

Vendor shall provide the Purchasing Division with access to its internet portal/website, if one will be used under this Contract, to allow the Purchasing Division to ensure that the requirements of this Contract are being met.

NMS Labs is capable of providing on-line ordering through a secure web portal. The same web portal is used to access results. This option is available to the WV OCME's office in lieu of paper requisition forms and secure fax receipt of results and are available at no additional cost to the WV OCME's office.

Using the web portal, Clients may also opt to register under their unique account identifier to do online ordering of tests. Clients are registered with NMS Labs and will receive a password that can be utilized to access their account and order tests that are most common to their account history. After online input is completed, a customized requisition form with chain of custody information is printed at the Client Site. This chain of custody form accompanies the samples in transport to NMS labs. Upon receipt of the samples, the samples and chain of custody are logged into our secured Laboratory Information system under the Client's account number. This account number is associated with the special pricing that each Client receives under agreements, assuring accurate invoicing for the testing requested.

7.2 Invoicing and Payment: On every invoice, Vendor shall indicate the Catalog Name/Number, the Catalog Page Number, the Catalog Price, the applied Discount Percentage, and the final Contract Unit Price. Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia. Methods of acceptable payment must include the West Virginia Purchasing Card. Payment in advance is not permitted under this Contract.

Kindly note that Catalog Price listed on the Expert Services Analytical Support fee schedule is invoiced per hour.

In keeping with NMS Labs' payment policy which states that all payments must be received within thirty (30) days, NMS Labs reserves the right to refuse acceptance of samples and processing of orders from Clients who have not fulfilled payment terms. Acceptance of samples and testing can be resumed when all outstanding invoices have been paid in full to NMS Labs and the agency is in good standing with payment terms and conditions. When a client has been notified that their account is no longer in good standing and testing cannot proceed, it is the obligation of the Client to discontinue submission of samples until acceptable payment plans have been agreed upon by NMS Labs and Client.

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL OTHER CONTRACTS: Under W. Va.
