Medicaid Data Warehouse (MDW)	Stores and provides a single source for all critical, historical Aetna Medicaid organization operational and analytical data content from disparate internal and external vendor data sources; supports access to MDW data through integrated operational database, analytical services database, and HEDIS (registered trademark of NCQA); supports predictive pathways modeling; finance data marts address informatics, actuarial services, finance, medical economics, medical management, pharmacy, and various health plan data needs; supports rapid, repeatable onboarding of operational health plan data into a common structure; loads data at a defined refresh frequency from replicated QNXT database instances; supports optimized or preconfigured queries for day-to-day reporting.	• Create technology enablement strategy for clinical, provider, and data management solutions such as population health management • Store the centralized operational and analytical data content repository • Provide data necessary for standard and ad hoc reports, among other West Virginia-based performance measures, and claim and provider utilization reports
Provider Experience Toolset (ProPAT, ProReport, ProFax)	Automated tools route incoming faxes and process and report prior authorization data.	• ProPAT: Assist providers in understanding whether treatment or procedures require prior authorization • ProReport: Access to information respective to provider's panel (used by providers) • ProFax: Receive, store, and respond to provider faxes

System Component (alphabetical order)	Description	Purpose
Provider Network Tracking Database	Cloud-based application-tracking tool that facilitates interdepartmental communication, enabling users to work collaboratively. Aetna uses this application to do the following: • Track all provider submissions and meet the Department's provider credentialing/re-credentialing status requirements • Monitor the provider ID and perform an automatic validation of the provider's status against our provider datafile • Track Aetna education and site visit activities to ensure accurate and adequate reporting back to the Department.	• Track provider recruitment • Track provider site visits • Track provider credentialing applications
QNXT™	Application is used to configure Mountain Health Trust benefit package information. This application handles claims, eligibility, member enrollment, service authorization, provider enrollment, and data management functions, edits that align with the Department's encounter data reporting requirements, member and provider service tracking, contract configuration, and reference file management including claim processing and payment data; the application can process, take cost avoidance measures on, and pay claims following all regulatory and contractual requirements.	• Capture authorization data used in claim payment and claim or authorization inquiry • Research the member's authorization history by non-clinical staff • Review member demographics, eligibility, and PCP information, both current and historical • Research calls, research claims, research enrollment history, and identify member's location to assist in planning service referrals • Document member and provider interactions with the health plan • Capture and maintain provider demographics, network status, and contract information • Review the provider's relevant information

REQUEST FOR PROPOSAL

Department for Health and Human Resources
CRFP 0511 BMS2000000002

System Component (alphabetical order)	Description	Purpose
		• Document provider interactions with the health plan • Process claims • Review claim determinations • Document interactions related to claim payment inquiries
Quality CORE	Analytical application that provides high-level quality measures tracked against yearly goals or incentives; measures and tracks member adherence; and generates intervention lists for member outreach.	Obtain the following data: • HEDIS data • Member adherence rates • Provider gaps and adherence rates
Quality Spectrum Insight	Produces reports for HEDIS and other performance measures; programmed based on HEDIS, accreditation, and Department performance measures.	Produce HEDIS and West Virginia performance measure data monthly and for the annual project
Quest Analytics	Plots provider and practitioner availability based on the Department's requirements; supports monitoring of primary care and maternity wellness indicators and selected high-volume specialists.	Determine accessibility of providers based on geographic data
RxClaim/PeopleSoft	Supports Caremark PCS pharmacy benefit management services; RxClaim supports pharmacy claim processing and member pharmacy eligibility (system capable, but not currently utilized under current contract) PeopleSoft is a view-only system indicating member pharmacy eligibility, covered benefits, and claim information; supports members and	• Process pharmacy claims • View prescription history, copay information, and claim/fill data, including rejections (used by Aetna member services representatives) • View member prescription history, claim status, and medications

System Component (alphabetical order)	Description	Purpose
	providers in resolving member fill/refill issues via clinical authorization system.	
Single User View	Unifies various systems to help member services representatives service the member calls.	• Manage member calls • Unify multiple systems used by member services representatives • Improve member experience • Reduce complexity when working with multiple applications
Splunk (Monitoring Tool)	Enterprise platform used to track and monitor system data and to provide early alerts. These alerts enable Aetna to provide immediate response to issues as well as gain deep insights as to the root causes. These insights reduce downtime to minutes from hours or days. This solution helps the Aetna Medicaid organization to provide better services and functionality for the most used features and to identify areas of concern for its users without requiring direct feedback.	Advanced analytics enabling Aetna to learn from its users across multiple platforms and applications

Our Incident Management Plan (the staff-focused aspect of our Business Continuity Plan) ensures a strategic approach to business recovery and staff safety for all impacted business areas. Our staff is dedicated to supporting quick recovery of critical operations through timely resource and infrastructure allocations within the predefined recovery times.

We remain committed to maintaining a business continuity plan that fully protects the availability, integrity, and security of its members, providers, staff, and subcontractors/vendors during unexpected disruption of services, incidents, or natural disasters. Aetna has made careful choices to anticipate and address the State's needs to continue to provide high-quality health care services to members even during business interruptions. We do this by ensuring we can continue essential business functions during or immediately following failures or disasters to safeguard our members' health and our providers' ability to treat and support members in a safe place, and to address any vendor/subcontractor issues that would impede that goal.

From the technology and infrastructure perspective, Aetna is committed to preventing the loss of information and maintaining the continual availability of provided services to our members, providers, subcontractors, and other stakeholders. We achieve this commitment through our deployment of a comprehensive, effective, and proven disaster recovery plan for the electronic records and files we maintain.

Disaster Recovery Plan for Restoring and Maintaining Operations

Aetna's disaster backup and recovery strategy, referenced here as our disaster recovery (DR) plan, is a nationally managed function we use to support our West Virginia-based operations during natural or human-induced disasters or any other occurrence that damages our systems or data. Our national Shared Services team works with the West Virginia leadership to

incorporate and address local requirements in the DR plan. Our Shared Services team also works with the West Virginia leadership to coordinate and provide regular training to our local health plan staff on the DR strategy and on how to implement this plan.

Our DR plan entails the following:

- Addresses our critical business workgroup operations and the processes for mitigating the effects of brief or extended outages to our critical services and systems, including the following:
  - Analytical services database
  - Care management subsystem
  - Claims and eligibility management subsystem
  - Provider and member subsystems, including our secure web portal
  - Information security applications
  - Local administrative applications
  - Physical security systems
  - Third-party data loss
- Provides escalation and notification procedures to ensure recovery team members, affected partners, and business unit owners are engaged immediately after an event
- Provides outreach protocols for notifying and engaging Mountain Health Trust, West Virginia Health Bridge, and WVCHIP members and providers as soon as is safely possible after a disaster

Our DR efforts leverage the internal computer processing capacity of our state-of-the-art and hardened computer data centers, which are located in multiple states. Our data centers are equipped with fire suppression systems, dual incoming power feeds, uninterruptible power supply units, and backup diesel generators, which provide 24/7/365 operations. These data centers house our computer processing platforms and are load-balanced and supplemented by quick-ship services in case of a disaster. Aetna maintains contracts with national vendors to obtain replacement equipment and supplemental capacity, as needed, to ensure our recovery time objectives will be met.

Aetna's software-related DR plan documents technical and management contacts, application recovery protocols, application dependencies, integrated system synchronization, and checkout

procedures. Our local plan leadership and our Shared Services team validate our DR plans semiannually with the business users and application owners, and we jointly perform periodic exercises to test these DR plans.

Backup and Disaster Recovery Systems, Architecture and Frameworks, Capabilities, Governance, and Procedures

Resiliency forms the core of Aetna's data security approach, especially during a natural disaster or other event(s) that disrupts our business. Our data centers and key applications will withstand any natural disaster or state of emergency to prevent any type of data loss that could obstruct the standard operating procedures at our local plan level. Furthermore, our data security controls are consistently applied to all locations. Therefore, we are confident our data will remain secure if we need to temporarily relocate our operations to other in-network locations.

Backup and Disaster Recovery Systems

Aetna's Shared Services team securely backs up our infrastructure and application-based data daily. We perform full system backups weekly, with nightly incremental backups. For our databases, full backups are completed each weekend with differentials taken nightly along with transactional backups stored every 15 minutes to our network-attached storage units. These database backups ensure no data is lost due to system and/or infrastructure failures.

We replicate data storage to alternate data centers in real time. We also replicate virtual tape to alternate data centers and use strict protocols to transport physical tapes to a secure off-site storage facility. We complete near real-time data replication to an alternate data center, which includes validated technology controls to protect against corruption. This process is designed to ensure our data will not be lost in the event of system failure.

Should a system failure result in requiring data restoration, any gaps in data that result between the point in time of the data restore and the time of systems failure will be reprocessed and recovered by Aetna, which is our standard supported recovery process. This reprocessing effort is more efficient and reliable due to the batch-based nature of our data processing system.

We back up our adjudication system's database and non-database files using NetBackup. In the event of a system failure, these backup files will be restored as part of our standard recovery process. In addition, we perform annual disaster recovery testing to validate our recovery processes.

We leverage tools like Integrits, a vendor utility service, to analyze our databases daily for corruption. We perform this analysis in addition to our standard batch data processing integrity checks. The Aetna national Shared Services team also works with local plan leadership to continuously explore innovative solutions to identify and address new security challenges. For example, in 2017, Aetna's Shared Services team partnered with the Aetna Better Health of West Virginia's IT director to implement Aetna's information security initiatives surrounding a social security protection project. The IT director ensured, through research and collaboration with State agencies and vendors, that removal of social security values from certain Department and internal files would not interrupt daily work processes, including member enrollment processes. We removed member social security numbers from our internal systems, vendor files, and Department files. Due to this collaboration, we established a policy and specific protocols that define who has access to member social security information and how that information is secured and accessed. In addition to this type of local collaboration, our Shared Services team performs the following activities:

- Performs a top-down, risk-based approach to optimize our security defenses and security solutions. This effort includes a quarterly top-10 risk analysis that focuses on the greatest

risks based upon internal information and numerous sources of risk and threat intelligence. Each risk is broken down into detailed threat use-cases and compared to our defense posture. Each of the top 10 risks have all the corresponding security controls, solutions, and processes mapped to each risk. Each of these security measures are reassessed to determine the revisions, replacements, enhancements, or additional security solutions that will be required to mitigate the new risks and threat data.

- Holds a series of recurring meetings, attended by a broad range of internal security and technology functional area representatives, where we collect the latest information directly from the source companies and developers about innovative security solutions. We use these Security Technology Exploratory Evaluation Process introduction meetings to identify the most innovative and Aetna-aligned security solution providers, and we invite these providers to present the technical solutions to our security operations teams.
- Offers a comprehensive internal global security education program to ensure our security control process and solution owners attend conferences, webinars, and presentations to remain current with the latest solutions and innovations relevant to their area of security control responsibilities.
- Supports an internal function dedicated to technology and security architectures that identifies innovative solutions and standards for the entire enterprise to consider as we investigate and solution products and services.
- Leverages the expertise of review and evaluation services (e.g., Gartner) and consulting/contracting services (e.g., Ernst & Young) to provide additional context and perspectives to our internal solutioning process to ensure our leadership team has access to and understands the latest and most innovative ideas are available to us.

Disaster Recovery Architecture and Framework

We configured our DR architecture to address our physical and system requirements during a disaster. Our physical configuration supports recovery for each of our geographical locations, including West Virginia, the corresponding facility requirements, and data security. During a disaster, our systems architecture is designed to initially protect data, to then support secure access to the data, and finally, to recover our applications and initiate services within our designated recovery time objectives. Our corresponding DR framework is fully configured and tested to ensure we can recover our physical assets safely and efficiently, and to transfer our systems to a designated location and recover services as quickly as possible. We use the following infrastructure resources to support our enterprise-wide DR framework:

- Aetna uses three top-tier internet service providers (ISPs) for Internet access. All Aetna Internet services are routed diversely through different cities and central offices to minimize the probability of a single failure impacting all ISPs concurrently.
- Our Connecticut data center supports local access for these ISP services, which run on high-speed, diversely routed fiber rings. Access between our nationally distributed data centers is supported via these fiber rings.
- Aetna's ISP circuits each connect to a primary router, with a connected secondary router that automatically becomes the primary router if the other router fails.
- All devices—routers, firewalls, and servers on the external and demilitarized zone segments—connect to two local-area network switches, each with separate power.
- Multiprotocol label switching (MPLS): Head-end circuits are aggregated with AT&T and Verizon in each Connecticut data center and are duplicated in each site.
- Switches in our data center are installed in a redundant manner with respect to node connections.
- Aetna uses Infoblox as our external domain name system (DNS) provider. Redundant Infoblox appliances are implemented in each data center.
- Aetna uses Akamai as a secondary DNS provider for the Aetna.com namespace.

Disaster Recovery Capabilities

Our disaster backup and recovery plan capabilities address a number of factors, including failover protocols, restoration of service timing expectations, and safeguarding confidential information.

Failover Protocols

In the event of an office power outage or natural disaster that impacts a specific location, such as our Charleston office, we will implement our failover protocol and our data processing and related systems will be transferred to an alternate and functioning Aetna office within our network, with little or no service-level disruption. We also rely on a work-at-home capability when necessary. For example, while not impacting West Virginia directly, when Hurricane Harvey struck in August 2017, we invoked our disaster recovery protocols to make it easier for our members to receive Aetna services. Some key protocols included phone tree notifications and mass email; allowing staff to work at home; use of backup resources to augment work-at-home staff for critical functions (member services, prior authorization); collaboration with the

Aetna Facilities department to evaluate the extent of damage and determine the outage period; and collaboration with our IT staff to ensure access to critical systems.

When using alternate temporary offices for business continuity planning purposes, we employ security controls and maintain data backups and redundancies consistent with the main site, which are approved by our security organization. We plan for area-wide disruptions by separating the critical business functions into primary and alternate physical sites situated in different Mountain Health Trust zones. This approach mitigates the risk of losing both sites in an area-wide disruption. We maintain a geographically separate 'hot' or business-ready alternate site for critical business processes and information processing services, which require a recovery time objective within 24 hours and a restart of all remaining operations within three calendar days following a natural or manmade disaster. We deem critical business processes as hot when they are associated with time-sensitive administrative operations or if they are member-facing services (e.g., call center, pharmacy access, and care management functions) that are required to be continually accessible.

Safeguarding Confidential Information

Cybersecurity threats are now ubiquitous, and the diversity of threat actors and tactics in the health care sector has evolved significantly in recent years. With new technologies introduced constantly, our response adaptability and resiliency are critical to safeguarding confidential information. As such, data security has become a cornerstone of Aetna's operating model, influencing how Aetna chooses to do business.

Quarterly, our national Global Security team reviews top cyber risks with Aetna leadership and other stakeholders within our Global Security area. Top risks include stolen passwords, third-party cyber and phishing attacks, ransomware, and a lack of consistent and managed security

controls over cloud services. When needed, our national Security team works with local plan leadership to resolve any of the referenced risks and/or a local data security breach. When applicable, our national Security team shares our cyber risk-related assessment findings and related information with the Department and other plan leadership receive annual cybersecurity training as well as relevant articles, newsletters, and general correspondence.

Disaster Recovery Governance and Corporate Oversight

The Aetna Information Services executive information technology disaster recovery plan (executive plan) is organized and maintained at the enterprise level and is distributed to individual plan leadership. This plan provides the governance for our disaster recovery program and describes the recovery efforts for our data center and its critical components. This plan, which applies to our Mountain Health Trust locations, is derived from over 85 detailed IT infrastructure plans, and is maintained by each critical support function across Aetna. This executive plan, for the purpose of maintaining operations of primary Medicaid IT services throughout a service interruption in our West Virginia sites, includes the following:

- Disaster and recovery-related roles and responsibilities
- Processes and procedures to recover all functions
- Description of the services and equipment, which are needed to recover our data centers

Our DR plans are centrally maintained by our disaster recovery group, stored both locally and off-site, and updated semiannually.

Education and awareness

A key component of Aetna's security program is employee education and awareness of the critical role each plays in protecting Aetna's assets, securing data, and maintaining uninterrupted services for the West Virginia program. Our Mountain Health Trust leadership team stays well-informed about current threats via our shared services communication channels

and receives training on how to validate inquiries for personal data. To ensure our employees and contingent workers are aware and understand the importance of their role in protecting Aetna's information and resources, all Aetna employees, contingent workers, and subcontractors are required to complete annual security awareness and education training.

In addition to employee education, Aetna uses several methods to increase security awareness. These methods include the following:

- Emails: With time- or event-specific information
- AetNet articles (i.e., Aetna's main intranet site)
- Aetna Connect postings (i.e., internal social collaboration tool)
- Learning Center classes, some of which are mandatory across Aetna departments
- Information briefings (e.g., lunch and learn sessions presented by our Aetna Information Sharing and Analysis Center team)
- Digital media boards, which are located at elevator stations and throughout office hallways
- Special events such as the annual information security awareness observance
- Role-based training based on our software security curriculum

Our local Mountain Health Trust plan has benefited from our enterprise-wide data security efforts. Over the past several years, we have substantially reduced our rates of identified security defects and vulnerabilities, from a defect density of over 10 high-severity defects in 10,000 lines of code to approximately 1 per 10,000 lines, representing a 93 percent decrease. Both the effectiveness of our technical controls has increased and the benefits of our application security awareness and local training initiatives have manifested themselves.

Data Protection and Security

Aetna's data security program uses the industry standard National Institute of Standards and Technology (NIST) 800-53 database of security controls and assessment procedures as its control framework and guidance for maintaining solutions to proactively address cyber threats and protect customer data. We use the NIST Critical Security Framework to align our business priorities and security requirements. This security-control environment lays the foundation for

data protection, and our innovative solutions result in a level of protection typically found within the financial industry and other highly regulated environments.

Our identification and remediation of vulnerabilities in IT infrastructure is key to safeguarding confidential information. Our vulnerability management process includes, but is not limited to, the following:

- Monitoring and proactive vulnerability assessments of our external and internal networks
- Continual policy and process improvements
- Subscriptions to threat management systems

Software and Application Patch Management

Software and application patch management is essential to maintaining the integrity and security of systems. Prior to installing any patch to an Aetna system, the recommended update or modification must go through Aetna's change management process, which includes management reviews and documented signoffs. Our change management process accommodates planned, unplanned, and emergency changes. There are generally the following three types of changes that could require modifications to Aetna's systems:

- Major release
- Minor release, which includes service packs, product enhancements, and/or repairs
- Security patches

Aetna requires vendors to communicate major software update releases in advance of the planned release date and to submit a regular schedule for minor software update releases.

For security-related patches, a team of Aetna security engineers monitor external sources for notifications of operating system and application security vulnerabilities. When a patch is announced, our team assesses the patch for risk to Aetna's computing environment. When the primary software vendor releases the patch for the vulnerability, Aetna always obtains the patch from a trusted source.

All security patches are tested prior to being rolled out. Aetna users are notified of patch installation dates as well as the estimated amount of time the installation process will take.

Data Security

Aetna uses the Building Security in Maturity model to measure our organizational practices pertaining to software security against those implemented by some of the most mature software security organizations in the world, including well-known financial institutions and software vendors. We implemented and monitor a series of technical, procedural, and educational controls to help eliminate security defects during software deployment, and we continuously assess production environments to identify and remediate new application vulnerabilities.

We manage our production systems through a role-based access control (RBAC) process. Access to our systems, which are not controlled by RBAC, is approved by designated owners prior to processing the access request. We provision new users, with system access, based on their assigned job code and an associated preapproved RBAC rule set. Users are recertified, according to their RBAC status, twice a year.

Physical Security

Our West Virginia offices, along with all of Aetna, leverage the use of electronic card readers, unique access badges, surveillance cameras, and security guards to promote a strong physical security environment, which is also critical to our approach to safeguarding confidential information. Our servers are housed in secure rooms with limited access. Our manual files are secured in locked file cabinets.

The core component of Aetna's access control system is C-CURE, an industry-leading security application manufactured by Software House, which enables the efficient management of security events through the issuance of ID badges with embedded electronic identification. All staff receive

training on these security protocols as part of our onboarding and other security training courses. This system is monitored on a 24/7/365 basis by the Aetna Corporate Security Operations Center.

Restoration of Service Timing Expectations

Our data center recovery strategy and application recovery time objectives are consistent with broader industry standards. In the event of a core Aetna data center disaster, our recovery time objective to resume the portfolios of universally available applications is immediate and no later than six hours. These applications utilize mirroring and/or load balancing and active-active technologies between our data centers to facilitate our achievement of more aggressive recovery time objectives. Our voice and data networks are redundant; we use synchronous optical networking ring and MPLS to support this redundancy. The recovery time objective for these technologies is within one hour of a data center power outage.

Our recovery time objective to resume most of our production systems, which are not classified as a universally available application, is based on a 3-tier identification of critical Aetna systems with objectives ranging from less than 24 hours to 5 days.

Annual Disaster Recovery Plan Update

We update our DR semiannually and test this plan annually. Our West Virginia Mountain Health plan DR plan tests verify our ability to resume local health plan business operations within 72 hours of the time we activate our DR plan. We regularly and independently test a variety of our applications and infrastructure components to promote ongoing disaster recovery readiness. We also routinely test recovery elements of our third-party relationships, including technology components, critical processes, and their system access points. During our alternate site failover tests, for example, we test our entire network infrastructure, directory services

infrastructure (including authentication and authorization protocols), physical infrastructure, virtual infrastructure, storage infrastructure, and database infrastructure.

Disaster Plan Testing and Testing Frequency

Aetna exceeds the State's annual DR testing frequency requirement because we actively monitor threats to our operations; more frequent testing ensures our DR strategies and practices are always up to date. Nationally, we test our disaster recovery plans during simulation exercises on an ongoing basis, with at least three field-office tests performed annually. We also test these plans during actual events like severe wildfires, floods, hurricanes, and other natural or man-caused disaster events. Following an event, such as when Hurricane Harvey struck in August 2017, we conducted a thorough review of our recovery capabilities, identifying what worked well and opportunities for improvement.

In our most recent test simulating the recovery of our adjudication system, our Medicaid IT team activated their DR plan. This system was fully recovered in less than one day with no performance gaps or issues to report, exceeding the required recovery time objective. Aetna's dedication to be a collaborative and innovative partner with state agencies, members, providers, subcontractors, community-based organizations, and other stakeholders defines us as a loyal organization driving the Department's mission to create a healthier West Virginia. We pride ourselves on being a reliable partner to the Department, especially during times of natural disasters, emergencies, and cybersecurity threats. Our disaster recovery plan ensures our West Virginia-impacted business areas will recover their most critical operations, through timely resource and infrastructure allocations, within their predefined recovery times.

13. Value-Added Services

In addition to the above subject matter areas from ***Appendix 1: Detailed Specifications***, the Vendor should include any Value-Added Services to be offered in this section, as well as any eligibility requirements and potential limits for these services. Vendors are not required to propose value-added benefits, but inclusion of such services may impact the Vendor's overall evaluation. The Vendor's narrative response should not exceed 10 pages.

Value-added Services

Our VAS proposal is categorized into three enrollee-centered groups—those that offer better access to care, those that offer better care to enrollees, and those that offer better support to the communities throughout the State. To improve the quality and impact of these benefits, we are developing our Health Innovation Engine platform to improve our ability to track and monitor eligibility, engagement, effectiveness, and spend for all enrollee value-added services. This proprietary web-based tool, available at contract implementation, streamlines all oversight functions, including the following:

- Addressing health disparities by proactively monitoring under-utilization trends among key at-risk populations
- Preventing fraud, waste, and abuse through benefit design management
- Identifying opportunities to better promote and improve our value-added services
- Measuring benefit impact through enrollee satisfaction, and where applicable, health outcomes

Table 6.13.1-1, Table 6.13.1-2, and **Table 6.13.1-3** provide the descriptions, eligibility criteria, and limits and restrictions of each of our VAS.

Table 6.13.1-1: Aetna Better Access Value-added Services for Managed Care and CHIP Enrollees

Value-added Services: Description, Eligibility Criteria, and Limits and Restrictions
Aetna Better Access benefits connect enrollees to services through innovative technology and communication and provide supplies and resources recommended in these services to promote self-care that includes the Keep Kids Safe program, Congestive Heart Failure program reward; Asthma Care program, Pillboxes (seven-day organizer), and our 24-hour Health Information line.

Value-added Services: Description, Eligibility Criteria, and Limits and Restrictions

Keep Kids Safe (Opioid Lockbox Program)
West Virginia Need: This is especially needed in West Virginia where we have the eighth highest rate of opioid prescriptions, nationally, according to Centers for Disease Control and Prevention, "U.S. State Prescribing Rates," (2017).
Service: Keep Kids Safe is part of Aetna's national campaign to fight the opioid crisis. This harm-reduction intervention is used to support safety by providing parents, or legal or custodial guardians, with a lockbox to secure their medications. The primary goal is to reduce the number of accidental opioid exposures that could result in poisoning, injury, addiction, or even accidental death. The enrollee and their care manager discuss how to properly use the lockbox to help ensure all prescriptions are properly stored. Enrollees can also contact our Member Services department for information. From our experience, we expect this benefit to positively impact approximately 1,000 enrollees.
Eligibility Criteria: Parents or legal or custodial guardians of enrollees statewide who are prescribed a narcotic, have children in their home, and request a lockbox
Limits and Restrictions: One lockbox per household per lifetime

Congestive Heart Failure Program Reward
West Virginia Need: Weight management is an essential factor for enrollees experiencing congestive heart failure, as weight gain is one of the first signs of a worsening heart. Since heart disease is the leading cause of death in West Virginia, according to Centers for Disease Control and Prevention, "National Center for Health Statistics," (2017), we are committed to helping our enrollees tackle this risk. Enrollees are provided with digital weight scales and a logbook to track weight upon enrollment into the Congestive Heart Failure Program.
Service: Enrollees are encouraged to monitor their weight and to contact their care manager or doctor upon a substantial weight increase (patients can gain up to 10 pounds of extra weight from excess fluid before starting to feel ill or experiencing swelling). This will allow the doctor to review the weight tracking logbook and provide our enrollee with next steps as well as a report protocol to their care manager to help track progress and reduce progression of the condition. From our experience, we expect this benefit to positively impact approximately 300 enrollees.
Eligibility Criteria: Enrollees in case management with a congestive heart failure diagnosis
Limits and Restrictions: One digital weight scale and one weight tracking logbook per member per lifetime

Asthma Care Program
West Virginia Need: According to Centers for Disease Control and Prevention, "Asthma," (2019), West Virginia has the second highest prevalence of adult asthma among all states, and we understand many of our enrollees struggle with this disease.
Service: Our Asthma Care Program was created to support enrollees with asthma and is tailored to each program participating enrollee based on their feedback and progress. It offers three benefits: the first is one-on-one asthma education with one of our certified respiratory therapists; the second is each enrollee who registers in the asthma care program receives a peak flow meter, and the third is a bonus benefit. The following describes each of these value-added services. From our experience, we expect this benefit to positively impact approximately 2,000 enrollees.

Value-added Services: Description, Eligibility Criteria, and Limits and Restrictions

Peak Flow Meter: Peak flow meters are used to measure asthma symptoms and ensure the condition is not worsening. Enrollees who register in the Asthma Care Program can take control of their own health through access to their very own peak flow meter.
Eligibility Criteria: Enrollees statewide with an asthma diagnosis
Limits and Restrictions: One peak flow meter per enrollee

Pillboxes (7-day pill organizer)
West Virginia Need: Estimates vary based on the population and the medication, but a reasonable assumption is that 50% of people given a prescription do not take their medication as prescribed. Pill organizers are an effective way to help monitor medication use, and when used properly, any missed doses are obvious, according to Science-Based Medicine, "Do Pill Organizers Help or Hurt?" (2016). A pill organizer will aid our enrollees with their multiple prescriptions and proper dosing and adherence.
Service: Enrollees who register in care management are provided pillboxes to help organize their medications during face-to-face visits with their care manager. This benefit seeks to improve adherence both through encouraging enrollment in care management for enrollees who need it and helping them to organize medications to fit their routine. We expect this benefit to positively impact about 2,000 enrollees.
Eligibility Criteria: All enrollees enrolled in care management
Limits and Restrictions: Limit of two pillboxes per enrollee

24-hour Health Line and Audio Health Library
West Virginia Need: The first assessment of health literacy found that only 10% of American adults are health literacy proficient. Adults most at increased risk for low health literacy include the elderly, minority groups, and those with less than a high school education, according to American Association of Family and Consumer Sciences, Basic Health Literacy (IOM, 2004). Low health literacy predicts a person's health better than age, income, employment status, education level, and race (Ad Hoc Committee on Health Literacy for the Council on Scientific Affairs, 1999).
Service: We encourage enrollees to reach out to a licensed health care professional any time 24 hours a day, 7 days a week to help answer specific non-emergency health-related questions on a variety of topics, such as asthma, high blood pressure, alcohol and drug matters, assistance on how to quit smoking, pregnancy, preventive care, and many other topics. Enrollees get advice on what to do when they need health care, such as calling their physician or making an appointment. They also have access to an audio health library that provides more than 300 health, wellness, disease, and medical test topics. Each topic begins with a general description of the condition and provides causes, symptoms, diagnosis, and treatment to empower enrollees to make the best decision for their health-related matters. This benefit has the potential to positively impact all enrollees, as it is available to all enrollees.
Eligibility Criteria: All enrollees statewide
Limits and Restrictions: None

Table 6.13.1-2: Aetna Better Care Value-added Services for Managed Care and CHIP Enrollees

Value-added Services: Description, Eligibility Criteria, and Limits and Restrictions
Aetna Better Care offers incentives and health benefits to enrollees to promote responsibility for their health by making healthy choices. We offer a variety of incentives, including gift cards and supplies to help create a healthy home. Our programs include a Comprehensive Diabetes Program, **Good Health Practices, Healthy Pregnancy and Healthy Babies** program, **Moms and Babies** program, **Children's Dental incentive,** and our **Adult Walking** program incentive.
Comprehensive Diabetes Program **West Virginia Need:** Aetna understands how this disease affects our State, which ranks among the top states for morality related to diabetes (at 34/100,000 age-adjusted), according to Centers for Disease Control and Prevention, "National Center for Health Statistics," (2017). Therefore, we have created a comprehensive program focused on diabetic care that consists of several benefits to support them on their journey to improved health. **Service:** Enrollees with Type 2 diabetes can receive routine dental care and a $25 gift card for HbA1c testing, a $25 gift card for completing a diabetic eye exam, and a scholarship to a Camp Kno-Koma. We will also stay engaged with participating enrollees throughout the program via text messaging to provide diabetes-related education for overall improved health and to delay the progression of the disease. From our experience, we expect this benefit to positively impact approximately 1,200 enrollees.
HbA1c Test and Education Incentive: Enrollees receive a $25 gift card for completion of the diabetic education program and completion of HbA1c testing available through our partnership with the Diabetes Collaborative. **Eligibility Criteria:** Enrollees diagnosed with diabetes who reside in one of the following counties (which is tied to a group of specific providers' service areas) where our Diabetes Collaborative partner operates: • Berkeley • Jackson • Monongalia • Roane • Cabell • Jefferson • Morgan • Taylor • Calhoun • Kanawha • Pleasants • Upshur • Gilmer • Lincoln • Preston • Wayne • Grant • Marion • Putnam • Wetzel • Hampshire • Mason • Randolph • Wirt • Harrison • Mineral • Ritchie • Wood **Limits and Restrictions:** Reward is provided for one exam and education session a year per enrollee.
Diabetic Eye Exam Incentive: Enrollees receive a $25 gift card for completion of a diabetic eye exam. **Eligibility Criteria:** Any enrollee with a diabetes diagnosis **Limits and Restrictions:** Reward is provided for one exam a year, per enrollee. The performing provider must submit a qualifying claim for the visit for the enrollee to qualify.

Value-added Services: Description, Eligibility Criteria, and Limits and Restrictions

Diabetes Dental: Through our partnership with the West Virginia University School of Dentistry, enrollees diagnosed with Type 2 diabetes can receive routine dental care that includes two exams, two cleanings, and bitewing X-rays each year.
Eligibility Criteria: Enrollees age 21 years old or older with a diagnosis of Type 2 diabetes and must reside in one of the following counties:

- Calhoun
- Gilmer
- Grant
- Hampshire
- Harrison
- Jackson
- Marion
- Mason
- Mineral
- Monongalia
- Pleasants
- Preston
- Randolph
- Ritchie
- Roane
- Taylor
- Upshur
- Wetzel
- Wirt
- Wood

Limits and Restrictions: Once a year for those who are 21 and older with a diabetes Type 2 diagnosis

Camp Scholarship: Enrollees can also receive a scholarship to the historic Camp Kno-Koma, a summer camp for children with diabetes where they can learn in a fun and engaging manner.
Eligibility Criteria: Enrollees age 7 to 15 with a diabetes diagnosis
Limits and Restrictions: One scholarship a year per enrollee

Good Health Practices
West Virginia Need: West Virginia ranks 45th in the nation in overall health and 50th among states with 18.9% indicating frequent mental distress, according to America's Health Rankings, "Annual Report," (2020).
Service: Benefits of well-child visits and preventive care (which includes social behavior/mental health care) means children can get scheduled immunizations to prevent illness and advice on nutrition and safety in the home and at school, while tracking growth and development. This incentive program is designed to encourage enrollees to obtain important preventive services, while emphasizing education, personal responsibility, and ownership of healthy living. Enrollees can receive gift cards by completing certain health preventive activities. We have received feedback from our enrollees about how these incentives encouraged them to take charge of their health through healthy living and being consistent with provider checkups, and we will continue to promote and encourage these benefits. We expect this benefit to positively impact about 3,000 enrollees between the well-child and behavioral health benefits.

$25 Well-child Reward: Enrollees can earn a $25 gift card for completing a well-child exam.
Eligibility Criteria: Enrollees ages 12 to 18 who obtain a well-child exam.
Limits and Restrictions: Enrollee must 12 to 18 years old at the time of visit ; the incentive is given for one visit a year per member; the provider must submit a qualifying claim for the visit for the member to qualify.

Behavioral Health (BH) Follow-up Incentive: To encourage enrollees to stay engaged with their provider, they can earn a $25 gift card for a BH follow-up visit with a mental health practitioner after discharge from an inpatient BH stay for each occurrence.

Value-added Services: Description, Eligibility Criteria, and Limits and Restrictions

Eligibility Criteria: BH follow-up visit must occur within seven days after discharge from an inpatient behavioral health stay.
Limits and Restrictions: Qualifying enrollees must be discharged from inpatient BH stay. The provider must submit a qualifying claim for the visit for the member to qualify.

Healthy Pregnancy, Healthy Babies (Prenatal and post-natal preventive care)
West Virginia Need: West Virginia is one of only 6 F-rated states in the March of Dimes most recent report card with a preterm birth rate of 11.8%, according to March of Dimes, "Report Card for West Virginia," (2019). One of the biggest factors positively impacting preterm birth for our enrollees is engaging in consistent prenatal care.
Service: To help encourage early, frequent, and consistent care, we developed this health program for pregnant enrollees and new mothers with incentives to reduce premature births and to support healthy prenatal and post-natal behaviors. We also provide one-on-one help from an Aetna-certified lactation counselor, Text4baby messages to keep mom and baby healthy, and up to two preventive dental visits. This benefit has the potential to positively impact all pregnant enrollees.

Certified Lactation Counselor: Enrollees have access to one-on-one assistance with an Aetna-certified lactation counselor for assistance with breastfeeding training.
Eligibility Criteria: Pregnant enrollees and new moms
Limits and Restrictions: None

Text4baby: A free text messaging service for moms and moms-to-be with tips for a healthy pregnancy and baby. The Text4baby app makes it easy for enrollees to get the critical health and safety information necessary. Additionally, Text4baby will remind enrollees of upcoming appointments.
Eligibility Criteria: Pregnant enrollees and new moms
Limits and Restrictions: None

Pregnancy Dental Care: Pregnant enrollees will receive up to two preventive dental visits including two exams, two cleanings, and bitewing X-rays each year.
Eligibility Criteria: Enrollees who are pregnant
Limits and Restrictions: Two preventive dental visits per pregnancy

---

Cribette® (portable crib): Enrollees who complete six prenatal visits with a primary care provider or obstetrician/gynecologist type provider during a single pregnancy will earn a Cribette.
Eligibility Criteria: Pregnant enrollees
Limits and Restrictions: One Cribette per birth

$50 Postpartum Reward: New mothers will earn a $50 gift card after their postpartum visit within 7 to 84 days after giving birth.
Eligibility Criteria: New mothers
Limits and Restrictions: Incentive is for one postpartum exam per enrollee per pregnancy; the provider must submit a qualifying claim for the member to qualify.

Value-added Services: Description, Eligibility Criteria, and Limits and Restrictions

Moms and Babies Program (Substance use disorder prevention treatment)
West Virginia Need: West Virginia's neonatal abstinence syndrome (NAS) newborn hospitalization rate (at 56.2 per 1,000) is more than 7 times the national average and has been increasing rapidly for many years (up from 22.1 in 2012), according to Healthcare Cost and Utilization Project, "Neonatal Abstinence Syndrome (NAS) Among Newborn Hospitalizations," (2019).
Service: This program is dedicated to women who have substance abuse disorder during pregnancy. Enrollees who register will receive education, support, and assistance locating treatment. Infants with a NAS diagnosis are paired with a care manager and are followed up for up to one year and can receive a milestone developmental toy after graduation from the program. We expect this benefit to positively impact about 200 enrollees.

Moms and Babies Program Enrollment Reward: Enrollees who register in the program will receive a Cribette or baby carrier upon delivery.
Eligibility Criteria: Pregnant enrollees and new moms with substance abuse disorder
Limits and Restrictions: One Cribette or baby carrier per birth

---

Developmental Toy: The baby will receive a lightweight, brightly colored, moveable playcenter that encourages fine motor skills, spatial reasoning, and shape matching on completion of the program.
Eligibility Criteria: Infant enrollees up to one year of age
Limits and Restrictions: One educational toy per infant enrollee

---

Children's Dental Incentive
West Virginia Need: About two-thirds of children between one and five years old in West Virginia have never been to the dentist, according to Data Resource Center for Child & Adolescent Health, "NSCH Interactive Data Query," (2018).
Service: Aetna has focused its efforts on this age group and developed an incentive to encourage dental care among children between the ages 2 to 3. Enrollees who complete a dental checkup with a dental practitioner will earn a $25 gift card. We expect this benefit to positively impact about 1,600 enrollees.
Eligibility Criteria: Enrollees ages 2 to 3 years old
Limits and Restrictions: One gift card per enrollee per year. The performing provider must submit a qualifying claim for the visit for the member to qualify.

Adult Walking Program Incentive
West Virginia Need: West Virginia ranks 49th among states on adult obesity and only 29% of adults get any physical activity outside of work, according to Division of Health Promotion and Chronic Disease, "Walking West Virginia," (2020).
Service: Aetna recognizes proper physical activity may be a challenge for many of our enrollees, as we understand the importance of physical activity and its connection to the prevention of chronic disease. Enrollees are encouraged to take charge of their health through our walking program. They will receive a pedometer and logbook for tracking steps upon enrollment in the 8-week program and a $25 gift card for tracking their steps upon completion of the program. We expect this benefit to positively impact about 300 enrollees.

Value-added Services: Description, Eligibility Criteria, and Limits and Restrictions
Eligibility Criteria: Adult enrollees age 18 and older who complete the program **Limits and Restrictions:** One pedometer and gift card per enrollee

Table 6.13.1-3: Aetna Better Communities Value-added Services for Managed Care and CHIP Enrollees

Value-added Services: Description, Eligibility Criteria, and Limits and Restrictions
Aetna Better Communities empowers our enrollees to better engage with and contribute to their communities by supporting and participating in clubs, events, and self-improvement opportunities. Programs include **Afterschool Program assistance, ATV Safety Class reward, High School Equivalency Diploma Support and Job Skills Training, Hunting and Fishing License for Adults,** and the **Ted E. Bear, M.D.SM Cub Club**.
Afterschool Program Assistance **West Virginia Need:** After-school programs boost academic performance, promote physical health, and provide a safe, structured environment for the children of working parents. For lower-income parents, expense was the second-most-common reason their child did not participate in sports, according to RAND Corporation, "Who Plays, Who Pays?," (2019). **Service:** To support social activity and interaction in addition to school, Aetna is providing $50 toward participation in the statewide West Virginia University Extension/4-H organization (ages 5 to 21) that will provide each participating enrollee access into all the programs offered regardless of ability to pay. Far more than animal husbandry, the 4-H program offers year-round programs and ties directly to school programs around the state offering a feeding program as well as opportunities to learn about science, technology, engineering, and math through fun, hands-on activities, and projects. We expect this benefit to positively impact about 12,000 enrollees. **Eligibility Criteria:** Enrollees statewide ages 5 to 21 who are in enrolled in school and with the consent of the parent or custodial or legal guardian **Limits and Restrictions:** One membership per year per enrollee
ATV Safety Class Reward **West Virginia Need:** West Virginia is ranked the third highest in the nation in reported ATV-related fatalities, according to United States Consumer Product Safety Commission, "Reported ATV-Related Fatalities," (2017). **Service:** While Aetna encourages our enrollees to get outdoors and get active, we want to help them stay safe while having fun. Enrollees who complete a qualified ATV safety course can receive a $25 gift card as a reward. From our experience, we expect this benefit to positively impact approximately 800 enrollees. **Eligibility Criteria:** For enrollees 16 years old and older **Limits and Restrictions:** One gift card per enrollee

Value-added Services: Description, Eligibility Criteria, and Limits and Restrictions

High School Equivalency Diploma Support and Job Skills Training
West Virginia Need: At 10%, West Virginia is tied for 16th in the nation for working adults who lack a high school diploma, according to The Annie E. Casey Foundation, "Educational attainment of working age population 25 to 64 in the United States," (2018).
Service: Aetna provides an online General Educational Development (GED) Test Assessing Secondary Completion (TASC) prep course so enrollees can sign up for an online GED/TASC prep course. Once the enrollee passes the GED-TASC online prep course and then passes the State's no-fee TASC test, they receive the State of West Virginia High School Equivalency diploma. Enrollees will also have access to a job skills training platform that is dedicated to health care, information technology markets, and more to discover career paths, earn credentials and certifications, and find local employers actively looking for talent. We expect this benefit to positively impact about 1,800 enrollees.
Eligibility Criteria: Enrollees ages 16 years old and older
Limits and Restrictions: Enrollees who are ages 16 or 17 require parent, custodial, or legal guardian consent; they must have permission from their school district and cannot be registered in another school program.

Back-to-Nature Flu Shot Incentive (Hunting and fishing license for adults or a West Virginia state park gift card [$25])
West Virginia Need: A flu vaccination can reduce the risk of flu-associated hospitalization for children, working age adults, and older adults. Flu vaccine prevents tens of thousands of hospitalizations each year. For example, during 2017-2018, flu vaccination prevented an estimated 91,000 flu-related hospitalizations, according to Centers for Disease Control and Prevention, "What are the benefits of flu vaccination?", Dec. 3, 2019.
Service: Aetna will cover the costs of an annual West Virginia Division of Natural Resources combination hunting/fishing license or a $25 West Virginia State Parks gift card for adult enrollees who receive their annual flu shot. We expect this benefit to positively impact about 1,800 enrollees.
Eligibility Criteria: Enrollees ages 18 years old and older
Limits and Restrictions: One license/renewal/gift card per enrollee per year

---

Ted E. Bear, M.D.℠ Cub Club
West Virginia Need: Research has shown that just eating together as a family can improve children's nutritional health. In families who shared at least three meals a week, children were 24% more likely to be eating healthy foods than those in families who ate few or no meals together. The children were also 12% less likely to be overweight, 20% less likely to eat unhealthy foods, and 35% less likely to engage in dangerous weight-loss efforts, according to American Psychological Association, "Healthy Habits for Healthy Families"; revised 2011.
Service: Ted E. Bear, M.D. Cub Club is for enrollees 13 years of age and younger to promote healthy behaviors, healthy habits, and active lifestyles. Each quarter, registered enrollees are encouraged to complete a project/task to improve their overall health and hygiene such as teeth brushing, exercise, or healthy eating. Once completed, the enrollee will receive a reward

Value-added Services: Description, Eligibility Criteria, and Limits and Restrictions

such as a dental hygiene kit, sports ball, fleece blanket, or UV-changing bracelet for sun safety. We expect this benefit to positively impact about 700 enrollees.
Eligibility Criteria: Enrollees statewide 13 years of age and younger
Limits and Restrictions: Enrollees are limited to one reward per quarter based on completed activities.

ATTACHMENT 7: TERMS AND CONDITIONS RESPONSE TEMPLATE

1. Instructions

The Vendor should review ***Attachment 7: Terms and Conditions Response Template***, signing each provided signature block using blue ink in order to note the Vendor's acknowledgement and intent of compliance. The Vendor should identify any exceptions to the Terms and Conditions. If exceptions are not noted in ***Attachment 7: Terms and Conditions Response Template*** of the RFP but raised during contract negotiations, the State reserves the right to cancel the negotiation if, at its sole discretion, it deems that to be in the best interests of the State.

2. RFP Terms and Conditions

RFP Terms and Conditions consist of provisions throughout this RFP. Moreover, these provisions encapsulate instructions, State and federal procedures, and the State's expectations of the Vendor when submitting a proposal. The Vendor should understand and strictly adhere to the RFP Terms and Conditions. Failure to follow any instructions within this RFP may, at the State's sole discretion, result in the disqualification of the Vendor's proposal.

Please provide an authorized signature stipulating the Vendor's acknowledgement, understanding, and acceptance of these RFP Terms and Conditions.

Printed Name / Signature of Authorized Personnel

FEB 19, 2020
Date

3. State Customary Terms and Conditions

The selected Vendor will sign a contract with the State to provide the goods and services described in the Vendor's response. The following documents shall be included in any contract(s) resulting from this RFP:

- ***Section 3: General Terms and Conditions (attached PDF file Section_2_Instructions_To_Vendors_Submitting_Bids_and_Section_3_General_Terms_and_Conditions)***
- ***Attachment 1: Provisions Required For Federally Funded Procurements***
- ***Appendix 3: Service Provider Agreement (SPA)***
- ***Business Associate Agreement***

Please provide a signature stipulating the Vendor's acknowledgement and complete review of these documents.

DAVID J. McNICHOLS, RPh FEB 10, 2020

Printed Name / Signature of Authorized Personnel Date

If the Vendor is not taking exceptions to any of the State Customary Terms and Conditions, then the Vendor needs to provide a binding signature stipulating its acceptance of these documents.

DAVID J. McNICHOLS, RPh FEB 10, 2020

Printed Name / Signature of Authorized Personnel Date

4. Mandatory Requirements and Terms

The following items are Mandatory Terms and Documents. Please be advised, the Vendor **should** provide its affirmative acceptance of these items in order to move forward with consideration under this RFP.

- Attachment 5: Mandatory Requirements (attached Microsoft Excel file, ***Attachment 5 – Mandatory Requirements***).
- Attachment 3, Section 2: Mandatory Qualifications.
- In no event shall the State agree to terms that (a) require indemnification by the State of the Contractor; (b) waive the State's right to a jury trial; (c) establish applicable law anywhere other than the State of West Virginia, or applicable jurisdiction's court of law; (d) designate a governing law other than the laws of the State of West Virginia; (e) constitute an implied or deemed waiver of the immunities, defenses, rights, or actions arising out of the State's sovereign status or under the Eleventh Amendment to the United States Constitution; (f) limit the time within which an action may be brought; (g) require arbitration; (h) require the ability to defend lawsuit without the approval of the Attorney General's Office; or (i) pay attorney fees.
- Business Associate's Agreement.

Vendors that are not able to enter into a contract under these conditions should not submit a bid.

Please provide an authorized signature stipulating the Vendor's acknowledgement, understanding, and acceptance of the Mandatory Requirements and Terms stipulated in this section.

RPh FEB 10, 2020

Printed Name / Signature of Authorized Personnel Date

5. Exceptions

If a Vendor has any identified exceptions to the State's Terms and Conditions, it must complete the West Virginia Addendum to Vendor's Standard Contractual Forms (WV-96), found at this link: (http://www.state.wv.us/admin/purchase/vrc/wv96.pdf).

Any exceptions should include an explanation for the Vendor's inability to comply with such term or condition and, if applicable, alternative language the Vendor would find acceptable. Rejection of the State's Terms and Conditions, in part or in whole, or without any explanation, may be cause for the State's rejection of a Vendor's Proposal. If an exception concerning the Terms and Conditions is not noted in this response template, but raised during contract negotiations, the State reserves the right to cancel the negotiation, at its sole discretion, if it deems that to be in the best interest of the State.

PURCHASING AFFIDAVIT

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

EXCEPTION: The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (*W. Va. Code* §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

Sanctions for IlliniCare Health Plan, Inc.

State	Contract / Program	Date of Action	Category	Description of Regulatory Actions	Plan of Correction	Monetary Sanction (if applicable)	Final Disposition
IL	Illinois Department of Healthcare and Family Services	4/27/2016	IlliniCare received a Notice of Non-Compliance from HFS for not completing the required percentage of new member care plans for both its ICP and FHP contracts. IlliniCare was required to become compliant by January 1, 2017 and provided bi-monthly updates. Illinicare continues to monitor care plan completion rates. IlliniCare submitted a letter to HFS with documentation of compliance and a formal request to withdraw the Notice of Non-Compliance.	Notice of Non-Compliance	IlliniCare conducts bi-weekly check-ins to monitor the status. IlliniCare submitted a closure request March 2017 due to achieving 85% completion for ICP and 73% completion for FHP.	N/A	

State	Contract / Program	Date of Action	Category	Description of Regulatory Actions	Plan of Correction	Monetary Sanction (if applicable)	Final Disposition
IL	Illinois Department of Healthcare and Family Services	3/14/2018	IlliniCare received a notice of non-compliance from HFS (Bureau of Behavioral Health) on 3/14/18 stating that HFS has completed the review of IlliniCare's Illinois MCO Parity Analysis Template. HFS identified the following areas of non-compliance: (1) IlliniCare did not perform Quantitative Treatment Limitations (QTL) testing on the Inpatient, Outpatient or Emergency classification due to their adoption of State-driven limitations. Per Section 5.8.10 of the 2018 MCO Contract, IlliniCare must establish and maintain compliance with parity requirements. IlliniCare must complete an analysis of QTLs for all classifications and report their findings to HFS. Any parity compliance deficiencies must be identified and a corrective action plan submitted. If there are parity deficiencies that are a result of State-driven limitations, HFS will provide guidance to IlliniCare regarding correcting those deficiencies; (2) Additional information is required for Claims Rejection Rates for Inpatient, Outpatient and Emergency services; (3) Reported Prior Authorization standards are more stringent and restrictive for Inpatient Mental Health and Substance Use Disorder services, which is non-compliant with parity requirements; (4) Additional information is required for the Inpatient Concurrent Review; (5) Additional information is required for the Outpatient Prior Authorization; (6) Additional information is required to determine if administrative barriers exist related to Pharmacy Claims Rejection Rates. IlliniCare must submit a Plan of Correction	Notice of Non-Compliance	Implementation of all remediated items was completed by the secondary deadline (7/1/18) provided to HFS in the initial response and analysis.	N/A	

State	Contract / Program	Date of Action	Category	Description of Regulatory Actions	Plan of Correction	Monetary Sanction (if applicable)	Final Disposition
IL	Illinois Department of Healthcare and Family Services - Medicaid	4/17/2018	Health Plan received three (3) Requests for Corrective Action Plans today related to Illinois' MCO Provider Complaint portal (the "Portal"). The requests related to non-timely responses to three (3) Provider Portal tickets.	CAP	CAPs are due on April 21st and 30th, but will be submitted by Friday, April 20. We will inform HFS that all Provider Portal complaints will be internally answered and submitted to HFS at least 24 hours before the provided due date. In addition, the Senior VP of Compliance and the Senior VP of Operations will monitor Portal complaints and aging of complaints on the Tuesday and Thursday of every week. The Provider Portal response team has also been trained on HFS's new policy which came out on 4/17/18. Finally, IlliniCare plans to do a root cause analysis of all complaints in the last 12 months from both the state portal and through provider relations. Remediation will be implemented based on the findings of the analysis	N/A	
IL	Illinois Department of Healthcare and Family Services - Medicaid	5/14/2018	IlliniCare received a CAP due to the MCO Provider Complaint portal. Health Plan received a ticket on November 6, 2017 and did not respond timely.	CAP		N/A	

State	Contract / Program	Date of Action	Category	Description of Regulatory Actions	Plan of Correction	Monetary Sanction (if applicable)	Final Disposition
	Illinois Department of Healthcare and Family Services	12/21/2018	CAP related to deficiencies in quality and performance metrics required by a consent decree.	CAP	Four Corrective Action Plans were submitted to IDoA on December 27, 2018. There was a follow up meeting with IDoA on Friday January 4th, 2019. IDoA presented IlliniCare staff with a formal letter and a Transition Achievement Plan with 10 areas of correction that IDoA set the deadline for January 18, 2019. Debra Brophy set the internal Deadline for a draft Transition Achievement Plan to be completed by COB on 1/9/2019. Long Term Care and Support Services Department has already worked with IDoA to set up future trainings, increased monitoring of staff accuracy and time frame completion, and adjusting targets to improve quality of assessments over quantity. Extra focus has been given to areas that were identified in the Transition Achievement Plan.	N/A	

State	Contract / Program	Date of Action	Category	Description of Regulatory Actions	Plan of Correction	Monetary Sanction (if applicable)	Final Disposition
	Illinois Department of Healthcare and Family Services	1/23/2019	CAP related to a failure for two service plans to meet 85% goal for Colbert Decree members.	CAP	To improve overall assessment and service plan reviews quality scores peer-to-peer support via clinical rotation was implemented on 7/1/2019. Employees with scores below 70% were placed on corrective action including supervision and weekly monitoring.	N/A	
IL	Illinois Department of Healthcare and Family Services - Medicaid	6/26/2019	IlliniCare received a sanction in the amount of $50,000 from the Illinois Department of Healthcare and Family Services (HFS) for failure to meet Encounter Utilization Monitoring (EUM) thresholds. Pursuant to the HealthChoice Medicaid contract section 7.16.6 there is 96% threshold for EUM. IlliniCare Health's overall score of 93.92% for Encounter Summary Report EUM 2019 Evaluation Period 2 was below the 96% threshold.	Sanction	In order to reach the required acceptance percentage, we will need to make data corrections/enhancements to rejected encounters as well as install claims edits to prevent paying claims for which we cannot create clean encounters.	$50,000	Paid
IL	Illinois Department of Healthcare and Family Services - Medicaid	10/21/2019	IlliniCare received a sanction in the amount of $50,000 from the Illinois Department of Healthcare and Family Services (HFS) for failure to meet Encounter Utilization Monitoring (EUM) thresholds. Pursuant to the HealthChoice Medicaid contract section 7.16.6 there is 96% threshold for EUM. IlliniCare Health's overall score of 95.15% for Encounter Summary Report EUM 2019 Evaluation Period 3 was below the 96% threshold.	Sanction		$50,000	Paid

Common Stock, par value $0.01 per share	CVS	New York Stock Exchange

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. **☑ Yes ☐ No**

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). **☑ Yes ☐ No**

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☑	Accelerated filer ☐
Non-accelerated filer ☐	Smaller reporting company ☐
	Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

12. Commitments and Contingencies

Lease Guarantees

Between 1995 and 1997, the Company sold or spun off a number of subsidiaries, including Bob's Stores and Linens 'n Things, each of which subsequently filed for bankruptcy, and Marshalls. In many cases, when a former subsidiary leased a store, the Company provided a guarantee of the former subsidiary's lease obligations. When the subsidiaries were disposed of and accounted for as discontinued operations, the Company's guarantees remained in place, although each initial purchaser agreed to indemnify the Company for any lease obligations the Company was required to satisfy. If any of the purchasers or any of the former subsidiaries fail to make the required payments under a store lease, the Company could be required to satisfy those obligations. As of September 30, 2019, the Company guaranteed approximately 79 such store leases (excluding the lease guarantees related to Linens 'n Things, which have been recorded as a liability on the unaudited condensed consolidated balance sheet), with the maximum remaining lease term extending through 2029.

Guaranty Fund Assessments, Market Stabilization and Other Non-Voluntary Risk Sharing Pools

Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (in most states up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The life and health insurance guaranty associations in which the Company participates that operate under these laws respond to insolvencies of long-term care insurers as well as health insurers. The Company's assessments generally are based on a formula relating to the Company's health care premiums in the state compared to the premiums of other insurers. Certain states allow assessments to be recovered over time as offsets to premium taxes. Some states have similar laws relating to HMOs and/or other payors such as not-for-profit consumer-governed health plans established under the ACA.

In 2009, the Pennsylvania Insurance Commissioner placed long-term care insurer Penn Treaty Network America Insurance Company and one of its subsidiaries (collectively, "Penn Treaty") in rehabilitation, an intermediate action before insolvency, and subsequently petitioned a state court to convert the rehabilitation into a liquidation. Penn Treaty was placed in liquidation in March 2017. The Company has recorded a liability for its estimated share of future assessments by applicable life and health guaranty associations. It is reasonably possible that in the future the Company may record a liability and expense relating to other insolvencies which could have a material adverse effect on the Company's operating results, financial condition and cash flows. While historically the Company has ultimately recovered more than half of guaranty fund assessments through statutorily permitted premium tax offsets, significant increases in assessments could lead to legislative and/or regulatory actions that may limit future offsets.

HMOs in certain states in which the Company does business are subject to assessments, including market stabilization and other risk-sharing pools, for which the Company is assessed charges based on incurred claims, demographic membership mix and other factors. The Company establishes liabilities for these assessments based on applicable laws and regulations. In certain states, the ultimate assessments the Company pays are dependent upon the Company's experience relative to other entities subject to the assessment, and the ultimate liability is not known at the financial statement date. While the ultimate amount of the assessment is dependent upon the experience of all pool participants, the Company believes it has adequate reserves to cover such assessments.

Litigation and Regulatory Proceedings

The Company is a party to numerous legal proceedings, investigations, audits and claims arising, for the most part, in the ordinary course of its businesses, including the matters described below. The Company records accruals for outstanding legal matters when it believes it is probable that a loss will be incurred and the amount can be reasonably estimated. The Company evaluates, on a quarterly basis, developments in legal matters that could affect the amount of any accrual and developments that would make a loss contingency both probable and reasonably estimable. If a loss contingency is not both probable and reasonably estimable, the Company does not establish an accrued liability. None of the Company's accruals for outstanding legal matters are material individually or in the aggregate to the Company's financial condition.

Except as otherwise noted, the Company cannot predict with certainty the timing or outcome of the legal matters described below, and the Company is unable to reasonably estimate a possible loss or range of possible loss in excess of amounts already accrued for these matters. It is reasonably possible that the outcome of such legal matters could be material to the Company.

Usual and Customary Litigation

The Company is named as a defendant in a number of litigations that allege that the Company's retail stores overcharged for prescription drugs by not providing the correct usual and customary charge.

State of Texas ex rel. *Myron Winkelman and Stephani Martinson,* et al. *v. CVS Health Corporation* (Travis County Texas District Court). In February 2012, the Attorney General of the State of Texas issued Civil Investigative Demands ("CIDs") to the Company and subsequently has issued a series of requests for documents and information in connection with its investigation concerning the CVS Health Savings Pass program and other pricing practices with respect to claims for reimbursement from the Texas Medicaid program. In January 2017, the Travis County Court unsealed a first amended *qui tam* petition filed in April 2014. The government has intervened in this case. The amended petition alleges the Company violated the Texas Medicaid Fraud Prevention Act by submitting false claims for reimbursement to the Texas Medicaid program by, among other things, failing to use the price available to members of the CVS Health Savings Pass program as the pharmacies' usual and customary price. The amended petition was unsealed following the Company's December 2016 filing of *CVS Pharmacy, Inc. v. Charles Smith,* et al. (Travis County Texas District Court), a declaratory judgment action against the State of Texas seeking a declaration that the prices charged to members of the CVS Health Savings Pass program do not constitute usual and customary prices under the applicable Medicaid regulation. In March 2018, the Travis County Court denied the State of Texas's request for temporary injunctive relief. In June 2019, the Company and the Texas Attorney General commenced a civil jury trial in the *qui tam* action. Prior to the conclusion of that trial, the parties reached a settlement in principle on the remaining issues.

Corcoran et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of California) and *Podgorny* et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of Illinois). These putative class actions were filed against the Company in July and September 2015. The cases were consolidated in the U.S. District Court for the Northern District of California. Plaintiffs seek damages and injunctive relief under the consumer protection statutes and common laws of certain states on behalf of a class of consumers who purchased certain prescription drugs. Several third-party payors filed similar putative class actions on behalf of payors captioned *Sheet Metal Workers Local No. 20 Welfare and Benefit Fund v. CVS Health Corp.* and *Plumbers Welfare Fund, Local 130 v. CVS Health Corporation* (both pending in the U.S. District Court for the District of Rhode Island) in February and August 2016. In all of these cases the plaintiffs allege the Company overcharged for certain prescription drugs by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. In the *Corcoran* case, the U.S. District Court granted summary judgment to CVS on plaintiffs' claims in their entirety and certified certain subclasses in September 2017. In June 2019, the U.S. Court of Appeals for the Ninth Circuit reversed the District Court's grant of summary judgment and reversed the District Court's narrowing of the requested class. The *Corcoran* case is now proceeding to a trial on a class basis. The *Sheet Metal Workers* plaintiffs have amended their complaint to assert a claim under the federal Racketeer Influenced and Corrupt Organizations Act ("RICO") premised on an alleged conspiracy between the Company and other PBMs. The Company is defending itself against these claims.

State of California ex rel. *Matthew Omlansky v. CVS Caremark Corporation* (Superior Court of the State of California, County of Sacramento). In April 2016, the California Superior Court unsealed a first amended *qui tam* complaint filed in July 2013. The government has declined to intervene in this case. The relator alleges that the Company submitted false claims for payment to the California Medicaid program in connection with reimbursement for drugs available through the CVS Health Savings Pass program as well as certain other generic drugs. The case has been stayed pending the relator's appeal of the judgment against him in a similar case against another retailer. The Company is defending itself against these claims.

State of Mississippi v. CVS Health Corporation, et al. (Circuit Court of DeSoto County, Mississippi, Third Judicial District). In July 2016, the Company was served with a complaint filed on behalf of the State of Mississippi, originally in the Chancery Court, but later transferred to the Circuit Court. The complaint alleged that CVS retail pharmacies in Mississippi submitted false claims for reimbursement to the Mississippi Medicaid program by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. In June 2019, the Company's motion for judgment on the pleadings was granted in part and denied in part. Also in June 2019, the State of Mississippi's motion to dismiss the Company's counterclaim for declaratory relief was granted. The Company is defending itself against these claims.

PBM Litigation and Investigations

The Company is named as a defendant in a number of lawsuits and is subject to a number of investigations concerning its PBM practices.

Bewley, et al. v. *CVS Health Corporation*, et al. and *Prescott*, et al. v. *CVS Health Corporation*, et al. (both previously pending in the U.S. District Court for the Western District of Washington). These putative class actions were filed against the Company and other PBMs and manufacturers of glucagon kits (*Bewley*) and diabetes test strips (*Prescott*) in May 2017. Both cases alleged that, by contracting for rebates with the manufacturers of these diabetes products, the Company and other PBMs caused list prices for these products to increase, thereby harming certain consumers. The plaintiffs' primary claims were made under federal antitrust laws, RICO, state unfair competition and consumer protection laws and the federal Employee Retirement Income Security Act of 1974 ("ERISA"). Both of these cases were transferred to the U.S. District Court for the District of New Jersey on defendants' motions. In April 2019, the named plaintiffs in both the *Bewley* and *Prescott* cases voluntarily dismissed all of their claims without prejudice, ending both cases.

Klein, et al. v. *Prime Therapeutics*, et al. (U.S. District Court for the District of Minnesota). This putative class action was filed against the Company and other PBMs in June 2017 on behalf of ERISA plan members who purchased and paid for EpiPen or EpiPen Jr. Plaintiffs allege that the PBMs are ERISA fiduciaries to plan members and have violated ERISA by allegedly causing higher inflated prices for EpiPens through the process of negotiating increased rebates from EpiPen manufacturer Mylan. This case has been consolidated with a similar matter and is now proceeding as *In re EpiPen ERISA Litigation*. The Company is defending itself against these claims.

The Company has received subpoenas, CIDs, and other requests for documents and information from, and is being investigated by, Attorneys General of several states regarding its PBM practices, including pricing and rebates. In addition, the Company received an inquiry from the U.S. Senate Committee on Finance regarding insulin pricing. The Company has been providing documents and information in response to these subpoenas, CIDs and requests for information.

Controlled Substances Litigation, Audits and Subpoenas

In December 2017, the U.S. Judicial Panel on Multidistrict Litigation consolidated numerous cases filed against various defendants by plaintiffs such as counties, cities, hospitals, Indian tribes and third-party payors, alleging claims generally concerning the impacts of widespread opioid abuse. The consolidated multidistrict litigation captioned *In re National Prescription Opiate Litigation* (MDL No. 2804) is pending in the U.S. District Court for the Northern District of Ohio. This multidistrict litigation presumptively includes hundreds of relevant federal court cases that name the Company as a defendant. A significant number of similar cases that name the Company as a defendant in some capacity are pending in state courts. In addition, the Company has been named as a defendant in similar cases brought by certain state Attorneys General. The Company is defending itself against all such claims. Additionally, the Company has received subpoenas, CIDs and/or other requests for information regarding opioids from the Attorneys General and insurance and other regulators of several states. The Company has been cooperating with the government with respect to these subpoenas, CIDs and other requests for information.

The Company routinely is audited by the United States Drug Enforcement Administration ("DEA"). In some instances, the Company is in discussions with the DEA and U.S. Attorney's Offices concerning allegations that the Company violated certain requirements of the Controlled Substance Act.

In September 2015, the DEA served the Company with an administrative subpoena. The subpoena seeks documents related to controlled substance policies, procedures and practices at eight Omnicare pharmacy locations from May 2012 to the present. In September 2017, the DEA expanded the investigation to include an additional Omnicare pharmacy location. The Company has been cooperating with the government and providing documents and witnesses in response to this subpoena.

Prescription Processing Investigations

In October 2015, the Company received a CID from the U.S. Attorney's Office for the Southern District of New York requesting documents and information concerning the Company's Omnicare pharmacies' cycle fill process for assisted living facilities. The Company has been cooperating with the government and providing documents and information in response to this CID. In July 2017, the Company also received a subpoena from the California Department of Insurance requesting documents concerning similar subject matter. The Company has been cooperating with the California Department of Insurance and providing documents and information in response to this subpoena.

In December 2016, the Company received a CID from the U.S. Attorney's Office for the Northern District of New York requesting documents and information in connection with a federal False Claims Act investigation concerning whether the Company's retail pharmacies improperly submitted certain insulin claims to Part D of the Medicare program rather than Part B of the Medicare program. The Company has been cooperating with the government and providing documents and information in response to this CID.

In May 2017, the Company received a CID from the U.S. Attorney's Office for the Southern District of New York requesting documents and information concerning possible false claims submitted to Medicare in connection with reimbursements for prescription drugs under the Medicare Part D program. The Company has been cooperating with the government and providing documents and information in response to this CID.

Provider Proceedings

The Company is named as a defendant in purported class actions and individual lawsuits arising out of its practices related to the payment of claims for services rendered to its members by health care providers with whom the Company has a contract and with whom the Company does not have a contract ("out-of-network providers"). Among other things, these lawsuits allege that the Company paid too little to its health plan members and/or providers for these services and/or otherwise allege that the Company failed to timely or appropriately pay or administer claims and benefits (including the Company's post payment audit and collection practices and reductions in payments to providers due to sequestration). Other major health insurers are the subject of similar litigation or have settled similar litigation.

On October 28, 2016, Aetna was named as a respondent in an arbitration proceeding that had commenced as a lawsuit in Florida state court on August 25, 2015. The arbitration proceeding was brought by hospitals owned by HCA Holdings, Inc. with respect to Aetna's out-of-network benefit payment and administration practices in Florida relating to services and care rendered to members in Aetna's individual Public Exchange products from 2014 through 2016. Coverage under Aetna's individual Public Exchange products in Florida was not available after December 31, 2016. On October 15, 2018, the trial arbitrator awarded the claimant hospitals approximately $150 million. Aetna appealed the trial arbitrator's decision. On March 28, 2019, the appellate arbitrator reduced the award to approximately $86 million. The proceeding has ended. During the nine months ended September 30, 2019, the Company recorded the reduction in the required reserve amount for this proceeding as a measurement period adjustment to its Aetna Acquisition accounting and recorded a reduction to goodwill.

The Company also has received subpoenas and/or requests for documents and other information from, and been investigated by, Attorneys General and other state and/or federal regulators, legislators and agencies relating to, and the Company is involved in other litigation regarding, its out-of-network benefit payment and administration practices. It is reasonably possible that others could initiate additional litigation or additional regulatory action against the Company with respect to its out-of-network benefit payment and/or administration practices.

CMS Actions

The United States Centers for Medicare & Medicaid Services ("CMS") regularly audits the Company's performance to determine its compliance with CMS's regulations and its contracts with CMS and to assess the quality of services it provides to Medicare beneficiaries. CMS uses various payment mechanisms to allocate and adjust premium payments to the Company's and other companies' Medicare plans by considering the applicable health status of Medicare members as supported by information prepared, maintained and provided by health care providers. The Company collects claim and encounter data from providers and generally relies on providers to appropriately code their submissions to the Company and document their medical records, including the diagnosis data submitted to the Company with claims. CMS pays increased premiums to Medicare Advantage plans and Medicare PDP plans for members who have certain medical conditions identified with specific diagnosis codes. Federal regulators review and audit the providers' medical records to determine whether those records support the related diagnosis codes that determine the members' health status and the resulting risk-adjusted premium payments to the Company. In that regard, CMS has instituted risk adjustment data validation ("RADV") audits of various Medicare Advantage plans, including certain of the Company's plans, to validate coding practices and supporting medical record documentation maintained by health care providers and the resulting risk adjusted premium payments to the plans. CMS may require the Company to refund premium payments if the Company's risk adjusted premiums are not properly supported by medical record data. The Office of Inspector General (the "OIG") also is auditing the Company's risk adjustment-related data and that of other companies. The Company expects CMS and the OIG to continue these types of audits.

In 2012, CMS revised its audit methodology for RADV audits to determine refunds payable by Medicare Advantage plans for contract year 2011 and forward. Under the revised methodology, among other things, CMS will project the error rate identified

in the audit sample of approximately 200 members to all risk adjusted premium payments made under the contract being audited. For contract years prior to 2011, CMS did not project sample error rates to the entire contract. As a result, the revised methodology may increase the Company's exposure to premium refunds to CMS based on incomplete medical records maintained by providers. Since 2013, CMS has selected certain of the Company's Medicare Advantage contracts for various contract years for RADV audit. The Company is currently unable to predict which of its Medicare Advantage contracts will be selected for future audit, the amounts of any retroactive refunds of, or prospective adjustments to, Medicare Advantage premium payments made to the Company, the effect of any such refunds or adjustments on the actuarial soundness of the Company's Medicare Advantage bids, or whether any RADV audit findings would require the Company to change its method of estimating future premium revenue in future bid submissions to CMS or compromise premium assumptions made in the Company's bids for prior contract years, the current contract year or future contract years. Any premium or fee refunds or adjustments resulting from regulatory audits, whether as a result of RADV, Public Exchange-related or other audits by CMS, the OIG, the United States Department of Health and Human Services or otherwise, including audits of the Company's minimum MLR rebates, methodology and/or reports, could be material and could adversely affect the Company's operating results, financial condition and/or cash flows.

Medicare CIDs

The Company has received CIDs from the Civil Division of the United States Department of Justice (the "DOJ") in connection with a current investigation of the Company's patient chart review processes in connection with risk adjustment data submissions under Parts C and D of the Medicare program. The Company has been cooperating with the government and providing documents and information in response to these CIDs.

Tunney Act Proceeding

On October 10, 2018, the Company and Aetna entered into a consent decree with the DOJ that allowed CVS Health's proposed acquisition of Aetna to proceed, provided Aetna agreed to sell its individual standalone Medicare Part D prescription drug plans. As permitted by the asset preservation stipulation and order dated October 25, 2018, CVS Health completed its acquisition of Aetna on November 28, 2018, and Aetna completed the sale of such plans on November 30, 2018. On September 4, 2019, the United States District Court for the District of Columbia (the "D.C. District Court") entered a final order that concluded the court approval process for the consent decree under the Antitrust Procedures and Penalties Act. The final order was issued without conditions. No further action is required by the D.C District Court, the DOJ or any other entity with regard to CVS Health's acquisition of Aetna.

Shareholder Matters

Between February and August 2019, six class action complaints were filed by putative plaintiffs against the Company and certain current and former officers and directors: *Anarkat v. CVS Health Corp., et al.,* Case No. 1:19-cv-00437 (U.S. District Court for the District of Rhode Island); *Labourers' Pension Fund of Central and Eastern Canada v. CVS Health Corp., et al.,* Case No. 651700/2019 (New York Supreme Court); *City of Warren Police and Fire Retirement Sys.v. CVS Health Corp., et. al.*, Case No. PC-2019-5658 (Rhode Island Superior Court); *Cambria Co. Employees Retirement Sys. v. CVS Health Corp., et al.*, Case No. 653223/2019 (New York Supreme Court); *Freundlich v. CVS Health Corp., et al.*, Case No. PC-2019-6685 (Rhode Island Superior Court); and *Waterford Twp. Police & Fire Retirement Sys. v. CVS Health Corp., et al.,* Case No. 19-cv-00434 (U.S. District Court for the District of Rhode Island). The plaintiffs in these cases assert a variety of causes of action under federal securities laws that are premised on allegations that the defendants made certain omissions and misrepresentations relating to the performance of the Company's LTC business unit, which allegedly injured investors who acquired CVS Health securities between February 9, 2016 and February 20, 2019. The *Freundlich* case also alleges that defendants misrepresented anticipated synergies of the Aetna Acquisition. The Company is defending itself against these claims.

Other Legal and Regulatory Proceedings

The Company is also a party to other legal proceedings and is subject to government investigations, inquiries and audits and has received and is cooperating with the government in response to CIDs, subpoenas or similar process from various governmental agencies requesting information, arising, for the most part, in the ordinary course of its businesses. These other legal proceedings and government actions include claims of or relating to bad faith, medical or professional malpractice, claims processing, dispensing of medications, non-compliance with state and federal regulatory regimes, marketing misconduct, failure to timely or appropriately pay or administer claims and benefits, provider network structure (including the use of performance-based networks and termination of provider contracts), rescission of insurance coverage, improper disclosure or use of personal information, anticompetitive practices, general contractual matters, product liability, intellectual property litigation and

employment litigation. Some of these other legal proceedings are or are purported to be class actions or derivative claims. The Company is defending itself against the claims brought in these matters.

Awards to the Company and others of certain government contracts, particularly Medicaid contracts and other contracts with government customers in the Company's Health Care Benefits segment, are subject to increasingly frequent protests by unsuccessful bidders. These protests may result in awards to the Company being reversed, delayed or modified. The loss or delay in implementation of any government contract could adversely affect the Company's operating results. The Company will continue to defend contract awards it receives.

There also continues to be a heightened level of review and/or audit by regulatory authorities and legislators of, and increased litigation regarding, the Company's and the rest of the health care and related benefits industry's business and reporting practices, including premium rate increases, utilization management, development and application of medical policies, complaint, grievance and appeal processing, information privacy, provider network structure (including provider network adequacy, the use of performance-based networks and termination of provider contracts), provider directory accuracy, calculation of minimum medical loss ratios and/or payment of related rebates, delegated arrangements, rescission of insurance coverage, limited benefit health products, student health products, pharmacy benefit management practices (including manufacturers' rebates, pricing, the use of narrow networks and the placement of drugs in formulary tiers), sales practices, customer service practices, vendor oversight and claim payment practices (including payments to out-of-network providers).

As a leading national health care company, the Company regularly is the subject of government actions of the types described above. These government actions may prevent or delay the Company from implementing planned premium rate increases and may result, and have resulted, in restrictions on the Company's businesses, changes to or clarifications of the Company's business practices, retroactive adjustments to premiums, refunds or other payments to members, beneficiaries, states or the federal government, withholding of premium payments to the Company by government agencies, assessments of damages, civil or criminal fines or penalties, or other sanctions, including the possible suspension or loss of licensure and/or suspension or exclusion from participation in government programs.

The Company can give no assurance, however, that its businesses, financial condition, operating results and/or cash flows will not be materially adversely affected, or that the Company will not be required to materially change its business practices, based on: (i) future enactment of new health care or other laws or regulations; (ii) the interpretation or application of existing laws or regulations as they may relate to one or more of the Company's businesses, one or more of the industries in which the Company competes and/or the health care industry generally; (iii) pending or future federal or state governmental investigations of one or more of the Company's businesses, one or more of the industries in which the Company competes and/or the health care industry generally; (iv) pending or future government audits, investigations or enforcement actions against the Company; (v) adverse developments in any pending *qui tam* lawsuit against the Company, whether sealed or unsealed, or in any future *qui tam* lawsuit that may be filed against the Company; or (vi) adverse developments in pending or future legal proceedings against the Company or affecting one or more of the industries in which the Company competes and/or the health care industry generally.

13. Segment Reporting

The Company has three operating segments, Pharmacy Services, Retail/LTC and Health Care Benefits, as well as a Corporate/Other segment. The Company's segments maintain separate financial information, and the CODM evaluates the segments' operating results on a regular basis in deciding how to allocate resources among the segments and in assessing segment performance. The CODM evaluates the performance of the Company's segments based on adjusted operating income. Effective for the first quarter of 2019, adjusted operating income is defined as operating income (GAAP measure) excluding the impact of amortization of intangible assets and other items, if any, that neither relate to the ordinary course of the Company's business nor reflect the Company's underlying business performance. Segment financial information for the three and nine months ended September 30, 2018 has been retrospectively adjusted to conform with the current period presentation. See the reconciliation of consolidated operating income (GAAP measure) to adjusted operating income below for further context regarding the items excluded from operating income in determining adjusted operating income. The Company uses adjusted operating income as its principal measure of segment performance as it enhances the Company's ability to compare past financial performance with current performance and analyze underlying business performance and trends. Non-GAAP financial measures the Company discloses, such as consolidated adjusted operating income, should not be considered a substitute for, or superior to, financial measures determined or calculated in accordance with GAAP.

There were 1,300,496,722 shares of the registrant's voting common stock with a par value of $0.01 per share outstanding at July 30, 2019 .

11. Commitments and Contingencies

Lease Guarantees

Between 1995 and 1997, the Company sold or spun off a number of subsidiaries, including Bob's Stores and Linens 'n Things, each of which subsequently filed for bankruptcy, and Marshalls. In many cases, when a former subsidiary leased a store, the Company provided a guarantee of the former subsidiary's lease obligations. When the subsidiaries were disposed of and accounted for as discontinued operations, the Company's guarantees remained in place, although each initial purchaser agreed to indemnify the Company for any lease obligations the Company was required to satisfy. If any of the purchasers or any of the former subsidiaries fail to make the required payments under a store lease, the Company could be required to satisfy those obligations. As of June 30, 2019 , the Company guaranteed approximately 79 such store leases (excluding the lease guarantees related to Linens 'n Things, which have been recorded as a liability on the unaudited condensed consolidated balance sheet), with the maximum remaining lease term extending through 2029.

Guaranty Fund Assessments, Market Stabilization and Other Non-Voluntary Risk Sharing Pools

Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (in most states up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The life and health insurance guaranty associations in which the Company participates that operate under these laws respond to insolvencies of long-term care insurers as well as health insurers. The Company's assessments generally are based on a formula relating to the Company's health care premiums in the state compared to the premiums of other insurers. Certain states allow assessments to be recovered over time as offsets to premium taxes. Some states have similar laws relating to HMOs and/or other payors such as not-for-profit consumer-governed health plans established under the ACA.

In 2009, the Pennsylvania Insurance Commissioner placed long-term care insurer Penn Treaty Network America Insurance Company and one of its subsidiaries (collectively, "Penn Treaty") in rehabilitation, an intermediate action before insolvency, and subsequently petitioned a state court to convert the rehabilitation into a liquidation. Penn Treaty was placed in liquidation in March 2017. The Company has recorded a liability for its estimated share of future assessments by applicable life and health guaranty associations. It is reasonably possible that in the future the Company may record a liability and expense relating to other insolvencies which could have a material adverse effect on the Company's operating results, financial condition and cash flows. While historically the Company has ultimately recovered more than half of guaranty fund assessments through statutorily permitted premium tax offsets, significant increases in assessments could lead to legislative and/or regulatory actions that may limit future offsets.

HMOs in certain states in which the Company does business are subject to assessments, including market stabilization and other risk-sharing pools, for which the Company is assessed charges based on incurred claims, demographic membership mix and other factors. The Company establishes liabilities for these assessments based on applicable laws and regulations. In certain states, the ultimate assessments the Company pays are dependent upon the Company's experience relative to other entities subject to the assessment, and the ultimate liability is not known at the financial statement date. While the ultimate amount of the assessment is dependent upon the experience of all pool participants, the Company believes it has adequate reserves to cover such assessments.

Litigation and Regulatory Proceedings

The Company is a party to numerous legal proceedings, investigations, audits and claims arising, for the most part, in the ordinary course of its businesses, including the matters described below. The Company records accruals for outstanding legal matters when it believes it is probable that a loss will be incurred and the amount can be reasonably estimated. The Company evaluates, on a quarterly basis, developments in legal matters that could affect the amount of any accrual and developments that would make a loss contingency both probable and reasonably estimable. If a loss contingency is not both probable and reasonably estimable, the Company does not establish an accrued liability. None of the Company's accruals for outstanding legal matters are material individually or in the aggregate to the Company's financial condition.

Except as otherwise noted, the Company cannot predict with certainty the timing or outcome of the legal matters described below, and the Company is unable to reasonably estimate a possible loss or range of possible loss in excess of amounts already accrued for these matters. It is reasonably possible that the outcome of such legal matters could be material to the Company.

Usual and Customary Litigation

The Company is named as a defendant in a number of litigations that allege that the Company's retail stores overcharged for prescription drugs by not providing the correct usual and customary charge.

State of Texas ex rel. *Myron Winkelman and Stephani Martinson,* et al. *v. CVS Health Corporation* (Travis County Texas District Court). In February 2012, the Attorney General of the State of Texas issued Civil Investigative Demands ("CIDs") to the Company and subsequently has issued a series of requests for documents and information in connection with its investigation concerning the CVS Health Savings Pass program and other pricing practices with respect to claims for reimbursement from the Texas Medicaid program. In January 2017, the Travis County Court unsealed a first amended *qui tam* petition filed in April 2014. The government has intervened in this case. The amended petition alleges the Company violated the Texas Medicaid Fraud Prevention Act by submitting false claims for reimbursement to the Texas Medicaid program by, among other things, failing to use the price available to members of the CVS Health Savings Pass program as the pharmacies' usual and customary price. The amended petition was unsealed following the Company's December 2016 filing of *CVS Pharmacy, Inc. v. Charles Smith,* et al. (Travis County Texas District Court), a declaratory judgment action against the State of Texas seeking a declaration that the prices charged to members of the CVS Health Savings Pass program do not constitute usual and customary prices under the applicable Medicaid regulation. In March 2018, the Travis County Court denied the State of Texas's request for temporary injunctive relief. In June 2019, the Company and the Texas Attorney General commenced a civil jury trial in the *qui tam* action. Prior to the conclusion of that trial, the parties reached a settlement in principle on the remaining issues.

Corcoran et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of California) and *Podgorny* et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of Illinois). These putative class actions were filed against the Company in July and September 2015. The cases were consolidated in the U.S. District Court for the Northern District of California. Plaintiffs seek damages and injunctive relief under the consumer protection statutes and common laws of certain states on behalf of a class of consumers who purchased certain prescription drugs. Several third-party payors filed similar putative class actions on behalf of payors captioned *Sheet Metal Workers Local No. 20 Welfare and Benefit Fund v. CVS Health Corp.* and *Plumbers Welfare Fund, Local 130 v. CVS Health Corporation* (both pending in the U.S. District Court for the District of Rhode Island) in February and August 2016. In all of these cases the plaintiffs allege the Company overcharged for certain prescription drugs by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. In the *Corcoran* case, the U.S. District Court granted summary judgment to CVS on plaintiffs' claims in their entirety and certified certain subclasses in September 2017. In June 2019, the Ninth Circuit reversed the District Court's granting of summary judgment and reversed the District Court's narrowing of the requested class. The *Sheet Metal Workers* plaintiffs have amended their complaint to assert a claim under the federal Racketeer Influenced and Corrupt Organizations Act ("RICO") premised on an alleged conspiracy between the Company and other PBMs. The Company is defending itself against these claims.

State of California ex rel. *Matthew Omlansky v. CVS Caremark Corporation* (Superior Court of the State of California, County of Sacramento). In April 2016, the California Superior Court unsealed a first amended *qui tam* complaint filed in July 2013. The government has declined to intervene in this case. The relator alleges that the Company submitted false claims for payment to the California Medicaid program in connection with reimbursement for drugs available through the CVS Health Savings Pass program as well as certain other generic drugs. The case has been stayed pending the relator's appeal of the judgment against him in a similar case against another retailer. The Company is defending itself against these claims.

State of Mississippi v. CVS Health Corporation, et al. (Circuit Court of DeSoto County, Mississippi, Third Judicial District). In July 2016, the Company was served with a complaint filed on behalf of the State of Mississippi, originally in the Chancery Court, but later transferred to the Circuit Court. The complaint alleged that CVS retail pharmacies in Mississippi submitted false claims for reimbursement to the Mississippi Medicaid program by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. In June 2019, the Company's motion for judgment on the pleadings was granted in part and denied in part. Also in June 2019, the State of Mississippi's motion to dismiss the Company's counterclaim for declaratory relief was granted. The Company is defending itself against these claims.

PBM Litigation and Investigations

The Company is named as a defendant in a number of lawsuits and is subject to a number of investigations concerning its PBM practices.

Bewley, et al. v. *CVS Health Corporation* , et al. and *Prescott* , et al. v. *CVS Health Corporation* , et al. (both pending in the U.S. District Court for the Western District of Washington). These putative class actions were filed against the Company and other PBMs and manufacturers of glucagon kits (*Bewley*) and diabetes test strips (*Prescott*) in May 2017. Both cases allege that, by contracting for rebates with the manufacturers of these diabetes products, the Company and other PBMs caused list prices for these products to increase, thereby harming certain consumers. The plaintiffs' primary claims are made under federal antitrust laws, RICO, state unfair competition and consumer protection laws and the federal Employee Retirement Income Security Act of 1974 ("ERISA"). Both of these cases have been transferred to the U.S. District Court for the District of New Jersey on defendants' motions. In April 2019, the named plaintiffs in both the *Bewley* and *Prescott* cases voluntarily dismissed all of their claims without prejudice, ending both cases.

Klein , et al. v. *Prime Therapeutics* , et al. (U.S. District Court for the District of Minnesota). This putative class action was filed against the Company and other PBMs in June 2017 on behalf of ERISA plan members who purchased and paid for EpiPen or EpiPen Jr. Plaintiffs allege that the PBMs are ERISA fiduciaries to plan members and have violated ERISA by allegedly causing higher inflated prices for EpiPens through the process of negotiating increased rebates from EpiPen manufacturer Mylan. This case has been consolidated with a similar matter and is now proceeding as *In re EpiPen ERISA Litigation* . The Company is defending itself against these claims.

The Company has received subpoenas, CIDs, and other requests for documents and information from, and is being investigated by, Attorneys General of several states regarding its PBM practices, including pricing and rebates. In addition, the Company received an inquiry from the U.S. Senate Committee on Finance regarding insulin pricing. The Company has been providing documents and information in response to these subpoenas, CIDs and requests for information.

Controlled Substances Litigation, Audits and Subpoenas

In December 2017, the U.S. Judicial Panel on Multidistrict Litigation consolidated numerous cases filed against various defendants by plaintiffs such as counties, cities, hospitals, Indian tribes and third-party payors, alleging claims generally concerning the impacts of widespread opioid abuse. The consolidated multidistrict litigation captioned *In re National Prescription Opiate Litigation* (MDL No. 2804) is pending in the U.S. District Court for the Northern District of Ohio. This multidistrict litigation presumptively includes hundreds of relevant federal court cases that name the Company as a defendant. A significant number of similar cases that name the Company as a defendant in some capacity are pending in state courts. In addition, the Company has been named as a defendant in similar cases brought by certain state Attorneys General. The Company is defending itself against all such claims. Additionally, the Company has received subpoenas, CIDs and/or other requests for information regarding opioids from the Attorneys General of several states. The Company has been cooperating with the government with respect to these subpoenas, CIDs and other requests for information.

The Company routinely is audited by the United States Drug Enforcement Administration ("DEA"). In some instances, the Company is in discussions with the DEA and U.S. Attorney's Offices concerning allegations that the Company violated certain requirements of the Controlled Substance Act.

In September 2015, the DEA served the Company with an administrative subpoena. The subpoena seeks documents related to controlled substance policies, procedures and practices at eight Omnicare pharmacy locations from May 2012 to the present. In September 2017, the DEA expanded the investigation to include an additional Omnicare pharmacy location. The Company has been cooperating with the government and providing documents and witnesses in response to this subpoena.

Prescription Processing Investigations

In October 2015, the Company received a CID from the U.S. Attorney's Office for the Southern District of New York requesting documents and information concerning the Company's Omnicare pharmacies' cycle fill process for assisted living facilities. The Company has been cooperating with the government and providing documents and information in response to this CID. In July 2017, the Company also received a subpoena from the California Department of Insurance requesting documents concerning similar subject matter. The Company has been cooperating with the California Department of Insurance and providing documents and information in response to this subpoena.

In December 2016, the Company received a CID from the U.S. Attorney's Office for the Northern District of New York requesting documents and information in connection with a federal False Claims Act investigation concerning whether the Company's retail pharmacies improperly submitted certain insulin claims to Part D of the Medicare program rather than Part B of the Medicare program. The Company has been cooperating with the government and providing documents and information in response to this CID.

In May 2017, the Company received a CID from the U.S. Attorney's Office for the Southern District of New York requesting documents and information concerning possible false claims submitted to Medicare in connection with reimbursements for prescription drugs under the Medicare Part D program. The Company has been cooperating with the government and providing documents and information in response to this CID.

Provider Proceedings

The Company is named as a defendant in purported class actions and individual lawsuits arising out of its practices related to the payment of claims for services rendered to its members by health care providers with whom the Company has a contract and with whom the Company does not have a contract ("out-of-network providers"). Among other things, these lawsuits allege that the Company paid too little to its health plan members and/or providers for these services and/or otherwise allege that the Company failed to timely or appropriately pay or administer claims and benefits (including the Company's post payment audit and collection practices and reductions in payments to providers due to sequestration). Other major health insurers are the subject of similar litigation or have settled similar litigation.

On October 28, 2016, Aetna was named as a respondent in an arbitration proceeding that had commenced as a lawsuit in Florida state court on August 25, 2015. The arbitration proceeding was brought by hospitals owned by HCA Holdings, Inc. with respect to Aetna's out-of-network benefit payment and administration practices in Florida relating to services and care rendered to members in Aetna's individual Public Exchange products from 2014 through 2016. Coverage under Aetna's individual Public Exchange products in Florida was not available after December 31, 2016. On October 15, 2018, the trial arbitrator awarded the claimant hospitals approximately $150 million . Aetna appealed the trial arbitrator's decision. On March 28, 2019, the appellate arbitrator reduced the award to approximately $86 million . The proceeding has ended. During the six months ended June 30, 2019 , the Company recorded the reduction in the required reserve amount for this proceeding as a measurement period adjustment to its Aetna Acquisition accounting and recorded a reduction to goodwill.

The Company also has received subpoenas and/or requests for documents and other information from, and been investigated by, Attorneys General and other state and/or federal regulators, legislators and agencies relating to, and the Company is involved in other litigation regarding, its out-of-network benefit payment and administration practices. It is reasonably possible that others could initiate additional litigation or additional regulatory action against the Company with respect to its out-of-network benefit payment and/or administration practices.

CMS Actions

The United States Centers for Medicare & Medicaid Services ("CMS") regularly audits the Company's performance to determine its compliance with CMS's regulations and its contracts with CMS and to assess the quality of services it provides to Medicare beneficiaries. CMS uses various payment mechanisms to allocate and adjust premium payments to the Company's and other companies' Medicare plans by considering the applicable health status of Medicare members as supported by information prepared, maintained and provided by health care providers. The Company collects claim and encounter data from providers and generally relies on providers to appropriately code their submissions to the Company and document their medical records, including the diagnosis data submitted to the Company with claims. CMS pays increased premiums to Medicare Advantage plans and Medicare PDP plans for members who have certain medical conditions identified with specific diagnosis codes. Federal regulators review and audit the providers' medical records to determine whether those records support the related diagnosis codes that determine the members' health status and the resulting risk-adjusted premium payments to the Company. In that regard, CMS has instituted risk adjustment data validation ("RADV") audits of various Medicare Advantage plans, including certain of the Company's plans, to validate coding practices and supporting medical record documentation maintained by health care providers and the resulting risk adjusted premium payments to the plans. CMS may require the Company to refund premium payments if the Company's risk adjusted premiums are not properly supported by medical record data. The Office of Inspector General (the "OIG") also is auditing the Company's risk adjustment-related data and that of other companies. The Company expects CMS and the OIG to continue these types of audits.

In 2012, CMS revised its audit methodology for RADV audits to determine refunds payable by Medicare Advantage plans for contract year 2011 and forward. Under the revised methodology, among other things, CMS will project the error rate identified in the audit sample of approximately 200 members to all risk adjusted premium payments made under the contract being audited. For contract years prior to 2011, CMS did not project sample error rates to the entire contract. As a result, the revised methodology may increase the Company's exposure to premium refunds to CMS based on incomplete medical records maintained by providers. Since 2013, CMS has selected certain of the Company's Medicare Advantage contracts for various contract years for RADV audit. The Company is currently unable to predict which of its Medicare Advantage contracts will be

selected for future audit, the amounts of any retroactive refunds of, or prospective adjustments to, Medicare Advantage premium payments made to the Company, the effect of any such refunds or adjustments on the actuarial soundness of the Company's Medicare Advantage bids, or whether any RADV audit findings would require the Company to change its method of estimating future premium revenue in future bid submissions to CMS or compromise premium assumptions made in the Company's bids for prior contract years, the current contract year or future contract years. Any premium or fee refunds or adjustments resulting from regulatory audits, whether as a result of RADV, Public Exchange related or other audits by CMS, the OIG, the United States Department of Health and Human Services or otherwise, including audits of the Company's minimum MLR rebates, methodology and/or reports, could be material and could adversely affect the Company's operating results, financial condition and/or cash flows.

Medicare CIDs

The Company has received CIDs from the Civil Division of the United States Department of Justice (the "DOJ") in connection with a current investigation of the Company's patient chart review processes in connection with risk adjustment data submissions under Parts C and D of the Medicare program. The Company has been cooperating with the government and providing documents and information in response to these CIDs.

Tunney Act Proceeding

On October 10, 2018, the Company and Aetna entered into a consent decree with the DOJ that allowed CVS Health's proposed acquisition of Aetna to proceed, provided Aetna agreed to sell its individual standalone Medicare Part D prescription drug plans. As permitted by the asset preservation stipulation and order dated October 25, 2018, CVS Health completed its acquisition of Aetna on November 28, 2018, and Aetna completed the sale of such plans on November 30, 2018. The consent decree remains subject to the court approval process under the Antitrust Procedures and Penalties Act, which could result in a revision in or delay in receiving approval of the consent decree. The approval process is for the limited purpose of determining whether the consent decree is in the public interest. The Company believes that the consent decree will not have a material impact on the Company's operating results, cash flows or financial condition.

Shareholder Matters

Between February and June 2019, five class action complaints were filed by putative plaintiffs against the Company and certain current and former officers and directors: *Anarkat v. CVS Health Corp., et al.,* Case No. 1:19-cv-01725 (S.D.N.Y.);
Labourers' Pension Fund of Central and Eastern Canada v. CVS Health Corp., et al., Case No. 651700/2019 (N.Y. Sup. Ct.);
City of Warren Police and Fire Retirement Sys.v. CVS Health Corp., et. al. , Case No. PC-2019-5658 (R.I. Super. Ct.); *Cambria Co. Employees Retirement Sys. v. CVS Health Corp., et al.* , Case No. 653223/2019 (N.Y. Sup. Ct.); and *Freundlich v. CVS Health Corp., et al* ., Case No. PC-2019-6685 (R.I. Super. Ct.). The plaintiffs in these cases assert a variety of causes of action under federal securities laws that are premised on allegations that the defendants made certain omissions and misrepresentations relating to the performance of the Company's LTC business unit, which allegedly injured investors who acquired CVS Health securities between May 21, 2015 and February 20, 2019. The *Freundlich* case also alleges that defendants misrepresented anticipated synergies of the Aetna Acquisition. The Company is defending itself against these claims.

Other Legal and Regulatory Proceedings .

The Company is also a party to other legal proceedings and is subject to government investigations, inquiries and audits and has received and is cooperating with the government in response to CIDs, subpoenas or similar process from various governmental agencies requesting information, all arising in the ordinary course of its businesses. These other legal proceedings include claims of or relating to bad faith, medical or professional malpractice, claims processing, dispensing, non-compliance with state and federal regulatory regimes, marketing misconduct, failure to timely or appropriately pay or administer claims and benefits, provider network structure (including the use of performance-based networks and termination of provider contracts), rescission of insurance coverage, improper disclosure or use of personal information, anticompetitive practices, general contractual matters, product liability, intellectual property litigation and employment litigation. Some of these other legal proceedings are or are purported to be class actions or derivative claims. The Company is defending itself against the claims brought in these matters.

Awards to the Company and others of certain government contracts, particularly Medicaid contracts and other contracts with government customers in the Company's Health Care Benefits segment, are subject to increasingly frequent protests by unsuccessful bidders. These protests may result in awards to the Company being reversed, delayed or modified. The loss or

delay in implementation of any government contract could adversely affect the Company's operating results. The Company will continue to defend contract awards it receives.

There also continues to be a heightened level of review and/or audit by regulatory authorities and legislators of, and increased litigation regarding, the Company's and the rest of the health care and related benefits industry's business and reporting practices, including premium rate increases, utilization management, development and application of medical policies, complaint, grievance and appeal processing, information privacy, provider network structure (including provider network adequacy, the use of performance-based networks and termination of provider contracts), provider directory accuracy, calculation of minimum medical loss ratios and/or payment of related rebates, delegated arrangements, rescission of insurance coverage, limited benefit health products, student health products, pharmacy benefit management practices (including manufacturers' rebates, pricing, the use of narrow networks and the placement of drugs in formulary tiers), sales practices, customer service practices, vendor oversight and claim payment practices (including payments to out-of-network providers).

As a leading national health care company, the Company regularly is the subject of government actions of the types described above. These government actions may prevent or delay the Company from implementing planned premium rate increases and may result, and have resulted, in restrictions on the Company's businesses, changes to or clarifications of the Company's business practices, retroactive adjustments to premiums, refunds or other payments to members, beneficiaries, states or the federal government, withholding of premium payments to the Company by government agencies, assessments of damages, civil or criminal fines or penalties, or other sanctions, including the possible suspension or loss of licensure and/or suspension or exclusion from participation in government programs.

The Company can give no assurance, however, that its businesses, financial condition, operating results and/or cash flows will not be materially adversely affected, or that the Company will not be required to materially change its business practices, based on: (i) future enactment of new health care or other laws or regulations; (ii) the interpretation or application of existing laws or regulations as they may relate to one or more of the Company's businesses, one or more of the industries in which the Company competes and/or the health care industry generally; (iii) pending or future federal or state governmental investigations of one or more of the Company's businesses, one or more of the industries in which the Company competes and/or the health care industry generally; (iv) pending or future government audits, investigations or enforcement actions against the Company; (v) adverse developments in any pending *qui tam* lawsuit against the Company, whether sealed or unsealed, or in any future *qui tam* lawsuit that may be filed against the Company; or (vi) adverse developments in pending or future legal proceedings against the Company or affecting one or more of the industries in which the Company competes and/or the health care industry generally.

12. Segment Reporting

The Company has three operating segments, Pharmacy Services, Retail/LTC and Health Care Benefits, as well as a Corporate/Other segment. The Company's segments maintain separate financial information, and the CODM evaluates the segments' operating results on a regular basis in deciding how to allocate resources among the segments and in assessing segment performance. The CODM evaluates the performance of the Company's segments based on adjusted operating income. Effective for the first quarter of 2019, adjusted operating income is defined as operating income (loss) (GAAP measure) excluding the impact of amortization of intangible assets and other items, if any, that neither relate to the ordinary course of the Company's business nor reflect the Company's underlying business performance. Segment financial information for the three and six months ended June 30, 2018 has been retrospectively adjusted to conform with the current period presentation. See the reconciliation of consolidated operating income (loss) (GAAP measure) to adjusted operating income below for further context regarding the items excluded from operating income (loss) in determining adjusted operating income. The Company uses adjusted operating income as its principal measure of segment performance as it enhances the Company's ability to compare past financial performance with current performance and analyze underlying business performance and trends. Non-GAAP financial measures the Company discloses, such as consolidated adjusted operating income, should not be considered a substitute for, or superior to, financial measures determined or calculated in accordance with GAAP.

CVS 1st Quarter 2019 10-Q Legal Matters

related to Linens 'n Things, which have been recorded as a liability on the unaudited condensed consolidated balance sheet), with the maximum remaining lease term extending through 2029.

Guaranty Fund Assessments, Market Stabilization and Other Non-Voluntary Risk Sharing Pools

Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (in most states up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The life and health insurance guaranty associations in which the Company participates that operate under these laws respond to insolvencies of long-term care insurers as well as health insurers. The Company's assessments generally are based on a formula relating to the Company's health care premiums in the state compared to the premiums of other insurers. Certain states allow assessments to be recovered over time as offsets to premium taxes. Some states have similar laws relating to HMOs and/or other payors such as not-for-profit consumer-governed health plans established under the ACA.

In 2009, the Pennsylvania Insurance Commissioner placed long-term care insurer Penn Treaty Network America Insurance Company and one of its subsidiaries (collectively, "Penn Treaty") in rehabilitation, an intermediate action before insolvency, and subsequently petitioned a state court to convert the rehabilitation into a liquidation. Penn Treaty was placed in liquidation in March 2017. The Company has recorded a liability for its estimated share of future assessments by applicable life and health guaranty associations. It is reasonably possible that in the future the Company may record a liability and expense relating to other insolvencies which could have a material adverse effect on the Company's operating results, financial condition and cash flows. While historically the Company has ultimately recovered more than half of guaranty fund assessments through statutorily permitted premium tax offsets, significant increases in assessments could lead to legislative and/or regulatory actions that may limit future offsets.

HMOs in certain states in which the Company does business are subject to assessments, including market stabilization and other risk-sharing pools, for which the Company is assessed charges based on incurred claims, demographic membership mix and other factors. The Company establishes liabilities for these assessments based on applicable laws and regulations. In certain states, the ultimate assessments the Company pays are dependent upon the Company's experience relative to other entities subject to the assessment, and the ultimate liability is not known at the financial statement date. While the ultimate amount of the assessment is dependent upon the experience of all pool participants, the Company believes it has adequate reserves to cover such assessments.

Litigation and Regulatory Proceedings

The Company is a party to numerous legal proceedings, investigations, audits and claims arising, for the most part, in the ordinary course of its businesses, including the matters described below. The Company records accruals for outstanding legal matters when it believes it is probable that a loss will be incurred and the amount can be reasonably estimated. The Company evaluates, on a quarterly basis, developments in legal matters that could affect the amount of any accrual and developments that would make a loss contingency both probable and reasonably estimable. If a loss contingency is not both probable and estimable, the Company does not establish an accrued liability. None of the Company's accruals for outstanding legal matters are material individually or in the aggregate to the Company's financial condition.

Except as otherwise noted, the Company cannot predict with certainty the timing or outcome of the legal matters described below, and the Company is unable to reasonably estimate a possible loss or range of possible loss in excess of amounts already accrued for these matters. It is reasonably possible that the outcome of such legal matters could be material to the Company.

Usual and Customary Litigation

The Company is named as a defendant in a number of litigations that allege that the Company's retail stores overcharged for prescription drugs by not providing the correct usual and customary charge.

State of Texas ex rel. *Myron Winkelman and Stephani Martinson,* et al. *v. CVS Health Corporation* (Travis County Texas District Court). In February 2012, the Attorney General of the State of Texas issued Civil Investigative Demands ("CIDs") to the Company and subsequently has issued a series of requests for documents and information in connection with its investigation concerning the CVS Health Savings Pass program and other pricing practices with respect to claims for reimbursement from the Texas Medicaid program. In January 2017, the Travis County Court unsealed a first amended *qui tam* petition filed in April 2014. The government has intervened in this case. The amended petition alleges the Company violated the Texas Medicaid Fraud Prevention Act by submitting false claims for reimbursement to the Texas Medicaid program by, among other things, failing to use the price available to members of the CVS Health Savings Pass program as the pharmacies'

usual and customary price. The amended petition was unsealed following the Company's December 2016 filing of *CVS Pharmacy, Inc. v. Charles Smith,* et al. (Travis County Texas District Court), a declaratory judgment action against the State of Texas seeking a declaration that the prices charged to members of the CVS Health Savings Pass program do not constitute usual and customary prices under the applicable Medicaid regulation. In March 2018, the Travis County Court denied the State of Texas's request for temporary injunctive relief. The Company is defending itself against these claims.

Corcoran et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of California) and *Podgorny* et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of Illinois). These putative class actions were filed against the Company in July and September 2015. The cases were consolidated in the U.S. District Court for the Northern District of California. Plaintiffs seek damages and injunctive relief under the consumer protection statutes and common laws of certain states on behalf of a class of consumers who purchased certain prescription drugs. Several third-party payors filed similar putative class actions on behalf of payors captioned *Sheet Metal Workers Local No. 20 Welfare and Benefit Fund v. CVS Health Corp.* and *Plumbers Welfare Fund, Local 130 v. CVS Health Corporation* (both pending in the U.S. District Court for the District of Rhode Island) in February and August 2016. In all of these cases the plaintiffs allege the Company overcharged for certain prescription drugs by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. In the *Corcoran* case, the U.S. District Court granted summary judgment to CVS on plaintiffs' claims in their entirety and certified certain subclasses in September 2017. The *Corcoran* plaintiffs have appealed the District Court's decision to the Ninth Circuit. The *Sheet Metal Workers* plaintiffs have amended their complaint to assert a claim under the federal Racketeer Influenced and Corrupt Organizations Act ("RICO") premised on an alleged conspiracy between the Company and other PBMs. The Company is defending itself against these claims.

State of California ex rel. *Matthew Omlansky v. CVS Caremark Corporation* (Superior Court of the State of California, County of Sacramento). In April 2016, the California Superior Court unsealed a first amended *qui tam* complaint filed in July 2013. The government has declined to intervene in this case. The relator alleges that the Company submitted false claims for payment to the California Medicaid program in connection with reimbursement for drugs available through the CVS Health Savings Pass program as well as certain other generic drugs. The case has been stayed pending the relator's appeal of the judgment against him in a similar case against another retailer. The Company is defending itself against these claims.

State of Mississippi v. CVS Health Corporation, et al. (Chancery Court of DeSoto County, Mississippi, Third Judicial District). In July 2016, the Company was served with a complaint filed on behalf of the State of Mississippi alleging that CVS retail pharmacies in Mississippi submitted false claims for reimbursement to the Mississippi Medicaid program by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. The Company has responded to the complaint, moved for judgment on the pleadings, filed a counterclaim and moved the case to Mississippi Circuit Court. The Company's motion for judgment on the pleadings remains pending. The Company is defending itself against these claims.

PBM Litigation and Investigations

The Company is named as a defendant in a number of lawsuits and is subject to a number of investigations concerning its PBM practices.

Bewley, et al. v. *CVS Health Corporation* , et al. and *Prescott* , et al. v. *CVS Health Corporation* , et al. (both pending in the U.S. District Court for the Western District of Washington). These putative class actions were filed against the Company and other PBMs and manufacturers of glucagon kits (*Bewley*) and diabetes test strips (*Prescott*) in May 2017. Both cases allege that, by contracting for rebates with the manufacturers of these diabetes products, the Company and other PBMs caused list prices for these products to increase, thereby harming certain consumers. The plaintiffs' primary claims are made under federal antitrust laws, RICO, state unfair competition and consumer protection laws and the federal Employee Retirement Income Security Act of 1974 ("ERISA"). Both of these cases have been transferred to the U.S. District Court for the District of New Jersey on defendants' motions. In April 2019, the named plaintiffs in both the *Bewley* and *Prescott* cases voluntarily dismissed all of their claims without prejudice, ending both cases.

Klein , et al. v. *Prime Therapeutics* , et al. (U.S. District Court for the District of Minnesota). This putative class action was filed against the Company and other PBMs in June 2017 on behalf of ERISA plan members who purchased and paid for EpiPen or EpiPen Jr. Plaintiffs allege that the PBMs are ERISA fiduciaries to plan members and have violated ERISA by allegedly causing higher inflated prices for EpiPens through the process of negotiating increased rebates from EpiPen manufacturer Mylan. This case has been consolidated with a similar matter and is now proceeding as *In re EpiPen ERISA Litigation* . The Company is defending itself against these claims.

The Company has received subpoenas, CIDs, and other requests for documents and information from, and is being investigated by, Attorneys General of several states regarding its PBM practices, including pricing and rebates. In addition, the Company received an inquiry from the U.S. Senate Committee on Finance regarding insulin pricing. The Company has been providing documents and information in response to these subpoenas, CIDs and requests for information.

Controlled Substances Litigation, Audits and Subpoenas

In December 2017, the U.S. Judicial Panel on Multidistrict Litigation consolidated numerous cases filed against various defendants by plaintiffs such as counties, cities, hospitals, Indian tribes and third-party payors, alleging claims generally concerning the impacts of widespread opioid abuse. The consolidated multidistrict litigation captioned *In re National Prescription Opiate Litigation* (MDL No. 2804) is pending in the U.S. District Court for the Northern District of Ohio. This multidistrict litigation presumptively includes hundreds of relevant federal court cases that name the Company as a defendant. A significant number of similar cases that name the Company as a defendant in some capacity are pending in state courts. The Company is defending itself against all such claims. Additionally, the Company has received subpoenas, CIDs and/or other requests for information regarding opioids from the Attorneys General of several states. The Company has been cooperating with the government with respect to these subpoenas, CIDs and other requests for information.

The Company routinely is audited by the United States Drug Enforcement Administration ("DEA"). In some instances, the Company is in discussions with the DEA and U.S. Attorney's Offices concerning allegations that the Company violated certain requirements of the Controlled Substance Act.

In September 2015, the DEA served the Company with an administrative subpoena. The subpoena seeks documents related to controlled substance policies, procedures and practices at eight Omnicare pharmacy locations from May 2012 to the present. In September 2017, the DEA expanded the investigation to include an additional Omnicare pharmacy location. The Company has been cooperating with the government and providing documents and witnesses in response to this subpoena.

Prescription Processing Investigations

In October 2015, the Company received a CID from the U.S. Attorney's Office for the Southern District of New York requesting documents and information concerning the Company's Omnicare pharmacies' cycle fill process for assisted living facilities. The Company has been cooperating with the government and providing documents and information in response to this CID. In July 2017, the Company also received a subpoena from the California Department of Insurance requesting documents concerning similar subject matter. The Company has been cooperating with the California Department of Insurance and providing documents and information in response to this subpoena.

In December 2016, the Company received a CID from the U.S. Attorney's Office for the Northern District of New York requesting documents and information in connection with a federal False Claims Act investigation concerning whether the Company's retail pharmacies improperly submitted certain insulin claims to Part D of the Medicare program rather than Part B of the Medicare program. The Company has been cooperating with the government and providing documents and information in response to this CID.

In May 2017, the Company received a CID from the U.S. Attorney's Office for the Southern District of New York requesting documents and information concerning possible false claims submitted to Medicare in connection with reimbursements for prescription drugs under the Medicare Part D program. The Company has been cooperating with the government and providing documents and information in response to this CID.

Provider Proceedings

The Company is named as a defendant in purported class actions and individual lawsuits arising out of its practices related to the payment of claims for services rendered to its members by health care providers with whom the Company has a contract and with whom the Company does not have a contract ("out-of-network providers"). Among other things, these lawsuits allege that the Company paid too little to its health plan members and/or providers for these services and/or otherwise allege that the Company failed to timely or appropriately pay or administer claims and benefits (including the Company's post payment audit and collection practices and reductions in payments to providers due to sequestration). Other major health insurers are the subject of similar litigation or have settled similar litigation.

On October 28, 2016, Aetna was named as a respondent in an arbitration proceeding that had commenced as a lawsuit in Florida state court on August 25, 2015. The arbitration proceeding was brought by hospitals owned by HCA Holdings, Inc. with

respect to Aetna's out-of-network benefit payment and administration practices in Florida relating to services and care rendered to members in Aetna's individual Public Exchange products from 2014 through 2016. Coverage under Aetna's individual Public Exchange products in Florida was not available after December 31, 2016. On October 15, 2018, the trial arbitrator awarded the claimant hospitals approximately $150 million . Aetna appealed the trial arbitrator's decision. On March 28, 2019, the appellate arbitrator reduced the award to approximately $86 million . The proceeding has ended. During the three months ended March 31, 2019, the Company recorded the reduction in the required reserve amount for this proceeding as a measurement period adjustment to its Aetna Acquisition accounting and recorded a reduction to goodwill.

The Company also has received subpoenas and/or requests for documents and other information from, and been investigated by, Attorneys General and other state and/or federal regulators, legislators and agencies relating to, and the Company is involved in other litigation regarding, its out-of-network benefit payment and administration practices. It is reasonably possible that others could initiate additional litigation or additional regulatory action against the Company with respect to its out-of-network benefit payment and/or administration practices.

CMS Actions

The United States Centers for Medicare & Medicaid Services ("CMS") regularly audits the Company's performance to determine its compliance with CMS's regulations and its contracts with CMS and to assess the quality of services it provides to Medicare beneficiaries. CMS uses various payment mechanisms to allocate and adjust premium payments to the Company's and other companies' Medicare plans by considering the applicable health status of Medicare members as supported by information prepared, maintained and provided by health care providers. The Company collects claim and encounter data from providers and generally relies on providers to appropriately code their submissions to the Company and document their medical records, including the diagnosis data submitted to the Company with claims. CMS pays increased premiums to Medicare Advantage plans and Medicare PDP plans for members who have certain medical conditions identified with specific diagnosis codes. Federal regulators review and audit the providers' medical records to determine whether those records support the related diagnosis codes that determine the members' health status and the resulting risk-adjusted premium payments to the Company. In that regard, CMS has instituted risk adjustment data validation ("RADV") audits of various Medicare Advantage plans, including certain of the Company's plans, to validate coding practices and supporting medical record documentation maintained by health care providers and the resulting risk adjusted premium payments to the plans. CMS may require the Company to refund premium payments if the Company's risk adjusted premiums are not properly supported by medical record data. The Office of Inspector General (the "OIG") also is auditing the Company's risk adjustment-related data and that of other companies. The Company expects CMS and the OIG to continue these types of audits.

In 2012, CMS revised its audit methodology for RADV audits to determine refunds payable by Medicare Advantage plans for contract year 2011 and forward. Under the revised methodology, among other things, CMS will project the error rate identified in the audit sample of approximately 200 members to all risk adjusted premium payments made under the contract being audited. For contract years prior to 2011, CMS did not project sample error rates to the entire contract. As a result, the revised methodology may increase the Company's exposure to premium refunds to CMS based on incomplete medical records maintained by providers. Since 2013, CMS has selected certain of the Company's Medicare Advantage contracts for various contract years for RADV audit. The Company is currently unable to predict which of its Medicare Advantage contracts will be selected for future audit, the amounts of any retroactive refunds of, or prospective adjustments to, Medicare Advantage premium payments made to the Company, the effect of any such refunds or adjustments on the actuarial soundness of the Company's Medicare Advantage bids, or whether any RADV audit findings would require the Company to change its method of estimating future premium revenue in future bid submissions to CMS or compromise premium assumptions made in the Company's bids for prior contract years, the current contract year or future contract years. Any premium or fee refunds or adjustments resulting from regulatory audits, whether as a result of RADV, Public Exchange related or other audits by CMS, the OIG, the United States Department of Health and Human Services or otherwise, including audits of the Company's minimum MLR rebates, methodology and/or reports, could be material and could adversely affect the Company's operating results, financial condition and/or cash flows.

Medicare CIDs

The Company has received CIDs from the Civil Division of the DOJ in connection with a current investigation of the Company's patient chart review processes in connection with risk adjustment data submissions under Parts C and D of the Medicare program. The Company has been cooperating with the government and providing documents and information in response to these CIDs.

Tunney Act Proceeding

On October 10, 2018, the Company and Aetna entered into a consent decree with the DOJ that allowed CVS Health's proposed acquisition of Aetna to proceed, provided Aetna agreed to sell its individual standalone Medicare Part D prescription drug plans. As permitted by the asset preservation stipulation and order dated October 25, 2018, CVS Health completed its acquisition of Aetna on November 28, 2018, and Aetna completed the sale of such plans on November 30, 2018. The consent decree remains subject to the court approval process under the Antitrust Procedures and Penalties Act, which could result in a revision in or delay in receiving approval of the consent decree. The approval process is for the limited purpose of determining whether the consent decree is in the public interest. The Company believes that the consent decree will not have a material impact on the Company's operating results, cash flows or financial condition.

Shareholder Matters

In February and March 2019, two putative class action complaints were filed by putative plaintiffs against the Company and certain of its current and former officers. *Anarkat v. CVS Health Corp., et al.,* was filed in the U.S. District Court for the Southern District of New York, and *Labourers' Pension Fund of Central and Eastern Canada v. CVS Health Corp., et al.,* was filed in the Supreme Court of the State of New York, County of New York. The plaintiffs in these cases assert a variety of causes of action under federal securities laws that are premised on allegations that the defendants made certain omissions and misrepresentations relating to the performance of the Company's LTC business unit, which allegedly injured investors who acquired CVS Health securities between May 21, 2015 and February 20, 2019. The Company is defending itself against these claims.

Other Legal and Regulatory Proceedings .

The Company is also a party to other legal proceedings and is subject to government investigations, inquiries and audits and has received and is cooperating with the government in response to CIDs, subpoenas or similar process from various governmental agencies requesting information, all arising in the ordinary course of its businesses. These other legal proceedings include claims of or relating to bad faith, medical malpractice, non-compliance with state and federal regulatory regimes, marketing misconduct, failure to timely or appropriately pay or administer claims and benefits, provider network structure (including the use of performance-based networks and termination of provider contracts), rescission of insurance coverage, improper disclosure or use of personal information, anticompetitive practices, general contractual matters, product liability, intellectual property litigation and employment litigation. Some of these other legal proceedings are or are purported to be class actions or derivative claims. The Company is defending itself against the claims brought in these matters.

Awards to the Company and others of certain government contracts, particularly Medicaid contracts and other contracts with government customers in the Company's Health Care Benefits segment, are subject to increasingly frequent protests by unsuccessful bidders. These protests may result in awards to the Company being reversed, delayed or modified. The loss or delay in implementation of any government contract could adversely affect the Company's operating results. The Company will continue to defend contract awards it receives.

There also continues to be a heightened level of review and/or audit by regulatory authorities and legislators of, and increased litigation regarding, the Company's and the rest of the health care and related benefits industry's business and reporting practices, including premium rate increases, utilization management, development and application of medical policies, complaint, grievance and appeal processing, information privacy, provider network structure (including provider network adequacy, the use of performance-based networks and termination of provider contracts), provider directory accuracy, calculation of minimum medical loss ratios and/or payment of related rebates, delegated arrangements, rescission of insurance coverage, limited benefit health products, student health products, pharmacy benefit management practices (including manufacturers' rebates, pricing, the use of narrow networks and the placement of drugs in formulary tiers), sales practices, customer service practices, vendor oversight and claim payment practices (including payments to out-of-network providers).

As a leading national health care company, the Company regularly is the subject of government actions of the types described above. These government actions may prevent or delay the Company from implementing planned premium rate increases and may result, and have resulted, in restrictions on the Company's businesses, changes to or clarifications of the Company's business practices, retroactive adjustments to premiums, refunds or other payments to members, beneficiaries, states or the federal government, withholding of premium payments to the Company by government agencies, assessments of damages, civil or criminal fines or penalties, or other sanctions, including the possible suspension or loss of licensure and/or suspension or exclusion from participation in government programs.

The Company can give no assurance, however, that its businesses, financial condition, operating results and/or cash flows will not be materially adversely affected, or that the Company will not be required to materially change its business practices, based on: (i) future enactment of new health care or other laws or regulations; (ii) the interpretation or application of existing laws or regulations as they may relate to one or more of the Company's businesses, one or more of the industries in which the Company competes and/or the health care industry generally; (iii) pending or future federal or state governmental investigations of one or more of the Company's businesses, one or more of the industries in which the Company competes and/or the health care industry generally; (iv) pending or future government audits, investigations or enforcement actions against the Company; (v) adverse developments in any pending *qui tam* lawsuit against the Company, whether sealed or unsealed, or in any future *qui tam* lawsuit that may be filed against the Company; or (vi) adverse developments in pending or future legal proceedings against the Company or affecting one or more of the industries in which the Company competes and/or the health care industry generally.

12. Segment Reporting

The Company has three operating segments, Pharmacy Services, Retail/LTC and Health Care Benefits, as well as a Corporate/Other segment. The Company's segments maintain separate financial information, and the CODM evaluates the segments' operating results on a regular basis in deciding how to allocate resources among the segments and in assessing segment performance. The CODM evaluates the performance of the Company's segments based on adjusted operating income. Effective for the first quarter of 2019, adjusted operating income is defined as operating income (GAAP measure) excluding the impact of amortization of intangible assets and other items, if any, that neither relate to the ordinary course of the Company's business nor reflect the Company's underlying business performance. Segment financial information for the three months ended March 31, 2018 has been retrospectively adjusted to conform with the current period presentation. See the reconciliation of consolidated operating income (GAAP measure) to adjusted operating income below for further context regarding the items excluded from operating income in determining adjusted operating income. The Company uses adjusted operating income as its principal measure of segment performance as it enhances the Company's ability to compare past financial performance with current performance and analyze underlying business performance and trends. Non-GAAP financial measures the Company discloses, such as consolidated adjusted operating income, should not be considered a substitute for, or superior to, financial measures determined or calculated in accordance with GAAP.

CVS 2018 10-K Legal Matters

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-K

☑ **Annual Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934**
For the fiscal year ended December 31, 2018
OR
☐ **Transition Report Pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934**
For the transition period from _____ to_____
Commission file number 001-01011

CVSHealth

CVS HEALTH CORPORATION

(Exact name of registrant as specified in its charter)

Delaware	**05-0494040**
(State or other jurisdiction of incorporation or organization)	(I.R.S. Employer Identification No.)
One CVS Drive, Woonsocket, Rhode Island	**02895**
(Address of principal executive offices)	(Zip Code)

(401) 765-1500
(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

Common Stock, par value $0.01 per share	**New York Stock Exchange**
Title of each class	Name of each exchange on which registered

Securities registered pursuant to Section 12(g) of the Act: **None**

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. ☑ Yes ☐ No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. ☐ Yes ☑ No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. ☑ Yes ☐ No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). ☑ Yes ☐ No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K. ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☑ Accelerated filer ☐
Non-accelerated filer ☐ Smaller reporting company ☐
Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). ☐ Yes ☑ No

The aggregate market value of the registrant's common stock held by non-affiliates was approximately $65,262,991,789 as of June 30, 2018 , based on the closing price of the common stock on the New York Stock Exchange. For purposes of this calculation, only executive officers and directors are deemed to be the affiliates of the registrant.

As of February 19, 2019 , the registrant had 1,297,082,165 shares of common stock issued and outstanding.

DOCUMENTS INCORPORATED BY REFERENCE

The following materials are incorporated by reference into this Form 10-K:

Portions of the Annual Report to Stockholders for the fiscal year ended December 31, 2018 (the "Annual Report") are incorporated by reference in response to Items 1, 1A, 2 and 3 of Part I and Items 5, 6, 7, 7A, 8 and 9A of Part II, in each case to the extent described therein.

Information contained in the definitive proxy statement for CVS Health Corporation's 2019 Annual Meeting of Stockholders, to be filed on or about April 5, 2019 (the "Proxy Statement"), is incorporated by reference in response to Items 10 through 14 of Part III to the extent described therein.

to indemnify the Company for any lease obligations the Company was required to satisfy. If any of the purchasers or any of the former subsidiaries fail to make the required payments under a store lease, the Company could be required to satisfy those obligations. As of December 31, 2018, the Company guaranteed approximately 85 such store leases (excluding the lease guarantees related to Linens 'n Things, which have been recorded as a liability on the consolidated balance sheet), with the maximum remaining lease term extending through 2029.

Guaranty Fund Assessments, Market Stabilization and Other Non-Voluntary Risk Sharing Pools

Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (in most states up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The life and health insurance guaranty associations in which the Company participates that operate under these laws respond to insolvencies of long-term care insurers as well as health insurers. The Company's assessments generally are based on a formula relating to the Company's health care premiums in the state compared to the premiums of other insurers. Certain states allow assessments to be recovered over time as offsets to premium taxes. Some states have similar laws relating to HMOs and/or other payors such as not-for-profit consumer-governed health plans established under the ACA.

In 2009, the Pennsylvania Insurance Commissioner placed long-term care insurer Penn Treaty Network America Insurance Company and one of its subsidiaries (collectively, "Penn Treaty") in rehabilitation, an intermediate action before insolvency, and subsequently petitioned a state court to convert the rehabilitation into a liquidation. Penn Treaty was placed in liquidation in March 2017. During the first quarter of 2017, Aetna recorded a discounted estimated liability and expense of $231 million pretax for its estimated share of future assessments by applicable life and health guaranty associations which reflects a 3.5% discount rate. The Company did not record an asset for expected premium tax offsets for its in force business at December 31, 2018, as the amount was not material. It is reasonably possible that in the future the Company may record a liability and expense relating to other insolvencies which could have a material adverse effect on the Company's results of operations, financial condition and cash flows. While historically the Company has ultimately recovered more than half of guaranty fund assessments through statutorily permitted premium tax offsets, significant increases in assessments could lead to legislative and/or regulatory actions that may limit future offsets.

HMOs in certain states in which the Company does business are subject to assessments, including market stabilization and other risk-sharing pools, for which the Company is assessed charges based on incurred claims, demographic membership mix and other factors. The Company establishes liabilities for these assessments based on applicable laws and regulations. In certain states, the ultimate assessments the Company pays are dependent upon the Company's experience relative to other entities subject to the assessment, and the ultimate liability is not known at the financial statement date. While the ultimate amount of the assessment is dependent upon the experience of all pool participants, the Company believes it has adequate reserves to cover such assessments.

The total guaranty fund assessments liability as of December 31, 2018 was $90 million and was recorded in accrued expenses on the consolidated balance sheet.

Litigation and Regulatory Proceedings

The Company is a party to numerous legal proceedings, investigations, audits and claims arising, for the most part, in the ordinary course of its businesses, including the matters described below. The Company records accruals for outstanding legal matters when it believes it is probable that a loss will be incurred and the amount can be reasonably estimated. The Company evaluates, on a quarterly basis, developments in legal matters that could affect the amount of any accrual and developments that would make a loss contingency both probable and reasonably estimable. If a loss contingency is not both probable and estimable, the Company does not establish an accrued liability. None of the Company's accruals for outstanding legal matters are material individually or in the aggregate to the Company's financial condition.

Except as otherwise noted, the Company cannot predict with certainty the timing or outcome of the legal matters described below, and the Company is unable to reasonably estimate a possible loss or range of possible loss in excess of amounts already accrued for these matters. It is reasonably possible that the outcome of such legal matters could be material to the Company.

Usual and Customary Litigation

The Company is named as a defendant in a number of litigations that allege that the Company's retail stores overcharged for prescription drugs by not providing the correct usual and customary charge.

State of Texas ex rel. *Myron Winkelman and Stephani Martinson,* et al. *v. CVS Health Corporation* (Travis County Texas District Court). In February 2012, the Attorney General of the State of Texas issued Civil Investigative Demands ("CIDs") to the Company and subsequently has issued a series of requests for documents and information in connection with its investigation concerning the CVS Health Savings Pass program and other pricing practices with respect to claims for reimbursement from the Texas Medicaid program. In January 2017, the Travis County Court unsealed a first amended *qui tam* petition filed in April 2014. The government has intervened in this case. The amended petition alleges the Company violated the Texas Medicaid Fraud Prevention Act by submitting false claims for reimbursement to the Texas Medicaid program by, among other things, failing to use the price available to members of the CVS Health Savings Pass program as the pharmacies' usual and customary price. The amended petition was unsealed following the Company's December 2016 filing of *CVS Pharmacy, Inc. v. Charles Smith,* et al. (Travis County Texas District Court), a declaratory judgment action against the State of Texas seeking a declaration that the prices charged to members of the CVS Health Savings Pass program do not constitute usual and customary prices under the applicable Medicaid regulation. In March 2018, the Travis County Court denied the State of Texas's request for temporary injunctive relief. The Company is defending itself against these claims.

Corcoran et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of California) and *Podgorny* et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of Illinois). These putative class actions were filed against the Company in July and September 2015. The cases were consolidated in the U.S. District Court for the Northern District of California. Plaintiffs seek damages and injunctive relief under the consumer protection statutes and common laws of certain states on behalf of a class of consumers who purchased certain prescription drugs. Several third-party payors filed similar putative class actions on behalf of payors captioned *Sheet Metal Workers Local No. 20 Welfare and Benefit Fund v. CVS Health Corp.* and *Plumbers Welfare Fund, Local 130 v. CVS Health Corporation* (both pending in the U.S. District Court for the District of Rhode Island) in February and August 2016. In all of these cases the plaintiffs allege the Company overcharged for certain prescription drugs by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. In the *Corcoran* case, the U.S. District Court granted summary judgment to CVS on plaintiffs' claims in their entirety and certified certain subclasses in September 2017. The *Corcoran* plaintiffs have appealed the District Court's decision to the Ninth Circuit. The *Sheet Metal Workers* plaintiffs have amended their complaint to assert a claim under the federal Racketeer Influenced and Corrupt Organizations Act ("RICO") premised on an alleged conspiracy between the Company and other PBMs. The Company is defending itself against these claims.

State of California ex rel. *Matthew Omlansky v. CVS Caremark Corporation* (Superior Court of the State of California, County of Sacramento). In April 2016, the California Superior Court unsealed a first amended *qui tam* complaint filed in July 2013. The government has declined to intervene in this case. The relator alleges that the Company submitted false claims for payment to the California Medicaid program in connection with reimbursement for drugs available through the CVS Health Savings Pass program as well as certain other generic drugs. The case has been stayed pending the relator's appeal of the judgment against him in a similar case against another retailer. The Company is defending itself against these claims.

State of Mississippi v. CVS Health Corporation, et al. (Chancery Court of DeSoto County, Mississippi, Third Judicial District). In July 2016, the Company was served with a complaint filed on behalf of the State of Mississippi alleging that CVS retail pharmacies in Mississippi submitted false claims for reimbursement to the Mississippi Medicaid program by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. The Company has responded to the complaint, moved for judgment on the pleadings, filed a counterclaim and moved the case to Mississippi Circuit Court. The Company's motion for judgment on the pleadings remains pending. The Company is defending itself against these claims.

Manufacturer's Rebate Litigation and Investigations

The Company is named as a defendant in a number of lawsuits and is subject to a number of investigations concerning manufacturer's rebates that the Company has negotiated.

Bewley, et al. v. *CVS Health Corporation* , et al. and *Prescott* , et al. v. *CVS Health Corporation* , et al. (both pending in the U.S. District Court for the Western District of Washington). These putative class actions were filed against the Company and other PBMs and manufacturers of glucagon kits (*Bewley*) and diabetes test strips (*Prescott*) in May 2017. Both cases allege that, by contracting for rebates with the manufacturers of these diabetes products, the Company and other PBMs caused list prices for these products to increase, thereby harming certain consumers. The plaintiffs' primary claims are made under federal antitrust laws, RICO, state unfair competition and consumer protection laws and the federal Employee Retirement Income Security Act of 1974 ("ERISA"). Both of these cases have been transferred to the U.S. District Court for the District of New Jersey on defendants' motions. The Company is defending itself against these claims.

Klein , et al. v. *Prime Therapeutics* , et al. (U.S. District Court for the District of Minnesota). This putative class action was filed against the Company and other PBMs in June 2017 on behalf of ERISA plan members who purchased and paid for EpiPen or EpiPen Jr. Plaintiffs allege that the PBMs are ERISA fiduciaries to plan members and have violated ERISA by allegedly causing higher inflated prices for EpiPens through the process of negotiating increased rebates from EpiPen manufacturer Mylan. This case has been consolidated with a similar matter and is now proceeding as *In re EpiPen ERISA Litigation* . The Company is defending itself against these claims.

In April 2017, the Company received a CID from the Attorney General of Washington requesting documents and information regarding pricing and rebates for insulin products in connection with a pending investigation into unfair and deceptive acts or practices regarding insulin pricing. The Office of the Attorney General of Washington has notified the Company that information provided in response to the Washington Attorney General's CID will be shared with the Attorneys General of California, Florida, Minnesota, New Mexico, the District of Columbia and Mississippi. In July 2017, the Company received a CID from the Attorney General of Minnesota requesting documents and information regarding pricing and rebates for insulin and epinephrine products in connection with a pending investigation into unfair and deceptive acts or practices regarding insulin and epinephrine pricing. The Company has been cooperating with the government and providing documents and information in response to these CIDs.

Controlled Substances Litigation, Audits and Subpoenas

In December 2017, the U.S. Judicial Panel on Multidistrict Litigation consolidated numerous cases filed against various defendants by plaintiffs such as counties, cities, hospitals, Indian tribes and third-party payors, alleging claims generally concerning the impacts of widespread opioid abuse. The consolidated multidistrict litigation captioned *In re National Prescription Opiate Litigation* (MDL No. 2804) is pending in the U.S. District Court for the Northern District of Ohio. This multidistrict litigation presumptively includes hundreds of relevant federal court cases that name the Company as a defendant. Fewer than 100 similar cases that name the Company as a defendant in some capacity are pending in state courts. The Company is defending itself against all such claims. Additionally, the Company has received subpoenas, CIDs and/or other requests for information regarding opioids from the Attorneys General of several states. The Company has been cooperating with the government with respect to these subpoenas, CIDs and other requests for information.

The Company routinely is audited by the United States Drug Enforcement Administration ("DEA"). For several of these audits, the Company is in discussions with the DEA and U.S. Attorney's Offices concerning allegations that the Company violated certain requirements of the Controlled Substance Act.

In September 2015, the DEA served Omnicare with an administrative subpoena. The subpoena seeks documents related to controlled substance policies, procedures and practices at eight Company pharmacy locations from May 2012 to the present. In September 2017, the DEA expanded the investigation to include an additional Company pharmacy location. The Company has been cooperating with the government and providing documents and witnesses in response to this subpoena.

Prescription Processing Investigations

In October 2015, Omnicare received a CID from the U.S. Attorney's Office for the Southern District of New York requesting documents and information concerning Omnicare's cycle fill process for assisted living facilities. The Company has been cooperating with the government and providing documents and information in response to this CID. In July 2017, Omnicare also received a subpoena from the California Department of Insurance requesting documents concerning similar subject matter. The Company has been cooperating with the California Department of Insurance and providing documents and information in response to this subpoena.

In December 2016, the Company received a CID from the U.S. Attorney's Office for the Northern District of New York requesting documents and information in connection with a federal False Claims Act investigation concerning whether the Company's retail pharmacies improperly submitted certain insulin claims to Part D of the Medicare program rather than Part B of the Medicare program. The Company has been cooperating with the government and providing documents and information in response to this CID.

In May 2017, the Company received a CID from the U.S. Attorney's Office for the Southern District of New York requesting documents and information concerning possible false claims submitted to Medicare in connection with reimbursements for prescription drugs under the Medicare Part D program. The Company has been cooperating with the government and providing documents and information in response to this CID.

Provider Proceedings

The Company is named as a defendant in purported class actions and individual lawsuits arising out of its practices related to the payment of claims for services rendered to its members by health care providers with whom the Company has a contract and with whom the Company does not have a contract ("out-of-network providers"). Among other things, these lawsuits allege that the Company paid too little to its health plan members and/or providers for these services and/or otherwise allege that the Company failed to timely or appropriately pay or administer claims and benefits (including the Company's post payment audit and collection practices and reductions in payments to providers due to sequestration). Other major health insurers are the subject of similar litigation or have settled similar litigation.

On October 28, 2016, Aetna was named as a respondent in an arbitration proceeding that had commenced as a lawsuit in Florida state court on August 25, 2015. The arbitration proceeding was brought by hospitals owned by HCA Holdings, Inc. with respect to Aetna's out-of-network benefit payment and administration practices in Florida relating to services and care rendered to members in Aetna's individual Public Exchange products from 2014 through 2016. Coverage under Aetna's individual Public Exchange products in Florida was not available after December 31, 2016. On October 15, 2018, the arbitrator awarded the claimant hospitals approximately $150 million . The Company is defending itself against the claimant hospitals' claims and has appealed the arbitrator's decision.

The Company also has received subpoenas and/or requests for documents and other information from, and been investigated by, attorneys general and other state and/or federal regulators, legislators and agencies relating to, and the Company is involved in other litigation regarding, its out-of-network benefit payment and administration practices. It is reasonably possible that others could initiate additional litigation or additional regulatory action against the Company with respect to its out-of-network benefit payment and/or administration practices.

CMS Actions

CMS regularly audits the Company's performance to determine its compliance with CMS's regulations and its contracts with CMS and to assess the quality of services it provides to Medicare beneficiaries. CMS uses various payment mechanisms to allocate and adjust premium payments to the Company's and other companies' Medicare plans by considering the applicable health status of Medicare members as supported by information prepared, maintained and provided by health care providers. The Company collects claim and encounter data from providers and generally relies on providers to appropriately code their submissions to the Company and document their medical records, including the diagnosis data submitted to the Company with claims. CMS pays increased premiums to Medicare Advantage plans and Medicare PDP plans for members who have certain medical conditions identified with specific diagnosis codes. Federal regulators review and audit the providers' medical records to determine whether those records support the related diagnosis codes that determine the members' health status and the resulting risk-adjusted premium payments to the Company. In that regard, CMS has instituted risk adjustment data validation ("RADV") audits of various Medicare Advantage plans, including certain of the Company's plans, to validate coding practices and supporting medical record documentation maintained by health care providers and the resulting risk adjusted premium payments to the plans. CMS may require the Company to refund premium payments if the Company's risk adjusted premiums are not properly supported by medical record data. The Office of Inspector General (the "OIG") also is auditing the Company's risk adjustment-related data and that of other companies. The Company expects CMS and the OIG to continue these types of audits.

In 2012, CMS revised its audit methodology for RADV audits to determine refunds payable by Medicare Advantage plans for contract year 2011 and forward. Under the revised methodology, among other things, CMS will project the error rate identified in the audit sample of approximately 200 members to all risk adjusted premium payments made under the contract being audited. For contract years prior to 2011, CMS did not project sample error rates to the entire contract. As a result, the revised methodology may increase the Company's exposure to premium refunds to CMS based on incomplete medical records maintained by providers. Since 2013, CMS has selected certain of the Company's Medicare Advantage contracts for various contract years for RADV audit. The Company is currently unable to predict which of its Medicare Advantage contracts will be selected for future audit, the amounts of any retroactive refunds of, or prospective adjustments to, Medicare Advantage premium payments made to the Company, the effect of any such refunds or adjustments on the actuarial soundness of the Company's Medicare Advantage bids, or whether any RADV audit findings would require the Company to change its method of estimating future premium revenue in future bid submissions to CMS or compromise premium assumptions made in the Company's bids for prior contract years, the current contract year or future contract years. Any premium or fee refunds or adjustments resulting from regulatory audits, whether as a result of RADV, Public Exchange related or other audits by CMS, the OIG, HHS or otherwise, including audits of the Company's minimum MLR rebates, methodology and/or reports, could be material and could adversely affect the Company's results of operations, financial condition and/or cash flows.

Medicare CIDs

The Company has received CIDs from the Civil Division of the DOJ in connection with a current investigation of the Company's patient chart review processes in connection with risk adjustment data submissions under Parts C and D of the Medicare program. The Company has been cooperating with the government and providing documents and information in response to these CIDs.

Tunney Act Proceeding

On October 10, 2018, the Company and Aetna entered into a consent decree with the DOJ that allowed CVS Health's proposed acquisition of Aetna to proceed, provided Aetna agreed to sell its individual standalone Medicare Part D prescription drug plans. As permitted by the asset preservation stipulation and order dated October 25, 2018, CVS Health completed its acquisition of Aetna on November 28, 2018, and Aetna completed the sale of such plans on November 30, 2018. The consent decree remains subject to the court approval process under the Antitrust Procedures and Penalties Act, which could result in a revision in or delay in receiving approval of the consent decree. The approval process is for the limited purpose of determining whether the consent decree is in the public interest. The Company believes that the consent decree will not have a material impact on the Company's results of operations, cash flows or financial condition.

Other Legal and Regulatory Proceedings .

The Company is also a party to other legal proceedings and is subject to government investigations, inquiries and audits and has received and is cooperating with the government in response to CIDs, subpoenas or similar process from various governmental agencies requesting information, all arising in the ordinary course of its businesses. These other legal proceedings include claims of or relating to bad faith, medical malpractice, non-compliance with state and federal regulatory regimes, marketing misconduct, failure to timely or appropriately pay or administer claims and benefits, provider network structure (including the use of performance-based networks and termination of provider contracts), rescission of insurance coverage, improper disclosure or use of personal information, anticompetitive practices, general contractual matters, product liability, intellectual property litigation and employment litigation. Some of these other legal proceedings are or are purported to be class actions or derivative claims. The Company is defending itself against the claims brought in these matters.

Awards to the Company and others of certain government contracts, particularly Medicaid contracts and contracts with government customers in the Company's Commercial Health Care Benefits segment, are subject to increasingly frequent protests by unsuccessful bidders. These protests may result in awards to the Company being reversed, delayed or modified. The loss or delay in implementation of any government contract could adversely affect the Company's results of operations. The Company will continue to defend contract awards it receives.

There also continues to be a heightened level of review and/or audit by regulatory authorities of, and increased litigation regarding, the Company's and the rest of the health care and related benefits industry's business and reporting practices, including premium rate increases, utilization management, development and application of medical policies, complaint, grievance and appeal processing, information privacy, provider network structure (including provider network adequacy, the use of performance-based networks and termination of provider contracts), provider directory accuracy, calculation of minimum medical loss ratios and/or payment of related rebates, delegated arrangements, rescission of insurance coverage, limited benefit health products, student health products, pharmacy benefit management practices (including the use of narrow networks and the placement of drugs in formulary tiers), sales practices, customer service practices, vendor oversight and claim payment practices (including payments to out-of-network providers).

As a leading national health care company, the Company regularly is the subject of government actions of the types described above. These government actions may prevent or delay the Company from implementing planned premium rate increases and may result, and have resulted, in restrictions on the Company's businesses, changes to or clarifications of the Company's business practices, retroactive adjustments to premiums, refunds or other payments to members, beneficiaries, states or the federal government, withholding of premium payments to the Company by government agencies, assessments of damages, civil or criminal fines or penalties, or other sanctions, including the possible suspension or loss of licensure and/or suspension or exclusion from participation in government programs.

The Company can give no assurance, however, that its businesses, financial condition, results of operations and/or cash flows will not be materially adversely affected, or that the Company will not be required to materially change its business practices, based on: (i) future enactment of new health care or other laws or regulations; (ii) the interpretation or application of existing laws or regulations as they may relate to one or more of the Company's businesses, one or more of the industries in which the

Company competes and/or the health care industry generally; (iii) pending or future federal or state governmental investigations of one or more of the Company's businesses, one or more of the industries in which the Company competes and/or the health care industry generally; (iv) pending or future government audits, investigations or enforcement actions against the Company; (v) adverse developments in any pending *qui tam* lawsuit against the Company, whether sealed or unsealed, or in any future *qui tam* lawsuit that may be filed against the Company; or (vi) adverse developments in pending or future legal proceedings against the Company or affecting one or more of the industries in which the Company competes and/or the health care industry generally.

17. Segment Reporting

The Company currently has three operating segments, Pharmacy Services, Retail/LTC and Health Care Benefits, as well as a Corporate/Other segment. The Company's segments maintain separate financial information for which results of operations are evaluated on a regular basis by the Company's chief operating decision maker in deciding how to allocate resources and in assessing performance.

The Company evaluates its Pharmacy Services, Retail/LTC and Health Care Benefits segments' performance based on operating income (loss) and operating income (loss) before the effect of (i) nonrecurring charges or gains and (ii) certain intersegment activities. The chief operating decision maker does not use total assets by segment to make decisions regarding resources. Therefore the total asset disclosure by segment has not been included. See Note 1 "Significant Accounting Policies" for a description of the Pharmacy Services, Retail/LTC, Health Care Benefits and Corporate/Other segments and related significant accounting policies.

In 2018 , 2017 and 2016 , approximately 9.8% , 12.3% and 11.7% , respectively, of the Company's consolidated revenues were from Aetna, a Pharmacy Services segment client. On November 28, 2018, the Company completed the Aetna Acquisition. Subsequent to the Aetna Acquisition, transactions with Aetna will continue to be reported within the Pharmacy Services segment, but are eliminated in the Company's consolidated financial statements.

Effective for the first quarter of 2019, the Company will realign the composition of its segments to correspond with changes to its operating model. As a result of this realignment, the Company's Silverscript PDP will move from the Pharmacy Services segment to the Health Care Benefits segment. In addition, the Company will move Aetna's mail order and specialty pharmacy operations from the Health Care Benefits segment to the Pharmacy Services segment.

Aetna 3rd Quarter 2018 10-Q Legal Matters

☐ **TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the transition period from _____ to_____

Commission File Number: 1-16095

Aetna Inc.
(Exact name of registrant as specified in its charter)

Pennsylvania (State or other jurisdiction of incorporation or organization)	**23-2229683** (I.R.S. Employer Identification No.)
151 Farmington Avenue, Hartford, CT (Address of principal executive offices)	**06156** (Zip Code)
Registrant's telephone number, including area code:	**(860) 273-0123**

Former name, former address and former fiscal year, if changed since last report: **N/A**

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. ☑ **Yes** ☐ **No**

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). ☑ **Yes** ☐ **No**

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☑	Accelerated filer ☐
Non-accelerated filer ☐	Smaller reporting company ☐
	Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). ☐ **Yes** ☑ **No**

There were 327.4 million shares of the registrant's voting common stock with a par value of $.01 per share outstanding at September 30, 2018.

14. Commitments and Contingencies

Guaranty Fund Assessments, Market Stabilization and Other Non-Voluntary Risk Sharing Pools
Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (in most states up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The life and health insurance guaranty associations in which we participate that operate under these laws respond to insolvencies of long-term care insurers as well as health insurers. Our assessments generally are based on a formula relating to our health care premiums in the state compared to the premiums of other insurers. Certain states allow assessments to be recovered over time as offsets to premium taxes. Some states have similar laws relating to HMOs and/or other payors such as not-for-profit consumer-governed health plans established under the ACA.

In 2009, the Pennsylvania Insurance Commissioner (the "Commissioner") placed long-term care insurer Penn Treaty Network America Insurance Company and one of its subsidiaries (collectively, "Penn Treaty") in rehabilitation, an intermediate action before insolvency, and subsequently petitioned a state court to convert the rehabilitation into a liquidation. Penn Treaty was placed in liquidation in March 2017. During the first quarter of 2017, we recorded a discounted estimated liability and expense of $231 million pretax for our estimated share of future assessments by applicable life and health guaranty associations which reflects a 3.5% discount rate. The undiscounted estimated liability was $347 million. The expense was recorded in operating expenses in our Consolidated Statements of Income, and the liability was recorded in accrued expenses and other current liabilities in our Consolidated Balance Sheets. We did not record an asset for expected premium tax offsets for our in force business at September 30, 2018, as the amount was not material. It is reasonably possible that in the future we may record a liability and expense relating to other insolvencies which could have a material adverse effect on our operating results, financial position and cash flows. While historically we have ultimately recovered more than half of guaranty fund assessments through statutorily permitted premium tax offsets, significant increases in assessments could lead to legislative and/or regulatory actions that may limit future offsets.

HMOs in certain states in which we do business are subject to assessments, including market stabilization and other risk-sharing pools, for which we are assessed charges based on incurred claims, demographic membership mix and other factors. We establish liabilities for these assessments based on applicable laws and regulations. In certain states, the ultimate assessments we pay are dependent upon our experience relative to other entities subject to the assessment, and the ultimate liability is not known at the financial statement date. While the ultimate amount of the assessment is dependent upon the experience of all pool participants, we believe we have adequate reserves to cover such assessments.

Litigation and Regulatory Proceedings
Out-of-Network Benefit Proceedings
We are named as a defendant in several purported class actions and individual lawsuits arising out of our practices related to the payment of claims for services rendered to our members by health care providers with whom we do not have a contract ("out-of-network providers"). Among other things, these lawsuits allege that we paid too little to our health plan members and/or providers for these services, among other reasons, because of our use of data provided by Ingenix, Inc., a subsidiary of one of our competitors ("Ingenix"). Other major health insurers are the subject of similar litigation or have settled similar litigation.

Various plaintiffs who are health care providers or medical associations seek to represent nationwide classes of out-of-network providers who provided services to our members during the period from 2001 to the present. Various plaintiffs who are members in our health plans seek to represent nationwide classes of our members who received services from out-of-network providers during the period from 2001 to the present. Taken together, these lawsuits allege that we violated state law, the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), the Racketeer Influenced and Corrupt Organizations Act ("RICO") and federal antitrust laws, either acting alone or in concert with our competitors. The purported classes seek reimbursement of all unpaid benefits, recalculation and repayment of deductible and coinsurance amounts, unspecified damages and treble damages, statutory penalties, injunctive and declaratory relief, plus interest, costs and attorneys' fees, and seek to disqualify us from acting as a fiduciary of any benefit plan that is subject to ERISA. Individual lawsuits that generally contain similar allegations and seek similar relief have been brought by health plan members and out-of-network providers.

The first class action case was commenced on July 30, 2007. The federal Judicial Panel on Multi-District Litigation (the "MDL Panel") has consolidated these class action cases in the U.S. District Court for the District of New Jersey (the "New Jersey District Court") under the caption *In re: Aetna UCR Litigation,* MDL No. 2020 ("MDL 2020"). In addition, the MDL Panel has transferred the individual lawsuits to MDL 2020. On May 9, 2011, the New Jersey District Court dismissed the physician plaintiffs from MDL 2020 without prejudice. The New Jersey District Court's action followed a ruling by the United States District Court for the Southern District of Florida (the "Florida District Court") that the physician plaintiffs were enjoined from

participating in MDL 2020 due to a prior settlement and release. The United States Court of Appeals for the Eleventh Circuit has dismissed the physician plaintiffs' appeal of the Florida District Court's ruling.

On December 6, 2012, we entered into an agreement to settle MDL 2020. Under the terms of the proposed nationwide settlement, we would have been released from claims relating to our out-of-network reimbursement practices from the beginning of the applicable settlement class period through August 30, 2013. The settlement agreement did not contain an admission of wrongdoing. The medical associations were not parties to the settlement agreement.

Under the settlement agreement, we would have paid up to $120 million to fund claims submitted by health plan members and health care providers who were members of the settlement classes. These payments also would have funded the legal fees of plaintiffs' counsel and the costs of administering the settlement. In connection with the proposed settlement, the Company recorded an after-tax charge to net income attributable to Aetna of $78 million in the fourth quarter of 2012.

The settlement agreement provided us the right to terminate the agreement under certain conditions related to settlement class members who opted out of the settlement. Based on a report provided to the parties by the settlement administrator, the conditions permitting us to terminate the settlement agreement were satisfied. On March 13, 2014, we notified the New Jersey District Court and plaintiffs' counsel that we were terminating the settlement agreement. Various legal and factual developments since the date of the settlement agreement led us to believe terminating the settlement agreement was in our best interests. As a result of this termination, we released the reserve established in connection with the settlement agreement, net of amounts due to the settlement administrator, which reduced first quarter 2014 other general and administrative expenses by $103 million pretax.

On June 30, 2015, the New Jersey District Court granted in part our motion to dismiss the proceeding. The New Jersey District Court dismissed with prejudice the plaintiffs' RICO and federal antitrust claims; their ERISA claims that are based on our disclosures and our purported breach of fiduciary duties; and certain of their state law claims. The New Jersey District Court also dismissed with prejudice all claims asserted by several medical association plaintiffs. The plaintiffs' remaining claims are for ERISA benefits and breach of contract. On June 30, 2018, the New Jersey District Court denied the plaintiffs' request for class certification of the plaintiffs' remaining claims. On October 4, 2018, the lead plaintiffs informed the New Jersey District Court that they would voluntarily dismiss their claims with prejudice. The New Jersey District Court and the parties will address any claims that remain after these dismissals.

On October 28, 2016, we were named as a respondent in an arbitration proceeding that had commenced as a lawsuit in Florida state court on August 25, 2015. The arbitration proceeding was brought by hospitals owned by HCA Holdings, Inc. with respect to our out-of-network benefit payment and administration practices in Florida relating to services and care rendered to members in our individual Public Exchange products from 2014 through 2016. Coverage under our individual Public Exchange products in Florida was not available after December 31, 2016. On October 15, 2018, the arbitrator awarded the claimant hospitals approximately $150 million. We intend to continue to defend ourselves vigorously against the claimant hospitals' claims and to appeal the arbitrator's decision.

We also have received subpoenas and/or requests for documents and other information from, and been investigated by, attorneys general and other state and/or federal regulators, legislators and agencies relating to, and we are involved in other litigation regarding, our out-of-network benefit payment and administration practices. It is reasonably possible that others could initiate additional litigation or additional regulatory action against us with respect to our out-of-network benefit payment and/or administration practices.

CMS Actions

CMS regularly audits our performance to determine our compliance with CMS's regulations and our contracts with CMS and to assess the quality of services we provide to Medicare beneficiaries. CMS uses various payment mechanisms to allocate and adjust premium payments to our and other companies' Medicare plans by considering the applicable health status of Medicare members as supported by information prepared, maintained and provided by health care providers. We collect claim and encounter data from providers and generally rely on providers to appropriately code their submissions to us and document their medical records, including the diagnosis data submitted to us with claims. CMS pays increased premiums to Medicare Advantage plans and prescription drug program plans for members who have certain medical conditions identified with specific diagnosis codes. Federal regulators review and audit the providers' medical records to determine whether those records support the related diagnosis codes that determine the members' health status and the resulting risk-adjusted premium payments to us. In that regard, CMS has instituted risk adjustment data validation ("RADV") audits of various Medicare Advantage plans, including certain of the Company's plans, to validate coding practices and supporting medical record documentation maintained by health care providers and the resulting risk adjusted premium payments to the plans. CMS may require us to refund premium payments if our risk adjusted premiums are not properly supported by medical record data. The

Office of Inspector General (the "OIG") also is auditing our risk adjustment-related data and that of other companies. We expect CMS and the OIG to continue these types of audits.

CMS revised its audit methodology for RADV audits to determine refunds payable by Medicare Advantage plans for contract year 2011 and forward. Under the revised methodology, among other things, CMS will project the error rate identified in the audit sample of approximately 200 members to all risk adjusted premium payments made under the contract being audited. Historically, CMS did not project sample error rates to the entire contract. As a result, the revised methodology may increase our exposure to premium refunds to CMS based on incomplete medical records maintained by providers. Since 2013, CMS has selected certain of our Medicare Advantage contracts for various contract years for RADV audit. We are currently unable to predict which of our Medicare Advantage contracts will be selected for future audit, the amounts of any retroactive refunds of, or prospective adjustments to, Medicare Advantage premium payments made to us, the effect of any such refunds or adjustments on the actuarial soundness of our Medicare Advantage bids, or whether any RADV audit findings would cause a change to our method of estimating future premium revenue in future bid submissions to CMS or compromise premium assumptions made in our bids for prior contract years, the current contract year or future contract years. Any premium or fee refunds or adjustments resulting from regulatory audits, whether as a result of RADV, Public Exchange related or other audits by CMS, the OIG, HHS or otherwise, including audits of our minimum medical loss ratio rebates, methodology and/or reports, could be material and could adversely affect our operating results, financial position and cash flows.

Other Litigation and Regulatory Proceedings

We are involved in numerous other lawsuits arising, for the most part, in the ordinary course of our business operations, including claims of or relating to bad faith, medical malpractice, non-compliance with state and federal regulatory regimes, marketing misconduct, failure to timely or appropriately pay or administer claims and benefits in our Health Care and divested group insurance businesses (including our post-payment audit and collection practices and reductions in payments to providers due to sequestration), provider network structure (including the use of performance-based networks and termination of provider contracts), provider directory accuracy, rescission of insurance coverage, improper disclosure of personal information, anticompetitive practices, intellectual property litigation, other legal proceedings in our Health Care and divested group insurance businesses and employment litigation. Some of these other lawsuits are or are purported to be class actions. We intend to defend ourselves vigorously against the claims brought in these matters.

Awards to us and others of certain government contracts, particularly Medicaid contracts and contracts with government customers in our Commercial business, are subject to increasingly frequent protests by unsuccessful bidders. These protests may result in awards to us being reversed, delayed or modified. The loss or delay in implementation of any government contract could adversely affect our operating results. We will continue to defend vigorously contract awards we receive.

In addition, our operations, current and past business practices, current and past contracts, and accounts and other books and records are subject to routine, regular and special investigations, audits, examinations and reviews by, and from time to time we receive subpoenas and other requests for information from, CMS, the U.S. Department of Health and Human Services, various state insurance and health care regulatory authorities, state attorneys general, treasurers and offices of inspector general, the Center for Consumer Information and Insurance Oversight, the OIG, the Office of Personnel Management, the U.S. Department of Labor, the U.S. Department of the Treasury, the U.S. Food and Drug Administration, committees, subcommittees and members of the U.S. Congress, the DOJ, the Federal Trade Commission, U.S. attorneys and other state, federal and international governmental authorities. These government actions include inquiries by, and testimony before, certain members, committees and subcommittees of the U.S. Congress regarding the CVS Health Transaction, our withdrawal from certain states' Public Exchanges for 2017, certain of our current and past business practices, including our overall claims processing and payment practices, our business practices with respect to our small group products, student health products or individual customers (such as market withdrawals, rating information, premium increases and medical benefit ratios), executive compensation matters and travel and entertainment expenses, as well as the investigations by, and subpoenas and requests from, attorneys general and others described above under "Out-of-Network Benefit Proceedings." We also have produced documents and information to the Civil Division of the DOJ in cooperation with a current investigation of our patient chart review processes in connection with risk adjustment data submissions under Parts C and D of the Medicare program.

A significant number of states are investigating life insurers' claims payment and related escheat practices. These investigations have resulted in significant charges to earnings by other life insurers in connection with related settlements. We have received requests for information from a number of states, and certain of our subsidiaries are being audited, with respect to our life insurance claim payment and related escheat practices. In the fourth quarter of 2013, we made changes to our life insurance claim payment practices (including related escheatment practices) based on evolving industry practices and regulatory expectations and interpretations, including expanding our existing use of the Social Security Administration's Death Master File to identify additional potentially unclaimed death benefits and locate applicable beneficiaries. Given the judicial, legislative and regulatory uncertainty with respect to life insurance claim payment and related escheat practices, it is reasonably

possible that we may incur liability related to those practices, whether as a result of litigation, government actions or otherwise, which could adversely affect our operating results and cash flows.

There also continues to be a heightened level of review and/or audit by regulatory authorities of, and increased litigation regarding, our and the rest of the health care and related benefits industry's business and reporting practices, including premium rate increases, utilization management, development and application of medical policies, complaint, grievance and appeal processing, information privacy, provider network structure (including provider network adequacy, the use of performance-based networks and termination of provider contracts), provider directory accuracy, calculation of minimum medical loss ratios and/or payment of related rebates, delegated arrangements, rescission of insurance coverage, limited benefit health products, student health products, pharmacy benefit management practices (including the use of narrow networks and the placement of drugs in formulary tiers), sales practices, customer service practices, vendor oversight and claim payment practices (including payments to out-of-network providers).

As a leading national health and related benefits company, we regularly are the subject of government actions of the types described above. These government actions may prevent or delay us from implementing planned premium rate increases and may result, and have resulted, in restrictions on our business, changes to or clarifications of our business practices, retroactive adjustments to premiums, refunds or other payments to members, beneficiaries, states or the federal government, withholding of premium payments to us by government agencies, assessments of damages, civil or criminal fines or penalties, or other sanctions, including the possible suspension or loss of licensure and/or suspension or exclusion from participation in government programs.

Estimating the probable losses or a range of probable losses resulting from litigation, government actions and other legal proceedings is inherently difficult and requires an extensive degree of judgment, particularly where the matters involve indeterminate claims for monetary damages, involve claims for injunctive relief, may involve fines, penalties or punitive damages that are discretionary in amount, involve a large number of claimants or regulatory authorities, represent a change in regulatory policy, present novel legal theories, are in the early stages of the proceedings, are subject to appeal or could result in changes in business practices. In addition, because most legal proceedings are resolved over long periods of time, potential losses are subject to change due to, among other things, new developments, changes in litigation strategy, the outcome of intermediate procedural and substantive rulings and other parties' settlement posture and their evaluation of the strength or weakness of their case against us. Except as specifically noted above under "Other Litigation and Regulatory Proceedings," we are currently unable to predict the ultimate outcome of, or reasonably estimate the losses or a range of losses resulting from, the matters described above under "Litigation and Regulatory Proceedings", and it is reasonably possible that their outcome could be material to us.

15. Segment Information

Effective for the first quarter of 2018, we realigned our business segments to correspond with changes to our management structure and internal management reporting which reflect our evolving business strategy of helping our members live healthier lives. Refer to Note 1 for further discussion.

Non-GAAP financial measures we disclose, such as adjusted earnings and pre-tax adjusted earnings, should not be considered a substitute for, or superior to, financial measures determined or calculated in accordance with GAAP. The chief executive officer assesses our consolidated results based on adjusted earnings and assesses business segment results based on pre-tax adjusted earnings because income taxes are recorded in our Corporate/Other category and are not allocated to our business operations.

Aetna 2nd Quarter 2018 10-Q Legal Matters

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

(Mark One)

☑ **QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the quarterly period ended June 30, 2018

or

☐ **TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the transition period from _____ to_____

Commission File Number: 1-16095

Aetna Inc.
(Exact name of registrant as specified in its charter)

Pennsylvania (State or other jurisdiction of incorporation or organization)	**23-2229683** (I.R.S. Employer Identification No.)
151 Farmington Avenue, Hartford, CT (Address of principal executive offices)	**06156** (Zip Code)
Registrant's telephone number, including area code:	**(860) 273-0123**

Former name, former address and former fiscal year, if changed since last report: **N/A**

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. ☑ **Yes** ☐ **No**

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

☑ **Yes** ☐ **No**

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☑	Accelerated filer ☐
Non-accelerated filer ☐ (Do not check if a smaller reporting company)	Smaller reporting company ☐
	Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). ☐ **Yes** ☑ **No**

There were 327.4 million shares of the registrant's voting common stock with a par value of $.01 per share outstanding at June 30, 2018.

14. Commitments and Contingencies

Guaranty Fund Assessments, Market Stabilization and Other Non-Voluntary Risk Sharing Pools
Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (in most states up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The life and health insurance guaranty associations in which we participate that operate under these laws respond to insolvencies of long-term care insurers as well as health insurers. Our assessments generally are based on a formula relating to our health care premiums in the state compared to the premiums of other insurers. Certain states allow assessments to be recovered over time as offsets to premium taxes. Some states have similar laws relating to HMOs and/or other payors such as not-for-profit consumer-governed health plans established under the ACA.

In 2009, the Pennsylvania Insurance Commissioner (the "Commissioner") placed long-term care insurer Penn Treaty Network America Insurance Company and one of its subsidiaries (collectively, "Penn Treaty") in rehabilitation, an intermediate action before insolvency, and subsequently petitioned a state court to convert the rehabilitation into a liquidation. Penn Treaty was placed in liquidation in March 2017. During the first quarter of 2017, we recorded a discounted estimated liability and expense of $231 million pretax for our estimated share of future assessments by applicable life and health guaranty associations which reflects a 3.5% discount rate. The undiscounted estimated liability was $347 million. The expense was recorded in operating expenses in our Consolidated Statements of Income, and the liability was recorded in accrued expenses and other current liabilities in our Consolidated Balance Sheets. We did not record an asset for expected premium tax offsets for our in force business at June 30, 2018 as the amount was not material. It is reasonably possible that in the future we may record a liability and expense relating to other insolvencies which could have a material adverse effect on our operating results, financial position and cash flows. While historically we have ultimately recovered more than half of guaranty fund assessments through statutorily permitted premium tax offsets, significant increases in assessments could lead to legislative and/or regulatory actions that may limit future offsets.

HMOs in certain states in which we do business are subject to assessments, including market stabilization and other risk-sharing pools, for which we are assessed charges based on incurred claims, demographic membership mix and other factors. We establish liabilities for these assessments based on applicable laws and regulations. In certain states, the ultimate assessments we pay are dependent upon our experience relative to other entities subject to the assessment, and the ultimate liability is not known at the financial statement date. While the ultimate amount of the assessment is dependent upon the experience of all pool participants, we believe we have adequate reserves to cover such assessments.

Litigation and Regulatory Proceedings
Out-of-Network Benefit Proceedings
We are named as a defendant in several purported class actions and individual lawsuits arising out of our practices related to the payment of claims for services rendered to our members by health care providers with whom we do not have a contract ("out-of-network providers"). Among other things, these lawsuits allege that we paid too little to our health plan members and/or providers for these services, among other reasons, because of our use of data provided by Ingenix, Inc., a subsidiary of one of our competitors ("Ingenix"). Other major health insurers are the subject of similar litigation or have settled similar litigation.

Various plaintiffs who are health care providers or medical associations seek to represent nationwide classes of out-of-network providers who provided services to our members during the period from 2001 to the present. Various plaintiffs who are members in our health plans seek to represent nationwide classes of our members who received services from out-of-network providers during the period from 2001 to the present. Taken together, these lawsuits allege that we violated state law, the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), the Racketeer Influenced and Corrupt Organizations Act ("RICO") and federal antitrust laws, either acting alone or in concert with our competitors. The purported classes seek reimbursement of all unpaid benefits, recalculation and repayment of deductible and coinsurance amounts, unspecified damages and treble damages, statutory penalties, injunctive and declaratory relief, plus interest, costs and attorneys' fees, and seek to disqualify us from acting as a fiduciary of any benefit plan that is subject to ERISA. Individual lawsuits that generally contain similar allegations and seek similar relief have been brought by health plan members and out-of-network providers.

The first class action case was commenced on July 30, 2007. The federal Judicial Panel on Multi-District Litigation (the "MDL Panel") has consolidated these class action cases in the U.S. District Court for the District of New Jersey (the "New Jersey District Court") under the caption *In re: Aetna UCR Litigation,* MDL No. 2020 ("MDL 2020"). In addition, the MDL Panel has transferred the individual lawsuits to MDL 2020. On May 9, 2011, the New Jersey District Court dismissed the physician plaintiffs from MDL 2020 without prejudice. The New Jersey District Court's action followed a ruling by the United States District Court for the Southern District of Florida (the "Florida District Court") that the physician plaintiffs were enjoined from

participating in MDL 2020 due to a prior settlement and release. The United States Court of Appeals for the Eleventh Circuit has dismissed the physician plaintiffs' appeal of the Florida District Court's ruling.

On December 6, 2012, we entered into an agreement to settle MDL 2020. Under the terms of the proposed nationwide settlement, we would have been released from claims relating to our out-of-network reimbursement practices from the beginning of the applicable settlement class period through August 30, 2013. The settlement agreement did not contain an admission of wrongdoing. The medical associations were not parties to the settlement agreement.

Under the settlement agreement, we would have paid up to $120 million to fund claims submitted by health plan members and health care providers who were members of the settlement classes. These payments also would have funded the legal fees of plaintiffs' counsel and the costs of administering the settlement. In connection with the proposed settlement, the Company recorded an after-tax charge to net income attributable to Aetna of $78 million in the fourth quarter of 2012.

The settlement agreement provided us the right to terminate the agreement under certain conditions related to settlement class members who opted out of the settlement. Based on a report provided to the parties by the settlement administrator, the conditions permitting us to terminate the settlement agreement were satisfied. On March 13, 2014, we notified the New Jersey District Court and plaintiffs' counsel that we were terminating the settlement agreement. Various legal and factual developments since the date of the settlement agreement led us to believe terminating the settlement agreement was in our best interests. As a result of this termination, we released the reserve established in connection with the settlement agreement, net of amounts due to the settlement administrator, which reduced first quarter 2014 other general and administrative expenses by $103 million pretax.

On June 30, 2015, the New Jersey District Court granted in part our motion to dismiss the proceeding. The New Jersey District Court dismissed with prejudice the plaintiffs' RICO and federal antitrust claims; their ERISA claims that are based on our disclosures and our purported breach of fiduciary duties; and certain of their state law claims. The New Jersey District Court also dismissed with prejudice all claims asserted by several medical association plaintiffs. The plaintiffs' remaining claims are for ERISA benefits and breach of contract. On June 30, 2018, the New Jersey District Court denied the plaintiffs' request for class certification of the plaintiffs' remaining claims. At present, the case is proceeding in the New Jersey District Court on behalf of the named plaintiffs only.

We also have received subpoenas and/or requests for documents and other information from, and been investigated by, attorneys general and other state and/or federal regulators, legislators and agencies relating to, and we are involved in other litigation regarding, our out-of-network benefit payment and administration practices. It is reasonably possible that others could initiate additional litigation or additional regulatory action against us with respect to our out-of-network benefit payment and/or administration practices.

CMS Actions

The Centers for Medicare & Medicaid Services ("CMS") regularly audits our performance to determine our compliance with CMS's regulations and our contracts with CMS and to assess the quality of services we provide to Medicare beneficiaries. CMS uses various payment mechanisms to allocate and adjust premium payments to our and other companies' Medicare plans by considering the applicable health status of Medicare members as supported by information prepared, maintained and provided by health care providers. We collect claim and encounter data from providers and generally rely on providers to appropriately code their submissions to us and document their medical records, including the diagnosis data submitted to us with claims. CMS pays increased premiums to Medicare Advantage plans and prescription drug program plans for members who have certain medical conditions identified with specific diagnosis codes. Federal regulators review and audit the providers' medical records to determine whether those records support the related diagnosis codes that determine the members' health status and the resulting risk-adjusted premium payments to us. In that regard, CMS has instituted risk adjustment data validation ("RADV") audits of various Medicare Advantage plans, including certain of the Company's plans, to validate coding practices and supporting medical record documentation maintained by health care providers and the resulting risk adjusted premium payments to the plans. CMS may require us to refund premium payments if our risk adjusted premiums are not properly supported by medical record data. The Office of Inspector General (the "OIG") also is auditing our risk adjustment-related data and that of other companies. We expect CMS and the OIG to continue these types of audits.

CMS revised its audit methodology for RADV audits to determine refunds payable by Medicare Advantage plans for contract year 2011 and forward. Under the revised methodology, among other things, CMS will project the error rate identified in the audit sample of approximately 200 members to all risk adjusted premium payments made under the contract being audited. Historically, CMS did not project sample error rates to the entire contract. As a result, the revised methodology may increase our exposure to premium refunds to CMS based on incomplete medical records maintained by providers. Since 2013, CMS has selected certain of our Medicare Advantage contracts for various contract years for RADV audit. We are currently unable to

predict which of our Medicare Advantage contracts will be selected for future audit, the amounts of any retroactive refunds of, or prospective adjustments to, Medicare Advantage premium payments made to us, the effect of any such refunds or adjustments on the actuarial soundness of our Medicare Advantage bids, or whether any RADV audit findings would cause a change to our method of estimating future premium revenue in future bid submissions to CMS or compromise premium assumptions made in our bids for prior contract years, the current contract year or future contract years. Any premium or fee refunds or adjustments resulting from regulatory audits, whether as a result of RADV, Public Exchange related or other audits by CMS, the OIG, HHS or otherwise, including audits of our minimum medical loss ratio rebates, methodology and/or reports, could be material and could adversely affect our operating results, financial position and cash flows.

Other Litigation and Regulatory Proceedings

We are involved in numerous other lawsuits arising, for the most part, in the ordinary course of our business operations, including claims of or relating to bad faith, medical malpractice, non-compliance with state and federal regulatory regimes, marketing misconduct, failure to timely or appropriately pay or administer claims and benefits in our Health Care and divested group insurance businesses (including our post-payment audit and collection practices and reductions in payments to providers due to sequestration), provider network structure (including the use of performance-based networks and termination of provider contracts), provider directory accuracy, rescission of insurance coverage, improper disclosure of personal information, anticompetitive practices, intellectual property litigation, other legal proceedings in our Health Care and divested group insurance businesses and employment litigation. Some of these other lawsuits are or are purported to be class actions. We intend to defend ourselves vigorously against the claims brought in these matters.

Awards to us and others of certain government contracts, particularly Medicaid contracts and contracts with government customers in our Commercial business, are subject to increasingly frequent protests by unsuccessful bidders. These protests may result in awards to us being reversed, delayed or modified. The loss or delay in implementation of any government contract could adversely affect our operating results. We will continue to defend vigorously contract awards we receive.

In addition, our operations, current and past business practices, current and past contracts, and accounts and other books and records are subject to routine, regular and special investigations, audits, examinations and reviews by, and from time to time we receive subpoenas and other requests for information from, CMS, the U.S. Department of Health and Human Services, various state insurance and health care regulatory authorities, state attorneys general, treasurers and offices of inspector general, the Center for Consumer Information and Insurance Oversight, the OIG, the Office of Personnel Management, the U.S. Department of Labor, the U.S. Department of the Treasury, the U.S. Food and Drug Administration, committees, subcommittees and members of the U.S. Congress, the DOJ, the Federal Trade Commission, U.S. attorneys and other state, federal and international governmental authorities. These government actions include inquiries by, and testimony before, certain members, committees and subcommittees of the U.S. Congress regarding the CVS Health Transaction, our withdrawal from certain states' Public Exchanges for 2017, certain of our current and past business practices, including our overall claims processing and payment practices, our business practices with respect to our small group products, student health products or individual customers (such as market withdrawals, rating information, premium increases and medical benefit ratios), executive compensation matters and travel and entertainment expenses, as well as the investigations by, and subpoenas and requests from, attorneys general and others described above under "Out-of-Network Benefit Proceedings." We also have produced documents and information to the Civil Division of the DOJ in cooperation with a current investigation of our patient chart review processes in connection with risk adjustment data submissions under Parts C and D of the Medicare program.

A significant number of states are investigating life insurers' claims payment and related escheat practices. These investigations have resulted in significant charges to earnings by other life insurers in connection with related settlements. We have received requests for information from a number of states, and certain of our subsidiaries are being audited, with respect to our life insurance claim payment and related escheat practices. In the fourth quarter of 2013, we made changes to our life insurance claim payment practices (including related escheatment practices) based on evolving industry practices and regulatory expectations and interpretations, including expanding our existing use of the Social Security Administration's Death Master File to identify additional potentially unclaimed death benefits and locate applicable beneficiaries. Given the judicial, legislative and regulatory uncertainty with respect to life insurance claim payment and related escheat practices, it is reasonably possible that we may incur liability related to those practices, whether as a result of litigation, government actions or otherwise, which could adversely affect our operating results and cash flows.

There also continues to be a heightened level of review and/or audit by regulatory authorities of, and increased litigation regarding, our and the rest of the health care and related benefits industry's business and reporting practices, including premium rate increases, utilization management, development and application of medical policies, complaint, grievance and appeal processing, information privacy, provider network structure (including provider network adequacy, the use of performance-based networks and termination of provider contracts), provider directory accuracy, calculation of minimum medical loss ratios and/or payment of related rebates, delegated arrangements, rescission of insurance coverage, limited benefit health products,

student health products, pharmacy benefit management practices (including the use of narrow networks and the placement of drugs in formulary tiers), sales practices, customer service practices, vendor oversight and claim payment practices (including payments to out-of-network providers).

As a leading national health and related benefits company, we regularly are the subject of government actions of the types described above. These government actions may prevent or delay us from implementing planned premium rate increases and may result, and have resulted, in restrictions on our business, changes to or clarifications of our business practices, retroactive adjustments to premiums, refunds or other payments to members, beneficiaries, states or the federal government, withholding of premium payments to us by government agencies, assessments of damages, civil or criminal fines or penalties, or other sanctions, including the possible suspension or loss of licensure and/or suspension or exclusion from participation in government programs.

Estimating the probable losses or a range of probable losses resulting from litigation, government actions and other legal proceedings is inherently difficult and requires an extensive degree of judgment, particularly where the matters involve indeterminate claims for monetary damages, involve claims for injunctive relief, may involve fines, penalties or punitive damages that are discretionary in amount, involve a large number of claimants or regulatory authorities, represent a change in regulatory policy, present novel legal theories, are in the early stages of the proceedings, are subject to appeal or could result in changes in business practices. In addition, because most legal proceedings are resolved over long periods of time, potential losses are subject to change due to, among other things, new developments, changes in litigation strategy, the outcome of intermediate procedural and substantive rulings and other parties' settlement posture and their evaluation of the strength or weakness of their case against us. Except as specifically noted above under "Other Litigation and Regulatory Proceedings," we are currently unable to predict the ultimate outcome of, or reasonably estimate the losses or a range of losses resulting from, the matters described above under "Litigation and Regulatory Proceedings", and it is reasonably possible that their outcome could be material to us.

15. Segment Information

Effective for the first quarter of 2018, we realigned our business segments to correspond with changes to our management structure and internal management reporting which reflect our evolving business strategy of helping our members live healthier lives. Refer to Note 1 for further discussion.

Non-GAAP financial measures we disclose, such as adjusted earnings and pre-tax adjusted earnings, should not be considered a substitute for, or superior to, financial measures determined or calculated in accordance with GAAP. The chief executive officer assesses our consolidated results based on adjusted earnings and assesses business segment results based on pre-tax adjusted earnings because income taxes are recorded in our Corporate/Other category and are not allocated to our business operations.

Summarized financial information of our segment operations[1] for the three and six months ended June 30, 2018 and 2017 were as follows:

(Millions)	Health Care	Corporate/Other	Total Company
Three Months Ended June 30, 2018			
Revenue from external customers	**$ 15,237**	**$ 141**	**$ 15,378**
Pre-tax adjusted earnings (loss)[2]	**1,602**	**(45)**	**1,557**
Three Months Ended June 30, 2017			
Revenue from external customers	$ 14,700	$ 561	$ 15,261
Pre-tax adjusted earnings (loss)[2]	1,774	(17)	1,757
Six Months Ended June 30, 2018			
Revenue from external customers	**$ 30,232**	**$ 278**	**$ 30,510**
Pre-tax adjusted earnings (loss)[2]	**3,088**	**(93)**	**2,995**
Six Months Ended June 30, 2017			
Revenue from external customers	$ 29,388	$ 1,111	$ 30,499
Pre-tax adjusted earnings (loss)[2]	3,255	(47)	3,208

(1) Total assets by segment are not disclosed as this information is not reviewed by the chief executive officer.

(2) Pre-tax adjusted earnings (loss) excludes net realized capital gains or losses, amortization of other acquired intangible assets and the other items described in the reconciliation below.

Guaranty Fund Assessments, Market Stabilization and Other Non-Voluntary Risk Sharing Pools
Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (in most states up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The life and health insurance guaranty associations in which we participate that operate under these laws respond to insolvencies of long-term care insurers as well as health insurers. Our assessments generally are based on a formula relating to our health care premiums in the state compared to the premiums of other insurers. Certain states allow assessments to be recovered over time as offsets to premium taxes. Some states have similar laws relating to HMOs and/or other payors such as not-for-profit consumer-governed health plans established under the ACA.

In 2009, the Pennsylvania Insurance Commissioner (the "Commissioner") placed long-term care insurer Penn Treaty Network America Insurance Company and one of its subsidiaries (collectively, "Penn Treaty") in rehabilitation, an intermediate action before insolvency, and subsequently petitioned a state court to convert the rehabilitation into a liquidation. Penn Treaty was placed in liquidation in March 2017. During the first quarter of 2017, we recorded a discounted estimated liability and expense of $231 million pretax for our estimated share of future assessments by applicable life and health guaranty associations which reflects a 3.5% discount rate. The undiscounted estimated liability was $347 million. The expense was recorded in operating expenses in our Consolidated Statements of Income, and the liability was recorded in accrued expenses and other current liabilities in our Consolidated Balance Sheets. We did not record an asset for expected premium tax offsets for our in force business at March 31, 2018 as the amount was not material. It is reasonably possible that in the future we may record a liability and expense relating to other insolvencies which could have a material adverse effect on our operating results, financial position and cash flows. While historically we have ultimately recovered more than half of guaranty fund assessments through statutorily permitted premium tax offsets, significant increases in assessments could lead to legislative and/or regulatory actions that may limit future offsets.

HMOs in certain states in which we do business are subject to assessments, including market stabilization and other risk-sharing pools, for which we are assessed charges based on incurred claims, demographic membership mix and other factors. We establish liabilities for these assessments based on applicable laws and regulations. In certain states, the ultimate assessments we pay are dependent upon our experience relative to other entities subject to the assessment, and the ultimate liability is not known at the financial statement date. While the ultimate amount of the assessment is dependent upon the experience of all pool participants, we believe we have adequate reserves to cover such assessments.

Litigation and Regulatory Proceedings
Out-of-Network Benefit Proceedings
We are named as a defendant in several purported class actions and individual lawsuits arising out of our practices related to the payment of claims for services rendered to our members by health care providers with whom we do not have a contract ("out-of-network providers"). Among other things, these lawsuits allege that we paid too little to our health plan members and/or providers for these services, among other reasons, because of our use of data provided by Ingenix, Inc., a subsidiary of one of our competitors ("Ingenix"). Other major health insurers are the subject of similar litigation or have settled similar litigation.

Various plaintiffs who are health care providers or medical associations seek to represent nationwide classes of out-of-network providers who provided services to our members during the period from 2001 to the present. Various plaintiffs who are members in our health plans seek to represent nationwide classes of our members who received services from out-of-network providers during the period from 2001 to the present. Taken together, these lawsuits allege that we violated state law, the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), the Racketeer Influenced and Corrupt Organizations Act ("RICO") and federal antitrust laws, either acting alone or in concert with our competitors. The purported classes seek reimbursement of all unpaid benefits, recalculation and repayment of deductible and coinsurance amounts, unspecified damages and treble damages, statutory penalties, injunctive and declaratory relief, plus interest, costs and attorneys' fees, and seek to disqualify us from acting as a fiduciary of any benefit plan that is subject to ERISA. Individual lawsuits that generally contain similar allegations and seek similar relief have been brought by health plan members and out-of-network providers.

The first class action case was commenced on July 30, 2007. The federal Judicial Panel on Multi-District Litigation (the "MDL Panel") has consolidated these class action cases in the U.S. District Court for the District of New Jersey (the "New Jersey District Court") under the caption *In re: Aetna UCR Litigation,* MDL No. 2020 ("MDL 2020"). In addition, the MDL Panel has transferred the individual lawsuits to MDL 2020. On May 9, 2011, the New Jersey District Court dismissed the physician plaintiffs from MDL 2020 without prejudice. The New Jersey District Court's action followed a ruling by the United States District Court for the Southern District of Florida (the "Florida District Court") that the physician plaintiffs were enjoined from

participating in MDL 2020 due to a prior settlement and release. The United States Court of Appeals for the Eleventh Circuit has dismissed the physician plaintiffs' appeal of the Florida District Court's ruling.

On December 6, 2012, we entered into an agreement to settle MDL 2020. Under the terms of the proposed nationwide settlement, we would have been released from claims relating to our out-of-network reimbursement practices from the beginning of the applicable settlement class period through August 30, 2013. The settlement agreement did not contain an admission of wrongdoing. The medical associations were not parties to the settlement agreement.

Under the settlement agreement, we would have paid up to $120 million to fund claims submitted by health plan members and health care providers who were members of the settlement classes. These payments also would have funded the legal fees of plaintiffs' counsel and the costs of administering the settlement. In connection with the proposed settlement, the Company recorded an after-tax charge to net income attributable to Aetna of $78 million in the fourth quarter of 2012.

The settlement agreement provided us the right to terminate the agreement under certain conditions related to settlement class members who opted out of the settlement. Based on a report provided to the parties by the settlement administrator, the conditions permitting us to terminate the settlement agreement were satisfied. On March 13, 2014, we notified the New Jersey District Court and plaintiffs' counsel that we were terminating the settlement agreement. Various legal and factual developments since the date of the settlement agreement led us to believe terminating the settlement agreement was in our best interests. As a result of this termination, we released the reserve established in connection with the settlement agreement, net of amounts due to the settlement administrator, which reduced first quarter 2014 other general and administrative expenses by $103 million pretax.

On June 30, 2015, the New Jersey District Court granted in part our motion to dismiss the proceeding. The New Jersey District Court dismissed with prejudice the plaintiffs' RICO and federal antitrust claims; their ERISA claims that are based on our disclosures and our purported breach of fiduciary duties; and certain of their state law claims. The New Jersey District Court also dismissed with prejudice all claims asserted by several medical association plaintiffs. The plaintiffs' remaining claims are for ERISA benefits and breach of contract. We intend to defend ourselves vigorously against the plaintiffs' remaining claims.

We also have received subpoenas and/or requests for documents and other information from, and been investigated by, attorneys general and other state and/or federal regulators, legislators and agencies relating to, and we are involved in other litigation regarding, our out-of-network benefit payment and administration practices. It is reasonably possible that others could initiate additional litigation or additional regulatory action against us with respect to our out-of-network benefit payment and/or administration practices.

CMS Actions

The Centers for Medicare & Medicaid Services ("CMS") regularly audits our performance to determine our compliance with CMS's regulations and our contracts with CMS and to assess the quality of services we provide to Medicare beneficiaries. CMS uses various payment mechanisms to allocate and adjust premium payments to our and other companies' Medicare plans by considering the applicable health status of Medicare members as supported by information prepared, maintained and provided by health care providers. We collect claim and encounter data from providers and generally rely on providers to appropriately code their submissions to us and document their medical records, including the diagnosis data submitted to us with claims. CMS pays increased premiums to Medicare Advantage plans and prescription drug program plans for members who have certain medical conditions identified with specific diagnosis codes. Federal regulators review and audit the providers' medical records to determine whether those records support the related diagnosis codes that determine the members' health status and the resulting risk-adjusted premium payments to us. In that regard, CMS has instituted risk adjustment data validation ("RADV") audits of various Medicare Advantage plans, including certain of the Company's plans, to validate coding practices and supporting medical record documentation maintained by health care providers and the resulting risk adjusted premium payments to the plans. CMS may require us to refund premium payments if our risk adjusted premiums are not properly supported by medical record data. The Office of Inspector General (the "OIG") also is auditing our risk adjustment-related data and that of other companies. We expect CMS and the OIG to continue these types of audits.

CMS revised its audit methodology for RADV audits to determine refunds payable by Medicare Advantage plans for contract year 2011 and forward. Under the revised methodology, among other things, CMS will project the error rate identified in the audit sample of approximately 200 members to all risk adjusted premium payments made under the contract being audited. Historically, CMS did not project sample error rates to the entire contract. As a result, the revised methodology may increase our exposure to premium refunds to CMS based on incomplete medical records maintained by providers. Since 2013, CMS has selected certain of our Medicare Advantage contracts for various contract years for RADV audit. We are currently unable to predict which of our Medicare Advantage contracts will be selected for future audit, the amounts of any retroactive refunds of, or prospective adjustments to, Medicare Advantage premium payments made to us, the effect of any such refunds or

adjustments on the actuarial soundness of our Medicare Advantage bids, or whether any RADV audit findings would cause a change to our method of estimating future premium revenue in future bid submissions to CMS or compromise premium assumptions made in our bids for prior contract years, the current contract year or future contract years. Any premium or fee refunds or adjustments resulting from regulatory audits, whether as a result of RADV, Public Exchange related or other audits by CMS, the OIG, HHS or otherwise, including audits of our minimum medical loss ratio rebates, methodology and/or reports, could be material and could adversely affect our operating results, financial position and cash flows.

Other Litigation and Regulatory Proceedings
We are involved in numerous other lawsuits arising, for the most part, in the ordinary course of our business operations, including claims of or relating to bad faith, medical malpractice, non-compliance with state and federal regulatory regimes, marketing misconduct, failure to timely or appropriately pay or administer claims and benefits in our Health Care and divested group insurance businesses (including our post-payment audit and collection practices and reductions in payments to providers due to sequestration), provider network structure (including the use of performance-based networks and termination of provider contracts), provider directory accuracy, rescission of insurance coverage, improper disclosure of personal information, anticompetitive practices, intellectual property litigation, other legal proceedings in our Health Care and divested group insurance businesses and employment litigation. Some of these other lawsuits are or are purported to be class actions. We intend to defend ourselves vigorously against the claims brought in these matters.

Awards to us and others of certain government contracts, particularly Medicaid contracts and contracts with government customers in our Commercial business, are subject to increasingly frequent protests by unsuccessful bidders. These protests may result in awards to us being reversed, delayed or modified. The loss or delay in implementation of any government contract could adversely affect our operating results. We will continue to defend vigorously contract awards we receive.

In addition, our operations, current and past business practices, current and past contracts, and accounts and other books and records are subject to routine, regular and special investigations, audits, examinations and reviews by, and from time to time we receive subpoenas and other requests for information from, CMS, the U.S. Department of Health and Human Services, various state insurance and health care regulatory authorities, state attorneys general, treasurers and offices of inspector general, the Center for Consumer Information and Insurance Oversight, the OIG, the Office of Personnel Management, the U.S. Department of Labor, the U.S. Department of the Treasury, the U.S. Food and Drug Administration, committees, subcommittees and members of the U.S. Congress, the DOJ, the Federal Trade Commission, U.S. attorneys and other state, federal and international governmental authorities. These government actions include inquiries by, and testimony before, certain members, committees and subcommittees of the U.S. Congress regarding the CVS Health Transaction, our withdrawal from certain states' Public Exchanges for 2017, certain of our current and past business practices, including our overall claims processing and payment practices, our business practices with respect to our small group products, student health products or individual customers (such as market withdrawals, rating information, premium increases and medical benefit ratios), executive compensation matters and travel and entertainment expenses, as well as the investigations by, and subpoenas and requests from, attorneys general and others described above under "Out-of-Network Benefit Proceedings." We also have produced documents and information to the Civil Division of the DOJ in cooperation with a current investigation of our patient chart review processes in connection with risk adjustment data submissions under Parts C and D of the Medicare program.

A significant number of states are investigating life insurers' claims payment and related escheat practices. These investigations have resulted in significant charges to earnings by other life insurers in connection with related settlements. We have received requests for information from a number of states, and certain of our subsidiaries are being audited, with respect to our life insurance claim payment and related escheat practices. In the fourth quarter of 2013, we made changes to our life insurance claim payment practices (including related escheatment practices) based on evolving industry practices and regulatory expectations and interpretations, including expanding our existing use of the Social Security Administration's Death Master File to identify additional potentially unclaimed death benefits and locate applicable beneficiaries. As a result of these changes, in the fourth quarter of 2013, we increased our estimated liability for unpaid life insurance claims with respect to insureds who passed away on or before December 31, 2013, and recorded in current and future benefits a charge of $36 million ($55 million pretax). Given the judicial, legislative and regulatory uncertainty with respect to life insurance claim payment and related escheat practices, it is reasonably possible that we may incur additional liability related to those practices, whether as a result of litigation, government actions or otherwise, which could adversely affect our operating results and cash flows.

There also continues to be a heightened level of review and/or audit by regulatory authorities of, and increased litigation regarding, our and the rest of the health care and related benefits industry's business and reporting practices, including premium rate increases, utilization management, development and application of medical policies, complaint, grievance and appeal processing, information privacy, provider network structure (including provider network adequacy, the use of performance-based networks and termination of provider contracts), provider directory accuracy, calculation of minimum medical loss ratios and/or payment of related rebates, delegated arrangements, rescission of insurance coverage, limited benefit health products,

student health products, pharmacy benefit management practices (including the use of narrow networks and the placement of drugs in formulary tiers), sales practices, customer service practices, vendor oversight and claim payment practices (including payments to out-of-network providers).

As a leading national health and related benefits company, we regularly are the subject of government actions of the types described above. These government actions may prevent or delay us from implementing planned premium rate increases and may result, and have resulted, in restrictions on our business, changes to or clarifications of our business practices, retroactive adjustments to premiums, refunds or other payments to members, beneficiaries, states or the federal government, withholding of premium payments to us by government agencies, assessments of damages, civil or criminal fines or penalties, or other sanctions, including the possible suspension or loss of licensure and/or suspension or exclusion from participation in government programs.

Estimating the probable losses or a range of probable losses resulting from litigation, government actions and other legal proceedings is inherently difficult and requires an extensive degree of judgment, particularly where the matters involve indeterminate claims for monetary damages, involve claims for injunctive relief, may involve fines, penalties or punitive damages that are discretionary in amount, involve a large number of claimants or regulatory authorities, represent a change in regulatory policy, present novel legal theories, are in the early stages of the proceedings, are subject to appeal or could result in changes in business practices. In addition, because most legal proceedings are resolved over long periods of time, potential losses are subject to change due to, among other things, new developments, changes in litigation strategy, the outcome of intermediate procedural and substantive rulings and other parties' settlement posture and their evaluation of the strength or weakness of their case against us. Except as specifically noted above under "Other Litigation and Regulatory Proceedings," we are currently unable to predict the ultimate outcome of, or reasonably estimate the losses or a range of losses resulting from, the matters described above under "Litigation and Regulatory Proceedings", and it is reasonably possible that their outcome could be material to us.

14. Segment Information

Effective for the first quarter of 2018, we realigned our business segments to correspond with changes to our management structure and internal management reporting, which reflect our evolving business strategy of helping our members live healthier lives. Refer to Note 1 for further discussion.

Non-GAAP financial measures we disclose, such as adjusted earnings and pre-tax adjusted earnings, should not be considered a substitute for, or superior to, financial measures determined or calculated in accordance with GAAP. The chief executive officer assesses our consolidated results based on adjusted earnings and assesses business segment results based on pre-tax adjusted earnings because income taxes are recorded in our Corporate/Other category and are not allocated to our business operations.

Summarized financial information of our segment operations[1] for the three months ended March 31, 2018 and 2017 were as follows:

(Millions)	Health Care	Corporate/Other	Total Company
Three Months Ended March 31, 2018			
Revenue from external customers	**$ 14,995**	**$ 137**	**$ 15,132**
Pre-tax adjusted earnings (loss)[2]	**1,486**	**(48)**	**1,438**
Three Months Ended March 31, 2017			
Revenue from external customers	$ 14,688	$ 550	$ 15,238
Pre-tax adjusted earnings (loss)[2]	1,481	(30)	1,451

(1) Total assets by segment are not disclosed as this information is not reviewed by the chief executive officer.
(2) Pre-tax adjusted earnings (loss) excludes net realized capital gains or losses, amortization of other acquired intangible assets and the other items described in the reconciliation below.

☐ **TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934**

For the transition period from _____ to_____

Commission file number 1-16095

Aetna Inc.

(Exact name of registrant as specified in its charter)

Pennsylvania (State or other jurisdiction of incorporation or organization)	**23-2229683** (I.R.S. Employer Identification No.)
151 Farmington Avenue, Hartford, CT (Address of principal executive offices)	**06156** (Zip Code)
Registrant's telephone number, including area code	**(860) 273-0123**

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Name of each exchange on which registered
Common Shares, $.01 par value	**New York Stock Exchange**

Securities registered pursuant to Section 12(g) of the Act:

None

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. ☑ Yes ☐ No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. ☐ Yes ☑ No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. ☑ Yes ☐ No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). ☑Yes ☐ No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K (§229.405 of this chapter) is not contained herein, and will not be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K. ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☑ Accelerated filer ☐

Non-accelerated filer ☐ (Do not check if a smaller reporting company) Smaller reporting company ☐

Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). ☐ Yes ☑ No

The aggregate market value of the outstanding common equity of the registrant held by non-affiliates as of the last business day of the registrant's most recently completed second fiscal quarter (June 30, 2017) was $49.2 billion.

liability is not known at the financial statement date. While the ultimate amount of the assessment is dependent upon the experience of all pool participants, we believe we have adequate reserves to cover such assessments.

Litigation and Regulatory Proceedings

Out-of-Network Benefit Proceedings

We are named as a defendant in several purported class actions and individual lawsuits arising out of our practices related to the payment of claims for services rendered to our members by health care providers with whom we do not have a contract ("out-of-network providers"). Among other things, these lawsuits allege that we paid too little to our health plan members and/or providers for these services, among other reasons, because of our use of data provided by Ingenix, Inc., a subsidiary of one of our competitors ("Ingenix"). Other major health insurers are the subject of similar litigation or have settled similar litigation.

Various plaintiffs who are health care providers or medical associations seek to represent nationwide classes of out-of-network providers who provided services to our members during the period from 2001 to the present. Various plaintiffs who are members in our health plans seek to represent nationwide classes of our members who received services from out-of-network providers during the period from 2001 to the present. Taken together, these lawsuits allege that we violated state law, the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), the Racketeer Influenced and Corrupt Organizations Act ("RICO") and federal antitrust laws, either acting alone or in concert with our competitors. The purported classes seek reimbursement of all unpaid benefits, recalculation and repayment of deductible and coinsurance amounts, unspecified damages and treble damages, statutory penalties, injunctive and declaratory relief, plus interest, costs and attorneys' fees, and seek to disqualify us from acting as a fiduciary of any benefit plan that is subject to ERISA. Individual lawsuits that generally contain similar allegations and seek similar relief have been brought by health plan members and out-of-network providers.

The first class action case was commenced on July 30, 2007. The federal Judicial Panel on Multi-District Litigation (the "MDL Panel") has consolidated these class action cases in the U.S. District Court for the District of New Jersey (the "New Jersey District Court") under the caption *In re: Aetna UCR Litigation,* MDL No. 2020 ("MDL 2020"). In addition, the MDL Panel has transferred the individual lawsuits to MDL 2020. On May 9, 2011, the New Jersey District Court dismissed the physician plaintiffs from MDL 2020 without prejudice. The New Jersey District Court's action followed a ruling by the United States District Court for the Southern District of Florida (the "Florida District Court") that the physician plaintiffs were enjoined from participating in MDL 2020 due to a prior settlement and release. The United States Court of Appeals for the Eleventh Circuit has dismissed the physician plaintiffs' appeal of the Florida District Court's ruling.

On December 6, 2012, we entered into an agreement to settle MDL 2020. Under the terms of the proposed nationwide settlement, we would have been released from claims relating to our out-of-network reimbursement practices from the beginning of the applicable settlement class period through August 30, 2013. The settlement agreement did not contain an admission of wrongdoing. The medical associations were not parties to the settlement agreement.

Under the settlement agreement, we would have paid up to $120 million to fund claims submitted by health plan members and health care providers who were members of the settlement classes. These payments also would have funded the legal fees of plaintiffs' counsel and the costs of administering the settlement. In connection with the proposed settlement, the Company recorded an after-tax charge to net income attributable to Aetna of $78 million in the fourth quarter of 2012.

The settlement agreement provided us the right to terminate the agreement under certain conditions related to settlement class members who opted out of the settlement. Based on a report provided to the parties by the settlement administrator, the conditions permitting us to terminate the settlement agreement were satisfied. On March 13, 2014, we notified the New Jersey District Court and plaintiffs' counsel that we were terminating the settlement agreement. Various legal and factual developments since the date of the settlement agreement led us to believe terminating the settlement agreement was in our best interests. As a result of this termination, we released the reserve established in connection with the settlement agreement, net of amounts due to the settlement administrator, which reduced first quarter 2014 other general and administrative expenses by $103 million pretax.

On June 30, 2015, the New Jersey District Court granted in part our motion to dismiss the proceeding. The New Jersey District Court dismissed with prejudice the plaintiffs' RICO and federal antitrust claims; their ERISA claims that are based on our disclosures and our purported breach of fiduciary duties; and certain of their state law claims. The New Jersey District Court also dismissed with prejudice all claims asserted by several medical association plaintiffs. The plaintiffs' remaining claims are for ERISA benefits and breach of contract. We intend to defend ourselves vigorously against the plaintiffs' remaining claims.

We also have received subpoenas and/or requests for documents and other information from, and been investigated by, attorneys general and other state and/or federal regulators, legislators and agencies relating to, and we are involved in other

litigation regarding, our out-of-network benefit payment and administration practices. It is reasonably possible that others could initiate additional litigation or additional regulatory action against us with respect to our out-of-network benefit payment and/or administration practices.

CMS Actions

CMS regularly audits our performance to determine our compliance with CMS's regulations and our contracts with CMS and to assess the quality of services we provide to Medicare beneficiaries. CMS uses various payment mechanisms to allocate and adjust premium payments to our and other companies' Medicare plans by considering the applicable health status of Medicare members as supported by information prepared, maintained and provided by health care providers. We collect claim and encounter data from providers and generally rely on providers to appropriately code their submissions to us and document their medical records, including the diagnosis data submitted to us with claims. CMS pays increased premiums to Medicare Advantage plans and prescription drug program plans for members who have certain medical conditions identified with specific diagnosis codes. Federal regulators review and audit the providers' medical records to determine whether those records support the related diagnosis codes that determine the members' health status and the resulting risk-adjusted premium payments to us. In that regard, CMS has instituted risk adjustment data validation ("RADV") audits of various Medicare Advantage plans, including certain of the Company's plans, to validate coding practices and supporting medical record documentation maintained by health care providers and the resulting risk adjusted premium payments to the plans. CMS may require us to refund premium payments if our risk adjusted premiums are not properly supported by medical record data. The Office of Inspector General (the "OIG") also is auditing our risk adjustment-related data and that of other companies. We expect CMS and the OIG to continue these types of audits.

CMS revised its audit methodology for RADV audits to determine refunds payable by Medicare Advantage plans for contract year 2011 and forward. Under the revised methodology, among other things, CMS will project the error rate identified in the audit sample of approximately 200 members to all risk adjusted premium payments made under the contract being audited. Historically, CMS did not project sample error rates to the entire contract. As a result, the revised methodology may increase our exposure to premium refunds to CMS based on incomplete medical records maintained by providers. Since 2013, CMS has selected certain of our Medicare Advantage contracts for various contract years for RADV audit. We are currently unable to predict which of our Medicare Advantage contracts will be selected for future audit, the amounts of any retroactive refunds of, or prospective adjustments to, Medicare Advantage premium payments made to us, the effect of any such refunds or adjustments on the actuarial soundness of our Medicare Advantage bids, or whether any RADV audit findings would cause a change to our method of estimating future premium revenue in future bid submissions to CMS or compromise premium assumptions made in our bids for prior contract years, the current contract year or future contract years. Any premium or fee refunds or adjustments resulting from regulatory audits, whether as a result of RADV, Public Exchange related or other audits by CMS, the OIG, HHS or otherwise, including audits of our minimum medical loss ratio rebates, methodology and/or reports, could be material and could adversely affect our operating results, financial position and cash flows.

Other Litigation and Regulatory Proceedings

We are involved in numerous other lawsuits arising, for the most part, in the ordinary course of our business operations, including claims of or relating to bad faith, medical malpractice, non-compliance with state and federal regulatory regimes, marketing misconduct, failure to timely or appropriately pay or administer claims and benefits in our Health Care and Group Insurance businesses (including our post-payment audit and collection practices and reductions in payments to providers due to sequestration), provider network structure (including the use of performance-based networks and termination of provider contracts), provider directory accuracy, rescission of insurance coverage, improper disclosure of personal information, anticompetitive practices, intellectual property litigation, other legal proceedings in our Health Care and Group Insurance businesses and employment litigation. Some of these other lawsuits are or are purported to be class actions. We intend to defend ourselves vigorously against the claims brought in these matters.

Awards to us and others of certain government contracts, particularly Medicaid contracts and contracts with government customers in our Commercial business, are subject to increasingly frequent protests by unsuccessful bidders. These protests may result in awards to us being reversed, delayed or modified. The loss or delay in implementation of any government contract could adversely affect our operating results. We will continue to defend vigorously contract awards we receive.

In addition, our operations, current and past business practices, current and past contracts, and accounts and other books and records are subject to routine, regular and special investigations, audits, examinations and reviews by, and from time to time we receive subpoenas and other requests for information from, CMS, the U.S. Department of Health and Human Services, various state insurance and health care regulatory authorities, state attorneys general, treasurers and offices of inspector general, the Center for Consumer Information and Insurance Oversight, OIG, the Office of Personnel Management, the U.S. Department of Labor, the U.S. Department of the Treasury, the U.S. Food and Drug Administration, committees, subcommittees and members of the U.S. Congress, the U.S. Department of Justice, the Federal Trade Commission, U.S. attorneys and other state, federal and

international governmental authorities. These government actions include inquiries by, and testimony before, certain members, committees and subcommittees of the U.S. Congress regarding our withdrawal from certain states' Public Exchanges for 2017, certain of our current and past business practices, including our overall claims processing and payment practices, our business practices with respect to our small group products, student health products or individual customers (such as market withdrawals, rating information, premium increases and medical benefit ratios), executive compensation matters and travel and entertainment expenses, as well as the investigations by, and subpoenas and requests from, attorneys general and others described above under "Out-of-Network Benefit Proceedings." We also have produced documents and information to the Civil Division of the DOJ in cooperation with a current investigation of our patient chart review processes in connection with risk adjustment data submissions under Parts C and D of the Medicare program.

A significant number of states are investigating life insurers' claims payment and related escheat practices. These investigations have resulted in significant charges to earnings by other life insurers in connection with related settlements. We have received requests for information from a number of states, and certain of our subsidiaries are being audited, with respect to our life insurance claim payment and related escheat practices. In the fourth quarter of 2013, we made changes to our life insurance claim payment practices (including related escheatment practices) based on evolving industry practices and regulatory expectations and interpretations, including expanding our existing use of the Social Security Administration's Death Master File to identify additional potentially unclaimed death benefits and locate applicable beneficiaries. As a result of these changes, in the fourth quarter of 2013, we increased our estimated liability for unpaid life insurance claims with respect to insureds who passed away on or before December 31, 2013, and recorded in current and future benefits a charge of $36 million ($55 million pretax). Given the judicial, legislative and regulatory uncertainty with respect to life insurance claim payment and related escheat practices, it is reasonably possible that we may incur additional liability related to those practices, whether as a result of further changes in our business practices, litigation, government actions or otherwise, which could adversely affect our operating results and cash flows.

There also continues to be a heightened level of review and/or audit by regulatory authorities of, and increased litigation regarding, our and the rest of the health care and related benefits industry's business and reporting practices, including premium rate increases, utilization management, development and application of medical policies, complaint, grievance and appeal processing, information privacy, provider network structure (including provider network adequacy, the use of performance-based networks and termination of provider contracts), provider directory accuracy, calculation of minimum medical loss ratios and/or payment of related rebates, delegated arrangements, rescission of insurance coverage, limited benefit health products, student health products, pharmacy benefit management practices (including the use of narrow networks and the placement of drugs in formulary tiers), sales practices, customer service practices, vendor oversight and claim payment practices (including payments to out-of-network providers and payments on life insurance policies).

As a leading national health and related benefits company, we regularly are the subject of government actions of the types described above. These government actions may prevent or delay us from implementing planned premium rate increases and may result, and have resulted, in restrictions on our business, changes to or clarifications of our business practices, retroactive adjustments to premiums, refunds or other payments to members, beneficiaries, states or the federal government, withholding of premium payments to us by government agencies, assessments of damages, civil or criminal fines or penalties, or other sanctions, including the possible suspension or loss of licensure and/or suspension or exclusion from participation in government programs.

Estimating the probable losses or a range of probable losses resulting from litigation, government actions and other legal proceedings is inherently difficult and requires an extensive degree of judgment, particularly where the matters involve indeterminate claims for monetary damages, involve claims for injunctive relief, may involve fines, penalties or punitive damages that are discretionary in amount, involve a large number of claimants or regulatory authorities, represent a change in regulatory policy, present novel legal theories, are in the early stages of the proceedings, are subject to appeal or could result in changes in business practices. In addition, because most legal proceedings are resolved over long periods of time, potential losses are subject to change due to, among other things, new developments, changes in litigation strategy, the outcome of intermediate procedural and substantive rulings and other parties' settlement posture and their evaluation of the strength or weakness of their case against us. Except as specifically noted above under "Other Litigation and Regulatory Proceedings," we are currently unable to predict the ultimate outcome of, or reasonably estimate the losses or a range of losses resulting from, the matters described above under "Litigation and Regulatory Proceedings", and it is reasonably possible that their outcome could be material to us.

	Emerging growth company ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes ☐ No ☒

The aggregate market value of the registrant's common stock held by non-affiliates was approximately $81,440,458,676 as of June 30, 2017, based on the closing price of the common stock on the New York Stock Exchange. For purposes of this calculation, only executive officers and directors are deemed to be the affiliates of the registrant.

As of February 9, 2018, the registrant had 1,014,532,157 shares of common stock issued and outstanding.

DOCUMENTS INCORPORATED BY REFERENCE

Filings made by companies with the Securities and Exchange Commission sometimes "incorporate information by reference." This means that the company is referring you to information that was previously filed or is to be filed with the SEC, and this information is considered to be part of the filing you are reading. The following materials are incorporated by reference into this Form 10-K:

Portions of our Annual Report to Stockholders for the fiscal year ended December 31, 2017 are incorporated by reference in our response to Items 7, 8 and 9 of Part II.

Information contained in our Proxy Statement for the 2018 Annual Meeting of Stockholders is incorporated by reference in our response to Items 10 through 14 of Part III.

examinations with the IRS for various years. An estimate of the range of the possible change cannot be made at this time.

The Company records interest expense related to unrecognized tax benefits and penalties in income tax expense. The Company accrued interest expense of approximately $11 million in 2017, $10 million in 2016 and $5 million in 2015. The Company had approximately $34 million and $30 million accrued for interest and penalties as of December 31, 2017 and 2016, respectively.

There are no material uncertain tax positions as of December 31, 2017 the ultimate deductibility of which is highly certain but for which there is uncertainty about the timing.

As of December 31, 2017, the total amount of unrecognized tax benefits that, if recognized, would affect the effective income tax rate is approximately $317 million, after considering the federal benefit of state income taxes.

12 Commitments and Contingencies

Lease Guarantees

Between 1995 and 1997, the Company sold or spun off a number of subsidiaries, including Bob's Stores, Linens 'n Things, and Marshalls. In many cases, when a former subsidiary leased a store, the Company provided a guarantee of the store's lease obligations. When the subsidiaries were disposed of and accounted for as discontinued operations, the Company's guarantees remained in place, although each initial purchaser has agreed to indemnify the Company for any lease obligations the Company was required to satisfy. If any of the purchasers or any of the former subsidiaries were to become insolvent and failed to make the required payments under a store lease, the Company could be required to satisfy these obligations. As of December 31, 2017, the Company guaranteed approximately 85 such store leases (excluding the lease guarantees related to Linens 'n Things, which have been recorded as a liability on the consolidated balance sheet), with the maximum remaining lease term extending through 2029.

Legal Matters

The Company is a party to legal proceedings, investigations and claims in the ordinary course of its business, including the matters described below. The Company records accruals for outstanding legal matters when it believes it is probable that a loss will be incurred and the amount can be reasonably estimated. The Company evaluates, on a quarterly basis, developments in legal matters that could affect the amount of any accrual and developments that would make a loss contingency both probable and reasonably estimable. If a loss contingency is not both probable and estimable, the Company does not establish an accrued liability. None of the Company's accruals for outstanding legal matters are material individually or in the aggregate to the Company's financial position.

Except as otherwise noted, the Company cannot predict with certainty the timing or outcome of the legal matters described below, and is unable to reasonably estimate a possible loss or range of possible loss in excess of amounts already accrued for these matters.

- *Indiana State District Council of Laborers and HOD Carriers Pension and Welfare Fund v. Omnicare, Inc.,* et al. (U.S. District Court for the Eastern District of Kentucky). In February 2006, two substantially similar putative class action lawsuits were filed and subsequently consolidated. The consolidated complaint was filed against Omnicare, three of its officers and two of its directors and purported to be brought on behalf of all open-market purchasers of Omnicare common stock from August 3, 2005 through July 27, 2006, as well as all purchasers who bought shares of Omnicare common stock in Omnicare's public offering in December 2005. The complaint alleged violations of the Securities Exchange Act of 1934 and Section 11 of the Securities Act of 1933 and sought, among other things, compensatory damages and injunctive relief. After dismissals and appeals to the United States Court of Appeals for the Sixth Circuit, the United States Supreme Court remanded the case to the district court. In October 2016, Omnicare filed an answer to plaintiffs' third amended complaint, and

discovery commenced. In August 2017, the plaintiffs moved for class certification, which Omnicare has opposed.

- *FTC and Multi-State Investigation.* In March 2010, the Company learned that various State Attorneys General offices and certain other government agencies were conducting a multi-state investigation of certain of the Company's business practices similar to those being investigated at that time by the U.S. Federal Trade Commission ("FTC"). Twenty-eight states, the District of Columbia and the County of Los Angeles are known to be participating in this investigation. The prior FTC investigation, which commenced in August 2009, was officially concluded in May 2012 when the consent order entered into between the FTC and the Company became final. The Company has cooperated with the multi-state investigation.

- *United States* ex rel. *Jack Chin v. Walgreen Company,* et al. (U.S. District Court for the Central District of California). In March 2010, the Company received a subpoena from the U.S. Department of Health and Human Services, Office of the Inspector General requesting information about programs under which the Company has offered customers remuneration conditioned upon the transfer of prescriptions for drugs or medications to the Company's pharmacies in the form of gift cards, cash, non-prescription merchandise or discounts or coupons for non-prescription merchandise. In October 2016, the U.S. District Court for the Central District of California unsealed a *qui tam* complaint, filed in April 2009 against CVS Pharmacy and other retail pharmacies, alleging that the Company violated the federal False Claims Act, and the False Claims Acts of several states, by offering such programs. The complaint was served on the Company in January 2017. In December 2017, the same court unsealed a second *qui tam* complaint filed by the same relator in September 2017. The complaint is based on the same factual allegations but asserts a legal theory the Court did not permit him to add to the original case. The federal government has declined intervention in both cases. The Company is defending both lawsuits.

- *United States* ex rel. *Anthony R. Spay v. CVS Caremark Corporation,* et al. (U.S. District Court for the Eastern District of Pennsylvania). In January 2012, the court unsealed a first amended *qui tam* complaint filed in August 2011 by an individual relator, Anthony Spay, who is described in the complaint as having once been employed by a firm providing pharmacy prescription benefit audit and recovery services. The complaint seeks monetary damages and alleges that CVS Caremark's processing of Medicare claims on behalf of one of its clients violated the federal False Claims Act. The United States declined to intervene in the lawsuit. In September 2015, the Court granted CVS Caremark's motion for summary judgment in its entirety, and entered judgment in favor of CVS Caremark and against Spay. Spay appealed. In December 2017, the United States Court of Appeals for the Third Circuit affirmed the court's judgment in favor of CVS Caremark.

- *State of Texas* ex rel. *Myron Winkelman and Stephani Martinson,* et al. *v. CVS Health Corporation,* (Travis County Texas District Court). In February 2012, the Attorney General of the State of Texas issued Civil Investigative Demands and has issued a series of subsequent requests for documents and information in connection with its investigation concerning the CVS Health Savings Pass program and other pricing practices with respect to claims for reimbursement from the Texas Medicaid program. In January 2017, the court unsealed a first amended petition. The amended petition alleges the Company violated the Texas Medicaid Fraud Prevention Act by submitting false claims for reimbursement to Texas Medicaid by, among other things, failing to use the price available to members of the CVS Health Savings Pass program as the usual and customary price. The amended petition was unsealed following the Company's filing of *CVS Pharmacy, Inc. v. Charles Smith,* et al. (Travis County District Court), a declaratory judgment action against the State of Texas in December 2016 seeking a declaration that the prices charged to members of the CVS Health Savings Pass program do not constitute usual and customary prices under the Medicaid regulation. The State of Texas is also pursuing temporary injunctive relief.

- *Subpoena Concerning PBM Administrative Fees.* In March 2014, the Company received a subpoena from the United States Attorney's Office for the District of Rhode Island, requesting documents and information concerning bona fide service fees and rebates received from pharmaceutical manufacturers in connection with certain drugs utilized under Medicare Part D, as well as the reporting of those fees and rebates to Part D plan

sponsors. The Company has been cooperating with the government and providing documents and information in response to the subpoena.

- *Corcoran* et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of California) and *Podgorny* et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of Illinois). These putative class actions were filed against the Company in July and September 2015. The cases were consolidated in United States District Court in the Northern District of California. Plaintiffs seek damages and injunctive relief on behalf of a class of consumers who purchased certain prescription drugs under the consumer protection statutes and common laws of certain states. Several third-party payors filed similar putative class actions on behalf of payors captioned *Sheet Metal Workers Local No. 20 Welfare and Benefit Fund v. CVS Health Corp.* and *Plumbers Welfare Fund, Local 130 v. CVS Health Corporation* (both pending in the U.S. District Court for the District of Rhode Island) in February and August 2016. In all of these cases the plaintiffs allege the Company overcharged for certain prescription drugs by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. In the consumer case (Corcoran), the Court granted summary judgment to CVS on plaintiffs' claims in their entirety and certified certain subclasses in September 2017. The plaintiffs have filed a notice of appeal to the Ninth Circuit. The Company continues to defend these actions.

- *Omnicare DEA Subpoena.* In September 2015, Omnicare was served with an administrative subpoena by the U.S. Drug Enforcement Administration ("DEA"). The subpoena seeks documents related to controlled substance policies, procedures, and practices at eight pharmacy locations from May 2012 to the present. In September 2017, the DEA expanded the investigation to include an additional pharmacy. The Company has been cooperating and providing documents in response to this administrative subpoena.

- *Omnicare Cycle Fill Civil Investigative Demand.* In October 2015, Omnicare received a Civil Investigative Demand from the United States Attorney's Office for the Southern District of New York requesting information and documents concerning Omnicare's cycle fill process for assisted living facilities. The Company has been cooperating with the government and providing documents and information in response to the Civil Investigative Demand. In July 2017, Omnicare also received a subpoena from the California Department of Insurance requesting documents on similar subject matter.

- *PBM Pricing Civil Investigative Demand.* In October 2015, the Company received from the U.S. Department of Justice (the "DOJ") a Civil Investigative Demand requesting documents and information in connection with a federal False Claims Act investigation concerning allegations that the Company submitted, or caused to be submitted, to the Medicare Part D program prescription drug event data that misrepresented true prices paid by the Company's PBM to pharmacies for drugs dispensed to Part D beneficiaries with prescription benefits administered by the Company's PBM. The Company has been cooperating with the government and providing documents and information in response to the Civil Investigative Demand.

- *United States* ex rel. *Sally Schimelpfenig and John Segura v. Dr. Reddy's Laboratories Limited and Dr. Reddy's Laboratories, Inc.* (U.S. District Court for the Eastern District of Pennsylvania). In November 2015, the court unsealed a second amended *qui tam* complaint filed in September 2015. The DOJ declined to intervene in this action. The relators allege that the Company, Walgreens, Wal-Mart, and Dr. Reddy's Laboratories violated the federal and various state False Claims Acts by dispensing prescriptions in unit dose packaging supplied by Dr. Reddy's that was not compliant with the Consumer Product Safety Improvement Act and the Poison Preventive Packaging Act and thereby allegedly rendering the drugs misbranded under the Food, Drug and Cosmetic Act. In March 2017, the Court granted the Company's motion to dismiss with leave to file an amended complaint. In June 2017, the Company moved to dismiss relators' third amended complaint.

- *Barchock* et al. *v. CVS Health Corporation,* et al. (U.S. District Court for the District of Rhode Island). In February 2016, a class action lawsuit was filed against the Company, the Benefit Plans Committee of the Company, and Galliard Capital Management, Inc., by Mary Barchock, Thomas Wasecko, and Stacy Weller,

purportedly on behalf of the 401(k) Plan and the Employee Stock Ownership Plan of the Company (the "Plan"), and participants in the Plan. The complaint alleged that the defendants breached fiduciary duties owed to the plaintiffs and the Plan by investing too much of the Plan's Stable Value Fund in short-term money market funds and cash management accounts. The court recently granted the Company's motion to dismiss the plaintiffs' amended complaint. In May 2017, plaintiffs appealed that ruling in the United States Court of Appeals for the First Circuit.

- *State of California* ex rel. *Matthew Omlansky v. CVS Caremark Corporation* (Superior Court of the State of California, County of Sacramento). In April 2016, the court unsealed a first amended *qui tam* complaint filed in July 2013. The government has declined intervention in this case. The relator alleges that the Company submitted false claims for payment to California Medicaid in connection with reimbursement for drugs available through the CVS Health Savings Pass program as well as certain other generic drugs. The case has been stayed pending the relator's appeal of the judgment against him in a similar case against another retailer.

- *Retail DEA Matters.* The Company has been also undergoing several audits by the DEA Administrator and is in discussions with the DEA and the U.S. Attorney's Offices in several locations concerning allegations that the Company has violated certain requirements of the Controlled Substance Act.

- *National Opioid Litigation* . In December 2017, the United States Judicial Panel on Multidistrict Litigation ordered consolidated numerous cases filed against various defendants by plaintiffs such as counties, cities, hospitals, Indian tribes, and third-party payors, alleging claims generally concerning the impacts of widespread opioid abuse. The consolidated multidistrict litigation is *In re National Prescription Opiate Litigation* (MDL No. 2804), pending in the U.S. District Court for the Northern District of Ohio. This multidistrict litigation presumptively includes relevant federal court cases that name the Company, including actions filed by several counties in West Virginia; actions filed by several counties and cities in Michigan; actions filed by hospitals in Florida and Mississippi; and an action filed by the St. Croix Chippewa Indians of Wisconsin. Similar cases that name the Company in some capacity have been filed in state courts, including cases filed by Shelby County, Tennessee, *Shelby County (Tennessee) v. Purdue Pharma, L.P., et al.* (Shelby County Circuit Court, No. CT-004500-17), and several counties in West Virginia, *Brooke County (West Virginia) et al. v. Purdue Pharma, L.P., et al.* (Marshall County Circuit Court, Nos. 17-C-248 – 17-C-255). The Company is defending all such matters.

- *Cherokee Nation Opioid Litigation* . In April 2017, the Company was named as a defendant in an action filed on behalf of the Cherokee Nation in the District Court of Cherokee Nation (the "Cherokee Action") asserting various causes of action allegedly arising from the widespread abuse of opioids. In June 2017, the Company filed a motion to dismiss the Cherokee Action. The Cherokee Nation has since filed an amended petition in the Cherokee Action. Also in June 2017, the six defendants in the Cherokee Action collectively filed a complaint in the U.S. District Court for the Northern District of Oklahoma, *McKesson* , et al. *v. Hembree* , et al., seeking a declaration and preliminary injunction prohibiting the District Court of Cherokee Nation from exercising jurisdiction over the Cherokee Action. In January 2018, the U.S. District Court granted the preliminary injunction motion and issued an order enjoining the Cherokee Nation Attorney General and the judicial officers of the Cherokee Nation District Court from taking any action with respect to the Cherokee Action pending resolution of the federal court case.

- *State of Mississippi v. CVS Health Corporation,* et al. (Chancery Court of DeSoto County, Mississippi, Third Judicial District). In July 2016, the Company was served with a complaint filed on behalf of the State of Mississippi alleging that CVS retail pharmacies in Mississippi submitted false claims for reimbursement to Mississippi Medicaid by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. The Company has responded to the complaint, filed a counterclaim, and moved to transfer the case to circuit court. The motion to transfer was granted, which the State has appealed, and the motion to dismiss remains pending.

- *Part B Insulin Products Civil Investigative Demand.* In December 2016, the Company received a Civil Investigative Demand from the U.S. Attorney's Office for the Northern District of New York, requesting documents and information in connection with a False Claims Act investigation concerning whether the Company's retail pharmacies improperly submitted certain insulin claims to Medicare Part D rather than Part B. The Company has cooperated with the government and provided documents and information in response to the Civil Investigative Demand.

- *Cold Chain Logistics Civil Investigative Demand* . In September 2016, the Company received from the DOJ a Civil Investigative Demand in connection with an investigation as to whether the Company's handling of certain temperature-sensitive pharmaceuticals violates the federal Food, Drug and Cosmetic Act and the False Claims Act. The Company has been cooperating with the government and providing documents and information in response to the Civil Investigative Demand.

- *Amburgey,* et al. *v. CaremarkPCS Health, L.L.C.* (U.S. District Court for the Central District of California). In March 2017, the Company was served with a complaint challenging the policies and procedures used by CVS Specialty pharmacies to ship temperature-sensitive medications. The case is similar to a matter already pending against the Company in the Superior Court of California (Los Angeles County), *Bertram v. Immunex Corp.* , et al., which was filed in October 2014. In November 2017, the plaintiffs voluntarily dismissed the *Amburgey* case without prejudice. The Company continues to defend the Bertram matter.

- *Barnett,* et al. v. *Novo Nordisk Inc* ., et al. and *Boss* , et al. v. *CVS Health Corporation* , et al., and *Christensen,* et al., v. *Novo Nordisk Inc.* et al., (all pending in the U.S. District Court for the District of New Jersey). These putative class actions were filed against the Company and other PBMs and manufacturers of insulin in March and April 2017. Plaintiffs in all cases allege that the PBMs and manufacturers have engaged in a conspiracy whereby the PBMs sell access to their formularies by demanding the highest rebates, which in turn causes increased list prices for insulin. The primary claims are antitrust claims, claims under the Racketeer Influenced and Corrupt Organizations Act ("RICO"), violations of state unfair competition and consumer protection laws and in *Boss* , claims pursuant to the Employee Retirement Income Security Act ("ERISA"). In December 2017, the attorney appointed as interim lead counsel in *Barnet, Boss* and *Christensen* filed a consolidated amended class action complaint in a related action, *In re Insulin Pricing Litigation* , against only the drug manufacturers, and not against the PBMs.

- *Insulin Products Investigation.* In April 2017, the Company received a Civil Investigative Demand from the Attorney General of Washington, seeking documents and information regarding pricing and rebates for insulin products in connection with a pending investigation into unfair and deceptive acts or practice regarding insulin pricing. We have been notified by the Office of the Attorney General of Washington that information provided in response to the Civil Investigative Demand will be shared with the Attorneys General of California, Florida, Minnesota, New Mexico and the District of Columbia. In July 2017, the Company received a Civil Investigative Demand from the Attorney General of Minnesota, seeking documents and information regarding pricing and rebates for insulin and epinephrine products in connection with a pending investigation into unfair and deceptive acts or practices regarding insulin and epinephrine pricing.

- *Bewley,* et al. v. *CVS Health Corporation* , et al. and *Prescott* , et al. v. *CVS Health Corporation* , et al. (both pending in the U.S. District Court for the Western District of Washington). These putative class actions were filed in May 2017 against the Company and other pharmacy benefit managers and manufacturers of glucagon kits (Bewley) and diabetes test strips (Prescott). Both cases allege that, by contracting for rebates with the manufacturers of these diabetes products, the Company and other PBMs caused list prices for these products to increase, thereby harming certain consumers. The primary claims are made under federal antitrust laws, RICO, state unfair competition and consumer protection laws, and ERISA. These cases have both been transferred to the United States District Court for the District of New Jersey on defendants' motions. The Company is defending these lawsuits.

- *Klein* , et al. v. *Prime Therapeutics* , et al. (U.S. District Court for the District of Minnesota). In June 2017, a putative class action complaint was filed against the Company and other pharmacy benefit managers on behalf of ERISA plan members who purchased and paid for EpiPen or EpiPen Jr. Plaintiffs allege that the pharmacy benefit managers are ERISA fiduciaries to plan members and have violated ERISA by allegedly causing higher inflated prices for EpiPen through the process of negotiating increased rebates from EpiPen manufacturer, Mylan. The Company is defending this lawsuit.

- *Medicare Part D Civil Investigative Demand* . In May 2017, the United States Attorney's Office for the Southern District of New York issued a Civil Investigative Demand to the Company concerning possible false claims submitted to Medicare in connection with reimbursements for prescription drugs under the Medicare Part D program. The Company has been cooperating with the government and providing documents and information in response to the Civil Investigative Demand.

- *Shareholder Matters.* In August and September 2017, four complaints were filed by putative derivative plaintiffs against certain officers and directors of the Company. Three of those actions, *Sherman v. Merlo,* et al., *Feghali v. Merlo,* et al., and *Banchalter v. Merlo,* et al., were filed in the U.S. District Court for the District of Rhode Island. A fourth, *Boron v. Bracken,* et al., was filed in Rhode Island Superior Court. These matters assert a variety of causes of action, including breach of fiduciary duty, waste of corporate assets, unjust enrichment, civil conspiracy and violation of Section 14(a) of the Exchange Act, and are premised on the allegation that the defendants approved business plans that exposed the Company to various litigations and investigations. The three federal matters have been stayed pending resolution of certain of the underlying matters, and the Company has filed a motion to stay the state court action.

- *MSP Recovery Claims Series, LLC* , et al. v. *CVS Health Corporation* , et al. (U.S. District Court for the Western District of Texas). In September 2017, a putative class action complaint was filed against the company, Express Scripts, Inc., and the manufacturers of insulin on behalf of assignees of claims of Medicare Advantage Organizations. Plaintiffs assert that the PBMs and manufacturers have engaged in a conspiracy whereby the PBMs sell access to their formularies by demanding the highest rebates, which in turn causes increased list prices for insulin. The plaintiffs assert claims on behalf of two putative classes: (1) all Medicare C payors and (2) all Medicare D payors. The complaint asserts claims under RICO, and for common law fraud and unjust enrichment.

The Company is also a party to other legal proceedings, government investigations, inquiries and audits, and has received and is cooperating with subpoenas or similar process from various governmental agencies requesting information, all arising in the normal course of its business, none of which is expected to be material to the Company. The Company can give no assurance, however, that its business, financial condition and results of operations will not be materially adversely affected, or that the Company will not be required to materially change its business practices, based on: (i) future enactment of new health care or other laws or regulations; (ii) the interpretation or application of existing laws or regulations as they may relate to the Company's business, the pharmacy services, specialty pharmacy, retail pharmacy, long-term care pharmacy or retail clinic industries or to the health care industry generally; (iii) pending or future federal or state governmental investigations of the Company's business or the pharmacy services, specialty pharmacy, retail pharmacy, long-term care pharmacy or retail clinic industry or of the health care industry generally; (iv) pending or future government enforcement actions against the Company; (v) adverse developments in any pending *qui tam* lawsuit against the Company, whether sealed or unsealed, or in any future *qui tam* lawsuit that may be filed against the Company; or (vi) adverse developments in pending or future legal proceedings against the Company or affecting the pharmacy services, specialty pharmacy, retail pharmacy, long-term care pharmacy or retail clinic industry or the health care industry generally.

D&B VIABILITY RATING SUMMARY

The D&B Viability Rating uses D&B's proprietary analytics to compare the most predictive business risk indicators and deliver a highly reliable assessment of the probability that a company will go out of business, become dormant/inactive, or file for bankruptcy/insolvency within the next 12 months. The D&B Viability Rating is made up of 4 components:

Viability Score
Compared to All US Businesses within the D&B Database:

- Level of Risk: **Low Risk**
- Businesses ranked 1 have a probability of becoming no longer viable: **0.2** %
- Percentage of businesses ranked **1**: **0.3** %
- Across all US businesses, the average probability of becoming no longer viable: **14** %

Portfolio Comparison
Compared to All US Businesses within the same MODEL SEGMENT:

- Model Segment : **Available Financial Data**
- Level of Risk: **Moderate Risk**
- Businesses ranked **5** within this model segment have a probability of becoming no longer viable: **0.5 %**
- Percentage of businesses ranked **5** with this model segment: **11** %
- Within this model segment, the average probability of becoming no longer viable: **0.6** %

AM Best Affirms Credit Ratings of CVS Health Corporation's Aetna Subsidiaries

OLDWICK, N.J., November 21, 2019—AM Best has affirmed the Financial Strength Rating (FSR) of A (Excellent) and the Long-Term Issuer Credit Ratings (Long-Term ICR) of "a" of Aetna Life Insurance Company (ALIC) (Hartford, CT) and the other operating entities of Aetna Inc. that are now wholly-owned subsidiaries of CVS Health Corporation (CVS Health) [NYSE: CVS]. These entities include the members of Aetna Health & Life Group. Concurrently, AM Best has affirmed the FSR of A- (Excellent) and the Long-Term ICR of "a-" Aetna Insurance Company Limited (AICL) (United Kingdom). The outlook of these Credit Ratings (ratings) is stable.

AM Best also has affirmed the FSR of A (Excellent) and the Long-Term ICR of "a" of Texas Health + Aetna Health Insurance Company and Texas Health + Aetna Health Plan, Inc., (collectively Texas Health Aetna), and the Allina Health and Aetna Insurance Company, both of which are joint ventures with subsidiaries of Aetna Inc. The outlook of these ratings is stable.

Additionally, AM Best has withdrawn the FSR of A- (Excellent) and the Long-Term ICR of "a-" of Coventry Health Plan of Florida, Inc. (Coventry HP of FL) (Sunrise, FL) as the company ceased writing business.

Lastly, AM Best also has withdrawn the Long-Term ICR of "bbb", along with the Long Term Issue Credit Ratings (Long-Term IRs) and indicative Long-Term IRs on the universal shelf registration of Aetna Inc.

—MORE—

(headquartered in Hartford, CT). Following Aetna Inc.'s merger with a wholly-owned subsidiary of its ultimate parent, CVS Health, CVS Health assumed Aetna Inc.'s debt. Aetna Inc. no longer issues financial statements. (Please see link below for a detailed listing of the companies and ratings.)

The majority of Aetna's operating entities are part of the core subsidiaries of Aetna Inc. (Aetna Health & Life Group). The ratings of Aetna Health & Life Group reflect its balance sheet strength, which AM Best categorizes as very strong, as well as its strong operating performance, favorable business profile and appropriate enterprise risk management (ERM).

The ratings reflect Aetna Health & Life Group's very strong level of risk-adjusted capitalization, which is offset by a trend of high dividend payments that have exceeded $2 billion in each of the past three years, as the entities tend to dividend a large percentage of earnings. AM Best considers the group's operating performance to be strong with return on equity measures annually exceeding 20% and underwriting income greater than $2 billion per year. Aetna's parent, CVS Health, is projecting post-merger cost-savings synergies of at least $400 million in 2019 and approximately $800 million in additional savings forthcoming in 2020. Aetna Health & Life Group reported growth in net premiums in 2018 after a decline in 2017 and flat premium in the few years prior. AM Best notes that this group has reported consistent increase in Medicare Advantage premiums with double-digit growth. Some of this favorability is offset by losses in commercial fully insured business. Furthermore, SilverScript Insurance Company, a member of the Aetna Health & Life Group, remains the leading standalone Part D plan in the U.S. based on market share.

Aetna is one of the top health insurers in the U.S. market, and total medical membership has increased to 22.8 million individuals for commercial, Medicare and Medicaid products. Aetna's Medicare Advantage membership growth has outpaced the industry over the past five years, moving Aetna from the fifth to the third

position in the Medicare Advantage market. The share of members in plans with a Star rating of 4.5 or higher exceeds peers and the industry average. The company also has recently reported strong membership growth in Medicare Supplement and Medicaid managed care business. In 2019, membership in Aetna's commercial business has been relatively flat; however, it has reported a decline in its insured membership within that business, which has been partially offset by growth in its administrative services contract business.

The ratings of Aetna Health & Life Group reflect high financial leverage and goodwill at the ultimate parent, CVS Health. Financial leverage at the end of third quarter 2019 was approximately 52%. While that is considered high, it remains lower than year-end 2018 as the CVS Health organization is focused on de-leveraging. In addition, there is a significant execution risk related to the Aetna-CVS Health merger given the vertical nature of the transaction and potential complexity to achieve meaningful synergies. However, CVS Health stated its intention to maintain the current capitalization level at the insurance entities, which it has done. Furthermore, CVS Health has accelerated de-leveraging through robust cash flow and suspended its share repurchase program.

The ratings of AICL reflect its balance sheet strength, which AM Best categorizes as very strong, as well as its marginal operating performance, limited business profile and appropriate ERM. Furthermore, the ratings of AICL factor in rating enhancement from the Aetna organization. AICL has benefited from capital injections and the transfer of international business from the wider group.

The ratings of the Allina Health and Aetna Insurance Company joint venture reflect its balance sheet strength, which AM Best categorizes as very strong, as well as its marginal operating performance, limited business profile and appropriate ERM.

The ratings of Texas Health Aetna reflect its balance sheet strength, which AM Best categorizes as very strong, as well as its adequate operating performance, limited business profile and appropriate ERM.

A complete list of Aetna Inc.'s subsidiaries' FSRs, Long-Term ICRs and Long Term IRs also is available.

Aetna Better Health® of West Virginia Capital Support Letter

aetna™

December 30, 2019

Coventry Health Care of West Virginia Inc. (dba Aetna Better Health of West Virginia)

Ladies and Gentlemen:

This letter confirms that Aetna Health Holdings, LLC (the "Parent") will provide financial support to Coventry Health Care of West Virginia Inc. (dba Aetna Better Health of West Virginia) (the "Company") sufficient for it to satisfy capital requirements and to remain in good standing with the State of West Virginia.

The Parent is currently an indirect parent of the Company and this shall remain in effect from the date of this letter, through and including June 30, 2021.

In addition, the undersigned represent that the Parent (or one or more of its affiliates) has the ability to provide the necessary financial support to the Company to the extent and when deemed necessary by the Company and that there are no restrictions on the Parent (or one or more of its affiliates) to provide such support.

Very Truly Yours,

Edward C. Lee
President and Secretary
Aetna Health Holdings, LLC

Notes to Condensed Consolidated Financial Statements

1. Significant Accounting Policies

Description of business

CVS Health Corporation, together with its subsidiaries (collectively, "CVS Health," the "Company," "we," "our" or "us"), is the nation's premier health innovation company helping people on their path to better health. Whether in one of its pharmacies or through its health services and plans, CVS Health is pioneering a bold new approach to total health by making quality care more affordable, accessible, simple and seamless. CVS Health is community-based and locally focused, engaging consumers with the care they need when and where they need it. The Company has approximately 9,900 retail locations, approximately 1,100 walk-in medical clinics, a leading pharmacy benefits manager with approximately 102 million plan members, a dedicated senior pharmacy care business serving more than one million patients per year and expanding specialty pharmacy services. CVS Health also serves an estimated 38 million people through traditional, voluntary and consumer-directed health insurance products and related services, including rapidly expanding Medicare Advantage offerings and a leading standalone Medicare Part D prescription drug plan ("PDP"). The Company believes its innovative health care model increases access to quality care, delivers better health outcomes and lowers overall health care costs.

On November 28, 2018 (the "Aetna Acquisition Date"), the Company acquired Aetna Inc. ("Aetna"). As a result of the acquisition of Aetna (the "Aetna Acquisition"), the Company added the Health Care Benefits segment. Certain aspects of Aetna's operations, including products for which the Company no longer solicits or accepts new customers, such as large case pensions and long-term care insurance products, are included in the Company's Corporate/Other segment.

Effective for the first quarter of 2019, the Company realigned the composition of its segments to correspond with changes to its operating model and reflect how its Chief Operating Decision Maker (the "CODM") reviews information and manages the business. As a result of this realignment, the Company's SilverScript® PDP moved from the Pharmacy Services segment to the Health Care Benefits segment. In addition, the Company moved Aetna's mail order and specialty pharmacy operations from the Health Care Benefits segment to the Pharmacy Services segment. Segment financial information for the three and nine months ended September 30, 2018, has been retrospectively adjusted to reflect these changes.

The Company has four reportable segments: Pharmacy Services, Retail/LTC, Health Care Benefits and Corporate/Other, which are described below.

Pharmacy Services Segment
The Pharmacy Services segment provides a full range of pharmacy benefit management ("PBM") solutions, including plan design offerings and administration, formulary management, retail pharmacy network management services, mail order pharmacy, specialty pharmacy and infusion services, clinical services, disease management services and medical spend management. The Pharmacy Services segment's clients are primarily employers, insurance companies, unions, government employee groups, health plans, PDPs, Medicaid managed care plans, plans offered on public health insurance exchanges ("Public Exchanges") and private health insurance exchanges, other sponsors of health benefit plans and individuals throughout the United States. The Pharmacy Services segment operates retail specialty pharmacy stores, specialty mail order pharmacies, mail order dispensing pharmacies, compounding pharmacies and branches for infusion and enteral nutrition services.

Retail/LTC Segment
The Retail/LTC segment sells prescription drugs and a wide assortment of general merchandise, including over-the-counter drugs, beauty products, cosmetics and personal care products, provides health care services through its MinuteClinic® walk-in medical clinics and conducts long-term care ("LTC") pharmacy operations, which distribute prescription drugs and provide related pharmacy consulting and other ancillary services to chronic care facilities and other care settings. As of September 30, 2019, the Retail/LTC segment operated approximately 9,900 retail locations, approximately 1,100 MinuteClinic® locations as well as online retail pharmacy websites, LTC pharmacies and onsite pharmacies.

Health Care Benefits Segment
The Health Care Benefits segment is one of the nation's leading diversified health care benefits providers, serving an estimated 38 million people as of September 30, 2019. The Health Care Benefits segment has the information and resources to help members, in consultation with their health care professionals, make more informed decisions about their health care. The Health Care Benefits segment offers a broad range of traditional, voluntary and consumer-directed health insurance products and related services, including medical, pharmacy, dental and behavioral health plans, medical management capabilities, Medicare Advantage and Medicare Supplement plans, PDPs, Medicaid health care management services, workers' compensation

administrative services and health information technology products and services. The Health Care Benefits segment's customers include employer groups, individuals, college students, part-time and hourly workers, health plans, health care providers ("providers"), governmental units, government-sponsored plans, labor groups and expatriates. The Company refers to insurance products (where it assumes all or a majority of the risk for medical and dental care costs) as "Insured" and administrative services contract products (where the plan sponsor assumes all or a majority of the risk for medical and dental care costs) as "ASC."

Corporate/Other Segment
The Company presents the remainder of its financial results in the Corporate/Other segment, which consists of:

- Management and administrative expenses to support the overall operations of the Company, which include certain aspects of executive management and the corporate relations, legal, compliance, human resources, information technology and finance departments and acquisition-related transaction and integration costs; and
- Products for which the Company no longer solicits or accepts new customers such as its large case pensions and long-term care insurance products.

Basis of Presentation

The accompanying unaudited condensed consolidated financial statements of CVS Health Corporation and its subsidiaries have been prepared in accordance with the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC") regarding interim financial reporting. In accordance with such rules and regulations, certain information and accompanying note disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") have been omitted, although the Company believes the disclosures included herein are adequate to make the information presented not misleading. These unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2018, which were revised to reflect the Company's segment realignment and are included in Exhibit 99.2 to the Company's Current Report on Form 8-K filed with the SEC on August 8, 2019 (the "August 2019 8-K").

In the opinion of management, the accompanying unaudited condensed consolidated financial statements include all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of the results for the interim periods presented. Because of the influence of various factors on the Company's operations, including business combinations, certain holidays and other seasonal influences, net income for any interim period may not be comparable to the same interim period in previous years or necessarily indicative of income for the full year.

Principles of Consolidation

The unaudited condensed consolidated financial statements include the accounts of CVS Health Corporation and its majority-owned subsidiaries and the variable interest entities ("VIEs") for which the Company is the primary beneficiary. All material intercompany balances and transactions have been eliminated.

The Company continually evaluates its investments to determine if they represent variable interests in a VIE. If the Company determines that it has a variable interest in a VIE, the Company then evaluates if it is the primary beneficiary of the VIE. The evaluation is a qualitative assessment as to whether the Company has the ability to direct the activities of a VIE that most significantly impact the entity's economic performance. The Company consolidates a VIE if it is considered to be the primary beneficiary.

Assets and liabilities of VIEs for which the Company is the primary beneficiary were not significant to the Company's unaudited condensed consolidated financial statements. VIE creditors do not have recourse against the general credit of the Company.

Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

Restricted Cash

Restricted cash included in other current assets in the unaudited condensed consolidated balance sheets represents amounts held in escrow accounts in connection with certain recent acquisitions. Restricted cash included in other assets in the unaudited

condensed consolidated balance sheets represents amounts held in a trust in one of the Company's captive insurance companies to satisfy collateral requirements associated with the assignment of certain insurance policies. All restricted cash is invested in time deposits, money market funds or commercial paper. The following represents a reconciliation of cash and cash equivalents in the unaudited condensed consolidated balance sheets to total cash, cash equivalents and restricted cash in the unaudited condensed consolidated statements of cash flows:

In millions	**September 30, 2019**	**December 31, 2018**
Cash and cash equivalents	$ 5,193	$ 4,059
Restricted cash (included in other current assets)	6	6
Restricted cash (included in other assets)	270	230
Total cash, cash equivalents and restricted cash in the statements of cash flows	$ 5,469	$ 4,295

Accounts Receivable

Accounts receivable are stated net of allowances for doubtful accounts, customer credit allowances, contractual allowances and estimated terminations. Accounts receivable, net is composed of the following:

In millions	**September 30, 2019**	**December 31, 2018**
Trade receivables	$ 6,413	$ 6,497
Vendor and manufacturer receivables	9,029	7,315
Premium receivables	2,340	2,259
Other receivables	2,007	1,560
Total accounts receivable, net	$ 19,789	$ 17,631

Revenue Recognition

The following is a discussion of the Company's revenue recognition policies by segment.

Pharmacy Services Segment

The Pharmacy Services segment sells prescription drugs directly through its mail service dispensing pharmacies and indirectly through the Company's retail pharmacy network. The Company's pharmacy benefit arrangements are accounted for in a manner consistent with a master supply arrangement as there are no contractual minimum volumes and each prescription is considered a separate purchasing decision and distinct performance obligation transferred at a point in time. PBM services performed in connection with each prescription claim are considered part of a single performance obligation which culminates in the dispensing of prescription drugs.

The Company recognizes revenue using the gross method at the contract price negotiated with its clients when the Company has concluded it controls the prescription drug before it is transferred to the client plan members. The Company controls prescriptions dispensed indirectly through its retail pharmacy network because it has separate contractual arrangements with those pharmacies, has discretion in setting the price for the transaction and assumes primary responsibility for fulfilling the promise to provide prescription drugs to its client plan members while also performing the related PBM services.

Revenues include (i) the portion of the price the client pays directly to the Pharmacy Services segment, net of any discounts earned on brand name drugs or other discounts and refunds paid back to the client (see "Drug Discounts" and "Guarantees" below), (ii) the price paid to the Pharmacy Services segment by client plan members for mail order prescriptions and the price paid to retail network pharmacies by client plan members for retail prescriptions ("retail co-payments") and (iii) claims based administrative fees for retail pharmacy network contracts. Sales taxes are not included in revenue.

The Company recognizes revenue when control of the prescription drugs is transferred to customers in an amount that reflects the consideration the Company expects to be entitled to receive in exchange for those prescription drugs. The following revenue recognition policies have been established for the Pharmacy Services segment:

- Revenues generated from prescription drugs sold by mail service dispensing pharmacies are recognized when the prescription drug is delivered to the client plan member. At the time of delivery, the Company has performed substantially

all of its performance obligations under its client contracts and does not experience a significant level of returns or reshipments.

- Revenues generated from prescription drugs sold by third-party pharmacies in the Company's retail pharmacy network and associated administrative fees are recognized at the Company's point-of-sale, which is when the claim is adjudicated by the Company's online claims processing system and the Company has transferred control of the prescription drug and performed all of its performance obligations.

For contracts under which the Pharmacy Services segment acts as an agent or does not control the prescription drugs prior to transfer to the client plan member, revenue is recognized using the net method.

Drug Discounts

The Pharmacy Services segment records revenue net of manufacturers' rebates earned by its clients based on their plan members' utilization of brand name formulary drugs. The Pharmacy Services segment estimates these rebates at period-end based on actual and estimated claims data and its estimates of the manufacturers' rebates earned by its clients. The estimates are based on the best available data at period-end and recent history for the various factors that can affect the amount of rebates due to the client. The Pharmacy Services segment adjusts its rebates payable to clients to the actual amounts paid when these rebates are paid or as significant events occur. Any cumulative effect of these adjustments is recorded against revenues at the time it is identified. Adjustments generally result from contract changes with clients or manufacturers that have retroactive rebate adjustments, differences between the estimated and actual product mix subject to rebates, or whether the brand name drug was included in the applicable formulary. The effect of adjustments between estimated and actual manufacturers' rebate amounts has not been material to the Company's operating results or financial condition.

Guarantees

The Pharmacy Services segment also adjusts revenues for refunds owed to clients resulting from pricing guarantees and performance against defined service and performance metrics. The inputs to these estimates are not subject to a high degree of subjectivity or volatility. The effect of adjustments between estimated and actual pricing and performance refund amounts has not been material to the Company's operating results or financial condition.

Retail/LTC Segment

Retail Pharmacy

The Company's retail drugstores recognize revenue at the time the customer takes possession of the merchandise. For pharmacy sales, each prescription claim is its own arrangement with the customer and is a performance obligation, separate and distinct from other prescription claims under other retail network arrangements. Revenues are adjusted for refunds owed to third party payers resulting from pricing guarantees and performance against defined value-based service and performance metrics. The inputs to these estimates are not subject to a high degree of subjectivity or volatility. The effect of adjustments between estimated and actual pricing and performance refund amounts has not been material to the Company's operating results or financial condition.

Revenue from Company gift cards purchased by customers is deferred as a contract liability until goods or services are transferred. Any amounts not expected to be redeemed by customers (i.e., breakage) are recognized based on historical redemption patterns.

Customer returns are not material to the Company's operating results or financial condition. Sales taxes are not included in revenue.

Loyalty Program

The Company's customer loyalty program, ExtraCare®, consists of two components, ExtraSavings™ and ExtraBucks® Rewards. ExtraSavings are coupons that are recorded as a reduction of revenue when redeemed as the Company has concluded that they do not represent a promise to the customer to deliver additional goods or services at the time of issuance because they are not tied to a specific transaction or spending level.

ExtraBucks Rewards are accumulated by customers based on their historical spending levels. Thus, the Company has determined that there is an additional performance obligation to those customers at the time of the initial transaction. The Company allocates the transaction price to the initial transaction and the ExtraBucks Rewards transaction based upon the relative standalone selling price, which considers historical redemption patterns for the rewards. Revenue allocated to ExtraBucks Rewards is recognized as those rewards are redeemed. At the end of each period, unredeemed ExtraBucks Rewards are reflected as a contract liability.

Long-term Care

Revenue is recognized when control of the promised goods or services is transferred to customers in an amount that reflects the consideration the Company expects to be entitled to receive in exchange for those goods or services. Each prescription claim represents a separate performance obligation of the Company, separate and distinct from other prescription claims under customer arrangements. A significant portion of Long-term Care revenue from sales of pharmaceutical and medical products is reimbursed by the federal Medicare Part D program and, to a lesser extent, state Medicaid programs. The Company monitors its revenues and receivables from these reimbursement sources, as well as other third-party insurance payors, and reduces revenue at the revenue recognition date to properly account for the variable consideration due to anticipated differences between billed and reimbursed amounts. Accordingly, the total revenues and receivables reported in the Company's unaudited condensed consolidated financial statements are recorded at the amount expected to be ultimately received from these payors.

Patient co-payments associated with Medicare Part D, certain state Medicaid programs, Medicare Part B and certain third-party payors are typically not collected at the time products are delivered or services are rendered, but are billed to the individuals as part of normal billing procedures and subject to normal accounts receivable collections procedures.

Walk-In Medical Clinics

For services provided by the Company's walk-in medical clinics, revenue recognition occurs for completed services provided to patients, with adjustments taken for third-party payor contractual obligations and patient direct bill historical collection rates.

Health Care Benefits Segment

Premium Revenue

Premiums are recognized as revenue in the month in which the enrollee is entitled to receive health care services. Premiums are reported net of an allowance for estimated terminations and uncollectible amounts. Additionally, premium revenue subject to the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010's (as amended, collectively, the "ACA's") minimum medical loss ratio ("MLR") rebate requirements is recorded net of the estimated minimum MLR rebates for the current calendar year. Premiums related to unexpired contractual coverage periods (unearned premiums) are reported as other insurance liabilities on the unaudited condensed consolidated balance sheets and recognized as revenue when earned.

Some of the Company's contracts allow for premiums to be adjusted to reflect actual experience or the relative health status of Insured members. Such adjustments are reasonably estimable at the outset of the contract, and adjustments to those estimates are made based on actual experience of the customer emerging under the contract and the terms of the underlying contract.

Services Revenue

Services revenue relates to contracts that can include various combinations of services or series of services which generally are capable of being distinct and accounted for as separate performance obligations. Health Care Benefits segment services revenue primarily consists of the following components:

- ASC fees are received in exchange for performing certain claim processing and member services for ASC members. ASC fee revenue is recognized over the period the service is provided. Some of the Company's administrative services contracts include guarantees with respect to certain functions, such as customer service response time, claim processing accuracy and claim processing turnaround time, as well as certain guarantees that a plan sponsor's benefit claim experience will fall within a certain range. With any of these guarantees, the Company is financially at risk if the conditions of the arrangements are not met, although the maximum amount at risk is typically limited to a percentage of the fees otherwise payable to the Company by the customer involved. Each period the Company estimates its obligations under the terms of these guarantees and records its estimate as an offset to services revenues.
- Workers' compensation administrative services consist of fee-based managed care services. Workers' compensation administrative services revenue is recognized once the service is provided.

Disaggregation of Revenue

The following tables disaggregate the Company's revenue by major source in each segment for the three and nine months ended September 30, 2019 and 2018:

In millions	Pharmacy Services	Retail/ LTC	Health Care Benefits	Corporate/ Other	Intersegment Eliminations	Consolidated Totals
Three Months Ended September 30, 2019						
Major goods/services lines:						
Pharmacy	$ 35,872	$ 16,687	$ —	$ —	$ (10,007)	$ 42,552
Front Store	—	4,614	—	—	—	4,614
Premiums	—	—	15,507	32	—	15,539
Net investment income	—	—	146	117	—	263
Other	146	165	1,528	3	—	1,842
Total	$ 36,018	$ 21,466	$ 17,181	$ 152	$ (10,007)	$ 64,810
Pharmacy Services distribution channel:						
Pharmacy network [1]	$ 22,469					
Mail choice [2]	13,403					
Other	146					
Total	$ 36,018					
Three Months Ended September 30, 2018						
Major goods/services lines:						
Pharmacy	$ 33,733	$ 16,123	$ —	$ —	$ (8,088)	$ 41,768
Front Store	—	4,557	—	—	—	4,557

Total	$ 99,837					

(1) Pharmacy Services pharmacy network is defined as claims filled at retail and specialty retail pharmacies, including the Company's retail pharmacies and LTC pharmacies, but excluding Maintenance Choice® activity, which is included within the mail choice category.

(2) Pharmacy Services mail choice is defined as claims filled at a Pharmacy Services mail facility, which includes specialty mail claims inclusive of Specialty Connect® claims picked up at a CVS Pharmacy retail store, as well as prescriptions filled at the Company's retail pharmacies under the Maintenance Choice program, which permits eligible client plan members to fill their maintenance prescriptions through mail order delivery or at a CVS Pharmacy retail store for the same price as mail order.

Contract Balances

Contract liabilities primarily represent the Company's obligation to transfer additional goods or services to a customer for which the Company has received consideration, for example ExtraBucks Rewards and unredeemed Company gift cards. The consideration received remains a contract liability until goods or services have been provided to the customer. In addition, the Company recognizes breakage on Company gift cards based on historical redemption patterns.

The following table provides information about receivables and contract liabilities from contracts with customers:

In millions	September 30, 2019	December 31, 2018
Trade receivables (included in accounts receivable, net)	$ 6,413	$ 6,497
Contract liabilities (included in accrued expenses)	72	67

During the nine months ended September 30, 2019, the contract liabilities balance includes increases related to customers' earnings in ExtraBucks Rewards or issuances of Company gift cards and decreases for revenues recognized during the period as a result of the redemption of ExtraBucks Rewards or Company gift cards and breakage of Company gift cards. Below is a summary of such changes:

In millions	
Balance at December 31, 2018	$ 67
Loyalty program earnings and gift card issuances	269
Redemption and breakage	(264)
Balance at September 30, 2019	$ 72

Related Party Transactions

The Company has an equity method investment in SureScripts, LLC ("SureScripts"). SureScripts operates a clinical health information network. The Company utilizes this clinical health information network in providing services to its client plan members and retail customers. The Company expensed fees for the use of this network of approximately $14 million and $4 million in the three months ended September 30, 2019 and 2018, respectively, and expensed fees for the use of this network of approximately $26 million and $34 million in the nine months ended September 30, 2019 and 2018, respectively. The Company's investment in and equity in the earnings of SureScripts for all periods presented is immaterial.

The Company has an equity method investment in Heartland Healthcare Services ("Heartland"). Heartland operates several LTC pharmacies in four states. Heartland paid the Company approximately $20 million and $34 million for pharmaceutical inventory purchases during the three months ended September 30, 2019 and 2018, respectively, and $72 million and $105 million for pharmaceutical inventory purchases during the nine months ended September 30, 2019 and 2018, respectively. Additionally, the Company performs certain collection functions for Heartland and then passes those customer cash collections back to Heartland. The Company's investment in and equity in the earnings of Heartland for all periods presented is immaterial.

New Accounting Pronouncements Recently Adopted

Leases

In February 2016, the Financial Accounting Standards Board (the "FASB") issued ASU 2016-02, *Leases* (Topic 842). Under this accounting standard, lessees are required to recognize a right-of-use asset and a lease liability for virtually all of their leases (other than leases that meet the definition of a short-term lease). The liability is equal to the present value of lease payments. The asset is based on the liability, subject to certain adjustments, such as for initial direct costs. For income statement purposes, a dual model was retained, requiring leases to be classified as either operating or finance leases. Operating leases result in straight-line expense (similar to operating leases under the prior accounting standard) while finance leases result in a front-loaded expense pattern (similar to capital leases under the prior accounting standard). Lessor accounting is similar to the prior model, but updated to align with certain changes to the lessee model (e.g., certain definitions, such as initial direct costs, have been updated) and the new revenue recognition standard that was adopted in 2018.

The Company adopted this new accounting standard on January 1, 2019 on a modified retrospective basis and applied the new standard to all leases through a cumulative-effect adjustment to beginning retained earnings. As a result, comparative financial information has not been restated and continues to be reported under the accounting standards in effect for those periods. The Company elected the package of practical expedients permitted under the transition guidance within the new standard, which includes, among other things, the ability to carry forward the existing lease classification. On January 1, 2019, the Company recorded an after-tax transition adjustment to increase retained earnings by approximately $178 million ($241 million prior to tax effect). The new standard had a material impact on the unaudited condensed consolidated balance sheet, but did not materially impact the Company's consolidated operating results and had no impact on the Company's cash flows.

The following is a discussion of the Company's lease policy under the new lease accounting standard:

The Company determines if an arrangement contains a lease at the inception of a contract. Right-of-use assets represent the Company's right to use an underlying asset for the lease term and lease liabilities represent the Company's obligation to make lease payments arising from the lease. Right-of-use assets and lease liabilities are recognized at the commencement date based on the present value of the remaining future minimum lease payments. As the interest rate implicit in the Company's leases is not readily determinable, the Company utilizes its incremental borrowing rate, determined by class of underlying asset, to

discount the lease payments. The operating lease right-of-use assets also include lease payments made before commencement and exclude lease incentives.

The Company's real estate leases typically contain options that permit renewals for additional periods of up to five years each. For real estate leases, the options to extend are not considered reasonably certain at lease commencement because the Company reevaluates each lease on a regular basis to consider the economic and strategic incentives of exercising the renewal options and regularly opens or closes stores to align with its operating strategy. Generally, the renewal option periods are not included within the lease term and the associated payments are not included in the measurement of the right-of-use asset and lease liability. Similarly, renewal options are not included in the lease term for non-real estate leases because they are not considered reasonably certain of being exercised at lease commencement. Leases with an initial term of 12 months or less are not recorded on the balance sheets and lease expense is recognized on a straight-line basis over the term of the short-term lease.

For real estate leases, the Company accounts for lease components and nonlease components as a single lease component. Certain real estate leases require additional payments based on sales volume, as well as reimbursement for real estate taxes, common area maintenance and insurance, which are expensed as incurred as variable lease costs. Other real estate leases contain one fixed lease payment that includes real estate taxes, common area maintenance and insurance. These fixed payments are considered part of the lease payment and included in the right-of-use assets and lease liabilities.

See Note 5 "Leases" for additional information.

Impact of New Lease Standard on Balance Sheet Line Items
As a result of applying the new lease accounting standard using a modified retrospective method, the following adjustments were made to accounts on the condensed consolidated balance sheet as of January 1, 2019:

		Impact of Change in Accounting Policy	
In millions	**As Reported December 31, 2018**	**Adjustments**	**As Adjusted January 1, 2019**
Condensed Consolidated Balance Sheets:			
Other current assets	$ 4,581	$ (48)	$ 4,533
Total current assets	45,243	(48)	45,195
Property and equipment, net	11,349	11	11,360

Total CVS Health shareholders' equity	58,225	178	58,403
Total shareholders' equity	58,543	178	58,721

Accounting for Interest Associated with the Purchase of Callable Debt Securities
In March 2017, the FASB issued ASU 2017-08, *Accounting for Interest Associated with the Purchase of Callable Debt Securities* (Topic 310). Under this standard, premiums on callable debt securities are amortized to the earliest call date rather than to the contractual maturity date. Callable debt securities held at a discount will continue to be amortized to the contractual maturity date. The Company adopted this new accounting standard on January 1, 2019 on a modified retrospective basis and

recorded an immaterial cumulative effect adjustment from accumulated other comprehensive income to retained earnings on the condensed consolidated balance sheet.

New Accounting Pronouncements Not Yet Adopted

Measurement of Credit Losses on Financial Instruments
In June 2016, the FASB issued ASU 2016-13, *Financial Instruments - Credit Losses* (Topic 326). This standard requires the use of a forward-looking expected loss impairment model for trade and other receivables, held-to-maturity debt securities, loans and other instruments. This standard also requires impairments and recoveries for available-for-sale debt securities to be recorded through an allowance account and revises certain disclosure requirements. The standard is effective for public companies for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Company does not expect the implementation of this standard to have a material impact on the Company's consolidated operating results, cash flows, financial condition or related disclosures.

Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement that is a Service Contract
In August 2018, the FASB issued ASU 2018-15, *Intangibles - Goodwill and other - Internal-Use Software* (Topic 350-40): *Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement that is a Service Contract.* This standard requires a customer in a cloud computing arrangement that is a service contract to follow the internal-use software guidance in Topic 350-40 to determine which implementation costs to capitalize as assets. The standard is effective for public companies for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Company does not expect the implementation of this standard to have a material impact on the Company's consolidated operating results, cash flows, financial condition or related disclosures.

Targeted Improvements to the Accounting for Long-Duration Insurance Contracts
In August 2018, the FASB issued ASU 2018-12, *Targeted Improvements to the Accounting for Long-Duration Contracts* (Topic 944). This standard requires the Company to review cash flow assumptions for its long-duration insurance contracts at least annually and recognize the effect of changes in future cash flow assumptions in net income. This standard also requires the Company to update discount rate assumptions quarterly and recognize the effect of changes in these assumptions in other comprehensive income. The rate used to discount the Company's liability for future policy benefits will be based on an estimate of the yield for an upper-medium-grade fixed-income instrument. In addition, this standard changes the amortization method for deferred acquisition costs and requires additional disclosures regarding the long duration insurance contract liabilities in the Company's interim and annual financial statements. The standard is effective for public companies for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2020. The Company is currently evaluating the effect that implementation of this standard will have on the Company's consolidated operating results, cash flows, financial condition and related disclosures.

2. Acquisition and Divestiture

Acquisition of Aetna

On the Aetna Acquisition Date, the Company acquired 100% of the outstanding shares and voting interests of Aetna for a combination of cash and stock. Under the terms of the merger agreement, Aetna shareholders received $145.00 in cash and 0.8378 CVS Health shares for each Aetna share. The transaction valued Aetna at approximately $212 per share or approximately $70 billion. Including the assumption of Aetna's debt, the total value of the transaction was approximately $78 billion. The Company financed the cash portion of the purchase price through a combination of cash on hand and by issuing approximately $45 billion of new debt, including senior notes and term loans. Aetna is a leading health care benefits company that offers a broad range of traditional, voluntary, and consumer-directed health insurance products and related services. The Company acquired Aetna to help improve the consumer health care experience by combining Aetna's health care benefits products and services with CVS Health's approximately 9,900 retail locations, approximately 1,100 walk-in medical clinics and integrated pharmacy capabilities with the goal of becoming the new, trusted front door to health care.

The transaction has been accounted for using the acquisition method of accounting which requires, among other things, the assets acquired and liabilities assumed to be recognized at their fair values at the date of acquisition. The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of acquisition:

In millions	
Cash and cash equivalents	$ 6,565
Accounts receivable	4,094
Other current assets	3,894
Investments (current and long-term)	17,984
Goodwill	47,554
Intangible assets	22,571
Other long-term assets	8,249
Total assets acquired	110,911
Health care costs payable	5,302
Other current liabilities	10,069
Debt (current and long-term)	8,098
Deferred income taxes	4,278
Other long-term liabilities	13,078
Total liabilities assumed	40,825
Noncontrolling interests	320
Total consideration transferred	$ 69,766

The assessment of fair value is preliminary and is based on information that was available to management at the time the unaudited condensed consolidated financial statements were prepared. The most significant open item relates to the accounting for income taxes as management is awaiting additional information to complete its assessment. Measurement period adjustments will be recorded in the period in which they are determined, as if they had been completed at the acquisition date. Measurement period adjustments to assets acquired and liabilities assumed during the nine months ended September 30, 2019 primarily related to additional information received related to certain valuations and contingencies and the related impact on the accounting for income taxes and goodwill. There were no material income statement measurement period adjustments recorded during the three and nine months ended September 30, 2019.

Unaudited pro forma financial information

The following unaudited pro forma information presents a summary of the Company's combined operating results for the three and nine months ended September 30, 2018 as if the Aetna acquisition and the related financing transactions had occurred on January 1, 2017. The following pro forma financial information is not necessarily indicative of the Company's operating results as they would have been had the acquisition been effected on the assumed date, nor is it necessarily an indication of trends in future results for a number of reasons, including, but not limited to, differences between the assumptions used to prepare the pro forma information, basic shares outstanding and dilutive equivalents, cost savings from operating efficiencies, potential synergies and the impact of incremental costs incurred in integrating the businesses.

In millions, except per share amounts	**Three Months Ended September 30, 2018**	**Nine Months Ended September 30, 2018**
Total revenues	$ 60,865	$ 180,164
Income from continuing operations attributable to CVS Health	1,864	1,731
Basic earnings per share from continuing operations attributable to CVS Health	$ 1.44	$ 1.34
Diluted earnings per share from continuing operations attributable to CVS Health	$ 1.43	$ 1.33

The pro forma results for the three and nine months ended September 30, 2018 include adjustments related to the following purchase accounting and acquisition-related items:

- Elimination of intercompany transactions between CVS Health and Aetna;

- Elimination of estimated foregone interest income associated with (i) cash assumed to have been used to partially fund the Aetna Acquisition and (ii) adjusting the amortized cost of Aetna's investment portfolio to fair value as of the completion of the Aetna Acquisition;
- Elimination of historical intangible asset, deferred acquisition cost and capitalized software amortization expense and addition of amortization expense based on the current preliminary values of identified intangible assets;
- Additional interest expense from (i) the long-term debt issued to partially fund the Aetna Acquisition and (ii) the amortization of the fair value adjustment to assumed long-term debt.
- Additional depreciation expense related to the adjustment of Aetna's property and equipment to fair value;
- Adjustments to align CVS Health's and Aetna's accounting policies;
- Elimination of transaction related costs; and
- Tax effects of the adjustments noted above.

Divestiture of Brazilian Subsidiary

On July 1, 2019, the Company sold its Brazilian subsidiary, Drogaria Onofre Ltda. ("Onofre") for an immaterial amount. Onofre operates 50 retail pharmacy stores, the results of which have historically been reported within the Retail/LTC segment. The Company recorded a loss on the divestiture of $205 million in the three months ended September 30, 2019, which primarily relates to the elimination of the cumulative translation adjustment from accumulated other comprehensive income and is reflected in operating expenses in the Company's unaudited condensed consolidated statements of operations within the Retail/LTC segment.

3. Investments

Total investments at September 30, 2019 and December 31, 2018 were as follows:

	September 30, 2019			December 31, 2018		
In millions	**Current**	**Long-term**	**Total**	**Current**	**Long-term**	**Total**
Debt securities available for sale	$ 2,175	$ 14,583	$ 16,758	$ 2,359	$ 12,896	$ 15,255
Mortgage loans	159	1,131	1,290	145	1,216	1,361
Other investments	—	1,628	1,628	18	1,620	1,638
Total investments	$ 2,334	$ 17,342	$ 19,676	$ 2,522	$ 15,732	$ 18,254

Debt Securities

Debt securities available for sale at September 30, 2019 and December 31, 2018 were as follows:

In millions	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
September 30, 2019				
Debt securities:				
U.S. government securities	$ 1,743	$ 83	$ —	$ 1,826
States, municipalities and political subdivisions	2,240	114	(1)	2,353
U.S. corporate securities	7,076	568	(7)	7,637
Foreign securities	2,095	194	—	2,289
Residential mortgage-backed securities	529	25	—	554
Commercial mortgage-backed securities	645	56	—	701
Other asset-backed securities	1,348	15	(5)	1,358
Redeemable preferred securities	32	8	—	40
Total debt securities [1]	$ 15,708	$ 1,063	$ (13)	$ 16,758
December 31, 2018				
Debt securities:				
U.S. government securities	$ 1,662	$ 26	$ —	$ 1,688
States, municipalities and political subdivisions	2,370	30	(1)	2,399
U.S. corporate securities	6,444	61	(16)	6,489
Foreign securities	2,355	31	(3)	2,383
Residential mortgage-backed securities	567	10	—	577
Commercial mortgage-backed securities	594	11	—	605
Other asset-backed securities	1,097	3	(15)	1,085
Redeemable preferred securities	30	—	(1)	29
Total debt securities [1]	$ 15,119	$ 172	$ (36)	$ 15,255

(1) Investment risks associated with the Company's experience-rated products generally do not impact the Company's consolidated operating results. At September 30, 2019, debt securities with a fair value of $973 million, gross unrealized capital gains of $85 million and no gross unrealized capital losses and at December 31, 2018, debt securities with a fair value of $916 million, gross unrealized capital gains of $12 million and gross unrealized capital losses of $2 million were included in total debt securities, but support experience-rated products. Changes in net unrealized capital gains (losses) on these securities are not reflected in accumulated other comprehensive income.

The fair value of debt securities at September 30, 2019 is shown below by contractual maturity. Actual maturities may differ from contractual maturities because securities may be restructured, called or prepaid, or the Company intends to sell a security prior to maturity.

In millions	Amortized Cost	Fair Value
Due to mature:		
Less than one year	$ 1,017	$ 1,022
One year through five years	5,378	5,568
After five years through ten years	3,098	3,316
Greater than ten years	3,693	4,239
Residential mortgage-backed securities	529	554
Commercial mortgage-backed securities	645	701
Other asset-backed securities	1,348	1,358
Total	$ 15,708	$ 16,758

Summarized below are the debt securities the Company held at September 30, 2019 and December 31, 2018 that were in an unrealized capital loss position:

In millions, except number of securities	Number of Securities	Fair Value	Unrealized Losses
September 30, 2019			
Debt securities:			
U.S. government securities	8	$ 41	$ —
States, municipalities and political subdivisions	38	53	1
U.S. corporate securities	217	254	7
Foreign securities	27	39	—
Residential mortgage-backed securities	31	17	—
Other asset-backed securities	327	386	5
Total debt securities	648	$ 790	$ 13
December 31, 2018			
Debt securities:			
U.S. government securities	8	$ 26	$ —
States, municipalities and political subdivisions	54	86	1
U.S. corporate securities	1,399	1,431	16
Foreign securities	243	314	3
Residential mortgage-backed securities	45	1	—
Other asset-backed securities	516	528	15
Redeemable preferred securities	14	23	1
Total debt securities	2,279	$ 2,409	$ 36

Since Aetna's investment portfolio was measured at fair value as of the Aetna Acquisition Date, each of the securities in the table above were in an unrealized loss position for less than 12 months. The Company reviewed the securities in the table above and concluded that these are performing assets generating investment income to support the needs of the Company's business. In performing this review, the Company considered factors such as the quality of the investment security based on research performed by the Company's internal credit analysts and external rating agencies and the prospects of realizing the carrying value of the security based on the investment's current prospects for recovery. As of September 30, 2019, the Company did not intend to sell these securities, and did not believe it was more likely than not that it would be required to sell these securities prior to anticipated recovery of their amortized cost basis.

The maturity dates for debt securities in an unrealized capital loss position at September 30, 2019 were as follows:

	Supporting experience-rated products		Supporting remaining products		Total	
In millions	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses
Due to mature:						
Less than one year	$ —	$ —	$ 3	$ —	$ 3	$ —
One year through five years	1	—	137	2	138	2
After five years through ten years	8	—	128	4	136	4
Greater than ten years	11	—	99	2	110	2
Residential mortgage-backed securities	—	—	17	—	17	—
Other asset-backed securities	10	—	376	5	386	5
Total	$ 30	$ —	$ 760	$ 13	$ 790	$ 13

Mortgage Loans

The Company's mortgage loans are collateralized by commercial real estate. The Company did not have any mortgage loans during the three and nine months ended September 30, 2018. During the three and nine months ended September 30, 2019, the Company had the following activity in its mortgage loan portfolio:

In millions	Three Months Ended September 30, 2019	Nine Months Ended September 30, 2019
New mortgage loans	$ 12	$ 90
Mortgage loans fully repaid	56	127
Mortgage loans foreclosed	—	—

The Company assesses mortgage loans on a regular basis for credit impairments and annually assigns a credit quality indicator to each loan. The Company's credit quality indicator is internally developed and categorizes its portfolio on a scale from 1 to 7. These indicators are based upon several factors, including current loan to value ratios, property condition, market trends, creditworthiness of the borrower and deal structure. The vast majority of the Company's mortgage loans fall into categories 2 to 4.

- *Category 1* - Represents loans of superior quality.
- *Categories 2 to 4* - Represent loans where credit risk is minimal to acceptable; however, these loans may display some susceptibility to economic changes.
- *Categories 5 and 6* - Represent loans where credit risk is not substantial, but these loans warrant management's close attention.
- *Category 7* - Represents loans where collections are potentially at risk; if necessary, an impairment is recorded.

Based upon the Company's assessments at September 30, 2019 and December 31, 2018, the Company's mortgage loans were given the following credit quality indicators:

In millions, except credit ratings indicator	September 30, 2019	December 31, 2018
1	$ 44	$ 42
2 to 4	1,234	1,301
5 and 6	12	18
7	—	—
Total	$ 1,290	$ 1,361

Net Investment Income

Sources of net investment income for the three and nine months ended September 30, 2019 and 2018 were as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
In millions	**2019**	**2018**	**2019**	**2018**
Debt securities	$ 145	$ 2	$ 437	$ 5
Mortgage loans	19	—	54	—
Other investments	60	219	163	480
Gross investment income	224	221	654	485
Investment expenses	(10)	—	(28)	—
Net investment income (excluding net realized capital gains or losses)	214	221	626	485
Net realized capital gains (1)	49	—	179	—
Net investment income (2)	$ 263	$ 221	$ 805	$ 485

(1) Other-than-temporary impairment ("OTTI") losses on debt securities recognized in the unaudited condensed consolidated statements of operations were $9 million and $22 million, respectively, for the three and nine months ended September 30, 2019. There were no OTTI losses on debt securities for the three and nine months ended September 30, 2018.

(2) Net investment income includes $10 million and $33 million for the three and nine months ended September 30, 2019, respectively, related to investments supporting experience-rated products. The Company had no investments supporting experience-rated products during the three and nine months ended September 30, 2018.

The portion of unrealized capital gains and losses recognized during the three and nine months ended September 30, 2019 related to investments in equity securities held as of the reporting date was not material.

The Company did not have any material proceeds from the sale of available for sale debt securities or related gross realized capital gains or losses for the three and nine months ended September 30, 2018. Excluding amounts related to experience-rated products, proceeds from the sale of available for sale debt securities and the related gross realized capital gains and losses for the three and nine months ended September 30, 2019 were as follows:

In millions	Three Months Ended September 30, 2019	Nine Months Ended September 30, 2019
Proceeds from sales	$ 1,325	$ 4,087
Gross realized capital gains	55	127
Gross realized capital losses	9	13

4. Fair Value

The preparation of the Company's condensed consolidated financial statements in accordance with GAAP requires certain assets and liabilities to be reflected at their fair value and others to be reflected on another basis, such as an adjusted historical cost basis. The Company's assets and liabilities carried at fair value have been classified within one of three levels of a hierarchy established by GAAP. The following are the levels of the hierarchy and a brief description of the type of valuation information ("valuation inputs") that qualifies a financial asset or liability for each level:

- Level 1 – Unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 – Valuation inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, valuation inputs that are observable that are not prices (such as interest rates and credit risks) and valuation inputs that are derived from or corroborated by observable markets.
- Level 3 – Developed from unobservable data, reflecting the Company's assumptions.

For a description of the methods and assumptions that are used to estimate the fair value and determine the fair value hierarchy classification of each class of financial instrument, see Note 4 "Fair Value" contained in the "Notes to Consolidated Financial Statements" in Exhibit 99.2 to the August 2019 8-K.

There were no financial liabilities measured at fair value on a recurring basis on the condensed consolidated balance sheets at September 30, 2019 or December 31, 2018. Financial assets measured at fair value on a recurring basis on the condensed consolidated balance sheets at September 30, 2019 and December 31, 2018 were as follows:

In millions	Level 1	Level 2	Level 3	Total
September 30, 2019				
Debt securities:				
U.S. government securities	$ 1,746	$ 80	$ —	$ 1,826
States, municipalities and political subdivisions	—	2,353	—	2,353
U.S. corporate securities	—	7,596	41	7,637
Foreign securities	—	2,284	5	2,289
Residential mortgage-backed securities	—	554	—	554
Commercial mortgage-backed securities	—	701	—	701
Other asset-backed securities	—	1,358	—	1,358
Redeemable preferred securities	—	28	12	40
Total debt securities	1,746	14,954	58	16,758
Equity securities	32	—	36	68
Total	$ 1,778	$ 14,954	$ 94	$ 16,826
December 31, 2018				
Debt securities:				
U.S. government securities	$ 1,597	$ 91	$ —	$ 1,688
States, municipalities and political subdivisions	—	2,399	—	2,399
U.S. corporate securities	—	6,422	67	6,489
Foreign securities	—	2,380	3	2,383
Residential mortgage-backed securities	—	577	—	577
Commercial mortgage-backed securities	—	605	—	605
Other asset-backed securities	—	1,085	—	1,085
Redeemable preferred securities	—	22	7	29
Total debt securities	1,597	13,581	77	15,255
Equity securities	19	—	54	73
Total	$ 1,616	$ 13,581	$ 131	$ 15,328

There were no transfers between Levels 1 and 2 during the three and nine months ended September 30, 2019 or 2018. During the three and nine months ended September 30, 2019 and 2018, there were no transfers into or out of Level 3.

The carrying value and estimated fair value classified by level of fair value hierarchy for financial instruments carried on the condensed consolidated balance sheets at adjusted cost or contract value at September 30, 2019 and December 31, 2018 were as follows:

In millions	Carrying Value	Estimated Fair Value			
		Level 1	Level 2	Level 3	Total
September 30, 2019					
Assets:					
Mortgage loans	$ 1,290	$ —	$ —	$ 1,317	$ 1,317
Equity securities [1]	142	N/A	N/A	N/A	N/A
Liabilities:					
Investment contract liabilities:					
With a fixed maturity	5	—	—	5	5
Without a fixed maturity	372	—	—	385	385
Long-term debt	67,984	72,823	—	—	72,823
December 31, 2018					
Assets:					
Mortgage loans	$ 1,361	$ —	$ —	$ 1,366	$ 1,366
Equity securities [1]	140	N/A	N/A	N/A	N/A
Liabilities:					
Investment contract liabilities:					
With a fixed maturity	5	—	—	5	5
Without a fixed maturity	382	—	—	357	357
Long-term debt	72,709	71,252	—	—	71,252

(1) It was not practical to estimate the fair value of these cost-method investments as it represents shares of unlisted companies.

Separate Accounts assets related to the Company's large case pensions products represent funds maintained to meet specific objectives of contract holders. Since contract holders bear the investment risk of these assets, a corresponding Separate Accounts liability has been established equal to the assets. These assets and liabilities are carried at fair value. Separate Accounts financial assets as of September 30, 2019 and December 31, 2018 were as follows:

In millions	September 30, 2019				December 31, 2018			
	Level 1	Level 2	Level 3	Total	Level 1	Level 2	Level 3	Total
Debt securities	$ 1,207	$ 2,609	$ —	$ 3,816	$ 782	$ 2,500	$ 4	$ 3,286
Equity securities	—	2	—	2	—	3	—	3
Common/collective trusts	—	513	—	513	—	404	—	404
Total [1]	$ 1,207	$ 3,124	$ —	$ 4,331	$ 782	$ 2,907	$ 4	$ 3,693

(1) Excludes $259 million and $191 million of cash and cash equivalents and accounts receivable at September 30, 2019 and December 31, 2018, respectively.

During the three and nine months ended September 30, 2019, the Company had an immaterial amount of Level 3 Separate Accounts financial assets.

5. Leases

The Company leases most of its retail stores and mail order facilities and certain distribution centers and corporate offices under operating or finance leases, typically with initial terms of 15 to 25 years. The Company also leases certain equipment and other assets under operating or finance leases, typically with initial terms of 3 to 10 years.

The Company maintains certain lease agreements for which the noncancelable contractual term of the pharmacy lease arrangement exceeds the remaining estimated economic life of the buildings being leased. For these pharmacy lease agreements, the Company concluded that for accounting purposes the lease term was the remaining economic life of the buildings. Consequently, most of these individual pharmacy leases are finance leases.

The following table is a summary of the Company's components of net lease cost for the three and nine months ended September 30, 2019:

In millions	**Three Months Ended September 30, 2019**	**Nine Months Ended September 30, 2019**
Operating lease cost	$ 681	$ 2,044
Finance lease cost:		
Amortization of right-of-use assets	9	27
Interest on lease liabilities	11	32
Total finance lease costs	20	59
Short-term lease costs	5	17
Variable lease costs	148	434
Less: sublease income	13	35
Net lease cost	$ 841	$ 2,519

Supplemental cash flow information related to leases for the nine months ended September 30, 2019 is as follows:

In millions	
Cash paid for amounts included in the measurement of lease liabilities:	
Operating cash flows paid for operating leases	$ 2,023
Operating cash flows paid for interest portion of finance leases	32
Financing cash flows paid for principal portion of finance leases	19
Right-of-use assets obtained in exchange for lease obligations:	
Operating leases	1,203
Finance leases	82

Supplemental balance sheet information related to leases as of September 30, 2019 is as follows:

In millions, except lease term and discount rate	
Operating leases:	
Operating lease right-of-use assets	$ 20,757
Current portion of operating lease liabilities	$ 1,798
Long-term operating lease liabilities	18,826
Total operating lease liabilities	$ 20,624
Finance leases: [1]	
Property and equipment, net	$ 560
Current portion of long-term debt	$ 27
Long-term debt	591
Total finance lease liabilities	$ 618
Weighted average remaining lease term	
Operating leases	13.8
Finance leases	20.6
Weighted average discount rate	
Operating leases	4.6%
Finance leases	7.3%

(1) Finance lease right-of-use assets are included within property and equipment, net and the respective finance lease liabilities are included in current portion of long-term debt and long-term debt on the unaudited condensed consolidated balance sheets.

The following table summarizes the maturity of lease liabilities under finance and operating leases as of September 30, 2019:

In millions	Finance Leases	Operating Leases [1]	Total
2019 (remaining three months)	$ 18	$ 679	$ 697
2020	70	2,688	2,758
2021	68	2,567	2,635
2022	64	2,408	2,472
2023	62	2,297	2,359
Thereafter	883	17,165	18,048
Total lease payments [2]	1,165	27,804	28,969
Less: imputed interest	(547)	(7,180)	(7,727)
Total lease liabilities	$ 618	$ 20,624	$ 21,242

(1) Future operating lease payments have not been reduced by minimum sublease rentals of $320 million due in the future under noncancelable subleases.
(2) The Company leases pharmacy and clinic space from Target Corporation. Amounts related to such finance and operating leases are reflected above. Pharmacy lease amounts due in excess of the remaining estimated economic life of the buildings of approximately $2.3 billion are not reflected in this table since the estimated economic life of the buildings is shorter than the contractual term of the pharmacy lease arrangement.

The Company finances a portion of its store development program through sale-leaseback transactions. The properties are generally sold at net book value, which generally approximates fair value, and the resulting leases generally qualify and are accounted for as operating leases. The operating leases that resulted from these transactions are included in the table above. The Company does not have any retained or contingent interests in the stores and does not provide any guarantees, other than a guarantee of lease payments, in connection with the sale-leaseback transactions. Sale-leaseback transactions resulted in an

immaterial gain and proceeds of $5 million in the nine months ended September 30, 2019. There were no sale-leaseback transactions in the three months ended September 30, 2019 or the three and nine months ended September 30, 2018.

Store Rationalization Charges

During the first quarter of 2019, the Company performed a review of its retail stores and determined it would close 46 underperforming retail pharmacy stores during the second quarter of 2019. As a result, management determined that there were indicators of impairment with respect to the impacted stores, including the associated operating lease right-of-use assets. Accordingly, an interim long-lived asset impairment test was performed. The results of the impairment test indicated that the fair value of each store asset group was lower than the carrying value. The fair value was determined using a discounted cash flow method based on estimated sublease income. In the three months ended March 31, 2019, the Company recorded a store rationalization charge of $135 million, primarily related to these operating lease right-of-use asset impairment charges, which was recorded within operating expenses in the Retail/LTC segment.

During the third quarter of 2019, in connection with its annual budgeting process, the Company performed an updated review of its retail stores and determined it would close an additional 22 underperforming retail pharmacy stores during the first quarter of 2020. As a result, management determined that there were indicators of impairment with respect to the impacted stores, including the associated operating lease right-of-use assets. Accordingly, an interim long-lived asset impairment test was performed. The results of the impairment test indicated that the fair value of each store asset group was lower than the carrying value. The fair value was determined using a discounted cash flow method based on estimated sublease income. In the three months ended September 30, 2019, the Company recorded a store rationalization charge of $96 million, primarily related to these operating lease right-of-use asset impairment charges, which was recorded within operating expenses in the Retail/LTC segment.

6. Health Care Costs Payable

Prior to the Aetna Acquisition, the Company's health care costs payable balance was immaterial and related to unpaid pharmacy claims for its SilverScript PDP. Accordingly, the Company has not included disclosures for health care costs payable for periods prior to the Aetna Acquisition Date.

The following table shows the components of the change in health care costs payable during the nine months ended September 30, 2019:

In millions	
Health care costs payable, beginning of the period	$ 6,147
Less: Reinsurance recoverables	4
Health care costs payable, beginning of the period, net	6,143
Add: Components of incurred health care costs	
Current year	39,657
Prior years	(511)
Total incurred health care costs [1]	39,146
Less: Claims paid	
Current year	33,032
Prior years	5,253
Total claims paid	38,285
Add: Premium deficiency reserve	6
Health care costs payable, end of period, net	7,010
Add: Reinsurance recoverables	4
Health care costs payable, end of period	$ 7,014

(1) Total incurred health care costs during the nine months ended September 30, 2019 in the table above exclude (i) $6 million related to a premium deficiency reserve for the 2019 coverage year related to the Company's Medicaid products, (ii) $31 million of benefit costs recorded in the Health Care Benefits segment that are included in other insurance liabilities on the unaudited condensed consolidated balance sheet and (iii) $213 million of benefit costs recorded in the Corporate/Other segment that are included in other insurance liabilities on the unaudited condensed consolidated balance sheet.

The Company's estimates of prior years' health care costs payable decreased by $511 million in the nine months ended September 30, 2019, because claims were settled for amounts less than originally estimated (i.e., the amount of claims incurred was lower than originally estimated), primarily due to lower health care cost trends as well as the actual claim submission time being faster than originally assumed (i.e., the Company's completion factors were higher than originally assumed) in estimating health care costs payable at the end of the prior year.

At September 30, 2019, the Company's liabilities for the ultimate cost of (i) services rendered to members but not yet reported to the Company and (ii) claims which have been reported to the Company but not yet paid (collectively, "IBNR") plus expected development on reported claims totaled approximately $5.0 billion. Substantially all of the Company's liabilities for IBNR plus expected development on reported claims at September 30, 2019 related to the current year.

7. Borrowings

The following table is a summary of the Company's borrowings at September 30, 2019 and December 31, 2018:

In millions	September 30, 2019	December 31, 2018
Short-term debt

Current portion of long-term debt	(3,778)	(1,265)
Long-term debt	$ 64,206	$ 71,444

Long-term Borrowings

2019 Notes
On August 15, 2019, the Company issued $1.0 billion aggregate principal amount of 2.625% unsecured senior notes due August 15, 2024, $750 million aggregate principal amount of 3% unsecured senior notes due August 15, 2026 and $1.75 billion aggregate principal amount of 3.25% unsecured senior notes due August 15, 2029 (collectively, the "2019 Notes") for total proceeds of approximately $3.5 billion, net of discounts and underwriting fees. The net proceeds of the 2019 Notes were used to repay certain of the Company's outstanding debt.

Beginning in July 2019, the Company entered into several interest rate swap and treasury lock transactions to manage interest rate risk. These agreements were designated as cash flow hedges and were used to hedge the exposure to variability in future cash flows resulting from changes in interest rates related to the anticipated issuance of the 2019 Notes. In connection with the issuance of the 2019 Notes, the Company terminated all outstanding cash flow hedges. The Company paid a net amount of $25 million to the hedge counterparties upon termination, which was recorded as a loss, net of tax, of $18 million in accumulated other comprehensive income and will be reclassified as interest expense over the life of the 2019 Notes. See Note 9 "Other Comprehensive Income (Loss)" for additional information.

Early Extinguishment of Debt
In August 2019, the Company purchased $4.0 billion of its outstanding senior notes through cash tender offers. The senior notes purchased included the following: $1.3 billion of its 3.125% senior notes due 2020, $723 million of its floating rate notes due 2020, $328 million of its 4.125% senior notes due 2021, $297 million of 4.125% senior notes due 2021 issued by Aetna, $413 million of 5.45% senior notes due 2021 issued by Coventry Health Care, Inc., a wholly-owned subsidiary of Aetna and $962 million of its 3.35% senior notes due 2021. In connection with the purchase of such senior notes, the Company paid a premium of $76 million in excess of the aggregate principal amount of the senior notes that were purchased, incurred $8 million in fees and recognized a net gain of $5 million on the write-off of net unamortized deferred financing premiums, for a net loss on early extinguishment of debt of $79 million.

8. Shareholders' Equity

Share Repurchases

On November 2, 2016, the Company's Board of Directors (the "Board") authorized the 2016 share repurchase program ("2016 Repurchase Program") for up to $15.0 billion of the Company's common shares. The 2016 Repurchase Program permits the Company to effect repurchases from time to time through a combination of open market repurchases, privately negotiated transactions, accelerated share repurchase transactions, and/or other derivative transactions. The 2016 Repurchase Program can be modified or terminated by the Board at any time.

During the nine months ended September 30, 2019 and 2018, the Company did not repurchase any shares of its common stock. At September 30, 2019, the Company had remaining authorization to repurchase an aggregate of up to approximately $13.9 billion of its common shares under the 2016 Repurchase Program.

Dividends

The quarterly cash dividend declared by the Board was $0.50 per share in each of the three-month periods ended September 30, 2019 and 2018. Cash dividends declared year to date by the Board were $1.50 per share in each of the nine-month periods ended September 30, 2019 and 2018. CVS Health has paid cash dividends every quarter since becoming a public company. Future dividend payments will depend on the Company's earnings, capital requirements, financial condition and other factors considered relevant by the Board.

9. Other Comprehensive Income (Loss)

Shareholders' equity included the following activity in accumulated other comprehensive income for the three and nine months ended September 30, 2019 and 2018:

	Three Months Ended September 30,		Nine Months Ended September 30,	
In millions	2019	2018	2019	2018
Net unrealized investment gains (losses):				
Beginning of period balance	$ 682	$ —	$ 97	$ —
Other comprehensive income before reclassifications *($214, $0, $933 and $0 pretax)*	192	—	799	—
Amounts reclassified from accumulated other comprehensive income *($(63), $0, $(93) and $0 pretax)* (1)	(56)	—	(78)	—
Other comprehensive income	136	—	721	—
End of period balance	818	—	818	—
Foreign currency translation adjustments:				
Beginning of period balance	(154)	(155)	(158)	(129)
Other comprehensive income (loss) before reclassifications	(1)	(8)	3	(34)
Amounts reclassified from accumulated other comprehensive loss (2)	154	—	154	—
Other comprehensive income (loss)	153	(8)	157	(34)
End of period balance	(1)	(163)	(1)	(163)
Net cash flow hedges:				
Beginning of period balance	305	321	312	(15)
Adoption of new accounting standard (3)	—	—	—	(3)
Other comprehensive income (loss) before reclassifications *($(25), $0, $(25) and $464 pretax)*	(18)	—	(18)	344
Amounts reclassified from accumulated other comprehensive income (loss) *($(7), $(5), $(16) and $(12) pretax)* (4)	(5)	(4)	(12)	(9)
Other comprehensive income (loss)	(23)	(4)	(30)	335
End of period balance	282	317	282	317
Pension and OPEB plans:				
Beginning of period balance	(149)	(25)	(149)	(21)
Adoption of new accounting standard (3)	—	—	—	(4)
End of period balance	(149)	(25)	(149)	(25)
Total beginning of period accumulated other comprehensive income (loss)	684	141	102	(165)
Adoption of new accounting standard (3)	—	—	—	(7)
Total other comprehensive income (loss)	266	(12)	848	301
Total end of period accumulated other comprehensive income	$ 950	$ 129	$ 950	$ 129

(1) Amounts reclassified from accumulated other comprehensive income for specifically identified debt securities are included in net investment income in the unaudited condensed consolidated statements of operations.

(2) Amounts reclassified from accumulated other comprehensive loss represent the elimination of the cumulative translation adjustment associated with the sale of Onofre, which was sold on July 1, 2019. The loss on the divestiture of Onofre is reflected in operating expenses in the unaudited condensed consolidated statements of operations.

(3) Reflects the adoption of ASU 2018-02, *Income Statement - Reporting Comprehensive Income (Topic 220): Reclassification of Certain Tax Effects from Accumulated Other Comprehensive Income* during the nine months ended September 30, 2018.

(4) Amounts reclassified from accumulated other comprehensive income (loss) for specifically identified cash flow hedges are included in interest expense in the unaudited condensed consolidated statements of operations. The Company expects to reclassify approximately $15 million, net of tax, in net gains associated with its cash flow hedges into net income within the next 12 months.

10. Earnings (Loss) Per Share

Earnings (loss) per share is computed using the two-class method. For periods in which the Company reports net income, diluted earnings per share is determined by using the weighted average number of common and dilutive common equivalent shares outstanding during the period, unless the effect is antidilutive. Stock appreciation rights and options to purchase 18 million and 19 million shares of common stock were outstanding, but were excluded from the calculation of diluted earnings per share, for the three and nine months ended September 30, 2019, respectively, because their exercise prices were greater than the average market price of the common shares and, therefore, the effect would be antidilutive. For the same reason, options to purchase 12 million and 14 million shares of common stock were outstanding, but were excluded from the calculation of diluted earnings per share, for the three and nine months ended September 30, 2018, respectively. Due to the loss from continuing operations attributable to CVS Health in the nine months ended September 30, 2018, 2 million potentially dilutive common equivalent shares also were excluded from the calculation of diluted earnings per share, as the impact of these shares was antidilutive.

The following is a reconciliation of basic and diluted earnings (loss) per share from continuing operations for the respective periods:

	Three Months Ended September 30,		Nine Months Ended September 30,	
In millions, except per share amounts	**2019**	**2018**	**2019**	**2018**
Numerator for earnings (loss) per share calculation:				
Income (loss) from continuing operations	$ 1,529	$ 1,390	$ 4,887	$ (174)
Income from continuing operations allocated to participating securities	—	(1)	(3)	(3)
Loss from continuing operations attributable to noncontrolling interest	1	—	—	—
Income (loss) from continuing operations attributable to CVS Health	$ 1,530	$ 1,389	$ 4,884	$ (177)
Denominator for earnings (loss) per share calculation:				
Weighted average shares, basic	1,302	1,020	1,300	1,018
Effect of dilutive securities	3	2	3	—
Weighted average shares, diluted	1,305	1,022	1,303	1,018
Earnings (loss) per share from continuing operations:				
Basic	$ 1.17	$ 1.36	$ 3.76	$ (0.17)
Diluted	$ 1.17	$ 1.36	$ 3.75	$ (0.17)

11. Reinsurance

The Company utilizes reinsurance agreements primarily to reduce required capital and to facilitate the acquisition or disposition of certain insurance contracts. Ceded reinsurance agreements permit the Company to recover a portion of its losses from reinsurers, although they do not discharge the Company's primary liability as the direct insurer of the risks reinsured.

On November 30, 2018, Aetna completed the sale of its standalone Medicare Part D prescription drug plans to a subsidiary of WellCare Health Plans, Inc. ("WellCare"), effective December 31, 2018. In connection with that sale, subsidiaries of WellCare and Aetna entered into reinsurance agreements under which WellCare has ceded to Aetna 100% of the insurance risk related to the divested standalone Medicare Part D prescription drug plans for the 2019 PDP plan year.

In January 2019, the Company entered into two four-year reinsurance agreements with an unrelated reinsurer that allow it to reduce required capital and provide collateralized excess of loss reinsurance coverage on a portion of the Health Care Benefits segment's group Commercial Insured business.

12. Commitments and Contingencies

Lease Guarantees

Between 1995 and 1997, the Company sold or spun off a number of subsidiaries, including Bob's Stores and Linens 'n Things, each of which subsequently filed for bankruptcy, and Marshalls. In many cases, when a former subsidiary leased a store, the Company provided a guarantee of the former subsidiary's lease obligations. When the subsidiaries were disposed of and accounted for as discontinued operations, the Company's guarantees remained in place, although each initial purchaser agreed to indemnify the Company for any lease obligations the Company was required to satisfy. If any of the purchasers or any of the former subsidiaries fail to make the required payments under a store lease, the Company could be required to satisfy those obligations. As of September 30, 2019, the Company guaranteed approximately 79 such store leases (excluding the lease guarantees related to Linens 'n Things, which have been recorded as a liability on the unaudited condensed consolidated balance sheet), with the maximum remaining lease term extending through 2029.

Guaranty Fund Assessments, Market Stabilization and Other Non-Voluntary Risk Sharing Pools

Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (in most states up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The life and health insurance guaranty associations in which the Company participates that operate under these laws respond to insolvencies of long-term care insurers as well as health insurers. The Company's assessments generally are based on a formula relating to the Company's health care premiums in the state compared to the premiums of other insurers. Certain states allow assessments to be recovered over time as offsets to premium taxes. Some states have similar laws relating to HMOs and/or other payors such as not-for-profit consumer-governed health plans established under the ACA.

In 2009, the Pennsylvania Insurance Commissioner placed long-term care insurer Penn Treaty Network America Insurance Company and one of its subsidiaries (collectively, "Penn Treaty") in rehabilitation, an intermediate action before insolvency, and subsequently petitioned a state court to convert the rehabilitation into a liquidation. Penn Treaty was placed in liquidation in March 2017. The Company has recorded a liability for its estimated share of future assessments by applicable life and health guaranty associations. It is reasonably possible that in the future the Company may record a liability and expense relating to other insolvencies which could have a material adverse effect on the Company's operating results, financial condition and cash flows. While historically the Company has ultimately recovered more than half of guaranty fund assessments through statutorily permitted premium tax offsets, significant increases in assessments could lead to legislative and/or regulatory actions that may limit future offsets.

HMOs in certain states in which the Company does business are subject to assessments, including market stabilization and other risk-sharing pools, for which the Company is assessed charges based on incurred claims, demographic membership mix and other factors. The Company establishes liabilities for these assessments based on applicable laws and regulations. In certain states, the ultimate assessments the Company pays are dependent upon the Company's experience relative to other entities subject to the assessment, and the ultimate liability is not known at the financial statement date. While the ultimate amount of the assessment is dependent upon the experience of all pool participants, the Company believes it has adequate reserves to cover such assessments.

Litigation and Regulatory Proceedings

The Company is a party to numerous legal proceedings, investigations, audits and claims arising, for the most part, in the ordinary course of its businesses, including the matters described below. The Company records accruals for outstanding legal matters when it believes it is probable that a loss will be incurred and the amount can be reasonably estimated. The Company evaluates, on a quarterly basis, developments in legal matters that could affect the amount of any accrual and developments that would make a loss contingency both probable and reasonably estimable. If a loss contingency is not both probable and reasonably estimable, the Company does not establish an accrued liability. None of the Company's accruals for outstanding legal matters are material individually or in the aggregate to the Company's financial condition.

Except as otherwise noted, the Company cannot predict with certainty the timing or outcome of the legal matters described below, and the Company is unable to reasonably estimate a possible loss or range of possible loss in excess of amounts already accrued for these matters. It is reasonably possible that the outcome of such legal matters could be material to the Company.

Usual and Customary Litigation

The Company is named as a defendant in a number of litigations that allege that the Company's retail stores overcharged for prescription drugs by not providing the correct usual and customary charge.

State of Texas ex rel. *Myron Winkelman and Stephani Martinson,* et al. *v. CVS Health Corporation* (Travis County Texas District Court). In February 2012, the Attorney General of the State of Texas issued Civil Investigative Demands ("CIDs") to the Company and subsequently has issued a series of requests for documents and information in connection with its investigation concerning the CVS Health Savings Pass program and other pricing practices with respect to claims for reimbursement from the Texas Medicaid program. In January 2017, the Travis County Court unsealed a first amended *qui tam* petition filed in April 2014. The government has intervened in this case. The amended petition alleges the Company violated the Texas Medicaid Fraud Prevention Act by submitting false claims for reimbursement to the Texas Medicaid program by, among other things, failing to use the price available to members of the CVS Health Savings Pass program as the pharmacies' usual and customary price. The amended petition was unsealed following the Company's December 2016 filing of *CVS Pharmacy, Inc. v. Charles Smith,* et al. (Travis County Texas District Court), a declaratory judgment action against the State of Texas seeking a declaration that the prices charged to members of the CVS Health Savings Pass program do not constitute usual and customary prices under the applicable Medicaid regulation. In March 2018, the Travis County Court denied the State of Texas's request for temporary injunctive relief. In June 2019, the Company and the Texas Attorney General commenced a civil jury trial in the *qui tam* action. Prior to the conclusion of that trial, the parties reached a settlement in principle on the remaining issues.

Corcoran et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of California) and *Podgorny* et al. *v. CVS Health Corporation* (U.S. District Court for the Northern District of Illinois). These putative class actions were filed against the Company in July and September 2015. The cases were consolidated in the U.S. District Court for the Northern District of California. Plaintiffs seek damages and injunctive relief under the consumer protection statutes and common laws of certain states on behalf of a class of consumers who purchased certain prescription drugs. Several third-party payors filed similar putative class actions on behalf of payors captioned *Sheet Metal Workers Local No. 20 Welfare and Benefit Fund v. CVS Health Corp.* and *Plumbers Welfare Fund, Local 130 v. CVS Health Corporation* (both pending in the U.S. District Court for the District of Rhode Island) in February and August 2016. In all of these cases the plaintiffs allege the Company overcharged for certain prescription drugs by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. In the *Corcoran* case, the U.S. District Court granted summary judgment to CVS on plaintiffs' claims in their entirety and certified certain subclasses in September 2017. In June 2019, the U.S. Court of Appeals for the Ninth Circuit reversed the District Court's grant of summary judgment and reversed the District Court's narrowing of the requested class. The *Corcoran* case is now proceeding to a trial on a class basis. The *Sheet Metal Workers* plaintiffs have amended their complaint to assert a claim under the federal Racketeer Influenced and Corrupt Organizations Act ("RICO") premised on an alleged conspiracy between the Company and other PBMs. The Company is defending itself against these claims.

State of California ex rel. *Matthew Omlansky v. CVS Caremark Corporation* (Superior Court of the State of California, County of Sacramento). In April 2016, the California Superior Court unsealed a first amended *qui tam* complaint filed in July 2013. The government has declined to intervene in this case. The relator alleges that the Company submitted false claims for payment to the California Medicaid program in connection with reimbursement for drugs available through the CVS Health Savings Pass program as well as certain other generic drugs. The case has been stayed pending the relator's appeal of the judgment against him in a similar case against another retailer. The Company is defending itself against these claims.

State of Mississippi v. CVS Health Corporation, et al. (Circuit Court of DeSoto County, Mississippi, Third Judicial District). In July 2016, the Company was served with a complaint filed on behalf of the State of Mississippi, originally in the Chancery Court, but later transferred to the Circuit Court. The complaint alleged that CVS retail pharmacies in Mississippi submitted false claims for reimbursement to the Mississippi Medicaid program by not submitting the price available to members of the CVS Health Savings Pass program as the pharmacy's usual and customary price. In June 2019, the Company's motion for judgment on the pleadings was granted in part and denied in part. Also in June 2019, the State of Mississippi's motion to dismiss the Company's counterclaim for declaratory relief was granted. The Company is defending itself against these claims.

PBM Litigation and Investigations

The Company is named as a defendant in a number of lawsuits and is subject to a number of investigations concerning its PBM practices.

Bewley, et al. v. *CVS Health Corporation*, et al. and *Prescott*, et al. v. *CVS Health Corporation*, et al. (both previously pending in the U.S. District Court for the Western District of Washington). These putative class actions were filed against the Company and other PBMs and manufacturers of glucagon kits (*Bewley*) and diabetes test strips (*Prescott*) in May 2017. Both cases alleged that, by contracting for rebates with the manufacturers of these diabetes products, the Company and other PBMs caused list prices for these products to increase, thereby harming certain consumers. The plaintiffs' primary claims were made under federal antitrust laws, RICO, state unfair competition and consumer protection laws and the federal Employee Retirement Income Security Act of 1974 ("ERISA"). Both of these cases were transferred to the U.S. District Court for the District of New Jersey on defendants' motions. In April 2019, the named plaintiffs in both the *Bewley* and *Prescott* cases voluntarily dismissed all of their claims without prejudice, ending both cases.

Klein, et al. v. *Prime Therapeutics*, et al. (U.S. District Court for the District of Minnesota). This putative class action was filed against the Company and other PBMs in June 2017 on behalf of ERISA plan members who purchased and paid for EpiPen or EpiPen Jr. Plaintiffs allege that the PBMs are ERISA fiduciaries to plan members and have violated ERISA by allegedly causing higher inflated prices for EpiPens through the process of negotiating increased rebates from EpiPen manufacturer Mylan. This case has been consolidated with a similar matter and is now proceeding as *In re EpiPen ERISA Litigation*. The Company is defending itself against these claims.

The Company has received subpoenas, CIDs, and other requests for documents and information from, and is being investigated by, Attorneys General of several states regarding its PBM practices, including pricing and rebates. In addition, the Company received an inquiry from the U.S. Senate Committee on Finance regarding insulin pricing. The Company has been providing documents and information in response to these subpoenas, CIDs and requests for information.

Controlled Substances Litigation, Audits and Subpoenas

In December 2017, the U.S. Judicial Panel on Multidistrict Litigation consolidated numerous cases filed against various defendants by plaintiffs such as counties, cities, hospitals, Indian tribes and third-party payors, alleging claims generally concerning the impacts of widespread opioid abuse. The consolidated multidistrict litigation captioned *In re National Prescription Opiate Litigation* (MDL No. 2804) is pending in the U.S. District Court for the Northern District of Ohio. This multidistrict litigation presumptively includes hundreds of relevant federal court cases that name the Company as a defendant. A significant number of similar cases that name the Company as a defendant in some capacity are pending in state courts. In addition, the Company has been named as a defendant in similar cases brought by certain state Attorneys General. The Company is defending itself against all such claims. Additionally, the Company has received subpoenas, CIDs and/or other requests for information regarding opioids from the Attorneys General and insurance and other regulators of several states. The Company has been cooperating with the government with respect to these subpoenas, CIDs and other requests for information.

The Company routinely is audited by the United States Drug Enforcement Administration ("DEA"). In some instances, the Company is in discussions with the DEA and U.S. Attorney's Offices concerning allegations that the Company violated certain requirements of the Controlled Substance Act.

In September 2015, the DEA served the Company with an administrative subpoena. The subpoena seeks documents related to controlled substance policies, procedures and practices at eight Omnicare pharmacy locations from May 2012 to the present. In September 2017, the DEA expanded the investigation to include an additional Omnicare pharmacy location. The Company has been cooperating with the government and providing documents and witnesses in response to this subpoena.

Prescription Processing Investigations

In October 2015, the Company received a CID from the U.S. Attorney's Office for the Southern District of New York requesting documents and information concerning the Company's Omnicare pharmacies' cycle fill process for assisted living facilities. The Company has been cooperating with the government and providing documents and information in response to this CID. In July 2017, the Company also received a subpoena from the California Department of Insurance requesting documents concerning similar subject matter. The Company has been cooperating with the California Department of Insurance and providing documents and information in response to this subpoena.

In December 2016, the Company received a CID from the U.S. Attorney's Office for the Northern District of New York requesting documents and information in connection with a federal False Claims Act investigation concerning whether the Company's retail pharmacies improperly submitted certain insulin claims to Part D of the Medicare program rather than Part B of the Medicare program. The Company has been cooperating with the government and providing documents and information in response to this CID.

In May 2017, the Company received a CID from the U.S. Attorney's Office for the Southern District of New York requesting documents and information concerning possible false claims submitted to Medicare in connection with reimbursements for prescription drugs under the Medicare Part D program. The Company has been cooperating with the government and providing documents and information in response to this CID.

Provider Proceedings

The Company is named as a defendant in purported class actions and individual lawsuits arising out of its practices related to the payment of claims for services rendered to its members by health care providers with whom the Company has a contract and with whom the Company does not have a contract ("out-of-network providers"). Among other things, these lawsuits allege that the Company paid too little to its health plan members and/or providers for these services and/or otherwise allege that the Company failed to timely or appropriately pay or administer claims and benefits (including the Company's post payment audit and collection practices and reductions in payments to providers due to sequestration). Other major health insurers are the subject of similar litigation or have settled similar litigation.

On October 28, 2016, Aetna was named as a respondent in an arbitration proceeding that had commenced as a lawsuit in Florida state court on August 25, 2015. The arbitration proceeding was brought by hospitals owned by HCA Holdings, Inc. with respect to Aetna's out-of-network benefit payment and administration practices in Florida relating to services and care rendered to members in Aetna's individual Public Exchange products from 2014 through 2016. Coverage under Aetna's individual Public Exchange products in Florida was not available after December 31, 2016. On October 15, 2018, the trial arbitrator awarded the claimant hospitals approximately $150 million. Aetna appealed the trial arbitrator's decision. On March 28, 2019, the appellate arbitrator reduced the award to approximately $86 million. The proceeding has ended. During the nine months ended September 30, 2019, the Company recorded the reduction in the required reserve amount for this proceeding as a measurement period adjustment to its Aetna Acquisition accounting and recorded a reduction to goodwill.

The Company also has received subpoenas and/or requests for documents and other information from, and been investigated by, Attorneys General and other state and/or federal regulators, legislators and agencies relating to, and the Company is involved in other litigation regarding, its out-of-network benefit payment and administration practices. It is reasonably possible that others could initiate additional litigation or additional regulatory action against the Company with respect to its out-of-network benefit payment and/or administration practices.

CMS Actions

The United States Centers for Medicare & Medicaid Services ("CMS") regularly audits the Company's performance to determine its compliance with CMS's regulations and its contracts with CMS and to assess the quality of services it provides to Medicare beneficiaries. CMS uses various payment mechanisms to allocate and adjust premium payments to the Company's and other companies' Medicare plans by considering the applicable health status of Medicare members as supported by information prepared, maintained and provided by health care providers. The Company collects claim and encounter data from providers and generally relies on providers to appropriately code their submissions to the Company and document their medical records, including the diagnosis data submitted to the Company with claims. CMS pays increased premiums to Medicare Advantage plans and Medicare PDP plans for members who have certain medical conditions identified with specific diagnosis codes. Federal regulators review and audit the providers' medical records to determine whether those records support the related diagnosis codes that determine the members' health status and the resulting risk-adjusted premium payments to the Company. In that regard, CMS has instituted risk adjustment data validation ("RADV") audits of various Medicare Advantage plans, including certain of the Company's plans, to validate coding practices and supporting medical record documentation maintained by health care providers and the resulting risk adjusted premium payments to the plans. CMS may require the Company to refund premium payments if the Company's risk adjusted premiums are not properly supported by medical record data. The Office of Inspector General (the "OIG") also is auditing the Company's risk adjustment-related data and that of other companies. The Company expects CMS and the OIG to continue these types of audits.

In 2012, CMS revised its audit methodology for RADV audits to determine refunds payable by Medicare Advantage plans for contract year 2011 and forward. Under the revised methodology, among other things, CMS will project the error rate identified

in the audit sample of approximately 200 members to all risk adjusted premium payments made under the contract being audited. For contract years prior to 2011, CMS did not project sample error rates to the entire contract. As a result, the revised methodology may increase the Company's exposure to premium refunds to CMS based on incomplete medical records maintained by providers. Since 2013, CMS has selected certain of the Company's Medicare Advantage contracts for various contract years for RADV audit. The Company is currently unable to predict which of its Medicare Advantage contracts will be selected for future audit, the amounts of any retroactive refunds of, or prospective adjustments to, Medicare Advantage premium payments made to the Company, the effect of any such refunds or adjustments on the actuarial soundness of the Company's Medicare Advantage bids, or whether any RADV audit findings would require the Company to change its method of estimating future premium revenue in future bid submissions to CMS or compromise premium assumptions made in the Company's bids for prior contract years, the current contract year or future contract years. Any premium or fee refunds or adjustments resulting from regulatory audits, whether as a result of RADV, Public Exchange-related or other audits by CMS, the OIG, the United States Department of Health and Human Services or otherwise, including audits of the Company's minimum MLR rebates, methodology and/or reports, could be material and could adversely affect the Company's operating results, financial condition and/or cash flows.

Medicare CIDs

The Company has received CIDs from the Civil Division of the United States Department of Justice (the "DOJ") in connection with a current investigation of the Company's patient chart review processes in connection with risk adjustment data submissions under Parts C and D of the Medicare program. The Company has been cooperating with the government and providing documents and information in response to these CIDs.

Tunney Act Proceeding

On October 10, 2018, the Company and Aetna entered into a consent decree with the DOJ that allowed CVS Health's proposed acquisition of Aetna to proceed, provided Aetna agreed to sell its individual standalone Medicare Part D prescription drug plans. As permitted by the asset preservation stipulation and order dated October 25, 2018, CVS Health completed its acquisition of Aetna on November 28, 2018, and Aetna completed the sale of such plans on November 30, 2018. On September 4, 2019, the United States District Court for the District of Columbia (the "D.C. District Court") entered a final order that concluded the court approval process for the consent decree under the Antitrust Procedures and Penalties Act. The final order was issued without conditions. No further action is required by the D.C District Court, the DOJ or any other entity with regard to CVS Health's acquisition of Aetna.

Shareholder Matters

Between February and August 2019, six class action complaints were filed by putative plaintiffs against the Company and certain current and former officers and directors: *Anarkat v. CVS Health Corp., et al.,* Case No. 1:19-cv-00437 (U.S. District Court for the District of Rhode Island); *Labourers' Pension Fund of Central and Eastern Canada v. CVS Health Corp., et al.,* Case No. 651700/2019 (New York Supreme Court); *City of Warren Police and Fire Retirement Sys.v. CVS Health Corp., et. al.*, Case No. PC-2019-5658 (Rhode Island Superior Court); *Cambria Co. Employees Retirement Sys. v. CVS Health Corp., et al.*, Case No. 653223/2019 (New York Supreme Court); *Freundlich v. CVS Health Corp., et al.*, Case No. PC-2019-6685 (Rhode Island Superior Court); and *Waterford Twp. Police & Fire Retirement Sys. v. CVS Health Corp., et al.,* Case No. 19-cv-00434 (U.S. District Court for the District of Rhode Island). The plaintiffs in these cases assert a variety of causes of action under federal securities laws that are premised on allegations that the defendants made certain omissions and misrepresentations relating to the performance of the Company's LTC business unit, which allegedly injured investors who acquired CVS Health securities between February 9, 2016 and February 20, 2019. The *Freundlich* case also alleges that defendants misrepresented anticipated synergies of the Aetna Acquisition. The Company is defending itself against these claims.

Other Legal and Regulatory Proceedings

The Company is also a party to other legal proceedings and is subject to government investigations, inquiries and audits and has received and is cooperating with the government in response to CIDs, subpoenas or similar process from various governmental agencies requesting information, arising, for the most part, in the ordinary course of its businesses. These other legal proceedings and government actions include claims of or relating to bad faith, medical or professional malpractice, claims processing, dispensing of medications, non-compliance with state and federal regulatory regimes, marketing misconduct, failure to timely or appropriately pay or administer claims and benefits, provider network structure (including the use of performance-based networks and termination of provider contracts), rescission of insurance coverage, improper disclosure or use of personal information, anticompetitive practices, general contractual matters, product liability, intellectual property litigation and

employment litigation. Some of these other legal proceedings are or are purported to be class actions or derivative claims. The Company is defending itself against the claims brought in these matters.

Awards to the Company and others of certain government contracts, particularly Medicaid contracts and other contracts with government customers in the Company's Health Care Benefits segment, are subject to increasingly frequent protests by unsuccessful bidders. These protests may result in awards to the Company being reversed, delayed or modified. The loss or delay in implementation of any government contract could adversely affect the Company's operating results. The Company will continue to defend contract awards it receives.

There also continues to be a heightened level of review and/or audit by regulatory authorities and legislators of, and increased litigation regarding, the Company's and the rest of the health care and related benefits industry's business and reporting practices, including premium rate increases, utilization management, development and application of medical policies, complaint, grievance and appeal processing, information privacy, provider network structure (including provider network adequacy, the use of performance-based networks and termination of provider contracts), provider directory accuracy, calculation of minimum medical loss ratios and/or payment of related rebates, delegated arrangements, rescission of insurance coverage, limited benefit health products, student health products, pharmacy benefit management practices (including manufacturers' rebates, pricing, the use of narrow networks and the placement of drugs in formulary tiers), sales practices, customer service practices, vendor oversight and claim payment practices (including payments to out-of-network providers).

As a leading national health care company, the Company regularly is the subject of government actions of the types described above. These government actions may prevent or delay the Company from implementing planned premium rate increases and may result, and have resulted, in restrictions on the Company's businesses, changes to or clarifications of the Company's business practices, retroactive adjustments to premiums, refunds or other payments to members, beneficiaries, states or the federal government, withholding of premium payments to the Company by government agencies, assessments of damages, civil or criminal fines or penalties, or other sanctions, including the possible suspension or loss of licensure and/or suspension or exclusion from participation in government programs.

The Company can give no assurance, however, that its businesses, financial condition, operating results and/or cash flows will not be materially adversely affected, or that the Company will not be required to materially change its business practices, based on: (i) future enactment of new health care or other laws or regulations; (ii) the interpretation or application of existing laws or regulations as they may relate to one or more of the Company's businesses, one or more of the industries in which the Company competes and/or the health care industry generally; (iii) pending or future federal or state governmental investigations of one or more of the Company's businesses, one or more of the industries in which the Company competes and/or the health care industry generally; (iv) pending or future government audits, investigations or enforcement actions against the Company; (v) adverse developments in any pending *qui tam* lawsuit against the Company, whether sealed or unsealed, or in any future *qui tam* lawsuit that may be filed against the Company; or (vi) adverse developments in pending or future legal proceedings against the Company or affecting one or more of the industries in which the Company competes and/or the health care industry generally.

13. Segment Reporting

The Company has three operating segments, Pharmacy Services, Retail/LTC and Health Care Benefits, as well as a Corporate/Other segment. The Company's segments maintain separate financial information, and the CODM evaluates the segments' operating results on a regular basis in deciding how to allocate resources among the segments and in assessing segment performance. The CODM evaluates the performance of the Company's segments based on adjusted operating income. Effective for the first quarter of 2019, adjusted operating income is defined as operating income (GAAP measure) excluding the impact of amortization of intangible assets and other items, if any, that neither relate to the ordinary course of the Company's business nor reflect the Company's underlying business performance. Segment financial information for the three and nine months ended September 30, 2018 has been retrospectively adjusted to conform with the current period presentation. See the reconciliation of consolidated operating income (GAAP measure) to adjusted operating income below for further context regarding the items excluded from operating income in determining adjusted operating income. The Company uses adjusted operating income as its principal measure of segment performance as it enhances the Company's ability to compare past financial performance with current performance and analyze underlying business performance and trends. Non-GAAP financial measures the Company discloses, such as consolidated adjusted operating income, should not be considered a substitute for, or superior to, financial measures determined or calculated in accordance with GAAP.

Effective for the first quarter of 2019, the Company realigned the composition of its segments to correspond with changes to its operating model and reflect how the CODM reviews information and manages the business. See Note 1 "Significant Accounting Policies" for further discussion. Segment financial information for the three and nine months ended September 30, 2018, has been retrospectively adjusted to reflect these changes as shown below:

	Three Months Ended September 30, 2018

(1) The total of cost of products sold and benefit costs previously were reported as cost of revenues.

The following is a reconciliation of financial measures of the Company's segments to the consolidated totals:

In millions	Pharmacy Services [1]	Retail/ LTC	Health Care Benefits	Corporate/ Other	Intersegment Eliminations [2]	Consolidated Totals
Three Months Ended						
September 30, 2019						
Revenues from customers	$ 36,018	$ 21,466	$ 17,035	$ 35	$ (10,007)	$ 64,547
Net investment income	—	—	146	117	—	263
Total revenues	36,018	21,466	17,181	152	(10,007)	64,810
Adjusted operating income (loss)	1,439	1,516	1,423	(252)	(179)	3,947
September 30, 2018						
Revenues from customers	$ 33,864	$ 20,856	$ 637	$ —	$ (8,088)	$ 47,269
Net investment income	—	—	4	217	—	221
Total revenues	33,864	20,856	641	217	(8,088)	47,490
Adjusted operating income (loss)	1,362	1,622	75	(213)	(196)	2,650
Nine Months Ended						
September 30, 2019						
Revenues from customers	$ 104,418	$ 64,028	$ 51,996	$ 76	$ (31,436)	$ 189,082
Net investment income	—	—	458	347	—	805
Total revenues	104,418	64,028	52,454	423	(31,436)	189,887
Adjusted operating income (loss)	3,682	4,674	4,423	(685)	(521)	11,573
September 30, 2018						
Revenues from customers	$ 99,837	$ 61,960	$ 2,713	$ —	$ (24,840)	$ 139,670
Net investment income	—	—	10	475	—	485
Total revenues	99,837	61,960	2,723	475	(24,840)	140,155
Adjusted operating income (loss)	3,530	5,279	(62)	(647)	(558)	7,542

(1) Total revenues of the Pharmacy Services segment include approximately $2.7 billion of retail co-payments for each of the three-month periods ended September 30, 2019 and 2018, and $8.9 billion and $8.8 billion of retail co-payments for the nine months ended September 30, 2019 and 2018, respectively.

(2) Intersegment eliminations relate to intersegment revenue generating activities that occur between the Pharmacy Services segment, the Retail/LTC segment and/or the Health Care Benefits segment.

The following are reconciliations of consolidated operating income to adjusted operating income for the three and nine months ended September 30, 2019 and 2018:

	Three Months Ended September 30,		Nine Months Ended September 30,	
In millions	**2019**	**2018**	**2019**	**2018**
Operating income (GAAP measure)	$ 2,928	$ 2,574	$ 8,950	$ 3,197
Amortization of intangible assets [1]	607	215	1,822	639
Acquisition-related transaction and integration costs [2]	111	70	365	152
Store rationalization charges [3]	96	—	231	—
Loss on divestiture of subsidiary [4]	205	—	205	86
Goodwill impairment [5]	—	—	—	3,921
Interest income on financing for the Aetna Acquisition [6]	—	(209)	—	(453)
Adjusted operating income	$ 3,947	$ 2,650	$ 11,573	$ 7,542

(1) The Company's acquisition activities have resulted in the recognition of intangible assets as required under the acquisition method of accounting which consist primarily of trademarks, customer contracts/relationships, covenants not to compete, technology, provider networks and value of business acquired. Definite-lived intangible assets are amortized over their estimated useful lives and are tested for impairment when events indicate that the carrying value may not be recoverable. The amortization of intangible assets is reflected in the Company's statements of operations in operating expenses within each segment. Although intangible assets contribute to the Company's revenue generation, the amortization of intangible assets does not directly relate to the underwriting of the Company's insurance products, the services performed for the Company's customers or the sale of the Company's products or services. Additionally, intangible asset amortization expense typically fluctuates based on the size and timing of the Company's acquisition activity. Accordingly, the Company believes excluding the amortization of intangible assets enhances the Company's and investors' ability to compare the Company's past financial performance with its current performance and to analyze underlying business performance and trends. Intangible asset amortization excluded from the related non-GAAP financial measure represents the entire amount recorded within the Company's GAAP financial statements and the revenue generated by the associated intangible assets has not been excluded from the related non-GAAP financial measure. Intangible asset amortization is excluded from the related non-GAAP financial measure because the amortization, unlike the related revenue, is not affected by operations of any particular period unless an intangible asset becomes impaired or the estimated useful life of an intangible asset is revised.

(2) During the three and nine months ended September 30, 2019 and 2018, acquisition-related transaction and integration costs relate to the Aetna Acquisition. During the nine months ended September 30, 2018, acquisition-related integration costs also relate to the acquisition of Omnicare, Inc. The acquisition-related transaction and integration costs are reflected in the Company's unaudited GAAP condensed consolidated statements of operations in operating expenses primarily within the Corporate/Other segment.

(3) During the three and nine months ended September 30, 2019, the store rationalization charges relate to the planned closure of 22 underperforming retail pharmacy stores in the first quarter of 2020. During the nine months ended September 30, 2019, the store rationalization charges also relate to the planned closure of 46 underperforming retail pharmacy stores in the second quarter of 2019. The store rationalization charges primarily relate to operating lease right-of-use asset impairment charges and are reflected in the Company's unaudited GAAP condensed consolidated statements of operations in operating expenses within the Retail/LTC segment.

(4) During the three and nine months ended September 30, 2019, the loss on divestiture of subsidiary represents the pre-tax loss on the sale of Onofre, which occurred on July 1, 2019. The loss on divestiture primarily relates to the elimination of the cumulative translation adjustment from accumulated other comprehensive income and is reflected in operating expenses in the Company's unaudited GAAP condensed consolidated statements of operations within the Retail/LTC segment. During the nine months ended September 30, 2018, the loss on divestiture of subsidiary represents the pre-tax loss on the sale of the Company's RxCrossroads subsidiary for $725 million and is reflected in operating expenses in the Company's unaudited GAAP condensed consolidated statements of operations within the Retail/LTC segment.

(5) During the nine months ended September 30, 2018, the goodwill impairment charge relates to the LTC reporting unit within the Retail/LTC segment.

(6) During the three and nine months ended September 30, 2018, the Company recorded interest income of $209 million and $453 million, respectively, on the proceeds of its unsecured senior notes issued in March 2018 to partially fund the Aetna Acquisition. All amounts are for the periods prior to the close of the Aetna Acquisition, which occurred on November 28, 2018, and were recorded within the Corporate/Other segment.

Report of Independent Registered Public Accounting Firm

To the Shareholders and the Board of Directors of CVS Health Corporation

Results of Review of Interim Financial Statements

We have reviewed the accompanying condensed consolidated balance sheet of CVS Health Corporation (the Company) as of September 30, 2019, the related condensed consolidated statements of operations and comprehensive income for the three-month and nine-month periods ended September 30, 2019 and 2018, the related condensed consolidated statements of shareholders' equity for the three-month periods ended March 31, 2019 and 2018, June 30, 2019 and 2018 and September 30, 2019 and 2018, the related condensed consolidated statements of cash flows for the nine-month periods ended September 30, 2019 and 2018, and the related notes (collectively referred to as the "condensed consolidated interim financial statements"). Based on our reviews, we are not aware of any material modifications that should be made to the condensed consolidated interim financial statements for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheet of the Company as of December 31, 2018, the related consolidated statements of operations, comprehensive income (loss), shareholders' equity and cash flows for the year then ended, and the related notes (not presented herein); and in our report dated February 28, 2019, we expressed an unqualified audit opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2018, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Adoption of ASU 2016-02

As discussed in Note 1 to the condensed consolidated interim financial statements, the Company changed its method of accounting for leases in 2019 due to the adoption of ASU 2016-02, *Leases*.

Basis for Review Results

These financial statements are the responsibility of the Company's management. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the SEC and the PCAOB. We conducted our review in accordance with the standards of the PCAOB. A review of interim financial statements consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the PCAOB, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A")

Overview of Business

CVS Health Corporation, together with its subsidiaries (collectively, "CVS Health," the "Company," "we," "our" or "us"), is the nation's premier health innovation company helping people on their path to better health. Whether in one of its pharmacies or through its health services and plans, CVS Health is pioneering a bold new approach to total health by making quality care more affordable, accessible, simple and seamless. CVS Health is community-based and locally focused, engaging consumers with the care they need when and where they need it. The Company has approximately 9,900 retail locations, approximately 1,100 walk-in medical clinics, a leading pharmacy benefits manager with approximately 102 million plan members, a dedicated senior pharmacy care business serving more than one million patients per year and expanding specialty pharmacy services. CVS Health also serves an estimated 38 million people through traditional, voluntary and consumer-directed health insurance products and related services, including rapidly expanding Medicare Advantage offerings and a leading standalone Medicare Part D prescription drug plan ("PDP"). The Company believes its innovative health care model increases access to quality care, delivers better health outcomes and lowers overall health care costs.

On November 28, 2018 (the "Aetna Acquisition Date"), the Company acquired Aetna Inc. ("Aetna"). As a result of the acquisition of Aetna (the "Aetna Acquisition"), the Company added the Health Care Benefits segment. Certain aspects of Aetna's operations, including products for which the Company no longer solicits or accepts new customers, such as large case pensions and long-term care insurance products, are included in the Company's Corporate/Other segment.

Effective for the first quarter of 2019, the Company realigned the composition of its segments to correspond with changes to its operating model and reflect how its Chief Operating Decision Maker (the "CODM") reviews information and manages the business. As a result of this realignment, the Company's SilverScript® PDP moved from the Pharmacy Services segment to the Health Care Benefits segment. In addition, the Company moved Aetna's mail order and specialty pharmacy operations from the Health Care Benefits segment to the Pharmacy Services segment. Segment financial information for the three and nine months ended September 30, 2018, has been retrospectively adjusted to reflect these changes.

The Company has four reportable segments: Pharmacy Services, Retail/LTC, Health Care Benefits and Corporate/Other, which are described below.

Overview of the Pharmacy Services Segment

The Pharmacy Services segment provides a full range of pharmacy benefit management ("PBM") solutions, including plan design offerings and administration, formulary management, retail pharmacy network management services, mail order pharmacy, specialty pharmacy and infusion services, clinical services, disease management services and medical spend management. The Pharmacy Services segment's clients are primarily employers, insurance companies, unions, government employee groups, health plans, PDPs, Medicaid managed care plans, plans offered on public health insurance exchanges and private health insurance exchanges, other sponsors of health benefit plans and individuals throughout the United States. The Pharmacy Services segment operates retail specialty pharmacy stores, specialty mail order pharmacies, mail order dispensing pharmacies, compounding pharmacies and branches for infusion and enteral nutrition services. During the nine months ended September 30, 2019, the Company's PBM filled or managed 1.5 billion prescriptions on a 30-day equivalent basis.

Overview of the Retail/LTC Segment

The Retail/LTC segment sells prescription drugs and a wide assortment of general merchandise, including over-the-counter drugs, beauty products, cosmetics and personal care products, provides health care services through its MinuteClinic® walk-in medical clinics and conducts long-term care ("LTC") pharmacy operations, which distribute prescription drugs and provide related pharmacy consulting and other ancillary services to chronic care facilities and other care settings. As of September 30, 2019, the Retail/LTC segment operated approximately 9,900 retail locations, approximately 1,100 MinuteClinic® locations as well as online retail pharmacy websites, LTC pharmacies and onsite pharmacies. During the nine months ended September 30, 2019, the Retail/LTC segment filled 1.0 billion prescriptions on a 30-day equivalent basis.

Overview of the Health Care Benefits Segment

The Health Care Benefits segment is one of the nation's leading diversified health care benefits providers, serving an estimated 38 million people as of September 30, 2019. The Health Care Benefits segment has the information and resources to help members, in consultation with their health care professionals, make more informed decisions about their health care. The Health

Care Benefits segment offers a broad range of traditional, voluntary and consumer-directed health insurance products and related services, including medical, pharmacy, dental and behavioral health plans, medical management capabilities, Medicare Advantage and Medicare Supplement plans, PDPs, Medicaid health care management services, workers' compensation administrative services and health information technology products and services. The Health Care Benefits segment's customers include employer groups, individuals, college students, part-time and hourly workers, health plans, health care providers ("providers"), governmental units, government-sponsored plans, labor groups and expatriates. The Company refers to insurance products (where it assumes all or a majority of the risk for medical and dental care costs) as "Insured" and administrative services contract products (where the plan sponsor assumes all or a majority of the risk for medical and dental care costs) as "ASC."

Overview of the Corporate/Other Segment

The Company presents the remainder of its financial results in the Corporate/Other segment, which consists of:

- Management and administrative expenses to support the overall operations of the Company, which include certain aspects of executive management and the corporate relations, legal, compliance, human resources, information technology and finance departments and acquisition-related transaction and integration costs; and
- Products for which the Company no longer solicits or accepts new customers such as large case pensions and long-term care insurance products.

Operating Results

The following discussion explains the material changes in the Company's operating results for the three and nine months ended September 30, 2019 and 2018, and the significant developments affecting the Company's financial condition since December 31, 2018. We strongly recommend that you read our audited consolidated financial statements and notes thereto and Management's Discussion and Analysis of Financial Condition and Results of Operations for the year ended December 31, 2018, which were revised to reflect the Company's segment realignment and are included in Exhibit 99.2 to the Company's Current Report on Form 8-K filed with the United States Securities and Exchange Commission (the "SEC") on August 8, 2019 (the "August 2019 8-K").

Commentary - Three Months Ended September 30, 2019 vs. 2018

Revenues

- Total revenues increased $17.3 billion, or 36.5%, in the three months ended September 30, 2019 compared to the prior year. The increase in total revenues was primarily driven by the impact of the Aetna Acquisition (primarily reflected in the Health Care Benefits segment) which occurred in November 2018, a 6.4% increase in Pharmacy Services segment revenue, and a 2.9% increase in Retail/LTC segment revenue.
- Please see "Segment Analysis" later in this report for additional information about the revenues of the Company's segments.

Operating expenses

- Operating expenses increased $3.6 billion, or 72.8%, in the three months ended September 30, 2019 compared to the prior year. Operating expenses as a percentage of total revenues were 13.3% in the three months ended September 30, 2019, an increase of 280 basis points compared to the prior year. The increase in operating expenses was primarily driven by the impact of the Aetna Acquisition (including intangible asset amortization) and higher operating expenses in the Retail/LTC segment, including a $205 million pre-tax loss on the sale of the Company's Brazilian subsidiary, Drogaria Onofre Ltda. ("Onofre"), and a $96 million store rationalization charge, each recorded in the three months ended September 30, 2019.
- Please see "Segment Analysis" later in this report for additional information about the operating expenses of the Company's segments.

Operating income

- Operating income increased $354 million, or 13.8%, in the three months ended September 30, 2019 compared to the prior year. The increase was primarily due to the impact of the Aetna Acquisition as well as increased claims volume and improved purchasing economics in the Pharmacy Services segment. These increases were partially offset by:
  - Continued reimbursement pressure in the Retail/LTC segment;
  - Continued price compression in the Pharmacy Services segment;
  - An increase in intangible asset amortization primarily related to the Aetna Acquisition;
  - Higher operating expenses in the Retail/LTC segment, including the $205 million pre-tax loss on the sale of Onofre and the $96 million store rationalization charge, each recorded in the three months ended September 30, 2019; and
  - The absence of $209 million in interest income on the proceeds from the financing for the Aetna Acquisition recorded in the three months ended September 30, 2018.
- Please see "Segment Analysis" later in this report for additional information about the operating income of the Company's segments.

Interest expense

- Interest expense increased $73 million in the three months ended September 30, 2019 compared to the prior year, primarily due to the assumption of Aetna's debt as of the Aetna Acquisition Date. See "Liquidity and Capital Resources" later in this report for additional information.

Loss on early extinguishment of debt

- During the three months ended September 30, 2019, the loss on early extinguishment of debt relates to the Company's repayment of $4.0 billion of its outstanding senior notes pursuant to its tender offers for such senior notes in August 2019, which resulted in a loss on early extinguishment of debt of $79 million. See Note 7 "Borrowings" to the unaudited condensed consolidated financial statements for additional information.

Income tax provision

- The Company's effective income tax rate was 28.3% in the three months ended September 30, 2019 compared to 26.8% for the prior year. The increase in the effective income tax rate was primarily due to the impact of the sale of Onofre in the three months ended September 30, 2019.

Commentary - Nine Months Ended September 30, 2019 vs. 2018

Revenues

- Total revenues increased $49.7 billion, or 35.5%, in the nine months ended September 30, 2019 compared to the prior year. The increase in total revenues was primarily driven by the impact of the Aetna Acquisition (primarily reflected in the Health Care Benefits segment) which occurred in November 2018, a 4.6% increase in Pharmacy Services segment revenue, and a 3.3% increase in Retail/LTC segment revenue.

- Please see "Segment Analysis" later in this report for additional information about the revenues of the Company's segments.

Operating expenses

- Operating expenses increased $10.1 billion, or 68.7%, in the nine months ended September 30, 2019 compared to the prior year. Operating expenses as a percentage of total revenues were 13.1% in the nine months ended September 30, 2019, an increase of 260 basis points compared to the prior year. The increase in operating expenses is primarily due to the impact of the Aetna Acquisition (including intangible asset amortization), higher operating expenses in the Retail/LTC segment, including $231 million of store rationalization charges and the $205 million pre-tax loss on the sale of Onofre recorded in the nine months ended September 30, 2019, and an increase in acquisition-related integration costs.
- Please see "Segment Analysis" later in this report for additional information about the operating expenses of the Company's segments.

Operating income

- Operating income increased $5.8 billion in the nine months ended September 30, 2019 compared to the prior year. The increase was primarily due to the absence of the $3.9 billion pre-tax goodwill impairment charge related to the LTC reporting unit within the Retail/LTC segment recorded in the nine months ended September 30, 2018 and the impact of the Aetna Acquisition. The increase was partially offset by reimbursement pressure and higher operating expenses in the Retail/LTC segment and an increase in acquisition-related integration costs.
- Please see "Segment Analysis" later in this report for additional information about the operating income of the Company's segments.

Interest expense

- Interest expense increased $415 million in the nine months ended September 30, 2019 compared to the prior year, primarily due to the financing activity associated with the Aetna Acquisition and the assumption of Aetna's debt as of the Aetna Acquisition Date. See "Liquidity and Capital Resources" later in this report for additional information.

Loss on early extinguishment of debt

- During the nine months ended September 30, 2019, the loss on early extinguishment of debt relates to the Company's repayment of $4.0 billion of its outstanding senior notes pursuant to its tender offers for such senior notes in August 2019, which resulted in a loss on early extinguishment of debt of $79 million. See Note 7 "Borrowings" to the unaudited condensed consolidated financial statements for additional information.

Income tax provision

- The Company's effective income tax rate was 26.7% in the nine months ended September 30, 2019 compared to 113.3% for the prior year. The decrease in the effective income tax rate was primarily due to the $3.9 billion goodwill impairment charge recognized in the nine months ended September 30, 2018, which was not deductible for income tax purposes.

Outlook

With respect to the fourth quarter of 2019, the Company believes you should consider the following important information:

- The Health Care Benefits segment's operating income generally is lowest in the fourth quarter of the year primarily due to (i) the seasonality of benefit costs which generally increase during the year as Insured members progress through their annual deductibles and out-of-pocket expense limits and (ii) the seasonality of operating expenses which are generally the highest during the fourth quarter due to increased spending to support readiness for the start of the 2020 plan year in the Medicare business and marketing associated with Medicare annual enrollment.
- Due to the timing of the closing of the Aetna Acquisition, the fourth quarter of 2018 does not include the full impact of common share dilution and interest expense resulting from the Aetna Acquisition. These differences affect year-over-year comparability of, among other things, earnings per share.

With respect to 2020, the Company believes you should consider the following important information:

- The Company believes that it is on track to achieve its 2020 target of approximately $800 million of synergies from the Aetna Acquisition.
- The ACA imposes a significant industry-wide fee known as the Health Insurer Fee (the "HIF"). The HIF is non-deductible for federal income tax purposes and is allocated to insurers based on the ratio of the amount of an insurer's net premium revenues written during the preceding calendar year to the amount of health insurance premium for all U.S. health risk for certain lines of business during the preceding calendar year. The HIF was suspended for 2017, $14.3 billion for 2018 and suspended for 2019. As currently enacted, the HIF will be $15.5 billion for 2020 and increase in 2021 and annually thereafter. In October 2018, Aetna and CVS paid an aggregate of approximately $1.0 billion representing their aggregate share of the 2018 HIF. The Company's 2019 financial results do not reflect any expense for the HIF since the HIF was suspended for 2019, and the Company expects its 2020 effective income tax rate to increase compared to 2019 due to the non-deductibility of the 2020 HIF. While the Company seeks to price its products to cover the increased selling, general and administrative and income tax expenses associated with the HIF, it may be particularly challenging for the Company to include all of its portion of the 2020 HIF in its premium rates beginning with 2019 medical customer renewals that have member months in 2020 because of the temporary suspension of the HIF for 2019.
- Changes to the Company's business environment may continue for the next several years as elected and other government officials at the national and state levels continue to propose and enact significant modifications to public policy and existing laws and regulations that govern the Company's businesses.

The Company's current expectations described above are forward-looking statements. Please see "Cautionary Statement Concerning Forward-Looking Statements" in this report for information regarding important factors that may cause the Company's actual results to differ from those currently projected and/or otherwise materially affect the Company.

Segment Analysis

The following discussion of segment operating results is presented based on the Company's reportable segments in accordance with the accounting guidance for segment reporting and is consistent with our segment disclosure in Note 13 "Segment Reporting" to the unaudited condensed consolidated financial statements.

The Company has three operating segments, Pharmacy Services, Retail/LTC and Health Care Benefits, as well as a Corporate/Other segment. The Company's segments maintain separate financial information, and the CODM evaluates the segments' operating results on a regular basis in deciding how to allocate resources among the segments and in assessing segment performance. The CODM evaluates the performance of the Company's segments based on adjusted operating income. Effective for the first quarter of 2019, adjusted operating income is defined as operating income (GAAP measure) excluding the impact of amortization of intangible assets and other items, if any, that neither relate to the ordinary course of the Company's business nor reflect the Company's underlying business performance. Segment financial information for the three and nine months ended September 30, 2018 has been retrospectively adjusted to conform with the current period presentation. See the reconciliations of operating income (GAAP measure) to adjusted operating income below for further context regarding the items excluded from operating income in determining adjusted operating income. The Company uses adjusted operating income as its principal measure of segment performance as it enhances the Company's ability to compare past financial performance with current performance and analyze underlying business performance and trends. Non-GAAP financial measures the Company discloses, such as consolidated adjusted operating income, should not be considered a substitute for, or superior to, financial measures determined or calculated in accordance with GAAP.

Effective for the first quarter of 2019, the Company realigned the composition of its segments to correspond with changes to its operating model and reflect how the CODM reviews information and manages the business. See Note 1 "Significant Accounting Policies" to the unaudited condensed consolidated financial statements for further discussion. Segment financial information for the three and nine months ended September 30, 2018, has been retrospectively adjusted to reflect these changes as shown in Note 13 "Segment Reporting" to the unaudited condensed consolidated financial statements.

The following is a reconciliation of financial measures of the Company's segments to the consolidated totals:

In millions	Pharmacy Services [1]	Retail/ LTC	Health Care Benefits	Corporate/ Other	Intersegment Eliminations [2]	Consolidated Totals
Three Months Ended						
September 30, 2019						
Total revenues	$ 36,018	$ 21,466	$ 17,181	$ 152	$ (10,007)	$ 64,810
Adjusted operating income (loss)	1,439	1,516	1,423	(252)	(179)	3,947
September 30, 2018						
Total revenues	33,864	20,856	641	217	(8,088)	47,490
Adjusted operating income (loss)	1,362	1,622	75	(213)	(196)	2,650
Nine Months Ended						
September 30, 2019						
Total revenues	$ 104,418	$ 64,028	$ 52,454	$ 423	$ (31,436)	$ 189,887
Adjusted operating income (loss)	3,682	4,674	4,423	(685)	(521)	11,573
September 30, 2018						
Total revenues	99,837	61,960	2,723	475	(24,840)	140,155
Adjusted operating income (loss)	3,530	5,279	(62)	(647)	(558)	7,542

(1) Total revenues of the Pharmacy Services segment include approximately $2.7 billion of retail co-payments for each of the three-month periods ended September 30, 2019 and 2018, and $8.9 billion and $8.8 billion of retail co-payments for the nine months ended September 30, 2019 and 2018, respectively.

(2) Intersegment eliminations relate to intersegment revenue generating activities that occur between the Pharmacy Services segment, the Retail/LTC segment and/or the Health Care Benefits segment.

The following are reconciliations of operating income to adjusted operating income for the three and nine months ended September 30, 2019 and 2018:

	Three Months Ended September 30, 2019

Adjusted operating income (loss)	$ 3,530	$ 5,279	$ (62)	$ (647)	$ (558)	$ 7,542

(1) The Company's acquisition activities have resulted in the recognition of intangible assets as required under the acquisition method of accounting which consist primarily of trademarks, customer contracts/relationships, covenants not to compete, technology, provider networks and value of business acquired. Definite-lived intangible assets are amortized over their estimated useful lives and are tested for impairment when events indicate that the carrying value may not be recoverable. The amortization of intangible assets is reflected in the Company's statements of operations in operating expenses within each segment. Although intangible assets contribute to the Company's revenue generation, the amortization of intangible assets does not directly relate to the underwriting of the Company's insurance products, the services performed for the Company's customers or the sale of the Company's products or services. Additionally, intangible asset amortization expense typically fluctuates based on the size and timing of the Company's acquisition activity. Accordingly, the Company believes excluding the amortization of intangible assets enhances the Company's and investors' ability to compare the Company's past financial performance with its current performance and to analyze underlying business performance and trends. Intangible asset amortization excluded from the related non-GAAP financial measure represents the entire amount recorded within the Company's GAAP financial statements and the revenue generated by the associated intangible assets has not been excluded from the related non-GAAP financial measure. Intangible asset amortization is excluded from the related non-GAAP financial measure because the amortization, unlike the related revenue, is not affected by operations of any particular period unless an intangible asset becomes impaired or the estimated useful life of an intangible asset is revised.

(2) During the three and nine months ended September 30, 2019 and 2018, acquisition-related transaction and integration costs relate to the Aetna Acquisition. During the nine months ended September 30, 2018, acquisition-related integration costs also relate to the acquisition of Omnicare, Inc ("Omnicare"). The acquisition-related transaction and integration costs are reflected in the Company's unaudited GAAP condensed consolidated statements of operations in operating expenses primarily within the Corporate/Other segment.

(3) During the three and nine months ended September 30, 2019, the store rationalization charges relate to the planned closure of 22 underperforming retail pharmacy stores in the first quarter of 2020. During the nine months ended September 30, 2019, the store rationalization charges also relate to the planned closure of 46 underperforming retail pharmacy stores in the second quarter of 2019. The store rationalization charges primarily relate to operating lease right-of-use asset impairment charges and are reflected in the Company's unaudited GAAP condensed consolidated statements of operations in operating expenses within the Retail/LTC segment.

(4) During the three and nine months ended September 30, 2019, the loss on divestiture of subsidiary represents the pre-tax loss on the sale of Onofre, which occurred on July 1, 2019. The loss on divestiture primarily relates to the elimination of the cumulative translation adjustment from accumulated other comprehensive income and is reflected in operating expenses in the Company's unaudited GAAP condensed consolidated statements of operations within the Retail/LTC segment. During the nine months ended September 30, 2018, the loss on divestiture of subsidiary represents the pre-tax loss on the sale of the Company's RxCrossroads subsidiary for $725 million and is reflected in operating expenses in the Company's unaudited GAAP condensed consolidated statements of operations within the Retail/LTC segment.

(5) During the three and nine months ended September 30, 2018, the Company recorded interest income of $209 million and $453 million, respectively, on the proceeds of its unsecured senior notes issued in March 2018 to partially fund the Aetna Acquisition (the "2018 Notes"). All amounts are for the periods prior to the close of the Aetna Acquisition, which occurred on November 28, 2018, and were recorded within the Corporate/Other segment.

(6) During the nine months ended September 30, 2018, the goodwill impairment charge relates to the LTC reporting unit within the Retail/LTC segment.

Pharmacy Services Segment

The following table summarizes the Pharmacy Services segment's performance for the respective periods:

	Three Months Ended September 30,		Nine Months Ended September 30,		Change			
					Three Months Ended September 30, 2019 vs 2018		Nine Months Ended September 30, 2019 vs 2018

Mail choice penetration rate (3) (4)	15.6%	15.4%	15.6%	15.2%				

(1) See "Segment Analysis" above in this report for a reconciliation of operating income (GAAP measure) to adjusted operating income for the Pharmacy Services segment.

(2) Pharmacy network revenues, pharmacy claims processed and generic dispensing rate do not include Maintenance Choice® activity, which is included within the mail choice category. Pharmacy network is defined as claims filled at retail and specialty retail pharmacies, including the Company's retail pharmacies and long-term care pharmacies, but excluding Maintenance Choice activity. Maintenance Choice permits eligible client plan members to fill their maintenance prescriptions through mail order delivery or at a CVS pharmacy retail store for the same price as mail order.

(3) Mail choice is defined as claims filled at a Pharmacy Services mail order facility, which includes specialty mail claims inclusive of Specialty Connect® claims picked up at retail, as well as prescriptions filled at the Company's retail pharmacies under the Maintenance Choice program.

(4) Includes an adjustment to convert 90-day prescriptions to the equivalent of three 30-day prescriptions. This adjustment reflects the fact that these prescriptions include approximately three times the amount of product days supplied compared to a normal prescription.

Commentary - Three Months Ended September 30, 2019 vs. 2018

Revenues

- Total revenues increased $2.2 billion, or 6.4%, to $36.0 billion for the three months ended September 30, 2019 compared to the prior year. The increase was primarily due to brand name drug price inflation as well as increased total pharmacy claims volume, partially offset by continued price compression and an increased generic dispensing rate.
- As you review the Pharmacy Services segment's performance in this area, you should consider the following important information about the business:
  - The Company's mail choice claims processed, on a 30-day equivalent basis, increased 10.4% to 79.3 million claims in the three months ended September 30, 2019 compared to 71.8 million claims in the prior year. The increase in mail choice claims was primarily driven by the continued adoption of Maintenance Choice offerings.
  - During the three months ended September 30, 2019, the average revenue per mail choice claim, on a 30-day equivalent basis, increased by 2.7% compared to the prior year primarily due to growth in specialty pharmacy claims processed.
  - The Company's pharmacy network claims processed, on a 30-day equivalent basis, increased 9.0% to 430.2 million claims in the three months ended September 30, 2019, compared to 394.5 million claims in the prior year. The increase in the pharmacy network claim volume was primarily due to net new business.
  - During the three months ended September 30, 2019, the average revenue per pharmacy network claim processed, on a 30-day equivalent basis, decreased 5.9% compared to the prior year as a result of continued price compression.
  - The Company's total generic dispensing rate increased to 88.1% in the three months ended September 30, 2019 compared to 87.2% in the prior year. The continued increase in the Company's generic dispensing rate was primarily due to the impact of new generic drug introductions and the Company's ongoing efforts to encourage plan members to use generic drugs when they are available and clinically appropriate. The Company believes its generic dispensing rate will continue to increase in future periods, albeit at a slower pace. This increase will be affected by, among other things, the number of new brand and generic drug introductions and the Company's success at encouraging plan members to utilize generic drugs when they are available and clinically appropriate.

Operating expenses

- Operating expenses in the Pharmacy Services segment include selling, general and administrative expenses; depreciation and amortization related to selling, general and administrative activities; and expenses related to specialty retail pharmacies, which include store and administrative payroll, employee benefits and occupancy costs.
- Operating expenses increased $27 million, or 7.7%, in the three months ended September 30, 2019 compared to the prior year. The increase in operating expenses was primarily due to growth in the business, including operating expenses associated with Aetna's mail order and specialty pharmacy operations (including intangible asset amortization) in the three months ended September 30, 2019.
- Operating expenses as a percentage of total revenues remained consistent at 1.0% in each of the three-month periods ended September 30, 2019 and 2018.

Operating income and adjusted operating income

- Operating income increased $65 million, or 5.1%, and adjusted operating income increased $77 million, or 5.7%, in the three months ended September 30, 2019 compared to the prior year. The increase in both operating income and adjusted operating income was primarily driven by increased claims volume, the addition of Aetna's mail order and specialty pharmacy operations and improved purchasing economics, partially offset by continued price compression. The increase in operating income also was partially offset by increased intangible asset amortization related to Aetna's mail order and specialty pharmacy operations.
- As you review the Pharmacy Services segment's performance in this area, you should consider the following important information about the business:
  - The Company's efforts to (i) retain existing clients, (ii) obtain new business and (iii) maintain or improve the rebates and/or discounts the Company receives from manufacturers, wholesalers and retail pharmacies continue to have an impact on operating income. In particular, competitive pressures in the PBM industry have caused the Company and other PBMs to continue to share with clients a larger portion of rebates and/or discounts received from pharmaceutical manufacturers. In addition, marketplace dynamics and regulatory changes have limited the Company's ability to offer plan sponsors pricing that includes retail network "differential" or "spread," and the Company expects these trends to continue. The "differential" or "spread" is any difference between the drug price charged to plan sponsors, including Medicare Part D plan sponsors, by a PBM and the price paid for the drug by the PBM to the dispensing provider.

Commentary - Nine Months Ended September 30, 2019 vs. 2018

Revenues

- Total revenues increased $4.6 billion, or 4.6%, to $104.4 billion for the nine months ended September 30, 2019 compared to the prior year. The increase was primarily due to brand name drug price inflation as well as increased total pharmacy claims volume, partially offset by continued price compression and an increased generic dispensing rate.
- As you review the Pharmacy Services segment's performance in this area, you should consider the following important information about the business:
  - The Company's mail choice claims processed, on a 30-day equivalent basis, increased 8.1% to 230.3 million claims in the nine months ended September 30, 2019 compared to 213.0 million claims in the prior year. The increase in mail choice claims was primarily driven by the continued adoption of Maintenance Choice offerings.
  - During the nine months ended September 30, 2019, the average revenue per mail choice claim, on a 30-day equivalent basis, increased by 0.7% compared to the prior year primarily due to growth in specialty pharmacy claims processed.
  - The Company's pharmacy network claims processed, on a 30-day equivalent basis, increased 4.8% to 1.3 billion claims in the nine months ended September 30, 2019, compared to 1.2 billion claims in the prior year. The increase in the pharmacy network claim volume was primarily due to net new business.
  - During the nine months ended September 30, 2019, the average revenue per pharmacy network claim processed, on a 30-day equivalent basis, decreased 2.5% compared to the prior year as a result of continued price compression.
  - The Company's total generic dispensing rate increased to 88.3% in the nine months ended September 30, 2019 compared to 87.5% in the prior year. The continued increase in the Company's generic dispensing rate was primarily due to the impact of new generic drug introductions and the Company's ongoing efforts to encourage plan members to use generic drugs when they are available and clinically appropriate.

Operating expenses

- Operating expenses increased $62 million, or 5.9%, in the nine months ended September 30, 2019 compared to the prior year. The increase in operating expenses was primarily due to growth in the business, including operating expenses associated with Aetna's mail order and specialty pharmacy operations (including intangible asset amortization) and investments related to the Company's agreement with Anthem, Inc. during the nine months ended September 30, 2019.
- Operating expenses as a percentage of total revenues remained consistent at 1.1% in each of the nine-month periods ended September 30, 2019 and 2018.

Operating income and adjusted operating income

- Operating income increased $119 million, or 3.6%, and adjusted operating income increased $152 million, or 4.3%, in the nine months ended September 30, 2019 compared to the prior year. The increase in both operating income and adjusted operating income was primarily driven by increased claims volume, the addition of Aetna's mail order and specialty pharmacy operations and improved purchasing economics, partially offset by continued price compression. The increase in operating income also was partially offset by increased intangible asset amortization related to Aetna's mail order and specialty pharmacy operations.

Retail/LTC Segment

The following table summarizes the Retail/LTC segment's performance for the respective periods:

	Three Months Ended September 30,		Nine Months Ended September 30,		Change			
					Three Months Ended September 30, 2019 vs 2018		Nine Months Ended September 30, 2019 vs 2018	
In millions, except percentages	2019	2018	2019	2018	$	%	$	%

Same store sales increase: [3]								
Total	3.6%	6.7%	3.9%	6.2%				
Pharmacy	4.5%	8.7%	4.7%	8.1%				
Front Store	0.6%	0.8%	1.3%	0.5%				
Prescription volume [2]	7.8%	9.2%	7.3%	9.1%				
Generic dispensing rate [2]	88.2%	87.3%	88.7%	87.8%				

(1) See "Segment Analysis" above in this report for a reconciliation of operating income (GAAP measure) to adjusted operating income for the Retail/LTC segment.
(2) Includes an adjustment to convert 90-day prescriptions to the equivalent of three 30-day prescriptions. This adjustment reflects the fact that these prescriptions include approximately three times the amount of product days supplied compared to a normal prescription.
(3) Same store sales and prescription volume exclude revenues from MinuteClinic, and revenue and prescriptions from stores in Brazil and LTC operations.

Commentary - Three Months Ended September 30, 2019 vs. 2018

Revenues

- Total revenues increased $610 million, or 2.9%, to $21.5 billion in the three months ended September 30, 2019 compared to the prior year. The increase was primarily driven by increased prescription volume and brand name drug price inflation, partially offset by continued reimbursement pressure and an increased generic dispensing rate.
- As you review the Retail/LTC segment's performance in this area, you should consider the following important information about the business:
  - Front store same store sales increased 0.6% in the three months ended September 30, 2019 compared to the prior year. The increase in front store sales in 2019 was primarily driven by increases in health and beauty product sales, which benefited from continued strength in cough and cold products.
  - Pharmacy same store sales increased 4.5% in the three months ended September 30, 2019 compared to the prior year. The increase was driven by the 7.8% increase in pharmacy same store prescription volumes on a 30-day equivalent basis driven primarily by continued adoption of patient care programs.
  - Pharmacy revenue continues to be adversely affected by the conversion of brand name drugs to equivalent generic drugs, which typically have a lower selling price. The generic dispensing rate grew to 88.2% in the three months ended September 30, 2019 compared to 87.3% in the prior year. Pharmacy revenue growth also has been negatively affected by continued reimbursement pressure.
  - Pharmacy revenue growth also has been adversely affected by industry challenges in the LTC business, such as continuing lower occupancy rates at skilled nursing facilities, as well as the deteriorating financial health of many skilled nursing facilities.
  - Pharmacy revenue in 2019 continued to benefit from the Company's ability to attract and retain managed care customers and the increased use of pharmaceuticals by an aging population as the first line of defense for health care.

Operating expenses

- Operating expenses in the Retail/LTC segment include store payroll, store employee benefits, store occupancy costs, selling expenses, advertising expenses, depreciation and amortization expense and certain administrative expenses.
- Operating expenses increased $392 million, or 9.1%, in the three months ended September 30, 2019 compared to the prior year, primarily due to the following:
  - The $205 million pre-tax loss on the sale of Onofre, which occurred on July 1, 2019;
  - The $96 million store rationalization charge recorded in the three months ended September 30, 2019 primarily related to operating lease right-of-use asset impairment charges in connection with the planned closure of 22 underperforming retail pharmacy stores in the first quarter of 2020; and
  - The increased prescription volume described previously.
- Operating expenses as a percentage of total revenues increased to 22.0% in the three months ended September 30, 2019 compared to 20.7% in the prior year. The increase in operating expenses as a percentage of total revenues was primarily driven by the increases in operating expenses described above.

Operating income and adjusted operating income

- Operating income decreased $396 million, or 26.6%, and adjusted operating income decreased $106 million, or 6.5%, in the three months ended September 30, 2019 compared to the prior year. Operating income and adjusted operating income were both negatively impacted by continued reimbursement pressure, partially offset by increased prescription volume and improved front store margin. The decrease in operating income also was driven by the $205 million pre-tax loss on the sale of Onofre and the $96 million store rationalization charge, each recorded in the three months ended September 30, 2019.
- As you review the Retail/LTC segment's performance in this area, you should consider the following important information about the business:
  - The Company's pharmacy operating income has been adversely affected by the efforts of managed care organizations, PBMs and governmental and other third-party payors to reduce their prescription drug costs, including the use of restrictive networks, as well as changes in the mix of business within the pharmacy portion of the Retail/LTC Segment. If the reimbursement pressure accelerates, the Company may not be able grow revenues, and its operating income could be adversely affected.
  - The increased use of generic drugs has positively impacted the Company's operating income but has resulted in third-party payors augmenting their efforts to reduce reimbursement payments to retail pharmacies for prescriptions. This trend, which the Company expects to continue, reduces the benefit the Company realizes from brand to generic drug conversions.

Commentary - Nine Months Ended September 30, 2019 vs. 2018

Revenues

- Total revenues increased $2.1 billion, or 3.3%, to $64.0 billion in the nine months ended September 30, 2019 compared to the prior year. The increase was primarily driven by increased prescription volume and brand name drug price inflation, partially offset by continued reimbursement pressure and an increased generic dispensing rate.
- As you review the Retail/LTC segment's performance in this area, you should consider the following important information about the business:
  - Front store same store sales increased 1.3% in the nine months ended September 30, 2019 compared to the prior year. The increase in front store sales in 2019 was primarily driven by increases in health and beauty product sales, which benefited from continued strength in cough and cold products.
  - Pharmacy same store sales increased 4.7% in the nine months ended September 30, 2019 compared to the prior year. The increase was driven by the 7.3% increase in pharmacy same store prescription volumes on a 30-day equivalent basis driven mainly by (i) continued adoption of patient care programs, (ii) collaborations with PBMs and (iii) the Company's preferred status in a number of Medicare Part D networks.
  - Pharmacy revenue continues to be adversely affected by the conversion of brand name drugs to equivalent generic drugs, which typically have a lower selling price. The generic dispensing rate grew to 88.7% in the nine months ended September 30, 2019 compared to 87.8% in the prior year. Pharmacy revenue growth also has been negatively affected by continued reimbursement pressure.

Operating expenses

- Operating expenses increased $809 million, or 6.3%, in the nine months ended September 30, 2019 compared to the prior year, primarily due to the following:
  - Store rationalization charges of $231 million recorded in the nine months ended September 30, 2019 primarily related to operating lease right-of-use asset impairment charges in connection with the planned closure of underperforming retail pharmacy stores in the second quarter of 2019 and the first quarter of 2020;
  - The $205 million pre-tax loss on the sale of Onofre, which occurred on July 1, 2019;
  - The investment of a portion of the savings from the TCJA in wages and benefits; and
  - The increased prescription volume described previously, partially offset by:
  - The absence of the $86 million pre-tax loss on the sale of the Company's RxCrossroads subsidiary recorded in the nine months ended September 30, 2018.
- Operating expenses as a percentage of total revenues increased to 21.3% in the nine months ended September 30, 2019 compared to 20.7% in the prior year. The increase in operating expenses as a percentage of total revenues was primarily driven by the increases in operating expenses described above.

Operating income and adjusted operating income

- Operating income increased $3.0 billion, or 336.4%, and adjusted operating income decreased $605 million, or 11.5%, in the nine months ended September 30, 2019 compared to the prior year. The increase in operating income was primarily due to the absence of the $3.9 billion pre-tax goodwill impairment charge related to the LTC reporting unit and the $86 million pre-tax loss on the sale of the Company's RxCrossroads subsidiary recorded in the nine months ended September 30, 2018, partially offset by the $231 million of store rationalization charges and the $205 million pre-tax loss on the sale of Onofre recorded in the nine months ended September 30, 2019. Operating income and adjusted operating income were both negatively impacted by continued reimbursement pressure and increased operating expenses primarily driven by the investment of a portion of the savings from the TCJA in wages and benefits, partially offset by increased prescription volume and improved front store margin.

Health Care Benefits Segment

For periods prior to the Aetna Acquisition (which occurred on November 28, 2018), the Health Care Benefits segment consisted solely of the Company's SilverScript PDP business. The following table summarizes the Health Care Benefits segment's performance for the respective periods:

	Three Months Ended September 30,		Nine Months Ended September 30,		Change			
					Three Months Ended September 30, 2019 vs 2018		Nine Months Ended September 30, 2019 vs 2018	
In millions, except percentages	2019	2018	2019	2018	$	%	$	%
Revenues:								
Premiums	$ 15,507	$ 627	$ 47,543	$ 2,684	$ 14,880	2,373.2%	$ 44,859	1,671.3%
Services	1,528	10	4,453	29	1,518	15,180.0%	4,424	15,255.2%
Net investment income	146	4	458	10	142	3,550.0%	448	4,480.0%
Total revenues	17,181	641	52,454	2,723	16,540	2,580.3%	49,731	1,826.3%
Benefit costs	12,914	439	39,815	2,399	12,475	2,841.7%	37,416	1,559.6%
MBR (Benefit costs as a % of premium revenues) (1)	83.3%	NM	83.7%	NM				
Operating expenses	$ 3,231	$ 128	$ 9,386	$ 388	$ 3,103	2,424.2%	$ 8,998	2,319.1%
Operating expenses as a % of total revenues	18.8%	20.0%	17.9%	14.2%				
Operating income (loss)	$ 1,036	$ 74	$ 3,253	$ (64)	$ 962	1,300.0%	$ 3,317	5,182.8%
Operating income (loss) as a % of total revenues (2)	6.0%	11.5%	6.2%	NM				
Adjusted operating income (loss) (2) (3)	$ 1,423	$ 75	$ 4,423	$ (62)	$ 1,348	NM	$ 4,485	NM
Adjusted operating income (loss) as a % of total revenues (2)	8.3%	11.7%	8.4%	NM				

(1) The Health Care Benefits segment for the three and nine months ended September 30, 2018 consisted solely of the Company's SilverScript PDP business. Accordingly, the MBRs for the three and nine months ended September 30, 2018 are not meaningful ("NM") and are not directly comparable to the MBRs for the three and nine months ended September 30, 2019.
(2) Percentages are not meaningful.
(3) See "Segment Analysis" above in this report for a reconciliation of operating income (loss) (GAAP measure) to adjusted operating income (loss) for the Health Care Benefits segment.

Commentary - Three Months Ended September 30, 2019 vs. 2018

Revenues

- Total revenues increased $16.5 billion for the three months ended September 30, 2019 compared to the prior year primarily driven by the Aetna Acquisition.

Operating expenses

- Operating expenses in the Health Care Benefits segment include selling, general and administrative expenses and depreciation and amortization expenses.
- Operating expenses increased $3.1 billion in the three months ended September 30, 2019 compared to the prior year primarily driven by the Aetna Acquisition (including the amortization of intangible assets).

Operating income and adjusted operating income

- Operating income and adjusted operating income increased $962 million and $1.3 billion, respectively, in the three months ended September 30, 2019 compared to the prior year. The increases were primarily driven by the Aetna Acquisition. The increase in operating income was partially offset by an increase in intangible asset amortization related to the Aetna Acquisition.

Commentary - Nine Months Ended September 30, 2019 vs. 2018

Revenues

- Total revenues increased $49.7 billion for the nine months ended September 30, 2019 compared to the prior year primarily driven by the Aetna Acquisition.

Operating expenses

- Operating expenses increased $9.0 billion in the nine months ended September 30, 2019 compared to the prior year primarily driven by the Aetna Acquisition (including the amortization of intangible assets).

Operating income (loss) and adjusted operating income (loss)

- Operating income and adjusted operating income increased $3.3 billion and $4.5 billion, respectively, in the nine months ended September 30, 2019 compared to the prior year. The increases were primarily driven by the Aetna Acquisition. The increase in operating income was partially offset by an increase in intangible asset amortization related to the Aetna Acquisition. Operating loss and adjusted operating loss for the nine months ended September 30, 2018 reflect the seasonality of earnings for the Company's SilverScript PDP business. The quarterly earnings of the Company's SilverScript PDP business generally increase as the year progresses.

The following table summarizes the Health Care Benefits segment's medical membership for the respective periods:

	September 30, 2019			June 30, 2019			December 31, 2018		
In thousands	**Insured**	**ASC**	**Total**	**Insured**	**ASC**	**Total**	**Insured**	**ASC**	**Total**
Medical membership:									
Commercial	3,560	14,159	17,719	3,571	14,276	17,847	3,871	13,888	17,759
Medicare Advantage	2,304	—	2,304	2,264	—	2,264	1,758	—	1,758
Medicare Supplement	842	—	842	819	—	819	793	—	793
Medicaid	1,382	562	1,944	1,344	562	1,906	1,128	663	1,791
Total medical membership	8,088	14,721	22,809	7,998	14,838	22,836	7,550	14,551	22,101
Supplemental membership information:									
Medicare Prescription Drug Plan (standalone) (1)			5,998			6,004			6,134

(1) Represents the Company's SilverScript PDP membership only. Excludes 2.5 million, 2.5 million and 2.3 million members as of September 30, 2019, June 30, 2019, and December 31, 2018, respectively, related to Aetna's standalone PDPs that were sold effective December 31, 2018. The Company will retain the financial results of the divested plans through 2019 through a reinsurance agreement.

Medical Membership

Medical membership as of September 30, 2019 remained relatively consistent compared with June 30, 2019, reflecting increases in Medicare and Medicaid products, offset by declines in Commercial products. Medical membership as of September 30, 2019 increased compared with December 31, 2018, reflecting increases in Medicare, Commercial ASC and Medicaid products, partially offset by declines in Commercial Insured products.

Medicare Update

On April 1, 2019, the United States Centers for Medicare & Medicaid Services ("CMS") issued its final notice detailing final 2020 Medicare Advantage benchmark payment rates (the "Final Notice"). Overall the Company projects the benchmark rates in the Final Notice will increase funding for its Medicare Advantage business, excluding the impact of the health insurer fee, by approximately 2.0% in 2020 compared to 2019.

The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 (collectively, the "ACA") ties a portion of each Medicare Advantage plan's reimbursement to the plan's "star ratings." Plans must have a star rating of four or higher (out of five) to qualify for bonus payments. CMS released the Company's 2020 star ratings in October 2019. The Company's 2020 star ratings will be used to determine which of the Company's Medicare Advantage plans have ratings of four stars or higher and qualify for bonus payments in 2021. Based on the Company's membership at September 1, 2019, 83% of the Company's Medicare Advantage members were in plans with 2020 star ratings of at least 4.0 stars, compared to 79% of Aetna's Medicare Advantage members being in plans with 2019 star ratings of at least 4.0 stars based on Aetna's membership at September 1, 2018.

Corporate/Other Segment

Commentary - Three Months Ended September 30, 2019 vs. 2018

Revenues

- Total revenues decreased $65 million in the three months ended September 30, 2019 compared to the prior year.
- In 2019, revenues relate to products for which the Company no longer solicits or accepts new customers, such as large case pensions and long-term care insurance products, that were acquired in the Aetna Acquisition. Revenues in the three months ended September 30, 2019 include $32 million of realized capital gains, primarily related to the sale of debt securities and other invested assets. In 2018, revenues relate to interest income on the proceeds from the $40 billion of 2018 Notes issued to partially fund the Aetna Acquisition.

Operating expenses

- Operating expenses within the Corporate/Other segment include certain aspects of costs related to executive management and the corporate relations, legal, compliance, human resources, information technology and finance departments and acquisition-related transaction and integration costs. After the Aetna Acquisition Date, such operating expenses also include operating costs to support the large case pensions and long-term care insurance products acquired in the Aetna Acquisition.
- Operating expenses increased $229 million in the three months ended September 30, 2019 compared to the prior year. The increase was primarily driven by incremental operating expenses associated with the Company's investments in transformation and modernization and an increase in acquisition-related integration costs of $45 million in the three months ended September 30, 2019 compared to the prior period.

Commentary - Nine Months Ended September 30, 2019 vs. 2018

Revenues

- Total revenues decreased $52 million in the nine months ended September 30, 2019 compared to the prior year.
- In 2019, revenues relate to products for which the Company no longer solicits or accepts new customers, such as large case pensions and long-term care insurance products, that were acquired in the Aetna Acquisition. Revenues in the nine months ended September 30, 2019 include $107 million of realized capital gains, primarily related to the sale of debt securities and other invested assets. In 2018, revenues relate to interest income on the proceeds from the $40 billion of 2018 Notes issued to partially fund the Aetna Acquisition.

Operating expenses

- Operating expenses increased $662 million in the nine months ended September 30, 2019 compared to the prior year. The increase was primarily driven by incremental operating expenses associated with the Company's investments in transformation and modernization and an increase in acquisition-related integration costs of $220 million in the nine months ended September 30, 2019 compared to the prior period.

Liquidity and Capital Resources

Cash Flows

The Company maintains a level of liquidity sufficient to allow it to meet its cash needs in the short-term. Over the long term, the Company manages its cash and capital structure to maximize shareholder return, maintain its financial condition and maintain flexibility for future strategic initiatives. The Company continuously assesses its regulatory capital requirements, working capital needs, debt and leverage levels, debt maturity schedule, capital expenditure requirements, dividend payouts, potential share repurchases and future investments or acquisitions. The Company believes its operating cash flows, commercial paper program, credit facilities, sale-leaseback program, as well as any potential future borrowings, will be sufficient to fund these future payments and long-term initiatives. As of September 30, 2019, the Company had approximately $5.2 billion in cash and cash equivalents, approximately $1.2 billion of which was held by the parent company or nonrestricted subsidiaries.

The net change in cash, cash equivalents and restricted cash is as follows:

In millions	Nine Months Ended September 30, 2019	Nine Months Ended September 30, 2018	Change $	Change %
Net cash provided by operating activities	$ 10,214	$ 6,386	$ 3,828	59.9 %
Net cash used in investing activities	(2,630)	(1,386)	(1,244)	89.8 %
Net cash provided by (used in) financing activities	(6,410)	34,927	(41,337)	(118.4)%
Net increase in cash, cash equivalents and restricted cash	$ 1,174	$ 39,927	$ (38,753)	97.1 %

Commentary

- *Net cash provided by operating activities* increased by $3.8 billion in the nine months ended September 30, 2019 compared to the prior year due primarily to the Aetna Acquisition as well as improved performance in the Pharmacy Services and Retail/LTC segments.
- *Net cash used in investing activities* increased by $1.2 billion in the nine months ended September 30, 2019 compared to the prior year due primarily to the nine months ended September 30, 2018 reflecting $725 million in proceeds from the sale of RxCrossroads and increased purchases of property and equipment in the nine months ended September 30, 2019 compared to the prior year.
- *Net cash used in financing activities* was $6.4 billion in the nine months ended September 30, 2019 compared to net cash provided by financing activities of $34.9 billion in the prior year. The decrease in cash provided by financing activities primarily related to long-term borrowings during 2018 to partially fund the Aetna Acquisition, as well as debt repayments during 2019 including (i) the repayment of $4.0 billion of its outstanding senior notes pursuant to tender offers for such outstanding senior notes, (ii) $3.0 billion in repayments of the term loan used to partially fund the Aetna Acquisition and (iii) the repayment of $1.2 billion aggregate principal amount of senior notes upon maturity. The decrease was partially offset by the issuance of $3.5 billion of senior notes during the nine months ended September 30, 2019.

Short-term Borrowings

Commercial Paper and Back-up Credit Facilities
The Company had approximately $1.1 billion of commercial paper outstanding at a weighted average interest rate of 2.26% as of September 30, 2019. In connection with its commercial paper program, the Company maintains a $1.0 billion 364-day unsecured back-up revolving credit facility, which expires on May 14, 2020, a $1.0 billion, five-year unsecured back-up revolving credit facility, which expires on May 18, 2022, a $2.0 billion, five-year unsecured back-up revolving credit facility, which expires on May 17, 2023, and a $2.0 billion, five-year unsecured back-up revolving credit facility, which expires on May 16, 2024. The credit facilities allow for borrowings at various rates that are dependent, in part, on the Company's public debt ratings and require the Company to pay a weighted average quarterly facility fee of approximately .03%, regardless of usage. As of September 30, 2019, there were no borrowings outstanding under any of the back-up credit facilities.

Bridge Loan Facility
On December 3, 2017, in connection with the Aetna Acquisition, the Company entered into a $49.0 billion unsecured bridge loan facility commitment. The Company paid $221 million in fees upon entering into the agreement. The fees were capitalized in other current assets and were amortized as interest expense over the period the bridge loan facility commitment was outstanding. The bridge loan facility commitment was reduced to $44.0 billion on December 15, 2017 upon the Company entering into a $5.0 billion term loan agreement. On March 9, 2018, the Company issued the 2018 Notes with an aggregate principal amount of $40.0 billion (see "Long-term Borrowings - 2018 Notes" below). At that time, the bridge loan facility commitment was reduced to $4.0 billion, and the Company paid $8 million in fees to retain the bridge loan facility commitment through the Aetna Acquisition Date. Those fees were capitalized in other current assets and were amortized as interest expense over the period the bridge loan facility commitment was outstanding. The Company recorded $2 million and $171 million of amortization of the bridge loan facility commitment fees during the three and nine months ended September 30, 2018, respectively, which was recorded in interest expense in the unaudited condensed consolidated statement of operations. On October 26, 2018, the Company entered into a $4.0 billion unsecured 364-day bridge term loan agreement to formalize the bridge loan facility discussed above. On November 28, 2018, in connection with the Aetna Acquisition, the $4.0 billion unsecured 364-day bridge term loan agreement terminated.

Federal Home Loan Bank of Boston
Since the Aetna Acquisition Date, a subsidiary of the Company is a member of the Federal Home Loan Bank of Boston (the "FHLBB"). As a member, the subsidiary has the ability to obtain cash advances, subject to certain minimum collateral

requirements. The maximum borrowing capacity available from the FHLBB as of September 30, 2019, was approximately $870 million. As of September 30, 2019, there were no outstanding advances from the FHLBB.

Long-term Borrowings

2019 Notes
On August 15, 2019, the Company issued $1.0 billion aggregate principal amount of 2.625% unsecured senior notes due August 15, 2024, $750 million aggregate principal amount of 3% unsecured senior notes due August 15, 2026 and $1.75 billion aggregate principal amount of 3.25% unsecured senior notes due August 15, 2029 (collectively, the "2019 Notes") for total proceeds of approximately $3.5 billion, net of discounts and underwriting fees. The net proceeds of the 2019 Notes were used to repay certain of the Company's outstanding debt.

Beginning in July 2019, the Company entered into several interest rate swap and treasury lock transactions to manage interest rate risk. These agreements were designated as cash flow hedges and were used to hedge the exposure to variability in future cash flows resulting from changes in interest rates related to the anticipated issuance of the 2019 Notes. In connection with the issuance of the 2019 Notes, the Company terminated all outstanding cash flow hedges. The Company paid a net amount of $25 million to the hedge counterparties upon termination, which was recorded as a loss, net of tax, of $18 million in accumulated other comprehensive income and will be reclassified as interest expense over the life of the 2019 Notes. See Note 9 "Other Comprehensive Income (Loss)" to the unaudited condensed consolidated financial statements for additional information.

Early Extinguishment of Debt
In August 2019, the Company purchased $4.0 billion of its outstanding senior notes through cash tender offers. The senior notes purchased included the following: $1.3 billion of its 3.125% senior notes due 2020, $723 million of its floating rate notes due 2020, $328 million of its 4.125% senior notes due 2021, $297 million of 4.125% senior notes due 2021 issued by Aetna, $413 million of 5.45% senior notes due 2021 issued by Coventry Health Care, Inc., a wholly-owned subsidiary of Aetna and $962 million of its 3.35% senior notes due 2021. In connection with the purchase of such senior notes, the Company paid a premium of $76 million in excess of the aggregate principal amount of the senior notes that were purchased, incurred $8 million in fees and recognized a net gain of $5 million on the write-off of net unamortized deferred financing premiums, for a net loss on early extinguishment of debt of $79 million.

2018 Notes
On March 9, 2018, the Company issued an aggregate of $40.0 billion in principal amount of the 2018 Notes for total proceeds of approximately $39.4 billion, net of discounts and underwriting fees. The net proceeds of the 2018 Notes were used to fund a portion of the Aetna Acquisition. The 2018 Notes consisted of the following at the time of issuance:

In millions	
3.125% senior notes due March 2020	$ 2,000
Floating rate notes due March 2020	1,000
3.35% senior notes due March 2021	3,000
Floating rate notes due March 2021	1,000
3.7% senior notes due March 2023	6,000
4.1% senior notes due March 2025	5,000
4.3% senior notes due March 2028	9,000
4.78% senior notes due March 2038	5,000
5.05% senior notes due March 2048	8,000
Total debt principal	$ 40,000

Term Loan Agreement
On December 15, 2017, in connection with the Aetna Acquisition, the Company entered into a $5.0 billion term loan agreement. The term loan agreement allowed for borrowings at various rates that were dependent, in part, on the Company's debt ratings. In connection with the Aetna Acquisition, the Company borrowed $5.0 billion (a $3.0 billion three-year tranche and a $2.0 billion five-year tranche) under the term loan agreement in November 2018. The Company terminated the $2.0 billion five-year tranche in December 2018 with the repayment of the borrowing. The Company made payments of $500 million in March 2019, $1.0 billion in May 2019 and $1.5 billion in July 2019 on the three-year tranche, and terminated the three-year tranche and the term loan agreement with the final repayment of the borrowing in July 2019. As of September 30, 2019, the Company had no amount outstanding under the term loan agreement.

Aetna Related Debt

Upon the closing of the Aetna Acquisition, the Company assumed long-term debt with a fair value of $8.1 billion with stated interest rates ranging from 2.2% to 6.75%.

Debt Covenants

The Company's back-up revolving credit facilities, unsecured senior notes and unsecured floating rate notes contain customary restrictive financial and operating covenants. These covenants do not include an acceleration of the Company's debt maturities in the event of a downgrade in the Company's credit ratings. The covenants do not materially affect the Company's financial or operating flexibility. As of September 30, 2019, the Company was in compliance with all of its debt covenants.

Debt Ratings

As of September 30, 2019, the Company's long-term debt was rated "Baa2" by Moody's and "BBB" by Standard & Poor's ("S&P"), and its commercial paper program was rated "P-2" by Moody's and "A-2" by S&P. In assessing the Company's credit strength, the Company believes that both Moody's and S&P considered, among other things, the Company's capital structure and financial policies as well as its consolidated balance sheet, its historical acquisition activity and other financial information. Although the Company currently believes its long-term debt ratings will remain investment grade, it cannot guarantee the future actions of Moody's and/or S&P. The Company's debt ratings have a direct impact on its future borrowing costs, access to capital markets and new store operating lease costs.

Share Repurchase Program

During the nine months ended September 30, 2019 and 2018, the Company did not repurchase any shares of common stock. See Note 8 ''Shareholders' Equity'' to the unaudited condensed consolidated financial statements for additional information on the Company's share repurchase program.

Off-Balance Sheet Arrangements

See Note 12 ''Commitments and Contingencies'' to the unaudited condensed consolidated financial statements for information on the Company's lease guarantees.

Critical Accounting Policies

The Company prepares the unaudited condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, which require management to make certain estimates and apply judgment. Estimates and judgments are based on historical experience, current trends and other factors that management believes to be important at the time the unaudited condensed consolidated financial statements are prepared. On a regular basis, the Company reviews its accounting policies and how they are applied and disclosed in the unaudited condensed consolidated financial statements. While the Company believes the historical experience, current trends and other factors considered by management support the preparation of the unaudited condensed consolidated financial statements in conformity with generally accepted accounting principles, actual results could differ from estimates, and such differences could be material.

Leases

Effective January 1, 2019, the Company adopted ASU 2016-02, *Leases* (Topic 842). Under this accounting standard, lessees are required to recognize a right-of-use asset and a lease liability for virtually all of their leases (other than leases that meet the definition of a short-term lease). The liability is equal to the present value of lease payments. The asset is based on the liability, subject to certain adjustments, such as for initial direct costs. For income statement purposes, a dual model was retained, requiring leases to be classified as either operating or finance leases. Operating leases result in straight-line expense (similar to operating leases under the prior accounting standard) while finance leases result in a front-loaded expense pattern (similar to capital leases under the prior accounting standard). Lessor accounting is similar to the prior model, but updated to align with certain changes to the lessee model (e.g., certain definitions, such as initial direct costs, have been updated) and the new revenue recognition standard that was adopted in 2018. See the New Accounting Pronouncements Recently Adopted section of Note 1 ''Significant Accounting Policies'' to the unaudited condensed consolidated financial statements for a detailed discussion of the adoption of this new accounting standard.

Goodwill

During the three months ended September 30, 2019, the Company performed its required annual impairment tests of goodwill. The results of these impairment tests indicated that there was no impairment of goodwill. The goodwill impairment tests resulted in the fair values of all of the Company's reporting units exceeding their carrying values by significant margins, with the exception of the Commercial Business and LTC reporting units, which exceeded their carrying values by approximately 4% and 9%, respectively.

The fair value of the reporting units is estimated using a combination of a discounted cash flow method and a market multiple method. The determination of the fair value of the reporting units requires the Company to make significant assumptions and estimates. These assumptions and estimates primarily include, but are not limited to, the selection of appropriate peer group companies; control premiums and valuation multiples appropriate for acquisitions in the industries in which the Company competes; discount rates; terminal growth rates; and forecasts of revenue, operating profit, depreciation and amortization, income taxes, capital expenditures and future working capital requirements. When determining these assumptions and preparing these estimates, the Company considers each reporting unit's historical results and current operating trends and the Company's consolidated revenues, profitability and cash flow results, forecasts and industry trends. The Company's estimates can be affected by a number of factors, including, but not limited to, general economic and regulatory conditions, the risk-free interest rate environment, the Company's market capitalization, efforts of customers and payers to reduce costs, including their prescription drug costs, and/or increase member co-payments, the continued efforts of competitors to gain market share and consumer spending patterns.

As of the Aetna Acquisition Date, the Company added the Health Care Benefits segment which included the Commercial Business reporting unit. The transaction was accounted for using the acquisition method of accounting which requires, among other things, the assets acquired and liabilities assumed to be recognized at their fair values at the date of acquisition. As a result, at the time of the acquisition the fair value of the Commercial Business reporting unit was equal to its carrying value. Given the close proximity of the Aetna Acquisition Date to the 2019 annual impairment test of goodwill, as expected, the fair value of the Commercial Business reporting unit remained relatively in line with the carrying value of the reporting unit.

During 2018, the LTC reporting unit continued to experience industry-wide challenges that have impacted management's ability to grow the business at the rate that was originally estimated when the Company acquired Omnicare. Those challenges included lower client retention rates, lower occupancy rates in skilled nursing facilities, the deteriorating financial health of numerous skilled nursing facility customers which resulted in a number of customer bankruptcies in 2018, and continued facility reimbursement pressures. In June 2018, LTC management submitted its initial budget for 2019 and updated the 2018 annual forecast which showed a projected deterioration in the financial results for the remainder of 2018 and in 2019, which also caused management to update its long-term forecast beyond 2019. Based on these updated projections, management determined that there were indicators that the LTC reporting unit's goodwill may be impaired and, accordingly, management performed an interim goodwill impairment test as of June 30, 2018. The results of that interim impairment test showed that the fair value of the LTC reporting unit was lower than the carrying value, resulting in a $3.9 billion pre-tax goodwill impairment charge in the second quarter of 2018.

During the third quarter of 2018, the Company performed its required annual impairment tests of goodwill and concluded there was no impairment of goodwill.

During the fourth quarter of 2018, the LTC reporting unit missed its forecast primarily due to operational issues and customer liquidity issues, including one significant customer bankruptcy. Additionally, LTC management submitted an updated final budget for 2019 which showed significant additional deterioration in the projected financial results for 2019 compared to the analyses performed in the second and third quarters of 2018 primarily due to continued industry and operational challenges, which also caused management to make further updates to its long-term forecast beyond 2019. Based on these updated projections, management determined that there were indicators that the LTC reporting unit's goodwill may be further impaired and, accordingly, an interim goodwill impairment test was performed during the fourth quarter of 2018. The results of that impairment test showed that the fair value of the LTC reporting unit was lower than the carrying value, resulting in an additional $2.2 billion goodwill impairment charge in the fourth quarter of 2018.

In 2018, the fair value of the LTC reporting unit was determined using a combination of a discounted cash flow method and a market multiple method. In addition to the lower financial projections, changes in risk-free interest rates and lower market multiples of peer group companies also contributed to the amount of the 2018 goodwill impairment charges.

Although the Company believes the financial projections used to determine the fair value of the LTC reporting unit in the third quarter of 2019 were reasonable and achievable, the LTC reporting unit may continue to face challenges that may affect the Company's ability to grow the LTC reporting unit's business at the rate estimated when such goodwill impairment test was performed. These challenges and some of the key assumptions included in the Company's financial projections to determine the estimated fair value of the LTC reporting unit include client retention rates, occupancy rates in skilled nursing facilities, the financial health of skilled nursing facility customers, facility reimbursement pressures, the Company's ability to execute its senior living initiative, the Company's ability to make acquisitions and integrate those businesses into its LTC operations in an orderly manner, as well as the Company's ability to extract cost savings from labor productivity and other initiatives. The fair value of the LTC reporting unit also is dependent on market multiples of peer group companies and the risk-free interest rate environment, which impacts the discount rate used in the discounted cash flow valuation method. If the Company does not achieve its forecasts, it is reasonably possible in the near term that the goodwill of the LTC reporting unit could be deemed to be impaired again by a material amount. The balance of goodwill for the LTC reporting unit at September 30, 2019 was approximately $431 million.

For a full description of the Company's other critical accounting policies, see "Management's Discussion and Analysis of Financial Condition and Results of Operations" for the year ended December 31, 2018, which was revised to reflect the Company's segment realignment and is included in Exhibit 99.2 to the August 2019 8-K.

Cautionary Statement Concerning Forward-Looking Statements

The Private Securities Litigation Reform Act of 1995 (the "Reform Act") provides a safe harbor for forward-looking statements made by or on behalf of the Company. In addition, the Company and its representatives may, from time to time, make written or verbal forward-looking statements, including statements contained in the Company's filings with the SEC and in its reports to stockholders, press releases, webcasts, conference calls, meetings and other communications. Generally, the inclusion of the words "anticipate," "believe," "estimate," "expect," "intend," "project," "should," "will" and similar expressions identify statements that constitute forward-looking statements. All statements addressing operating performance of CVS Health Corporation or any subsidiary, events or developments that the Company projects, expects or anticipates will occur in the future, including statements relating to corporate strategy; revenue growth; adjusted revenue growth, earnings or earnings per common share growth; adjusted operating income or adjusted earnings per common share growth; free cash flow; debt ratings; inventory levels; inventory turn and loss rates; store development; relocations and new market entries; retail pharmacy business, sales results and/or trends and operations; PBM business, sales results and/or trends and operations; specialty pharmacy business, sales results and/or trends and operations; LTC pharmacy business, sales results and/or trends and operations; Health Care Benefits business, sales results and/or trends, medical cost trends, medical membership growth, medical benefit ratios and operations; the Company's ability to attract or retain customers and clients; Medicare Advantage and/or Medicare Part D competitive bidding, enrollment and operations; new product development; and the impact of industry and regulatory developments, as well as statements expressing optimism or pessimism about future operating results or events, are forward-looking statements within the meaning of the Reform Act.

The forward-looking statements are and will be based upon management's then-current views and assumptions regarding future events and operating performance, and are applicable only as of the dates of such statements. The Company undertakes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

By their nature, all forward-looking statements involve risks and uncertainties. Actual results may differ materially from those contemplated by the forward-looking statements for a number of reasons as described in the Company's SEC filings, including those set forth in the Risk Factors section of the Company's Annual Report on Form 10-K for the year ended December 31, 2018, and including, but not limited to:

- *Risks to our brand and reputation, the Aetna Acquisition, data governance risks, effectiveness of our talent management and alignment of talent to our business needs, and potential changes in public policy, laws and regulations present overarching risks to our enterprise in 2019 and beyond.*
- *Our brand and reputation are two of our most important assets; negative public perception of the industries in which we operate, or of our industries' or our practices, can adversely affect our businesses, results of operations, cash flows and prospects.*
- *Data governance failures can adversely affect our reputation, businesses and prospects. Our use and disclosure of members', customers' and other constituents' sensitive information is subject to complex regulations at multiple levels. We would be adversely affected if we or our business associates or other vendors fail to adequately protect members', customers' or other constituents' sensitive information.*

- *We face significant competition in attracting and retaining talented employees. Further, managing succession for, and retention of, key executives is critical to our success, and our failure to do so could adversely affect our future performance.*
- *We are subject to potential changes in public policy, laws and regulations, including reform of the United States health care system, that can adversely affect the markets for our products and services and our businesses, operations, results of operations, cash flows and prospects.*
- *Our enterprise strategy may not be an effective response to the changing dynamics in the industries in which we operate, or we may not be able to implement our strategy and related strategic projects.*
- *Efforts to reduce reimbursement levels and alter health care financing practices could adversely affect our businesses.*
- *Gross margins in the industries in which we operate may decline.*
- *Our results of operations are affected by the health of the economy in general and in the geographies we serve.*
- *We operate in a highly competitive business environment. Competitive and economic pressures may limit our ability to increase pricing to reflect higher costs or may force us to accept lower margins. If customers elect to self-insure, reduce benefits or adversely renegotiate or amend their agreements with us, our revenues and results of operations will be adversely affected. We may not be able to obtain appropriate pricing on new or renewal business.*
- *We may lose clients and/or fail to win new business. If we fail to compete effectively in the geographies and product areas in which we operate, including maintaining or increasing membership in our Health Care Benefits segment, our results of operations, financial condition and cash flows could be materially and adversely affected.*
- *We are exposed to risks relating to the solvency of our customers and of other insurers.*
- *We face risks relating to the market availability, pricing, suppliers and safety profiles of prescription drugs that we purchase and sell.*
- *We face risks related to the frequency and rate of the introduction and pricing of generic drugs and brand name prescription drug products.*
- *Possible changes in industry pricing benchmarks and drug pricing generally can adversely affect our PBM business.*
- *Product liability, product recall or personal injury issues could damage our reputation.*
- *We face challenges in growing our Medicare Advantage and Medicare Part D membership.*
- *We face challenges in growing our Medicaid membership, and expanding our Medicaid membership exposes us to additional risks.*
- *A change in our Health Care Benefits product mix may adversely affect our profit margins.*
- *We may not be able to accurately forecast health care and other benefit costs, which could adversely affect our Health Care Benefits segment's results of operations. There can be no assurance that the future health care and other benefit costs of our Insured Health Care Benefits products will not exceed our projections.*
- *A number of factors, many of which are beyond our control, contribute to rising health care and other benefit costs. If we are unable to satisfactorily manage our health care and other benefit costs, our Health Care Benefits segment's results of operations and competitiveness will be adversely affected.*
- *The reserves we hold for expected claims in our Insured Health Care Benefits products are based on estimates that involve an extensive degree of judgment and are inherently variable. Any reserve, including a premium deficiency reserve, may be insufficient. If actual claims exceed our estimates, our results of operations could be materially adversely affected, and our ability to take timely corrective actions to limit future costs may be limited.*
- *Extreme events, or the threat of extreme events, could materially increase our health care (including behavioral health) costs. We cannot predict whether or when any such events will occur.*
- *Legislative and regulatory changes could create significant challenges to our Medicare Advantage and Medicare Part D revenues and results of operations, and proposed changes to these programs could create significant additional challenges. Entitlement program reform, if it occurs, could have a material adverse effect on our businesses, operations and/or results of operations.*
- *We may not be able to obtain adequate premium rate increases in our Insured Health Care Benefits products, which would have an adverse effect on our revenues, MBRs and results of operations and could magnify the adverse impact of increases in health care and other benefit costs and of ACA assessments, fees and taxes.*
- *Minimum MLR rebate requirements limit the level of margin we can earn in our Insured Health Care Benefits products while leaving us exposed to higher than expected medical costs. Challenges to our minimum MLR rebate methodology and/or reports could adversely affect our results of operations.*
- *Our business activities are highly regulated. Our Pharmacy Services, Medicare Advantage, Medicare Part D, Medicaid, dual eligible, dual eligible special needs plan, small group and certain other products are subject to particularly extensive and complex regulations. If we fail to comply with applicable laws and regulations, we could be subject to significant adverse regulatory actions or suffer brand and reputational harm which may have a material adverse effect on our businesses. Compliance with existing and future laws, regulations and/or judicial decisions may reduce our profitability and limit our growth.*

- *If our compliance or other systems and processes fail or are deemed inadequate, we may suffer brand and reputational harm and become subject to regulatory actions or litigation which could adversely affect our businesses, results of operations, cash flows and/or financial condition.*
- *Our litigation and regulatory risk profile are changing as a result of the Aetna Acquisition and as we offer new products and services and expand in business areas beyond our historical core businesses of Retail/LTC and Pharmacy Services.*
- *We routinely are subject to litigation and other adverse legal proceedings, including class actions and qui tam actions. Many of these proceedings seek substantial damages which may not be covered by insurance. These proceedings may be costly to defend, result in changes in our business practices, harm our brand and reputation and adversely affect our businesses and results of operations.*
- *We frequently are subject to regular and special governmental audits, investigations and reviews that could result in changes to our business practices and also could result in material refunds, fines, penalties, civil liabilities, criminal liabilities and other sanctions.*
- *We are subject to retroactive adjustments to and/or withholding of certain premiums and fees, including as a result of CMS RADV audits. We generally rely on health care providers to appropriately code claim submissions and document their medical records. If these records do not appropriately support our risk adjusted premiums, we may be required to refund premium payments to CMS and/or pay fines and penalties under the False Claims Act.*
- *Programs funded in whole or in part by the U.S. federal government account for a significant portion of our revenues. The U.S. federal government and our other government customers may reduce funding for health care or other programs, cancel or decline to renew contracts with us, or make changes that adversely affect the number of persons eligible for certain programs, the services provided to enrollees in such programs, our premiums and our administrative and health care and other benefit costs, any of which could have a material adverse effect on our businesses, results of operations and cash flows. In addition, an extended federal government shutdown or a delay by Congress in raising the federal government's debt ceiling could lead to a delay, reduction, suspension or cancellation of federal government spending and a significant increase in interest rates that could, in turn, have a material adverse effect on our businesses, results of operations and cash flows.*
- *Our results of operations may be adversely affected by changes in laws and policies governing employers and by union organizing activity.*
- *We must develop and maintain a relevant omni-channel experience for our retail customers.*
- *We must maintain and improve our relationships with our retail and specialty pharmacy customers and increase the demand for our products and services, including proprietary brands. If we fail to develop new products, differentiate our products from those of our competitors or demonstrate the value of our products to our customers and members, our ability to retain or grow our customer base may be adversely affected.*
- *In order to be competitive in the increasingly consumer-oriented marketplace for our health care products and services, we will need to develop and deploy consumer-friendly products and services and make investments in consumer engagement, reduce our cost structure and compete successfully with new entrants into our businesses. If we are unsuccessful, our future growth and profitability may be adversely affected.*
- *Our results of operations may be adversely affected if we are unable to contract with manufacturers, providers, suppliers and vendors on competitive terms and develop and maintain attractive networks with high quality providers.*
- *If our service providers fail to meet their contractual obligations to us or to comply with applicable laws or regulations, we may be exposed to brand and reputational harm, litigation or regulatory action. This risk is particularly high in our Medicare, Medicaid, dual eligible and dual eligible special needs plan programs.*
- *Continuing consolidation and integration among providers and other suppliers may increase our medical and other covered benefits costs, make it difficult for us to compete in certain geographies and create new competitors.*
- *We may experience increased medical and other benefit costs, litigation risk and customer and member dissatisfaction when providers that do not have contracts with us render services to our Health Care Benefits members.*
- *Customers, particularly large sophisticated customers, expect us to implement their contracts and onboard their employees and members efficiently and effectively. Failure to do so could adversely affect our reputation, businesses, results of operations, cash flows and prospects. If we or our vendors fail to provide our customers with quality service that meets their expectations, our ability to retain and grow our membership and customer base will be adversely affected.*
- *We are subject to payment-related risks that could increase our operating costs, expose us to fraud or theft, subject us to potential liability and disrupt our business operations.*
- *Our and our vendors' operations are subject to a variety of business continuity hazards and risks, any of which could interrupt our operations or otherwise adversely affect our performance and results of operations.*
- *We and our vendors have experienced cyber attacks. We can provide no assurance that we or our vendors will be able to detect, prevent or contain the effects of such attacks or other information security (including cybersecurity) risks or threats in the future.*
- *The failure or disruption of our information technology systems or the failure of our information technology infrastructure to support our businesses could adversely affect our reputation, businesses, results of operations and cash flows.*

- *Our business success and results of operations depend in part on effective information technology systems and on continuing to develop and implement improvements in technology. Pursuing multiple initiatives simultaneously could make this continued development and implementation significantly more challenging.*
- *Sales of our products and services are dependent on our ability to attract and motivate internal sales personnel and independent third-party brokers, consultants and agents. New distribution channels create new disintermediation risk. We may be subject to penalties or other regulatory actions as a result of the marketing practices of brokers and agents selling our products.*
- *We also face other risks that could adversely affect our businesses, results of operations, financial condition and/or cash flows, which include:*
  - *Failure of our corporate governance policies or procedures, for example significant financial decisions being made at an inappropriate level in our organization;*
  - *Inappropriate application of accounting principles or a significant failure of internal control over financial reporting, which could lead to a restatement of our results of operations and/or a deterioration in the soundness and accuracy of our reported results of operations; and*
  - *Failure to adequately manage our run-off businesses and/or our regulatory and financial exposure to businesses we have sold, including Aetna's divested standalone Medicare Part D, domestic group life insurance, group disability insurance and absence management businesses.*
- *Goodwill and other intangible assets could, in the future, become impaired.*
- *We would be adversely affected if we do not effectively deploy our capital. Downgrades or potential downgrades in our credit ratings, should they occur, could adversely affect our brand and reputation, businesses, cash flows, financial condition and results of operations.*
- *Adverse conditions in the U.S. and global capital markets can significantly and adversely affect the value of our investments in debt and equity securities, mortgage loans, alternative investments and other investments, our results of operations and/or our financial condition.*
- *We have limited experience in the insurance and managed health care industry, which may hinder our ability to achieve our objectives as a combined company.*
- *The Aetna Acquisition may not be accretive, and may be dilutive, to our earnings per share, which may adversely affect our stock price.*
- *We may fail to successfully combine the businesses and operations of CVS Health and Aetna to realize the anticipated benefits and cost savings of the Aetna Acquisition within the anticipated timeframe or at all, which could adversely affect our stock price.*
- *Our future results may be adversely impacted if we do not effectively manage our expanded operations following completion of the Aetna Acquisition.*
- *We may have difficulty attracting, motivating and retaining executives and other key employees following completion of the Aetna Acquisition.*
- *The Aetna integration process could disrupt our ongoing businesses and/or operations.*
- *Our indebtedness following completion of the Aetna Acquisition is substantially greater than our indebtedness on a stand-alone basis and greater than the combined indebtedness of CVS Health and Aetna existing prior to the announcement of the transaction. This increased level of indebtedness could adversely affect our business flexibility and increase our borrowing costs.*
- *We will continue to incur significant integration-related costs in connection with the Aetna Acquisition.*
- *We expect to continue to pursue acquisitions, joint ventures, strategic alliances and other inorganic growth opportunities, which may be unsuccessful, cause us to assume unanticipated liabilities, disrupt our existing businesses, be dilutive or lead us to assume significant debt, among other things.*
- *We may be unable to successfully integrate companies we acquire.*
- *As a result of our expanded international operations, we face political, legal and compliance, operational, regulatory, economic and other risks that we do not face or are more significant than in our domestic operations.*

The foregoing list is not exhaustive. There can be no assurance that the Company has correctly identified all the risks that affect it. Additional risks and uncertainties not presently known to the Company or that the Company currently believes to be immaterial also may adversely affect the Company's businesses. Should any risks or uncertainties develop into actual events, these developments could have a material adverse effect on the Company's businesses, operating results, cash flows and/or financial condition as well as the market price for the Company's common shares. For these reasons, you are cautioned not to place undue reliance on the Company's forward-looking statements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

The Company has not experienced any material changes in exposures to market risk since December 31, 2018. See the information contained in "Management's Discussion and Analysis of Financial Condition and Results of Operations - Quantitative and Qualitative Disclosures About Market Risk" in Exhibit 99.2 to the Company's Current Report on Form 8-K filed with the SEC on August 8, 2019, for a discussion of the Company's exposures to market risk.

Item 4. Controls and Procedures

Evaluation of disclosure controls and procedures: The Company's Chief Executive Officer and Chief Financial Officer, after evaluating the effectiveness of the design and operation of the Company's disclosure controls and procedures (as defined in Securities Exchange Act Rules 13a-15(f) and 15d-15(f)) as of September 30, 2019, have concluded that as of such date the Company's disclosure controls and procedures were adequate and effective and designed to provide reasonable assurance that material information relating to the Company and its subsidiaries would be made known to such officers on a timely basis.

Changes in internal control over financial reporting: On November 28, 2018, the Company completed its acquisition of Aetna. The Company is in the process of integrating the historical internal control over financial reporting of Aetna with the rest of the Company.

Other than the foregoing, there has been no change in the Company's internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Rule 13a-15 or Rule 15d-15 that occurred in the three months ended September 30, 2019 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Part II. Other Information

Item 1. Legal Proceedings

The information contained in Note 12 ''Commitments and Contingencies'' contained in "Notes to Condensed Consolidated Financial Statements" in Part I, Item 1 of this Quarterly Report on Form 10-Q is incorporated by reference herein.

Item 1A. Risk Factors

There have been no material changes to the "Risk Factors" disclosed in Part I, Item 1A of the Company's Annual Report on Form 10-K for the year ended December 31, 2018. Those risk factors could adversely affect the Company's businesses, operating results, cash flows and/or financial condition as well as the market price of the Company's common shares.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(c) Stock Repurchases

The following table presents the total number of shares purchased in the three months ended September 30, 2019, the average price paid per share and the approximate dollar value of shares that still could have been purchased at the end of the applicable fiscal period, pursuant to the 2016 Repurchase Program. See Note 8 ''Shareholders' Equity'' contained in "Notes to Condensed Consolidated Financial Statements" in Part I, Item 1 of this Quarterly Report on Form 10-Q for additional information.

Fiscal Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs
July 1, 2019 through July 31, 2019	—	$ —	—	$ 13,869,392,446
August 1, 2019 through August 31, 2019	—	$ —	—	$ 13,869,392,446
September 1, 2019 through September 30, 2019	—	$ —	—	$ 13,869,392,446
	—		—	

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not Applicable.

Item 5. Other Information

Rule 10b5-1 Plan Election

On August 27, 2019, Larry J. Merlo, President and Chief Executive Officer of CVS Health Corporation, entered into a stock trading plan (the "Plan"). The Plan covers the exercise of options to purchase 314,713 shares of common stock of the Company between January 15, 2020 and April 1, 2020, which is the date the Plan expires. Mr. Merlo's option exercises will be accomplished through "sell to cover" transactions, meaning that Mr. Merlo will only sell enough shares to cover the exercise price and related taxes. The Plan was entered into for financial and tax planning purposes and to avoid forfeiture, and is consistent with Mr. Merlo's past practice of entering into a stock trading plan annually to address expiring stock options. The options covered by the Plan will expire on April 1, 2020 if they are not exercised.

The Plan is designed to satisfy Rule 10b5-1 under the Securities Exchange Act of 1934, as amended ("Rule 10b5-1"), and the Company's Insider Trading Policy and its Stock Ownership Guidelines. The Company does not undertake to report other Rule 10b5-1 trading plans that may be adopted by any officers, directors or other stockholders in the future, or to report any modifications or terminations of any publicly announced trading plan, including Mr. Merlo's Plan.

Item 6. Exhibits

The exhibits listed in this Item 6 are filed as part of this Quarterly Report on Form 10-Q. Exhibits marked with an asterisk (*) are management contracts or compensatory plans or arrangements. Exhibits other than those listed are omitted because they are not required to be listed or are not applicable. Pursuant to Item 601(b)(4)(iii) of regulation S-K, the Registrant hereby agrees to furnish to the Securities and Exchange Commission a copy of any omitted instrument that is not required to be listed.

Letter re: Unaudited Interim Financial Information

November 6, 2019

To the Shareholders and the Board of Directors of CVS Health Corporation

We are aware of the incorporation by reference in the Registration Statements (Form S-3ASR No. 333-217596 and Form S-8 Nos. 333-230035, 333-228622, 333-167746, 333-217853, 333-208805, 333-141481, 333-139470, 333-63664, 333-91253, 333-49407, 333-34927, and 333-28043) of CVS Health Corporation of our report dated November 6, 2019, relating to the unaudited condensed consolidated interim financial statements of CVS Health Corporation that is included in its Form 10-Q for the quarter ended September 30, 2019.

/s/ Ernst & Young LLP

Boston, Massachusetts

Exhibit 31.1

Certification

I, Larry J. Merlo, President and Chief Executive Officer of CVS Health Corporation, certify that:

1. I have reviewed this quarterly report on Form 10-Q of CVS Health Corporation;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

   (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

   (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

   (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

RADIOLOGY MANAGEMENT SERVICES AGREEMENT

This Radiology Management Services Agreement, as it may be amended from time to time (the "Agreement"), is made and entered into as of _____(the "Effective Date"), by and between (i) Aetna Medicaid Administrators LLC (formerly known as Schaller Anderson, LLC), on behalf of itself and its Affiliates (hereinafter "Company"); and (ii) MedSolutions, Inc., a Tennessee corporation with its principal place of business in Franklin, TN ("Delegated Entity"). Company and Provider may be referred to individually as a "Party" and collectively as the "Parties." Each state-specific **Individual Sites Regulatory Compliance Addendum** attached to this Agreement as **Exhibit A,** is expressly incorporated into this Agreement and is binding upon the Parties to this Agreement. In the event of any inconsistent or contrary language between any **Individual Sites Regulatory Compliance Addendum** and any other part of this Agreement, including, but not limited to, any other exhibits, attachments, schedules or amendments, the Parties agree that the provisions of the **Individual Sites Regulatory Compliance Addendum** shall prevail. Each **Individual Sites Regulatory Compliance Addendum** attached hereto as **Exhibit A** includes the State-Required Terms and Program Participation Requirements unique to the state identified in each such **Individual Sites Regulatory Compliance Addendum**. The Parties acknowledge that the Delegated Entity defined herein, provides Utilization Management Services as set forth in this Agreement and will comply with the applicable Individual Sites Regulatory Compliance Addendum provisions, as it pertains to Delegated Entity's scope of services. **Exhibit D, Addendum for Medicare-Medicaid Dual Eligible Members,** shall apply to all services rendered to such Members. Exhibit C is reserved.

WHEREAS, Company administers Plans for Government Sponsors that provide access to health care services to Members or arranges for the provision of health care services to Members of Government Programs; and

WHEREAS, Company contracts with certain health care providers and facilities to provide access to such health care services to Members; and

WHEREAS, Delegated Entity has established a program for Utilization Management including patient management and customer service which duties and obligations of the Parties related to such delegated services are set forth in the Delegated Patient Management Addendum and the Delegated Customer Service Addendum attached hereto and made a part of this Agreement hereof; and

WHEREAS, Company and Delegated Entity wish to contract for the provision of Utilization Management services ("UM Program") in accordance with the terms of this Agreement.

NOW, THEREFORE, in consideration of the foregoing and of the mutual covenants, promises and undertakings herein, the sufficiency of which is hereby acknowledged, and intending to be legally bound hereby, the parties agree as follows:

1.0 Definitions

1.1 Affiliate. The term "Affiliate," as it appears in this Agreement, refers to each Party's current Affiliates listed in **Exhibit B**, attached hereto and made a part of this Agreement hereof. Company Affiliates administer Plans for Government Sponsors that provide access to health care services to Members or arranges for the provision of health care services to Members of Government Programs. Participating Providers provide and/or arrange for the provision of, services consistent with the terms of this Agreement, including each state-specific **Individual Sites Regulatory Compliance Addendum**. To the extent applicable, an Affiliate may be any corporation, partnership or other legal entity (including, as it concerns Company, any Plan identified herein) directly or indirectly owned or controlled by, or which owns or controls, or which is under common ownership or control with either Party. An Affiliate may also be an entity owned by a third-party for which Company provides services as third-party administrator (a "Third-Party Affiliate"). Such Third-Party Affiliates are so identified in Exhibit B.

1.2 Aetna or Company. Aetna Medicaid Administrators LLC (formerly known as Schaller Anderson, LLC), and its applicable Affiliates.

1.3 Applicable Law. Such federal, state, and local laws, rules and administrative regulations and guidance, including manuals, guidelines, operational policy letters, any CMS directions or instructions, and any directions or instructions that are adopted and/or published by any federal or state regulatory agency or any other governmental body with authority over Company and/or Delegated Entity, that relate to or apply to the parties' obligations under this Agreement.

1.4 Average Speed of Answer. Telephone calls placed by Providers measured from the time the caller chooses an option that results in the caller being placed in queue for response by a Call Center representative to the time a representative responds to the call. The result expresses the sum of all waiting times for all calls answered by the queue divided by the number of incoming calls answered.

1.5 Board-Certified Radiologist. A radiologist who is certified by the American Board of Radiology and such certification is current.

1.6 Call Center Management. The process of monitoring and evaluating the appropriateness of handling calls regarding Patient Management Functions as described in this Agreement.

1.7 CMS. Centers for Medicare and Medicaid Services.

1.8 Clinical Review Criteria. The written screening procedures, decision abstracts, clinical protocols and practice guidelines used by Delegated Entity to determine the medical necessity and appropriateness of Diagnostic Imaging Services.

1.9 Covered Diagnostic Imaging (DI) Services. Those Diagnostic Imaging Services that a Member is entitled to receive under the terms and conditions of a Plan.

1.10 Delegated Entity Services. The services to be performed by Delegated Entity as set forth in this Agreement and Exhibit 1 including Patient Management and Call Center Management Services.

1.11 Diagnostic Imaging Services. The services described in Attachment 1A to Exhibit 1.

1.12 Emergency Medical Condition. A medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in: (a) placing the health of the individual (or, with respect to a pregnant woman, her pregnancy or health or the health of her fetus) in serious jeopardy; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part; or such other definition as may be required by applicable law.

1.13 Emergency Services. Unless otherwise defined in the Member's Plan, the medically necessary services to preserve life or stabilize health, available on an inpatient basis, twenty-four (24) hours per day, seven (7) days a week.

1.14 Government Programs. Plans operated and/or administered by Company pursuant to a State Contract.

1.15 Government Sponsor. A state agency or other governmental entity authorized to offer, issue and/or administer one or more Plans, and which, to the extent applicable, has contracted with Company to administer all or a portion of such Plan(s).

1.16 HIPAA. Health Insurance Portability and Accountability Act of 1996.

1.17 HIPDB. Healthcare Integrity and Protection Data Bank.

1.18 Managed Member. A Member enrolled in a Plan that : (i) requires precertification of Diagnostic Imaging Services; and (ii) is located in a Company-defined market serviced and contracted by Delegated Entity pursuant to Exhibit 1 and any attached schedules.

1.19 Medically Necessary or Medical Necessity. Health care services that a physician, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are (a) in accordance with generally accepted standards of medical practice; (b) clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease, and (c) not primarily for the convenience of the patient, physician or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury, or disease. For these purposes "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

1.20 Member. An individual covered by or enrolled in a Plan and entitled to such Covered Services offered by the Plan.

1.21 Member Confidential Information. Any information that identifies a Member and is related to the Member's participation in a Plan, the Member's physical or mental health or condition, the provision of health care to the Member or payment for the provision of health care to a Member. Member Confidential Information includes, without limitation, "individually identifiable health information", as defined in 45 C.F.R. §160.103 and "non-public personal information" as defined in laws or regulations promulgated under the Gramm-Leach-Bliley Act of 1999.

1.22 NCQA. National Committee for Quality Assurance.

1.23 NPDB. National Practitioner Data Bank.

1.24 Operational Date. For purposes of this Agreement and purposes of the Performance Measures, the Operational Date shall be, as to each Affiliate, the latter of January 1, 2014; the date upon with the applicable Government Sponsor approves commencement of services; the effective date listed on in Exhibit B, or an alternative date as agreed to by the Parties in writing.

1.25 Payor. An employer, insurer, health maintenance organization, labor union, employee benefit plan, organization or other person or entity that has agreed to be responsible for funding benefit payments for services and/or supplies provided to Members under the terms of a Plan.

1.26 Participating Provider. Any physician, hospital, hospital-based physician, skilled nursing facility or other individual or entity involved in the delivery of health care or ancillary services who or which has entered into and continues to have a current valid contract with Company to provide Covered Services to Members, and, where applicable, has been credentialed by company or its designee consistent with Company's credentialing policies. Certain categories of Participating Providers may be referred to herein more specifically as, e.g., "Participating Physicians" or "Participating Hospitals."

1.27 Patient Management or "PM". The process of monitoring and evaluating on a prospective, concurrent and retrospective basis, the medical necessity and appropriateness of health care services that are provided by Providers to Members in accordance with the programs described in Exhibit 1. For the purpose of this agreement the terms Patient Management and Utilization Management may be used interchangeably.

1.28 Patient Management Notification. A process initiated by the Provider under which the Provider notifies the Delegated Entity of proposed procedures, treatments or referrals, and Delegated Enity issues an authorization for service.

1.29 Patient Management Records. All data, information, and documentation related to the Delegated Entity's performance of Patient Management.

1.30 Plan. A Member's healthcare benefits as set forth in the Member's Summary Plan Description, Certificate of Coverage, Evidence of Coverage, or other applicable coverage document.

1.31 Plan Sponsor. An entity that has contracted with Company to issue, administer, or service a Plan. Sponsors include, without limitation, employer groups sponsoring or offering self-funded Plans to their employees.

1.32 Precertification. A process of assessing the medical necessity and appropriateness of proposed services and level of service, such as inpatient hospitalizations, outpatient surgeries or diagnostic procedures, prior to the Provider rendering such services to the Member.

1.33 Proprietary Information. Any and all information, whether prepared by a Party, its advisors or otherwise, relating to such Party or the development, execution or performance of this Agreement whether furnished prior to or after the Effective Date. Proprietary Information includes but is not limited to, with respect to Company, Patient Management Information, (whether written or oral) which are furnished or disclosed to Delegated Entity by Company. Notwithstanding the foregoing, the following shall not constitute Proprietary Information:

a. Information which was known to a receiving Party (a "Recipient") prior to receipt from the other Party (a "Disclosing Party") (as evidenced by the written records of a Recipient);

b. Information which was previously available to the public prior to a Recipient's receipt thereof from a Disclosing Party;

c. Information which subsequently became available to the public through no fault or omission on the part of a Recipient, including without limitation, the Recipient's officers, directors, trustees, employees, agents, contractors and other representatives;

d. Information which is furnished to a Recipient by a third party which a Recipient confirms, after due inquiry, has no confidentiality obligation, directly or indirectly, to a Disclosing Party; or

e. Information which is approved in writing in advance for disclosure or other use by a Disclosing Party.

1.34 Provider. Any physician, hospital, hospital-based physician, skilled nursing facility or other individual or entity involved in the delivery of health care or ancillary services.

1.35 Radiology Provider. A duly licensed and qualified physician or free standing imaging center, who is under contract with and credentialed by Company to provide Diagnostic Imaging Services to Members.

1.36 Referring Physician. A physician in a specialty other than diagnostic radiology who orders diagnostic imaging examinations to aid in the diagnosis of disease or pathology for a patient in his or her care.

1.37 Related Party. A Party's parent, subsidiary, other affiliate, or any of their respective officers, directors, trustees, employees, agents, contractors, or other representatives.

1.38 Retrospective Review. A review conducted after services have been rendered to a Member and prior to an initial determination.

1.39 State Contract. Company's contract(s) with Government Sponsors to administer Plans or Government Programs identified in the **Program Participation Schedule**.

1.40 Telephone Abandon Rate. The number of callers who hang up after their call is queued for response but before the call center representative actually pulls them off the queue, divided by the total number of callers whose calls are queued

1.41 URAC. American Accreditation HealthCare Commission/Utilization Review Accreditation Commission.

2.0 Delegated Entity's Services

2.1 Services. Upon the terms and subject to the conditions of this Agreement, Delegated Entity shall provide the Delegated Entity Services. Delegated Entity Services shall include, without limitation, personnel, equipment, and other resources, responsibilities, and functions necessary to provide the Delegated Entity Services.

2.2 Standard of Care. Delegated Entity shall provide the Delegated Entity Services in accordance with generally accepted standards applicable to similarly situated vendors and the terms and conditions of this Agreement. Delegated Entity shall not discriminate against Members on the basis of race, gender, creed, ancestry, lawful occupation, age, religion, marital status, sexual orientation, mental or physical disability, color, national origin, place of residence, health status, source of payment for services, cost or extent of services required, or any other grounds prohibited by law or this Agreement.

2.3 Co-Branding. If applicable, Delegated Entity agrees to co-brand with Company for Delegated Entity Services to Members

2.4 Personnel and Staffing.

2.4.1 Delegated Entity shall maintain an experienced leadership team, with individual expertise in all areas of radiology services described in Exhibit 1, consisting of at least: one account representative assigned to each Company's local markets in which Delegated Entity provides Services. The names of all such individuals will be provided to Company upon request. Upon Company's reasonable request and if practicable to do so, Delegated Entity shall designate different personnel to service Company's account.

2.4.2 Delegated Entity shall assign adequate personnel to the Delegated Entity Services in a manner that meets or exceeds the standards and requirements of both NCQA and URAC applicable to the Services.

2.4.3 Delegated Entity will develop a strategy and staffing plan with dedicated account management staff in coordination with Company which will support the migration of Company's business prior to such transition.

2.4.4 Delegated Entity and Company shall collaborate on (i) communication efforts to Providers and Members regarding Company's selection of Delegated Entity and (ii) processes and protocols on interacting with Delegated Entity and Company's Covered Diagnostic Imaging Services.

2.5 Oversight. Delegated Entity agrees to allow Company to maintain reasonable oversight of the Patient Management and Call Center Management activities of Delegated Entity. Such oversight, which shall be a right and not an obligation of Company hereunder, shall at a minimum include:

2.5.1 Submission to Company of copies of Delegated Entity's written policies and procedures for Delegated Entity Services prior to implementation and at least once each year during the term of this Agreement ("Approved Policies") or as required by Government Sponsor. These policies and procedures must be consistent with Company policies and procedures and must comply with the accreditation standards of NCQA (when applicable), as well as statutory and regulatory requirements and contractual obligations. Delegated Entity's Patient Management plan description should be revised as needed and submitted in writing to Company for review and approval at least annually, and more often if required by Company to keep Company apprised on Delegated Entity's

obligations under this Agreement. Delegated Entity agrees to provide thirty (30) days prior written notice of any changes to Approved Policies or other timeline as defined by Company. In the event any changes to Approved Policies are material to the Delegated Entity Services then such policies and procedures are subject to written approval by Company prior to their implementation, which approval shall not be unreasonably withheld. Delegated Entity agrees to provide sixty (60) days prior written notice of material systems conversions or modifications by Delegated Entity or other timeline as defined by Company.

2.5.2 Permission for Company to conduct annual site visits upon thirty (30) calendar days prior written notice, or upon shorter notice in the event that Company determines a shorter period is necessary to ensure Company's compliance with CMS requirements, Government Sponsor or as may be necessary to satisfy Company obligations in Section 4.0 of this Agreement.

2.5.3 Permission for Company, Plan Sponsors, Government Sponsors with good cause, and federal, state, and local government authorities having jurisdiction, upon written request, to make a reasonable number of copies of all records and other papers materially relating to Delegated Entity' performance under this Agreement and Delegated Entity Services provided hereunder, including without limitation medical records (together "Services Data"). Copies of such requested Services Data shall be supplied within fourteen (14) calendar days of Delegated Entity' receipt of the request, where practicable or other timeline as defined by Company. Delegated Entity shall be relieved of its obligations hereunder if and only to the extent Delegated Entity's performance of such obligations would violate Applicable Law. Delegated Entity shall maintain any Services Data not returned to Company or destroyed pursuant to Section 8.2 below for the longer of seven (7) years after termination of this Agreement or the period required by Applicable Law or Government Sponsor and shall provide Company access to such Services Data for as long as it is maintained as provided in this Section 2.5.3.

2.5.4 Permission for Company, including Company's employees, agents, and representatives, to have reasonable access to Delegated Entity' books and records materially relating to Delegated Entity's performance under this Agreement for review, inspection, audit, and evaluations incident to and in accordance with this Agreement (including all Exhibits hereto). Company shall provide reasonable written notice in advance of inspecting records or other documentation. Delegated Entity shall cooperate with Company's reasonable requests during such review, inspection, audit and evaluation. Company shall conduct such reviews, inspections, audits and evaluations during normal business hours and in a manner such as to minimize disruption to Delegated Entity's business. Such review shall only apply to records and documentation relating to the parties' obligations under this Agreement and no documents or records shall be reviewed or disclosed without full compliance with all Applicable Law, including HIPAA (as defined in Section 7 below). Delegated Entity shall have permission to inspect records of the Company that are material to Delegated Entity's duties to perform Services or the Agreement Each party shall allow all applicable accrediting agencies, state regulatory agencies, and any other state or federal agencies regulating the transactions hereunder or their designees, to inspect, evaluate and duplicate any pertinent books, documents, papers and records involving transactions pertaining to this Agreement as required by Applicable Law. Any inspection or duplication of records will occur only during regular working hours upon written notice, which shall be not less than two (2) weeks, and shall take place at the site where the audited party maintains such records during the audited party's normal business hours unless otherwise permitted by law. The written notice shall describe the scope of the audit or review. The parties shall cooperate with each other and make all reasonable efforts to confine any audit to a reasonable length of time. Each party shall bear its own costs associated with any audit or inspection conducted in accordance with this Section 2.5.4.

2.5.5 Permission for federal, state and local governmental authorities having jurisdiction, and any applicable accrediting organization (collectively, "Permitted Parties"), to audit, during regular business hours upon at least ten (10) calendar days prior written notice, or upon shorter notice in the event that Company determines a shorter period is necessary to ensure Company's compliance with

Applicable Law or Government Sponsor, any and all documents and materials related to services rendered under this Agreement. Any such audit shall be permitted during the term of this Agreement and for a period of six (6) years thereafter, with each party responsible for its own expenses incurred related to such audit. In addition to the requirements of this Section 2.5.5, Delegated Entity agrees that, with respect to Medicare Plans, Permitted Parties shall be permitted to perform any such audit during the term of this Agreement and for the longer of (i) ten (10) years from the end of the final contract period of any government contract of Company, (ii) the date the Department of Health and Human Services ("HHS"), the U.S. Comptroller General, or their designee complete an audit, or (iii) the period required by Applicable Law. This Section 2.5.5 shall survive the termination of this Agreement, regardless of the cause of termination.

2.5.6 Permission for National Committee for Quality Assurance ("NCQA"), American Accreditation HealthCare Commission/Utilization Review Accreditation Commission ("URAC"), other accrediting organization to conduct on-site review of any documents related to services provided by Delegated Entity under this Agreement during an accreditation survey of Company by NCQA or URAC. Delegated Entity agrees to cooperate with any review of Company or a Plan conducted by an accrediting body or a Federal or state agency with authority over Company and/or the Plan, as applicable.

2.5.7 Delegated Entity agrees to provide information requested by Company to enable Company to respond to Member, regulator, Government Sponsor and provider inquiries. Delegated Entity agrees to provide data to Company as reasonably required by Company. In addition, Delegated Entity agrees that Company and Plan Sponsors shall have access to all data and information obtained, created or collected by Delegated Entity related to Members, including without limitation Member Confidential Information.

2.5.8 Submission to Company of mutually agreed upon periodic reports, on Delegated Entity Services provided by Delegated Entity. Said reports shall be provided in accordance with the Attachment 1 to Exhibit 1, including, when required by Company, certification of an executive officer of Delegated Entity as to the report's truth and accuracy, and at such other times as may be mutually agreed to by the Parties.

2.5.9 Delegated Entity agrees to provide, in a format reasonably acceptable to Company, timely, accurate, and appropriate data and information (including demographics) to enable Company to fulfill applicable accrediting organizations and Federal and state regulatory filing requirements, including HEDIS, Government Sponsor and CMS requirements.

2.5.10 Delegated Entity agrees to retain all data, information, records and documentation related to its performance of Delegated Entity Services for the longer of seven (7) years following the date of service or the period required by applicable state law. As required under Applicable Law, Delegated Entity agrees to provide Permitted Parties reasonable access to all Patient Management and/or Call Center Management activities. In addition to the requirements of this Section 2.5.10, with respect to Medicare Plans, Delegated Entity agrees to maintain Patient Management Records for the longer of: (i) ten (10) years from the end of the final contract period of any government contract of Company, (ii) the date HHS, the U.S. Comptroller General, or their designees complete an audit, or (iii) the period required by Applicable Law. This record retention provision, shall survive the termination of this Agreement, regardless of the cause giving rise to the termination.

2.6 Appeals. Delegated Entity agrees to cooperate reasonably with and participate in Company's applicable appeal, grievance and external review procedures (including, but not limited to, Medicare appeals, Government Sponsor appeals and expedited appeals procedures), provide Company with the information necessary to resolve same, and abide by decisions of the applicable appeals, grievance and review committees or Government Sponsor. For avoidance of doubt, the final determination of appeals is not delegated to Delegated Entity unless Company specifically requests otherwise.

2.7 Performance Obligations. Provision of Delegated Entity Services shall be in accordance with the following or other metrics as defined by Company and Government Sponsor:

a. Average Speed of Answer for telephone calls placed by providers is 30 seconds or less. Average Speed of answer of telephone calls placed by providers is measured from the time the caller chooses an option that results in the caller being placed in queue for response by a customer service representative to the time a representative responds to the call. The result expresses the sum of all waiting times for all calls answered by the queue divided by the number of incoming calls answered;

b. Telephone Abandon Rate is 5 percent or less; The percentage of inbound phone calls made to a call center that are abandoned by the customer before speaking to a customer service representative. It is calculated as abandoned calls divided by total inbound calls (in percent);

c. Telephone Service Factor of eighty-five percent (85%) of all calls answered in 30 seconds or less. The percentage of calls answered within a specified amount of time. The service level is set at 30 seconds and 85% of the calls are to be answered within 30 seconds;

d. All calls placed to the Call Center shall be answered by a live person or an automated answering/forwarding system with no forced busy signal;

e. Delegated Entity will make available web-based precertification process online through secure web applications for Provider.

f. A quality program should include elements of internal random call monitoring with scoring criteria with a standard of 96.25 percent (96.25%).

g. Prior Authorization turnaround times as defined by Company and Government Sponsor and communicated to Delegated Entity in accordance with this Agreement.

h. Appeal review and resolution as defined by Company and Government Sponsor and communicated to Delegated Entity in accordance with this Agreement.

i. Submission of approval and/or denial letters in accordance with Company and Government Sponsor.

3.0 Representations, Warranties and Covenants of Delegated Entity

3.1 Delegated Entity's General Representations and Covenants. Delegated Entity represents, warrants and covenants to Company that:

a. It is, and will remain throughout the term of this Agreement, in good standing in all material respects under Applicable Law governing its existence and operations and that it is in substantial compliance with and shall continue to comply with Applicable Law that relates to the subject matter of this Agreement or the duties and obligations hereunder, including, but not limited to, those relating to Patient Management and Call Center Management;

b. It is, and all personnel are, in substantial compliance with any licensing, permitting, or other authorization requirements of, and agrees to maintain such substantial compliance under, applicable states for the express purpose of Delegated Entity's Services. In no event shall Company be liable for any fees, costs, or other expenses associated with the procurement and maintenance of any licenses, permits or other authorizations; or for Delegated Entity' failure to procure, maintain, or comply with the terms of the such licenses, permits or authorizations. Moreover, all personnel employed by or contracted with Delegated Entity who are responsible for providing Delegated Entity' Services to Members are and shall remain throughout the term of this Agreement

appropriately supervised (when and as required by Applicable Law or Government Sponsor), and qualified by education, training and experience to perform their professional duties.

c. This Agreement has been executed by its duly authorized representative. Execution and performance of this Agreement (i) will not violate or infringe upon the rights of any third party, including without limitation confidentiality or privacy rights, publicity rights, or intellectual property rights; and (ii) will not conflict with or violate any commitment, agreement, or understanding Delegated Entity has or will have with any person or entity.

d. It does and shall at all times meet or exceed: (i) all Company and Government Sponsor standards, policies and procedures; and (ii) the standards of NCQA (and is accredited by NCQA) and/or any applicable accrediting organization agreed upon by the parties. In the event that Company or an accrediting organization's standards or any Federal or state statutory or regulatory provisions are materially changed or revised, Delegated Entity agrees to comply with or implement, as applicable, and to the reasonable satisfaction of Company, any such change or revision within such time frame as may be required by the accrediting organization, applicable law or regulation, or if no time frame is stated, within sixty (60) calendar days of receiving notice of such change. The parties agree that any such change or revision shall not be considered an amendment for the purpose of this Agreement.

e. It acknowledges that Company is an Equal Opportunity Employer which maintains an Affirmative Action Program. To the extent applicable to Delegated Entity, Delegated Entity agrees to comply with the following, as amended from time to time: Executive Order 11246, Title VI of the Civil Rights Act of 1964 the Vietnam Era Veterans Readjustment Act of 1974, the Age Discrimination Act of 1975, the Drug Free Workplace Act of 1988, Section 503 of the Rehabilitation Act of 1973, the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") administrative simplification rules at 45 CFR parts 160, 162, and 164, the Americans with Disabilities Act, Federal laws and regulations designed to prevent or ameliorate fraud, waste, and abuse, including, but not limited to, applicable provisions of Federal criminal law, the False Claims Act (32 U.S.C. 3729 et. seq.), and the anti-kickback statute (section 1128B(b) of the Social Security Act), any similar legislation regarding transactions relating to any government contract of Company or an Affiliate, and any rules and regulations promulgated under such laws.

f. Neither Delegated Entity nor any of Delegated Entity's Related Parties who are and/or will be fully or partially responsible for Delegated Entity's performance of its obligations under this Agreement has (i) pled guilty or no contest to or been convicted of any felony involving dishonesty or breach of trust; (ii) been excluded from participation in any federal or state funded health program; or (iii) been listed in the National Practitioner Data Bank ("NPDB") or the Healthcare Integrity and Protection Data Bank ("HIPDB"). If the Delegated Entity or any of Delegated Entity's Related Parties is listed in a either NPDB or HIPDB after the Effective Date, Company shall have the right, in its sole discretion and judgment, to terminate the Agreement as provided in Section 10.4 herein or to disqualify the listed person(s) from providing any part of the Services.

3.2 Incentives. Delegated Entity further represents and warrants that as of the Effective Date, and Delegated Entity covenants that, throughout the term of the Agreement that (a) compensation to persons performing Patient Management under this Agreement shall not contain incentives or remuneration, direct or indirect, in cash or in-kind, to those persons to make inappropriate Patient Management or utilization review decisions that result in underutilization; and (b) compensation or remuneration to persons performing Patient Management under this Agreement shall not be based, directly or indirectly, on the quantity, frequency or percentage of or in any way relating to denials.

3.3 Government Programs. Delegated Entity agrees that all services and other activities performed by Delegated Entity under this Agreement with regard to Medicare Members will be consistent and comply with Company's obligations under its contracts with CMS to offer Plans to Medicare beneficiaries ("Medicare Plans"). Company shall provide such obligations to Delegated Entity at least sixty (60) days prior to the

Effective Date of this Agreement and thereafter upon receiving notice of any change thereto. Delegated Entity shall not be required to comply with Company's obligations under its contracts with CMS unless and until Company provides such obligations to Delegated Entity. Company shall also identify to Delegated Entity those Members enrolled in Medicare or Medicaid Plans. Delegated Entity acknowledges and agrees that all provisions of this Agreement shall apply equally to any employees, independent contractors, and subcontractors of the Delegated Entity who provide or may provide services under this Agreement with respect to Medicare Plans, and Delegated Entity represents and warrants that Delegated Entity shall take all steps necessary to cause such employees, independent contractors and subcontractors to comply with this Agreement and all Applicable Law. With respect to Medicare Plans, Delegated Entity agrees to allow CMS and Company to monitor Delegated Entity's performance under this Agreement on an ongoing basis as described in this Agreement and as required under Applicable Law. Delegated Entity agrees to comply with all Applicable Law, including, without limitation all Medicare laws, rules and regulations, reasonable Company policies and procedures and requirements designed to ensure Company's compliance with such laws, rules and regulations, and all Applicable Law relating to the protection of Medicare Member privacy and confidentiality the accuracy of Medicare Member health records (including, if applicable, the provisions set forth at 42 C.F.R. § 423.136). Company shall provide to Delegated Entity such policies, procedures and requirements at least sixty (60) calendar days prior to the Effective Date of this Agreement, and shall notify Delegated Entity at least fifteen (15) business days before implementation of a change to such. In the event that Delegated Entity reasonably does not or cannot agree to any requirement of the policies and procedures, Delegated Entity may terminate the Agreement with at least ninety (90) calendar days notice to Company. Delegated Entity shall not be required to comply with Company's policies, procedures and requirements unless and until Company provides such policies, procedures and requirements to Delegated Entity. In accordance with this Agreement and as required under Applicable Law, Delegated Entity shall immediately provide to Company any information required by Company to meet its reporting obligations to CMS. Delegated Entity acknowledges that Company may only delegate activities or functions to Delegated Entity in a manner consistent with Applicable Law. Delegated Entity acknowledges and agrees that any of Company's activities or responsibilities under Company's contracts with CMS to offer Medicare Plans that are delegated by Company to Delegated Entity may be revoked in accordance with this Agreement and as required under Applicable Law if CMS or Company determines that Delegated Entity has not performed satisfactorily. With respect to Medicare and Medicaid Plans, Delegated Entity acknowledges that compensation for performing Patient Management and other services described in this Agreement constitutes receipt of Federal funds.

3.3.1 Government Requirements Regarding Records for Medicare Plans. In addition to the requirements of Section 3.8 of this Agreement, with respect to Medicare Plans, Delegated Entity agrees to maintain Information and Records (as those terms are defined in Section 3.8 of this Agreement) for the longer of: (i) ten (10) years from the end of the final contract period of any government contract of Company, (ii) the date HHS, the U.S. Comptroller General, or their designees complete an audit, or (iii) the period required by Applicable Law. In addition to the requirements of Section 3.8 Delegated Entity further agrees that, with respect to Medicare Plans, Company and Federal, state and local government authorities having jurisdiction, or their designees, upon request, shall have access to all Information and Records, and that this right of inspection, evaluation and audit of Information and Records shall continue for the longer of (i) ten (10) years from the end of the final contract period of any government contract of Company, (ii) the date HHS, the U.S. Comptroller General, or their designee complete an audit, or (iii) the period required by applicable laws, rules or regulations. This Section 3.3.1 shall survive the termination of this Agreement, regardless of the cause of termination.

3.4 Hold Harmless. In no event, including without limitation, non-payment by Company, insolvency of Company, or breach of this Agreement, shall Delegated Entity bill, charge, collect a deposit from, seek remuneration or reimbursement from, or have any recourse against a Managed Member or persons (other than Company) acting on a Managed Member's behalf for services covered under this Agreement. Delegated Entity further agrees that: (a) this provision shall survive termination of the Agreement regardless of the cause giving rise to termination and shall be construed for the benefit of Managed Members, and (b) this provision supersedes any oral or written agreement to the contrary now existing or hereafter entered into between Delegated Entity and a Managed Member or persons acting on a Managed Member's behalf. No

modification of this provision shall be effective without the prior written approval of the appropriate regulatory entities.

3.5 Intentionally Omitted

3.6 Notification of Adverse Action. Delegated Entity shall notify Company promptly after becoming aware of: (i) any material litigation brought against Delegated Entity related to Delegated Entity Services; (ii) any material litigation brought against Delegated Entity related to services similar to Delegated Entity Services provided by Delegated Entity to other persons or entities; (iii) any material actions taken by any government agency involving Delegated Entity or any entity in which Delegated Entity holds more than a five percent (5%) interest; (iv) a five percent (5%) ownership interest with another health maintenance organization or managed care organization; (v) any legal actions or investigations, or notice thereof, initiated against Delegated Entity by governmental agencies or individuals regarding fraud, abuse, false claims, or kickbacks; or (vi) the listing of Delegated Entity or any of Delegated Entity' Related Parties in the National Practitioner Data Bank or the Healthcare Integrity and Protection Data Bank. Upon Company's request, Delegated Entity agrees to provide all known details of the nature, circumstances, and disposition of any suits, claims, actions, investigations, or listings related to Delegated Entity Services to Company.

3.7 Quality Assurance. Delegated Entity represents and warrants that it has established an ongoing quality assurance/assessment program that includes without limitation credentialing of its employees and contractors, as applicable. Delegated Entity shall supply to Company the relevant documentation, including without limitation internal quality assurance/assessment protocols, upon Company's request.

3.8 Information and Records.

3.8.1 Maintenance of Information and Records. In addition to the obligations set forth in Section 3.3.1 above, Delegated Entity agrees (a) to maintain data and information obtained, created or collected by Delegated Entity related to Members ("Information") and books, records and other papers and information relating to this Agreement and Delegated Entity Services ("Records") in a current, detailed, organized and comprehensive manner and in accordance with applicable Federal and state laws and accreditation standards; (b) that all Member medical records and Confidential Information shall be treated as confidential and in accordance with applicable laws; and (c) to maintain such Information and Records for the period required by applicable law. This Section 3.8.1 shall survive the termination of this Agreement, regardless of the cause of the termination.

3.9 Insurance. Delegated Entity at its sole cost and expense shall procure and maintain such policies of general and professional liability and other insurance as shall be necessary to insure it and its Related Parties against any claim or claims for damages arising directly or indirectly in connection with the performance of Delegated Entity Services under this Agreement. During the entire term of the Agreement, Delegated Entity shall maintain such insurance at minimum levels required from time to time by Company, but in no event less than: (a) comprehensive general liability insurance, at a minimum level of $1,000,000 per claim/$2,000,000 annual aggregate; (b) director and officer liability coverage for Delegated Entity' directors, officers, trustees and managers, at a minimum level of $5,000,000; (c) excess or umbrella insurance for specified medical professions, at a minimum level of $5,000,000 per claim/$10,000,000 annual aggregate; worker's compensation and employer's liability insurance, at such levels as may be required by Applicable Law. Such insurance coverage shall cover the acts and omissions of Delegated Entity as well as those of any of Delegated Entity' Related Parties. Certificates of Insurance evidencing such policies shall be delivered to Company upon request. Delegated Entity shall provide to Company at least thirty (30) days advance written notice of any cancellation or material modification of said policies. Delegated Entity's obligations under this Section may be satisfied through self-insurance arrangements with prior approval by Company of such self-insurance.

4.0 Company Obligations and Representations

4.1 Audit Activities. If Company reasonably believes that Delegated Entity has failed to carry out the Delegated Entity Services in accordance with the terms of this Agreement or Company's reasonable performance expectations, Company may:

a. Audit Delegated Entity's performance of the Delegated Entity Services, upon advance notice or as otherwise provided herein.

b. Require Delegated Entity to submit, within a mutually agreed upon specified time frame, but in no event longer than thirty (30) days, a corrective action plan to address any compliance or other problems identified by Company.

c. Require Delegated Entity to implement, within a reasonable time of notice, but in no event longer than sixty (60) days, a corrective action plan approved by Company and permit increased audits of Delegated Entity's performance to ensure compliance with such plan.

4.2 Company Representations. Company represents and warrants that: (a) Company, where applicable, is licensed to offer, issue and administer Plans in the service areas covered by this Agreement by the applicable regulatory authority ("License"); (b) Company will not lose such License involuntarily during the course of this Agreement; (c) Company is, and will remain throughout the term of this Agreement, substantially in compliance with all applicable Federal and state laws and regulations related to this Agreement and the services to be provided hereunder; including without limitations, any applicable prompt payment statutes and regulations or capital reserve requirements; provided however, that for the purposes of (b) and (c), Delegated Entity will have no basis for termination to the extent that such action does not impact the obligations of Company under this Agreement; (d) this Agreement has been executed by its duly authorized representative; and (e) executing this Agreement and performing its obligation hereunder shall not cause Company to violate any term or covenant of any other agreement or arrangement now existing or hereinafter executed.

4.3 Communications

Company shall promptly make available to Delegated Entity such Company policies and other information as are required by this Agreement or reasonably necessary for Delegated Entity to perform the Delegated Entity Services; and shall inform Delegated Entity in writing of significant changes in this information by letter, electronic mail, or other media. Such written notice shall be at least 60 days prior to the implementation of the new or changed standard, policy, procedure or other information, or within such time frame as may be required by the NCQA, URAC or applicable law or regulation. In addition, Company shall work cooperatively with Delegated Entity to continuously improve the Delegated Entity Services and Company's relationship with Delegated Entity.

4.4 Payments and Taxes

4.4.1 Company shall pay Delegated Entity according to the terms set forth in Exhibit 2 (the "Compensation"). In no event shall Company be liable to Delegated Entity for any fees, costs, or expenses, other than those expressly set forth in Exhibit 2 or otherwise contemplated herein, unless, on a case-by-case basis the Company's and Delegated Entity agree in advance and in writing that Company will pay Delegated Entity for additional fees, costs, or expenses.

4.4.2 Delegated Entity acknowledges and agrees that it alone shall be responsible to collect and liable to pay any and all federal, state, local, use, excise, or other tax liabilities resulting from Delegated Entity's performance of its obligations under this Agreement. Delegated Entity shall maintain true and correct copies of records of these tax liabilities and Delegated Entity' payments for a period of ten (10) years following the expiration of the applicable period to which such tax liabilities relate. Notwithstanding the foregoing, if a jurisdiction imposes a new tax that may materially impact this Agreement, the parties will negotiate in good faith the relative responsibilities of the parties for such new taxes.

4.5 Savings Clause

Company's failure to perform any of its responsibilities set forth in this Agreement (other than as set forth in Sections 4.5, 4.7 and Exhibit 2) shall not be deemed to be grounds for termination by Delegated Entity; provided, however, that Delegated Entity' non-performance of any of its obligations shall be excused if and to the extent (i) such Delegated Entity nonperformance results from Company's nonperformance; and (ii) Delegated Entity provides Company with reasonable written Notice of Company's nonperformance and uses commercially reasonable efforts to perform notwithstanding Company's failure to perform.

4.6 Required Data

Company will provide Delegated Entity with all necessary data in the manner that allows it to independently calculate and verify any and all Performance Measures outlined in Exhibit 2. Company agrees and understands that Delegated Entity's ability to successfully perform its duties and obligations under this Agreement are subject to and conditioned on the timely receipt such data.

4.7 Company's Insurance. Company at its sole cost and expense agrees to procure and maintain such policies of general and/or professional liability and other insurance (or maintain a self-insurance program) as shall be necessary to insure Company and its employees against any claims or claims for damages arising by reason of personal injury or death occasioned directly or indirectly in connection with the performance of any service by Company under this Agreement and the administration of Plans. Company, at its sole cost and expense shall procure and maintain such policies of general and professional liability and other insurance as shall be necessary to insure it and its Related Parties against any claim or claims for damages arising directly or indirectly in connection with its performance under this Agreement. During the entire term of the Agreement, Company shall maintain such insurance at minimum levels no less than: (a) comprehensive general liability insurance, at a minimum level of $1,000,000 per claim/$3,000,000 annual aggregate; (b) director and officer liability coverage for Company's directors, officers, trustees and managers, at a minimum level of $5,000,000; and (d) worker's compensation and employer's liability insurance, at such levels as may be required by Applicable Law. Such insurance coverage shall cover the acts and omissions of Company as well as those of any of Company's Related Parties. Company's obligations under this section may be satisfied through self-insurance arrangements. Company shall provide to Delegated Entity at least thirty (30) days advance written notice of any cancellation or material modification of said policies.

4.8 Final Determinations. Notwithstanding anything to the contrary contained in this Agreement or any Attachment hereto, Company shall retain the right to make final determinations of appeals of Delegated Entity Patient Management decisions pursuant to the Company's Patient Management program.

4.9 Provision of Relevant Information. Company shall furnish to Delegated Entity information received by Company, including but not limited to Member surveys or complaints, which is relevant, as determined by Company, to the Services provided under this Agreement.

5.0 Relationship of the Parties

5.1 Independent Contractors. Nothing in this Agreement shall be construed to create a joint venture or partnership between the parties. Delegated Entity shall act solely as an independent contractor and not as an agent, servant, employee, or representative of Company or any related entity. Consequently, neither party will have, and neither will make any statement or take any action that might cause any third party to believe it has, the authority to transact any business, enter into any agreement, or in any way bind or make any commitment on behalf of the other or any related entity unless expressly authorized in writing by a duly authorized officer of the other.

5.2 Interference With Contractual Relations.

Delegated Entity shall not: (i) counsel or advise, directly or indirectly, Payors, Plan Sponsors or other entities currently under contract with Company or any Affiliate to cancel, modify, or not renew said contracts; (ii) impede or otherwise interfere with negotiations which Company or an Affiliate is conducting for the provision of health insurance or creation or maintenance of Plans; (iii) use or disclose to any third party Company's membership lists or provider directories or other Member or Provider information, acquired during the term of this Agreement, for the purpose of directly or indirectly soliciting individuals who were or are Members or Providers or otherwise to directly compete with Company or any Affiliate. Nothing in this Section 5.2 is intended or shall be deemed to restrict any communication between Delegated Entity and a Member, or a party designated by the Member, determined by Delegated Entity to be necessary or appropriate in providing Delegated Entity Services.

Company shall not (i) counsel or advise, directly or indirectly, Customers or potential customers of Delegated Entity to cancel, modify, not renew, or not enter into contracts with Delegated Entity; (ii) impede or otherwise interfere with negotiations which Delegated Entity is conducting regarding provision of managed radiological services; and (iii) use or disclose to any third party information acquired during the term of this Agreement for the purposes detrimental to Delegated Entity.

5.3 Non-Solicitation. In no event shall either party directly solicit, recruit, advise or encourage any employee to terminate employment or other relationship with the other party without specific written authorization from the other party. This Section 5.3 does not prohibit and shall not be interpreted to prohibit or otherwise apply to general solicitations by each party (including but not limited to job postings or general announcements regarding position openings) to which an employee responds.

6.0 Confidentiality and Non-Disclosure

6.1 As used herein, a party disclosing Confidential Information is referred to as the "Disclosing Party" and a party receiving Confidential Information is referred to as the "Receiving Party."

6.2 As used herein, "Confidential Information" includes (i) information the Receiving Party knows or reasonably should know would, if disclosed, reveal otherwise proprietary details of the Disclosing Party's provider network(s), policies, procedures, and/or information technology systems and processes; (ii) the terms of this Agreement, including any Exhibits; and (iii) any other information that the Disclosing Party designates in writing as Confidential. "Confidential Information" also includes any reports, notes, summaries, abstracts, distillations, excerpts, work product, or other documents utilizing or incorporating Confidential Information whether in whole or in part; and oral presentations or discussions referring to, describing, elaborating upon, or otherwise relating to Confidential Information.

6.3 The Disclosing Party's information shall not be deemed Confidential Information if (i) it is already, or otherwise becomes known to the general public other than as a direct or indirect result of any act or omission of the Receiving Party or its Related Parties; (ii) it is lawfully received by the Receiving Party from a third party who the Receiving Party verifies has the right to disseminate such information without restriction on disclosure; (iii) it is known to the Receiving Party prior to the date of this Agreement; or (iv) the Receiving Party develops it independently, without use of Confidential Information.

6.4 The Receiving Party acknowledges that it will receive Confidential Information in confidence and solely for its use in performing its obligations under this Agreement. Accordingly, the Receiving Party warrants that it will apply commercially reasonable safeguards to protect the Disclosing Party's Confidential Information against unlawful or otherwise unauthorized access, use and disclosure. The Receiving Party further agrees (i) to permit access to, use, and disclose the Confidential Information solely for the purpose(s) expressly set forth in, and in accordance with, the terms of this Agreement; (ii) not to record, copy, or reproduce any Confidential Information in any form, except to the extent necessary to exercise its rights or fulfill its obligations under this Agreement; (iii) to limit access, use and disclosure of Confidential Information to those of the Receiving Party's employees and agents and to the Receiving Party's Related Parties who are

necessary for and directly involved in the Receiving Party's exercise of its rights or performance of its obligations under this Agreement and to refrain from disclosing or otherwise permitting any third person or entity access to any Confidential Information except with the Disclosing Party's prior written consent; (iv) to ensure that any of the Receiving Party's Related Parties who receive or obtain Confidential Information are advised of the nature of the Confidential Information and of the obligations the Receiving Party has undertaken with respect to such information under the Agreement and agree to comply with these obligations; and (v) to take any other steps reasonably necessary to safeguard Confidential Information against unlawful and otherwise unauthorized access, use and disclosure. The Receiving Party shall provide prompt notice to the Disclosing Party of any breach of the provisions of this Section 6.

6.5 The Receiving Party acknowledges that unauthorized access to, use, or disclosure of Confidential Information may cause irreparable harm and significant injury to the Disclosing Party which will be difficult to measure with certainty or to compensate through money damages. Accordingly, the Receiving Party agrees that injunctive or other equitable relief may be appropriate in the event of any breach or threatened breach by the Receiving Party of any part or parts of this Section 6, in addition to such other remedies as may be available at law. The Receiving Party shall not oppose the granting of such equitable relief.

6.6 The Receiving Party may disclose Confidential Information if required to do so under any Applicable Law; provided, however, that the Receiving Party provides the Disclosing Party with prompt notice of any request for such a disclosure, so that the Disclosing Party may object to the request and/or seek an appropriate protective order or, if such notice is prohibited by law, the Receiving Party shall disclose the minimum amount of Confidential Information required to be disclosed under the applicable legal mandate. In addition, Company may disclose Confidential Information to a Payor or Plan Sponsor if required to do so under any applicable services agreement with such Payor or Plan Sponsor. Except as expressly provided herein, in no event shall the Receiving Party disclose the Disclosing Party's Confidential Information to a party other than a government agency except under a valid order from a court or administrative agency with jurisdiction requiring the specific disclosure.

6.7 Delegated Entity acknowledges that Delegated Entity may receive, in connection with its performance of Delegated Entity Services, certain demographic and other information concerning Members, to facilitate Delegated Entity's performance of Delegated Entity Services, including without limitation information concerning the healthcare provided to such Members and their conditions. Delegated Entity further acknowledges that such information may be Protected Health Information and agrees that in the event the information is Protected Health Information, the provisions of the Section 7 below apply.

7.0 Confidentiality of Member Information, HIPAA and GLBA Compliance

7.1 Confidentiality. Delegated Entity and Company agree that Member Confidential Information must be safeguarded. Delegated Entity agrees to ensure that any information related to a Member is to be kept strictly confidential in accordance with all Federal and state laws regarding, among other things, the confidentiality of patient records and shall not be released to any third party except as set forth in this Section 7. Where allowed by Applicable Law, Company shall be able to obtain Member Confidential Information from Delegated Entity without additional written release by the Member. Each party agrees to comply with all applicable requirements of TITLE II, Subtitle F of the Health Insurance Portability and Accountability Act of 1996 and its related regulations ("HIPAA"), including any and all requirements regarding the privacy and security of protected health information. It is understood and agreed that Delegated Entity is, and will be, a "business associate" of Company for purposes of HIPAA and a "service provider" for the purpose of GLBA because of the delegated functions it is performing on behalf of Company.

7.2 HIPAA and GLBA Definitions. For purposes of Sections 7.2 through 7.8 the following terms shall have the meaning set forth below:

a. C.F.R. "C.F.R." means the Code of Federal Regulations.

b. Designated Record Set. "Designated Record Set" has the meaning assigned to such term in 45 C.F.R. 164.501.

c. Plan Sponsor Information. "Plan Sponsor Information" means nonpublic personal financial and health information about a customer, whether in paper, electronic, or other form. Plan Sponsor Information includes any such information provided by the customer as part of a request for information about, or an application for, a Company insurance product or service, even if no such insurance product or service is subsequently provided to the customer.

d. Electronic Protected Health Information. "Electronic Protected Health Information" means information that comes within paragraphs 1(i) or 1(ii) of the definition of "Protected Health Information", as defined in 45 C.F.R. 160.103.

e. Individual. "Individual" shall have the same meaning as the term "individual" in 45 C.F.R. 164.501 and shall include a person who qualifies as personal representative in accordance with 45 C.F.R. 164.502 (g).

f. Privacy and Security Rules. "Privacy and Security Rules" means the regulations promulgated by the Department of Health and Human Services at 45 C.F.R. Parts 160-164, Subparts A, C and E, which regulations implement the privacy and security requirements of the Administrative Simplification provisions of HIPAA.

g. Protected Health Information "Protected Health Information" shall have the same meaning as the term "Protected Health Information", as defined by 45 C.F.R. 160.103, limited to the information created or received by Delegated Entity from or on behalf of Company.

h. Required By Law. "Required By Law" shall have the same meaning as the term "required by law" in 45 C.F.R. 164.501.

i. Secretary. "Secretary" shall mean the Secretary of the Department of Health and Human Services or his designee.

j. Security Incident. "Security Incident" shall have the same meaning as the term "security incident" in 45 C.F.R. 164.304.

k. Service Provider. "Service Provider" means any person or entity that provides services to Company and maintains, processes or otherwise is permitted access to Company's Plan Sponsor Information.

l. Standard Transactions. "Standard Transactions" means the electronic health care transactions for which HIPAA standards have been established, as set forth in 45 C.F.R. Parts 160-162.

7.3 Obligations and Activities of Delegated Entity.

a. Delegated Entity agrees to not use or disclose Protected Health Information other than as permitted or required by this Agreement or as required by law. Delegated Entity shall also comply with any further limitations on uses and disclosures reasonably agreed to by Company in accordance with 45 C.F.R. 164.522 provided that such agreed upon limitations have been communicated to Delegated Entity according with Section 7.5.1.c of this Agreement.

b. Delegated Entity agrees to use appropriate safeguards to prevent use or disclosure of the Protected Health Information other than as provided for by this Agreement.

c. Delegated Entity agrees to mitigate, to the extent practicable, any harmful effect that is known to Delegated Entity of a use or disclosure of Protected Health Information by Delegated Entity in violation of the requirements of this Agreement.

d. Delegated Entity agrees to report to Company any use or disclosure of the Protected Health Information not provided for by this Agreement of which it becomes aware.

e. Delegated Entity agrees to ensure that any agent, including a subcontractor, to whom it provides Protected Health Information received from, or created or received by Delegated Entity on behalf of Company agrees to the same restrictions and conditions that apply through this Agreement to Delegated Entity with respect to such information. In no event shall Delegated Entity, without Company's prior written approval (which consent will not be unreasonably withheld), provide Protected Health Information received from, or created or received by Delegated Entity on behalf of Company, to any employee or agent, including a subcontractor, if such employee, agent or subcontractor receives, processes or otherwise has access to the Protected Health Information outside of the United States.

f. Delegated Entity agrees to provide access, at the request of Company, and in the time and manner designated by Company, to Protected Health Information in a Designated Record Set, to Company or, as directed by Company, to an Individual in order to meet the requirements under 45 C.F.R. 164.524. If Delegated Entity provides copies or summaries of Protected Health Information to an Individual it may impose a reasonable, cost-based fee in accordance with 45 C.F.R. 164.524(c) (4).

g. Delegated Entity agrees to make any amendment(s) to Protected Health Information in a Designated Record Set that the Company directs or agrees to pursuant to 45 C.F.R. 164.526 at the request of Company or an Individual, and in the time and manner designated by Company. Delegated Entity shall not charge any fee for fulfilling requests for amendments.

h. Delegated Entity agrees to make (i) internal practices, books, and records, including policies and procedures relating to the use and disclosure of Protected Health Information received from, or created or received by Delegated Entity on behalf of, Company, and (ii) policies, procedures, and documentation relating to the safeguarding of Electronic Protected Health Information available to the Company, or at the request of the Company to the Secretary, in a time and manner designated by the Company or the Secretary, for purposes of the Secretary determining Company's compliance with the Privacy and Security Rules.

i. Delegated Entity agrees to document such disclosures of Protected Health Information and information related to such disclosures as would be required for Company to respond to a request by an Individual for an accounting of disclosures of Protected Health Information in accordance with 45 C.F.R. 164.528.

j. Delegated Entity agrees to provide to Company, in the time and manner designated by Company, the information collected in accordance with Section 7.3i of this Agreement, to permit Company to respond to a request by an Individual for an accounting of disclosures of Protected Health Information in accordance with 45 C.F.R. 164.528.

k. Delegated Entity acknowledges that it shall request from the Company and so disclose to its affiliates, subsidiaries, agents and subcontractors or other third parties, only the minimum Protected Health Information necessary to perform or fulfill a specific function required or permitted hereunder.

l. With respect to Electronic Protected Health Information, Delegated Entity shall implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the Electronic Protected Health Information that it

creates, receives, maintains, or transmits on behalf of Company, as required by 45 C.F.R. Part 164, Subpart C.

m. With respect to Electronic Protected Health Information, Delegated Entity shall ensure that any agent, including a subcontractor, to whom it provides Electronic Protected Health Information, agrees to implement reasonable and appropriate safeguards to protect it.

n. Delegated Entity shall report to Company any Security Incident of which it becomes aware.

o. If Delegated Entity conducts any Standard Transactions on behalf of Company, Delegated Entity shall comply with the applicable requirements of 45 C.F.R. Part 162.

p. The parties acknowledge that the services delegated under this Agreement are subject to regulation by applicable federal and state laws and regulations. If Delegated Entity does not or is not able to fulfill any or all of its obligations under this Agreement and Company is subject to any fines or fees from a regulatory agency as a result thereof, Delegated Entity agrees to pay to Company the amount of such fines and any penalties incurred, including any applicable interest. Company shall have sole discretion to pay such fees, fines or penalties or to settle or compromise with such regulatory agencies.

7.4 Permitted Uses and Disclosures by Delegated Entity

7.4.1 General Use and Disclosure. Except as otherwise limited in this Agreement, Delegated Entity may use or disclose Protected Health Information to perform its obligations and services to Company, provided that such use or disclosure would not violate the Privacy and Security Rules if done by Company.

7.4.2 Specific Use and Disclosure Provisions.

a. Except as otherwise limited in this Agreement, Delegated Entity may use Protected Health Information for the proper management and administration of the Delegated Entity or to carry out the legal responsibilities of the Delegated Entity.

b. Except as otherwise limited in this Agreement, Delegated Entity may disclose Protected Health Information for the proper management and administration of the Delegated Entity, provided that disclosures are allowed by law, or Delegated Entity obtains reasonable assurances from the person to whom the information is disclosed that it will remain confidential and used or further disclosed only as allowed by law or for the purpose for which it was disclosed to the person, and the person notifies the Delegated Entity of any instances of which it is aware in which the confidentiality of the information has been breached.

c. Except as otherwise limited in this Agreement, Delegated Entity may use Protected Health Information to provide Data Aggregation services to Company as permitted by 45 C.F.R. 164.504(e)(2)(i)(B).

d. Delegated Entity may use Protected Health Information to report violation of law to appropriate Federal and State authorities, consistent with 45 C.F.R. 164.502 (j) (1).

7.5 Obligations of Company With Respect to HIPAA.

7.5.1 Provisions for Company to Inform Delegated Entity of Privacy Practices and Restrictions

a. Company shall notify Delegated Entity of any limitation(s) in Company's notice of privacy practices that Company produces in accordance with 45 C.F.R. 164.520, to the extent that such limitation(s) may affect Delegated Entity's use or disclosure of Protected Health Information.

b. Company shall provide Delegated Entity with any changes in, or revocation of, permission by Individual to use or disclose Protected Health Information, to the extent that such changes affect Delegated Entity's use or disclosure of Protected Health Information.

c. Company shall notify Delegated Entity of any restriction to the use or disclosure of Protected Health Information that Company has agreed to in accordance with 45 C.F.R. 164.522, to the extent that such restriction may affect Delegated Entity's use or disclosure of Protected Health Information.

d. Company shall not agree to any limitation(s) on use or disclosure of Protected Health Information requested by an Individual that would materially adversely impact Delegated Entity Services.

7.5.2 Permissible Requests by Company. Except as may be set further in Section 7.4.2, Company shall not request Delegated Entity to use or disclose Protected Health Information in any manner that would not be permissible under the Privacy and Security Rules if done by Company.

7.6 Obligations of Delegated Entity With Respect to GLBA.

a. Delegated Entity agrees to implement a comprehensive written information security program that includes administrative, technical and physical safeguards for the protection of Plan Sponsor Information that are appropriate to Delegated Entity's size, complexity, nature and scope of activities, and that is designed to:

(i) ensure the integrity and confidentiality of Plan Sponsor Information;
(ii) protect against any anticipated threats or hazards to the security or integrity of Plan Sponsor Information; and
(iii) protect against unauthorized access to, or use of, Plan Sponsor Information that could result in substantial harm or inconvenience to any customer.

b. Delegated Entity agrees to ensure that any agent, including a subcontractor, to whom it provides Plan Sponsor Information received from, or created or received by Delegated Entity on behalf of Company, agrees to the same restrictions and conditions that apply through this Agreement to Delegated Entity with respect to such Plan Sponsor Information.

c. In no event shall Delegated Entity, without Company's prior written approval, provide Plan Sponsor Information (received from, or created or received by Delegated Entity on behalf of Company) to any employee or agent, including a subcontractor, if such employee, agent or subcontractor receives, processes, or otherwise has access to the Plan Sponsor Information outside of the United States.

d. Delegated Entity agrees to make policies, procedures, and documentation relating to the safeguarding of Plan Sponsor Information available to Company, or at the request of Company to the applicable state department of insurance, in a time and manner designated by the Company or department of insurance, for purposes of the department determining Company's compliance with GLBA.

e. Delegated Entity agrees to affirm in writing, upon request from Company from time to time, Delegated Entity's continued compliance with its obligations under this Agreement.

7.7. Regulatory References. A reference in this Agreement to a section in the Privacy and Security Rules means the section as in effect or as amended.

7.8 Amendment. Upon the enactment of any law or regulation affecting the use or disclosure of Protected Health Information, the safeguarding of Electronic Protected Health Information or the safeguarding of Plan Sponsor Information, or the publication of any decision of a court of the United States or any state relating to any such law or the publication of any interpretive policy or opinion of any governmental agency charged with the enforcement of any such law or regulation, either party may, by written notice to the other party, amend the Agreement in such manner as such party determines necessary to comply with such law or regulation. If the other party disagrees with such amendment, it shall so notify the first party in writing within thirty (30) days of the notice. If the parties are unable to agree on an amendment within thirty (30) days thereafter, then either of the parties may terminate the Agreement on thirty (30) days written notice to the other party.

7.9 Interpretation. Any ambiguity in this Section 7 shall be resolved to permit Company to comply with the Privacy and Security Rules. In the event of any inconsistency or conflict between this Section 7 and any other agreement between the parties, the terms, provisions and conditions of this Section 7 shall govern and control.

8.0 Ownership/Right to Use Materials

8.1 Proprietary Information – Rights and Responsibilities. Subject to Section 8.5 below, each Party agrees that the Proprietary Information of the other Party is the exclusive property of such Party and that each Party has no right, title or interest in the same. Each Party agrees to keep the Proprietary Information and this Agreement strictly confidential and agrees not to disclose any Proprietary Information or the contents of this Agreement to any third party, except to governmental authorities having jurisdiction and, in the case of Company's disclosure, to Members, Plan Sponsors, consultants and vendors under contract with Company, or as otherwise directed by the other Party. Except as otherwise required under applicable Federal or state law and this Agreement, each Party agrees to not use any Proprietary Information of the other Party, and at the request of the other Party hereto, return any Proprietary Information upon termination of this Agreement for whatever reason. This Section 8 shall survive the termination of this Agreement for one (1) year, regardless of the cause of termination.

8.2 Return of Proprietary Information. Upon expiration or termination of this Agreement, the Parties agree either to voluntarily surrender to the other Party all Information in the Party's possession, custody, or control (including without limitation the possession, custody, or control of any Related Parties), or, if the return of such Proprietary Information is infeasible, destroy the Proprietary Information or keep such information confidential. This provision shall survive termination of the Agreement.

8.3 Company Materials. Company shall own all right, title and interest in and to any and all information, documents, inventions, modifications and improvements, including without limitation any drafts, copies and other non-originals or derivatives, developed by Company and/or its Related Parties (other than Delegated Entity), whether transmitted or made available to Delegated Entity by Company or otherwise created or developed by Company in the course of performance under this Agreement (collectively, the "Company Materials").

8.4 Delegated Entity Materials. Delegated Entity shall own all right, title and interest in and to any and all information, documents, inventions, modifications and improvements, including without limitation any drafts, copies, and other non-originals or derivatives, in whole or in part, developed by Designated Entity and/or its Related Parties (other than Company), whether transmitted or made available to Company by Delegated Entity or otherwise created or developed by Delegated Entity in or otherwise as a result of Delegated Entity' performance under this Agreement (collectively "Delegated Entity Materials").

8.5 Acknowledgements. The term "Company Materials" shall not include information, documents, inventions, or improvements created by Delegated Entity prior to the Effective Date or independent of this Agreement (collectively the "Delegated Entity Materials"). Company acknowledges and agrees that the Delegated Entity Materials include, without limitation:

8.5.1 Computer member record ("CPR"), AIM technology which creates customized interventions for Members based on deviations from standards of care ("AIM"), predictive radiology intelligence ("PRI"), and interactive voice response ("IVR") technology, equipment, system, and software; provided, however, that nothing herein shall be deemed to transfer to Delegated Entity ownership of any patient records.

8.5.2 Additions and/or modifications to the CPR, AIM and/or IVR technology and any other technology used by Delegated Entity in providing Delegated Entity Services.

For avoidance of doubt, the parties acknowledge and agree that: (a) all inventions, improvements, discoveries, developments, techniques, processes, research and development plans and results, reports, drawings, designs, schematics, databases, specifications, works of authorship, data, formulas, files, HTML, computer source and object code, patent applications, and any other materials and creations (and any related improvements or modifications to the foregoing) (collectively, "Creations") that are developed or created by a party shall be exclusively owned by such party, and (b) no Creations shall be deemed jointly owned by the parties unless prior to the development of such Creation the parties agree in writing to jointly own such Creation, including the terms and conditions relating to each party's rights, obligations and restrictions on use and exploitation of such jointly owned Creation.

8.6 Return of Materials. Upon Delegated Entity' request after expiration or termination of this Agreement, subject to Sections 2.5, 3.8 and 6 of this Agreement: (a) Company shall return any Delegated Entity Materials in its possession to Delegated Entity, and (b) Delegated Entity shall return any Company Materials in its possession to Company.

8.7 Reservation of Rights. The parties acknowledge and agree that each party claims and reserves all rights afforded to it under all applicable intellectual property laws in all of its information, including without limitation Confidential Information, Company Materials and Delegated Entity Materials. The Agreement shall not affect any transfer of right, title, or interest in or to any such information, and each party agrees that it shall not assert any right, title, or interest in or to the other's Confidential Information, Company Materials or Delegated Entity Materials, as applicable. Nothing herein shall be deemed to preclude Delegated Entity from maintaining, using, or disclosing Member information obtained from Company to perform its obligations under this Agreement or to exercise its rights under Section 4.1 and 4.2 herein; nor shall anything herein be deemed to preclude Company from maintaining, using, or disclosing Member information obtained from Delegated Entity in issuing, servicing, or administering any Plan(s).

9.0 Indemnification

9.1 Subject to Section 9.3 herein, Delegated Entity shall indemnify, defend and hold Company and Company's Related Parties harmless from any actual legal or administrative action, claims, liability, penalty, fine, assessment, lawsuit, litigation, or other loss, expenses, or damage, including without limitation any reasonable attorney's fees and costs (together "Liability"), that Company or Company's Related Parties may incur as a result of: (i) any acts or omissions of Delegated Entity or any of Delegated Entity's Related Parties related to the provision of the Delegated Entity Services or failure to provide such Delegated Entity Services; or (ii) the receipt, maintenance, use or disclosure by Delegated Entity or any of Delegated Entity's Related Parties of any Confidential Information in a manner that is not authorized by this Agreement and permitted under all applicable laws, regulations, and other legal mandates.

9.2 Subject to Section 9.3 herein, Company shall indemnify, defend and hold Delegated Entity and Delegated Entity 's Related Parties harmless from any Liability that Delegated Entity or Delegated Entity's Related Parties may incur as a result of: (i) any acts or omissions of Company or any of Company's Related Parties related to Company's duties under this Agreement: or (ii) the receipt, maintenance, use or disclosure by Company or any of Company's Related Parties of any Confidential Information in a manner that is not authorized by this Agreement and permitted under all applicable laws, regulations, and other legal mandates. For purposes of clarity, any acts or omissions of Company shall not mean (i) the act of contracting with

Delegated Entity for the Services; or (ii) the fact that Company did not overturn a decision of Delegated Entity.

9.3 Litigation. When either party is seeking indemnification under Sections 9.1 and 9.2 above, Company must notify the other party in writing within 30 days of any actual or threatened action, suit or proceeding to which such party claims indemnification applies. Failure to so notify the other party shall not be deemed a waiver of the right to seek indemnification, unless the actions of such party have been prejudiced by the failure of the party to provide notice within the required time period.

Each party may then take steps to be joined as a party to such proceeding, and the other party shall not oppose any such joinder. Whether or not such joinder takes place, the indemnifying party shall provide the defense with respect to claims to which this Section applies and in doing so shall have the right to control the defense and settlement with respect to such claims, provided however, with respect to any settlement, the other party shall have the right to consent to such settlement, which consent shall not be unreasonably withheld.

Either party may assume responsibility for the direction of its own defense at any time, including the right to settle or compromise any claim against it without the consent of the other party, provided that in doing so it shall be deemed to have waived its right to indemnification except in cases where the other party has declined to defend against the claim.

10.0 Term/Termination

10.1 Term. This Agreement shall be effective for an initial term of three (3) years ("Initial Term") from its Effective Date and thereafter shall automatically renew for additional one year terms, unless and until terminated in accordance with this Section 10. Upon commencement of this Agreement, all prior agreements, between the parties, for the same or similar services shall terminate.

10.2 Termination for Convenience. This Agreement may be terminated without cause by either party upon written notice to the other party, as follows: i) By Delegated Entity or Company, upon 180 days' notice to be effective no earlier than the conclusion of the Initial Term; or ii) by a Third Party Affiliate, upon 90 days' notice by Company or the owners of such Third Party Affiliate, as to such Third Party Affiliate, after the first anniversary of the commencement of services for such Third Party Affiliate. Company may exercise its rights hereunder as to a one or more specific affiliates, in which case the Agreement between Company and Delegated Entity with respect to Company and all other Affiliates shall remain in full force and effect.

10.4 Program Effectiveness Termination. This Agreement may be terminated by Company, as to any Affiliate, after the first anniversary of the commencement of services for such Affiliate in the event that Company or any Affiliate has determined in its reasonable discretion that the Program is not meeting the effectiveness that the parties intended in increasing adherence to evidenced- based guidelines. Such termination shall apply solely to the relationship between that Affiliate and Delegated Entity. The Agreement between Company and Delegated Entity with respect to Company and all other Affiliates shall remain in full force and effect.

10.3 Termination for Cause.

10.3.1 This Agreement may be terminated at any time by either party upon at least ninety (90) days' prior written notice of such termination to the other party upon (i) material default or substantial breach by such party of one or more of its obligations hereunder, unless such default or breach is cured within ninety (90) days of the notice of termination or, (ii) Delegated Entity enters into an arrangement whereby Delegated Entity is partially or a wholly owned subsidiary of the following managed care organizations, Centene, Molina, WellCare, United Healthcare, Cigna, WellPoint, Humana or any Blue Cross/Blue Shield Affiliate. Any notice of termination under this provision shall specify the Early Termination Date. In the event that either party breaches any of its

obligations hereunder, the other party shall be entitled to pursue injunctive or any other equitable relief in addition to such other remedies as may be available to the other party at law or under this Agreement.

10.3.2 Certain quantitative and qualitative performance standards for the Delegated Entity Services (the "Performance Guarantees") are set forth in Exhibit 3 of the Agreement, which is attached hereto and incorporated herein by reference. Failure to meet any Performance Guarantee for any Reporting Period, as defined in Exhibit 3, shall not constitute a material breach for the purposes set forth in this Section 10. Nothing herein shall be deemed to prejudice any contractual or other remedies, whether at law or in equity, to which either Party may be entitled for the other Party's non-performance or inadequate performance of its obligations under this Agreement.

10.4 Termination or Suspension Upon Notice. Company may terminate or suspend this Agreement immediately upon written notice to Delegated Entity in the event of: (i) a suspension, withdrawal, expiration, non-renewal, or revocation of Delegated Entity' or Company's applicable licenses, certificates, permits, authorizations, or other legal credentials required by law to perform duties under this Agreement; (ii) the Delegated Entity's conviction, or guilty or no contest plea for a felony or for any criminal charge; (iii) the cancellation, reduction, limitation, or termination of any insurance required under Section 3.9 of this Agreement; (iv) Delegated Entity's suspension or debarment from participation in any government-funded health care or health benefits programs; (iv) a determination by Company that Delegated Entity' performance of Delegated Entity Services could result in harm to Members, provided that Delegated Entity has been provided a one hundred twenty (120) day cure period to rectify any aspect of its service that may cause harm to Members; (v) a declaration by a Party of insolvency or filing in bankruptcy, the appointment of a receiver, the assignment of assets, for the benefit of a Party's creditors, the settlement of outstanding debts of a Party under applicable reorganization or insolvency laws by a Party; (vi) as to a specific Affiliate, the sale of such Affiliate or its cessation of business, or as to a Third-Party Affiliate, the cessation of Company's provision of services to such Third-Party Affiliate; or (vii) a Party's failure to obtain accreditation. Each Party shall provide the other with immediate notice of any of the aforesaid events.

10.5 Obligation to Cooperate. Upon termination of this Agreement for any reason, Delegated Entity agrees to cooperate fully with Company, and comply with Company procedures, if any, in the transfer of Delegated Entity's obligations hereunder to Company. Delegated Entity agrees to promptly provide Company with any and all information and documentation necessary for such transfer.

10.6 Material Breach. Delegated Entity agrees that it shall be a considered a material breach of this Agreement if an action plan agreeable to Company cannot be developed or implemented within thirty (30) business days. If such serious problems cannot be corrected within such time period, Company may assume all or a portion of the Delegated Entity Services upon notice to Delegated Entity. If at such later time Delegated Entity can demonstrate to Company that it is able to meet the requirements of this Agreement, Company, in its sole discretion, may allow Delegated Entity to resume performing the Delegated Entity Services on a date set by Company.

10.7 Obligations During Dispute Resolution Proceedings. In the event of any dispute between the Parties for which a Party may provide notice of termination under Section 10.3, the dispute must first be submitted for resolution under Section 11.0 below. Termination of this Agreement shall be stayed and the Parties shall continue to perform under the terms of this Agreement until the final resolution of the dispute.

11.0 Arbitration

11.1 Submission. Any controversy or claim arising out of or relating to this Agreement or the breach, termination, or validity thereof, except for temporary, preliminary, or permanent injunctive relief or any other form of equitable relief, shall be settled by binding arbitration in Montgomery County, Pennsylvania (the "Locale") administered by the American Arbitration Association ("AAA") and conducted by a sole Arbitrator ("Arbitrator") in accordance with the AAA's Commercial Arbitration Rules ("Ruler"). A stenographic record shall be made of all testimony in any arbitration in which any disclosed claim or counterclaim exceeds

$150,000. The arbitration shall be governed by the Federal Arbitration Act, 9 U.S.C. §§ 11-16, to the exclusion of state laws inconsistent therewith or that would produce a different result, and judgment on the award rendered by the Arbitrator (the "Award") may be entered by any court having jurisdiction thereof. An Award for $150,000 or more shall be accompanied by a short statement of the reasoning on which the Award rests.

11.2 Appeal. Within thirty (30) days of receipt of an Award of $150,000 or more (which shall not be binding if an appeal is taken), a Party may notify the AAA of its intention to appeal the Award to a second Arbitrator (the "Appeal Arbitrator"), designated in the same manner as the Arbitrator except that the Appeal Arbitrator must have at least twenty (20) years' experience in the active practice of law or as a judge. The Appeal Arbitrator shall not take new testimony or other evidence and shall not modify or replace the Award except for clear error of law. The Award, as confirmed, modified or replaced by the Appeal Arbitrator, shall be final and binding, and judgment thereon may be entered by any court having jurisdiction thereof.

11.3 Confidentiality. Except as may be required by law or to the extent necessary in connection with a judicial challenge, permitted appeal, or enforcement of an Award, neither a Party nor an arbitrator may disclose the existence, content, record, status or results of an arbitration. Any information, document, or record (in whatever form preserved) referring to, discussing, or otherwise related to an arbitration, or reflect the existence, content, records, status, or results of an arbitration, constitutes Confidential Information under and is subject to the provisions of Section 6 of this Agreement. The hearing shall be closed to any person or entity other than the arbitrator, the Parties, and witnesses during their testimony, and attorneys of record. Upon the request of a Party, an arbitrator may taken such actions as are necessary to enforce this Section 11.3, including the imposition of sanctions.

11.4 Prehearing Procedure. The Parties will cooperate in good faith in the voluntary, prompt and informal exchange of all documents and information (that are neither privileged nor proprietary) relevant to the dispute of claim, all documents in their possession or control on which they rely in support of their positions or which they intent to introduce as exhibits at the hearing, the identities of all individuals with knowledge about the dispute or claim and a brief description of such knowledge, and the identities, qualifications and anticipated testimony of all experts who may be called upon to testify or whose report may be introduced at the hearing. The Parties and Arbitrator will make every effort to conclude the document and information exchange process within sixty (60) calendar days after all pleadings or notices of claims have been received. At the request of a Party in any arbitration in which any disclosed claim or counterclaim exceeds $150,000, the Arbitrator may also order pre-hearing discovery by deposition upon good cause shown. Such depositions shall be limited to a maximum of three (3) per Party, and shall be limited to a maximum of six (6) hours' duration each. As they become aware of new documents or information (including experts who may be called upon a testify), all Parties remain under a continuing obligation to provide relevant, non-privileged documents, to supplement their identification of witnesses and experts, and to honor any understandings between the Parties regarding documents or information to be exchanged. Documents that have not been previously exchanged, or witnesses and experts not previously identified, will not be considered by the Arbitrator at the hearing. Fourteen (14) calendar days before the hearing, the Parties will exchange and provide to the Arbitrator (a) a list of witnesses they intend to call (including any experts) with a short description of the anticipated direct testimony of each witness and an estimate of the length thereof, and (b) pre-marked copies of all exhibits they intend to use at the hearing.

11.5 Award. The arbitrator may award only monetary relief and is not empowered to award damages other than compensatory damages and, in the arbitrator's discretion, pre-award interest. The Award shall be in satisfaction of all claims by all Parties. Arbitrator fees and expenses shall be borne equally by the Parties. Postponement and cancellation fees and expenses shall be borne by the Party causing the postponement or cancellation. Fees and expenses incurred by a Party in successfully enforcing an Award shall be borne by the other Party. Except as otherwise provided in this Agreement, each Party shall bear all other fees and expenses it incurs, including all filing, witness, expert witness, transcript, and attorneys' fees.

12.0 General Provisions

12.1 Amendments. This Agreement may be amended by mutual agreement of the parties, provided that no amendment shall be effective until it is reduced to writing and signed by an authorized representative of each party. Notwithstanding the foregoing, at Company's discretion, Company may amend this Agreement upon written notice to Delegated Entity to comply with applicable law or regulation (including a change in interpretation of any law or regulation) or any order or directive of any governmental agency, which amendment shall promptly be communicated to Delegated Entity in writing. If such amendment to accommodate applicable law or regulation requires a material change to the Services and is not acceptable to Delegated Entity, Delegated Entity may terminate this Agreement upon 120 days written notice or upon the effective date of such amendment.

12.2 Notice. Any written notice permitted or required by this Agreement shall be sent by certified mail, return receipt requested, by overnight dispatch, by hand delivery, or by electronic dispatch combined with one of the above listed means, to the address listed below or to such later address as may be specified in like manner. Notice shall be deemed given upon dispatch.

If to Company: See Exhibit A for each Affiliate's Notice address.	If to Delegated Entity: Chief Customer Officer MedSolutions, Inc. 730 Cool Springs Blvd, Suite 800 Franklin, TN 37067 With a copy to General Counsel MedSolutions, Inc. 730 Cool Springs Blvd, Suite 800 Franklin, TN 37067

12.3 Assignment. This Agreement may be assigned by Company to an Affiliate or a successor in interest, provided that the rights, obligations, and liabilities of Delegated Entity will not be affected by any such assignment. This Agreement may not be assigned or delegated by Delegated Entity without the prior written consent of Company or, if applicable, its successor, consent of which shall not be unreasonably withheld.

12.4 Subcontracting. If, upon consent of Company, Delegated Entity sub-delegates a portion of its duties under this Agreement, Delegated Entity and the sub-delegated entity shall sign an agreement that meets all of the requirements and provisions of this Agreement and, if Company determines necessary, a three-party including Company as a party.

12.5 Waiver. The waiver of any breach of this Agreement will not be deemed to waive any other breach. To be effective, any and all waivers must be in writing, expressly identifying the specific rights or provisions under this Agreement being waived, and signed by the party to be charged.

12.6 Non-Exclusivity. This Agreement is not exclusive and nothing in this Agreement precludes either party from participating in or contracting with any other party for any purpose.

12.7 Severability. Any determination that any provision of this Agreement or any application thereof is invalid, illegal or unenforceable in any respect in any instance shall not affect the validity, legality and enforceability of such provision in any other instance, or the validity, legality or enforceability of any other provision of this Agreement. Furthermore, the Parties shall work to reform the offending provision to retain its original intent

while making it acceptable to the applicable court. Notwithstanding the foregoing, this Agreement shall be void where prohibited by applicable law.

12.8 Governing Law. This Agreement shall be governed in all respects by the laws of the State of Delaware provided, however that with respect to each Affiliate, services must be delivered in accordance with the law applicable to the delivery of services in such Affiliate's state.

12.9 Intentionally Omitted.

12.10 No third party beneficiary. Except as otherwise provided herein, nothing express or implied in this Agreement is intended to confer, nor shall anything herein confer, upon any person other than the Parties and the respective successors or assigns of the Parties, any rights, remedies, obligations, or liabilities whatsoever.

12.11 Remedies. Notwithstanding Section 11.0, the Parties agree that each has the right to seek any and all remedies at law or equity in the event of breach or threatened breach of Section(s) 7 and 8.

12.12 Force Majuere. If either Party shall be delayed or interrupted in the performance or completion of its obligations hereunder by any act, neglect or default of the other Party, or by an embargo, war, act of terror, riot, incendiary, fire, flood, earthquake, epidemic or other calamity, act of God or of the public enemy, governmental act (including, but not restricted to, any government priority, preference, requisition, allocation, interference, restraint or seizure, or the necessity of complying with any governmental order, directive, ruling or request) then the time of completion specified herein shall be extended for a period equivalent to the time lost as a result thereof. This Section 12.12 shall not apply to either Party's obligations to pay any amounts owing to the other Party, nor to any strike or labor dispute involving such Party or the other Party.

12.13 Survival. In addition to those previous provisions which by their terms survive expiration or termination of this Agreement, 2.5.3, 2.5.4, 3.8, 7, 8.2, 11, 12.8, and 12.11 shall survive expiration or termination of this Agreement, regardless of the cause giving rise thereto.

12.14 Headings. The headings in this Agreement are included for purposes of convenience only, and shall not effect in any way the meaning or interpretation of any of the terms or provisions of this Agreement.

12.15 Entire Agreement. This Agreement is the entire agreement among the parties with respect to the subject matter hereof and supersedes any and all previous agreements whether written or oral with respect to such subject matter. However, nothing in this Agreement shall affect the rights and obligations of the parties under any other agreement or contract among or between them now existing or hereinafter executed, except as expressly provided herein.

12.16 Affiliates. The signature herein authorizes Company to sub delegate specific services to Delegated Entity. Affiliates listed in Exhibit B shall maintain authority to direct Company to conduct regular business activities including on their behalf. The Agreement may be amended and signed by Company without the need for additional signatures from Affiliates.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the Effective Date.

Exhibit 1

Description of Delegated Entity Services

This Exhibit shall be governed by and construed in accordance with the terms and conditions of the Radiology Management Services Agreement (the "Agreement") entered into by and between Aetna Medicaid Administrators LLC and Delegated Entity. The Parties agree that any changes or revisions in the standards described in this Exhibit or any new standards developed by Company shall be considered an amendment for the purposes of this Agreement. Delegated Entity will provide the Delegated Entity Services as follows:

Radiology Program

The Radiology Program is to promote the most appropriate and effective use of outpatient diagnostic imaging services. Delegated Entity will maintain broad and national or regional access and experience interacting with free-standing radiology network facilities which include the following services: CT/CTA, MRIs/MRAs, Nuclear Medicine and PET and/or PET/CT Fusion (as described in Attachment 1). The program will be administered through strategic solutions including innovative web-based applications, licensed health care professionals applying utilization management and development of preferring imaging networks through a clinical certification process. The program should result in the following benefits:

- Immediate reductions in current radiology spend for unnecessary or inappropriate services
- Utilization management for clinically appropriate and cost-effective use of Diagnostic Imaging Services
- Improved services and quality and customer satisfaction

Delegated Entity will be staffed with experienced clinicians who have access to Company's Clinical Policy Bulletins to apply to Delegated Entity's clinical algorithms in information technologies. This technology will provide an efficient process for provider consultation and for registering procedures according to Company guidelines. Referring physicians or their clinical staffs can receive approval or are notified that the decision has been forwarded for consultation by a board certified radiologist or physician; accessible through telephone, fax or Internet. The application of information systems, clinical support algorithms and telephone-based technologies will enable the Delegated Entity to make denials, peer-to-peer consultations or approvals of the requested imaging studies. Furthermore, the Delegated Entity can further assist physicians or their staff in finding the most cost-effective, quality radiology facility closest to the Managed Member's home.

A. Patient Management Services

1. Patient Management Program

The Delegated Entity agrees to maintain a written Patient Management plan description which includes policies and procedures to evaluate criteria for medical necessity, information sources and processes used to review and approve the provision of services to Managed Members. Delegated Entity's Patient Management Program shall be subject to the oversight of a Board-Certified Physician. These policies and procedures must be consistent with Company policies and procedures and must comply with the accreditation standards of NCQA and URAC (when applicable), as well as statutory and regulatory requirements and contractual obligations. The Delegated Entity's Patient Management plan description should be revised as needed and submitted in writing to Company for review and reasonable approval at least annually, and more often if required by Company in accordance with this Agreement.

Delegated Entity agrees to perform various Patient Management functions identified by Company. Patient Management functions shall include:

a. Patient Management Notification-- precertification of outpatient radiology services;

b. Retrospective review of outpatient radiology services.

Delegated Entity agrees that, except in an Emergency, all services shall be provided through participating Radiology Providers.

2. Patient Management Committee

Delegated Entity agrees to establish a Patient Management committee which agrees to be responsible for overseeing Patient Management activities. Delegated Entity's Patient Management committee membership should include at least three (3) members who are physicians, one of whom agrees to be a senior medical director of Delegated Entity, and who are representative of the primary and/or specialty care being reviewed. The Patient Management committee agrees to meet on a regular basis. A representative from Company agrees to be entitled to attend any Patient Management committee meeting. Minutes of the committee meetings shall be maintained in a secure manner by Delegated Entity and made available to Company for review.

3. Patient Management Recommendations/Decisions

Delegated Entity agrees to comply with Company's Clinical Policy Bulletins, which shall be provided in a timely manner to Delegated Entity. Delegated Entity agrees to utilize qualified medical professionals to make benefit coverage decisions and to supervise review decisions. Patient Management review decisions must be made in a timely manner, in accordance state and federal mandated or such reasonable with timeframes mutually agreed upon between Company and Delegated Entity. Timeframes shall accommodate clinical urgencies. Delegated Entity agrees to monitor its compliance with such timeframes, and shall take all actions as are necessary to ensure compliance with such timeframes. All Patient Management review decisions by Delegated Entity shall reflect professional judgment exercised with that degree of care and skill customarily exercised by providers of health care services and in accordance with generally accepted medical standards. Patient Management recommendations by Delegated Entity shall be based upon the review of the entire record available and such additional information that Delegated Entity determines to be necessary and appropriate to conduct Patient Management services. A physician shall conduct a review of any denial recommendation based on medical necessity and shall use board-certified consultants when necessary to conduct the review of such denials. If, required by applicable law, a Board Certified Physician licensed to practice medicine in the state in which the applicable Member resides (or, if required by law, the state where the Diagnostic Imaging Services requested are to be provided) shall review and approve any recommendation for an Adverse Determination based on medical necessity in advance of communication of the Adverse Determination to a Provider. Delegated Entity agrees to ensure that the reason for any denial is clearly documented, and written in layperson terminology, including references to the specific Plan provision on which the determination is based, and is part of the notification sent to the Member and attending physician, Notification of a denial shall include appeal process information. Delegated Entity's physician reviewer shall make the initial denial/determination and Company retains the responsibility for the final decision on the denial determination and the appeal process.

4. Written Patient Management Review Decision Guidelines

Delegated Entity agrees to maintain a set of Patient Management review decision protocols that are based on reasonable medical evidence and consistent with Company standards and guidelines. Company will provide ninety (90) days prior written notice of material changes in policies and procedures. If such a change in the policies and procedures to accommodate applicable law or regulation is not acceptable to Delegated Entity, Delegated Entity may terminate this Agreement upon 120 days written notice. Delegated Entity agrees to review and update the criteria as needed, but no less than annually, and to provide Company with a written copy of any revision within ten (10) business days, Delegated Entity agrees to maintain and monitor consistent application of the criteria through monitoring review mechanisms of physicians and other reviewers. Delegated Entity agrees to inform Providers of Patient Management decision guidelines and to provide criteria to Providers upon request.

Delegated Entity shall be solely responsible for preparing and distributing the following types of written communications, in conformance with the terms and conditions of this Agreement and Applicable Law.

- Standard Denial Letters (Provider and Member)
- Retrospective Denial Letters (Providers and Member)
- Lack of Information (Administrative Closure) Letters (Provider and Member)
- Precertification Notifications, as required by applicable law (Provider and Member)
- Retrospective Certificate Notification (Provider and Member)
- Insufficient Information (45 day pend) Letters (Provider and Member)

Company will provide Delegated Entity templates of each of the above communications, as applicable. Any revisions to said templates made by Delegated Entity shall be subject to Company's advance written approval which approval shall not be unreasonably withheld. Delegated Entity acknowledges that Company may require modifications to approved communications templates for regulatory or other reasons and agrees to implement such modifications within thirty (30) days after Company's request or such earlier time as may be required by applicable law. Company acknowledges that Delegated Entity may require modifications to approved communication templates and agrees to work in good faith to cooperate with Delegated Entity to review and approve Delegated Entity requests for modifications within 30 days after Delegated Entity requests.

- In the event Delegated Entity pre certifies a Diagnostic Imaging Services, Delegated Entity shall notify the relevant provider(s) by telephone, fax or electronically within twenty-four (24) hours and shall in all circumstances provide written or electronic confirmation of a telephone notification within state and federally mandated timeframes or within two working days of the precertification; whichever is sooner.
- The Basis for each and every Adverse Determination shall be clearly and completely documented by Delegated Entity in its records and communicated to the applicable Provider(s) verbally and in writing and Member in writing. Each communication of an Adverse Determination shall include at least: (I) the principal reason(s) for the Adverse Determination in layperson terminology and include a specific reference to the Plan provision or clinical guideline upon which the determination was based; (2) instructions for arranging a peer to peer discussion with the Board Certified Physician who approved the Adverse Determination; (3) instructions for requesting a written statement of the clinical rationale for the Adverse Determination, including the Clinical Review Criteria used in making the Adverse Determination; and (4) instructions for appealing the Adverse Determination to Company. Each written notification shall be signed by the Chief Medical Officer or the Board Certified Physician who approved the Adverse Determination.
- Delegated Entity shall grant any provider seeking Precertification or other approval of a Diagnostic Imaging Service the opportunity to request, on an informal basis up to three (3) business days after the denial letter is issued, reconsideration of an initial Adverse Determination, unless specifically prohibited by state law. Such reconsideration shall be performed within one (1)

business day of Delegated Entity's receipt of the request and shall be performed by the Board-Certified Physician who made the Adverse Determination or his or her equally qualified designee. An equally qualified designee may be a non-physician if information is provided in the reconsideration which reasonably meets the Clinical Review Criteria.

- Delegated Entity shall immediately refer all grievances, appeals, and requests for review to Company for final disposition. Delegated Entity shall provide Company any documents or other information required by Company to resolve a grievance or appeal or in connection with an external review proceeding no more than one (1) business day from the date of Company's request, or sooner if required by state mandate or law in the case of an expedited grievance, appeal, or external review proceeding; and no more than five (5) business days from the date of Company's request, in the case of a standard grievance, appeal, or external review proceeding.

5. Medical Technology

Delegated Entity agrees to have written policies and procedures in place to distribute and implement Company's guidelines/protocols pertaining to the appropriate use of new medical technologies or new application of established technologies, including medical procedures, drugs and devices. Company retains the final authority over all decisions relating to coverage policy relating to new medical technologies and new applications of established technologies.

6. Reporting Requirements

Company agrees to monitor and evaluate Patient Management reports from Delegated Entity on a regular basis. Delegated Entity agrees to provide Company with Patient Management information, including but not limited to:

a. Patient Management plan and any updates or revisions any, as applicable;

b. Annual written evaluation of Patient Management program;

c. Patient Management committee minutes describing Patient Management activity;

d. Quarterly summary report containing data which is mutually agreed upon by the parties, which shall at a minimum include data on admissions, types of care, denials, referrals, utilization measures (including HEDIS Utilization Management measures).

e. Other reports, data and information requested from time to time by Company and in a format acceptable to Company, including but not limited to, timely, accurate and appropriate data and information (including demographics) to enable Company to fulfill NCQA, accrediting organizations and Federal and state regulatory filing requirements and meet the HEDIS standards.

g. Delegated Entity shall provide certain reports of Referring Physicians and Radiology Providers (by Company's assigned Provider ID number), as described in section h (iii) below. Any sampling methodology to be employed by Delegated Entity in preparing the reports shall be subject to the advance written approval of a duly authorized Company representative. The reports shall be based on population averages and, where available, normative data, and shall identify outlier providers. Company may, in its· discretion, share such reports with applicable providers. Delegated Entity

shall not share such reports with any provider or other third party except with the advance, written consent of a duly authorized Company representative. Each Physician Report shall include, without limitation literature supporting the conclusion made in the report (as well as references to any literature that directly or by implication disputes the conclusion); and specific actionable recommendations regarding outlier providers, as may be deemed appropriate by Delegated Entity. Delegated Entity's obligation hereunder is contingent upon Company providing all necessary information as agreed to by the Parties.

h. Reports to Company - Delegated Entity shall compile and deliver to Company the following reports in a format established upon mutual agreement of the Parties:

i. Reports summarizing Precertifications or other approvals of Diagnostic Imaging Services and of all Adverse Determinations issued during the previous day in adequate detail to be used by the Company claim systems for claims payment, not less frequently than daily, unless otherwise agreed by the Parties.

ii. Reports, within one (1) business day, of all (i) complaints (whether written or oral) related in any way to the Services, from or about a Member, Referring Physician, or Radiology Provider; and (ii) attorney contacts concerning any Members, Referring Physicians, or Radiology Providers.

iii. Monthly reports that include, without limitation, information concerning: Phone data records which includes: total number of calls, answer speed, abandon calls, abandon rate percentage and Total Service Factor Precertifications by modality with the following categories of review:

- o Total Number of Requests
- o Adverse Determinations (with percentage)
- o Withdrawal of precertification request o
- o Approved requests (with percentage)
- o Pending requests

Percent of case that meets timeliness of review decisions by category

- o Standard Pre-Service
- o Urgent Pre-Service
- o Medicare Expedited Review
- o Retrospective Review

Detailed reports with requested and approved studies by 'Referring Provider specialty and procedure requested (by procedure code), subject to the limitation of Company providing Referring Provider specialty files in a form reasonably acceptable to Delegated Entity.

Steerage Reports, as mutually developed and agreed upon.

Other reports as required by state or federal mandates

7. Reports from Company.

To the extent applicable to Delegated Entity's performance of PM services, Company shall provide to Delegated Entity the following information in standard electronic format on a monthly basis:

(a) the names and dates of birth or social security numbers of the Members who are eligible or assigned to receive services from Delegated Entity, including the Members added and terminated since the previous reporting period;

(b) the age, sex, benefit plan and any riders to that benefit plan, and employer for the Member who are eligible or assigned to receive services from Delegated Entity;

(c) in the event Company pays any claims that are the financial risk of Delegated Entity, a summary of the number and amount of claims paid by Company on behalf of Delegated Entity during the previous reporting period;

(d) in the event Company pays any claims that are the financial risk of Delegated Entity, a summary of the number and amount of radiology claims paid for each enrollee for which the Delegated Entity has taken partial risk during the previous reporting period;

(e) Member complaint data that relates to Delegated Entity;

8. Surveys

Delegated Entity agrees to conduct regular surveys, no less frequently than annually, involving Participating Providers to determine satisfaction with Delegated Entity's Patient Management activities provided pursuant to this Agreement. Delegated Entity agrees to' develop and implement action plans to improve any Patient Management processes which have been identified as problems through the Participating Provider surveys.

9. Notification of complaints

Delegated Entity agrees to notify Company, within 2 business days of receipt, of any complaints, either oral or written, received by Delegated Entity from Participating Providers and all attorney contacts involving Members. In the case of emergency care, Delegated Entity shall forward the complaint to Company within 24 hours.

10. Scope of Services

(i) The Patient Management services performed by Delegated Entity shall be provided only in connection with procedures identified by Company.

B. Provider Call Management Services

1. Procedures
Delegated Entity agrees to establish procedures to ensure consistent and accurate management of Provider calls.

2. Education
Delegated Entity agrees to provide education to appropriate staff regarding proper call procedures.

3. Toll Free Number
Delegated Entity shall establish and maintain call centers where Participating Providers can call a toll-free number with questions, appeals, and grievances. Delegated Entity agrees to maintain a separate toll-free number specific to Company for use by Members and Providers.

4. Ability to Observe Service
Delegated Entity will provide the capability to record and monitor live calls to ensure compliance with this Agreement, and to identify training opportunities.

5. Reporting
Delegated Entity will submit to Company, by the first of the month, monthly report outlining the following:

- Delegated Entity's performance against the Performance Obligations set forth in Section 4.1
- Monthly Call Quality reports
- Utilization reports
- Prior Authorization Summary reports
- Requesting physician reports
- Performing facility reports
- CPT detail reports by modality
- Most frequent study requested reports
- Denial reports (administrative and medical necessity)
- Call center reports
- Turnaround time reports (based upon Company requirements
- Complaint reports
- Redirection reports
- Adhoc requests by Company

6. Data Security
   Delegated Entity will have procedures in place to ensure security of member data. All materials including but not limited to, training material, and equipment must be secured in a locked environment. Security violation incident reporting must be provided to Aetna on a monthly basis.

7. Facilities
   Delegated Entity will provide all environmental support required for maintaining all computer hardware at the site, including space, power, cooling, emergency power supply and uninterruptible power supply. Delegated Entity will provide immediate response to problems and continuous support through resolution.

8. Disaster Recovery Plan
   Delegated Entity shall provide to Company a Disaster Recovery Plan, (DRP) subject to Company review and approval.

9. Operating Hours

   Operating hours will initially be from 8:00am to 8:00pm Eastern time, Monday through Friday. For all Customer calls received after normal operating hours the Delegated Entity will provide an after hours message stating the normal business hours. The call center will be closed on the following Federal Holidays: Thanksgiving, Christmas Day, New Year's Day, Memorial Day, 4th of July, and Labor Day.

Exhibit 2: Compensation Schedule

This Compensation Schedule shall be governed by and construed in accordance with the terms and conditions of the Radiology Management Services Agreement (the "Agreement") entered into by and between Aetna Medicaid Administrators LLC and Delegated Entity. The rates described in this Exhibit 2 are payable to Affiliate beginning on the Effective Date listed on the signature pages of Exhibit A.

Administrative Payment Amount.

The Administrative Fees by member type and modality are listed in the following table. The Administrative Fees by state are listed in the tables below.

General Rate Summary.

Modality	TANF	CHIP	ABD	LTSS	Duals	Other	SNP - draft
Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]
Cardiology	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]
Ultrasound	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	
Ultrasound OB only	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]
Ultrasound Non-OB	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]

- Advanced Imaging includes management of MRI. MRA. CT. CTA and PET
- Cardiology includes management of Nuclear Cardiology. Heart Catherization. Stress Echo. TTE. and TEE)
- Ultrasound includes management of OB and non-OB ultrasound. if the plan's TANF ultrasound utilization is below 150/K the price will be [redacted]

Each month. Delegated Entity shall charge Company an Administrative Fee for the provision of Delegated Entity Program Services. The monthly Administrative Fee shall be equal to the aggregate of the applicable per Member per month amounts set forth in the table below:

State	Modality	TANF	CHIP	ABD	LTSS	Duals	Other
Arizona	Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]
Delaware	Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	
	Ultrasound - Non OB Only	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	
Illinois	Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	
Maryland	Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	
	Ultrasound – Full	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	
New Jersey	Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	
New York	Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	
Ohio	Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	

Pennsylvania	Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	
Texas	Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	
Virginia	Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]	

1) Payment. On or before the 15th day of each month, Company shall prepay Delegated Entity an "Administrative Fee" for provision of Delegated Entity Program services.

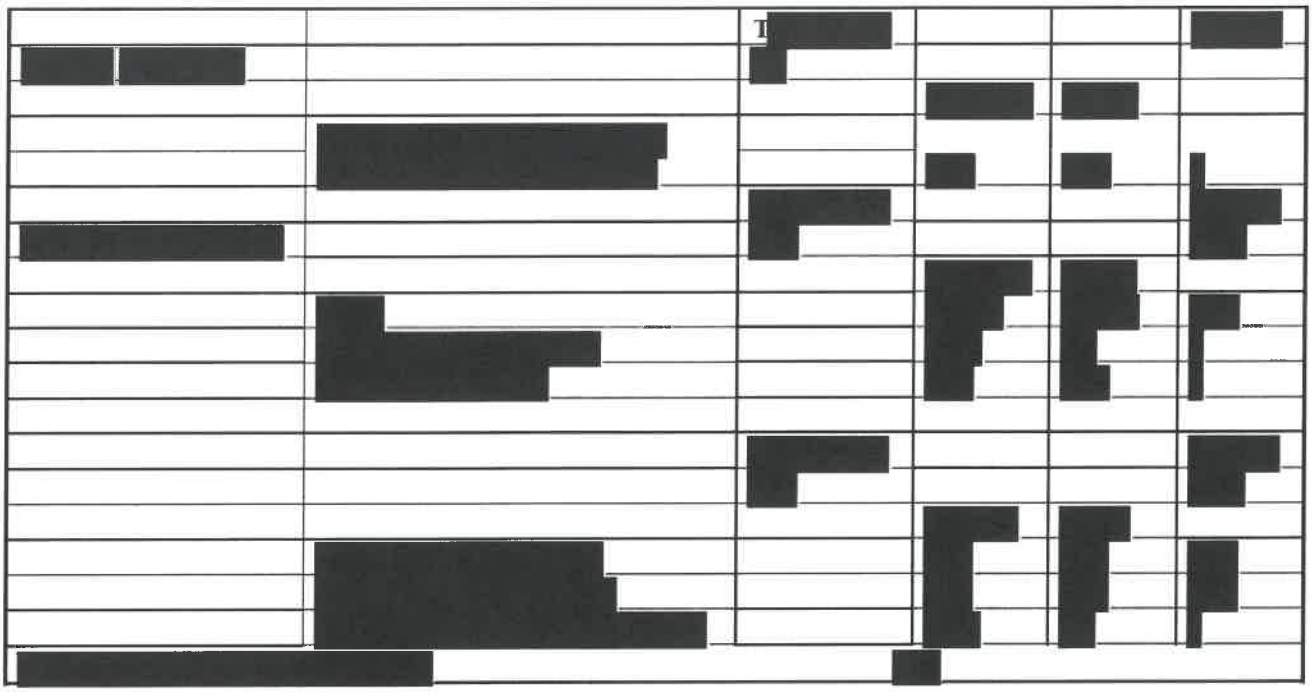
a) If a Member is added to Company Membership on or before the 15th day of a month, a full month's Service Fee will be due for that month. There will be no Administrative Fee due for Members added after the 15th day of the month.

b) A full month's Administrative Fee will be due for the month of termination of a Member if the Member terminates after the 15th day of the month. If a Member terminates on or before the 15th day of a month, no Administrative Fee will be due for the month of termination.

2) Adjustments. Where Company due to information delays, must make a retroactive addition or deletion to Delegated Entity's membership records, a retroactive adjustment shall be made concurrent therewith and such retroactive Administrative Fee adjustments shall not exceed sixty (60) days for each single Member. With the exception of any fraud investigation the limit to the period of time in which Delegated Entity or Company can make a claim of an overpayment or underpayment or contest an underpayment or overpayment under this Agreement is one hundred eighty (180) days from the date of the payment was made or one hundred eighty (180) days from the date of final adjudication.

The **Administrative Payment** amounts otherwise due to Delegated Entity shall be reduced as follows for Delegated Entity's failure to meet the Performance Guarantees set forth in Exhibit 3.

1. For failure to meet any of the satisfaction measures set forth in Exhibit 3, Section B.1 for the previous calendar year, [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous year, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.



2. For failure to meet any of the call center measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.2: [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous month, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

3. For failure to meet the pre-certification turn-around-time and Adverse Determination overturn measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.3: [redacted] of the annualized Administrative Payment Amounts (excluding the Sleep Administrative Services Fee) payable by Company during the previous quarter, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

4. For failure to meet the pre-certification turn-around-time overturn measures for the Sleep Program when averaged for the calendar year measured as set forth in Exhibit 3, Section B.4: [redacted] of the annualized Sleep Administrative Services Fee payable by Company during the previous quarter,

5. Example

Delegated Entity performance results are measured after the Program Year has been completed. Those results become published ninety (90) days at the completion of the Program Year. The results at end of the Program Year show the following:

6. **Implementation Costs** Delegated Entity shall pay Company the actual costs incurred by Company, but **no more than** [redacted], **towards Company's implementation** costs of the radiology management program ("Implementation Fee"). Delegated Entity shall pay a first installment of [redacted] of the Implementation Fee no later than 15 days after this Agreement's signature. Delegated Entity shall pay second and subsequent installments of the Implementation Fee, if needed, each year thereafter.

Exhibit 3: Performance Guarantees

This Exhibit shall be governed by and construed in accordance with the terms and conditions of the Radiology Management Services Agreement (the "Agreement") entered into by the Parties. Delegated Entity shall comply with the performance guarantees described in this Exhibit 3. If Government Sponsor

or Company requires more stringent standards, Delegated Entity shall comply. Company shall provide Delegated Entity advance notice of any performance standard changes.

A. Definitions

1. Performance Report. A report of the results of a party's measurement of Delegated Entity's performance against a standard described in Section B below (a "Performance Guarantee"). Each Performance Report shall be in a form mutually acceptable to Company and Delegated Entity.

2. Program Year. The one (1) year period following the applicable effective date and each one (1) year period beginning on an anniversary of the effective date. The results of such performance will be made available calculated no later than ninety (90) days at the close of each Program Year.

B. Standards

1. Provider Satisfaction [redacted]
Delegated Entity shall, at Delegated Entity's sole cost and expense, perform one Referring Physician satisfaction survey (the "Physician Survey") and Radiology Provider satisfaction survey (the "Provider Survey") during the third (3rd) or fourth (4th) quarter of each Program Year to measure Delegated Entity's performance against the satisfaction standards set forth below. The Physician Survey and Radiology Survey should contain data collection methodology that produces valid and reliable results. Each survey should be reviewed by Company prior to performing for the following elements:

- Who administered the survey on behalf of Delegated Entity:
- To whom the survey was administered by – physician or office staff;
- How the survey validity was established;
- How the survey was administered;
- How the results were analyzed;
- The definition of a completed survey;
- The expected and achieved response rate; and
- Frequency of re-measurement

The survey shall be performed according to the description in the table below, or as otherwise agreed by the Parties. No more than thirty (30) days following completion of the surveys, and in any event within thirty (30) days after the last date of each Program Year, Delegated Entity shall provide Company with a Performance Report for the survey completed during the previous Program year.

Measure	Description	Standard	Performance Credit
Referring Physician Satisfaction/Radiology Provider Satisfaction Percent of Referring Physicians/Radiology Providers who express satisfaction with the UM Program (based on a 5-point scale).	Population: Referring Physicians who have precertified services during the most recent three (3) months during the applicable Program Year. Radiology Providers who have either precertified or delivered services that received certification from Delegated Entity during the most recent three (3) months during the applicable Program Year. Sample: An appropriate random sample drawn from the Population. Numerator: Of the Referring Physicians/Radiology Providers who respond to the satisfaction survey, the number who rate their satisfaction with the UM Program as "good", "very good", or "excellent". Denominator: All Referring Physicians/Radiology Providers who responded to the satisfaction survey.	[redacted]	[redacted]

2. Call Center Performance Measures [redacted]
Delegated Entity shall utilize its databases and other tools to determine Delegated Entity's compliance against the call center performance standards set forth in the table below or as otherwise required by Company and communicated to Delegated Entity. Delegated Entity shall perform this analysis for each calendar month during each Program year and report the results to Company no later than the tenth (10th) day (or next business day if the tenth day falls on a weekend or legal holiday) of the following calendar month. In the absence of Delegated Entity's capabilities to differentiate between clients for purposes of determining telephone standards, calculations may aggregate like calls received from members, Radiology Providers and referring physicians. The overall results will be a cumulative average for the Program Year.

Measure	Description	Standard	Performance Credit
Average Speed of Answer	The average answer speed for telephone calls placed by Managed Members, Radiology Providers, and Referring Physicians, measured from the time the caller chooses an option that results in the caller being queued for response by a customer service representative.	[redacted]	[redacted]
Telephone Abandon Rate	The number of callers who hang up after their call is queued for response but before the customer service representative actually pulls them off the queue, divided by the total number of callers whose calls are queued.	[redacted]	[redacted]
Total Service Factor	The percent of calls answered within thirty (30) seconds after queuing.	[redacted]	[redacted]

3. UM Program Standards [redacted]

The parties shall utilize their databases and other tools to measure Delegated Entity's compliance against the UM Program standards set forth in the chart below. Delegated Entity shall be responsible for performing the precertification turn-around-time measurements and Company shall be responsible for performing the grievance/appeal overturn rate measurements. In all cases, Company shall notify Delegated Entity within ten (10) days of reversal of an Adverse Determination in accordance with State law or Company policy. Delegated Entity's compliance against the UM Program standards shall be measured for each month during each Program Year, and results reported by the fifteenth (15th) day of the following calendar (or the next business day if the fifteenth day falls on a weekend or legal holiday). The overall results will be a cumulative average for the Program Year.

Measure	Description	Standard	Performance Credit
Pre-Authorization/Pre-Certification Request Turn-Around Time for Standard Requests	The rate of turn-around time for standard requests for pre-authorization or pre-certificate of Diagnostic Imaging Services. A Request for pre-authorization or pre-certification will be counted as a request for the purposes of this guarantee when it is made via designed telephone line, fax line, internet or other means mutually agreed to by Delegated Entity and Company and is in accordance with procedures set forth in the UM Program. The percentage of requests receiving a response within two (2) business days, or other such time as required by Company, will be determined by dividing the number of requests to which Delegated Entity responded within two (2) days, or other such time as required by Company, by the total number of requests made during the same period.	[redacted]	[redacted]
PreAuthorization/Pre-Certification Request Turn-Around Time for Expedited Requests	The rate of turn-around time for requests for expedited pre-authorization or pre-certification of Diagnostic Imaging Services. A request for expedited pre-authorization or pre-certificate will be counted as a request for the purposes of this guarantee when it is made via designated telephone line, fax line, internet or other means mutually agreed to by Delegated Entity and Company and is in accordance with procedures set forth in the UM Program.. The percentage of request receiving a response within eight (8) business hours (or such shorter time as may be required by law, Company or the circumstances of the individual case) will be determined by dividing the number of requests to which Delegated Entity responded within such timeframe by the total number of requests for expedited pre-authorization or pre-certification made during the same period.	[redacted]	[redacted]

Reversal of Adverse Determination	The number of Adverse Determinations reversed during the grievance and appeals process by any Plan, whether through its internal grievance/appeal process or during or as a result of an external appeal, divided by the total number of UM decisions made by Delegated Entity. Reversal of Adverse determinations based in whole or in part on additional information not available to Delegated Entity at the time of the original Adverse Determination, or which in whole or in part are based on reasons other than the medical facts at hand and Clinical Review Criteria shall not be considered Reversals of Adverse Determinations for purposes of determining Delegated Entity's compliance with performance guarantees.	[redacted]	[redacted]

C. Authorization Performance

Standard – Delegated Entity is required to generate an "Authorization File" ("hereinafter referred to as File") of all authorizations created each business day by Delegated Entity and post that File in a mutually agreed upon format by no later than the end of the following business day to the Company FTP site. The File which Delegated Entity must post shall be a full and complete set of all records generated for the previous day's activity. In the event that Delegated Entity experiences system issues which renders it unable to post a complete File on the next business day, Delegated Entity must communicate to Company via email to the designated plan delegation oversight manager, the reason for the delay and combine the delayed authorizations with the next business day's authorization file for posting.

Upon receipt of the File, Company will send Delegated Entity a response file each day in a mutually agreed upon format indicating their acceptance of File load and including records for both accepted and rejected authorizations. Upon receipt of the response file from Company, Delegated Entity will resolve the issues with each rejected record and either resend the completed authorization to Company by including the corrected authorization to the daily batch authorization file or the daily manual file; whichever format deemed necessary by Company

Performance Guarantee – Delegated Entity will send all daily authorization files to Company within three business days of creation. In the event that Delegated Entity fails to meet this standard, it shall pay Company penalty of [redacted] within 30 business days. In any given month the maximum penalty Delegated Entity must pay for failure to meet this standard is [redacted].

All authorization records which have been rejected will be corrected and sent back to Company within three business days of receipt by Delegated Entity. In the event that Delegated Entity does not send at least 98% of rejected authorization within three business days (measured on a monthly basis), Delegated Entity shall pay Company a penalty of [redacted] within 30 business days. In any given month the maximum penalty Delegated Entity must pay for failure to meet this standard is [redacted].

D. Performance Functions and Standards.

1. Performance Functions

Delegated Entity agrees to perform various Patient Management functions identified by Company, which may be subject to change. Any such change in Patient Management functions shall not be considered an amendment to this Agreement. Initially, Patient Management functions shall include those designated below, subject to the limitations specified:

	Medical

Delegated Functions	YES	NO
a. Patient Management Notification of Emergency Services or any other Covered Services for which Delegated Entity is not delegated for Precertification		X
b. Authorization of referrals in accordance with Delegated Entity's Patient Management Plan as approved by Company, including precertification of referrals to specialists;	X	
c. Precertification of hospital admissions for non-Emergency Services and elective outpatient surgery and procedures (inclusive of, but not limited to, lab, x-ray, physical therapy, occupational therapy and speech therapy);		X
d. Precertification of items or services to be provided by a skilled nursing facility or other sub-acute facility, durable medical equipment company, home health agency, hospice, or diagnostic testing facility, in accordance with a Member's benefit plan;	X	
e. Concurrent Review and Discharge Planning;		X
f. Case Management services for catastrophic disease and injury, subject to Section 3, below;		X
g. Disease Management, subject to Section 3, below;		X
h. Service denials, if appropriate, for those same service categories for which Delegated Entity is delegated to perform Precertification;	X	
i. Retrospective Review for those same service categories for which Delegated Entity is delegated to perform Precertification;	X	
j. Precertification of self-administered injectable medications (non-office administered) – Delegated Entity must utilize the Aetna Specialty Pharmacy Network if contractual financial responsibility is with Aetna		X
k. Precertification of basic infertility benefits included in a Member's plan;		X
l. Precertification of services included in Comprehensive and Advanced Reproductive Technology Infertility services subject to a Member's eligibility;		X
m. Precertification of Bariatric services subject to a Member's eligibility;		X
n. OOA for capitated services not available within		X

Delegated Entity's network – includes Primary, Specialty and OOA referred by IPA, including medically necessary cosmetic surgery		
o. Written member notification of Specialist Terminations for Continuity and Coordination of Care		**X**

2. Non-delegated Functions

Notwithstanding the above, unless otherwise communicated in writing by Company, Delegated Entity shall not be delegated any of the following functions: (a) authorization of experimental or investigational treatments or devices; (b) Member appeals or grievance handling; (c) authorization of organ or bone marrow transplant evaluation or procedures; (d) exceptions to Company's formulary or specified drug authorizations; (e) out-of-area care (Delegated Entity shall notify Company of Members who are requesting service out-of-area and Company shall manage all out-of-area services except as in line item "n" above); and (f) Medicare and commercial (HMO) Behavioral Health Outpatient/Inpatient utilization management services.

Regulatory Compliance Addendum – Exhibit A
ARIZONA

For purposes of this Regulatory Compliance Addendum, the terms "Provider" or "Subcontractor" mean the health care provider executing this Agreement, as identified on the first page of the Agreement. The term "Company" means Southwest Catholic Health Network Corp. d/b/a Mercy Care Plan and otherwise, except as specified below. This Regulatory Compliance Addendum contains specific provisions that apply to Providers who participate in each program offered by Company. Providers must therefore comply with those provisions of this Exhibit A that apply to each program in which the Provider participates. Providers should note that within the requirements for each program there are provisions that apply only to certain types of providers, so they should take care to identify all of the specific provisions that apply to their specific provider type.

All Providers in every program must also comply with the Minimum Subcontract Requirements listed in Attachment 1 to this Exhibit A.

In the event of any inconsistent or contrary language between this Regulatory Compliance Addendum and any other part of this Agreement, including but not limited to exhibits, attachments or amendments, the Parties agree that the provisions of the Regulatory Compliance Addendum shall prevail.

ALTCS Program

1. **All Providers.** The following provisions apply to all Providers who participate in the AHCCCS/ALTCS program (except as designated):

   1.1. If licensed or certified by ADHS, Provider must submit to Company its most recent ADHS licensure review, copies of substantiated complaints, and other pertinent information that is available and considered to be public information from oversight agencies.

   1.2. If Company and Provider have a capitated arrangement/risk sharing arrangement, then the following provision is made part of the Agreement:

   > If the Provider does not bill the Company (e.g., Provider is capitated), the Provider's encounter data that is required to be submitted to the Company pursuant to contract is defined for these purposes as a "claim for payment". The Provider's provision of any service results in a "claim for payment" regardless of whether there is any intention of payment. All said claims shall be subject to review under any and all fraud and abuse statutes, rules and regulations, including but not limited to Arizona Revised Statute (A.R.S.) § 36-2918.

   1.3. A description of Provider's patient medical, dental and cost record keeping system:

   __Electronic __Paper

   If electronic, system name: _____n/a_____

   1.4. Provider acknowledges that AHCCCS is responsible for enrollment, re-enrollment, and disenrollment of the covered population.

   1.5. Provider shall not structure compensation provided to individuals or entities that conduct utilization management and concurrent review activities so as to provide incentives for the individual or entity to deny, limit, or discontinue medically necessary services to any enrollee.

   1.6. If Provider is a hospital, nursing facility, home health agency, hospice or organization responsible for providing personal care services, then Provider must comply with federal and state law advance directive requirements as outlined in 42 CFR 422.128, including:

(1) Maintaining written policies that address the rights of adult members to make decisions about medical care, including the right to accept or refuse medical care and the right to execute an advance directive. If the agency/organization has a conscientious objection to carrying out an advance directive, it must be explained in policies. (A health care provider is not prohibited from making such objection when made pursuant to A.R.S. § 36-3205.C.1.)

(2) Providing written information to adult members regarding an individual's rights under State law to make decisions regarding medical care and the health care provider's written policies concerning advance directives (including any conscientious objections).

(3) Documenting in the member's medical record whether or not the adult member has been provided the information and whether an advance directive has been executed.

(4) Not discriminating against a member because of his or her decision to execute or not execute an advance directive, and not making it a condition for the provision of care.

(5) Providing education to staff on issues concerning advance directives including notification of direct care providers of services, such as home health care and personal care, of any advanced directives executed by members to whom they are assigned to provide services.

Hospitals, nursing facilities, home health agencies, hospices and organizations responsible for providing personal care services are encouraged to provide a copy of the member's executed advanced directive, or documentation of refusal, to the member's PCP for inclusion in the member's medical record.

1.7. Provider must train its staff on the following aspects of the Federal False Claims Act provisions: (a) the administrative remedies for false claims and statements; (b) Any state laws relating to civil or criminal penalties for false claims and statements; (c) Whistleblower protections under such laws.

1.8. Provider may not use Company's logo in advertising unless prior approval is received by the AHCCCS Marketing Committee.

1.9 Provider may provide Members factual information, but is prohibited from recommending or steering a Member in the Member's selection of a contractor.

1.10 Provider's responsibility with respect to coordination of benefits and third-party liability are stated in Company's Policies. In addition, Provider agrees to identify Medicare and other third-party liability coverage and to seek such Medicare or third-party liability payment before submitting claims to the Company.

1.11 Provider shall cooperate with quality assurance programs and comply with the utilization control and review procedures specified in 42 CFR Part 456, as specified in the AMPM.

1.12 If Provider is delivering Administrative Services, a merger, reorganization or change in ownership of Provider shall require a contract amendment and prior approval of AHCCCS.

1.13 Provider shall be fully responsible for all tax obligations, Worker's Compensation Insurance, and all other applicable insurance coverage obligations which arise under this subcontract, for itself and its employees, and AHCCCS has no responsibility or liability for any such taxes or insurance coverage.

1.14 Company may suspend, deny or refuse to renew or terminate this Agreement in accordance with the terms of the State Contract and applicable law and regulation.

2. **Nursing Facility Providers.** The following provisions apply to nursing facility Providers.

2.1. Provider must refund any payment received from a resident or family member (in excess of share of cost), for the period of time from the effective date of Medicaid eligibility.

2.2. Provider shall not admit a member to a nursing facility without the member first undergoing a Preadmission Screening and Resident Review (PASRR) Level I, and, if needed, a Level II screening. Level I is the identification of members who are suspected of having mental illness or mental retardation. Level II determines whether nursing facility or specialized services are needed. Company may, at its option, recoup any withholding imposed upon Company from Provider if Provider admitted the member without the proper PASRR.

2.3. Provider must have procedures in place to ensure that temporary nursing care registry personnel, including Nurse Aides, are properly certified and licensed before caring for members, in accordance with 42 C.F.R.§ 483.75(e)3 and (g)2. Such registry personnel must also be fingerprinted.

2.4. To the extent this Agreement covers specialty services, such services will be provided under a Work Statement that sets forth the special services being purchased, including admissions criteria, discharge criteria, staffing ratios (if different from non-specialty units), staff training requirements, program description, and other non-clinical services.

3. **Individual Providers.** The following provisions apply to individual Providers.

3.1. A PCP who has an agreement with a hospital, nursing facility, home health agency, hospice or organization providing personal care services must comply with the requirements of Section 1.6.

3.2. A PCP must perform the following activities:

(1) Supervise, coordinate and provide care to each assigned member (except for well woman exams and children's dental services when provided without a PCP referral);

(2) Initiate referrals for medically necessary specialty care;

(3) Maintain continuity of care for each assigned member; and

(4) Maintain the member's medical record, including documentation of all services provided to the member by the PCP, as well as any specialty or referral services.

3.3. Specialty physicians shall not begin a course of treatment for a medical condition other than that for which the member was referred, unless approved by the member's PCP.

4. **Homeless Clinics.** The following provisions apply to Providers designated as homeless clinics.

4.1. Only members that request a homeless clinic as a PCP may be assigned to them.

4.2. Members assigned to a homeless clinic may be referred out-of-network for needed specialty services.

5. **Assisted Living Facilities.** The following provisions apply to Providers that are assisted living facilities.

5.1. To the extent this Agreement covers specialty services, such services will be provided under a Work Statement that sets forth the special services being purchased, including admissions criteria, discharge criteria, staffing ratios (if different from non-specialty units), staff training requirements, program description, and other non-clinical services.

6. **Agency with Choice Providers.** The following provisions apply to all Agency With Choice Providers:

6.1. An authorized representative of the Provider must sign a Member's Service Plan if present at the service plan meeting. Regardless of whether Provider signs the Service Plan, by acceptance of this Agreement, Provider agrees to its roles and responsibilities in implementing the Service Plan, which it will perform in accordance with the terms of the Service Plan, this Agreement and applicable law.

Acute Care Program

1. **All Providers.** The following provisions apply to all Providers who participate in the AHCCCS/Acute Care program (except as designated):

1.1. Provider acknowledges that AHCCCS is responsible for enrollment, re-enrollment, and disenrollment of the covered population.

1.2. If Provider is a hospital, nursing facility, home health agency, hospice or organization responsible for providing personal care services, then Provider must comply with federal and state law advance directives for adult members, including:

(1) Maintaining written policies that address the rights of adult members to make decisions about medical care, including the right to accept or refuse medical care and the right to execute an advance directive. If the agency/organization has a conscientious objection to carrying out an advance directive, it must be explained in policies. (A health care provider is not prohibited from making such objection when made pursuant to A.R.S. § 36-3205.C.1.)

(2) Providing written information to adult members regarding an individual's rights under State law to make decisions regarding medical care and the health care provider's written policies concerning advance directives (including any conscientious objections).

(3) Documenting in the member's medical record whether or not the adult member has been provided the information and whether an advance directive has been executed.

(4) Not discriminating against a member because of his or her decision to execute or not execute an advance directive, and not making it a condition for the provision of care.

(5) Providing education to staff on issues concerning advance directives including notification of direct care providers of services, such as home health care and personal care, of any advanced directives executed by members to whom they are assigned to provide services.

Hospitals, nursing facilities, home health agencies, hospices and organizations responsible for providing personal care services are encouraged to provide a copy of the member's executed advanced directive, or documentation of refusal, to the member's PCP for inclusion in the member's medical record.

1.3. If Company and Provider have a capitated arrangement/risk sharing arrangement, then the following provision is made part of the Agreement:

If the Provider does not bill the Company (e.g., Provider is capitated), the Provider's encounter data that is required to be submitted to the Company pursuant to contract is defined for these purposes as a "claim for payment". The Provider's provision of any service results in a "claim for payment" regardless of whether there is any intention of payment. All said claims shall be subject to review under any and all fraud and abuse statutes, rules and regulations, including but not limited to Arizona Revised Statute (A.R.S.) § 36-2918.

1.4. A description of Provider's patient medical, dental and cost record keeping system:

__Electronic __Paper

If electronic, system name: _____n/a_____

1.5. Provider shall not structure compensation provided to individuals or entities that conduct utilization management and concurrent review activities so as to provide incentives for the individual or entity to deny, limit, or discontinue medically necessary services to any enrollee.

1.6 Provider must train its staff on the following aspects of the Federal False Claims Act provisions: (a) the administrative remedies for false claims and statements; (b) Any state laws relating to civil or criminal penalties for false claims and statements; (c) Whistleblower protections under such laws.

1.7. Provider may not use Company's logo in advertising unless prior approval is received by the AHCCCS Marketing Committee.

1.8 Provider may provide Members factual information, but is prohibited from recommending or steering a Member in the Member's selection of a contractor.

1.9 Provider's responsibility with respect to coordination of benefits and third-party liability are stated in Company's Policies. In addition, Provider agrees to identify Medicare and other third-party liability coverage and to seek such Medicare or third-party liability payment before submitting claims to the Company.

1.10 Provider shall cooperate with quality assurance programs and comply with the utilization control and review procedures specified in 42 CFR Part 456, as specified in the AMPM.

1.11 If Provider is delivering Administrative Services, a merger, reorganization or change in ownership of Provider shall require a contract amendment and prior approval of AHCCCS.

1.12 Provider shall be fully responsible for all tax obligations, Worker's Compensation Insurance, and all other applicable insurance coverage obligations which arise under this subcontract, for itself and its employees, and AHCCCS has no responsibility or liability for any such taxes or insurance coverage.

1.13 Company may suspend, deny or refuse to renew or terminate this Agreement in accordance with the terms of the State Contract and applicable law and regulation.

2. **Individual Providers.** The following provisions apply to individual Providers:

2.1. If Provider is a PCP and receives a Regional Behavioral Health Authority ("RHBA")/provider information request pertaining to an ADHS behavioral health recipient member, Provider must respond to the request within ten business days of the Provider's receipt of the request. The response should include all pertinent information, including, but not limited to, current diagnoses, medications, laboratory results, last PCP visit, and recent hospitalizations. The PCP must document or initial signifying review of member behavioral health information received from a RBHA behavioral health provider who is also treating the member.

2.2. If Provider is a PCP, has initiated medication management services for a member to treat a behavioral health disorder, and it is determined by Provider or Company that the member should be transferred to a RHBA prescriber for evaluation and/or continued medication management services, Provider or Company shall coordinate the transfer of care.

2.3. Providers that have agreements with a hospital, nursing home, home health agency, hospice or organization responsible for providing personal care services are required to comply with the advance directive provision in Section 1.2.

2.4. Providers who serve EPSDT-aged members will use AHCCCS-approved standard developmental screening tools and be trained in the use of such tools.

2.5. A PCP must perform the following activities:

(1) Supervise, coordinate and provide care to each assigned member (except for well woman exams and children's dental services when provided without a PCP referral);
(2) Initiate referrals for medically necessary specialty care;
(3) Maintain continuity of care for each assigned member; and
(4) Maintain the member's medical record, including documentation of all services provided to the member by the PCP, as well as any specialty or referral services.

2.6. Provider must be registered with AHCCCS as an approved AHCCCS service provider.

3. **Homeless Clinics.** The following provisions apply to Providers designated as homeless clinics.

3.1 Only members that request a homeless clinic as a PCP may be assigned to them.

3.2 Members assigned to a homeless clinic may be referred out-of-network for needed specialty services.

DES/DDD Program

1. **All Providers.** The following provisions apply to all Providers that are contracted to provide services to individuals who are eligible for services through Department of Economic Security/Division of Developmental Disabilities ("DES/DDD") programs to provide long term and medical care to persons with developmental disabilities who are eligible for ALTCS.

1.1. This Agreement incorporates by reference all applicable terms and conditions of the agreement between Company and DES/DDD.
1.2. Provider acknowledges that DDD/DES is responsible for enrollment, re-enrollment and disenrollment of the covered population.
1.3. A Provider that is a hospital, nursing home, home health agency or hospice must comply with the advance directive requirements applicable to Providers providing services to ALTCS members.
1.4. Provider shall meet all applicable licensure, certification, and registration standards established by DES, DDD and AHCCCS and as amended from time to time. Provider shall comply with all applicable DES and DDD administrative rules, policies, procedures, service standards and guidelines, including, but not limited to: (1) hiring of ex-offenders; (2) fingerprinting of Provider staff; (3) completing of Fire Risk Profile requirements; (4) reporting of unusual incidents involving children and/or adults; (5) implementing program audit implementation plans; (6) participating as a member of the Individual Service Plan (ISP) team; (7) complying with all policies, procedures and instructions regarding ISPs; (8) submitting to the DDD's case managers copies of the ISP strategies and other required documentation; and (9) providing copies of member/client records, including evaluations and progress reports.
1.5. Provider shall comply with the Occupational Safety and Health Administration regulations regarding blood borne pathogens, 29 CFR 1910.1030.
1.6. Provider providing services to DDD under this Agreement shall do so in accordance with 42 C.F.R. § 434.6(b), applicable AHCCCS rules and applicable provisions of Federal law and regulations, except for those requirements waived for DES by the Federal government.
1.7. A description of Provider's patient medical, dental and cost record system keeping system:

__Electronic __Paper
If electronic, system name: _____n/a_____

1.8 Provider must train its staff on the following aspects of the Federal False Claims Act provisions: (a) the administrative remedies for false claims and statements; (b) Any state laws relating to civil or criminal penalties for false claims and statements; (c) Whistleblower protections under such laws.

1.9. Provider may not use Company's logo in advertising unless prior approval is received by the AHCCCS Marketing Committee.

Health Care Group of Arizona Program

1. **All Providers.** The following provisions apply to all Providers who participate in the AHCCCS/Health Care Group of Arizona ("HCG") program (except as designated), except if the Provider is a hospital and the AHCCCS agreement between the Provider and Company covers HCG members, these provisions do not apply to the hospital provider:

1.1 Company and Provider shall coordinate benefits as specified in the Group Service Agreement, Member Handbook and any policies and procedures approved or adopted by HCGA and submitted to the Company in writing.
1.2 Provider acknowledges that HCG is responsible for enrollment, re-enrollment, and disenrollment of HCG members.
1.3 By entering into the Agreement, Provider certifies that it does not have any scrutinized business operations in the following countries: Iran, Sudan, and countries that are in violation of the Export Administration Act (terrorist countries).
1.4 Provider must train its staff on the following aspects of the Federal False Claims Act provisions: (a) the administrative remedies for false claims and statements; (b) Any state laws relating to civil or criminal penalties for false claims and statements; (c) Whistleblower protections under such laws.

1.5. Provider may not use Company's logo in advertising unless prior approval is received by the AHCCCS Marketing Committee.

CRS Program

1. **All Providers.** The following provisions apply to all Providers who participate in the Children's Rehabilitative Services ("CRS") program (except as designated), or who are providing CRS services to Members of other Plans:

1.1. This Agreement incorporates by reference all applicable terms and conditions of the agreement between Company and AHCCCS for the CRS program and/or services.
1.2. The terms of this Agreement that apply to Providers participating in the ALTCS or Acute Care Program are applicable to Providers for CRS.
1.3. Provider shall cooperate with Company's care coordination efforts, including the development and carrying out of service plans, the monitoring of Members, and cooperation with Company's care coordinators.
1.4 Provider shall facilitate the exchange of Member health information and medical records in order to support coordinated care. In particular, Provider shall cooperate in the development of an integrated medical record for Members through timely transmission of relevant data and utilization of available electronic health record exchange technology. Providers shall provide Members' PCP updated medical records and information, and shall, within 30 days of first delivering service for a Member, notify Company and the Member's referring provider of such service in writing.
1.5 Provider shall adhere to the appointment standards stated in Company's Policies and Provider Manual.
1.6 Unless a provision of this Agreement requires a longer period, Provider shall retain all Member records until 3 years after the Member has exceeded the age of 18 years or for at least six (6) years after the last date the child received medical or health care services from the Provider, whichever date occurs later.

Medicare Advantage & Medicare Part D Program

1. **All Providers.** The following provisions apply to all Providers who participate in any Medicare Advantage, Medicare Special Needs Plan, Medicare Part D plan or Medicare - Medicaid eligible demonstration plan (a "Medicare plan"):

   1.1 Provider acknowledges that the provisions in 42 C.F.R. § 422.208 relating to physician incentive plans apply to any subcontracting arrangement with a Medicare plan that utilizes physician incentive plan in their payment arrangements with individual physicians or physician groups.

   1.2 Provider is prohibited from imposing any liability upon an enrollee for payment of any fees that are the legal obligation of Company. Provider acknowledges and agrees that Members who are also enrolled in a State Medicaid plan ("Dual Eligible Members") are not responsible for paying to Provider any Copayments, Coinsurance or Deductibles for Medicare Part A and Part B services ("Cost Sharing Amounts") when the State Medicaid plan is responsible for paying such Cost Sharing Amounts. Provider further agrees that they will not collect Cost Sharing Amounts from Dual Eligible Members when the State is responsible for paying such Cost Sharing Amounts, and will, instead, either accept the Company's payment for Covered Services as payment in full for Covered Services and applicable Cost Sharing Amounts, or, bill the applicable State source for the appropriate Cost Sharing Amounts owed by the State Medicaid plan. Dual Eligible Members in Capitated Financial Alignment Demonstration Plans are not responsible for Cost Sharing Amounts for Medicare Parts A and B services.

   1.3 Provider agrees that HHS, the Comptroller General, or their designees have the right to audit, evaluate, and inspect any of Provider's books, contracts, computer or other electronic systems, including medical records and documentation related to Company's contract with the Centers for Medicare and Medicaid Services. Provider further agrees that the Comptroller General's, or their designee's right to inspect, evaluate, and audit any pertinent information for any particular contract period will exist through 10 years from the final date of the contract period or from the date of completion of any audit, whichever is later.

   1.4 Any services or other activity performed by Provider pursuant to the Agreement are consistent and comply with the Company's contractual obligations in its agreement with CMS.

   1.5 Upon request by CMS or its designees, Provider shall provide any books, contracts, records, including medical records, and documentation of Company either to Company to provide to CMS or to CMS directly.

   1.6 If CMS or Company determines Provider has not performed satisfactorily, Company may terminate the Agreement and make any reports required by law.

   1.7 Provider's performance under the Agreement is monitored by Company on an ongoing basis. Provider acknowledges that Company is accountable to CMS for any functions and responsibilities described in the regulations governing Medicare Advantage plans. (Medicare Managed Care Manual, § 100.4).

   1.8 Provider acknowledges that Provider's credentials, or the credentials of Provider's affiliated medical professionals, if any, will be either: (i) reviewed by the Company; or (ii) the credentialing process will be reviewed and approved by the Company, which must audit the credentialing process on an ongoing basis. If the selection of providers or subcontractors is delegated to Provider, Company nevertheless reserves the right to approve, suspend, or terminate any such arrangement.

   1.9 Provider must comply with all applicable Medicare laws, regulations, and CMS instructions.

   1.10 To the extent Provider submits data to support payment to Company by CMS (including enrollment information, encounter or claims data, or other information CMS may specify), Provider must certify

(based on best knowledge, information and belief) the accuracy, completeness and truthfulness of the data, and acknowledge that claims data will be used for purposes of obtaining federal reimbursement.

1.11 If applicable, Company will regularly update its prescription drug pricing standard consistent with the time frames set forth in 42 C.F.R. § 423.505(b)(21).

1.12 Provider agrees to safeguard beneficiary privacy and confidentiality and assure accuracy of beneficiary health records. (Medicare Managed Care Manual, § 100.4). Provider will comply with the confidentiality and enrollee record accuracy requirements, including: (1) abiding by all Federal and State laws regarding confidentiality and disclosure of medical records, or other health and enrollment information, (2) ensuring that medical information is released only in accordance with applicable Federal or State law, or pursuant to court orders or subpoenas, (3) maintaining the records and information in an accurate and timely manner, and (4) ensuring timely access by enrollees to the records and information that pertain to them.

1.13 Provider shall deliver Covered Services in a culturally competent manner to Members, including those with limited English proficiency or reading skills, and diverse cultural and ethnic backgrounds, and comply with Company's Policies on cultural competency.

1.14 In the event this Agreement does not otherwise contain a prompt payment provision, Company agrees to pay Provider within 45 days of Provider's submission of a clean claim for services provided to members. A "clean claim" shall mean a claim for Provider services that has no defect or impropriety requiring special treatment that prevents timely payment by Company.

1.15 In addition to any other method specified in the Agreement, this Agreement may be modified and amended by the mutual written consent of both Parties.

1.16 Provider acknowledges that Mercy Care may only delegate activities or functions to Provider in a manner consistent with Medicare laws, rules and regulations. Provider acknowledges and agrees that if any of Mercy Care's activities or responsibilities under Mercy Care's contract with CMS and Government Sponsor to offer Plans is delegated by Mercy Care to Provider, such activity or responsibility may be revoked if CMS or Mercy Care determines that Provider has not performed satisfactorily. To the extent Mercy Care has delegated activities or functions to Provider pursuant to a separate delegation agreement, such agreement shall specify the duties and reporting obligations of Provider, and the terms of this Addendum shall be incorporated therein, if not already expressly stated therein. Provider's performance of such delegated activities shall be monitored by Mercy Care on an ongoing basis.

If Mercy Care consents, Provider may sub-delegate a portion of its responsibilities under the Agreement to a third party approved by Mercy Care ("Sub-Delegate"); provided, however, Provider agrees that it is responsible for ensuring that any Sub-Delegate adheres to the requirements of this Addendum and the Agreement; provided, further, Provider and any Sub-Delegated entity shall enter into an agreement setting forth the respective responsibilities of the parties, which shall comply with applicable accreditation standards. Such sub-delegation shall not relieve Provider of its obligations under this Addendum or the Agreement. Provider acknowledges and agrees that all provisions of this Agreement shall apply equally to any Sub-Delegate that provides any services under this Agreement, and Provider represents and warrants that it shall take all steps necessary to cause such Sub-Delegates to comply with this Agreement and all applicable laws, rules and regulations. Provider further acknowledges and agrees that any contract that Provider enters into with a Sub-Delegate relating to any services that Provider is responsible to perform under this Agreement for Medicare Members ("Delegated Subcontract"): (i) must contain provisions that require the Sub-Delegate to comply with any and all obligations and duties imposed on Provider in this Agreement (ii) must contain all provisions required under Medicare laws, rules and regulations, and (iii) is subject to all of Mercy Care's obligations under Medicare laws, rules and regulations related to such Delegated Subcontract.

1.17 The credentials of medical professionals affiliated with Provider will be reviewed by Mercy Care in accordance with Mercy Care's polices as stated in the Agreement. If such credentialing process has been delegated to Provider as a part of this Agreement or in a separate Agreement, the credentialing process

will be reviewed and approved by Mercy Care and Mercy Care shall audit the credentialing process on an ongoing basis. If Mercy Care has delegated a selection of providers, contractors, or subcontractors, Mercy Care shall retain the right to approve, suspend or terminate any arrangement with a provider, contractor or subcontractor.

1.18 Provider shall continue to provide services under the Agreement to Members in the event of (i) Mercy Care's insolvency, (ii) Mercy Care's discontinuation of operations or (iii) termination of the CMS Contract, throughout the period for which CMS payments have been made to Mercy Care, and for Members who are hospitalized, until such time as the Member is appropriately discharged.

2. **Physician Groups.** The following provisions apply to Physician Groups
   2.1 The participation procedures set forth in 42 C.F.R. § 422.202(a) applies to Provider's physicians.

3. **Long Term Care Pharmacies.** The following provisions apply to Long Term Care Pharmacies.
   3.1 If Provider is a pharmacy located in, or having a contract with, a long term care facility (as defined in 42 C.F.R. § 423.100), Provider must have not less than 30 days, nor more than 90 days, to submit to Company claims for reimbursement under the Part D plan.

Regional Behavioral Health Authority Program

1. **All Providers.** The following provisions apply to all Providers who participate in the program offered pursuant to contract with ADHS for the Regional Behavioral Health Authority ("RBHA"):

   1.1. The terms and conditions of the State Contract are incorporated herein by reference. Provider shall comply with such terms as applicable, including the terms of documents incorporated therein by reference.

   1.2. Provider warrants that it is in compliance with all federal immigration laws and regulations and a breach of this warranty shall be deemed a material breach of this Agreement, subject to financial sanctions or termination of the Agreement.

   1.3. Provider's responsibility with respect to coordination of benefits and third-party liability are stated in Company's Policies. In addition, Provider agrees to identify Medicare and other third-party liability coverage and to seek such Medicare or third-party liability payment before submitting claims to the Company.

   1.4. Provider shall maintain an appropriate service delivery cost record keeping system. Provider will give Company a description of Provider's system upon request.

   1.5. Provider shall comply with ADHS/DBHS and Company's quality management and medical management programs in conformance with 42 CFR Part 456, and the AHCCCS Medical and Policy Manual.

   1.6. A merger, reorganization or change in ownership or control of Provider, if Provider is related to or affiliated with Company, shall require an amendment to this Agreement and prior approval of ADHS/DBHS.

   1.7. In addition to any insurance requirements of this Agreement, Provider shall obtain and maintain all insurance requirements in conformance with the State Contract, Special Terms and Conditions, Section T, Insurance Requirements and to submit a copy of all certificates of insurance to the Company upon request. Provider must provide Certificates of Insurance (ACORD) upon subcontract execution.

   1.8. Provider shall be fully responsible for all tax obligations, Worker's Compensation Insurance, and all other applicable insurance coverage obligations which arise under this subcontract, for itself and its employees, and AHCCCS has no responsibility or liability for any such taxes or insurance coverage.

1.9. Provider shall comply with the encounter reporting and claims submission requirements in accordance with Section 17.11 and the ADHS/DBHS Provider Manual, 6.2,Submitting Claims and Encounters to the RBHA.

1.10. Provider shall appeal a claim denial in accordance with this Agreement, Company's Policies, Section 13.5 and the ADHS/DBHS Provider Manual, 5.6, Provider Claims Disputes, assist members in understanding their right to file grievances and appeals in conformance with the ADHS/DBHS Provider Manual, 5.1, Notice Requirements and Appeal Process for Title XIX and Title XXI Eligible Persons, and to implement ADHS/DBHS, AHCCCS, or Company decisions issued to resolve a complaint, SMI grievance, member appeal, or claim dispute.

1.11. Provider shall comply with audits, inspections and reviews in conformance with the ADHS/DBHS Provider Manual, 8.1, Encounter Validation Studies, 8.5, Medical Care Evaluation Studies and any audits, inspections and reviews requested by Company, ADHS/DBHS, or AHCCCS.

1.12. Provider shall cooperate with ADHS contractors or state employees in scheduling and coordinating services.

1.13. Provider may not pay incentives in the form of compensation to individuals or entities that conduct Provider's utilization management activities to deny, limit, or discontinue medically necessary services. Provider shall comply with all federal and state regulations regarding physician incentive contracts.

1.14. Provider must conduct an assessment of cultural and linguistic needs, and deliver culturally appropriate services in conformance with ADHS/DBHS' Cultural Competency Plan and Company's Cultural Competency Plan. Interpretation services are available to assist members who speak a language other than English or who use sign language.

1.15. "Medically Necessary Services" are defined in accordance with the ADHS/DBHS' definition.

1.16. Provider acknowledges that AHCCCS is responsible for enrollment, re-enrollment, and disenrollment of the covered population.

1.17. Company may suspend, deny, refuse to renew or terminate this Agreement or any subcontract in accordance with the terms of this Contract and applicable law and regulation. Company may monitor Provider's performance relative to industry standards and state law regulations on an ongoing basis according to a periodic schedule approved by ADHS/DBHS, and require Provider subcontractor to initiate a corrective action plan as necessary. Company may revoke delegation or impose sanctions for inadequate performance of delegated services.

1.18. Provider may provide Members with factual information, but is prohibited from recommending or influencing a Member's selection of Company or another plan. Provider is permitted to provide services to ADHS/DBHS, AHCCCS or any other ADHS/DBHS or AHCCCS contractor.

1.19. Nothing in this Agreement may be construed as a barrier to Provider's communications with patients regarding their health status, medical care or treatment options, including any alternative treatment that may be self-administered; any information the member needs in order to decide among all relevant treatment options including the risks, benefits, and consequences of treatment or non-treatment; and the member's right to participate in health care decisions including the right to refuse treatment, and to express preferences about future treatment decisions. Discussions related to such matters shall be documented. If Provider is a hospital, nursing facility, home health agency, hospice or organization

responsible for providing personal care services, then Provider must comply with federal and state law advance directive requirements as outlined in 42 CFR 422.128. To the extent possible, peers or family members must be included in the interview process for direct service staff positions and for child members.

1.20. If Company and Provider have a capitated arrangement/risk sharing arrangement, then the following provision is made part of the Agreement:

> If the Provider does not bill the Company (e.g., Provider is capitated), the Provider's encounter data that is required to be submitted to the Company pursuant to contract is defined for these purposes as a "claim for payment". The Provider's provision of any service results in a "claim for payment" regardless of whether there is any intention of payment. All said claims shall be subject to review under any and all fraud and abuse statutes, rules and regulations, including but not limited to Arizona Revised Statute (A.R.S.) § 36-2918.

1.21. Provider must obtain authorization for services which require prior authorization.

1.22. Provider may not arbitrarily or prematurely deny, suspend or terminate services to a Member. Provider will deliver timely and accessible services to Medicaid eligible members in the amount, duration and scope as those services are available to Non-Medicaid eligible persons within the same service area. Provider may not limit or deny Members' access to an available facility; Provider Members any medically necessary, covered service which is different, or is provided in a different manner or at a different time from other patients, other public or private recipients of care or the public at large, except where medically necessary; or segregate or separate treatment to a member; restrict a member in his or her enjoyment of any advantage or privilege offered to others receiving any covered service. The assignment of times or places for the provision of services on the basis of the race, color, creed, religion, age, sex, national origin, ancestry, marital status, sexual preference, income status, AHCCCS membership, or physical or intellectual disability of the members to be served is also prohibited.

1.23. Provider must cooperate with Company's required efforts to collect and submit information to ADHS/DBHS in conformance with the specifications in the Provider Affiliation Transmission User Manual.

1.24. Provider shall have a license, registration, certification or accreditation in conformance with the ADHS/DBHS Covered Behavioral Health Services Guide, or other state or federal law and regulations; Register with AHCCCS as applicable or in conformance with the ADHS/DBHS Covered Behavioral Health Services Guide; sign this Agreement; and Obtain a unique National Provider Identifier (NPI).

1.25. Provider shall comply with the appointment standards contained in Company's Policies, the ADHS/DBHS Provider Manual, 3.2, Appointment Standards and Timeliness of Services, and the State Contract., as applicable.

1.26. All services under this Agreement must be performed within the defined territories of the United States, including work related to indirect or overhead services, redundant/back-up services or services that are incidental to the performance of this Agreement.

1.27. Provider and Provider's employees shall participate in and cooperate with Company's state-required training and orientation programs.

1.28. Provider shall maintain Member medical records in an accurate legible fashion, in compliance with Company's standards and the ADHS/DBHS Provider Manual, 4.2, Behavioral Health Medical Record

Standards. Such records must contain consent and authorization for medical records as prescribed in A.R.S. § 12-2297 and in conformance with Section 4.2. Provider is the owner of Members' medical records, however, Company retains the discretion to review such records, including in circumstances related to the administration of service delivery and investigations for fraud. ADHS/DBHS is permitted access to all members' medical records within the time specified by ADHS/DBHS. Members must be allowed at least one free copy of their medical record each year.

1.29. Neither Provider nor Company may withhold information from ADHS/DBHS as proprietary. Information designated as confidential may be disclosed by ADHS/DBHS as required by law.

2. **Level I, II, or III facilities.** Such facilities must:

2.1. Accept all referrals from Company;

2.2. Comply with Company's quality management and medical management programs;

2.3. If serving juveniles, comply with the relevant provisions of ARS § 36-1201.

3. **Homeless Clinics.** Only those SMI members that request a homeless clinic as their PCP receive such assignment. SMI members assigned to a homeless clinic may be referred to out-of-network providers for needed specialty services.

4. **Primary Care Providers.** Primary Care Providers are responsible, at a minimum for the following activities:

4.1. Supervision, coordination and provision of care to each assigned member; except for dental services provided to EPSDT members without a PCP referral;

4.2. Initiation of referrals for medically necessary specialty care;

4.3. Maintaining continuity of care for each assigned member;

4.4. Maintaining the member's medical record, including documentation of all services provided to the member by the PCP, as well as any specialty or referral services;

4.5. Utilizing the AHCCCS approved EPSDT Tracking Forms;

4.6. Providing clinical information regarding member's health and medications to the treating provider, including behavioral health providers or new PCP's, within ten (10) business days of a request from the provider; and

4.7. Enrolling as a Vaccines for Children (VFC) provider for member's age eighteen (18) only.

5. **Labor and Delivery.** All physicians and certified nurse midwives who perform deliveries must have OB hospital privileges or a documented hospital coverage agreement when performing deliveries in alternate settings. Certified midwives may perform deliveries only in the Member's home. Physicians, certified nurse practitioners and certified nurse midwives within the scope of their practice may provide labor and delivery services in the Member's home.

6. **Prevention Service Delivery Subcontracts.** Prevention subcontracts must be specific to prevention and separate from subcontracts for other covered services. If this is a subcontract for prevention, Provider must:

6.1. Comply with the ADHS/DBHS Prevention Framework for Behavioral Health;

6.2. Specify to Company the work to be performed; type, duration and scope of the prevention strategy to be delivered; and approximate number of participants to be served;

6.3. Describe to Company the evaluation methods to monitor performance and the specific reporting requirements; and

6.4. Comply with relevant SAPT Block Grant requirements.

7. **Management Services Contractors.** All such contractors must prepare a Business Continuity and Recovery Plan satisfactory to Company.

8. The plan under the ADHS RBHA contract is offered by Mercy Maricopa Integrated Care ("Mercy Maricopa"), a health plan sponsored by Southwest Catholic Health Network Corp. and Maricopa Integrated Health System. Provider shall participate in that plan in accordance with the terms of this Agreement, the Provider Manual and polices for RBHA, and Mercy Maricopa may itself seek redress for breaches thereof. Unless formally delegated by Mercy Maricopa to Company, the obligations of this Agreement as respecting Mercy Maricopa-offered lines of business are Mercy Maricopa's alone.

9. Providers participating in Mercy Maricopa's product under the ADHS RBHA contract agree to also participate in Mercy Maricopa's Medicare (Medicare Advantage, SNP or Medicare-Medicaid dual eligible demonstration) plan for those RBHA-product Members who are dually eligible for Medicare and Medicaid. To the extent applicable, the CMS-required terms and conditions stated in this Addendum for Mercy Care Advantage shall also apply to such plan.

Family Planning Benefits

Notwithstanding any other provision of this Agreement, and exclusively with respect to Family Planning services rendered by Provider pursuant to this Agreement, any reference in this Agreement or Company's policies and procedures to "Mercy Care" (or to Southwest Catholic Health Network Corporation dba Mercy Care Plan, Mercy HealthCare Group, and Mercy Care Advantage, or otherwise) shall be replaced with "Plan Administrator" for purposes of: (i) performing obligations or enforcing rights directly connected to the administration of Family Planning services; (ii) exchanging any payment, correspondence, information (including without limitation Encounter Data and claims data) or reports between Company and Provider.
"Plan Administrator" shall mean Schaller Anderson, LLC, or such other entity designated by Company and identified to Provider in writing. Notices and other correspondence submitted to Plan Administrator under this Agreement shall be sent to the following address:

Aetna Medicaid Administrators, LLC
Attention: Legal Department
4645 E. Cotton Center Blvd.
Building 1
Phoenix, Arizona 85040

With copy to

Mercy Care Plan
Attention: Network Development and Contracting
4350 E. Cotton Center Blvd.
Building D
Phoenix, AZ 85040

For purposes of this Agreement, Family Planning services shall mean those services in accordance with the AHCCCS Medical Policy Manual for all members (male and female) who choose to delay or prevent pregnancy. These include medical, surgical, pharmacological and laboratory services, as well as contraceptive devices. Information and counseling, which allow members to make informed decisions regarding family planning methods, shall also be included.

Exhibit A - Attachment 1
Minimum Subcontract Provisions

The provisions in this Section are required by the State Contract and apply to all provider types, unless otherwise indicated. Pursuant to the State Contract, "subcontract" in this Section refers to the Agreement and "Contractor" refers to the Company.

1. ASSIGNMENT AND DELEGATION OF RIGHTS AND RESPONSIBILITIES

No payment due the Subcontractor under this subcontract may be assigned without the prior approval of the Contractor. No assignment or delegation of the duties of this subcontract shall be valid unless prior written approval is received from the Contractor.

2. AWARDS OF OTHER SUBCONTRACTS

AHCCCS and/or the Contractor may undertake or award other contracts for additional or related work to the work performed by the Subcontractor and the Subcontractor shall fully cooperate with such other contractors, subcontractors or state employees. The Subcontractor shall not commit or permit any act which will interfere with the performance of work by any other contractor, subcontractor or state employee.

3. CERTIFICATION OF COMPLIANCE — ANTI-KICKBACK AND LABORATORY TESTING

By signing this subcontract, the Subcontractor certifies that it has not engaged in any violation of the Medicare Anti-Kickback statute (42 USC §§1320a-7b) or the "Stark I and "Stark II" laws governing related-entity referrals (PL 101-239 and PL 101-432) and compensation there from. If the Subcontractor provides laboratory testing, it certifies that it has complied with 42 CFR §411.361 and has sent to AHCCCS simultaneous copies of the information required by that rule to be sent to the Centers for Medicare and Medicaid Services. (42 USC §§1320a-7b; PL 101-239 and PL 101-432; 42 CFR §411.361)

4. CERTIFICATION OF TRUTHFULNESS OF REPRESENTATION

By signing this subcontract, the Subcontractor certifies that all representations set forth herein are true to the best of its knowledge.

5. CLINICAL LABORATORY IMPROVEMENT AMENDMENTS OF 1988

The Clinical Laboratory Improvement Amendment (CLIA) of 1988 requires laboratories and other facilities that test human specimens to obtain either a CLIA Waiver or CLIA Certificate in order to obtain reimbursement from the Medicare and Medicaid (AHCCCS) programs. In addition, they must meet all the requirements of 42 CFR 493, Subpart A.

To comply with these requirements, AHCCCS requires all clinical laboratories to provide verification of CLIA Licensure or Certificate of Waiver during the provider registration process. Failure to do so shall result in either a termination of an active provider ID number or denial of initial registration. These requirements apply to all clinical laboratories.

Pass-through billing or other similar activities with the intent of avoiding the above requirements are prohibited. The Contractor may not reimburse providers who do not comply with the above requirements. (CLIA of 1988; 42 CFR 493, Subpart A)

6. COMPLIANCE WITH AHCCCS RULES RELATING TO AUDIT AND INSPECTION

The Subcontractor shall comply with all applicable AHCCCS Rules and Audit Guide relating to the audit of the Subcontractor's records and the inspection of the Subcontractor's facilities. If the Subcontractor is an

inpatient facility, the Subcontractor shall file uniform reports and Title XVIII and Title XIX cost reports with AHCCCS. (A.R.S. §41-2548; 45 CFR 74.48 (d))

7. COMPLIANCE WITH LAWS AND OTHER REQUIREMENTS

The Subcontractor shall comply with all federal, State and local laws, rules, regulations, standards and executive orders governing performance of duties under this subcontract, without limitation to those designated within this subcontract. [42 CFR 434.70] [42 CFR 438.6(l)]

8. CONFIDENTIALITY REQUIREMENT

The Subcontractor shall safeguard confidential information in accordance with Federal and State laws, regulations, policies and AHCCCS directives including but not limited to, 42 CFR Part 431, Subpart F, ARS §36-107, §36-2903 (for Acute), §36-2932 (for ALTCS), §41-1959 and §46-135, the Health Insurance Portability and Accountability Act (Public Law 107-191 Statutes 1936), 45 CFR Parts 160 and 164, and AHCCCS Rules.

9. CONFLICT IN INTERPRETATION OF PROVISIONS

In the event of any conflict in interpretation between provisions of this subcontract and the AHCCCS Minimum Subcontract Provisions, the latter shall take precedence.

10. CONTRACT CLAIMS AND DISPUTES

Contract claims and disputes arising under A.R.S. Title 36, Chapter 29 shall be adjudicated in accordance with AHCCCS Rules, A.R.S. §36-2901 et seq. (for Acute) and A.R.S. §36-2931 et seq. (for ALTCS).

11. ENCOUNTER DATA REQUIREMENT

If the Subcontractor does not bill the Contractor (e.g., Subcontractor is capitated), the Subcontractor shall submit encounter data to the Contractor in a form acceptable to AHCCCS.

12. EVALUATION OF QUALITY, APPROPRIATENESS, OR TIMELINESS OF SERVICES

AHCCCS or the U.S. Department of Health and Human Services may evaluate, through inspection or other means, the quality, appropriateness or timeliness of services performed under this subcontract.

13. E-VERIFY REQUIREMENTS

In accordance with A.R.S. §41-4401, the Contractor and Subcontractor warrants compliance with all Federal immigration laws and regulations relating to employees and warrants its compliance with Section A.R.S. §23- 214, Subsection A.

14. FEDERAL IMMIGRATION AND NATIONALITY ACT

The Subcontractor shall comply with all Federal, State and local immigration laws and regulations relating to the immigration status of their employees during the term of the contract. Further, the Subcontractor shall flow down this requirement to all Subcontractors utilized during the term of the contract. The State shall retain the right to perform random audits of Contractor and Subcontractor records or to inspect papers of any employee thereof to ensure compliance. Should the State determine that the Contractor and/or any Subcontractors be found noncompliant, the State may pursue all remedies allowed by law, including, but not limited to; suspension of work, termination of the contract for default and suspension and/or debarment of the Contractor.

15. FRAUD AND ABUSE

If the Subcontractor discovers, or is made aware, that an incident of suspected fraud or abuse has occurred, the Subcontractor shall report the incident to the prime Contractor as well as to AHCCCS, Office of the Inspector General (OIG). All incidents of potential fraud should be reported to the OIG.

16. GENERAL INDEMNIFICATION

The parties to this contract agree that AHCCCS shall be indemnified and held harmless by the Contractor and Subcontractor for the vicarious liability of AHCCCS as a result of entering into this contract. However, the parties further agree that AHCCCS shall be responsible for its own negligence. Each party to this contract is responsible for its own negligence.

17. INSURANCE

The Contractor and Subcontractor are required to maintain insurance, at a minimum, as specified in Attachment E-1, Standard Professional Service Contracts and E-2, Standard Professional Service Contracts – Under $50,000. For policies for insurance for professional service contracts working with children or vulnerable adults the policy shall be endorsed to include coverage for sexual abuse and molestation.

18. LIMITATIONS ON BILLING AND COLLECTION PRACTICES

Except as provided in federal and state law and regulations, the Subcontractor shall not bill, or attempt to collect payment from a person who was AHCCCS eligible at the time the covered service(s) were rendered, or from the financially responsible relative or representative for covered services that were paid or could have been paid by the System.

19. MAINTENANCE OF REQUIREMENTS TO DO BUSINESS AND PROVIDE SERVICES

The Subcontractor shall be registered with AHCCCS and shall obtain and maintain all licenses, permits and authority necessary to do business and render service under this subcontract and, where applicable, shall comply with all laws regarding safety, unemployment insurance, disability insurance and worker's compensation.

20. NON-DISCRIMINATION REQUIREMENTS

The Subcontractor shall comply with State Executive Order No. 99-4, which mandates that all persons, regardless of race, color, religion, gender, national origin or political affiliation, shall have equal access to employment opportunities, and all other applicable Federal and state laws, rules and regulations, including the Americans with Disabilities Act and Title VI. The Subcontractor shall take positive action to ensure that applicants for employment, employees, and persons to whom it provides service are not discriminated against due to race, creed, color, religion, sex, national origin or disability. (Federal regulations, State Executive order # 99-4)

21. OFF-SHORE PERFORMANCE OF WORK PROHIBITED

Any services that are described in the specifications or scope of work that directly serve the State of Arizona or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories within the borders of the United States. Unless specifically stated otherwise in specifications, this definition does not apply to indirect or "overhead" services, redundant back-up services or services that are incidental to the performance of the contract. This provision applies to work performed by Subcontractors at all tiers.

22. PRIOR AUTHORIZATION AND UTILIZATION MANAGEMENT

The Contractor and Subcontractor shall develop, maintain and use a system for Prior Authorization and Utilization Review that is consistent with AHCCCS Rules and the Contractor's policies.

23. RECORDS RETENTION

The Subcontractor shall maintain records relating to covered services and expenditures including reports to AHCCCS and documentation used in the preparation of reports to AHCCCS. The Subcontractor shall comply with all specifications for record keeping established by AHCCCS. All books and records shall be maintained to the extent and in such detail as required by AHCCCS Rules and policies. Records shall include but not be limited to financial statements, records relating to the quality of care, medical records, prescription files and other records specified by AHCCCS.

The Subcontractor agrees to make available at all reasonable times during the term of this contract any of its records for inspection, audit or reproduction by any authorized representative of AHCCCS, State or Federal government.

The Subcontractor shall preserve and make available, at no cost, all records for a period of five years from the date of final payment under this contract unless a longer period of time is required by law.

If this contract is completely or partially terminated, the records relating to the work terminated shall be preserved and made available, at no cost, for a period of five years from the date of any such termination. Records which relate to grievances, disputes, litigation or the settlement of claims arising out of the performance of this contract, or costs and expenses of this contract to which exception has been taken by AHCCCS, shall be retained by the Subcontractor for a period of five years after the date of final disposition or resolution thereof unless a longer period of time is required by law. [45 CFR 74.53; 42 CFR 431.17; A.R.S. §41-2548]

24. SCRUTINIZED BUSINESS

In accordance with A.R.S. §35-391 and A.R.S. §35-393, Contractor and Subcontractor certifies that the Contractor does not have scrutinized business operations in Sudan or Iran.

25. SEVERABILITY

If any provision of these subcontract terms and conditions is held invalid or unenforceable, the remaining provisions shall continue valid and enforceable to the full extent permitted by law.

26. SUBJECTION OF SUBCONTRACT

The terms of this subcontract shall be subject to the applicable material terms and conditions of the contract existing between the Contractor and AHCCCS for the provision of covered services.

27. TERMINATION OF SUBCONTRACT

AHCCCS may, by written notice to the Subcontractor, terminate this subcontract if it is found, after notice and hearing by the State, that gratuities in the form of entertainment, gifts, or otherwise were offered or given by the Subcontractor, or any agent or representative of the Subcontractor, to any officer or employee of the State with a view towards securing a contract or securing favorable treatment with respect to the awarding, amending or the making of any determinations with respect to the performance of the Subcontractor; provided, that the existence of the facts upon which the state makes such findings shall be in issue and may be reviewed in any competent court. If the subcontract is terminated under this section, unless the Contractor is a governmental agency, instrumentality or subdivision thereof, AHCCCS shall be entitled to a penalty, in addition to any other damages to which it may be entitled by law, and to exemplary damages in the amount of three times the cost incurred by the Subcontractor in providing any such gratuities to any such officer or employee. [AAC R2-5-501; ARS 412616 C.; 42 CFR 434.6, a. (6)]

28. VOIDABILITY OF SUBCONTRACT

This subcontract is voidable and subject to immediate termination by AHCCCS upon the Subcontractor becoming insolvent or filing proceedings in bankruptcy or reorganization under the United States Code, or upon assignment or delegation of the subcontract without AHCCCS' prior written approval.

29. WARRANTY OF SERVICES

The Subcontractor, by execution of this subcontract, warrants that it has the ability, authority, skill, expertise and capacity to perform the services specified in this contract.

ATTACHMENT E-1 to Exhibit A Attachment 1

STANDARD PROFESSIONAL SERVICE CONTRACT

INDEMNIFICATION CLAUSE:

Contractor and Subcontractors shall indemnify, defend, save and hold harmless the State of Arizona, its departments, agencies, boards, commissions, universities and its officers, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of its owners, officers, directors, agents, employees or Subcontractors. This indemnity includes any claim or amount arising out of or recovered under the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any Federal, State or local law, statute, ordinance, rule, regulation or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all claims. It is agreed that Contractor will be responsible for primary loss investigation, defense and judgment costs where this indemnification is applicable. In consideration of the award of this contract, the Contractor agrees to waive all rights of subrogation against the State of Arizona, its officers, officials, agents and employees for losses arising from the work performed by the Contractor for the State of Arizona.

This indemnity shall not apply if the Contractor or Subcontractor(s) is/are an agency, board, commission or university of the State of Arizona.

INSURANCE REQUIREMENTS:

Contractor and Subcontractors shall procure and maintain until all of their obligations have been discharged, including any warranty periods under this contract, are satisfied, insurance against claims for injury to persons or damage to property which may arise from or in connection with the performance of the work hereunder by the Contractor, his agents, representatives, employees or Subcontractors.

The *insurance requirements* herein are minimum requirements for this contract and in no way limit the indemnity covenants contained in this contract. The State of Arizona in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that might arise out of the performance of the work under this contract by the Contractor, its agents, representatives, employees or Subcontractors, and Contractor is free to purchase additional insurance.

A. **MINIMUM SCOPE AND LIMITS OF INSURANCE:** Contractor shall provide coverage with limits of liability not less than those stated below.

1. **Commercial General Liability – Occurrence Form**

Policy shall include bodily injury, property damage, personal injury and broad form contractual liability coverage.

• General Aggregate	$2,000,000
• Products – Completed Operations Aggregate	$1,000,000
• Personal and Advertising Injury	$1,000,000
• Blanket Contractual Liability – Written and Oral	$1,000,000
• Fire Legal Liability	$50,000
• Each Occurrence	$1,000,000

a. If applicable, the policy shall be endorsed to include coverage for sexual abuse and molestation.

b. The policy shall be endorsed to include the following additional insured language: ***"The State of Arizona, its departments, agencies, boards, commissions, universities and its officers, officials, agents, and employees shall be named as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor".***

c. Policy shall contain a waiver of subrogation against the State of Arizona, its departments, agencies, boards, commissions, universities and its officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

2. **Business Automobile Liability**

Bodily Injury and Property Damage for any owned, hired, and/or non-owned vehicles used in the performance of this contract.

Combined Single Limit (CSL) $1,000,000

a. The policy shall be endorsed to include the following additional insured language: ***"The State of Arizona, its departments, agencies, boards, commissions, universities and its officers, officials, agents, and employees shall be named as additional insureds with respect to liability arising out of the activities performed by or on behalf of the Contractor, involving automobiles owned, leased, hired or borrowed by the Contractor".***

b. Policy shall contain a waiver of subrogation against the State of Arizona, its departments, agencies, boards, commissions, universities and its officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

3. **Worker's Compensation and Employers' Liability**

Workers' Compensation Statutory

Employers' Liability

Each Accident	$ 500,000
Disease – Each Employee	$ 500,000
Disease – Policy Limit	$1,000,000

a. Policy shall contain a waiver of subrogation against the State of Arizona, its departments, agencies, boards, commissions, universities and its officers, officials, agents, and employees for losses arising from work performed by or on behalf of the Contractor.

b. This requirement shall not apply to: Separately, EACH Contractor or Subcontractor exempt under A.R.S. §23-901, AND when such Contractor or Subcontractor executes the appropriate waiver (Sole Proprietor/Independent Contractor) form.

4. **Professional Liability (Errors and Omissions Liability)**

Each Claim	$1,000,000
Annual Aggregate	$2,000,000

a. In the event that the professional liability insurance required by this contract is written on a claims-made basis, Contractor warrants that any retroactive date under the policy shall precede the effective

date of this contract; and that either continuous coverage will be maintained or an extended discovery period will be exercised for a period of two (2) years beginning at the time work under this contract is completed.

b. The policy shall cover professional misconduct or lack of ordinary skill for those positions defined in the Scope of Work of this contract.

B. **ADDITIONAL INSURANCE REQUIREMENTS:**
The policies shall include, or be endorsed to include, the following provisions:

1. The State of Arizona, its departments, agencies, boards, commissions, universities and its officers, officials, agents, and employees wherever additional insured status is required. Such additional insured shall be covered to the full limits of liability purchased by the Contractor, even if those limits of liability are in excess of those required by this contract.
2. The Contractor's insurance coverage shall be primary insurance with respect to all other available sources.
3. Coverage provided by the Contractor shall not be limited to the liability assumed under the indemnification provisions of this contract.

C. **NOTICE OF CANCELLATION:** With the exception of (10) day notice of cancellation for non-payment of premium, any changes material to compliance with this contract in the insurance policies above shall require (30) days written notice to the State of Arizona. Such notice shall be sent directly to AHCCCS Contracts Unit, Mail Drop 5700, Division of Business and Finance, 701 E. Jefferson St., Phoenix, AZ 85034 and shall be sent by certified mail, return receipt requested.

D. **ACCEPTABILITY OF INSURERS:** Insurance is to be placed with duly licensed or approved non-admitted insurers in the state of Arizona with an "A.M. Best" rating of not less than A- VII. The State of Arizona in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.

E. **VERIFICATION OF COVERAGE:** Contractor and Subcontractor shall furnish the State of Arizona with certificates of insurance (ACORD form or equivalent approved by the State of Arizona) as required by this contract. The certificates for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf.

All certificates and endorsements are to be received and approved by the State of Arizona before work commences. Each insurance policy required by this contract must be in effect at or prior to commencement of work under this contract and remain in effect for the duration of the project. Failure to maintain the insurance policies as required by this contract, or to provide evidence of renewal, is a material breach of contract.

All certificates required by this contract shall be sent directly to AHCCCS Contracts Unit, Mail Drop 5700, Division of Business and Finance, 701 E. Jefferson St., Phoenix, AZ 85034. All subcontractors are required to maintain insurance and to provide verification upon request. The State of Arizona project/contract number and project description shall be noted on the certificate of insurance. The State of Arizona reserves the right to require complete, certified copies of all insurance policies required by this contract at any time. **DO NOT SEND CERTIFICATES OF INSURANCE TO THE STATE OF ARIZONA'S RISK MANAGEMENT DIVISION.**

F. **SUBCONTRACTORS:** Contractors' certificate(s) shall include all Subcontractors as insureds under its policies **or** upon request, the Contractor shall furnish to the State of Arizona separate certificates and endorsements for each Subcontractor upon request. All coverages for Subcontractors shall be subject to the minimum requirements identified above.

G. **APPROVAL:** Any modification or variation from the *insurance requirements* in this contract shall be made by the contracting agency in consultation with the Department of Administration, Risk Management Division. Such action will not require a formal contract amendment, but may be made by administrative action.

H. **EXCEPTIONS**: In the event the Contractor or Subcontractor(s) is/are a public entity, then the Insurance Requirements shall not apply. Such public entity shall provide a Certificate of Self-Insurance. If the Contractor or Subcontractor(s) is/are a State of Arizona agency, board, commission, or university, none of the above shall apply.

IN WITNESS WHEREOF, the undersigned parties are authorized officers and/or representatives of each Party's applicable Affiliate with signatory authority to bind such Affiliate to the terms of this Agreement, including this **Exhibit A**, provided, further, by executing this **Exhibit A**, the Parties acknowledge and agree that each such Party desires the applicable Affiliate to be legally bound by all of the terms of this Agreement, including this **Exhibit A**.

- Mercy Care Plan (Acute, ALTCS, DD)
- Mercy Care Advantage
- Mercy Maricopa Advantage
- Regional Behavioral Health Authority

Individual Sites Regulatory Addendum – Exhibit A

DELAWARE

If there is any conflict between the terms of this **Exhibit A** and any of the other terms of this Agreement, including any attachments, schedules, exhibits and/or addenda made part of this Agreement, the terms of this **Exhibit A** will govern and control; provided, however, if there is any conflict between any of the terms of this Agreement, including this **Exhibit A**, and the applicable State Contract (as defined in this Agreement), then the terms of the State Contract will govern and control.

The term "Provider," as it appears throughout this **Exhibit A**, shall refer to Delegated Entity.

I. STATE-REQUIRED TERMS

In addition to the General Provisions, other Attachments, and items incorporated into the Agreement by reference, the terms and conditions of this Attachment B are applicable to the services PHP provides to individuals enrolled with DPCI under the Diamond State Health DPCI ("DSHP") program. In the event of any conflict between (1) the terms of this Attachment B on the one hand, and (2) the General Provisions, other Attachments or items incorporated into the Agreement by reference (except for Applicable Law) on the other hand, the terms of this Attachment B shall control for PHP's services to DPCI's DSHP Members.

ADDITIONAL DEFINITIONS

In connection with PHP's services to DPCI's DSHP Members, the following defined terms shall apply throughout the Agreement as set forth below. Other defined terms are set forth in the General Provisions and Attachment A of the Agreement.

Clean Claim means a claim that may be processed without obtaining additional information from the provider of service or from a third party and can pass all edits required for payments by DPCI.

Emergency Medical Condition means medical or behavioral condition, the onset of which is sudden, that manifests itself by symptoms of sufficient severity including, but not limited to, severe pain, that a prudent layperson, possessing an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1. Placing the health of the individual afflicted with such condition (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, or in the case of a behavioral condition, placing the health of such person or others in serious jeopardy;

2. Serious impairment to bodily functions;

3. Serious impairment or dysfunction of any bodily organ or part; or

4. Serious disfigurement of such person.

Emergency Medical Services means with respect to DPCI's DSHP Members, the Covered inpatient and outpatient Services that DPCI is obligated to cover under the DPCI Contract and that are (i) furnished by a provider that is qualified to furnish such services under Applicable Law and (ii) are needed to evaluate or stabilize an Emergency Medical Condition as defined in this Attachment B.

Medically Necessary or **Medical Necessity** means those Covered Services that a prudent physician acting within the scope of his or her license under State law would provide to a patient for the purpose of diagnosing, or treating an illness, injury, disease or its symptoms in a manner that is:

1. In accordance with generally accepted standards of medical practice;

2. Consistent with the symptoms or treatment of the condition; and

3. Not solely for anyone's convenience.

State means the State of Delaware.

State Agency means the Delaware Department of Health and Social Services.

II. SPECIFIC TERMS

A. Claims and Encounter

Claims and Encounters (and resubmitted claims and Encounters) shall be addressed and mailed to:

Delaware Physicians Care, Incorporated
P.O. Box 61145
Phoenix, AZ 85082-1145

B. Indemnification

DPCI shall indemnify and hold PHP and its officers, directors, managers and employees harmless from and against any claims, actions, suits, proceedings, investigations, demands, fines, liabilities, overpayments, penalties, judgments, settlements, damages, losses, costs and expenses (including reasonable legal fees) that result from, relate to, arise out of, or are a direct or indirect result of DPCI's performance or non-performance of DPCI's obligations under this Agreement.

C. Notices

Any notices required under this Agreement shall be delivered to DPCI at:

Delaware Physician Care, Incorporated
252 Chapman Road
Newark, Delaware, 19702

III. REQUIRED PROVISIONS

A. Availability of Services

PHP shall offer DPCI's DSHP Members hours of operation that are the same as those offered to all other patients, including (without limitation) commercial enrollees or those patients covered by Delaware's Medicaid fee-for-service or Diamond State Partners programs if PHP serves only Medicaid enrollees. PHP shall also make Covered Services available to DPCI's DSHP Members 24 hours a day, 7 days a week, when Medically Necessary.

B. Mainstreaming of Members

1. PHP shall accept DPCI's DSHP Members for diagnosis and treatment in no less the manner as it accepts all other patients. PHP shall not intentionally segregate DPCI's DSHP Members in any way from other persons receiving services. Segregating practices prohibited by the preceding sentence include, but are not limited to, the following:

    a. Denying or not providing a Member a Covered Service or availability of a facility that PHP has agreed to make available under the Agreement.

    b. Subjecting a Member to segregation or separate treatment in any manner related to the receipt of any Covered Service.

    c. The assignment of times or places for the provision of services on the basis of the race, color, creed, religion, age, sex, national origin, ancestry, marital status, sexual preference, income status, program membership, or physical or mental handicap of the participants to be served.

    d. If applicable, restricting Medicaid clients to a clinic practice when a contracting provider has office appointments for the non-Medicaid client.

2. If applicable, PHP shall not close its patient panel to DPCI's DSHP Members alone. If PHP closes its panel, such panel closure must be applicable to all patients and if the panel is reopened, PHP shall admit patients, including DPCI's DSHP Members on a first-come, first-served basis.

3. PHP shall not provide to a DPCI DSHP Member any Covered Service that is different, or is provided in a different manner or at a different time from that provided to other Members, other public or private patients or the public at large.

4. PHP shall furnish Covered Services to all DPCI DSHP Members without regard to the Member's enrollment category or as a private purchaser of the Covered Services or as a participant in publicly financed programs of health care services. This requirement does not apply to circumstances when PHP should not render services due to limitations arising from lack of training, experience, skill or licensing restrictions.

C. Member Hold Harmless

1. In the event of DPCI's or its designated intermediary's (if any) insolvency or other cessation of operations, PHP shall continue to provide Covered Services to DPCI's DSHP Members through the period for which capitation has been paid to DPCI for the Member or until the Member's discharge from an inpatient facility, whichever time is greater. Covered Services to DPCI's DSHP Members confined in an inpatient facility on the date of insolvency or other cessation of operations will continue until confinement in an inpatient facility is no longer Medically Necessary.

2. PHP shall not, in any event, collect or attempt to collect from an DPCI DSHP Member any money owed to PHP by DPCI.

D. Provider Dispute Procedures

DPCI shall establish informal and formal procedures for resolution of administrative, payment or other disputes between DPCI and PHP as required by Applicable Law and describe such procedures in the Provider Manual.

IN WITNESS WHEREOF, the undersigned parties are authorized officers and/or representatives of each Party's applicable Affiliate with signatory authority to bind such Affiliate to the terms of this Agreement, including this **Exhibit A**, provided, further, by executing this **Exhibit A**, the Parties acknowledge and agree that each such Party desires the applicable Affiliate to be legally bound by all of the terms of this Agreement, including this **Exhibit A**.

- Those Medicaid Plans and programs offered by Company within the State of Delaware.

Individual Sites Regulatory Addendum – Exhibit A

ILLINOIS

If there is any conflict between the terms of this **Exhibit A** and any of the other terms of this Agreement, including any attachments, schedules, exhibits and/or addenda made part of this Agreement, the terms of this **Exhibit A** will govern and control; provided, however, if there is any conflict between any of the terms of this Agreement, including this **Exhibit A**, and the applicable State Contract (as defined in this Agreement), then the terms of the State Contract will govern and control.

The term "Provider," as it appears throughout this **Exhibit A**, shall refer to Delegated Entity.

I. STATE-REQUIRED TERMS

If there is any conflict between the terms of this Exhibit A and any of the other terms of this Agreement, including any attachments, schedules, exhibits and/or addenda made part of this Agreement, the terms of this **Exhibit A** will govern and control; provided, however, if there is any conflict between any of the terms of this Agreement, including this **Exhibit A**, and the State Contract (as defined in the Agreement), then the terms of the State Contract will govern and control.

For purposes of this Regulatory Compliance Addendum, the term "Provider" shall mean the health care provider executing this Agreement, as identified on the first page of the Agreement.

1. **Illinois Medicaid Managed Care Required Provisions.** The following provisions are required in accordance with the State Contract.

3.4.2.1 Provider shall be bound by the terms and conditions of the State Contract that are appropriate to the services provided by Provider, including, but not limited to, the record keeping and audit provisions of the State Contract, such that the Department or Authorized Persons shall have the same rights to audit and inspect Provider as they have to audit and inspect Company (hereinafter "Contractor").

3.4.2.2 Contractor shall remain responsible for the performance of any of its responsibilities delegated to Provider or subcontractors.

3.4.2.3 Provider providing Covered Services for Contractor under this Agreement must be enrolled as providers in the Medicaid Program, if they are a Provider type that is required to enroll in the Medicaid Program to bill services on
a Fee-For-Service basis. Contractor shall not contract or subcontract with an ineligible person.

3.4.2.4 Contractor will report to the Department all entities that are sub-capitated or assume risk.

3.4.2.5 In satisfaction of the Lobbying Certification contained in Section 5.10 of the RFP related to the State Contract, Contractor certifies, to the best of Contractor's knowledge and belief, that no federally appropriated funds have been paid or will be paid by or on behalf of Contractor, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal loan or grant, or the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan or cooperative agreement. Furthermore, if any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal contract, grant, loan or cooperative agreement, Contractor shall complete and submit Standard Form LLL, "Disclosure Forms to Report Lobbying," in accordance with its instructions. Such Form is to be obtained at Contractor's request from the Agency/Buyer's Bureau of Fiscal Operations.

3.4.2.6 The Parties agree to comply with those Contractor Grievance and Appeal processes set forth in the Agreement; provided, further, Contractor shall, where applicable, amend the Agreement as soon as practicable after notification from the Department of any substantive change to such procedures.

3.4.2.7 Contractor will monitor the performance of all Providers and subcontractors on an ongoing basis, subject each Provider and subcontractor to formal review on a triennial basis, and, to the extent deficiencies or areas for improvement are identified during an informal or formal review, require that the Provider or subcontractor take appropriate corrective action.

3.4.2.8 Contractor retains the right to terminate this Agreement, and any provider agreement or subcontract, or impose other sanctions, if the performance of the Provider or subcontractor is inadequate in accordance with the terms of the Agreement.

3.4.2.9 That, except as permitted or required by the Illinois Department of Healthcare and Family Services (the "Department") in 89 Ill. Adm. Code 125 or the Department's Medical Program co-payment policy in effect at the time services are provided, neither Contractor nor its sub-contractors, Affiliated Providers (including Provider), or non-Affiliated Providers may seek or obtain funding through fees or charges to any Enrollee receiving Covered Services pursuant to the State Contract.

3.4.3 Any contract or subcontract between Contractor and a federally qualified health center ("FQHC") or a rural health clinic ("RHC") shall be executed in accordance with 1902(a)(13)(C) and 1903(m)(2)(A)(ix) of the Social Security Act, as amended by the Balanced Budget Act of 1997 and shall provide payment that is not less than the level and amount of payment which Contractor would make for the Covered Services if the services were furnished by a Provider which is not an FQHC or a RHC.

3.4.4 Prior to entering into a Provider agreement or subcontract, Contractor shall submit a disclosure statement to the Department specifying any Provider agreement or subcontract and Providers or subcontractors in which any of the following have a five percent (5%) or more financial interest: (1) Any Person also having a five percent (5%) or more financial interest in Contractor or its Affiliates as defined by 42 CFR Section 455.101 (**3.4.4.1**); (2) Any director, officer, trustee, partner or employee of Contractor or its Affiliates (**3.4.4.2**); or (3) Any member of the immediate family of any Person designated in (a) or (b) above (**3.4.4.3**).

3.4.4.4 Upon request by the Department, Contractor shall immediately submit copies of executed contracts and subcontracts.

2. Illinois State Regulatory Requirements. The following provisions are required by state law.

Provider's Insurance

The Section titled "Provider's Insurance" shall be deleted in its entirety and replaced with the following:

During the term of this Agreement, Provider agrees to procure and maintain such policies of general and professional liability and other insurance at minimum levels as required by state law or, in the absence of a state law specifying a minimum limit, an amount customarily maintained by Provider in the state or region in which the Provider operates. Such insurance coverage shall cover the acts and omissions of Provider as well as those Provider's agents and employees. Provider agrees to deliver certificates of insurance or other documentation as appropriate to show evidence of such coverage to Company on or before the Effective Date of this Agreement. Provider agrees to make best efforts to provide to Company at least thirty (30) days advance notice, and, in any event, will provide notice as soon as reasonably practicable, of any cancellation or material modification of said policies.

In the event that Provider is a Group, the Section titled "Provider's Insurance" shall also include the following paragraph:

Participating Group Providers' Insurance. During the term of this Agreement, each Participating Group Provider agrees to procure and maintain such policies of general and professional liability and other insurance at minimum levels as required by state law or, in the absence of a state law specifying a minimum limit, an amount customarily maintained by Group in the state or region in which the Group operates. Such insurance coverage shall cover the acts and omissions of Participating Group Provider as well as Participating Group Provider's agents and employees. Participating Group Provider agrees to deliver certificates of insurance or other documentation as appropriate to show evidence of such coverage to Company on or before the Effective Date of this Agreement. Participating Group Provider agrees to make best efforts to provide to Company at least thirty (30) days advance notice, and in any event will provide notice as soon as reasonably practicable, of any cancellation or material modification of said policies.

Company Obligation to Pay for Covered Services

The following sentence shall be added to the Section of the Agreement titled "Company Obligation to Pay for Covered Services."

"To the extent, if any, that the compensation under certain HMO Plans is in the form of capitation payments or a case-based rate methodology, Provider acknowledges the financial risks to Provider of this arrangement and has made an independent analysis of the adequacy of this arrangement."

Coordination of Benefits

The following sentence shall be added to the end of the Section of the Agreement titled "Coordination of Benefits":

"With respect to HMO plans and as required by Ill. Admin. Code T. 50, 5421.50, to the extent Provider participates in capitated HMO Plans, Company acknowledges that in the event of Provider's insolvency, Company is secondarily liable as the ultimate risk bearer for unpaid health care services rendered to Members."

Holding Members Harmless

The section of the Agreement titled "Holding Members Harmless" shall be deleted in its entirety and replaced with the following:

With respect to HMO plans and as required by Ill. Admin. Code T. 50, 5421.50, if Provider participates in capitated HMO Plans agrees that in no event, including but not limited to nonpayment by HMO of amounts due Provider under this contract, insolvency of the HMO or any breach of this contract by the HMO, shall the Provider or its assignees or subcontractors have a right to or seek any type of payment from, bill, charge, collect a deposit from, or have any recourse against, the enrollee, persons acting on the Member's behalf (other than the HMO), the employer or group contract holder for services provided pursuant to this contract; except for the payment of applicable co-payments or deductibles for services covered by the organization or fees for services not covered by the HMO. The requirements of this clause shall survive any termination of this contract for services rendered prior to such termination, regardless of the cause of such termination. The HMO's Members, the persons acting on the Member's behalf (other than the HMO), and the employer or group contract holder shall be third party beneficiaries of this clause. This clause supersedes any oral or written agreement now existing or hereafter entered into between the Provider and the Member, persons acting on the Member's behalf (other than the HMO) and the employer or group contract holder.

Unless otherwise required by Ill. Admin. Code T. 50, 5421.50 as set forth above, Provider hereby agrees that in no event, including, but not limited to the failure, denial or reduction of payment by Company, insolvency of Company or breach of this Agreement, shall Provider bill, charge, collect a deposit from, seek remuneration or reimbursement from, or have any recourse (i) against Members or persons acting on their behalf (other than Company) or (ii) any settlement fund or other *res* controlled by or on behalf of, or for the benefit of, a Member for Covered Services. This provision shall not prohibit collection of Copayments, Coinsurance, Deductibles or other supplemental charges made in accordance with the terms of the applicable Plan. Provider further agrees that this Section 4.3.2: (a) shall

survive the expiration or termination of this Agreement regardless of the cause giving rise to termination and shall be construed for the benefit of Members; and (b) supersedes any oral or written contrary agreement or waiver now existing or hereafter entered into between Provider and Members or persons acting on their behalf.

Termination for Breach

The section of the Agreement titled "Termination for Breach" shall be deleted in its entirety and replaced with the following:

This Agreement may be terminated at any time by either Party upon at least sixty (60) days prior written notice of such termination to the other Party upon material default or substantial breach by such Party of one or more of its obligations hereunder, unless such material default or substantial breach is cured within sixty (60) days of the notice of termination; provided, however, if such material default or substantial breach is incapable of being cured within such sixty (60) day period, any termination pursuant to this Section 6.3 will be ineffective for the period reasonably necessary to cure such breach if the breaching party has taken all steps reasonably capable of being performed within such thirty (30) day period. Notwithstanding the foregoing, the effective date of such termination may be extended pursuant to Section 6.6 herein.

Obligation to Notify Members

The section of the Agreement titled "Obligation to Notify Members" shall be deleted in its entirety and replaced with the following:

Upon notice of termination of this Agreement or of a Plan, Company shall provide at least sixty (60) days' advance notice of the impending termination to Members of Plans currently under the treatment of Provider, or in the event of immediate termination, as soon as practicable after termination.

In the event that the Agreement does not contain a section titled "Obligation to Notify Members," then the following provision shall be added to such Agreement:

Obligation to Notify Members. Upon notice of termination of this Agreement, Company shall provide at least sixty (60) days' advance notice of the impending termination to Members currently under the treatment of Provider, or in the event of immediate termination, as soon as practicable after termination.

Compliance with 50 Ill. Adm. Code 5421.50(d)(1) & (2)

If Provider participates in a capitated HMO Plan, Provider shall submit, to Company, copies of its quarterly financial statements, which shall include Provider's balance sheet and statements of income and cash flow within 45 days after the end of each fiscal period. In addition, Provider shall submit, within 90 days after the end of Provider's fiscal year, copies of Provider's audited annual financial statements prepared in accordance with generally accepted accounting principles if available.

Provider agrees to fully cooperate with, and disclose all relevant information requested by, Company's actuaries for the preparation of such actuaries' opinion in accordance with the Actuarial Standards Board Actuarial Standards of Practice No. 16.

IN WITNESS WHEREOF, the undersigned parties are authorized officers and/or representatives of each Party's applicable Affiliate with signatory authority to bind such Affiliate to the terms of this Agreement, including this **Exhibit A**, provided, further, by executing this **Exhibit A**, the Parties acknowledge and agree that each such Party desires the applicable Affiliate to be legally bound by all of the terms of this Agreement, including this **Exhibit A**.

PRODUCT PARTICIPATION SCHEDULE

Participation under this Agreement will include the products indicated below. Compensation for these products will be according to the Services and Compensation Schedule attached to this Agreement.

- Those Medicaid Plans and programs offered by Company within the State of Illinois.

Individual Sites Regulatory Addendum – Exhibit A

MARYLAND REGULATORY ADDENDUM

MARYLAND MEDICAID REQUIREMENTS

Capitalized terms used and not otherwise defined in this Maryland Addendum (the "Addendum") shall have the meanings set forth in the Agreement. The Parties acknowledge that all requirements under this Addendum shall be met by MedSolutions, Inc., hereinafter "Delegated Entity" , when providing Medicaid services to Members in Maryland of Maryland Care Inc., doing business as Maryland Physicians Care (MPC). This Addendum shall be attached to, and constitute a part of, the Agreement. Any provisions of this Agreement, including this Addendum, which directly conflict with the terms and provisions of the State Contract will be deemed waived, unless such conflict may be resolved through construction or amendment as provided herein. In the event of any inconsistency between the terms of this Addendum and any other part of the Agreement, the terms of this Addendum shall govern and control as to Members in Maryland of Maryland Care Inc., doing business as Maryland Physicians Care, and all other terms and provisions of the Agreement not affected by this Addendum shall remain in full force and effect. The Parties agree as follows:

1. **Definitions.**

Department means the Department of Health and Mental Hygiene (DHMH) as defined by Health-General Article§15-101, et seq. Annotated Code of Maryland.

Medicaid includes the HealthChoice Program, Maryland Children's Health Insurance Program, and other Medicaid programs sponsored by DHMH for which MCOs may participate.

Medicaid Covered Persons or Members means individuals enrolled in the HealthChoice Program, Maryland Children's Health Insurance Program, Program and other Medicaid programs sponsored by DHMH for which MCOs may participate.

Contracted Services means services provided by Delegate Entity to Maryland Physicians Care specific to this Addendum to specifically include prior authorization determinations and utilization management services for specific radiology services and use of delegate's clinical criteria (approved by MPC annually).

Specific Radiology Services means high end radiology services as defined by MPC and MedSolutions.

2. **Subcontractual Relationships.** In accordance with the requirements of the Code of Maryland Regulations, as amended from time to time, Delegated Entity agrees it shall, and as applicable shall cause its subcontractors to:

2.1 Comply with all federal, State and local laws, rules, regulations, standards, and executive orders governing performance of duties under this Agreement, including without limitation 42 CFR § 438.214, which governs provider selection, as well as those designated within this Agreement.

2.2 As applicable to services provided and to the extent required by law, be subject to all of the requirements to which MPC is subject under its contract with the Department, and pursuant to the Department's regulations.

2.3 Release to MPC and to the Department, upon request, any information necessary for MPC to perform any of its contractual and regulatory obligations under its contract with the Department, including, but not limited to, its records, reporting, and quality assurance duties.

2.4 Keep its facilities and records open to inspection by MPC, the Department, and other government agencies, and shall be subject to all audits and inspections to the same extent that audits and inspections may be required of MPC under law or under its contract with the Department.

2.5 Furnish copies of Delegated Entity's services records pertaining to MPC's enrollees to MPC upon request for transfer to a subsequent provider in the event of a termination of this Agreement.

2.6 Look solely to MPC for compensation for contracted services provided to MPC's enrollees under the subcontract.

2.7 Submit evidence of Delegated Entity's professional liability coverage annually to MPC.

2.8 As applicable to services provided and to the extent required by law, become subject to all the requirements concerning audits and inspections by the Department and other government agencies that are imposed upon MPC by statute or regulation, or by its contract with the Department.

2.9 Become responsible for providing the specified health care services in compliance with all of the requirements imposed by COMAR §§ 10.09.62—10.09.75, as applicable to contracted services, including, but not limited to , quality assurance, medical records, and reporting requirements.

2.10 Deliver services under this Agreement in a manner that is consistent with the requirements of COMAR §§ 10.09.62—10.09.75 as applicable.

2.11 Hereby acknowledge that MPC may not knowingly enter into a sub-contractual relationship with providers who have been convicted of certain crimes or received certain sanctions as specified in §1128 of the Social Security Act, and represent and warrant that Delegated Entity has not been convicted of such crimes or received such sanctions.

2.12 Not prohibit or otherwise restrict a health care professional, acting within the lawful scope of practice, from advising or advocating on behalf of an enrollee who is the provider's patient for:

2.12.1 The enrollee's health status, medical care, or treatment options, including any alternative treatment that may be self-administered;
2.12.2 Any information the enrollee needs in order to decide among all relevant treatment options;
2.12.3 The risks, benefits, and consequences of treatment or nontreatment; or
2.12.4 The enrollee's right to participate in decisions regarding the enrollee's own health care, including the right to refuse treatment, and to express preferences about future treatment decisions.

3. Oversight and Operations.

3.1. Delegated Entity has business continuity/disaster recovery plan in place that is consistent with industry best practices and will annually review, maintain and test such plans and provide any updates or changes to MPC upon request. In the event of any emergency performance interruption, Delegated Entity will implement the plans within two (2) days and provide MPC with written notice of such interruption and the resulting effects of such on the delivery of services.

3.2. Delegated Entity will support the following meetings on-site at MPC's corporate offices or by phone when appropriate: (i) MPC's Quarterly operational review meetings to review the clinical, operational and financial performance of the program; (ii) MPC Quarterly oversight review meetings (iii) Annual executive meetings; and (iv) Monthly meetings if requested by MPC. All

final meeting materials for such meetings will be provided by Delegated Entity to all meeting participants within 45 days of the end of a quarter or at least three (3) Business Days before the meeting, unless the required data is not yet available on Delegated Entity's applicable systems or as otherwise agreed to by the parties. Delegated Entity agrees that all regulatory and oversight reporting and data shall be provided by Delegated Entity in a reasonable timeframe as mutually agreed to by the parties for MPC to review and prepare reports for submission to the applicable regulatory agency.

3.3. All program communications involving members will be available at the 6th grade reading level or lower.

3.4. MPC (or a mutually agreeable designee) will have the right to audit on an annual basis or more frequently if necessary, with full cooperation of Delegated Entity and its subcontractors, the services and pricing to validate compliance with all program requirements and contractual guarantees including, but not limited to, and general contract, legal and regulatory compliance. MPC (or its designee) will have access to such data for up to three (3) years following termination or expiration of the Agreement for Services provided to MPC. Delegated Entity and its subcontractors, will retain the data for a period of ten (10) years following termination of the applicable agreement (Delegated Entity Services Agreement) for Services provided to MPC or for such other time as required by applicable Law. Audits will be subject to confidentiality provisions of the Agreement.

3.5. MPC (or its designee) will have access to the Delegated Entity's agreements with subcontractors, subject to confidentiality provisions of the Agreement, to confirm satisfactory performance of the services associated with the Agreement; provided, however, that MPC will have access to these documents only through a mutually agreeable third party.

3.6. All data and information obtained by Delegated Entity in connection with Delegated Entity services that relates to MPC and its customers, members, providers and benefit plans including, but not limited to, all eligibility and claims data, and any other Delegated Entity-generated data, information, reports or summaries derived there from, shall belong solely to MPC; and the Delegated Entity will not use, sell or disclose such MPC data (including de-identified data elements) for any purpose other than as required for the performance of Delegated Entity services without the prior written consent of MPC. As such, Delegated Entity will not sell or distribute any such MPC data for pecuniary gain, publicize such MPC data or produce, use or distribute written reports containing such MPC data.

4. Notwithstanding any other provision of this Agreement to the contrary, no termination of the Agreement, as it relates specifically to services provided to MPC, shall be effective without prior written notice to the Department. No assignment of this Agreement by Delegated Entity, as it relates specifically to services provided to MPC, shall be effective without prior written notice to the Department. The required provisions of Sections 2.1 and 2.2 of this Addendum supersedes and controls over any conflicting terms that appear in the Agreement as it relates specifically to services provided to MPC.

5. In accordance with the requirements of the Code of Maryland Regulations, as amended from time to time, Delegated Entity agrees that it shall adhere to the applicable terms and conditions of this Section 5 of this Addendum; provided that to the extent that the provisions of this Section 5 of this Addendum conflicts with any term of this Agreement, this Section 5 of this Addendum shall control.

5.1. Specific Terms:

5.1.1. Any notices required under this Agreement shall be delivered to MPC at: Maryland Physicians Care:

Attn: Chief Executive Officer
509 Progress Drive, Suite 117

Linthicum Heights, MD 21090

with a copy to:

Aetna Inc.
Attention: Law & Regulatory Affairs, RE6A
151 Farmington Avenue
Hartford, CT 06156

5.1.2. Insurance and Liability: Evidence of insurance coverage shall be provided to MPC annually for submission to DHMH, in accordance with COMAR 10.09.65.17(h).

5.2. Termination: No termination shall be effective without prior written notice to DHMH in accordance with COMAR 10.09.65.17.4. This Agreement may be terminated without cause by MPC, as to MPC, upon 90 days prior written notice to Delegated Entity.

5.3. Clarification of Definitions: The definitions set forth in COMAR 10.09.62.01 serve as the controlling definitions for terms set forth in this Attachment.

6. Pursuant to MPC's Managed Care Organization Healthchoice Provider Agreement with the Department, as it may be amended from time to time, Delegated Entity agrees that it shall:

6.1. Maintain adequate records sufficient to describe the nature and extent of all goods and services provided and rendered to MPC enrollees for a minimum of six (6) years, and to the extent not prohibited by law or obligation to provide certified copies of claims records and originals of business records upon request to the Department and/or its designee, the Medicaid Fraud Control Unit, the Insurance Fraud Division of the Maryland Insurance Administration, or any other authorized State or Federal agency, or as otherwise required by State or Federal law or regulation, or pursuant to subpoena or court order.

6.2. Permit the Department, the Maryland Insurance Administration, and/or the Department of Health and Human Services, or any of their respective designees to: (i) conduct review necessary to evaluate the quality, appropriateness, and timeliness of services performed through inspection, market conduct reviews or other means, including accessing Delegated Entity's facilities relevant to the review using enrollment cards and identities established in the manner specified by the Department, and (ii) inspect and audit financial records relevant to the services provided and as necessary to accomplish the intended audit, including reimbursement rates, and records relating to MPC's capacity to bear the risk of potential financial losses, as required by 42 C.F.R. Section 434.38.

7. **Administrative Service Provider Contract**: If an agreement between the Delegated Entity and MPC constitutes an Administrative Service Provider Agreement pursuant to Maryland Health General Annotated code section 19-713.2, Delegated Entity and MPC must comply with the controlling laws and regulations governing the Administrative Service Contract, including timely filing and maintaining any required registration as an Administrative Service Provider. The parties, having concluded that such requirements to not apply to the scope of services contemplated in the Agreement, agree to amend this Addendum to provide for compliance should the scope of services be modified.

8. **Survival.** The obligations set forth in this Addendum shall survive the termination or expiration of this Addendum until expiration services run-out period and MPC's receipt of all monthly reports and annual financial statements related to the term of this Addendum.

9. **Confidentiality.** The Addendum and all supporting documentation submitted in connection with the Addendum shall be treated as confidential and proprietary, and may not be disclosed except as otherwise required by applicable law.

IN WITNESS WHEREOF, the undersigned parties are authorized officers and/or representatives of each Party's applicable Affiliate with signatory authority to bind such Affiliate to the terms of this Agreement, including this **Exhibit A**, provided, further, by executing this **Exhibit A**, the Parties acknowledge and agree that each such Party desires the applicable Affiliate to be legally bound by all of the terms of this Agreement, including this **Exhibit A**.

New Jersey Subcontractor Regulatory Addendum

This Regulatory Addendum is incorporated by reference into the Agreement.

If there is any conflict between the terms of this Exhibit A and any of the terms of this Agreement, the terms of this Exhibit A shall govern and control. For purposes of this Regulatory Addendum, the term "Subcontractor" shall mean the Subcontractor to this Agreement, as identified on the first page of the Agreement and the term "Company" and "Purchaser" shall mean Aetna Better Health, Inc., a New Jersey corporation.

"State Contract" means the State of New Jersey Department of Human Services, Division of Medical Assistance and Health Services and Aetna Better Health, Inc. Contract to Provide Services, entered into on _____, 201[_].

Capitalized terms not otherwise defined in this Agreement, or its attachments, shall have the meaning ascribed to them in the State Contract.

I. DMAHS Mandatory Terms

The Subcontractor agrees to serve enrollees in New Jersey's managed care program and, in doing so, to comply with all of the following provisions to the extent applicable to this Agreement:

A. SUBJECTION OF PROVIDER CONTRACT/SUBCONTRACT

This provider contract/subcontract shall be subject to the applicable material terms and conditions of the contract between the contractor and the State and shall also be governed by and construed in accordance with all laws, regulations and contractual obligations incumbent upon the contractor.

B. COMPLIANCE WITH FEDERAL AND STATE LAWS AND REGULATIONS

The provider/subcontractor agrees that it shall carry out its obligations as herein provided in a manner prescribed under applicable federal and State laws, regulations, codes, and guidelines including New Jersey licensing board regulations, the Medicaid, NJ KidCare, and NJ FamilyCare State Plans, and in accordance with procedures and requirements as may from time to time be promulgated by the United States Department of Health and Human Services.

C. APPROVAL OF PROVIDER CONTRACTS/SUBCONTRACTS AND AMENDMENTS

The provider/subcontractor understands that the State reserves the right in its sole discretion to review and approve or disapprove this provider contract/subcontract and any amendments thereto.

D. EFFECTIVE DATE

This provider contract/subcontract shall become effective only when the contractor's agreement with the State takes effect.

E. NON-RENEWAL/TERMINATION OF PROVIDER CONTRACT/SUBCONTRACT

The provider/subcontractor understands that the contractor shall notify DMAHS at least 30 days prior to the effective date of the suspension, termination, or voluntary withdrawal of the provider/subcontractor from participation in the contractor's network. If the termination was "for cause," the contractor's notice to DMAHS shall include the reasons for the termination. Provider resource consumption patterns shall not constitute "cause" unless the contractor can demonstrate it has in place a risk adjustment system that takes into account enrollee health-related differences when comparing across providers.

F. ENROLLEE-PROVIDER COMMUNICATIONS

1. The contractor shall not prohibit or restrict the provider/subcontractor from engaging in medical communications with the provider's/subcontractor's patient, either explicit or implied, nor shall any provider manual, newsletters, directives, letters, verbal instructions, or any other form of communication prohibit medical communication between the provider/subcontractor and the provider's/subcontractor's patient. Providers/subcontractors shall be free to communicate freely with their patients about the health status of their patients, medical care or treatment options regardless of whether benefits for that care or treatment are provided under the provider contract/subcontract, if the professional is acting within the lawful scope of practice. Providers/subcontractors shall be free to practice their respective professions in providing the most appropriate treatment required by their patients and shall provide informed consent within the guidelines of the law including possible positive and negative outcomes of the various treatment modalities.

2. Nothing in section F.1 shall be construed:

a. To prohibit the enforcement, including termination, as part of a provider contract/subcontract or agreement to which a health care provider is a party, of any mutually agreed upon terms and conditions, including terms and conditions requiring a health care provider to participate in, and cooperate with, all programs, policies, and procedures developed or operated by the contractor to assure, review, or improve the quality and effective utilization of health care services (if such utilization is according to guidelines or protocols that are based on clinical or scientific evidence and the professional judgment of the provider), but only if the guidelines or protocols under such utilization do not prohibit or restrict medical communications between providers/subcontractors and their patients;

or

b. To permit a health care provider to misrepresent the scope of benefits covered under this provider contract/subcontractor or to otherwise require the contractor to reimburse providers/subcontractors for benefits not covered.

G. RESTRICTION ON TERMINATION OF PROVIDER CONTRACT/ SUBCONTRACT BY CONTRACTOR

The contractor shall not terminate this provider contract/subcontract for either of the following reasons:

1. Because the provider/subcontractor expresses disagreement with the contractor's decision to deny or limit benefits to a covered person or because the provider/subcontractor assists the covered person to seek reconsideration of the contractor's decision; or because the provider/subcontractor discusses with a current, former, or prospective patient any aspect of the patient's medical condition, any proposed treatments or treatment alternatives, whether covered by the contractor or not, policy provisions of the contractor, or the provider/subcontractor's personal recommendation regarding selection of a health plan based on the provider/subcontractor's personal knowledge of the health needs of such patients.

2. Because the provider/subcontractor engaged in medical communications, either explicit or implied, with a patient about medically necessary treatment options, or because the provider/subcontractor practiced its profession in providing the most appropriate treatment required by its patients and provided informed consent within the guidelines of the law, including possible positive and negative outcomes of the various treatment modalities.

H. TERMINATION OF PROVIDER CONTRACT/SUBCONTRACT – STATE

The provider/subcontractor understands and agrees that the State may order the termination of this provider contract/subcontract if it is determined that the provider/subcontractor:

1. Takes any action or fails to prevent an action that threatens the health, safety or welfare of any enrollee, including significant marketing abuses;

2. Takes any action that threatens the fiscal integrity of the Medicaid program;

3. Has its certification suspended or revoked by DOBI, DOH, and/or any federal agency or is federally debarred or excluded from federal procurement and non-procurement contracts;

4. Becomes insolvent or falls below minimum net worth requirements;

5. Brings a proceeding voluntarily or has a proceeding brought against it involuntarily, under the Bankruptcy Act;

6. Materially breaches the provider contract/subcontract; or

7. Violates state or federal law, including laws involving fraud, waste, and abuse.

I. NON-DISCRIMINATION

The provider/subcontractor shall comply with the following requirements regarding nondiscrimination:

1. The provider/subcontractor shall accept assignment of an enrollee and not discriminate against eligible enrollees because of race, color, creed, religion, ancestry, marital status, sexual orientation, national origin, age, sex, physical or mental handicap in accordance with Title VI of the Civil Rights Act of 1964, 42 USC Section 2000d, Section 504 of the Rehabilitation Act of 1973, 29 USC Section 794, the Americans with Disabilities Act of 1990 (ADA), 42 USC Section 12132, and rules and regulations promulgated pursuant thereto, or as otherwise provided by law or regulation.

2. ADA Compliance. The provider/subcontractor shall comply with the requirements of the Americans with Disabilities Act (ADA). In providing health care benefits, the provider/subcontractor shall not directly or indirectly, through contractual, licensing, or other arrangements, discriminate against Medicaid/NJ FamilyCare beneficiaries who are "qualified individuals with a disability" covered by the provisions of the ADA. The contractor shall supply a copy of its ADA compliance plan to the provider/subcontractor.

A "qualified individual with a disability" as defined pursuant to 42 U.S.C.§12131 is an individual with a disability who, with or without reasonable modifications to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by a public entity.

The provider/subcontractor shall submit to Company a written certification that it is conversant with the requirements of the ADA, that it is in compliance with the law, and certifies that the provider/subcontractor meets ADA requirements to the best of the provider/subcontractor's knowledge. The provider/subcontractor warrants that it will hold the State harmless and indemnify the State from any liability which may be imposed upon the State as a result of any failure of the provider/subcontractor to be in compliance with the ADA. Where applicable, the provider/subcontractor must abide by the provisions of section 504 of the federal Rehabilitation Act of 1973, as amended, regarding access to programs and facilities by people with disabilities.

3. The provider/subcontractor shall not discriminate against eligible persons or enrollees on the basis of their health or mental health history, health or mental health status, their need for health care services, amount payable to the provider/subcontractor on the basis of the eligible person's actuarial class, or pre-existing medical/health conditions.

4. The provider/subcontractor shall comply with the Civil Rights Act of 1964 (42 USC 2000d), the regulations (45 CFR Parts 80 & 84) pursuant to that Act, and the provisions of Executive Order 11246, Equal Opportunity, dated September 24, 1965, the New Jersey anti-discrimination laws including those contained within N.J.S.A. 10: 2-1

through N.J.S.A. 10: 2-4, N.J.S.A. 10: 5-1 et seq. and N.J.S.A. 10: 5-38, and all rules and regulations issued thereunder, and any other laws, regulations, or orders which prohibit discrimination on grounds of age, race, ethnicity, mental or physical disability, sexual or affectional orientation or preference, marital status, genetic information, source of payment, sex, color, creed, religion, or national origin or ancestry. The provider/subcontractor shall not discriminate against any employee engaged in the work required to produce the services covered by this provider/subcontractor contract, or against any applicant for such employment because of race, creed, color, national origin, age, ancestry, sex, marital status, religion, disability or sexual or affectional orientation or preference.

5. Scope. This non-discrimination provision shall apply to but not be limited to the following: recruitment, hiring, employment upgrading, demotion, transfer, lay-off or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship included in PL 1975, Chapter 127.

6. Grievances. The provider/subcontractor agrees to forward to Company copies of all grievances alleging discrimination against enrollees because of race, color, creed, sex, religion, age, national origin, ancestry, marital status, sexual or affectional orientation, physical or mental handicap for review and appropriate action within three (3) business days of receipt by the provider/subcontractor.

J. OBLIGATION TO PROVIDE SERVICES AFTER THE PERIOD OF THE CONTRACTOR'S INSOLVENCY AND TO HOLD ENROLLEES AND FORMER ENROLLEES HARMLESS

1. The provider/subcontractor shall remain obligated to provide all services for the duration of the period after the contractor's insolvency, should insolvency occur, for which capitation payments have been made and, for any hospitalized enrollee, until the enrollee has been discharged from the inpatient facility.

2. The provider/subcontractor agrees that under no circumstances, (including, but not limited to, nonpayment by the contractor or the state, insolvency of the contractor, or breach of agreement) will the provider/subcontractor bill, charge, seek compensation, remuneration or reimbursement from, or have recourse against, enrollees, or persons acting on their behalf, for covered services other than provided in section 2.P.

3. The provider/subcontractor agrees that this provision shall survive the termination of this provider contract/subcontract regardless of the reason for termination, including insolvency of the contractor, and shall be construed to be for the benefit of the contractor or enrollees.

4. The provider/subcontractor agrees that this provision supersedes any oral or written contrary agreement now existing or hereafter entered into between the provider/subcontractor and enrollees, or persons acting on their behalf, insofar as such contrary agreement relates to liability for payment for or continuation of covered services provided under the terms and conditions of this continuation of benefits provisions.

5. The provider/subcontractor agrees that any modification, addition, or deletion to this provision shall become effective on a date no earlier than thirty (30) days after the approval by the State.

6. The provider/subcontractor shall comply with the prohibition against billing members contained in 42 CFR 438.106, N.J.S.A. 30:4D-6.c, and N.J.A.C. 10:74-8.7.01.

K. INSPECTION

The provider/subcontractor shall allow the New Jersey Department of Human Services, the U.S. Department of Health and Human Services (DHHS), and other authorized State agencies, or their duly authorized representatives, to inspect or otherwise evaluate the quality, appropriateness, and timeliness of services performed under the provider contract/subcontract, and to inspect, evaluate, and audit any and all books, records, and facilities maintained by the provider/subcontractor pertaining to such services, at any time during normal business hours (and after business hours when deemed necessary by DHS or DHHS) at a New Jersey site designated by the State. Inspections may be unannounced for cause.

The subcontractor shall also permit the State, at its sole discretion, to conduct onsite inspections of facilities maintained by the provider/subcontractor, prior to approval of their use for providing services to enrollees. Books and records include, but are not limited to, all physical records originated or prepared pursuant to the performance under this provider contract/subcontract, including working papers, reports, financial records and books of account, medical records, dental records, prescription files, provider contracts and subcontracts, credentialing files, and any other documentation pertaining to medical, dental, and nonmedical services to enrollees. Upon request, at any time during the period of this provider contract/subcontract, the provider/subcontractor shall furnish any such record, or copy thereof, to the Department or the Department's External Review Organization within 30 days of the request. If the Department determines, however, that there is an urgent need to obtain a record, the Department shall have the right to demand the record in less than 30 days, but no less than 24 hours.

The DMAHS, the MFD, or its designee, and the MFCU, shall have the right to inspect, evaluate, and audit all of the following documents in whatever form they are kept, related to this contract:
1. Financial records, including but not limited to tax returns, invoices, inventories, delivery receipts, Medicaid claims;

2. Medical records, including but not limited to medical charts, prescriptions, x-rays, treatment plans, medical administration records, records of the provision of activities of daily living, ambulance call reports;

3. Administrative documents, including but not limited to credentialing files, appointment books, prescription log books, correspondence of any kind with contractor, DMAHS, CMS, any other managed care contractor, Medicaid recipient, contracts with subcontractors, and contracts with billing service providers; and

4. All records required to be kept to fully disclose the extent of services provided to Medicaid recipients, pursuant to NJAC 10:49-9.8(b) (1).

L. RECORD MAINTENANCE

The provider/subcontractor shall agree to maintain all of its books and records in accordance with the general standards applicable to such book or record keeping.

M. RECORD RETENTION

The provider/subcontractor hereby agrees to maintain an appropriate recordkeeping system for services to enrollees. Such system shall collect all pertinent information relating to the medical management of each enrolled beneficiary and make that information readily available to appropriate health professionals and the Department. Records must be retained for the later of:

1. Five (5) years from the date of service, or

2. Three (3) years after final payment is made under the provider contract/subcontract and all pending matters are closed.

If an audit, investigation, litigation, or other action involving the records is started before the end of the retention period, the records shall be retained until all issues arising out of the action are resolved or until the end of the retention period, whichever is later. Records shall be made accessible at a New Jersey site and on request to agencies of the State of New Jersey and the federal government. For enrollees who are eligible through the Division of Child Protection and Permanency, records shall be kept in accordance with the provisions under N.J.S.A. 9:6-8.10a and 9:6-8:40 and consistent with need to protect the enrollee's confidentiality.

If an enrollee disenrolls from the contractor, the provider/subcontractor shall release medical records of the enrollee as may be directed by the enrollee, authorized representatives of the Department and appropriate agencies

of the State of New Jersey and of the federal government. Release of records shall be consistent with the provision of confidentiality expressed in Section 2.R., Confidentiality, and at no cost to the enrollee.

N. DATA REPORTING

The provider/subcontractor agrees to provide all necessary information to enable the contractor to meet its reporting requirements, including specifically with respect to encounter reporting. The encounter data shall be in a form acceptable to the State.

O. DISCLOSURE

1. The provider/subcontractor further agrees to comply with the Prohibition On Use Of Federal Funds For Lobbying provisions of the contractor's agreement with the State.

2. The provider/subcontractor shall comply with financial disclosure provision of 42 CFR 434, 1903 (m) of the S.S.A., and N.J.A.C. 10:49-19.

3. The provider/subcontractor shall comply with the disclosure requirements concerning ownership and control, related business transactions and persons convicted of a crime pursuant to 42 CFR 455.100-106.

P. LIMITATIONS ON COLLECTION OF COST-SHARING

The provider/subcontractor shall not impose cost-sharing charges of any kind upon Medicaid or NJ FamilyCare A and B enrollees. Personal contributions to care for NJ FamilyCare C enrollees and copayments for NJ FamilyCare D enrollees shall be collected in accordance with the attached schedule.

Q. INDEMNIFICATION BY PROVIDER/SUBCONTRACTOR

1. The provider/subcontractor agrees to indemnify and hold harmless the State, its officers, agents and employees, and the enrollees and their eligible dependents from any and all claims or losses accruing or resulting from its negligence in furnishing or supplying work, services, materials, or supplies in connection with the performance of this provider contract/subcontract.

2. The provider/subcontractor agrees to indemnify and hold harmless the State, its officers, agents, and employees, and the enrollees and their eligible dependents from liability deriving or resulting from its insolvency or inability or failure to pay or reimburse any other person, firm, or corporation furnishing or supplying work, services, materials, or supplies in connection with the performance of this provider contract/subcontract.

3. The provider/subcontractor agrees further that it will indemnify and hold harmless the State, its officers, agents, and employees, and the enrollees and their eligible dependents from any and all claims for services for which the provider/subcontractor receives payment.

4. The provider/subcontractor agrees further to indemnify and hold harmless the State, its officers, agents and employees, and the enrollees and their eligible dependents, from all claims, damages, and liability, including costs and expenses, for violation of any proprietary rights, copyrights, or rights of privacy arising out of the publication, translation, reproduction, delivery, performance, use, or disposition of any data furnished to it under this provider contract/subcontract, or for any libelous or otherwise unlawful matter contained in such data that the provider/subcontractor inserts.

5. The provider/subcontractor shall indemnify the State, its officers, agents and employees, and the enrollees and their eligible dependents from any injury, death, losses, damages, suits, liabilities judgments, costs and expenses and claim of negligence or willful acts or omissions of the provider/subcontractor, its officers, agents, and employees arising out of alleged violation of any State or federal law or regulation. The provider/subcontractor shall also indemnify and hold the State harmless from any claims of alleged violations of the Americans with Disabilities Act by the subcontractor/provider.

R. CONFIDENTIALITY

1. General. The provider/subcontractor hereby agrees and understands that all information, records, data, and data elements collected and maintained for the operation of the provider/subcontractor and the contractor and Department and pertaining to enrolled persons, shall be protected from unauthorized disclosure in accordance with the provisions of 42 U.S.C. 1396(a)(7)(Section 1902(a)(7) of the Social Security Act), 42 CFR Part 431, subpart F, 45 CFR Parts 160 and 164, subparts A & E, N.J.S.A. 30:4D-7 (g) and N.J.A.C. 10:49-9.4. Access to such information, records, data and data elements shall be physically secured and safeguarded and shall be limited to those who perform their duties in accordance with provisions of this provider contract/subcontract including the Department of Health and Human Services and to such others as may be authorized by DMAHS in accordance with applicable law. For enrollees covered by the contractor's plan that are eligible through the Division of Youth and Family Services, records shall be kept in accordance with the provisions under N.J.S.A. 9:6-8.10a and 9:6-8:40 and consistent with the need to protect the enrollee's confidentiality.

2. Enrollee-Specific Information. With respect to any identifiable information concerning an enrollee that is obtained by the provider/subcontractor, it: (a) shall not use any such information for any purpose other than carrying out the express terms of this provider contract/subcontract; (b) shall promptly transmit to the Department all requests for disclosure of such information; (c) shall not disclose except as otherwise specifically permitted by the provider contract/subcontract, any such information to any party other than the Department without the Department's prior written authorization specifying that the information is releasable under 42 CFR, Section 431.300 et seq., and (d) shall, at the expiration or termination of the provider contract/subcontract, return all such information to the Department or maintain such information according to written procedures sent by the Department for this purpose.

3. Employees. The provider/subcontractor shall instruct its employees to keep confidential information concerning the business of the State, its financial affairs, its relations with its enrollees and its employees, as well as any other information which may be specifically classified as confidential by law.

4. Medical Records and management information data concerning enrollees shall be confidential and shall be disclosed to other persons within the provider's/subcontractor's organization only as necessary to provide medical care and quality, peer, or grievance review of medical care under the terms of this provider contract/subcontract.

5. The provisions of this article shall survive the termination of this provider contract/subcontract and shall bind the provider/subcontractor so long as the provider/subcontractor maintains any individually identifiable information relating to Medicaid/NJ FamilyCare beneficiaries.

6. Notification in Case of Breach. Should there be a breach of confidentiality with respect to the data, information or records described in this section, the provider/subcontractor is responsible for complying, at a minimum, with the following statues and regulations: (1) Section 13402 of the Health Information Technology for Economic and Clinical Health (HITECH) Act, part of the American Recovery and Reinvestment Act of 2009 (ARRA) (Pub. L. 111-5), 42 U.S.C. 17932 et. seq. and the implementing regulations at 45 CFR Part 164, subpart D; and (2) the Identity Theft Prevention Act, N.J.S.A. 56:11-44 et. seq.

S. CLINICAL LABORATORY IMPROVEMENT

The provider/subcontractor shall ensure that all laboratory testing sites providing services under this provider contract/subcontract have either a Clinical Laboratory Improvement Amendment (CLIA) certificate of waiver or a certificate of registration along with a CLIA identification number. Those laboratory service providers with a certificate of waiver shall provide only those tests permitted under the terms of their waiver. Laboratories with certificates of registration may perform a full range of laboratory tests.

T. FRAUD, WASTE, AND ABUSE

1. The provider/subcontractor agrees to assist the contractor as necessary in meeting its obligations under its contract with the State to identify, investigate, and take appropriate corrective action against fraud, waste, and/or abuse (as defined in 42 CFR 455.23) in the provision of health care services.

2. If the State has withheld payment and/or initiated a recovery action against the provider/subcontractor, or withheld payments pursuant to 42 CFR 456.23 and NJAC 10:49-9.10(a), the contractor shall have the right to withhold payments from the provider/subcontractor and/or forward those payments to the State.

3. The contractor and its providers, and subcontractors, whether or not they are enrolled Medicaid providers, shall cooperate fully with state and federal oversight and prosecutorial agencies, including but not limited to, DMAHS, MFD, DOH, MFCU, HHS-OIG, FBI, DEA, FDA, and the U.S. Attorney's Office. The contractor shall include language in its contracts with its providers and subcontractors, requiring cooperation, and stating that a failure to cooperate shall be grounds for termination of the contractor's agreement with the provider or subcontractor. Such cooperation shall include providing access to all necessary recipient information, medical and clinical information, correspondence, documents, computer files, and appropriate staff.

4. MFD shall have the right to recover directly from providers and enrollees in the contractor's network for the audits and investigations MFD solely conducts. Such money that MFD recovers directly shall not be shared with the contractor, but reported to DMAHS in the format that the contractor reports its recoveries to DMAHS. In addition, as a part of its recovery process, MFD shall have the right to request the contractor to withhold payment to a provider in its network as a result of an MFD audit or investigation of managed care claims. Money withheld from a provider by the contractor shall be sent to MFD from the contractor and reported to DMAHS in the format that the contractor reports its recoveries to DMAHS.

5. The contractor shall have the right to recover directly from providers and enrollees in the contractor's network for the audits and investigations the contractor solely conducts.

U. THIRD PARTY LIABILITY

1. The provider/subcontractor shall utilize, whenever available, and report any other public or private third party sources of payment for services rendered to enrollees.

2. Except as provided in subsection 3. below, if the provider/subcontractor is aware of third party coverage, it shall submit its claim first to the appropriate third party before submitting a claim to the contractor.

3. In the following situations, the provider/subcontractor may bill the contractor first and then coordinate with the liable third party, unless the contractor has received prior approval from the State to take other action.

a. The coverage is derived from a parent whose obligation to pay support is being enforced by the Department of Human Services.

b. The claim is for prenatal care for a pregnant woman or for preventive pediatric services (including EPSDT services) that are covered by the Medicaid program.

c. The claim is for labor, delivery, and post-partum care and does not involve hospital costs associated with the inpatient hospital stay.

d. The claim is for a child who is in a DCP&P supported out of home placement.

e. The claim involves coverage or services mentioned in 3.a, 3.b, 3.c, or 3.d, above in combination with another service.

4. If the provider/subcontractor knows that the third party will neither pay for nor provide the covered service, and the service is medically necessary, the provider/subcontractor may bill the contractor without having received a written denial from the third party.

5. Sharing of TPL Information by the Provider/Subcontractor.

a. The provider/subcontractor shall notify the contractor within thirty (30) days after it learns that an enrollee has health insurance coverage not reflected in the health insurance provided by the contractor, or casualty insurance coverage, or of any change in an enrollee's health insurance coverage.

b. When the provider/subcontractor becomes aware that an enrollee has retained counsel, who either may institute or has instituted a legal cause of action for damages against a third party, the provider/subcontractor shall notify the contractor in writing, including the enrollee's name and Medicaid identification number, date of accident/incident, nature of injury, name and address of enrollee's legal representative, copies of pleadings, and any other documents related to the action in the provider's/subcontractor's possession or control. This shall include, but not be limited to (for each service date on or subsequent to the date of the accident/incident), the enrollee's diagnosis and the nature of the service provided to the enrollee.

c. The provider/subcontractor shall notify the contractor on no less than a weekly basis when it becomes aware of the death of one of its Medicaid enrollees age 55 or older, utilizing the "Combined Notification of Death and Estate Referral Form" located in subsection B.5.1 of the Appendix.

d. The provider/subcontractor agrees to cooperate with the contractor's and the State's efforts to maximize the collection of third party payments by providing to the contractor updates to the information required by this section.

V. ENROLLEE PROTECTIONS AGAINST LIABILITY FOR PAYMENT

1. As a general rule, if a participating or non-participating provider renders a covered service to a managed care enrollee, the provider's sole recourse for payment, other than collection of any authorized cost-sharing and /or third party liability, is the contractor, not the enrollee. A provider may not seek payment from, and may not institute or cause the initiation of collection proceedings or litigation against, an enrollee, an enrollee's family member, any legal representative of the enrollee, or anyone else acting on the enrollee's behalf unless subsections (a) through and including (f) or subsection (g) below apply:

a. (1) The service is not a covered service; or (2) the service is determined to be medically unnecessary before it is rendered; or (3) the provider does not participate in the program either generally or for that service; and

b. The enrollee is informed in writing before the service is rendered that one or more of the conditions listed in subsection (a) above exist, and voluntarily agrees in writing before the service is rendered to pay for all or part of the provider's charges; and

c. The service is not an emergency or related service covered by the provisions of 42 USC 1396u-2(b)(2)(A)(i) , 42 CFR 438.114, N.J.S.A. 30:4D-6i or N.J.S.A. 30:4J-4.1 (as both of these provisions may be amended by State Appropriations Act language in effect at the time the service is rendered, as set forth in Section 4.2.1D.2 of the contract), or NJAC 10:74-9.1; and

d. The service is not a trauma service covered by the provisions of NJAC 11:24-6.3(a)3.i; and

e. The protections afforded to enrollees under 42 USC 1395w-4(g)(3)(A), 42 USC 1395cc(a)(1)(A), 42 USC 1396a(n)(3), 42 USC 1396u-2(b)(6), 42 CFR 438.106, NJAC 11:24-9.1(d)9, and/or NJAC 11:24-15.2(b)7.ii do not apply; and

f. The provider has received no program payments from either DMAHS or the contractor for the service; or

g. The enrollee has been paid for the service by a health insurance company or other third party (as defined in NJSA 30:4D-3.m), and the enrollee has failed or refused to remit to the provider that portion of the third party's payment to which the provider is entitled by law.

2. Notwithstanding any provision in this contract to the contrary, an enrollee shall not be responsible for the cost of care, except for any authorized cost-sharing, under the following circumstances:

a. The services are provided in association with an emergency department visit or inpatient stay at a participating network hospital, whether or not the servicing provider(s) or the admitting physician is a participating provider in the contractor's network; or

b. The enrollee obtains a referral/authorization for services by, and schedules an appointment with, a participating specialist, but a non-participating specialist affiliated with the same practice as the participating specialist renders the services because the participating specialist is not available.

II. Miscellaneous DMAHS Terms

A. Insurance. To the extent applicable, the Subcontractor must obtain appropriate insurance coverage, including professional malpractice insurance, comprehensive general liability insurance, and automobile liability insurance. The minimum coverage for malpractice insurance shall be $1,000,000 per incident/$3,000,000 aggregate. The Subcontractor agrees that any insurance obtained by the Subcontractor shall not limit the Subcontractor's indemnification of the State and enrollees.

B. Cooperation. The Subcontractor must cooperate and participate in the Purchaser's quality management and utilization management system, including credentialing/recredentialing; appointment standards; and enrollee and provider complaint and grievance system.

C. Equality of Access. To the extent applicable, the Subcontractor shall provide the same level of medical care and health service to DMAHS enrollees as it does to enrollees under private or group contracts.

D. Monitoring.

1. Monitoring by Purchaser. The responsibilities performed by the Subcontractor are monitored on an ongoing basis and the Purchaser is ultimately responsible to the HHS for the performance of all services. The Purchaser is responsible for ensuring that the performance of the Subcontractor is consistent with the State Contract. The Purchaser has the right to revoke this Agreement if the Subcontractor does not perform satisfactorily, subject to the termination provisions herein.

2. Monitoring/Enforcement by State. HHS may require the Purchaser to terminate the Agreement if performance is not consistent with the State Contract.

E. Severability. Any determination that any provision of this Agreement or any application thereof is invalid, illegal or unenforceable in any respect in any instance shall not affect the validity, legality and enforceability of such provision in any other instance, or the validity, legality or enforceability of any other provision of this Agreement. Neither party shall assert or claim that this Agreement or any provision hereof is void or voidable if such part performs under this Agreement without prompt and timely written objection.

F. MacBride Principles Certification Form. The Subcontractor must execute the MacBride Principles Certification Form included in Exhibit B.

III. New Jersey Department of Banking and Insurance Required Terms The following terms and conditions apply only to this Agreement if it relates to the provision of health care services or supplies by the Subcontractor. These terms are not applicable if the Agreement pertains to purely administrative services provided by the Subcontractor on behalf of Company. The Subcontractor agrees that all contracts that the

Subcontractor has with providers in accordance with the terms of the Agreement shall specifically refer to and contain all of the provisions set forth in NJAC 11:24-15 and require that its providers comply with all of the terms and conditions set forth therein.

A. Licensure/Certification. The Subcontractor shall maintain appropriate licensure and certifications required in order to perform its obligations under this Agreement.

B. No Violation of Law. This Agreement shall not be interpreted to impose obligations or responsibilities upon a Subcontractor which requires the Subcontractor to violate the statutes or rules governing licensure of the Subcontractor if the Subcontractor is to comply with the terms of this Agreement.

C. Notice of Termination. To the extent applicable, if this Agreement between Company and Subcontractor is terminated by Company on any date other than the designated renewal date unless termination was made by mutual agreement of the parties, Company shall give Subcontractor at least ninety (90) days prior written notice of the termination and the opportunity to request a hearing in all instances except when the termination is based upon non-renewal of this Agreement, a determination of fraud, breach of contract by Subcontractor, sanctions by a State or Federal agency, or the opinion of Company's medical director that Subcontractor represents an imminent danger to a Member or the public health, safety and welfare. The notice of termination shall specify: (a) that the Subcontractor may request in writing from Company, within fifteen (15) days of receipt of the notice, a written reason for the termination unless such reason is already stated in the notice, (b) that the Subcontractor may request a hearing, and; (c) the procedures for exercising Subcontractor's right to a hearing. The Subcontractor's participation in the hearing process shall not be deemed an abrogation of the Subcontractor's legal rights.

D. Pricing Following Termination. To the extent applicable, the Subcontractor shall continue to provide services to members at the contract price following termination of this Agreement, in accordance with N.J.A.C. 11:24-3.5.

E. Secondary Contractors. To the extent Subcontractor is or acts as a secondary contractor (as defined in Section 11:24-1.2 of the New Jersey Administrative Code), Company is a third party beneficiary of the secondary contractor's contract(s) with the health care providers, and Subcontractor's contract(s) with health care providers shall provide that Company shall have privity of contract with the health care providers such that the Company shall have standing to enforce Subcontractor's contract(s) with the health care providers in the absence of enforcement by Subcontractor. All Subcontractor's agreements with health care providers shall be consistent with laws regarding confidentiality of information and with professional licensing standards, including, but not limited to, New Jersey Statutes Sections 45:14B-31 et seq. and 11:24-15.2(b-e) of the New Jersey Administrative Code. Such contracts shall include a provision whereby the provider is required to hold Members harmless for the cost of any service or supply covered by Company, subject to Section 11:24-15.2(b)(7)(i & ii), whether or not the provider believes the compensation received is adequate. Company reserves the right to enter into separate contracts directly with such health care providers, as set out in NJAC 11:24-15.2(g).

Notwithstanding the foregoing sentence, the rights of Company as a third party beneficiary and of privity of contract with respect to the Subcontractor's contracts with heath care providers in no way limit Subcontractor's obligations to enforce the terms of such contracts nor shall such rights be construed in any way to impose an obligation on Company to enforce such contracts.

IV. Pharmacy Subcontracts

If this Agreement is for the provision of pharmacy services or supplies by the Subcontractor than this Agreement must comply with N.J. Stat. 26:2J-4.7 and all the terms and conditions of the Agreement are subject to the provisions set forth in N.J.A.C. 11:24-18.

IN WITNESS WHEREOF, the undersigned parties are authorized officers and/or representatives of each Party's applicable Affiliate with signatory authority to bind such Affiliate to the terms of this Agreement, including this **Exhibit A**, provided, further, by executing this **Exhibit A**, the Parties acknowledge and agree that each such Party desires the applicable Affiliate to be legally bound by all of the terms of this Agreement, including this **Exhibit A**.

EXHIBIT B

MACBRIDE PRINCIPLES CERTIFICATION FORM

COMPLETE THIS CERTIFICATION IN COMPLIANCE WITH MACBRIDE PRINCIPLES AND NORTHERN IRELAND ACT OF 1989

Pursuant to Public Law 1995, c.134, a contractor must complete the certification below by checking one of the two representations listed and signing where indicated.

I certify, pursuant to N.J.S.A. 52:34-12.2 that the entity for which I am authorized to contract:

____ has no ongoing business activities in Northern Ireland and does not maintain a physical presence therein through the operation of offices, plants, factories, or similar facilities, either directly or indirectly, through intermediaries, subsidiaries or affiliated companies over which it maintains effective control; or

____ will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principles of nondiscrimination in employment as set forth in N.J.S.A. 52:18A-89.5 and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of their compliance with those principles.
I certify that the foregoing statements made by me are true. I am aware that if any of the foregoing statements made by me are willfully false, I am subject to punishment.

PRODUCT PARTICIPATION SCHEDULE

Participation under this Agreement will include the products indicated below. Compensation for these products will be according to the Services and Compensation Schedule attached to this Agreement.

- Those Medicaid Plans and programs offered by Company within the State of New Jersey.
- Dual Eligible Plans and programs offered by Company within the State of New Jersey.

Individual Sites Regulatory Addendum – Exhibit A

NEW YORK (RISK)

NEW YORK STATE DEPARTMENT OF HEALTH
STANDARD CLAUSES
FOR MANAGED CARE PROVIDER/IPA CONTRACTS

Notwithstanding any other provision of this agreement, contract, or amendment (hereinafter "the Agreement" or "this Agreement") the parties agree to be bound by the following clauses which are hereby made a part of the Agreement. Further, if this Agreement is between a Managed Care Organization and an IPA, or between an IPA and an IPA, such clauses must be included in IPA contracts with providers, and providers must agree to such clauses.

A. DEFINITIONS FOR PURPOSES OF THIS APPENDIX

"Managed Care Organization" or " MCO" shall mean the person, natural or corporate, or any groups of such persons, certified under Public Health Law Article 44, who enter into an arrangement, agreement or plan or any combination of arrangements or plans which provide or offer, or which do provide or offer, a comprehensive health services plan.

"Independent Practice Association" or "IPA" shall mean an entity formed for the limited purpose of arranging by contract for the delivery or provision of health services by individuals, entities and facilities licensed or certified to practice medicine and other health professions, and, as appropriate, ancillary medical services and equipment, by which arrangements such health care providers and suppliers will provide their services in accordance with and for such compensation as may be established by a contract between such entity and one or more MCOs. "IPA" may also include, for purposes of this Agreement, a pharmacy or laboratory with the legal authority to contract with other pharmacies or laboratories to arrange for or provide services to enrollees of a New York State MCO.

"Provider" shall mean physicians, dentists, nurses, pharmacists and other health care professionals, pharmacies, hospitals and other entities engaged in the delivery of health care services which are licensed, registered and/or certified as required by applicable federal and state law.

B. GENERAL TERMS AND CONDITIONS

1. This Agreement is subject to the approval of the New York State Department of Health and if implemented prior to such approval, the parties agree to incorporate into this Agreement any and all modifications required by the Department of Health for approval or, alternatively, to terminate this Agreement if so directed by the Department of Health, effective sixty (60) days subsequent to notice, subject to Public Health Law §4403(6) (e). This Agreement is the sole agreement between the parties regarding the arrangement established herein.

2. Any material amendment to this Agreement is subject to the prior approval of the Department of Health, and any such amendment shall be submitted for approval at least thirty (30) days, or ninety (90) days if the amendment adds or materially changes a risk sharing arrangement that is subject to Department of Health review, in advance of anticipated execution. To the extent the MCO provides and arranges for the provision of comprehensive health care services to enrollees served by the Medical Assistance Program, the MCO shall notify and/or submit a copy of such material amendment to DOH or New York City, as may be required by the Medicaid managed care contract between the MCO and DOH (or New York City) and/or the Family Health Plus contract between the MCO and DOH.

3. Assignment of an agreement between an MCO and (1) an IPA, (2) institutional network provider, or (3) medical group provider that serves five percent or more of the enrolled population in a county, or the assignment of an agreement between an IPA and (1) an institutional provider or (2) medical group provider

that serves five percent or more of the enrolled population in a county, requires the prior approval of the Commissioner of Health.

4. As applicable, Provider agrees, or if the Agreement is between the MCO and an IPA or between an IPA and an IPA, the IPA agrees and shall require the IPA's providers to agree, to comply fully and abide by the rules, policies and procedures that the MCO (a) has established or will establish to meet general or specific obligations placed on the MCO by statute, regulation, or DOH or SID guidelines or policies and (b) has provided to the Provider at least thirty (30) days in advance of implementation, including but not limited to:

    - quality improvement/management;
    - utilization management, including but not limited to precertification procedures, referral process or protocols, and reporting of clinical encounter data;
    - member grievances; and
    - provider credentialing.

5. The Provider or, if the Agreement is between the MCO and an IPA, or between an IPA and an IPA, the IPA agrees, and shall require its providers to agree, to not discriminate against an enrollee based on color, race, creed, age, gender, sexual orientation, disability, place of origin, source of payment or type of illness or condition.

6. Intentionally Left Blank.

7. The MCO or IPA which is a party to this Agreement agrees that nothing within this Agreement is intended to, or shall be deemed to, transfer liability for the MCO's or IPA's own acts or omissions, by indemnification or otherwise, to a provider.

8. Notwithstanding any other provision of this Agreement, the parties shall comply with the provisions of the Managed Care Reform Act of 1996 (Chapter 705 of the Laws of 1996) Chapter 551 of the Laws of 2006, Chapter 451 of the Laws of 2007 and Chapter 237 of the Laws of 2009 with all amendments thereto.

9. To the extent the MCO enrolls individuals covered by the Medical Assistance and/or Family Health Plus programs, this Agreement incorporates the pertinent MCO obligations under the Medicaid managed care contract between the MCO and DOH (or New York City) and/or the Family Health Plus contract between the MCO and DOH as if set forth fully herein, including:

    a. the MCO will monitor the performance of the Provider or IPA under the Agreement, and will terminate the Agreement and/or impose other sanctions, if the Provider's or IPA's performance does not satisfy standards set forth in the Medicaid managed care and/or Family Health Plus contracts;

    b. the Provider or IPA agrees that the work it performs under the Agreement will conform to the terms of the Medicaid managed care contract between the MCO and DOH (or between the MCO and New York City) and/or the Family Health Plus contract between the MCO and DOH, and that it will take corrective action if the MCO identifies deficiencies or areas of needed improvement in the Provider's or IPA's performance; and

    c. The Provider or IPA agrees to be bound by the confidentiality requirements set forth in the Medicaid managed care contract between the MCO and DOH (or between the MCO and New York City) and/or the Family Health Plus contract between the MCO and DOH.

    d. The MCO and the Provider or IPA agree that a woman's enrollment in the MCO's Medicaid managed care or Family Health Plus product is sufficient to provide services to

her newborn, unless the newborn is excluded from enrollment in Medicaid managed care or the MCO does not offer a Medicaid managed care product in the mother's county of fiscal responsibility.

e. The MCO shall not impose obligations and duties on the Provider or IPA that are inconsistent with the Medicaid managed care and/or Family Health Plus contracts, or that impair any rights accorded to DOH, the local Department of Social Services, or the United States Department of Health and Human Services.

f. The Provider or IPA agrees to provide medical records to the MCO for purposes of determining newborn eligibility for Supplemental Security Income where the mother is a member of the MCO and for quality purposes at no cost to the MCO.

g. The Provider or IPA agrees , pursuant to 31 U.S.C. § 1352 and CFR Part 93, that no Federally appropriated funds have been paid or will be paid to any person by or on behalf of the Provider/IPA for the purpose of influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the award of any Federal loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement. The Provider or IPA agrees to complete and submit the "Certification Regarding Lobbying," Exhibit A-1 attached hereto and incorporated herein, if this Agreement exceeds $100,000.

If any funds other than Federally appropriated funds have been paid or will be paid to any person for the purpose of influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of a member of Congress, in connection with the award of any Federal Contract, the making of any Federal grant, the making of any Federal loan, the entering of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement, and the Agreement exceeds $100,000 the Provider or IPA shall complete and submit Standard Form-LLL "Disclosure Form to Report Lobbying," in accordance with its instructions.

h. The Provider agrees to disclose to MCO on an ongoing basis, any managing employee that has been convicted of a misdemeanor or felony related to the person's involvement in any program under Medicare, Medicaid or a Title XX services program (Block grant programs)

i. The Provider agrees to monitor its employees and staff against the List of Excluded Individuals and Entities (LEIE) and excluded individuals posted by the OMIG on its Website.

j. The Provider agrees to disclose to MCO complete ownership, control, and relationship information.

k. Provider agrees to obtain for MCO ownership information from any subcontractor with whom the provider has had a business transaction totaling more than $25,000, during the 12 month period ending on the date of the request made by SDOH, OMIG or DHHS. The information requested shall be provided to MCO within 35 days of such request.

10. The parties to this Agreement agree to comply with all applicable requirements of the Federal Americans with Disabilities Act.

11. The Provider agrees, or if the Agreement is between the MCO and an IPA or between an IPA and an IPA, the IPA agrees and shall require the IPA's providers to agree, to comply with all applicable requirements of

the Health Insurance Portability and Accountability Act; the HIV confidentiality requirements of Article 27-F of the Public Health Law and Mental Hygiene Law § 33.13.

C. PAYMENT / RISK ARRANGEMENTS

1. Enrollee Non-liability. Provider agrees that in no event, including, but not limited to, nonpayment by the MCO or IPA, insolvency of the MCO or IPA, or breach of this Agreement, shall Provider bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against a subscriber, an enrollee or person (other than the MCO or IPA) acting on his/her/their behalf, for services provided pursuant to the subscriber contract or Medicaid Managed Care contract or Family Health Plus contract and this Agreement, for the period covered by the paid enrollee premium. In addition, in the case of Medicaid Managed Care, Provider agrees that, during the time an enrollee is enrolled in the MCO, he/she/it will not bill the New York State Department of Health or the City of New York for Covered Services within the Medicaid Managed Care Benefit Package as set forth in the Agreement between the MCO and the New York State Department of Health. In the case of Family Health Plus, Provider agrees that, during the time an enrollee is enrolled in the MCO, he/she/it will not bill the New York State Department of Health for Covered Services within the Family Health Plus Benefit Package, as set forth in the Agreement between the MCO and the New York State Department of Health. This provision shall not prohibit the provider, unless the MCO is a managed long term care plan designated as a Program of All-Inclusive Care for the Elderly (PACE), from collecting copayments, coinsurance amounts, or permitted deductibles, as specifically provided in the evidence of coverage, or fees for uncovered services delivered on a fee-for-service basis to a covered person provided that Provider shall have advised the enrollee in writing that the service is uncovered and of the enrollee's liability therefore prior to providing the service. Where the Provider has not been given a list of services covered by the MCO, and/or Provider is uncertain as to whether a service is covered, the Provider shall make reasonable efforts to contact the MCO and obtain a coverage determination prior to advising an enrollee as to coverage and liability for payment and prior to providing the service. This provision shall survive termination of this Agreement for any reason, and shall supersede any oral or written agreement now existing or hereafter entered into between Provider and enrollee or person acting on his or her behalf.

2. Coordination of Benefits (COB). To the extent otherwise permitted in this Agreement, the Provider may participate in collection of COB on behalf of the MCO, with COB collectibles accruing to the MCO or to the provider. However, with respect to enrollees eligible for medical assistance, or participating in Child Health Plus or Family Health Plus, the Provider shall maintain and make available to the MCO records reflecting COB proceeds collected by the Provider or paid directly to enrollees by third party payers, and amounts thereof, and the MCO shall maintain or have immediate access to records concerning collection of COB proceeds.

3. If the Provider is a health care professional licensed, registered or certified under Title 8 of the Education Law, the MCO or the IPA must provide notice to the Provider at least ninety (90) days prior to the effective date of any adverse reimbursement arrangement as required by Public Health Law § 4406-c(5-c). Adverse reimbursement change shall mean a proposed change that could reasonably be expected to have a material adverse impact on the aggregate level of payment to a health care professional. This provision does not apply if the reimbursement change is required by law, regulation or applicable regulatory authority; is required as a result of changes in fee schedules, reimbursement methodology or payment policies established by the American Medical Association current procedural terminology (CPT) codes, reporting guidelines and conventions; or such change is expressly provided for under the terms of this Agreement by the inclusion or reference to a specific fee or fee schedule, reimbursement methodology or payment policy indexing scheme.

4. The parties agree to comply with and incorporate the requirements of Physician Incentive Plan (PIP) Regulations contained in 42 CFR §438.6(h), 42 CFR § 422.208, and 42 CFR § 422.210 into any contracts between the contracting entity (provider, IPA, hospital, etc.) and other persons/entities for the provision of services under this Agreement. No specific payment will be made

directly or indirectly under the plan to a physician or physician group as an inducement to reduce or limit medically necessary services furnished to an enrollee.

5. The parties agree that a claim for home health care services following an inpatient hospital stay cannot be denied on the basis of medical necessity or a lack of prior authorization while a utilization review determination is pending if all necessary information was provided before a member's inpatient hospital discharge, consistent with Public Health Law § 4903.

D. RECORDS ACCESS

1. Pursuant to appropriate consent/authorization by the enrollee, the Provider will make the enrollee's medical records and other personally identifiable information (including encounter data for government-sponsored programs) available to the MCO (and IPA if applicable), for purposes including preauthorization, concurrent review, quality assurance, (including Quality Assurance Reporting Requirements ("QARR")), payment processing, and qualification for government programs, including but not limited to newborn eligibility for Supplemental Security Income (SSI) and for MCO/Manager analysis and recovery of overpayments due to fraud and abuse. The Provider will also make enrollee medical records available to the State for management audits, financial audits, program monitoring and evaluation, licensure or certification of facilities or individuals, and as otherwise required by state law. The Provider shall provide copies of such records to DOH at no cost. The Provider (or IPA if applicable) expressly acknowledges that he/she/it shall also provide to the MCO and the State (at no expense to the State), on request, all financial data and reports, and information concerning the appropriateness and quality of services provided, as required by law. These provisions shall survive termination of the contract for any reason.

2. When such records pertain to Medicaid or Family Health Plus reimbursable services the Provider agrees to disclose the nature and extent of services provided and to furnish records to DOH and/or the United States Department of Health and Human Services, the County Department of Social Services, the Comptroller of the State of New York, the Office of the Medicaid Inspector General, the New York State Attorney General, and the Comptroller General of the United States and their authorized representatives upon request. This provision shall survive the termination of this Agreement regardless of the reason.

3. The parties agree that medical records shall be retained for a period of six (6) years after the date of service, and in the case of a minor, for three (3) years after majority or six (6) years after the date of service, whichever is later, or for such longer period as specified elsewhere within this Agreement. This provision shall survive the termination of this Agreement regardless of the reason.

4. The MCO and the Provider agree that the MCO will obtain consent directly from enrollees at the time of enrollment or at the earliest opportunity, or that the Provider will obtain consent from enrollees at the time service is rendered or at the earliest opportunity, for disclosure of medical records to the MCO, to an IPA or to third parties. If the Agreement is between an MCO and an IPA, or between an IPA and an IPA, the IPA agrees to require the providers with which it contracts to agree as provided above. If the Agreement is between an IPA and a provider, the Provider agrees to obtain consent from the enrollee if the enrollee has not previously signed consent for disclosure of medical records.

E. TERMINATION AND TRANSITION

1. Termination or non-renewal of an agreement between an MCO and an IPA, institutional network provider, or medical group Provider that serves five percent or more of the enrolled population in a county, or the termination or non-renewal of an agreement between an IPA and an institutional Provider or medical group Provider that serves five percent or more of the enrolled population in a county, requires notice to the Commissioner of Health. Unless otherwise provided by statute or regulation, the effective date of termination shall not be less than 45 days after receipt of notice by either party, provided, however, that

termination, by the MCO may be effected on less than 45 days notice provided the MCO demonstrates to DOH's satisfaction prior to termination that circumstances exist which threaten imminent harm to enrollees or which result in Provider being legally unable to deliver the covered services and, therefore, justify or require immediate termination.

2. If this Agreement is between the MCO and a health care professional, the MCO shall provide to such health care professional a written explanation of the reasons for the proposed contract termination, other than non-renewal, and an opportunity for a review as required by state law. The MCO shall provide the health care professional 60 days notice of its decision to not renew this Agreement.

3. If this Agreement is between an MCO and an IPA, and the Agreement does not provide for automatic assignment of the IPA's Provider contracts to the MCO upon termination of the MCO/IPA contract, in the event either party gives notice of termination of the Agreement, the parties agree, and the IPA's providers agree, that the IPA providers shall continue to provide care to the MCO's enrollees pursuant to the terms of this Agreement for 180 days following the effective date of termination, or until such time as the MCO makes other arrangements, whichever first occurs. This provision shall survive termination of this Agreement regardless of the reason for the termination.

4. Continuation of Treatment. The Provider agrees that in the event of MCO or IPA insolvency or termination of this contract for any reason, the Provider shall continue, until medically appropriate discharge or transfer, or completion of a course of treatment, whichever occurs first, to provide services pursuant to the subscriber contract, Medicaid Managed Care contract, or Family Health Plus contract, to an enrollee confined in an inpatient facility, provided the confinement or course of treatment was commenced during the paid premium period. For purposes of this clause, the term "provider" shall include the IPA and the IPA's contracted providers if this Agreement is between the MCO and an IPA. This provision shall survive termination of this Agreement.

5. Notwithstanding any other provision herein, to the extent that the Provider is providing health care services to enrollees under the Medicaid Program and/or Family Health Plus, the MCO or IPA retains the option to immediately terminate the Agreement when the Provider has been terminated or suspended from the Medicaid Program.

6. In the event of termination of this Agreement, the Provider agrees, and, where applicable, the IPA agrees to require all participating providers of its network to assist in the orderly transfer of enrollees to another provider.

F. ARBITRATION

1. To the extent that arbitration or alternative dispute resolution is authorized elsewhere in this Agreement, the parties to this Agreement acknowledge that the Commissioner of Health is not bound by arbitration or mediation decisions. Arbitration or mediation shall occur within New York State, and the Commissioner of Health will be given notice of all issues going to arbitration or mediation, and copies of all decisions.

G. IPA-SPECIFIC PROVISIONS

1. Any reference to IPA quality assurance (QA) activities within this Agreement is limited to the IPA's analysis of utilization patterns and quality of care on its own behalf and as a service to its contract providers.

EXHIBIT A-1 TO EXHIBIT A
CERTIFICATION REGARDING LOBBYING

NEW YORK

The undersigned certifies, to the best of his or her knowledge, that:

1. No Federal appropriated funds have been paid or will be paid to any person by or on behalf of the Provider for the purpose of influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of a Member of Congress in connection with the award of any Federal loan, the entering into any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for the purpose of influencing or attempting to influence an officer or employee of any agency, a Member of Congress in connection with the award of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into any cooperative agreement, or the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement, and the Agreement exceeds $100,000, the Provider shall complete and submit Standard Form-LLL "Disclosure Form to Reporting Lobby," in accordance with its instructions.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into submission of this certification is a prerequisite for making or entering into this transaction pursuant to U.S.C. Section 1352. The failure to file the required certification shall subject the violator to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

EXHIBIT B to EXHIBIT A
STATE COMPLIANCE ADDENDUM

NEW YORK (RISK)

1. Participation in New York Contracts. Subject to and in accordance with the terms and conditions of the Agreement, including this Exhibit, IPA and Participating IPA Providers shall participate in Plans offered or administered by Company in New York.

2. Additional Definitions.

   a. "**Emergency Medical Condition**" means a medical or behavioral condition, the onset of which is sudden, that manifests itself by symptoms of sufficient severity, including severe pain, that a prudent layperson, possessing an average knowledge of medicine and health, could reasonably expect the absence of immediate medical attention to result in: (i) placing the health of the person afflicted with such condition in serious jeopardy, or in the case of a pregnant woman, the health of the woman or her unborn child or, in the case of a behavioral condition, placing the health of the person or others in serious jeopardy; or (ii) serious impairment to such person's bodily functions; or (iii) serious dysfunction of any bodily organ or part of such person; or (iv) serious disfigurement of such person.

   b. "**Emergency Services**" means health care procedures, treatments or services needed to evaluate or stabilize an Emergency Medical Condition including psychiatric stabilization and medical detoxification from drugs or alcohol.

   c. "**Medically Necessary**" or "**Medical Necessity**" means, with respect to health care items or services, items and services that are necessary to prevent, diagnose, manage or treat conditions in the person that cause acute suffering, endanger life, result in illness or infirmity, interfere with such person's capacity for normal activity, or threaten some significant handicap.

   d. "**Post-Stabilization Care Services**" means covered services, related to an Emergency Medical Condition, that are provided after a Member is stabilized in order to maintain the stabilized condition, or to improve or resolve the Member's condition.

3. Emergency Services. Participating IPA Providers shall not be required to seek prior authorization for Emergency Services before the Member has been stabilized. Once a Member who receives Emergency Services is stabilized, the Participating IPA Provider shall seek prior authorization for Post-Stabilization Care Services for the Member in accordance with the provider manual.

4. Deficit Reduction Act. In accordance with Section 6032 of the Deficit Reduction Act of 2005 ("DRA"), IPA and Participating IPA Providers shall comply with Company's fraud and abuse prevention policy, as revised from time to time by Company. IPA shall make available to all employees and agents, and, to the extent required by DRA, its contractors, including but not limited to subcontracted providers, a copy of the Company fraud and abuse prevention policy, including specific discussion of the provisions of the Company fraud and abuse prevention policy in an employee handbook, if such agent or provider has an employee handbook.

   Upon request from Company, IPA and Participating IPA Providers agree to submit to Company a statement certifying that IPA and Participating IPA Providers comply with all applicable requirements, Federal and State, associated with the Company fraud and abuse prevention policy and the DRA. IPA and Participating IPA Providers shall cooperate fully with Company in any examination of the implementation of the Company's fraud and abuse prevention policy and shall provide any and all assistance requested by Company, CMS, the NY State Departments of Health or Social Services, and/or any law enforcement agency or any prosecutorial agency in the investigation and prosecution of fraud and abuse and related crimes.

5. Physician Incentive Plan Programs. The Parties shall comply with the requirements of the physician incentive plan (PIP) regulations contained in 42 C.F.R. § 438.6(h), 42 C.F.R. §§ 422.208 and 422.210. No specific payment will be made directly or indirectly as an inducement to reduce or limit medically necessary services furnished to a Member. Participating IPA Providers shall provide any physician incentive plan information in an accurate and timely manner to Company in the format requested by the New York State Department of Health. As applicable, IPA agrees to incorporate the requirements of the PIP regulations and this provision into its agreements with any persons/entities for the provision of services under this Agreement.

6. Continuation of Treatment Post-Termination. In accordance with New York State Public Health Law § 4403.6(e), upon termination or non-renewal of this Agreement, IPA and Participating IPA Providers shall allow Members to continue an ongoing course of treatment with Participating IPA Providers during a transitional period of (a) up to 90 days from the date of notice to the Member of the termination or non-renewal; or (b) if the Member has entered the second trimester of pregnancy at the time of termination or non-renewal, for a transitional period that includes the provision of post-partum care directly related to the delivery. IPA and Participating IPA Providers shall continue to accept the rates set forth in this Agreement for such transitional care services and to adhere to Company's quality assurance and all policy and procedure requirements.

7. Deemed Credentialed. If a Participating IPA Provider is a group practice, then any newly-licensed health care professional, or health care professional who has recently relocated to New York State from another State, is neither approved nor declined within 90 days of submitting a completed application packet for credentialing, the health care professional shall be deemed provisionally credentialed in accordance with New York State Public Health Law §4406-D.

8. Prompt Payment. The Parties shall comply with New York State Insurance Law § 3224-a. Except for fraud or where the obligation of Company is not reasonably clear, electronically submitted claims must be paid within 30 days of receipt of the claim or bill for services rendered, and claims submitted on paper or through fax must be paid within 45 days of receipt of the claim or bill for services rendered. Otherwise, Company shall deny the claim or ask for additional information within 30 days of receipt of the claim or bill for services rendered.

9. Intentionally Left Blank.

10. Overpayment. The Parties shall comply with New York State Insurance Law § 3224-b, which requires that Company provide Participating IPA Providers 30 days advance written notice before Company engages in additional overpayment recovery efforts seeking recovery of overpayments, other than duplicate payments. Such notice shall state the patient name, service date, payment amount, proposed adjustment and provide a reasonably specific explanation of the proposed adjustment. IPA or Participating IPA Providers may challenge any overpayment recovery pursuant to Company's policies and procedures, provided such challenge sets forth the specific grounds on which Participating IPA Provider is challenging the overpayment recovery.

11. Insurance. Participating IPA Providers that are chiropractors, physical, occupational, and speech therapists shall maintain professional liability insurance in an amount not less than $1,000,000 per occurrence and $3,000,000 in the aggregate.

12. Permitted Deductibles. Any reference in the Agreement to Deductibles means "Permitted Deductibles," which include only those deductibles associated with a point of sale contract or a high deductible health plan approved by the New York State Department of Health and the New York State Department of Financial Services.

EXHIBIT C TO EXHIBIT A

GOVERNMENT PROGRAMS ADDENDUM

NEW YORK

In addition to IPA's obligations under the Agreement, IPA agrees to abide by all applicable provisions of the contracts between Company and Government Sponsors and to fulfill IPA obligations hereunder in a manner consistent with Company's obligations under the Government Contracts. As used in this Exhibit, the term "IPA" includes "Participating IPA Providers". IPA's compliance specifically includes the following:

1. Application. IPA acknowledges and agrees that all provisions of this Addendum and of the Agreement shall apply equally to any employees, independent contractors and subcontractors of IPA who provide or may provide Covered Services to Members, and IPA represents and warrants that IPA shall take all steps necessary to cause such employees, independent contractors and subcontractors to comply with this Addendum and the Agreement and all applicable laws and regulations, and perform all requirements applicable to Medicare and Medicaid programs. Company and IPA agree, and IPA shall require Participating IPA Providers to agree, that any services or other activity performed by IPA, Participating IPA Providers, or any first tier, downstream, or related entity in accordance with a contract or written agreement must be consistent with and comply with Company's contractual obligations.

2. Patient Confidentiality; Accuracy of Records. IPA shall be bound by any patient confidentiality provisions set forth in Company's policies and procedures, as well as federal and state laws and regulations and the provisions of the Government Contracts regarding confidentiality and disclosure of medical records or other health or enrollment information pertaining to Members. Without limiting the generality of the foregoing, IPA agrees to: (i) safeguard the privacy of all Member medical records and ensure that copies of or information from such records are released only to authorized individuals; (ii) release such records only in accordance with applicable federal or state laws or pursuant to court orders or subpoenas; (iii) maintain all such records in an accurate and timely manner; and (iv) ensure timely access by Members to records and information that pertain to them.

3. Payment. This paragraph 3 applies only if payment timeframes are not specified elsewhere in the Agreement: Company agrees to pay IPA for Covered Services rendered to Members within forty-five (45) calendar days of actual receipt by Company of a Clean Claim. Payments for non-capitated Covered Services rendered to Members are subject to any and all valid and applicable laws related to claims payment. With respect to Medicare and Medicaid Members, IPA acknowledges that compensation under the Agreement for such Members constitutes receipt of federal funds. IPA shall pay on a timely basis all employees, independent contractors and subcontractors who render Covered Services to Members for which IPA is financially responsible pursuant to the Agreement.

4. Hold Harmless. IPA acknowledges and agrees that in no event, including but not limited to the insolvency of Company, breach of the Agreement and/or non-payment for services by Company, shall IPA bill or seek compensation from or assert any legal action against Members or persons acting on behalf of Members for payment of any fees that are the legal obligation of Company. This provision shall not prohibit IPA from collecting copayments, coinsurance amounts, or permitted deductibles, as specifically provided in the Evidence of Coverage, or fees for non-Covered Services delivered on a fee-for-service basis to a Member provided that IPA shall have advised the Member in writing that the service is not a Covered Service and of the Member's liability therefore prior to providing the service.

5. Dual Eligibles Hold Harmless. IPA acknowledges and agrees that Members eligible for both Medicare and Medicaid shall not be held liable for Medicare Part A and B cost sharing when the State is responsible for paying such amounts. Company will not impose cost-sharing that exceeds the amount of cost sharing that would be permitted with respect to the individual under Medicaid if the individual were not a Member. IPA will accept Company payment as payment in full or bill the appropriate State source. Medicare Part A and B services for FIDA members are provided at zero cost share to the Member, and IPA and providers may only bill company for such services.

6. Compliance. IPA shall comply with all applicable state and federal laws, rules and regulations governing the Government Programs and applicable state and federal guidance and instructions, and with Company's policies and procedures. IPA, Participating IPA Providers, and any related entity, contractor, or subcontractor of IPA or Participating IPA Providers must comply with all applicable Medicare laws, regulations and CMS instructions.

7. Credentialing. The credentials of medical professionals affiliated with IPA will be reviewed by Company in accordance with Company's polices as stated in the Agreement. If such credentialing process has been delegated to IPA as a part of this Agreement or in a separate Agreement, the credentialing process will be reviewed and approved by Company and Company shall audit the credentialing process on an ongoing basis. If Company has delegated a selection of providers, contractors, or subcontractors, Company shall retain the right to approve, suspend or terminate any arrangement with a provider, contractor or subcontractor.

8. Records/Audits/Access. IPA shall permit audits and inspection by Government Sponsors, including but not limited to the United States Department of Health and Human Services, the Comptroller General of the United States, CMS and/or their designees regarding any pertinent contracts, books, documents, papers and records (including medical records) (collectively, "Books and Records") involving or relating to IPA's provision of services to Members. All such Books and Records shall be retained and made available by IPA for a period of ten (10) years from the termination of the applicable Government Contract or ten (10) years from the date of completion of any audit or in certain instances described in applicable Laws and regulations, for periods in excess of ten (10) years, if appropriate.

9. Accountability. IPA acknowledges that Company oversees and is accountable to Government Sponsor for any functions and responsibilities set forth in the regulations governing the Government Programs. IPA further acknowledges and agrees that pursuant to applicable Laws and regulations, Company or its designees will monitor IPA's performance hereunder and that Company and/or Government Sponsor shall have the right to terminate the Agreement and IPA's participation in the Government Contract if IPA does not perform satisfactorily hereunder.

10. Delegation.

10.1 Any delegation of functions hereunder shall be in accordance with applicable delegation requirements set forth in applicable Laws. Company shall monitor any delegated functions and shall be ultimately responsible for the performance of all delegated functions.

10.2 If Company has delegated the selection of the providers, contractors, or subcontractors under this Agreement, Company retains the right to approve, suspend, or terminate any such arrangement.

10.3 If any of Company's activities or responsibilities pursuant to its contract with CMS are delegated, the following requirements shall apply:

10.3.1 Company may revoke the delegated activities and reporting requirements in instances where CMS or Company determines that the parties performing the delegated functions have not performed satisfactorily;

10.3.2 Company shall monitor the performance of the delegated functions on an ongoing basis; and

10.3.3 The credentials of medical professionals affiliated with the parties performing the delegated functions will either: (1) be reviewed by Company or (2) the credentialing process will be reviewed and approved by Company and Company will audit the credentialing process on an ongoing basis.

11. Reporting Requirements; Policies and Procedures. IPA acknowledges that Company is subject to reporting requirements specified in the applicable Law and regulations. In furtherance of any such applicable reporting requirements, IPA shall comply with all data and reporting requirements of Company. IPA shall also comply with all other policies and procedures of Company.

12. Continued Care. IPA agrees that: (i) Covered Services provided to Members hereunder shall continue for all members for the duration of the Government Contract period for which payments have been made to Company; and (ii) in the event of Company insolvency or termination of the Government Contract for any reason, Covered Services shall continue until the date of discharge for any Member confined in an inpatient IPA on the effective date of insolvency or termination.

13. Fraud, Waste and Abuse Compliance. IPA shall fully comply and cooperate with training and education given as part of Company's compliance plan to detect, correct and prevent fraud, waste, and abuse. IPA shall maintain procedures to voluntarily self-report to Government Sponsors and Company potential fraud or misconduct related to the provision of Covered Services to Members. Such procedures shall be submitted to Company on or before the date of execution of this Agreement and thereafter upon request, and shall be subject to audit by Company.

14. Risk Adjustment Data. For purposes of this Section 13, "risk adjustment data" shall have the meaning set forth in 42 C.F.R. Section 422.310(a), as may be amended from time to time. Company may be required to obtain risk adjustment data from IPA for Members, and IPA agrees to provide complete and accurate risk adjustment data to Company for Members that conforms to all standards and requirements set forth in applicable laws, rules and regulations and/or CMS instructions that apply to risk adjustment data. IPA certifies, based on best knowledge, information and belief, that any risk adjustment data that IPA submits to Company for Members is accurate, complete and truthful. IPA agrees to immediately notify Company if any risk adjustment data that was submitted to Company for Members is erroneous, and follow procedures established by Company to correct erroneous risk adjustment data to ensure Company's compliance with applicable laws, rules and regulations and CMS instructions.

IPA further agrees to maintain accurate, legible and complete medical record documentation for all risk adjustment data submitted to Company for Members in a format that meets all standards and requirements set forth in applicable laws, rules, regulations and/or CMS instructions, and allows any federal governmental authorities with jurisdiction or their designees ("Government Officials") to: (1) confirm that the appropriate diagnoses codes and level of specificity are documented ; (2) verify the date of service is documented and within the risk adjustment data collection period; and (3) confirm that the appropriate IPA provider's signature and credentials are present ("Medical Records").

IPA agrees to provide Company and Government Officials, or their designees, with medical records and any other information or documentation required by Government Officials for the validation of risk adjustment data ("Audit Data"). IPA agrees to provide Company with Audit Data within the timeframe established by Company to ensure Company's compliance with deadlines imposed by Government Officials for the submission of Audit Data. In the event that CMS conducts a review that includes the validation of risk adjustment data submitted by IPA, Company will submit to IPA a copy of the CMS written notice of such review, along with a written request from Company for Audit Data.

15. Notice. IPA agrees to immediately notify Company in the event that IPA, any participating provider, or any of IPA's employees, contractors, subcontractors, agents or any other individual or entities that assist or are involved in IPA's performance of services for under the Agreement ("IPA Related Parties") are or become disbarred, excluded, suspended, or otherwise determined to be ineligible to participate in a federal health care program. At a minimum, IPA agrees to review the Department of Health and Human Services Office of Inspector General ("OIG") and General Service Administrative ("GSA") exclusion lists ("Exclusion Lists") on an annual basis (unless more frequently required under applicable laws, rules and/or regulations) to ensure that IPA Related Parties are not included on the Exclusion Lists. IPA shall not employ or contract with, with or without compensation, any individual or entity that has been disbarred, excluded, suspended or otherwise determined to be ineligible to participate in a federal health care program. IPA agrees that if a IPA Related Party appears on an Exclusion List and/or is excluded from participation in any federal health care program, IPA will immediately remove the IPA Related Party from any work related directly or indirectly to services under this agreement and take all corrective actions required under applicable laws, rules or regulations. Company may immediately terminate or suspend the Agreement upon notice to IPA, at Company's sole discretion at any time if IPA is debarred, sanctioned or suspended

from participation in any federal health care program, including, but not limited to, the Medicare or Medicaid programs.

16. Offshoring. In no event shall IPA, without Company's prior written approval, perform any services under the Agreement through any individual or entity (including, but not limited to, any employee, contractor, subcontractor, agent, representative or other individual or entity), if such individual or entity is physically located outside of one of the fifty United States or one of the United States Territories (i.e., American Samoa, Guam, Northern Marianas, Puerto Rico, and Virgin Islands) ("Offshore Entity"). IPA further agrees that IPA may not utilize the services of any Offshore Entity not audited by Company prior to the provision of services.

In the event that Company provides IPA with prior written approval to use an Offshore Entity to perform any services for Plans, IPA shall take all steps necessary to ensure that: (a) Offshore Entity complies with the requirements of this Agreement and any related Addendum, and (b) IPA and Offshore Entity comply with all laws, rules and regulations, including, without limitation, CMS instructions, applicable to the performance of any services for Plans outside of one of the fifty United States or one of the United States Territories.

In no event shall IPA, without Company's prior written approval, provide Protected Health Information (as that term is defined below) received from, or created or received by IPA on behalf of Company, to any employee or agent, including a subcontractor, if such employee, agent or subcontractor receives, processes or otherwise has access to the Protected Health Information outside of the United States of America. 'Protected Health Information' shall have the same meaning as the term 'Protected Health Information,' as defined by 45 C.F.R. 160.103, limited to the information created or received by Delegated Entity from or on behalf of Company.

17. Interpretation. In the event of any inconsistency between this and the Agreement, the parties agree that the terms of this Exhibit C shall control with respect to Government Programs services.

18. Cultural Competency. IPA must, and will require Participating IPA Providers to, provide services in a culturally competent manner to all Members, including those with limited English proficiency or reading skills, and diverse cultural and ethnic backgrounds.

19. Amendment. Company may amend this Exhibit C to comply with applicable law or regulation, any Government Program requirements or any order or directive of any governmental agency, without the consent of IPA, and this Exhibit C shall be deemed to be automatically amended to conform with all laws and regulations promulgated at any time by any state or federal regulatory agency or authority having supervisory authority over this Agreement.

IN WITNESS WHEREOF, the undersigned parties are authorized officers and/or representatives of each Party's applicable Affiliate with signatory authority to bind such Affiliate to the terms of this Agreement, including this **Exhibit A**, provided, further, by executing this **Exhibit A**, the Parties acknowledge and agree that each such Party desires the applicable Affiliate to be legally bound by all of the terms of this Agreement, including this **Exhibit A**.

- Those New York Medicaid Plans and programs offered by Aetna Better Health Inc., a New York corporation, within the State of New York.
- Those New York Dual Eligible Plans and programs offered by Aetna Better Health Inc., a New York corporation, within the State of New York.

Individual Sites Regulatory Addendum – Exhibit A
OHIO (Risk)

This Addendum will supplement the Base Contract between Aetna Medicaid Administrators, LLC and its Affiliates., and MedSolutions, Inc., a Tennessee corporation with its principal place of business in Franklin, TN effective _____ **[Date to be completed by Company]** and will run concurrently with the terms of the Agreement. This Addendum is limited to the terms and conditions governing the provision of and payment for health services provided to Medicaid members.

ADDENDUM DEFINITIONS

Base Contract also known as **Agreement** means the contract between the MCP and the Provider.

MCP means a Medicaid managed care plan that has entered into a provider agreement to serve Medicaid consumers, which may include consumers enrolled in Integrated Care Delivery System (ICDS) Plans.

Medicaid means medical assistance provided under a state plan approved under Title XIX of the Social Security Act.

Member means a Medicaid recipient enrolled under the care management system pursuant to ORC 5111.16.

OAC means the Ohio Administrative Code.

ORC means the Ohio Revised Code.

ODJFS means the Ohio Department of Job and Family Services.

Provider means a hospital, health care facility, physician, dentist, pharmacy or otherwise licensed, certified, or other appropriate individual or entity, which is authorized to or may be entitled to reimbursement for health care services rendered to an MCP's member.

ADDENDUM PROVISIONS

The provisions of this Medicaid Addendum supersede any language to the contrary which may appear elsewhere in the Base Contract.

Participating providers providing health care services to Aetna Better Health Inc.'s members enrolled pursuant to a Medicaid Agreement agree to abide by all of the following specific terms:

1. Provider agrees that with the exception of any member co-payments the MCP has elected to implement in accordance with OAC rule 5101:3-26-12, the MCP's payment constitutes payment in full for any covered service and will not charge the member or ODJFS any co-payment, cost sharing, down-payment, or similar charge, refundable or otherwise. This agreement does not prohibit Nursing Facilities (NFs) from collecting patient liability payments from members as specified in OAC rule 5101: 1-39-24 or Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs) from submitting claims for supplemental payments to ODJFS as specified in OAC rules 5101:3-28-07 and 5101:3-16-05.

    A. MCP shall notify the provider whether MCP has elected to implement any member co-payments and if applicable under what circumstances member co-payments will be imposed in accordance with OAC rule 5101:3-26-12.

    B. Provider agrees that member notification regarding any applicable co-payment amounts must be carried out in accordance with OAC rule 5101:3-26-12.

2. Provider agrees not to hold liable ODJFS and the member in the event that the MCP cannot or will not pay for covered services performed by the provider pursuant to the Base Contract with the exception that:

   A. FQHCs and RHCs may be reimbursed by ODJFS in the event of MCP insolvency pursuant to Section 1902(bb) of the Social Security Act,

   B. The provider may bill the member when the MCP has denied prior authorization or referral for the services and the following conditions are met:

      i. The member was notified by the provider of the financial liability in advance of service delivery;

      ii. The notification by the provider was in writing, specific to the service being rendered, and clearly states that the member is financially responsible for the specific service. A general patient liability statement signed by all patients is not sufficient for this purpose; and

      iii. The notification is dated and signed by the member.

3. Provider agrees to cooperate with the MCP's quality assessment and performance improvement (QAPI) program in all the MCP's provider subcontracts and employment agreements for physician and non-physician providers.

4. The MCP shall disseminate written policies that include detailed information about the False Claims Act and other provisions named in 42 U.S.C. Section 1396a(a)(68), any related State laws pertaining to civil or criminal penalties, whistleblower protections under such laws, as well as the MCP's policies and procedures for detecting and preventing fraud, waste and abuse; and the provider agrees to abide by the MCP's written policies regarding the False Claims Act and the detection and prevention of fraud, waste and abuse.

5. Provider agrees to cooperate with the ODJFS external quality review as described in OAC Division 5101:3, including rule 5101:3-26-07.

6. The terms of the Base Contract relating to the beginning date and expiration date or automatic renewal clause, as well as the applicable methods of extension, renegotiation and termination apply to this Addendum.

7. Notwithstanding item 6 of this Addendum, the MCP must give the provider at least sixty days prior notice for the nonrenewal or termination of the Base Contract except in cases where an adverse finding by a regulatory agency or health or safety risks dictate that the Base Contract be terminated sooner.

8. Notwithstanding item 6 of this Addendum, the provider may non-renew or terminate the Base Contract if one of the following occurs:

   A. The provider gives the MCP at least sixty days prior notice for the nonrenewal or termination of the Base Contract. The effective date for the nonrenewal or termination must be the last day of the month; or

   B. ODJFS has proposed action in accordance with OAC Division 5101:3, including rule 5101:3-26-10(G), regardless of whether the action is appealed. The provider's nonrenewal or termination notice must be received by the MCP within fifteen working days prior to the end of the month in which the provider is proposing nonrenewal or termination. If the notice is not received by this date, the provider must extend the nonrenewal or termination date to the last day of the subsequent month

9. The procedures to be employed upon the ending, nonrenewal, or termination specified in the Base Contract, apply to this Addendum including an agreement to promptly supply all records necessary for the settlement of outstanding claims.

10. Notwithstanding Items 7 and 8 of this Addendum, in the event of a hospital provider's proposed non-renewal or termination of the Base Contract, the hospital provider agrees to notify in writing all providers who have admitting privileges at the hospital of the impending non-renewal or termination of the Base Contract and the last date the hospital will provide services to members under the Base Contract. This notice must be sent at least forty-five days prior to the effective date of the proposed non-renewal or termination. If the hospital provider issues less than forty-five days prior notice to the MCP, the notice to providers who have admitting privileges at the hospital must be sent within one working day of the hospital provider issuing notice of non-renewal or termination of the Base Contract.

11. Provider agrees to release to the MCP any information necessary for the MCP to perform any of its obligations under the ODJFS provider agreement, including but not limited to compliance with reporting and quality assurance requirements. Provider agrees the released information will be shared with ODJFS upon request to the MCP.

12. Provider must supply, upon request, the business transaction information required under 42 C.F.R. 455.105.

13. Provider and all employees of the provider are duly registered, licensed or certified under applicable state and federal statutes and regulations to provide the health care services that are the subject of the Base Contract and provider and all employees of the provider have not been excluded from participating in federally funded health care programs.

14. If the provider is a Medicaid provider, provider must meet the qualifications specified in OAC Division 5101:3, including rule 5101:3-26-05(C).

15. All laboratory testing sites providing services to members must have either a current Clinical Laboratory Improvement Amendments (CLIA) certificate of waiver, certificate of accreditation, certificate of compliance, or a certificate of registration along with a CLIA identification number.

16. Home health providers must meet the eligible provider requirements specified in OAC rule Chapter 5101:3-12 and comply with the requirements for home care dependent adults as specified in section 121.36 of the Ohio Revised Code.

17. Provider agrees to serve members through the last day the Base Contract is in effect.

18. If the provider is a third party administrator (TPA), the provider agrees to include all elements of OAC rule 5101:3-26-05(D) in its subcontracts and will ensure that its subcontractors will forward information to ODJFS as requested.

19. Provider agrees to provide services as enumerated in **Attachment B** of this Addendum (within the provider's scope of practice).

20. Provider shall be compensated pursuant to the method and in the amounts specified the Services and Compensation Schedule and the **Program Participation Schedule** of the Agreement.

21. Any amendment to the Attachment B and (Schedule, Exhibit, or Appendix) specified in items 19 or 20 of the addendum must be agreed to in writing by both parties.

22. If provider is a primary care provider (PCP), provider agrees to participate in the care coordination requirements outlined in OAC Division 5101:3, including rule 5101:3-26-03.1.

23. If provider is a hospital or hospital system, the Addendum must include the completed ODJFS Hospital Services Form, Attachment C of this addendum, which specifies which services of the hospital are included in the Base Contract.

24. MCP agrees not to prohibit, or otherwise restrict a provider acting within the lawful scope of practice, from advising or advocating on behalf of a member who is his or her patient for the following:

    A. The member's health status, medical care, or treatment options, including any alternative treatment that may be self-administered.

    B. Any information the member needs in order to decide among all relevant treatment options.

    C. The risks, benefits, and consequences of treatment versus non-treatment.

    D. The member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.

25. Provider agrees in providing health care services to members to identify and where indicated arrange, pursuant to the mutually agreed upon procedures between the MCP and provider for the following at no cost to the member:

    A. Sign language services.

    B. Oral interpretation and oral translation services.

26. MCP agrees to fulfill the provider's responsibility to mail or personally deliver notice of the member's right to request a state hearing whenever the provider bills a member due to the MCP's denial of payment of a Medicaid service, as specified in OAC Division 5101:3 including rule 5101:3-26-08.4, utilizing the procedures and forms as specified in OAC rule 5101:6-2-35.

27. Provider agrees to contact the MCP's designated twenty-four-hour post-stabilization services phone line to request authorization to provide post-stabilization services in accordance with OAC Division 5101:3, including rule 5101:3-26-03(G).

28. Provider agrees not to identify the addressee as a Medicaid consumer on the outside of the envelope when contacting members by mail.

29. Provider agrees not to bill members for missed appointments.

30. Provider shall not discriminate in the delivery of services based on the member's race, color, religion, gender, sexual orientation, age, disability, national origin, military status, genetic information, ancestry, health status or need for health services.

31. Provider, in performance of the subcontract or in the hiring of any employees for the performance of services under the contract, shall not by reason of race, color, religion, gender, sexual orientation, age disability, national origin, military status, genetic information, health status or ancestry, discriminate against any citizen of Ohio in the employment of a person qualified and available to perform the services to which the subcontract relates.

32. Provider shall not in any manner discriminate against, intimidate, or retaliate against any employee hired for the performance of services under the subcontract on account of race, color, religion, gender, sexual orientation, age

disability, national origin, military status, genetic information, health status, or ancestry.

33. Provider shall be bound by the same standards of confidentiality which apply to ODJFS and the state of Ohio as described in OAC rule 5101:1-1-03 and 45 CFR Parts 160 and 164, including standards for unauthorized uses of or disclosures of protected health information (PHI).

34. Provider agrees that their applicable facilities and records will be open to inspection by the MCP, ODJFS or its designee, or other entities as specified in OAC rule 5101:3-26-06.

35. Provider agrees that the Base Contract and Addendum are governed by, and are construed in accordance with all applicable laws, regulations, and contractual obligations of the MCP.

    A. ODJFS will notify the MCP and the MCP shall notify the provider of any changes in applicable state or federal law, regulations, waiver, or contractual obligation of the MCP.

    B. This Addendum shall be automatically amended to conform to such changes without the necessity for executing written amendments.

    C. The MCP shall notify the provider of all applicable contractual obligations.

36. Provider agrees to comply with the provisions for record keeping and auditing in accordance with OAC rule 5101:3-26.

37. Provider must retain and agrees to allow the MCP access to all member medical records for a period of not less than six years from the date of service or until any audit initiated within the six year period is completed and allow access to all record keeping, audits, financial records, and medical records to ODJFS or its designee or other entities as specified in OAC rule 5101:3-26-06.

38. Provider agrees to make patient medical records for Medicaid eligible individuals available for transfer to new providers at no cost to the patient.

The Ohio Department of Job and Family Services permit changes to Attachments A and/or B by mutual written agreement of both parties and without renegotiation of the Base Contract or this Addendum.

PRODUCT PARTICIPATION SCHEDULE

Participation under this Agreement will include the products indicated below. Compensation for these products will be according to the Services and Compensation Schedule attached to this Agreement.

- Those Medicaid Plans and programs offered by Company within the State of Ohio.
- Those Dual Plans and programs offered by Company within the State of Ohio.

Individual Sites Regulatory Addendum – Exhibit A

PENNSYLVANIA (RISK)

If there is any conflict between the terms of this **Exhibit A** and any of the other terms of this Agreement, including any attachments, schedules, exhibits and/or addenda made part of this Agreement, the terms of this **Exhibit A** will govern and control; provided, however, if there is any conflict between any of the terms of this Agreement, including this **Exhibit A**, and the applicable State Contract (as defined in this Agreement), then the terms of the State Contract will govern and control.

The term "Provider," as it appears throughout this **Exhibit A**, shall refer to Delegated Entity.

I. STATE-REQUIRED TERMS

Capitalized terms used and not otherwise defined in this Pennsylvania HealthChoices Addendum (the "Addendum") shall have the meanings set forth in the Agreement. The parties agree as follows:

3. **Controlling Provisions**. This Addendum shall be attached to, and constitute a part of, the Agreement. Any provisions of this Agreement, including this Addendum, which directly conflict with the terms and provisions of the Prime Contract will be deemed waived, unless such conflict may be resolved through construction or amendment as provided herein. In the event of any inconsistency between the terms of this Addendum and any other part of the Agreement, the terms of this Addendum shall govern and control, and all other terms and provisions of the Agreement not affected by this Addendum shall remain in full force and effect.

4. **Definitions**. The following definitions shall be incorporated into Article 1 of the Agreement. Any conflicting definitions in Article 1 of the Agreement shall be deleted in their entirety and replaced with those set forth below:

   Certified Registered Nurse Practitioner (CRNP). A registered nurse licensed in the Commonwealth of Pennsylvania who is certified by the boards in a particular clinical specialty area and who, while functioning in the expanded role as a professional nurse, performs acts of medical diagnosis or prescription of medical therapeutic or corrective measures in collaboration with and under the direction of a physician licensed to practice medicine in Pennsylvania.

   Department. The Department of Public Welfare (DPW) of the Commonwealth of Pennsylvania.

   Early and Periodic Screening, Diagnosis and Treatment (EPSDT). Items and services which must be made available to persons under the age of twenty-one (21) upon a determination of medical necessity and required by federal law at 42 U.S.C. §1396d(r).

   Emergency Services. Covered inpatient and outpatient services that: (a) are furnished by a Provider that is qualified to furnish such service under Title XIX of the Social Security Act and (b) are needed to evaluate or stabilize an Emergency Medical Condition.

   Emergency Medical Condition. A medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in: (a) placing the health of the individual (or with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, (b) serious impairment to bodily functions, or (c) serious dysfunction of any bodily organ or part.

   HealthChoices Program. The Pennsylvania 1915(b) waiver program to provide mandatory managed health care to Recipients.

HealthChoices Zone. A multiple-county area in which the HealthChoices Program has been implemented to provide mandatory managed care to Medicaid Recipients in Pennsylvania.

Medical Assistance (MA). The Medical Assistance Program authorized by Title XIX of the federal Social Security Act, 42 U.S.C. 1396 et seq., and regulations promulgated thereunder, and 62 P.S. and regulations at 55 PA Code Chapters 101 et seq.

Medically Necessary or Medical Necessity. A service or benefit is Medically Necessary if it is compensable under the MA Program and if it meets any one of the following standards:

i. The service or benefit will, or is reasonably expected to, prevent the onset of an illness, condition or disability.
ii. The service or benefit will, or is reasonably expected to, reduce or ameliorate the physical, mental or developmental effects of an illness, condition, injury or disability.
iii. The service or benefit will assist the Member to achieve or maintain maximum functional capacity in performing daily activities, taking into account both the functional capacity of the Member and those functional capacities that are appropriate for Members of the same age.

Determination of Medical Necessity for covered care and services, whether made on a prior authorization, concurrent review, retrospective review, or exception basis, must be documented in writing. The determination is based on medical information provided by the Member, the Member's family/caretaker and the Primary Care Practitioner, as well as any other providers enrolled in the Pennsylvania MA Program that provide services or supplies to Recipients, programs or agencies that have evaluated the Member. All such determinations must be made by qualified and trained health care providers. A health care provider who makes such determinations of Medical Necessity is not considered to be providing a health care service under this Agreement.

Primary Care Practitioner (PCP). A specific physician, physician group or a CRNP operating under the scope of his/her licensure, and who is responsible for supervising, prescribing, and providing primary care services; locating, coordinating and monitoring other medical care and rehabilitative services and maintaining continuity of care on behalf of a Recipient.

Prime Contract. The HealthChoices Agreement entered into by Company and the Commonwealth of Pennsylvania, Office of Administration, Contract Policy, Management and Procurement.

Recipient. A person eligible to receive physical and/or behavioral health services under the MA Program of the Commonwealth of Pennsylvania.

Urgent Medical Condition. Any illness, injury or severe condition which under reasonable standards of medical practice, would be diagnosed and treated within a twenty-four (24) hour period and if left untreated, could rapidly become a crisis or require Emergency Services. The term also includes situations where a person's discharge from a hospital will be delayed until services are approved or a person's ability to avoid hospitalization depends upon prompt approval of services.

5. **Eligibility**. Provider shall not deny services to a Recipient during the eligibility window for MA fee for service payment by the Department to Provider prior to the effective date of Company's initiation of a Member's coverage by Company.

6. **Sanctions**. Provider acknowledges that it may be subject to sanctions (including without limitation those described in Exhibit LL of the Prime Contract) in connection with violations of Federal and state laws and regulations (including, without limitation, statutes and regulations related to fraud, abuse, discrimination, disabilities, confidentiality, false claims and prohibition of kickbacks) related to this Agreement, the services to be provided hereunder, and the submission of claims and statements.

7. **Compliance with Applicable Law**. Provider represents and warrants that Provider (i) is certified to participate in the Medicaid program, and (ii) shall comply, and take all steps necessary to cause such

employees, independent contractors and subcontractors to comply, with the Medical Assistance regulations, any enforcement actions directly initiated by Department under its regulations (including termination and restitution actions, among others) and all applicable laws, rules and regulations and perform all requirements applicable to Government Programs, including without limitation the relevant provisions of Medical Assistance Bulletins 1123-91-01 and 99-94-08; Bulletins 1157-95-01, 1165-93-01 and 1165-93-07; 40 P.S. §§ 991.2117(b), 991.2131 and 991.2166; 31 Pa. Code § 154.18; 55 Pa. Code Chapters 1101, 1121, 1123, 1126 - 1130, 1140 - 1145, 1147, 1149, 1150, 1151, 1153, 1163, 1221, 1223, 1225, 1229, 1230, 1241, 1243, 1245, 1249, 3700 and 3800 as amended from time to time; and as otherwise set forth in the Prime Contract.

8. **Encounter Data; Prompt Payment**. For those services for which Provider is compensated on a capitated basis, if any, Provider agrees to cooperate with submission of encounter data within the time frames required by Section VIII of the Prime Contract, "Reporting Requirements" and set forth in the **Encounter Data Submission Schedule** attached hereto, regardless of whether reimbursement for such services is made by Company directly or through capitation. There shall be no restrictions on Company's use of such encounter data. Furthermore, Company is under no obligation to return such encounter data to Provider. Provider and Company agree that claims shall be paid consistent with the requirements of 40 P.S. § 991.2166 and 31 Pa. Code § 154.18.

9. **Recipient Restriction Program; Provider IDs**. Provider shall cooperate with Company's and the Department's Recipient Restriction Program, if any. Provider must be enrolled in the Commonwealth's MA Program and possess an active PROMISe™ provider ID.

10. **PIP Disclosures**. Provider shall disclose annually any Physician Incentive Plan (PIP) or risk arrangements it may have with physicians either within its group practice or other physicians not associated with the group practice even if there is no Substantial Financial Risk between Company and the physician or physician group. For purposes of this paragraph, "Substantial Financial Risk" means financial risk set at greater than twenty-five percent (25%) of potential payments for covered services, regardless of the frequency of assessment (i.e., collection) or distribution of payments. For purposes of this paragraph, the term "potential payments" means the maximum anticipated total payments that the physician or physician group could receive if the use or cost of referral services were significantly low. If the cost of referrals exceeds the twenty-five percent (25%) level, the financial arrangement is considered to put the physician or group at Substantial Financial Risk.

11. **Internal Infection Control Plan**. Provider shall develop and implement, in accordance with P.L.154, No. 13 known as the Medical Care Availability and Reduction of Error (Mcare) Act, an internal infection control plan satisfactory to Company that is established for the purpose of improving the health and safety of patients and health care workers and includes effective measures for the detection, control and prevention of Health Care-Associated Infections. For purposes of this paragraph, "Health Care-Associated Infection" shall mean a localized or systemic condition that results from an adverse reaction to the presence of an infectious agent or its toxins that:
    i) occurs in a patient in a health care setting; and
    ii) was not present or incubating at the time of admission, unless the infection was related to a previous admission to the same setting; and
    iii) if occurring in a hospital setting, meets the criteria for a specific infection site as defined by the Centers for Disease Control and Prevention and its National Healthcare Safety Network.

12. **Moral Objection**. This Agreement will not be construed as requiring Company to provide, reimburse for, or provide coverage of, a counseling or referral service if Provider objects to the provision of such services on moral or religious grounds.

13. **Quality Management/Utilization Management**. Provider will cooperate with the quality management and utilization management program standards outlined in Exhibit M(1) of the Prime Contract, "Quality Management and Utilization Management Program Requirements," and shall participate in and abide by the decisions of Company's quality assurance and utilization review systems.

14. **Medical Records**. All Member medical records and Confidential Information shall be treated as confidential and in accordance with applicable State and Federal laws and regulations, including without limitation Section 1231 of the Health Maintenance Organization Act (40 P. S. § § 1551—1567) and 40 P.S. § 991.2131. Applicable Federal and state authorities, including without limitation the Department, the Department of Health and the Department of Insurance, and their agents shall have access to medical records for assessing the quality of care, for investigating Member grievances or complaints, for enforcement or for other activities related to compliance, provided that such records are only accessible to Department of Health employees or agents with direct responsibilities for such activities.

15. **Interference with Contractual Relations**. Company shall not exclude, sanction, terminate or fail to renew Provider's participation for any of the reasons set forth in the section of the Agreement entitled "Interference With Contractual Relations" in Article 7, or for any of the following reasons: (i) advocating with or on behalf of Member for Medically Necessary and appropriate care consistent with the degree of learning and skill ordinarily possessed by a reputable health care provider practicing according to the applicable legal standard of care, or discussion of same with Member, including information regarding the nature of treatment; risks of treatment; alternative treatments; or the availability of alternative therapies, consultation or tests that may be self-administered, nor shall Company prohibit Provider from acting within the lawful scope of practice to do the foregoing; (ii) filing a grievance on behalf of and with the written consent of Member, or helping a Member file a grievance; (iii) providing information the Member needs in order to decide among all relevant treatment options and the risks, benefits, and consequences of treatment or nontreatment, nor shall Company prohibit Provider from acting within the lawful scope of practice to do the foregoing; or (iv) maintaining a practice that includes a substantial number of patients with expensive medical conditions.

16. **Termination; Continuation of Services Upon Termination**. Should Provider terminate its agreement with Company, for any reason, Provider shall provide services to Members assigned to the Provider under this Agreement up to the end of the month in which the effective date of the termination falls, and unless Provider is being terminated for cause as described in 40 P.S. § 991.2117(b), Provider must allow a Member to continue an ongoing course of treatment from the Provider for up to sixty (60) days from the date the Member is notified by Company of the termination or pending termination of Provider. Notwithstanding any other provision of this Agreement, if this Agreement terminates as a result of insolvency or other cessation of operations of Company, Provider shall continue to provide benefits to all Members, including Members in an inpatient setting, through the period for which capitation has been paid. A Member is considered to be receiving an ongoing course of treatment from a Provider if during the previous twelve (12) months the Member was treated by Provider for a condition that requires follow-up care or additional treatment or the services have been prior authorized. Per Department of Health regulation Title 28, §9.684(d), the transitional period may be extended by Company if the extension is determined to be clinically appropriate. Company shall consult with the Member and Provider in making the determination. Following termination of this Agreement, Provider must also allow a Member who is pregnant to continue to receive care through the completion of the Member's postpartum care. Company hereby informs the Provider that to be eligible for payment for services provided to a Member following termination of this Agreement, Provider must agree to meet the same terms and conditions as other Participating Providers.

17. **Coordination with Behavioral Health Providers**. If applicable, for purposes of coordinating with behavioral health providers, Provider shall:

17.1. Comply with all applicable laws and regulations pertaining to the confidentiality of Member medical records, including obtaining any required written member consents to disclose confidential medical records.

17.2. Make referrals for social, vocational, education or human services when a need for such service is identified through assessment.

17.3. Provide health records if requested by the behavioral health provider.

17.4. Notify the behavioral health provider of all prescriptions, and when deemed advisable, check with the behavioral health provider before prescribing medication.

17.5. Make certain behavioral health clinicians have complete, up-to-date record of medications.

17.6. Be available to the behavioral health provider on a timely basis for consultations.

17.7. Cooperate with Company to coordinate the provision of behavioral health services with the behavioral health managed care organization managing the purchase and provision of such services in each HealthChoices Zone under an agreement with the Department.

18. **Reporting Suspected Abuse**. If Provider is a hospital or other health care facility, Provider shall ensure that emergency room staff and physicians know and follow the procedures for reporting suspected abuse and neglect, in addition to performing exams for the county.

19. **Signing Authority**. If Provider is a hospital or facility, Provider represents and warrants that it is duly and validly authorized to execute this Agreement on behalf of each Provider-based Physician, and to bind each such Provider-based Physician to perform the obligations set forth herein, as applicable, in accordance with the terms and conditions of this Agreement.

20. **Physician Groups.** If Provider is a physician group, then Provider agrees, on behalf of itself and each Provider physician who has been accepted as a participating Provider physician by Company in accordance with the terms of the Agreement (a "Participating Group Physician"), that (i) all representations, warranties and covenants made by Provider in this Addendum are made by Provider on behalf of itself and each Participating Group Physician, and (ii) Provider will cause each Participating Group Physician to adhere to and perform its obligations under the Agreement in accordance with the applicable terms and conditions of this Addendum.

21. **Internal Infection Control Plan.** If Provider is an ambulatory surgical facility, hospital, or other health care facility, Provider shall develop and implement, in accordance with P.L.154, No. 13 known as the Medical Care Availability and Reduction of Error (Mcare) Act, an internal infection control plan satisfactory to Company that is established for the purpose of improving the health and safety of patients and health care workers and includes effective measures for the detection, control and prevention of Health Care-Associated Infections. For purposes of this paragraph, "Health Care-Associated Infection" shall mean a localized or systemic condition that results from an adverse reaction to the presence of an infectious agent or its toxins that:

i) occurs in a patient in a health care setting; and
ii) was not present or incubating at the time of admission, unless the infection was related to a previous admission to the same setting; and
iii) if occurring in a hospital setting, meets the criteria for a specific infection site as defined by the Centers for Disease Control and Prevention and its National Healthcare Safety Network.

22. **PCP Responsibilities.** If Provider is a PCP, Provider hereby agrees as follows:

2.12.1 EPSDT Screens. If Provider serves Members under the age of twenty-one (21), Provider shall be responsible for conducting all EPSDT screens for individuals on their panel under the age of twenty-one (21). Should the Provider be unable to conduct the necessary EPSDT screens, the Provider is responsible for arranging to have the necessary EPSDT screens conducted by another network provider and ensure that all relevant medical information, including the results of the EPSDT screens, are incorporated into the Member's Provider medical record. When serving Members under the age of twenty-one (21), Provider shall report encounter data associated with EPSDT screens, using a format approved by the Department, to Company within ninety (90) days from the date of service.

2.12.2 New Members. Provider shall contact new Members identified in the quarterly encounter lists who have not had an encounter during the first six (6) months of enrollment, or who have not complied with the scheduling requirements outlined in the Prime Contract or as otherwise identified by Company or the Department. Provider shall contact Members identified in the quarterly encounter lists as not complying with EPSDT periodicity and immunization schedules for children. Provider must identify to Company any such Members who have not come into compliance with the EPSDT periodicity and immunization schedules within one (1) month of such

notification to the site by Company. Provider shall document the reasons for noncompliance, where possible, and shall document its efforts to bring the Member's care into compliance with the standards. Provider shall contact all Members who have not had an encounter during the previous twelve (12) months or within the time frames set forth in Company Policies and the Prime Contract to arrange appointments.

2.12.3 PCP Services. Provider shall: (a) provide primary and preventive care and act as the Member's advocate, providing, recommending and arranging for care; (b) document all care rendered in a complete and accurate encounter record that meets or exceeds the Department data specifications; (c) maintain continuity of each Member's health care; (d) make referrals for specialty care and other Medically Necessary services, both in and out-of-plan; (e) maintain a current medical record for the Member, including documentation of all services provided to the Member by the Provider, as well as any specialty or referral services; (f) arrange for those behavioral health services for which Company is responsible under the HealthServices Program, as set forth in the Behavioral Health Services Schedule attached hereto.

2.12.4 On-Call Arrangements. Each Provider must have coverage available to Members via a reliable twenty-four (24) hours-a-day, seven (7) days-a-week answering service. A recorded message or answering service which refers Members to emergency rooms is not acceptable.

2.12.5 Eligibility Verification System (EVS). PCP acknowledges that Provider must provide a file at least weekly or more frequently if requested by the Department , via the Department's Provider Reimbursement and Operations Management Information System electronic (PROMISe™), to the Department's EVS contractor, of PCP assignments for all its Members. Provider shall cooperate with Provider as necessary to permit Provider to timely meet this obligation and to ensure that assignment information is consistent with all requirements specified by the Department.

2.12.6 PCP Scheduling Procedures. Each Provider must ensure that:

i. Emergency Medical Condition cases must be immediately seen or referred to an emergency facility.
ii. Urgent Medical Condition cases must be scheduled within twenty-four (24) hours.
iii. Routine appointments must be scheduled within seven (7) Business Days.
iv. Health assessment/general physical examinations and first examinations must be scheduled within three (3) weeks of Enrollment.
v. Member's average office waiting time is no more than twenty (20) minutes or at any time no more than up to one (1) hour when the physician encounters an unanticipated Urgent Medical Condition visit or is treating a Member with a difficult medical need. The Member must be informed of scheduling time frames through educational outreach efforts.
vi. Provider knows and follows the procedures for reporting suspected abuse and neglect, in addition to performing exams for the county.

23. Specialist as PCP. If Provider is a specialist serving as a PCP, Provider shall provide or arrange for all primary care, consistent with Company preventive care guidelines, including routine preventive care, and to provide those specialty medical services consistent with the Member's "special need" in accordance with Company's standards and within the scope of the specialty training and clinical expertise. In order to accommodate the full spectrum of care, the Provider as a PCP also must have admitting privileges at a hospital in Company's Network. If applicable, Provider will comply with EPSDT screening and encounter data requirements required in the Prime Contract.

24. Modification. Notwithstanding any other provision of this Agreement, any modification, addition, or deletion to the provisions of the section of the Agreement entitled "Member Billing" in Article 4 shall become effective on a date no earlier than fifteen (15) days after the Secretary of Health has received written notice of such proposed changes. In the event any provision of this Agreement violates any laws or is inconsistent with any provision of the Prime Contract, this Agreement shall be construed in a manner

which would satisfy any such laws or Prime Contract, and this Agreement shall be deemed modified as to same. If at any time the Department or any other governmental authority with jurisdiction over the subject matter of this agreement requires modification of the terms and conditions of this Agreement, this Agreement shall be deemed to be automatically amended to conform to such requirements.

25. **Licensure**. The parties acknowledge that one or more state governmental authorities may recommend or require that various Company agreements, including this Agreement, be executed prior to issuing one or more Licenses to Company. Provider agrees that all Company obligations to perform, and all rights of Provider, under this Agreement are expressly conditioned upon the receipt of all approvals, consents, licenses, permissions and other authorizations from governmental authorities with jurisdiction over the subject matter of this Agreement or that Company deems to be necessary or desirable in its sole discretion. Failure of Company to obtain any License shall impose no liability on Company under this Agreement.

26. **Prior Agreements**. This Agreement, including this Addendum, will apply only to the Plans described in the Agreement. This Agreement, including this Addendum, will not be construed to nullify, render void, replace or amend any prior written agreements between the Parties (collectively, the "Prior Agreement"); provided, however, that if any provision of a Prior Agreement or any application thereof conflicts with the terms of this Agreement with respect to the Plans, the relevant provisions of this Agreement shall control with respect to the Plans to the extent necessary to resolve such conflict with respect to the Plans, and the remaining portions of the Prior Agreement shall remain in full force and effect.

27. **Subcontractors.** Provider agrees that, to the extent otherwise permitted under this Agreement and the Prime Contract, if Provider delegates or subcontracts any of Provider's duties and obligations hereunder, Provider shall cause any such subcontracted entity to adhere to the applicable terms of the Prime Contract and this Agreement. Any such subcontract or delegation shall be subject to prior written approval by Company, shall include assurances that the persons who sign the subcontract or delegation are authorized to do so, and shall include the following provisions such that the subcontracted entity makes all representations, warranties and covenants made by Provider in this Addendum.

PRODUCT PARTICIPATION SCHEDULE
PENNSYLVANIA - RISK

Participation under this Agreement will include the products indicated below. Compensation for these products will be according to the Services and Compensation Schedule attached to this Agreement.

- HealthChoices Physical Health Services
- Children's Health Insurance Program (CHIP)

ENCOUNTER DATA SUBMISSION SCHEDULE
PENNSYLVANIA - RISK

Provider agrees to cooperate with Company for submission of encounter data within the time frames required by Section VIII of the Prime Contract, "Reporting Requirements" and set forth below, regardless of whether reimbursement for such services is made by Company directly or through capitation:

Timing of Data Submittal

I. Provider Claims

Claims must be submitted by Provider to Company within one hundred eighty (180) days after the date of service, or such shorter time period as identified by Company in writing. Claims adjudicated by a third party vendor must be provided to Company by the end of the month following the month of adjudication.

II Encounter Submissions

An encounter record must be submitted and determined acceptable by the Department on or before the last calendar day of the third month after the payment/adjudication calendar month in which Company paid/adjudicated the claim. Encounter records sent to the Department are considered acceptable when they pass all Department edits. Encounter records that deny or suspend due to Department edits are returned to Company and must be corrected. Denied encounter records must be resubmitted as a "new" encounter record if appropriate and within the timeframe referenced above. Suspended encounter records must be corrected and resubmitted as an adjustment within the timeframe referenced above. Corrections and resubmissions must pass all edits before they are accepted by the Department. Failure of subcontractors to submit encounter data timely shall not excuse Company's noncompliance with this requirement or Provider's failure to cooperate with Company's compliance efforts.

III. Encounter File Specifications

Company must adhere to, and Provider shall facilitate Company's adherence to, the file size and format specifications provided by the Department and the encounter file submission schedule provided by the Department.

IV. Subcapitation Data

Subcapitation data must be submitted to the Department in the appropriate encounter format within thirty (30) days of the last calendar day of the month of the subcapitated Provider's payment/adjudication date.

IN WITNESS WHEREOF, the undersigned parties are authorized officers and/or representatives of each Party's applicable Affiliate with signatory authority to bind such Affiliate to the terms of this Agreement, including this **Exhibit A**, provided, further, by executing this **Exhibit A**, the Parties acknowledge and agree that each such Party desires the applicable Affiliate to be legally bound by all of the terms of this Agreement, including this **Exhibit A**.

The following paragraphs are additionally applicable to services rendered for Members of Pennsylvania CHIP Plans. Provider shall render services to Members of Pennsylvania CHIP plan in the same manner as to Members of Pennsylvania Medicaid plans, except as specified herein.

1 The applicable regulator/Government Sponsor for CHIP plans shall be the Pennsylvania Insurance Department, and the State Contract shall be the agreement between Aetna Health Inc., or its successor, and the Pennsylvania Insurance Department.

2 Services rendered for CHIP members shall be conducted in accordance with Title XXI of the federal Social Security Act (authorizing CHIP), and regulations promulgated thereunder, the Children's Health Care Act, Article XXIII of The Insurance Company Law of 1921, 40 P.S. §§ 991.2301 to 991.2362 (establishing CHIP in Pennsylvania), Article XXI of the Insurance Company Law of 1921, added by Act 68 of 1998 (governing quality health care accountability and protection), and 40 P.S. §§ 991.2101, et seq., and including its implementing regulations as promulgated by the Department of Health and the Department. Payments made under the CHIP program constitute receipt of federal funds.

3 For services to CHIP Members, Provider shall retain records for a minimum of five (5) years from the expiration date of the State Contract or as otherwise required by law, except that if an audit is in progress or audit findings are yet unresolved, records shall be kept until all tasks are completed.

4 Non-discrimination

4.1 In the hiring of any employee(s) for the manufacture of supplies, performance of work, or any other activity required under the Agreement, Provider shall not, by reason of gender, race, creed, or color, discriminate against any citizen of the Commonwealth of Pennsylvania who is qualified and available to perform the work to which the employment relates.

4.2 Provider shall not in any manner discriminate against or intimidate any employee involved in the manufacture of supplies, the performance of work, or any other activity required under this Agreement on account of gender, race, creed, or color.

4.3 Provider shall establish and maintain a written sexual harassment policy and shall inform employees of the policy. The policy must contain a notice that sexual harassment will not be tolerated and employees who practice it will be disciplined.

4.4 Provider shall not discriminate by reason of gender, race, creed, or color against any subcontractor or supplier who is qualified to perform the work to which this Agreement relates.

4.5 Provider shall, within the time periods requested by the Commonwealth, furnish all necessary employment documents and records and permit access to their books, records, and accounts by the Department and the Bureau of Small Business Opportunities (BSBO), for purpose of ascertaining compliance with provisions of this Nondiscrimination/Sexual Harassment Clause.

5 **Lobbying Disclosures.** Provider shall execute and return to Company a "Certification for Contracts, Grants, Loans, and Cooperative Agreements" in a form acceptable to Company.

As required by the Notices provisions of this Agreement, notices shall be sent to each Party at the following addresses:

To Provider at:

Individual Sites Regulatory Addendum – Exhibit A

TEXAS

If there is any conflict between the terms of this **Exhibit A** and any of the other terms of this Agreement, including any attachments, schedules, exhibits and/or addenda made part of this Agreement, the terms of this **Exhibit A** will govern and control; provided, however, if there is any conflict between any of the terms of this Agreement, including this **Exhibit A**, and the applicable State Contract (as defined in this Agreement), then the terms of the State Contract will govern and control.

The term "Provider," as it appears throughout this **Exhibit A**, shall refer to MedSolutions.

I. STATE-REQUIRED TERMS

Capitalized terms used and not otherwise defined in this Addendum (the "Addendum") shall have the meanings set forth in the Agreement. The parties agree as follows:

28. **Controlling Provisions**. This Addendum shall be attached to, and constitute a part of, the Agreement. Any provisions of this Agreement, including this Addendum, which directly conflict with the terms and provisions of the Prime Contract will be deemed waived, unless such conflict may be resolved through construction or amendment as provided herein. In the event of any inconsistency between the terms of this Addendum and any other part of the Agreement, the terms of this Addendum shall govern and control, and all other terms and provisions of the Agreement not affected by this Addendum shall remain in full force and effect.

29. **Definitions**. The following definitions shall be incorporated into Article 1 of the Agreement. Any conflicting definitions in Article 1 of the Agreement shall be deleted in their entirety and replaced with those set forth below:

Clean Claim. Unless otherwise required by law or regulation, a claim which (a) is submitted within the proper timeframe as set forth in this Agreement and (b) has (i) detailed and descriptive medical and patient data, (ii) a corresponding referral (whether in paper or electronic format), if required for the applicable claim, (iii) whether submitted via an electronic transaction using permitted standard code sets (e.g., CPT-4, ICD-9, HCPCS) as required by the applicable Federal or state regulatory authority (e.g., U.S. Dept. of Health & Human Services, U.S. Dept. of Labor, state law or regulation) or otherwise, all the data elements of the UB-92 or CMS-1500 (or successor standard) forms (including but not limited to Member identification number, national provider identifier ("NPI"), date(s) of service, complete and accurate breakdown of services), and (c) does not involve coordination of benefits, and (d) has no defect or error (including any new procedures with no CPT code, experimental procedures or other circumstances not contemplated at the time of execution of this Agreement) that prevents timely adjudication.

Emergency Medical Condition. A, medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in: (a) placing the health of the individual (or, with respect to a pregnant woman, her pregnancy or health or the health of her fetus) in serious jeopardy; (b) serious impairment to bodily functions; or (c) serious dysfunction of any bodily organ or part; or such other definition as may be required by applicable law.

Emergency Services. Covered Services furnished by a qualified provider and necessary to evaluate or stabilize an Emergency Medical Condition.

Government Programs. Plans operated by Company pursuant to contracts with federal and/or state government agencies to serve beneficiaries eligible for Medicaid,

Medically Necessary or Medical Necessity. Health care services that a physician, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or

treating an illness, injury, disease or its symptoms, and that are (a) in accordance with generally accepted standards of medical practice; (b) clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease, and (c) not primarily for the convenience of the patient, physician or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury, or disease. For these purposes "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

Post-stabilization Care Services. Defined in Exhibit A of this Agreement Covered Services relating to an Emergency Medical Condition that are provided after a Member is stabilized in order to maintain the stabilized condition, or, under circumstances defined in federal regulations, to improve or resolve the Member's condition.

Provider: For purposes of this Addendum, "Provider" shall mean the health care provider executing this Agreement, as identified on the first page of the Agreement.

30. **Compliance with Applicable Law**. Provider represents and warrants that Provider (i) is certified to participate in the Medicaid and Medicare program, and (ii) shall comply, and take all steps necessary to cause such employees, independent contractors and subcontractors to comply, with all applicable laws, rules and regulations and perform all requirements applicable to Government Programs, including without limitation applicable Government Sponsored directives and the relevant provisions as amended from time to time; and as otherwise required by Government Sponsored directives.

31. **Signing Authority**. If Provider is a hospital or facility, Provider represents and warrants that it is duly and validly authorized to execute this Agreement on behalf of each Provider-based Physician, and to bind each such Provider-based Physician to perform the obligations set forth herein, as applicable, in accordance with the terms and conditions of this Agreement.

32. **Physician Groups**. If Provider is a physician group, then Provider agrees, on behalf of itself and each Provider physician who has been accepted as a participating Provider physician by Company in accordance with the terms of the Agreement (a "Participating Group Physician"), that (i) all representations, warranties and covenants made by Provider in this Addendum are made by Provider on behalf of itself and each Participating Group Physician, and (ii) Provider will cause each Participating Group Physician to adhere to and perform its obligations under the Agreement in accordance with the applicable terms and conditions of this Addendum.

33. **Modification**. In the event any provision of this Agreement violates any laws or is inconsistent with any provision of the Prime Contract, this Agreement shall be construed in a manner which would satisfy any such laws or Prime Contract, and this Agreement shall be deemed modified as to same. If at any time the Government Sponsor or any other governmental authority with jurisdiction over the subject matter of this agreement requires modification of the terms and conditions of this Agreement, this Agreement shall be deemed to be automatically amended to conform to such requirements.

34. **Licensure**. The parties acknowledge that one or more state governmental authorities may recommend or require that various Company agreements, including this Agreement, be executed prior to the issuance to Company of one or more approvals, consents, licenses, permissions or other authorizations from governmental authorities with jurisdiction over the subject matter of this Agreement, or which Company deems to be necessary or desirable in its sole discretion (collectively, a "License"). Provider agrees that all Company obligations to perform, and all rights of Provider, under this Agreement are expressly conditioned upon the receipt of all Licenses. Failure of Company to obtain any License shall impose no liability on Company under this Agreement.

35. **Prior Agreements**. This Agreement, including this Addendum, will apply only to the health plans described in the Agreement. This Agreement, including this Addendum, will not be construed to nullify, render void, replace or amend any prior written agreements between the Parties (collectively, the "Prior Agreement").

36. **Subcontractors**. Provider agrees that, to the extent otherwise permitted under this Agreement and the Prime Contract, if Provider delegates or subcontracts any of Provider's duties and obligations hereunder, Provider shall cause any such subcontracted entity to adhere to the applicable terms of the Prime Contract and this Agreement. Any such subcontract or delegation shall be subject to prior written approval by Company, shall include assurances that the persons who sign the subcontract or delegation are authorized to do so, and shall include the following provisions such that the subcontracted entity makes all representations, warranties and covenants made by Provider in this Addendum.

II. PROGRAM PARTICIPATION REQUIREMENTS

Provider agrees to participate in the Plans and other health benefit programs listed herein:

Those CHIP and Medicaid Plans and programs offered by Company within the State of Texas.

IN WITNESS WHEREOF, the undersigned parties are authorized officers and/or representatives of each Party's applicable Affiliate with signatory authority to bind such Affiliate to the terms of this Agreement, including this **Exhibit A**, provided, further, by executing this **Exhibit A**, the Parties acknowledge and agree that each such Party desires the applicable Affiliate to be legally bound by all of the terms of this Agreement, including this **Exhibit A**.

Regulatory Compliance Addendum – Exhibit A

VIRGINIA

If there is any conflict between the terms of this **Regulatory Compliance Addendum - Exhibit A** and any of the other terms of this Agreement, including any attachments, schedules, exhibits and/or addenda made part of this Agreement, the terms of this **Exhibit A** will govern and control; provided, however, if there is any conflict between any of the terms of this Agreement, including this **Exhibit A**, and the State Contract, then the terms of the State Contract will govern and control.

1.0 Definitions. For purposes of this **Exhibit A**, the term "Provider" shall mean the health care provider executing this Agreement, as identified on the first page of the Agreement. All capitalized terms in this **Exhibit A** shall have the meaning set forth in the Agreement unless otherwise defined herein, in which case the definitions contained in this **Exhibit A** shall control.

1.1 **Applicable Law**. All federal or state laws, rules, regulations, and administrative agency directives applicable to the Medicaid program and to Medicaid managed care plans, as these may be amended from time to time, including statutes and regulations related to fraud, abuse, discrimination, disabilities, confidentiality, self-referral, false claims and prohibition of kickbacks. Applicable Laws include the Centers for Medicare and Medicaid Services ("CMS") and the Virginia Department of Medical Assistance Services' ("DMAS") instructions, policy letters or guidelines that regulate the actions of Provider or Company, requirements of the State Plan, as applicable, and requirements of the State Contract. The "State Plan" is the State Plan for Medical Assistance, submitted to CMS by DMAS describing the nature and scope of the Virginia Medicaid program. DMAS has the authority to administer the State Plan under Code of Virginia § 32.1-325. The words "applicable law," as they appear in the Agreement, shall have the same meaning as given to "Applicable Law" herein.

1.2 **Clean Claim**. A claim (i) that has no material defect or impropriety (including any lack of any required substantiating documentation) or particular circumstance requiring special treatment that prevents timely payments from being made on the claim; or (ii) such other definition as may be required by Applicable Law.

1.3 **Medically Necessary or Medical Necessity**. Appropriate and necessary health care services which are rendered for any condition which, according to generally accepted principles of good medical practice, requires the diagnosis or direct care and treatment of an illness, injury, or pregnancy-related condition, and are not provided only as a convenience. As defined in 42 C.F.R. § 440.230, services must be sufficient in amount, duration and scope to reasonably achieve their purpose.

2.0 Virginia Medicaid Managed Care Required Provisions. The following provisions are required in accordance with
the State Contract. Provider agrees to abide by, and to **cause its employees, agents, independent contractors and subcontractors to abide by,** all applicable provisions of the State Contract. Such compliance with the State Contract specifically includes but is not limited to the following requirements:

2.1 **Provider Cooperation with Company Programs**. Provider agrees to participate in and contribute required data to Company's quality improvement and other assurance programs as required by the State Contract. Provider also agrees to cooperate with any review of Company or the Plan conducted by the National Committee for Quality Assurance ("NCQA") or a federal or state agency with authority over Company or the Plan, as applicable.

2.2 **Emergency / Urgent Care**. Provider agrees to abide by the terms of the State Contract for the timely provision of Emergency Services and urgent care. Where applicable, Provider agrees to follow those procedures for handling urgent cases and Emergency Services cases stipulated in any required hospital/emergency department Memoranda of Understanding signed by Company in accordance with the State Contract. Provider agrees to clearly notify Members of provisions for urgent care or Emergency Services when Provider is not available after hours.

2.3 **Utilization Data**. Provider agrees to submit to Company utilization data in the format specified by

Company.

2.4 **Non-discrimination**. In addition to any other non-discrimination requirements within this Agreement, Provider agrees to comply with all non-discrimination requirements of the State Contract.

2.5 **Record Retention & Access**. Provider agrees to comply with all record retention requirements and, where applicable, the special reporting requirements on sterilizations and hysterectomies stipulated in the State Contract.

2.6 **Access to Facilities, Records**. Provider agrees to provide representatives of Company and duly authorized agents or representatives of DMAS, the U.S. Department of Health and Human Services, and the State Medicaid Fraud Control Unit access to its premises and its contract and/or medical records in accordance with the State Contract. Provider must forward to Company medical records within ten (10) working days of Company's request.

2.7 **Confidentiality of Medical Records**. Provider agrees to preserve the full confidentiality of medical records in accordance with the State Contract. Provider agrees to enter into a business associate agreement with Company that is compliant with all applicable provisions of HIPAA, as required by the State Contract or other provision of Applicable Law. For all referrals that require sharing a Member's medical information, Provider agrees to obtain all necessary written and informed consent from any Member prior to release of a Member's medical information.

2.8 **Member Access to Medical Records**. Provider agrees to the requirements for maintenance and transfer of medical records stipulated in the State Contract. Provider agrees to make medical records available to Members and their authorized representatives within ten (10) working days of the record request.

2.9 **Disclosure for Credentialing**. Provider agrees to disclose the required information, at the time of application, credentialing, and/or re-credentialing, and/or upon request, in accordance with 42 C.F.R. Part 455, Subpart B, as related to ownership and control, business transactions, and criminal convictions for offenses against Medicare, Medicaid, CHIP and/or other federal health care programs. See 42 C.F.R. Part 455, Subpart B, Sections 100 through 106 for definitions, percentage calculations, and requirements for disclosure of ownership, business transactions, and information on persons convicted of crimes related to any federal health care programs.

2.10 **Additional Member Privacy Requirement**. Provider agrees to ensure confidentiality of family planning services in accordance with the State Contract, except to the extent required by law, including, but not limited to, the Virginia Freedom of Information Act.

2.11 **No Barriers to Care**. Provider agrees not to create barriers to access to care by imposing requirements on Members that are inconsistent with the provision of Medically Necessary and Covered Services.

2.12 **Explaining Plan Requirements**. Provider agrees to clearly specify referral approval requirements to its providers, employees and contractors, and within any subcontracts. Additionally, Provider agrees to hold Members harmless for charges for any Covered Service in accordance with the State Contract. This includes those circumstances where Provider, its employees, or its contractors fail to obtain necessary referrals or preauthorization, or fail to perform other required administrative functions.

2.13 **Restriction on Billing Members**. Provider agrees not to bill a Member for Covered Services provided during the Member's period of Plan enrollment, except as permitted by the State Contract. This provision shall continue to be in effect even if Company becomes insolvent. However, if a Member agrees in advance of receiving the service and in writing to pay for a non-Covered Service, as more particularly set forth in the section of the Agreement entitled "Permitted Billing of Members," then Provider may bill a Member directly for such service.

2.14 **Prompt Provision of Covered Services**. Provider shall promptly provide or arrange for the provision of all Covered Services required under this Agreement. This provision shall continue to be in effect for periods for which Provider has been paid even if Provider becomes insolvent until such time as the Members are

withdrawn from assignment to Provider.

2.15 **Provider Panel**. Providers serving as a Primary Care Physician ("PCP") pursuant to this Agreement agree to act as a PCP for Members, the number of which will not exceed the panel size limits set forth in the applicable State Contract.

2.16 **Post Termination Services of PCPs**. Except in the case of death or illness, in accordance with Virginia Code § 38.2-5805(C)(1), Provider agrees to notify Company at least sixty (60) days in advance of disenrollment from participation in the Plan, and agrees to continue care for his or her assigned Members for up to thirty (30) days after such disenrollment, until another PCP is chosen or assigned, or for such longer period as may otherwise be required by the terms of this Agreement.

2.17 **State Appropriations**. Notwithstanding any other provision to the contrary, Provider acknowledges that the obligations of Company and DMAS for purposes of this Agreement shall be limited to annual appropriations made by the Virginia General Assembly. If the Virginia General Assembly and/or Governor implement a rate decrease for Medicaid services or providers and these rate adjustments are incorporated into the State Contract payment rates during the Term, Company may, in its sole discretion, decrease compensation to Provider under this Agreement, beginning on the effective date of the state rate adjustment, provided that the amount of such decrease shall be consistent with the State Contract.

2.18 **Validity of Terms**. No terms of this Agreement are valid which terminate legal liability of Company in the State Contract.

2.19 **Compliance with Quality of Care Standards**. Provider shall comply and cause its employees, agents, independent contractors and subcontractors to comply with all applicable federal and state mandates, community standards for quality of care, and standards developed pursuant to the DMAS managed care quality program.

2.20 **Provider Representation**. Provider represents, warrants, and covenants, as applicable, that Provider is not an "Ineligible Provider or Administrative Entity" as such term is used and described in the State Contract.

3.0 Commonwealth of Virginia Regulatory Requirements. The following provisions are required by Applicable Law.

3.1 **Hold Harmless**. In accordance with Virginia Code § 38.2-5805(C)(10), Provider acknowledges and agrees that, for purposes of the section of the Agreement entitled "Holding Members Harmless," the term Company includes Company's third-party subcontractors.

3.2 **Interest on Late Paid Claims**. Company shall pay interest on late paid claims as required by Virginia Code § 38.2-4306.1 and the State Contract.

4.0 Miscellaneous. The following provisions are hereby incorporated into the Agreement.

4.1 **Effectiveness of this Agreement**. This Agreement shall have no force or effect unless and until Company executes an agreement with DMAS to offer a Plan in Provider's service area.

4.2 **Subcontractor**. Notwithstanding anything to the contrary within the section of the Agreement entitled "Successors: Assignment," Company may subcontract with a third party for the performance of any of Company's rights or duties under this Agreement, as permitted by the State Contract. Upon notice of execution of such subcontracts, Provider agrees to recognize and cooperate with such third party, its employees, agents and subcontractors in all respects, as if such third parties were Company, its employees and agents.

IN WITNESS WHEREOF, the undersigned parties are authorized officers and/or representatives of each Party's applicable Affiliate with signatory authority to bind such Affiliate to the terms of this Agreement, including this **Exhibit A**, provided, further, by executing this **Exhibit A**, the Parties acknowledge and agree that each such Party desires the applicable Affiliate to be legally bound by all of the terms of this Agreement, including this **Exhibit A**.

Exhibit D

Addendum for Medicare-Medicaid Dual Eligible Members

This Addendum for Medicare-Medicaid Dual Eligible Members ("Addendum") shall govern the provision of Covered Services to Members dually eligible for both Medicare and Medicaid. For purposes of this Addendum, the term "Provider" shall mean the Provider executing this Agreement, as identified on the first page of the Agreement. If there is any conflict between the terms of this Addendum and any of the other terms of this Agreement, including any attachments, schedules, exhibits and/or addenda made part of this Agreement, the terms of this Addendum will govern and control (except as stated in paragraph 3); provided, however, if there is any conflict between any of the terms of this Agreement, including this Addendum, and the State Contract (as defined in the Agreement), then the terms of the State Contract will govern and control. To the extent possible under applicable law, the terms below shall be construed to be supplementary to, and not in conflict with, the terms and conditions of the remainder of the Agreement.

1. Provider agrees to comply with all applicable state and federal laws, rules, regulations, and the Centers for Medicare and Medicaid Services (CMS) instructions, as well as Company requirements designed to ensure Company's compliance with such laws, rules, regulations, including, without limitation, laws, rules and regulations relating to the protection of Member privacy and confidentiality and the accuracy of Member health records, which Provider shall safeguard and ensure. Provider agrees to abide by state and federal privacy and security requirements, including the confidentiality and security provisions stated in 42 C.F.R. § 422.118. Provider agrees that all services and other activities performed by Provider under the Agreement will be consistent and comply with Company's obligations under its contract(s) with CMS and other Government Sponsors to offer Medicare-Medicaid Dual Eligible Plans. Upon request, Provider shall immediately provide to Company any information required by Company to meet its reporting obligations to CMS and other Government Sponsors, including, where applicable, physician incentive plan information. Provider acknowledges and agrees to allow CMS, other Government Sponsors and Company to monitor Provider's performance under this Agreement on an ongoing basis, in accordance with applicable laws, rules and regulations.

2. Provider acknowledges and agrees that all provisions of this Addendum and of the Agreement shall apply equally to any employees, independent contractors and subcontractors of Provider who provide or may provide Covered Services to Members, and Provider represents and warrants that Provider shall take all steps necessary to cause such employees, independent contractors and subcontractors to comply with this Addendum and the Agreement and all applicable laws and regulations, and perform all requirements applicable to Medicare and Medicaid programs.

3. This paragraph 3 applies only if payment timeframes are not specified elsewhere in the Agreement: Company agrees to pay Provider for Covered Services rendered to Members within forty-five (45) calendar days of actual receipt by Company of a Clean Claim. Payments for non-capitated Covered Services rendered to Members are subject to any and all valid and applicable laws related to claims payment. With respect to Medicare and Medicaid Members, Provider acknowledges that compensation under the Agreement for such Members constitutes receipt of federal funds. Provider shall pay on a timely basis all employees, independent contractors and subcontractors who render Covered Services to Members for which Provider is financially responsible pursuant to the Agreement.

4. Provider acknowledges and agrees that Members who are also enrolled in a State Medicaid plan ("Dual Eligible Members") are not responsible for paying to Provider any Copayments, Coinsurance or Deductibles for Medicare Part A and Part B services ("Cost Sharing Amounts") when the State Medicaid plan is responsible for paying such Cost Sharing Amounts. Provider further agrees that they will not collect Cost Sharing Amounts from Dual Eligible Members when the State is responsible for paying such Cost Sharing Amounts, and will, instead, either accept the Company's payment for Covered Services as payment in full for Covered Services and applicable Cost Sharing Amounts, or, bill the applicable State source for the appropriate Cost Sharing Amounts owed by the State Medicaid plan. Dual Eligible Members in Capitated Financial Alignment Demonstration Plans are not responsible for Cost Sharing Amounts for Medicare Parts A and B services.

5. As stated in the Agreement, Provider agrees to cooperate with and participate in internal and external review procedures necessary to process Members' appeals and grievances.

6. Provider agrees to provide Company and federal, state and local governmental authorities having jurisdiction, or their designees (including the U.S. Department of Health and Human Services (HHS), the Comptroller General or their designees), upon request, access to all books, contracts, computer or other electronic systems, (including, but not limited to, medical and financial records) and information relating to the Agreement and to those Services rendered by Provider and its employees, independent contractors and subcontractors ("Information and Records"), and that this right of inspection, evaluation and audit exists through ten (10) years from the final date of any contract period or the date of completion of any audit, whichever is later. Provider also agrees to maintain Information and Records for ten (10) years from the final date of any contract period or the date of completion of any audit, whichever is later. This Section shall survive the termination of the Agreement, regardless of the cause of the termination.

7. Provider agrees to comply with the following, as applicable and as amended from time to time: Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, HIPAA administrative simplification rules at 45 C.F.R. parts 160, 162, and 164, the Americans with Disabilities Act, Federal laws and regulations designed to prevent or ameliorate fraud, waste, and abuse, including, but not limited to, applicable provisions of Federal criminal law, the False Claims Act (31 U.S.C. §§ 3729 *et. seq.*), and the anti-kickback statute (section 1128B(b) of the Social Security Act), and any other laws applicable to recipients of Federal funds.

8. In no event, including without limitation, non-payment by Company, insolvency of Company or breach of the Agreement or this Addendum, shall Provider bill, charge, collect a deposit from, seek remuneration or reimbursement from, or have any recourse against a Member or persons (other than the Company) acting on a Member's behalf for services covered by the Agreement. This provision shall not prohibit collection of deductibles, coinsurance or copayments from Members in accordance with the terms of the Member's agreement with Company, and, for Medicaid members, only if permitted by applicable law. Provider further agrees that: (a) this provision shall survive termination of the Agreement and this Addendum regardless of the cause giving rise to termination and shall be construed for the benefit of Members, and (b) this provision supersedes any oral or written agreement to the contrary now existing or hereafter entered into between Provider and a Member or persons acting on a Member's behalf. No modification of this provision shall be effective without the prior written approval of the appropriate state and/or federal regulatory entities.

9. In the event of Company's insolvency or other cessation of operations, Provider shall continue to provide Covered Services to (i) Members through the period for which premium has been paid to Company, and (ii) those Members who are confined in an inpatient facility on the date of insolvency or other cessation of operations until medically appropriate discharge.

10. Provider acknowledges that Company may only delegate activities or functions to Provider in a manner consistent with Medicare laws, rules and regulations. Provider acknowledges and agrees that if any of Company's activities or responsibilities under Company's contract with CMS and Government Sponsor to offer Plans is delegated by Company to Provider, such activity or responsibility may be revoked if CMS or Company determines that Provider has not performed satisfactorily. To the extent Company has delegated activities or functions to Provider pursuant to a separate delegation agreement, such agreement shall specify the duties and reporting obligations of Provider, and the terms of this Addendum shall be incorporated therein, if not already expressly stated therein.

    If Company consents, Provider may sub-delegate a portion of its responsibilities under the Agreement to a third party approved by Company ("Sub-Delegate"); provided, however, Provider agrees that it is responsible for ensuring that any Sub-Delegate adheres to the requirements of this Addendum and the Agreement; provided, further, Provider and any Sub-Delegated entity shall enter into an agreement setting forth the respective responsibilities of the parties, which shall comply with applicable accreditation standards. Such sub-delegation shall not relieve Provider of its obligations under this Addendum or the

Agreement. Provider acknowledges and agrees that all provisions of this Agreement shall apply equally to any Sub-Delegate that provides any services under this Agreement, and Provider represents and warrants that it shall take all steps necessary to cause such Sub-Delegates to comply with this Agreement and all applicable laws, rules and regulations

Provider further acknowledges and agrees that any contract that Provider enters into with a Sub-Delegate relating to any services that Provider is responsible to perform under this Agreement for Medicare-Medicaid Dual Eligible Plans ("Delegated Subcontract"): (i) must contain provisions that require the Sub-Delegate to comply with any and all obligations and duties imposed on Provider in this Agreement (ii) must contain all provisions required under Medicare laws, rules and regulations, and (iii) is subject to all of Company's obligations under Medicare laws, rules and regulations related to such Delegated Subcontract.

11. The credentials of medical professionals affiliated with Provider will be reviewed by Company in accordance with Company's polices as stated in the Agreement. If such credentialing process has been delegated to Provider as a part of this Agreement or in a separate Agreement, the credentialing process will be reviewed and approved by Company and Company shall audit the credentialing process on an ongoing basis. If Company has delegated a selection of providers, contractors, or subcontractors, Company shall retain the right to approve, suspend or terminate any arrangement with a provider, contractor or subcontractor.

12. For purposes of this Section 12, "risk adjustment data" shall have the meaning set forth in 42 C.F.R. Section 422.310(a), as may be amended from time to time. Company may be required to obtain risk adjustment data from Provider for Members, and Provider agrees to provide complete and accurate risk adjustment data to Company for Members that conforms to all standards and requirements set forth in applicable laws, rules and regulations and/or CMS instructions that apply to risk adjustment data. Provider certifies, based on best knowledge, information and belief, that any risk adjustment data that Provider submits to Company for Members is accurate, complete and truthful. Provider agrees to immediately notify Company if any risk adjustment data that was submitted to Company for Members is erroneous, and follow procedures established by Company to correct erroneous risk adjustment data to ensure Company's compliance with applicable laws, rules and regulations and CMS instructions.

    Provider further agrees to maintain accurate, legible and complete medical record documentation for all risk adjustment data submitted to Company for Members in a format that meets all standards and requirements set forth in applicable laws, rules, regulations and/or CMS instructions, and allows any federal governmental authorities with jurisdiction or their designees ("Government Officials") to: (1) confirm that the appropriate diagnoses codes and level of specificity are documented ; (2) verify the date of service is documented and within the risk adjustment data collection period; and (3) confirm that the appropriate Provider's signature and credentials are present ("Medical Records").

    Provider agrees to provide Company and Government Officials, or their designees, with medical records and any other information or documentation required by Government Officials for the validation of risk adjustment data ("Audit Data"). Provider agrees to provide Company with Audit Data within the timeframe established by Company to ensure Company's compliance with deadlines imposed by Government Officials for the submission of Audit Data. In the event that CMS conducts a review that includes the validation of risk adjustment data submitted by Provider, Company will submit to Provider a copy of the CMS written notice of such review, along with a written request from Company for Audit Data.

13. Provider agrees to immediately notify Company in the event that Provider, any participating provider, or any of Provider's employees, contractors, subcontractors, agents or any other individual or entities that assist or are involved in Provider's performance of services for under the Agreement ("Provider Related Parties") are or become disbarred, excluded, suspended, or otherwise determined to be ineligible to participate in a federal health care program. At a minimum, Provider agrees to review the Department of Health and Human Services Office of Inspector General ("OIG") and General Service Administrative ("GSA") exclusion lists ("Exclusion Lists") on an annual basis (unless more frequently required under applicable laws, rules and/or regulations) to ensure that Provider Related Parties are not included on the Exclusion Lists. Provider shall not employ or contract with, with or without compensation, any individual

or entity that has been disbarred, excluded, suspended or otherwise determined to be ineligible to participate in a federal health care program. Provider agrees that if a Provider Related Party appears on an Exclusion List and/or is excluded from participation in any federal health care program, Provider will immediately remove the Provider Related Party from any work related directly or indirectly to services under this agreement and take all corrective actions required under applicable laws, rules or regulations. Company may immediately terminate or suspend the Agreement upon notice to Provider, at Company's sole discretion at any time if Provider is debarred, sanctioned or suspended from participation in any federal health care program, including, but not limited to, the Medicare or Medicaid programs.

14. In no event shall Provider, without Company's prior written approval, perform any services under the Agreement through any individual or entity (including, but not limited to, any employee, Provider, contractor, agent, representative or other individual or entity), if such individual or entity is physically located outside of one of the fifty United States or one of the United States Territories (i.e., American Samoa, Guam, Northern Marianas, Puerto Rico, and Virgin Islands) ("Offshore Entity"). Provider further agrees that Provider may not utilize the services of any Offshore Entity not audited by Company prior to the provision of services.

    In the event that Company provides Provider with prior written approval to use an Offshore Entity to perform any services for Plans, Provider shall take all steps necessary to ensure that: (a) Offshore Entity complies with the requirements of this Agreement and any related Addendum, and (b) Provider and Offshore Entity comply with all laws, rules and regulations, including, without limitation, CMS instructions, applicable to the performance of any services for Plans outside of one of the fifty United States or one of the United States Territories.
    In no event shall Provider, without Company's prior written approval, provide Protected Health Information (as that term is defined below) received from, or created or received by Provider on behalf of Company, to any employee or agent, including a subcontractor, if such employee, agent or subcontractor receives, processes or otherwise has access to the Protected Health Information outside of the United States of America. 'Protected Health Information' shall have the same meaning as the term 'Protected Health Information,' as defined by 45 C.F.R. 160.103, limited to the information created or received by Delegated Entity from or on behalf of Company.

15. Provider shall deliver Covered Services in a culturally competent manner to Members, including those with limited English proficiency or reading skills, and diverse cultural and ethnic backgrounds, and comply with Company's Policies on cultural competency.

8.3 Regulatory Fines. The parties also acknowledge that the services delegated under this Agreement are subject to regulation by applicable federal and state laws and regulations. If Delegated Entity does not or is not able to fulfill any or all of its obligations under this Agreement and Company is subject to any fines or fees from a regulatory agency as a result thereof, Delegated Entity agrees to pay to Company the amount of such fines and any penalties incurred, including any applicable interest. Company shall have sole discretion to pay such fees, fines or penalties or to settle or compromise with such regulatory agencies.

FIRST AMENDMENT TO THE NATIONAL RADIOLOGY MANAGEMENT SERVICES AGREEMENT BETWEEN AETNA MEDICAID ADMINISTRATORS LLC AND MEDSOLUTIONS, INC.

This First Amendment (the "Amendment") to the National Radiology Management Services Agreement (hereinafter the "Agreement") is made as of April 1, 2014 (the "Effective Date"), by and between Aetna Medicaid Administrators LLC (formerly known as Schaller Anderson, LLC), on behalf of itself and its Affiliates (hereinafter "Company"); and MedSolutions, Inc., a Tennessee corporation with its principal place of business in Franklin, TN ("Delegated Entity").

WHEREAS, the parties have entered into the Agreement for the provision of Utilization Management services ("UM Program") in accordance with the terms of the Agreement; and

WHEREAS, the parties wish to amend the Agreement to add a Musculoskeletal Pain Management UM Program to the Description of Delegated Entity Services and to add this service to the Compensation Schedule between the parties for the provision thereof.

NOW, THEREFORE, in consideration of the mutual promises and undertakings contained herein, the parties agree to be legally bound as follows:

1. Exhibit I shall be amended by adding the attached Exhibit 1A Musculoskeletal Pain Management Services Addendum and Exhibit 1 B Musculoskeletal Pain Management Services and Compensation Schedule to the Agreement.

2. The parties agree that all references, where applicable, to the Radiology Management Program shall apply to the Musculoskeletal Pain Management Program, unless the context otherwise requires..

3. The Musculoskeletal Pain Management program shall not become effective for any Affiliate until such time as Company notifies Delegated Entity of the effective date for Affiliate. Such notice shall be in writing via letter or acceptable electronic format.

All other terms and conditions not otherwise amended herein shall remain in full force and effect.

IN WITNESS WHEREOF, the parties have executed this Amendment as of the Effective Date.

EXHIBIT 1 A
Musculoskeletal Pain Management Services Addendum

This Exhibit shall be governed by and construed in accordance with the terms and conditions of the Radiology Management Services Agreement (the "Agreement") entered into by and between Aetna Medicaid Administrators LLC and Delegated Entity. The Parties agree that any changes or revisions in the standards described in this Exhibit or any new standards developed by Company in accordance with the Agreement shall be considered an amendment for the purposes of this Agreement. Musculoskeletal Services are available at the discretion of any Company Affiliate, which may, but is not required to, implement such services in its respective market.

1. DEFINITIONS

1.1 **"Completed Medical Necessity Determination"** shall mean the Medical Necessity Determination, applicable Reason Code, and all supporting documentation in making the Medical Necessity Determination.

1.2 **"Medical Director"** shall mean the person described in Section 3.4.2 of this Addendum.

1.3 **"Medical Necessity Determination"** shall mean the Determination made by the Peer Reviewer (and explanation of such Determination) as to the Medical Necessity of Covered Services performed or to be performed by Participating Provider to or for a Member.

1.4 **"Medical Necessity Determination Review"** shall mean the process by which a Peer Reviewer applies the Criteria in the Medical Policy to make a Medical Necessity Determination as to whether Covered Services are Medically Necessary.

1.5 **"Medical Necessity Review Request"** shall mean the formal request made by Company for Delegated Entity to perform a Medical Necessity Determination Review on Covered Services to be received by a Member, such as a specific request for pre-payment audit or retrospective review of an unpaid claim/ claim file provided to Delegated Entity by Company, or a Prior Approval Request received by Delegated Entity from a Participating Provider on Covered Services to be received by a Member.

1.6 **"Peer Reviewer"** shall mean a licensed healthcare provider of the same or similar specialty of the requesting physician who makes Medical Necessity Determinations pursuant to this Addendum.

1.7 **"Prior Approval Request"** shall mean the request to either Delegated Entity or Company from a Participating Provider or a Member for a Medical Necessity Determination on a pre-service basis.

1.8 **"Procedure Code"** shall mean the code reported by Providers for Covered Services and submitted on a claim or request for Medical Necessity Determination Review, including, without limitation, a Prior Approval Request.

1.9 **"Provider Inquiries"** shall mean the process Company makes available to Providers in which Prior Approval Requests that have been denied or partially denied can be reconsidered. It is not part of the Company provider appeal process.

1.10 **"Reason Code"** shall mean the code associated with the reason for the Medical Necessity Determination made by a Peer Reviewer with respect to each Medical Necessity Determination Review.

1.11 **" UM Services"** shall mean the Services contracted to Delegated Entity to conduct a Medical Necessity Determination Review that results in a Medical Necessity Determination and other Services described in this Addendum.

1.12 **"Utilization Management" or "UM"** shall mean the comprehensive utilization management program, including, without limitation, receiving and validating clinical data related to proposed or previously rendered Covered Services to Member, performance of Medical Necessity Determination Reviews, and the process of making Medical Necessity Determination, communicating the clinical rationale and medical evidence supporting the Medical Necessity Determinations to Providers and Members, Peer to Peer conversations, analyzing and reporting data related to Medical Necessity Determinations and integrating program outcomes and current medical evidence to improve the quality of healthcare services delivered to Members.

All capitalized terms not otherwise defined herein shall have the meanings given to them in the Agreement.

2. **Deliverables.** Delegated Entity shall provide to Company the UM Services that include the following Deliverables as more fully described in this Addendum.

2.2 **Documentation.** Delegated Entity shall provide to Company all Documentation necessary for Company to understand and evaluate the Services, including, without limitation, Delegated Entity's UM program description and the UM policies and procedures.

2.3 **Training.** Delegated Entity shall provide training to Company employees, agents, consultants, and Providers for such persons to have access to, and operate effectively under, the System with respect to the Services.

2.4 **Call Center Services.** Delegated Entity shall maintain and operate a call center in which Company employees or Providers may contact knowledgeable Delegated Entity personnel to receive answers concerning the Services, including, without limitation, Determinations with respect to Medical Necessity Determinations and the reasons therefore.

2.5 **Scripts.** Delegated Entity shall devise and implement communication material ("Scripts") to be utilized in accordance with Section 6 of this Addendum.

2.6 **Reports.** Delegated Entity shall create and provide to Company reports in form and content acceptable to Company for Company to utilize and evaluate the UM Services delegated to Delegated Entity and to determine the efficacy of the Services in accordance with Section 8 of this Addendum.

2.7 Criteria. Delegated Entity shall devise and furnish to Company the Criteria, and Delegated Entity shall utilize the Criteria as set forth in the Medical Policy and all National and Local Coverage Determinations issued by CMS in making Medical Necessity Determinations for Medicare Members.

2.8 Implementation. Delegated Entity shall provide a comprehensive implementation task **list at least 90 (ninety) days** prior to any Affiliate "go live" date, and will conduct weekly calls with the respective Affiliate prior to, and for at least 60 sixty days post "go live". Company and Delegated Entity may agree to a different timeline if appropriate.

3. Services

3.1 Medical Necessity Reviews. The following process will be followed for pre-service, [concurrent service] and suspended claim reviews as well as reviews based on Provider Inquiries.

3.1.1 When a Provider or Company submits a Prior Approval Request or Provider Inquiry form to Delegated Entity, the form shall include all medical records on the Member submitted by the requesting Provider for purposes of Delegated Entity completing the Medical Necessity Review. Chiropractors will not be utilized.

3.1.2 For Musculoskeletal Services, Delegated Entity shall use a similar or same specialty Peer Reviewer to complete the Medical Necessity Review that results in a Medical Necessity Determination to deny or partially deny the Prior Approval Request or Provider Inquiry, as applicable. The Peer Reviewer performing the Medical Necessity Review will document the applicable Reason Code and any other information relevant to the Medical Necessity Determination, including the applicable Criteria in the Medical Policy, and, Delegated Entity shall submit to Company such information as part of the Completed Medical Necessity Review.

3.1.3 If the Medical Necessity Determination cannot be made without communication of the Prior Approval Request or Provider Inquiry with the Provider or if the Medical Necessity Determination or Provider Inquiry will result in a denial or partial denial of Covered Services, Delegated Entity will first seek to communicate with the Provider telephonically to discuss the Medical Necessity Review. The Peer Reviewer will collect all additional information from the Provider, including any additional documentation supporting the Prior Approval Request or Provider Inquiry, as applicable, review such information for purposes of the Medical Necessity Determination, and include such documentation in the Completed Medical Necessity Medical Review. In the event the Provider fails to provide all the information necessary for Delegated Entity to process a Prior Approval Request or Provider Inquiry within the time frame specified in the applicable Process Documents and Performance Specifications, Delegated Entity shall make the Medical Necessity Determination with all available information and provide Company with the Completed Medical Necessity Review.

3.1.4. Delegated Entity will communicate with the Provider and Member with regard to the Medical Necessity Determination in a form and manner acceptable to Company within the legally required format and time frame.

3.1.5 If agreed to by the parties, Delegated Entity will work with Company to develop patient education materials that will be sent to each member who has been approved for a pain management procedure. Delegated Entity's materials provide patients with information about the procedure, what to

expect, the key things to do to prepare for the procedure as well as the key things to do after the procedure (including information on potential post-procedure issues to discuss with the treating provider). Currently these materials are distributed via mail. Company shall review and approve the member materials before Delegated Entity can distribute such materials to Members. All Member materials shall meet the requirements of any State, CMS, Regulatory, or Accrediting agency and shall be approved by these entities if necessary.

Additionally, Delegated Entity's care management process includes the analysis and development of evidence-based care plans in connection with Peer to Peer consultations. Delegated Entity's care management process develops these patient specific care plans for each patient and this information is shared with the provider to help providers in their dialogue with the patient, especially in the event that a particular procedure does not meet evidence-based criteria.

3.2 Appeals Program The following process will be followed for Provider Inquiries and Level 1 Appeals, unless an Affiliate's process differs in which case the Affiliates' process shall prevail:

3.2.1 A Provider submits a request for Provider Inquiry or Level 1 Appeal of a Medical Necessity Determination (hereinafter "Appeals") necessitating physician review.

3.2.2 Company will request from Delegated Entity via an encrypted connection as set forth immediately below any information and documentation needed to review the appeal.

3.2.3 Company shall identify each Appeal as either expedited or standard.

i. Twenty-Four hours (24) for an expedited appeal

ii. Two (2) business days for a standard appeal

3.2.4 Company shall complete the appeal Determination.

3.2.5 Company shall communicate final appeal decisions to Providers and to Delegated Entity within the legally required format and timeframe.

3.2.6 Company shall be responsible for all final determinations and communications to providers or members, (in accordance with their linguistic and cultural needs).

3.3 **Member Inquiries.** In those instances in which a Member (via telephone or written inquiry) contacts Delegated Entity for any other reason other than explanation or clarification regarding a UM determination, Delegated Entity shall direct the Member to Company customer service according to the Scripts.

3.4 **Delegated Entity Personnel.** In performing the Services, Delegated Entity shall use, at a minimum, the following personnel (no description of the qualifications required of such personnel contained in this subsection shall be read to limit in any way any more general qualification requirements contained elsewhere in the Agreement) Delegated Entity shall not be permitted to utilize a Chiropractor or Physical Therapist in performing any second level clinical reviews.

3.4.1. Peer Reviewers. Delegated Entity shall employ Peer Reviewers who are medical doctors, and who are board certified in their respective specialty (where applicable) with unrestricted licenses to perform the Services required under this Addendum. Each must be a graduate of an accredited professional school. Each must have been adequately trained in the Services, including, without limitation, the Medical Necessity Review services, use of Procedure Codes, the Process Documents, and use of the Scripts. Each must be fully certified to perform utilization review under State law.

3.4.2. Medical Director. Delegated Entity shall make available to Company at least one (1) Medical Director who shall, upon Company's request, meet with Company's medical directors to discuss the operation of the Services, including, without limitation, with thirty (30) days' prior notice, trips to Company by a Medical Director in order to, among other things requested by Company from time to time, consult on Company's medical policies, participate in Provider programs and participate in Company's physician/hospital advisory council.. The Medical Director shall be a medical doctor or doctor of osteopathy who is board certified in his or her respective specialty, with unrestricted licenses. The Medical Director must be a graduate of an accredited medical school with no less than ten (10) years of clinical practice. The Medical Director must have been adequately trained in the Services, including, without limitation, the Medical Necessity Review services, use of Procedure Codes, the Process Maps, and use of the Scripts.

3.4.3. At the request of a Company Affiliate, Delegated Entity may be asked to develop and maintain a listing of tiered networks, which may include providers who have been gold carded by Company from the pre-authorization process.

3.5. Company Access.

3.5.1. Company shall have all necessary access to the Services to obtain, or may request from Delegated Entity, as the case may be, any and all information collected or created by Delegated Entity with respect to any and all Medical Necessity Reviews. In the event Company requests such information from Delegated Entity, Delegated Entity shall deliver the requested information to Company by e-mail to the requestor via secure email by the end of the next business day succeeding the business day of the request.

3.5.2. Company shall provide approval to Delegated Entity of the applicable Medical Policies to the UM Services that recommend a Prior Approval or other approval applicable to the Services as of the date of this Addendum. Thereafter, Company will provide approval to Delegated Entity of any updates to the Medical Policies.

3.5.3. Company shall publish the Criteria on its website, www. Medsolutions.com or other site accessible to Delegated Entity, Providers, and Members.

3.6. **Provider Access.** Each Provider shall have access to the Criteria as found in the applicable Medical Policies on www medsolutions.com .

4. **Training.** Upon Company's request:

4.1 Prior to the implementation of any Affiliate, Delegated Entity shall provide additional training, without charge, concerning the operation of the Services to Company to the health plans, and/or health plan providers.

4.2 Delegated Entity shall permit Company personnel to attend Delegated Entity's medical advisory policy meetings or Provider continuing education seminars without charge.

4.3 Delegated Entity personnel, including Medical Directors, shall participate in in Provider meetings as they occur as reasonably requested by Company on terms and conditions mutually agreed upon by the parties.

5. **Call Center Services.** Delegated Entity shall create, maintain and operate a call center from which Delegated Entity shall receive and answer requests from Company and Providers regarding the Services and the operation of the System. Company shall have the ability to review all Company call center calls for quality assurance purposes by listening to such calls as they occur or call files when Company representatives are on site, and shall receive from Delegated Entity upon request from Company any .wav files of Provider calls with Peer Reviewers or any Delegated Entity personnel within five (5) business days of the request. Delegated Entity shall strive to meet or exceed the expectations of the Performance Guarantees outlined in this Exhibit 1A. Delegated Entity's call center hours are 8am to 6pm (all US time zones).

6. **Scripts.** Delegated Entity shall utilize Scripts established and approved by Company and Delegated Entity. Delegated Entity shall not use Scripts that have not been approved in writing by Company.

7. **Written Reponses.** Delegated Entity shall limit written responses to Providers or Members to Medical Necessity Determinations that will contain the criteria utilized for the Determination. If Delegated Entity should receive a request from a Provider or Member for a written response, Delegated Entity will direct the Provider or Member to Company customer service.

8. **Reports.** Delegated Entity shall provide the following reports in the format and frequency requested by Company or its Affiliates. Those reports that are to be delivered monthly or other frequency as requested by Affiliate or Company. Such reports shall be delivered on the 15th of the succeeding month. Those reports that are to be delivered quarterly shall be delivered on the 30th of the month succeeding the end of the quarter. Those reports that are to be delivered annually shall be delivered on the last day of quarter succeeding the end of the year. The reports shall be delivered via e-mail to Company to each respective Affiliate. Company shall provide E-mail address for each Affiliate and will work with Delegated Entity to finalize the specific report requirements, the contents of such reports and the frequency of delivery of reports, during the implementation process.

9. Criteria.

9.1 Initial Criteria. Delegated Entity shall use the most current version of the Criteria, approved by Company, in making Medical Necessity Determinations.

9.2 Alterations to the Criteria. In the event Company desires that the Criteria be altered, Company shall provide Delegated Entity with at least sixty (60) days' prior written notice of such alteration and shall provide Delegated Entity with revised Medical Policies to that effect. Delegated Entity shall implement the alteration within the sixty (60) day period and otherwise in conformance with the terms of a Change Form. In the event that Delegated Entity desires that the Criteria be altered, Delegated Entity will provide Company with altered Criteria and Medical Policy for its review and written approval. Delegated Entity may not implement altered Criteria without the prior written approval of Company. Company may alter the Criteria at any time, but may not publish or implement altered Criteria until meeting notice requirements to Delegated Entity.

9.3 Review of Criteria. Delegated Entity shall monitor, evaluate, and promptly communicate to Company regarding scientific evidence, national guidelines, and other credible sources that are relevant to Medical Policies and the Criteria.

10. Procedure Codes. Delegated Entity shall provide training to Peer Reviewers on any Company update to Procedure Codes as such updates are provided to Delegated Entity. Updates to the Procedure Codes shall not require a formal amendment to this Addendum.

11. Meetings.

11.1 Annual Meeting. During the fourth quarter of each calendar year, Delegated Entity and Company shall meet in person to discuss the operation of the Services and any improvements that can be made thereto. Without limiting the generality of the foregoing, Delegated Entity and Company shall discuss the contents of the Criteria, the reports, and any surveys performed by Company. Each party shall be responsible for its own costs related to such meeting.

11.2. Quarterly Meetings. During each quarter of each calendar year other than the fourth quarter, Delegated Entity and Company shall meet either in person or telephonically to discuss the operation of the Services and any improvements that can be made thereto. Each party shall be responsible for its own costs related to such meetings.

11.3. Ad Hoc Meetings. Delegated Entity and Company shall meet at such other times and in such other fashion to discuss the operation of the Services and any improvements that can be made thereto at either party's request. The Company Medical Director and the Account Manager shall seek to be available to one another upon request. Each party shall be responsible for its own costs related to such meetings.

11.4. Escalation. In the event of day-to-day problems in the operation of the Services, the parties will perform according to the Escalation Procedures contained in the Escalation Section of the Agreement.

12. E-mail Headings. All e-mails required by the Agreement shall contain subject lines that are appropriate, descriptive and consistent.

13. Fees. Company shall pay for the Services provided under this Addendum the Fee set forth in Exhibit 1 B attached to this Addendum.

Exhibit 1 B
Musculoskeletal Pain Management
Services and Compensation Schedule

Modality	PMPM
Pain Management – CPT codes described in Exhibit 1C	[redacted]
Physical Medicine consisting of PT, OT, ST	[redacted]

1) Payment. On or before the 15th day of each month, Company shall prepay Delegated Entity an "Administrative Fee" for provision of Delegated Entity Program services.

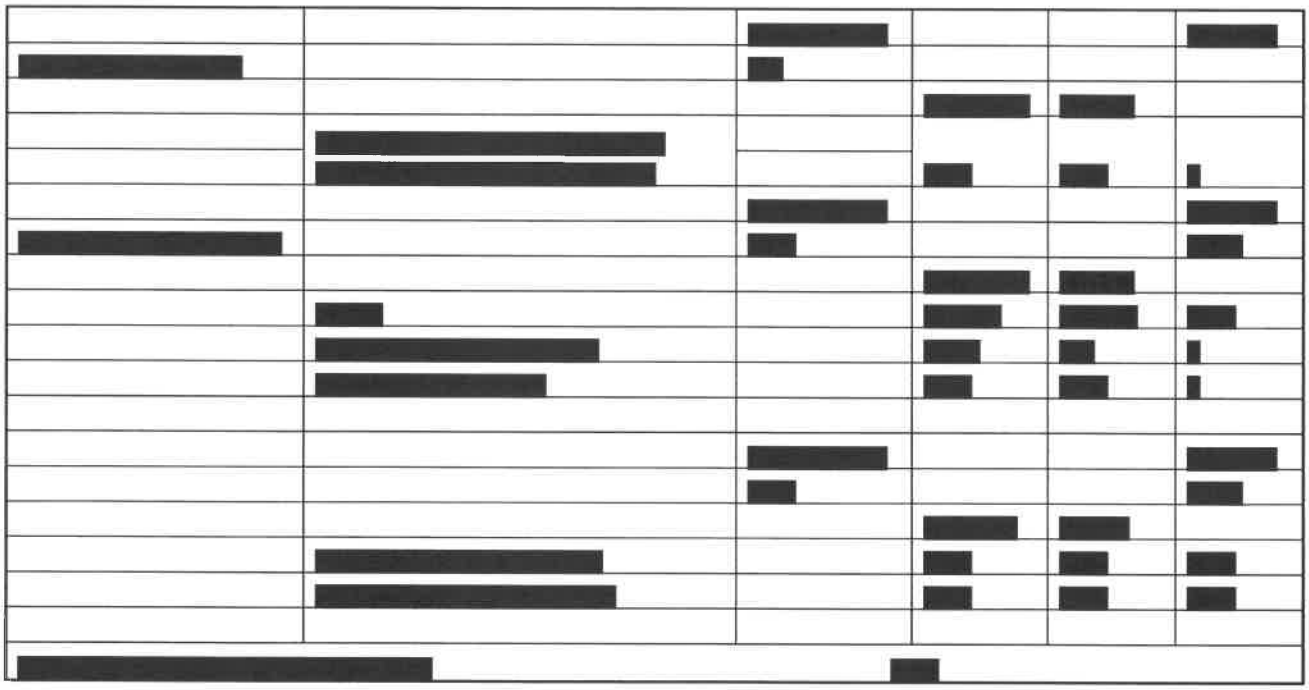
a) If a Member is added to Company Membership on or before the 15th day of a month, a full month's Service Fee will be due for that month. There will be no Administrative Fee due for Members added after the 15th day of the month.

b) A full month's Administrative Fee will be due for the month of termination of a Member if the Member terminates after the 15th day of the month. If a Member terminates on or before the 15th day of a month, no Administrative Fee will be due for the month of termination.

2) Adjustments. Where Company due to information delays, must make a retroactive addition or deletion to Delegated Entity's membership records, a retroactive adjustment shall be made concurrent therewith and such retroactive Administrative Fee adjustments shall not exceed sixty (60) days for each single Member. With the exception of any fraud investigation the limit to the period of time in which Delegated Entity or Company can make a claim of an overpayment or underpayment or contest an underpayment or overpayment under this Agreement is one hundred eighty (180) days from the date of the payment was made or one hundred eighty (180) days from the date of final adjudication.

The **Administrative Payment** amounts otherwise due to Delegated Entity shall be reduced as follows for Delegated Entity's failure to meet the Performance Guarantees set forth below.

1. For failure to meet any of the satisfaction measures set forth below for the previous calendar year, [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous year, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.



2. For failure to meet any of the call center measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.2: [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous month, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

3. For failure to meet the pre-certification turn-around-time measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.3: [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous quarter, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

4. For failure to meet the pre-certification turn-around-time overturn measures when averaged for the calendar year measured as set forth the Agreement, [redacted] of the annualized Administrative Services Fee payable by Company during the previous quarter.

5. **Example**

Delegated Entity performance results are measured after the Program Year has been completed. Those results become published ninety (90) days at the completion of the Program Year. The results at end of the Program Year show the following:

Implementation Service Guarantee

Delegated Entity, Affiliate and Company shall work together to schedule and implement the Musculoskeletal Pain Management Services program for each Company Affiliate. The parties will agree upon an implementation timeline. In the event Delegated Entity delays the agreed upon implementation date due to system failures or other circumstances solely within the control of Delegated Entity or as a result of Delegated Entity's actions or inactions, Delegated Entity shall pay Company a sum equal to [redacted],Delegated Entity delays a scheduled Affiliate implementation. Notwithstanding the above, the parties agree that Musculoskeletal Services are available at the discretion of any Company Affiliate, which may, but is not required to, implement such services in its respective market.

Exhibit 1C

HOLD FOR LIST OF CPT CODES TO INCLUDE IN MUSCULOSKELTAL PROGRAM

FOURTH AMENDMENT TO THE NATIONAL RADIOLOGY MANAGEMENT SERVICES AGREEMENT BETWEEN AETNA MEDICAID ADMINISTRATORS LLC AND MEDSOLUTIONS, INC.

This Fourth Amendment (the "Amendment") to the National Radiology Management Services Agreement (hereinafter the "Agreement") is made as of _____ (the "Effective Date"), by and between Aetna Medicaid Administrators LLC (formerly known as Schaller Anderson, LLC), on behalf of itself and its Affiliates (hereinafter "Company"); and MedSolutions, Inc., a Tennessee corporation with its principal place of business in Franklin, TN ("Delegated Entity").

WHEREAS, the parties wish to amend the Agreement to add Missouri and Michigan;

NOW, THEREFORE, in consideration of the mutual promises and undertakings contained herein, the parties agree to be legally bound as follows:

1. Exhibit A shall be modified by adding the attached Exhibit A documents for the Missouri and Michigan markets. By incorporation herein, the Parties acknowledge the inclusion of these Company Affiliates to the Agreement.

2. Exhibit B is hereby deleted in its entirety and replaced with the attached Exhibit B.

All other terms and conditions not otherwise amended herein shall remain in full force and effect.

IN WITNESS WHEREOF, the parties have executed this Amendment as of the Effective Date.

Medicaid Addendum – Exhibit A

MICHIGAN

With respect to the Michigan Medicaid managed care product, the following provisions shall apply when Provider renders or supplies Covered Services to Medicaid Members located in the state of Michigan and enrolled CoventryCares of Michigan's ("Health Plan's") Medicaid product.

1. Member Protection and Hold Harmless.

   a. If Health Plan utilizes co-payments, Provider shall not deny services to an individual who is eligible for the services due to the individual's inability to pay the co-payment.

   b. Provider shall look only to Health Plan for compensation for services rendered to a Member when such services are covered by the Health Plan. Provider agrees not to bill, charge, collect a deposit from, seek compensation from, seek remuneration from, surcharge or have any recourse against Member or person acting on behalf of Member (other than Health Plan), except to the extent that Copayment and Deductibles are specified or as permitted pursuant to coordination of benefits. Provider agrees not to maintain any action at law or in equity against a Member to collect sums that are owed by Health Plan to Provider under the terms of this Agreement, even in the event Health Plan fails to pay, becomes insolvent or otherwise breaches the terms and conditions of this Agreement. This Section shall survive termination of this Agreement, regardless of the cause of termination and shall be construed to be for the benefit of Member. This Section is not intended to apply to services provided after this Agreement has been terminated, except as otherwise provided in this Agreement, or to Non-Covered Services. Provider further agrees that this provision supersedes any oral or written agreement, hereinafter entered into between Provider and Member, or persons acting on Member's behalf, insofar as such agreement relates to payment for services provided under the terms and conditions of this Agreement.

   c. Any modification, addition, or deletion to the provisions of this Section shall become effective on a date no earlier than sixty (60) days after the State Department of Financial and Insurance Services has received and approved such change.

2. Cooperation with Health Plan Activities. Provider shall cooperate with the Health Plan's quality improvement and utilization review activities.

3. Communication with Members. Providers are not prohibited from discussing treatment options with Members that may not reflect the Health Plan's position or may not be covered by Health Plan. Providers acting within the lawful scope of practice, are not prohibited, or otherwise restricted, from advising or advocating on behalf of an enrollee who is his or her patient regarding: (a) the enrollee's health status, medical care, or treatment options, including any alternative treatment that may be self-administered; (b) any information the enrollee needs in order to decide among all relevant treatment options; (c) the risks, benefits, and consequences of treatment or non-treatment; (d) the enrollee's right to participate in decisions regarding his or her health care, including tbe right to refuse treatment, and to express preferences about future treatment decisions; (e) any financial arrangements between Provider and Provider; (f) Medically Necessary and appropriate care with or on behalf of an Member, including information regarding tbe nature of treatment, risks of treatment, alternative treatments, or the availability of alternate therapies, consultation or tests, regardless of benefit coverage limitations; (g) the process that Health Plan or any entity contracting with Health Plan uses or proposes to use to deny payment for a health care service; (h) the decision of any managed care plan to deny payment for a health care service; or (i) advocating on behalf of the Member in any grievance or utilization review process or Member authorization process to obtain Covered Services.

4. Aecessibility Standards: Provider shall meet the following accessibility standards as defined in the Michigan Medicaid Contract.

5. No Discrimination.

a. Health Plan may not discriminate with respect to participation, reimbursement, or indemnification as to any provider who is acting within the scope of provider's license or certification under applicable State law, solely on the basis of such license or certification. This provision should not be construed as an "any willing provider" law, as it does not prohibit Health Plan from limiting provider participation to the extent necessary to meet the needs of the enrollees. This provision also does not interfere with measures established by the Health Plan that are designed to maintain quality and control costs consistent with the responsibility of the organization. If Health Plan declines to include providers in its network, Health Plan must give the affected providers written notice of the reason for the decision.

b. Provider agrees not to discriminate against any employee or applicant for employment, with respect to their hire, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment, because of race, color, religion, national origin, ancestry, age, sex, height, weight, marital status, physical or mental disability unrelated to the individual's ability to perform the duties of the particular job or position.

7. Compliance with Laws. Provider shall agree to comply with all applicable state and federal requirements, regulations and laws, including, but not limited to, rules and regulations of CMS, any other Federal agencies and any State agencies of the State(s) in which Provider practices. Provider understands and agrees that CMS and the appropriate State agencies may change or add to such requirements, laws, rules and regulations from time to time.

8. Audit, Access, Inspection. Provider agrees to permit Provider, Health Plan, any Federal or State agency having jurisdiction over Provider's provision of services to Health Plan and/or the U.S. Department of Health and Human Services and any accrediting organization to conduct periodic site evaluations of Provider's facilities, offices and records. Upon Health Plan's written request, Provider shall provide Health Plan with a copy of the written response to any questions or comments posed by the agencies listed in the preceding sentence. During regular business hours and upon reasonable notice and demand, Health Plan shall have access to, the right to audit and obtain copies of Provider Records within the possession of or reasonably accessible to, or under the control of Provider that are related to the services provided under this Agreement. Unless applicable statutes or regulations require a longer time period, Health Plan shall have such access during the term of this Agreement and for seven (7) years following its termination. All Provider Records requested by Health Plan shall be provided within no more than seven (7) days from the date such request is made, except in the case of an audit or site visit by Health Plan where records or copies of records shall be provided at the time of the audit or site visit. Provider's refusal to grant access to Provider Records as requested by Health Plan or as required by any Federal or State law or regulations shall constitute a breach of this Agreement and may result in the imposition of sanctions including termination and/or financial penalties.

9. Advanced Directives. Provider shall comply with State and federal law and Health Plan policy to enable Members to make decisions concerning their medical care, including the right to accept or refuse medical treatment and the right to formulate, at the Members option Advanced Directives.

10. Communicable Disease Reporting. Provider shall comply with all reporting requirements for communicable diseases and other health indicators.

11. Medical Records. If Provider is a Hospital, Provider must comply with all medical record requirements contained within 42 CFR 456.101 through 456.145

12. Continuation of Benefits.

a. Unless this Agreement is terminated for cause or as a result of the insolvency of Health Plan, upon termination of this Agreement, Provider shall continue to furnish Covered Services under the Agreement for a period not to exceed ninety (90) days following termination where the continuation of care is medically necessary and prudent, including without limitation, circumstances such as disability, pregnancy or life-threatening illness.

b. In the event of Health Plan's insolvency or cessation of operations, Provider shall continue to provide Covered Services to Members through the period for which Health Plan was paid on behalf of the Member or until the Member's discharge from an inpatient facility, whichever is later

c. During any such period of continued treatment, Provider shall neither charge nor hold Members financially responsible for any Covered Services rendered other than for applicable deductibles or copayments, and shall be paid for Covered Services rendered at the rate that is in effect between the parties during the period immediately preceding termination on the bases referenced herein. This subsection shall be construed in favor of the Member; survive the termination of this Agreement, regardless of the reason for termination; and supersedes any oral or written agreement to the contrary between Physician and a Member or a Member's representative.

IN WITNESS WHEREOF, the undersigned parties are authorized officers and/or representatives of each Party's applicable Affiliate with signatory authority to bind such Affiliate to the terms of this Agreement, including this Exhibit A, provided, further, by executing this Exhibit A, the Parties acknowledge and agree that each such Party desires the applicable Affiliate to be legally bound by all of the terms of this Agreement, including this Exhibit A.

PRODUCT PARTICIPATION SCHEDULE

Participation under this Agreement will include the products indicated below. Compensation for these products will be according to the Services and Compensation Schedule attached to this Agreement.

- Those Medicaid Plans and programs offered by Company within the State of Michigan.

EXHIBIT A

Regulatory Compliance Addendum – Missouri

If there is any conflict between the terms of this Exhibit A and any of the other terms of this Agreement, including any attachments, schedules, exhibits and/or addenda made part of this Agreement, the terms of this **Exhibit A** will govern and control; provided, however, if there is any conflict between any of the terms of this Agreement, including this **Exhibit A**, and the State Contract (as defined in the Agreement), then the terms of the State Contract will govern and control.

For purposes of this Regulatory Compliance Addendum, the term "Provider" shall mean the health care provider or practitioner executing this Agreement, as identified on the first page of the Agreement.

Capitalized terms used and not otherwise defined in this **Exhibit A** shall have the meanings set forth in the Agreement or, if not defined in the Agreement, in the State Contract or under Missouri Law. The RFP referenced herein is available to Provider at http://www.dss.mo.gov/

The Parties agree as follows:

1.0 **Definitions**. The following definitions shall be incorporated into Section 1.0 of the Agreement. Any conflicting definitions in Section 1.0 of the Agreement shall be deleted in their entirety and replaced with those set forth below:

Emergency medical, behavioral health, or substance abuse services. Covered Services (inpatient and outpatient) that are (1) furnished by a provider qualified to furnish these services and (2) needed to evaluate or stabilize an emergency medical condition.

Emergency medical condition. A medical, behavioral health, or substance use-related condition manifesting itself by acute symptoms of sufficient severity (including severe pain) that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in the following: (a) Placing the physical or behavioral health of an individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy; (b) Serious impairment to bodily functions; (c) Serious dysfunction of any bodily organ or part; (d) Serious harm to self or others due to an alcohol or drug abuse emergency; (e) Injury to self or bodily harm to others; or (f) With respect to a pregnant woman having contractions: (i) that there is inadequate time to effect a safe transfer to another hospital before delivery; or (ii) that transfer may pose a threat to the health or safety of the woman or the unborn child.

Medically Necessary. A service shall be considered medically necessary if it (1) prevents, diagnosis, or treats a physical or behavioral health or injury; (2) is necessary for the Member to achieve age appropriate growth and development; (3) minimizes the progression of disability; or (4) is necessary for the Member to attain, maintain, or regain functional capacity. A service shall not be considered reasonable and medically necessary if it can be omitted without adversely affecting the member's condition or the quality of medical care rendered.

2.0 **Compliance with Applicable Law; State Contract; Manual, Policies and Procedures**. Provider represents and warrants that it shall comply, and take all steps necessary to cause such employees, independent contractors and subcontractors to comply, with all applicable federal and state laws, rules and regulations and to perform all requirements applicable to Government Programs, including without limitation, Missouri State Regulation, 19 CSR 10-2.010, Civil Rights Requirements; Missouri Governor's E.O. #94-03 (excluding Article II due to its repeal); Missouri Governor's E.O. #05-30; the relevant provisions RSMo Sections 191.331, 285.530, 376.383, and 376.384, as amended from time to time; applicable State Agency directives; the applicable provisions of the State Contract; Company's Provider Manual, as amended from time to time; and the applicable Company policies and procedures corresponding to the MO HealthNet program. Provider acknowledges it has received a copy of the Provider Manual and such policies and procedures.

3.0 **MO HealthNet Required Provisions**. The following provisions are either required by or otherwise contained in the State Contract:

3.1 Provider shall release to Company any information necessary for Company to perform any of its obligations under the State Contract, including without limitation, compliance with all reporting requirements (e.g., encounter data reporting requirements), timely payment requirements, and quality assessment requirements.

3.2 Provider may challenge or appeal the failure of Company to cover a service, in accordance with the terms of the Agreement and the applicable policies and procedures.

3.3 Provider's facilities and records shall be open to inspection by Company and appropriate federal and state agencies, including without limitation, the State Agency. The medical records, or copies thereof, shall be provided to Company by Provider, upon request, for transfer to subsequent subcontractors for review by the State Agency.

3.4 Provider will maintain comprehensive medical records for each Member for whom services are provided for a minimum of seven years from the date of when the last professional service was provided or such longer period as may be required by law.

3.5 When no Member co-payment is required, Provider shall look solely to Company for compensation for services provided to such Member.

3.6 Provider and Company will not enter into, and will prohibit, any financial incentive arrangement to induce Provider to limit the provision of medically necessary services to Members. All financial incentive arrangements, if any, shall be set forth in writing and included in the Agreement or this Addendum. In the event of a change to these financial incentive arrangements, Provider shall immediately notify Company of such change so Company can meet its requirement to notify the State Agency.

3.7 Practitioners may freely communicate with patients about their treatment, regardless of benefit coverage limitations. Company may not prohibit, or otherwise restrict Provider, acting within the lawful scope of practice, from advising or advocating on behalf of a Member who is his or her patient:

1) For the Member's health status, medical care, or treatment options, including any alternative treatment that may be self-administered.
2) For any information the Member needs in order to decide among all relevant treatment options.
3) For the risks, benefits, and consequences of treatment or non-treatment.
4) For the Member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.

3.8 Provider shall not conduct or participate in health plan eligibility, enrollment, disenrollment, transfer, or opt out activities. Provider shall not influence a Member's enrollment. Prohibited activities include:

1) Requiring or encouraging the Member to apply for an assistance category not included in MO HealthNet Managed Care;
2) Requiring or encouraging the Member and/or guardian to use the opt out provision as an option in lieu of delivering health plan benefits;
3) Mailing or faxing health plan enrollment forms;
4) Aiding the Member in filling out health plan enrollment forms;
5) Photocopying blank health plan enrollment forms for potential Members;
6) Distributing blank health plan enrollment forms;
7) Participating in three way calls to the MO HealthNet Managed Care enrollment helpline;

8) Suggesting a Member transfer to another health plan; or
9) Other activities in which Provider is engaged in to enroll a Member in a particular health plan or in any way assisting a Member to enroll in a health plan.

3.9 If Provider is a federally qualified health center (FQHC) or rural health clinic (RHC) that may provide services to Members under a prepayment arrangement, the State Agency shall reimburse Provider 100% of its reasonable cost for Covered Services.

3.10 If Provider is a hospital, Provider will notify Company of births where the mother is a Member. [Company or Provider] is responsible for notifying the Family Support Division of the birth.

3.11 For contracted services, Company and Provider shall follow the claim processing requirements set forth by RSMo 376.383 and 376.384, as amended from time to time.

3.12 Notwithstanding any other provision herein, termination of the Agreement shall be subject to and in accordance with applicable federal and state laws and regulations, as amended, and policy.

3.13 In the event of Provider's insolvency or other cessation of operations, Covered Services to Members shall continue through the period for which a capitation payment has been made to Company or until the Member's discharge from an inpatient facility, whichever time is greater.

3.14 Company and Provider shall establish reasonable timely filing requirements for claims to be filed by Provider for reimbursement. Provider shall inform its provider network and any subcontractors of the timely filing requirements. Provider shall establish reasonable reporting of encounters to Company in sufficient detail to meet Company's encounter data reporting requirements.

3.15 Company may terminate or revoke the Agreement or impose other sanctions if Company or State Agency determines the Provider's performance is inadequate.

3.16 Company agrees and understands that consumer protection shall be integral to the MO HealthNet Managed Care Program. Provider shall comply with the consumer protection provisions outlined in the MO HealthNet Managed Care Marketing and Member Education Guidelines, described in more detail in the State Contract.

3.17 Each Member shall be entitled to one free copy of his or her medical records annually. The fee for additional copies shall not exceed the actual cost of time and materials used to compile, copy, and furnish such records.

3.18 National Provider Identifier. Provider shall have a national provider identifier (NPI).

3.19 Cultural Competency. Provider and its staff shall provide to Members effective, understandable, and respectful care in a manner compatible with their cultural health beliefs and practices and preferred language.

3.20 No Exclusive Relationship. Nothing in the Agreement or this Addendum shall constitute or be deemed to (a) prohibit Provider from contracting with another health plan, (b) prohibit Company from contracting with other providers, or (c) otherwise create an exclusive relationship with Provider.

3.21 Membership Capacity. Provider shall report on the number of members they will take as patients and report to Company when they have reached eighty-five (85%) of capacity.

3.22 Primary Care Provider Responsibilities. If Provider is a primary care provider, primary care provider team or primary care clinic, Provider shall be responsible for the following with respect to each Member assigned to Provider: (a) maintaining continuity of each Member's health care; (b) making referrals for specialty care and other medically necessary services to both in-network and out-of-network

providers; (c) working with Company case managers in developing plans of care for members receiving case management services; (d) conducting a behavioral health screen to determine whether the Member needs behavioral health services; and (e) maintaining a comprehensive current medical record for the Member, including documentation of all services provided to the Member by the Provider, as well as any specialty or referral services, diagnostic reports, physical and behavioral health screens, etc. If Provider is a primary care clinic, Provider shall maintain a centralized medical record on each Member enrolled with the Provider.

3.23 Specialist as Primary Care Provider. If Provider is a specialist serving as a primary care provider for a Member with a disabling condition or chronic condition which requires ongoing care from a specialist, Provider agrees to accept in writing the Member as a primary care patient and assume the applicable responsibilities set forth in the State Contract.

3.24 Mainstreaming. Provider shall accept members for treatment, and Provider shall not intentionally segregate Members in any way from other persons receiving services. Providers shall provide Covered Services to Members without regard to race, color, creed, sex, religion, age, national origin, ancestry, marital status, sexual preference, health status, income status, program membership, or physical or behavioral disability, except where medically indicated. Examples of prohibited practices include, but are not limited to, the following: (a) denying or not providing to a Member any Covered Services or availability of a facility; (b) providing a Member any covered service which is different, or is provided in a different manner, or at a different time from that provided to other Members, other public or private patients, or the public at large; (c) subjecting a Member to segregation or separate treatment in any manner related to the receipt of any covered service.

3.25 Appointment Standards. Provider shall ensure that waiting times (defined as time spent both in the lobby and in the examination room prior to being seen by a provider) for appointments do not exceed one hour from scheduled appointment time. Provider further agrees to abide by the Company's policies and procedures relating to appointment standards.

3.26 Behavioral Health and Substance Abuse In-Network Self Referrals. If Provider is a behavioral health or substance abuse provider, Provider shall complete a health status screen, at the initial point of contact and as part of the re-assessment process for Members in treatment. If Provider is a behavioral health or substance abuse provider, Provider shall refer Members with physical health conditions (as indicated by the screen) to their primary care provider for evaluation and treatment of the physical health condition.

3.27 No Balance Billing. Provider shall accept payment from Company as payment in full (no balance billing) and shall not collect payment from Members except for: (1) applicable MO HealthNet cost sharing amounts; and (2) when services are not in the comprehensive benefit package and, prior to providing the services, Provider informed the Member that the services were not covered. Provider shall inform the Member of the non-covered service and have the member acknowledge the information. If the Member still requests the service, Provider shall obtain such acknowledgement in writing (a private pay agreement) prior to rendering the service. Regardless of any understanding worked out between Provider and the Member about private payment, once Provider bills Company for the service that has been provided, the prior arrangement with the Member becomes null and void.

3.28 Retroactive Eligibility Period. Except for newborns, Company shall not be responsible for any payments owed to Provider for services rendered prior to a Member's enrollment with Company, even if the date of service fell within an established period of retroactive MO HealthNet eligibility.

3.29 Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs). If Provider is a FQHC or RHC, PHP shall fully comply with the State Agency's payment and billing systems, and provide the State Agency with all cost reporting information required by the State Agency to verify reasonable costs and apply applicable reasonable cost reimbursement principles. If Provider is a FQHC or RHC, Provider shall bill its usual and customary amount for all payor classes. If Provider is a FQHC or RHC,

Provider acknowledges and agrees that health plan records applicable to Provider are subject to audit by the State Agency or its contracted agent.

3.30 Physician Incentive Plan (PIP) Requirements. If Company establishes a physician incentive plan (PIP) pursuant to federal and state regulations, including 42 CFR §422.208, 422.210 and 438.6, Provider shall comply with all PIP regulations within the scope of incentive plans for Provider's provision of services to Medicare of Mo HealthNet managed care members.

3.31 Release for Ethical Reasons. Nothing in the Agreement or this Addendum shall be deemed to (a) require Provider to perform any treatment or procedure which is contrary to Provider's conscience, religious beliefs, or ethical principles or policies, or (b) prohibit Provider from making a referral to another health care provider licensed to provide care appropriate to the Member's medical condition.]

3.32 Special Supplemental Nutrition for Women, Infants and Children (WIC) Program. Provider shall document and refer eligible Members for WIC services. As part of the initial assessment of Members, and as a part of the initial evaluation of newly pregnant women, Provider shall provide and document the referral of pregnant, breast-feeding, or postpartum women, or a parent/guardian of a child under the age of five, as indicated, to the WIC Program.

3.33 Contracted Health Plans. Provider shall provide equal representation of all contracted health plans and shall not favor one health plan over another in displayed information; however, Provider may display brochures and other materials from one health plan even though all health plans have not provided similar materials. Provider shall provide Company, upon request by the Government Sponsor or state agency, all materials Provider uses to advise members of the health plans with which it has contracts. Approved materials include: (1) a list of all health plans with which Provider has contracts; (2) a letter to previous fee-for-service recipients who may be eligible for MO HealthNet Managed Care, informing them of all health plan(s) with which Provider has contracted; (3) a display of all contracted health plan provided marketing and health education materials in an equal fashion; (4) a listing of all contracted health plans phone numbers; and (5) displaying enrollment helpline phone numbers.

3.34 Medical Records. In accordance with Senate Bill No. 1024, enacted by the General Assembly of the State of Missouri, Section A., Chapter 334, RSMo, amended to be known as Section 334.097, if Provider is a physician, Provider shall maintain an adequate and complete medical record for each Member and may maintain electronic records provided the record keeping format is capable of being printed for review. An adequate and complete medical record shall include documentation of the following information: (a) identification of the Member, including name, birth date, address and telephone number; (b) the date(s) the Member was seen; (c) the current status of the Member, including the reason for the visit; (d) observation of pertinent physical findings; (e) assessment and clinical impression of diagnosis; (f) plan for care and treatment, or additional consultations or diagnostic testing, if necessary (if treatment includes medical, Provider shall include in the medical record the medication and dosage of any medication prescribed, dispensed, or administered; and (g) any informed consent for office procedures. Provider shall maintain medical records in a detailed and comprehensive manner, which conforms to good professional medical practice, permits effective professional medical review and medical audit processes, and facilitates an adequate system for follow-up treatment. Medical records must be legible, signed and dated. If Provider is a primary care provider and a Member changes primary care providers, upon request, Provider shall forward a Member's medical records or copies of medical records to the new primary care provider within ten (10) business days from receipt of request or prior to the next scheduled appointment to the new primary care provider whichever is earlier.

3.35 Company Disputes With Providers. All disputes between Company and Provider shall be solely between Provider and Company. Provider shall indemnify, defend, save, and hold harmless Company and its officers, employees, and agents from any and all actions, claims, demands, damages, liabilities, or suits of any nature whatsoever arising out of the Agreement because of any breach of the Agreement by Provider, Provider's subcontractors, agents, or employees, including without limitation, any negligent or wrongful acts, occurrence or omission of commission or negligence of the Provider, Provider's subcontractors, agents, providers, or employees.

3.36 Access to Premises; Cooperation with Investigations. During normal business hours (defined as 8:00 a.m. through 5:00 p.m., Monday through Friday, except State designated holidays), Provider shall allow duly authorized agents or representatives of the Federal or State government access to Provider's premises to inspect, audit, monitor, or otherwise evaluate the performance of Provider. Provider shall cooperate fully in any State reviews or investigations and in any subsequent legal action, and any corrective actions implemented by Company in instances of fraud and abuse detected by the State Agency, or other authorized agencies or entities.

3.37 Identification of Debarred Individuals or Excluded Providers. Provider represents and warrants that Provider has not had Office of Inspector General (OIG) sanctions, failed to renew any license or certification registration, had a revoked professional license or certification, or been terminated by the State Agency. Provider shall immediately notify Company in the event that Provider or any provider providing services through Provider becomes subject to Office of Inspector General (OIG) sanctions, fails to renew any license or certification registration, has a revoked professional license or certification, or is terminated by the State Agency.

3.38 Second Opinions. Provider will cooperate with Company, by making recommendations, referrals and requests for prior authorization (if required) in accordance with Company's Policies, to facilitate Members' obtaining second or third opinions, if such opinions are Covered Services or required under Member's Plan. Company shall arrange for Members to obtain second opinions out of network at no more cost to Members than if the service was obtained in-network.

4.0 **Missouri State Regulatory Requirements**. The following provisions are required by or otherwise contained in state law:

4.1 Sections 4.3.2 and 6.5.2 of the Agreement shall: (1) survive the termination of the contract regardless of the reason for termination, including the insolvency of the Company; and (2) supersede any oral or written contrary agreement between Provider and a Member or the representative of a Member if the contrary agreement is inconsistent with the hold harmless and continuation of Covered Services provisions required by Sections 4.3.2 and 6.5.2 of the Agreement.

4.2 In no event shall Provider collect or attempt to collect from a Member any money owed to the Provider by the Company nor shall Provider collect or attempt to collect from a Member any money in excess of the coinsurance, co-payments or deductibles.

4.3 Nothing in the Agreement or this Addendum shall be deemed to (a) require Provider to use a hospitalist (a physician who becomes a physician of record at a hospital for a patient of a participating provider and who may return the care of the patient to the participating provider at the end of the hospitalization); or (b) constitute an offer of inducement under the Plan to Provider to provide less than medically necessary services to a Member; or (c) prohibit a Provider from advocating in good faith on behalf of a Member within the utilization review or grievance processes established by Company or a person contracting with Company.

4.4 Provider shall make health records available to appropriate state and federal authorities involved in assessing the quality of care but shall not disclose individual identities, or investigating the grievances or complaints of Members, and to comply with the applicable state and federal laws related to the confidentiality of medical or health records

4.5 When Company or Provider terminates the Agreement without cause, the written notice shall include an explanation of why the contract is being terminated. Within fifteen (15) working days of the date that Provider either gives or receives notice of termination for any reason, Provider shall supply Company with a list of those patients of Provider that are covered by a plan of the health carrier.

4.6 Either Party to the Agreement may exercise a right of nonrenewal at the expiration of the contract period set forth therein or upon sixty (60) days notice to the other Party and such nonrenewal shall be

deemed a termination under Article 6 of the Agreement; provided, however, that any nonrenewal shall not constitute a termination for purposes of RSMo §354.609.

4.7 Company shall not terminate the Agreement solely or in part because Provider in good faith: (1) advocates on behalf of a Member; (2) files a complaint against Company; (3) appeals a decision of Company; (4) provides information or files a report with the Missouri Department of Insurance, Financial Institutions and Professional Registration; or (5) requests a hearing or review pursuant to the Agreement or RSMo §354.609.

4.8 Provider shall provide continuation of care to Members for a period of up to ninety (90) days when Provider terminates the Agreement or the Agreement is terminated by Company where the continuation of care is medically necessary and in accordance with the dictates of medical prudence, including circumstances such as disability, pregnancy, or life-threatening illness. Under such circumstances, Member shall not be liable to Provider for any amounts owed for medical care other than deductibles or co-payment amounts specified in the Agreement. In the event the Agreement is terminated and Provider is authorized to continue treating a Member pursuant to this section, the Company is obligated to pay Provider at the previously contracted rate for services provided to Member. [RSMo §354.612] In the event a practitioner's contract is discontinued, Company shall allow affected Members continued access to the practitioner, as follows. Continuation of treatment through the current period of active treatment, or for up to ninety (90) calendar days whichever is less, for Members undergoing active treatment for a chronic or acute medical condition. Continuation of care through the postpartum period for Members in their second or third trimester of pregnancy.

4.9 Notwithstanding any provision to the contrary, Company shall pay the Provider in the time frame set forth in RSMo §376.383.

4.10 Notwithstanding legitimate and medically based referral patterns, neither Party shall act in a manner that unreasonably restricts an enrollee's access to the entire network.

4.11 Provider acknowledges that provider has either had an opportunity to review this Agreement for thirty (30) days prior to execution, or hereby waives such thirty (30) day review period.

4.12 Notwithstanding anything to the contrary in the Agreement, Company reserves the right to derogate from AMA Current Procedural Terminology to conform to state-recognized coding structures.

4.13 State of Missouri Hold Harmless. The State of Missouri shall be held harmless, indemnified, and saved from and against any and all claims of damage, loss and cost (including attorney fees) of any kind related to this Agreement.

5.0 **Accreditation and Quality of Care Requirements**.

5.1 Member Protections. By way of emphasis, but not limitation, certain clauses of the Agreement are reproduced or amplified here:

5.1.1 Provider "may freely communicate **with patients about their treatment options, regardless of benefit coverage limitations." [Agreement 5.5.1]**

5.1.2 Provider agrees to provide services "with the same degree of care and skill as customarily provided" to patients who are not Members, and "agree(s) that Members and non-Members should be treated equitably." As such, hours of operation offered to Company Members shall be no less than those hours of operation offered to commercial members. [Agreement 2.2]

5.2 In addition and by way of supplement to any obligations of Provider upon termination specified in the Agreement, upon termination or non-renewal of this Agreement for any reason, other than termination by Company in accordance with Section 6.4, Provider shall, at a minimum, remain obligated at Company's request to provide Covered Services through the current period of active treatment, or for up to ninety (90) calendar days whichever is less, for Members undergoing active treatment for a chronic or acute medical condition, and through the postpartum period for

Members in their second or third trimester of pregnancy.

5.3 Coordination between Medical and Behavioral Health Providers. If applicable, for purposes of coordinating between medical and behavioral health providers, Provider shall: i) comply with all applicable laws and regulations pertaining to the confidentiality of Member medical records, including obtaining any required written member consents to disclose confidential medical records; ii) make referrals for medical, social, vocational, education or human services when a need for such service is identified through assessment; iii) provide health records if requested by the medical or behavioral health provider; iv) notify the medical or behavioral health provider of all prescriptions, and when deemed advisable, check with the medical or behavioral health provider before prescribing medication; v) make certain medical and behavioral health clinicians have complete, up-to-date record of medications; vi) be available to the medical or behavioral health provider on a timely basis for consultations; and vii) otherwise cooperate with Company to coordinate the provision of medical and behavioral health services with the appropriate provider.

5.4 Provider shall cooperate with Company's quality improvement activities, including Federal and state regulatory requirements and accreditation requirements. Company shall have access to Provider medical records, to the extent permitted by applicable law. Provider shall maintain the confidentiality of Member information and records in accordance with this Agreement and applicable law. This paragraph is stated by way of emphasis, but not limitation, to the Agreement.

5.5 In order to ensure orderly implementation of new Policies mandated by Government Sponsor or applicable law in a manner that does not disrupt quality of care, Company shall implement such Policies only once its systems and processes are updated and personnel appropriately trained. Nevertheless, the Policies shall ultimately be implemented retroactively to Government Sponsor's effective date when mandated by Government Sponsor or applicable law.

IN WITNESS WHEREOF, the undersigned parties are authorized officers and/or representatives of each Party's applicable Affiliate with signatory authority to bind such Affiliate to the terms of this Agreement, including this **Exhibit A**, provided, further, by executing this **Exhibit A**, the Parties acknowledge and agree that each such Party desires the applicable Affiliate to be legally bound by all of the terms of this Agreement, including this **Exhibit A**.

***Non-Affiliated Plans administered by Company with access to this Agreement.**

FIFTH AMENDMENT TO THE
RADIOLOGY MANAGEMENT SERVICES AGREEMENT

This Amendment ("Amendment") is dated May 1. 2015. and is between Aetna Medicaid Administrators LLC, on behalf of itself and its Affiliates ("Company"); and MedSolutions. Inc., a Tennessee corporation with its principal place of business in Franklin, TN ("Delegated Entity").

WHEREAS, Company and Delegated Entity entered into a Radiology Management Services Agreement on January 1, 2014 ("Agreement") for the provision of Utilization Management services;

WHEREAS, Company and Delegated Entity have since amended the Agreement on or around the following dates: First Amendment April 1, 2014 (Musculoskeletal Pain Management); Second and Third Amendments were never executed and are intentionally omitted; Fourth Amendment July 16. 2014 (adding Missouri and Michigan); and

WHEREAS, Company and Delegated Entity desire to amend the Agreement to include Aetna Better Health, Inc., dba Aetna Better Health of Louisiana, and all compensation and terms associated with this addition;

NOW, THEREFORE, in consideration of the mutual covenants and promises stated herein and in the Agreement, and other good and valuable consideration, Company and Delegated Entity agree as follows:

1. Exhibit 2: Compensation Schedule of the Agreement is hereby amended to add additional rows to the second table of states to include Louisiana as follows:

State (Effective Date)	Modality	TANF	CHIP	ABD	LTSS	Duals
Louisiana (05/01/2015)	Advanced Imaging	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]
	Pain Management	[redacted]	[redacted]	[redacted]	[redacted]	[redacted]

2. Exhibit A Regulatory Compliance Addendum is hereby amended to add the Louisiana Medicaid/CHIP Compliance Addendum to the Agreement. Delegated Entity shall comply with the terms of the Louisiana Medicaid/CHIP Compliance Addendum to the extent applicable to its Agreement with Company. In the event of any conflict between the terms of Exhibit A and any of the other terms of the Agreement, including any attachments, schedules, exhibits and/or addenda made part of the Agreement, the terms of Exhibit A will govern and control for Medicaid products only.

3. Exhibit B Company Affiliates is hereby deleted in its entirety and replaced with the following Exhibit B Company Affiliates.

4. All other terms and provisions of the Agreement not amended herein shall remain in full force and effect, without modification.

5. The Parties ratify and affirm the Agreement, and agree that it is in full force and effect as amended herein. In the event of any inconsistency between the terms of this Amendment and the Agreement, the terms of this Amendment shall govern and control.

Signatures on the following page

WITNESS WHEREOF, the Parties have caused this Amendment to be signed by their duly authorized officers as of the date indicated in the introductory clause.

Individual Sites Regulatory Addendum – Exhibit A
Louisiana Medicaid/CHIP Compliance Addendum

This Regulatory Compliance Addendum is incorporated by reference in the Agreement. It applies to Medicaid and CHIP products, including the Bayou Health Program and the eligible populations covered by the State Contract. This **Exhibit A** is effective as of the Effective Date of the Amendment.

If there is any conflict between the terms of this **Exhibit A** and any of the other terms of this Agreement, including any attachments, schedules, exhibits and/or addenda made part of this Agreement, the terms of this **Exhibit A** will govern and control; provided, however, if there is any conflict between any of the terms of this Agreement, including this **Exhibit A**, and the State Contract, then the terms of the State Contract will govern and control. For purposes of this Regulatory Compliance Addendum, the term "Provider" shall mean the health care physician, provider, group, facility or hospital executing this Agreement, as identified on the first page of the Agreement.

1. DEFINITIONS

When used in this Amendment, all capitalized terms shall have the following meanings:

Bayou Health (or Bayou Health Program). The full risk-bearing MCO health care delivery system, authorized by La. R.S. 36:254 and operated by DHH under the authority of the State Plan Amendment, responsible for providing specified Medicaid core benefits and services included in the Louisiana Medicaid State Plan to Medicaid recipients.

Behavioral Health Services ("BHS"). Mental health and substance abuse services, which are provided to Enrollees with emotional, psychological, substance abuse, psychiatric symptoms and/or disorders. BHS may be basic or specialized. Basic BHS are provided in the Enrollee's PCP office by the Enrollee's PCP as part of primary care service activities, as well as those services provided in an FQHC ("Federally Qualified Health Center"). Specialized mental health services shall include, but not be limited to, services specifically defined in the Medicaid State Plan (or as otherwise authorized by the Bayou Health program) and provided by a psychiatrist, psychologist, and/or mental health rehabilitation provider to those Enrollees with a primary diagnosis of a behavioral disorder.

Children's Health Insurance Program ("CHIP"). The program created in 1997 by Title XXI of the Social Security Act and known in Louisiana as CHIP.

Claim. In addition to the provisions of this Agreement, Claim means (1) a bill or services, (2) a line item of service or (3) all services for one recipient within a bill.

Clean Claim. A Clean Claim means one that can be processed without obtaining additional information from the provider of the service or from a third party. It includes a Claim with errors originating in a State's Claims system. It does not include a Claim from a provider who is under investigation for fraud or abuse, or a Claim under review for medical necessity.

Covered Services. Those health care services/benefits to which an individual eligible for Medicaid/CHIP is entitled under the Louisiana Medicaid State Plan.

Emergency Services. Covered inpatient and outpatient services that are furnished by a provider that is qualified to furnish these services under 42 C.F.R. § 438.114(a) and Section 1932(b)(2) of the Social Security Act and that are needed to screen, evaluate and stabilize an emergency medical condition. Services defined as such under Section 1867(e) of the Social Security Act ("anti-dumping provisions"). If an emergency medical condition exists, the MCO is obligated to pay for the Emergency Service. Coverage of Emergency Services must not include any prior authorization requirements, and the "prudent layperson" standard shall apply to both in-plan and out-of-plan coverage.

Enrollee. A Louisiana Medicaid or CHIP recipient who is currently enrolled in an MCO or other Medicaid managed care program.

Louisiana Department of Health and Hospitals ("DHH"). The state department responsible for promoting and protecting health and ensuring access to medical, preventive and rehabilitative services for all citizens in the state of Louisiana.

Louisiana Medicaid State Plan. The binding written agreement between DHH and CMS, which describes how the Medicaid program is administered and determines the services for which DHH will receive federal financial participation.

Managed Care Organization ("MCO"). A private entity that contracts with DHH to provide core benefits and services to Enrollees in exchange for a monthly prepaid capitated amount per Member. The entity is regulated by the Louisiana Department of Insurance with respect to licensure and financial solvency, pursuant to La. R.S. 22:1016, but shall, solely with respect to its products and services offered pursuant to the Louisiana Medicaid program be regulated by DHH.

Managed Care Program. The Louisiana Medicaid program providing statewide leadership to most effectively utilize resources to promote the health and well-being of Enrollees in DHH's Bayou Health Program.

Material Changes. Material changes are changes affecting the delivery of care or services provided under the State Contract. Material changes include, but are not limited to, changes in composition of the provider network, subcontractor network, the MCO's complaint and grievance procedures; health care delivery systems, services, changes to expanded services; benefits; enrollment of a new population; procedures for obtaining access to or approval for health care services; any and all policies and procedures that require DHH approval prior to implementation; and the MCO's capacity to meet minimum enrollment levels. DHH shall make the final determination as to whether a change is material.

Medicaid. A means tested federal-state entitlement program enacted in 1965 by Title XIX of the Social Security Act Amendment. Medicaid offers federal matching funds to states for costs incurred in paying health care providers for serving covered individuals.

Medical Record. A single complete record kept at the site of the Member's treatment(s), which documents medical or allied goods and services, including, but not limited to, outpatient and emergency medical health care services whether provided by the MCO, its subcontractor or any out-of-network providers. The records may be electronic, paper, magnetic material, film or other media. In order to qualify as a basis for reimbursement, the records must be dated, legible and signed or otherwise attested to, as appropriate to the media, and meet the requirements of 42 C.F.R. § 456.111 and 42 C.F.R. § 456.211.

Medically Necessary or Medical Necessity. Those health care services that are in accordance with generally accepted, evidence-based medical standards or that are considered by most physicians (or other independent licensed practitioners) within the community of their respective professional organizations to be the standard of care. In order to be considered medically necessary, services must be: (1) deemed reasonably necessary to diagnose, correct, cure, alleviate or prevent the worsening of a condition or conditions that endanger life, cause suffering or pain or have resulted or will result in a handicap, physical deformity or malfunction; and (2) not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease. Any such services must be clinically appropriate, individualized, specific and consistent with symptoms or confirmed diagnosis of the illness or injury under treatment, and neither more nor less than what the recipient requires at that specific point in time. Services that are experimental, non-FDA approved, investigational, or cosmetic are specifically excluded from Medicaid

coverage and will be deemed "not medically necessary." Additionally, the Medicaid director, in consultation with the Medicaid medical director, may consider authorizing services at his discretion on a case-by-case basis.

Member. As it relates to the Louisiana Medicaid/CHIP programs, the State Contract and this Agreement, Member refers to a Medicaid/CHIP eligible who enrolls in an MCO under the provisions of the State Contract and also refers to an "Enrollee" as defined in 42 C.F.R. § 438.10(a).

Policies. In addition to the policies and procedures promulgated by Company, which relate to the duties and obligations of the Parties under the terms of this Agreement, Policies include the general principles by which DHH is guided in its management of the Title XIX program, as further set forth and defined by DHH promulgations and by state and federal rules and regulations.

Post-Stabilization Care Services. Covered Services relating to an Emergency Medical Condition that are provided after a Member is stabilized in order to maintain, improve or resolve the Member's condition, pursuant to 42 C.F.R. § 422.113(c)(1) and § 438.114.

Primary Care Provider ("PCP"). An individual physician, nurse practitioner or physician assistant who accepts responsibility for the management of a Member's health care. The Primary Care Provider is the patient's point of access for preventive care or an illness and may treat the patient directly, refer the patient to a specialist (secondary/tertiary care) or admit the patient to a hospital.

State Contract. The written agreement between Company and DHH, the Government Sponsor, a copy of which shall be furnished to Provider upon request. The State Contract is comprised of and incorporates all provisions of the RFP and any addenda, appendices, attachments or amendments thereto, as well as any member handbook, provider handbook and/or other applicable policy guides, manuals and materials.

2. PROVIDER SERVICES AND OBLIGATIONS

2.1 Licensing Requirements. Provider must be currently licensed and/or certified under applicable state and federal statutes and regulations and shall maintain, throughout the term of this Agreement, all necessary licenses, certifications, registrations and permits as are required to provide Covered Services or perform other activities delegated by Company. If DHH or Company discovers that Provider is not properly licensed by the appropriate authority, Provider shall immediately discontinue providing services to Members. Upon proper licensing by the appropriate authority and approval by DHH, Company may reinstate Provider to provide services to Members.

2.2 Suspension or Debarment. Provider acknowledges and understands that Company shall not execute contracts with any provider who has been excluded from participation in the Medicare and/or Medicaid programs pursuant to § 1128 (42 U.S.C. § 1320a-7) or § 1156 (42 U.S.C. § 1320 c-5) of the Social Security Act or who are otherwise barred from participation in the Medicaid and/or Medicare programs. Provider further acknowledges that Company is prohibited from entering into any relationship with anyone debarred, suspended or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from non-procurement activities under regulations issued under Executive Orders.

2.3 Provider Services Requirements. Provider must provide, or arrange for the provision of, Covered Services or coverage of core benefits and services in the amount, duration and scope of core benefits and services specified in the Louisiana Medicaid State Plan, as well as all specific requirements of the State Contract, services under this Agreement to Members through the last day that this Agreement is in effect. Provider acknowledges that all final Medicaid benefit determinations are within the sole and exclusive authority of DHH or its designee.

2.4 Fraud and Abuse Policies. To the extent applicable, Provider, on behalf of itself and any subcontractors, agrees to comply with applicable provisions of the State Contract and Company's Fraud and Abuse Compliance

Plan or other compliance program developed by Company to prevent, reduce, detect, correct and report known or suspected fraud, waste and abuse in the administration and delivery of health care services. Provider shall abide by all requirements of the State Contract regarding right of review and recovery by Company and DHH for possible acts of fraud, waste and abuse for services under this Agreement, including those rules governing complex reviews and potential overpayments and/or underpayments.

2.5 Byrd Anti-Lobbying Amendment. Provider further agrees to comply with the Byrd Anti-Lobbying Amendment, which provides that contractors who apply or submit bids shall file the required certification that each tier will not use federal funds to pay a person or employee or organization for influencing or attempting to influence an officer or employee of any federal agency, a member of Congress, officer or employee of Congress or an employee of a member of Congress in connection with obtaining any federal contract, grant or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with nonfederal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier, up to the recipient (45 C.F.R. § 3).

2.6 Referrals. Provider shall adhere to Company's referral system and guidelines to ensure that services are furnished to Enrollees promptly and without compromise to care. Provider agrees to cooperate with Company with requested reporting and monitoring activities regarding referrals and ensure that documentation of specialty health care and out-of-network referrals, services and follow-up activities are included in the Medical Record maintained by the Member's PCP. Provider also agrees to adhere to Company's procedures and criteria for making referrals and coordinating care with behavioral health providers and agencies that will promote continuity, as well as, cost-effective care.

2.7 Responsibilities of Primary Care Providers. If Provider is a PCP, the PCP shall serve as the member's initial and most important point of interaction. The PCP shall also be responsible for the following:

(a) Managing and coordinating the medical and health care needs of members to assure that all Medically Necessary services are made available in a timely manner;

(b) Referring patients to subspecialist and subspecialty groups and hospitals as they are identified for consultation and diagnostics according to evidence-based criteria for such referrals as it is available;

(c) Communicating with all other levels of medical care to coordinate and follow-up the care of individual patients;

(d) Providing the coordination necessary for the referral of patients to specialists and for the referral of patients to services that may be available through Medicaid fee-for-service ("FFS");

(e) Maintaining a medical record of all services rendered by the PCP and record of referral to other providers and any documentation provided by the rendering provider to the PCP for follow-up and/or coordination of care;

(f) Development of a plan of care to address risks and medical needs and other responsibilities regarding care management as set forth in Company Policies and the State Contract;

(g) Ensuring that in the process of coordinating care, each Enrollee's privacy is protected consistent with the confidentiality requirements of state law and those set forth in 45 C.F.R. Parts 160 and 164, which set forth the requirements regarding the privacy of individually identifiable health information;

(h) Providing after-hours availability to patients who need medical advice. At a minimum, PCP offices must have a return call system staffed and monitored in order to assure that the member is connected to a designated medical practitioner within thirty (30) minutes of the call;

(i) Maintaining hospital admitting privileges or arrangements with a physician who has admitting privileges at an MCO participating hospital; and

(j) Provide basic BHS and refer Members to the appropriate health care specialist as deemed necessary for specialized BHS.

2.8 Medically Necessary/Preventive Services. Provider may not refuse to provide medically necessary or covered preventive services to Members covered under this Agreement or the State Contract for non-medical reasons (except those services allowable under federal law for religious or moral objections). However, Provider is not required to accept or continue treatment of a patient with whom Provider feels he/she cannot establish and/or maintain a professional relationship.

2.9 Emergency Services. Provider shall render Emergency Services without the requirement of prior authorization of any kind. Provider agrees to cooperate with Company's obligations to monitor utilization of Emergency Services and correct inappropriate emergency department utilization.

2.10 Laboratory Services. If Provider performs laboratory services, Provider must meet all applicable federal and state law requirements, including the provisions of 42 CFR § 493.1 and § 493.3.

2.11 Behavioral Health Services. DHH and Company support the integration of physical services and BHS through screening and strengthening prevention/early intervention at the primary care level of care. As applicable, Provider shall utilize behavioral health screening tools and protocols consistent with industry standards. PCP and Company shall collaborate with behavioral health specialists, including but not limited to, psychiatrists, psychologists, licensed clinical social workers, licensed professional counselors, mental health clinics, mental health rehabilitation service providers (public or private) and other specialty behavioral health providers, to ensure the provision of services to Members as specified in the Medicaid State Plan. In addition, Provider is not permitted to encourage or suggest, in any way, that Members be placed in state custody to receive medical or specialized BHS covered by DHH.

2.12 Treatment Decisions. Provider shall be familiar with the package of benefits offered by DHH set forth in the State Contract and DHH's requirement that providers make treatment decisions based upon individual medical needs. Provider must comply with DHH's requirements governing Member rights and responsibilities as set forth in State Contract, Company Policies and applicable state and federal law.

2.13 Appointment System. Provider shall abide by the appointment availability access standards for core benefits and/or expanded services, when applicable, to ensure that Members' needs are sufficiently met. Provider shall ensure that appointments are on a timely basis, as follows:

(a) Routine, non-urgent or preventive care visits scheduled within six (6) weeks;

(b) Urgent care visits within twenty-four (24) hours. Provider must provide or make arrangements, as directed by Company or through other arrangements, for a patient to obtain urgent care twenty-four (24) hours per day, seven (7) days per week;

(c) Emergent or emergency visits immediately upon presentation at a service delivery site. Emergency Services must be available at all times;

(d) Non-urgent sick care within seventy-two (72) hours or sooner if medical condition(s) deteriorates into an urgent or emergency condition;

(e) In office waiting times for scheduled appointments should not routinely exceed forty-five (45) minutes, including time in the waiting room and examining room. If Provider is delayed, patients shall be notified immediately. If the wait is anticipated to be more than ninety (90) minutes, the patient shall be offered a new appointment;

(f) Maternity Care:

(i) Initial appointment for prenatal visits for newly enrolled pregnant women, who must be treated without unreasonable delay, shall meet the following timetables from the postmark date the MCO mails the member's welcome packet:

(1) In the first trimester within fourteen (14) days;

(2) In the second trimester within seven (7) days;

(3) In the third trimester within three (3) day;

(ii) High risk pregnancies within three (3) days of identification of high risk by Company or maternity care provider, or immediately if an emergency exists;

(g) Specialty care consultation within one (1) month of referral or as clinically indicated;

(h) Lab and X-ray services (usual and customary) not to exceed three (3) weeks for regular appointments and forty-eight (48) hours for urgent care or as clinically indicated;

(i) Follow-up to emergency department visits in accordance with emergency department attending provider discharge instructions;

(j) Walk-in patients with non-urgent needs should be seen if possible or scheduled for an appointment consistent with written scheduling procedures; and

(k) Direct contact with a qualified clinical staff person must be available through a toll-free number at all times.

2.14 Insurance. Provider shall secure and maintain throughout the term of this Agreement, all necessary, and in the amounts required by the State Contract and/or Company, liability, workers' compensation and malpractice insurance or other coverage as is necessary to adequately protect Members and Company under this Agreement. Provider shall furnish Company with written verification of the existence of such coverage at all times during this Agreement. Provider shall not commence performance under this Agreement until all insurance requirements have been obtained and approved by Company.

2.15 No Interference by Company. Subject to the limitations set forth in 42 C.F.R. § 438.102(a)(2), Company agrees that it shall not prohibit or otherwise restrict Provider, acting within the lawful scope of practice, from advising or advocating on behalf of an Enrollee who is his or her patient, regardless of whether benefits for such care or treatment are provided under the State Contract, for the following:

(a) The Enrollee's health status, medical care, or treatment options, including any alternative treatment that may be self-administered;

(b) Any information the Enrollee needs in order to decide among all relevant treatment options;

(c) The risks, benefits, and consequences of treatment or non-treatment; and

(d) The Enrollee's right to participate in decisions regarding his or her health care, including the right to refuse treatment and to express preferences about future treatment decisions.

2.16 Required Disclosures. Provider shall comply with the disclosure provisions of 42 C.F.R. § 455, Subpart B and disclose all required information regarding significant business transactions, ownership and control information to Company, as well as otherwise required by applicable law.

2.17 Training. Provider shall participate in training sessions provided by Company to ensure that Provider, and any subcontractors, adhere to Company policies and procedures and Medicaid regulations, including all restrictions and limitations on marketing guidelines.

2.18 Covered Population. Provider shall provide services to the enrollment populations identified in and in accordance with the State Contract, as amended from time to time.

3. CLAIMS SUBMISSION, COMPENSATION AND MEMBER BILLING

3.1 Compensation. Provider shall promptly submit accurate information needed to make payment under the terms of this Agreement, identifying the name and address of the official payee to whom payment shall be made and the method and amount of compensation. Provider shall make full disclosure of the method and amount of compensation or other consideration received from Company. In accordance with 42 CFR § 438.210(e), Provider is not compensated to provide incentives for Company to deny, limit, or discontinue medically necessary services to any Member.

3.2 Payment of Claims. Company agrees to pay 90% of all Clean Claims submitted by Provider within fifteen (15) business days of the date of receipt and 99% of all Clean Claims submitted by Provider within thirty (30) business days of the date of receipt. The date of receipt is the date that Company receives the Claim, as indicated by the date stamp on the Claim. The date of payment is the date of the check or other form of payment. Company and Provider may, by mutual agreement, establish an alternative payment schedule herein. Provider must submit all Claims for Covered Services for payment no later than one hundred and eighty (180) days from the date of service.

3.3 Capitation Arrangement Payments. With respect to payments made through a capitation arrangement, Provider shall submit all encounter data to the same standards of completeness and accuracy as required for proper adjudication of FFS Claims. If Provider becomes aware for any reason that he or she is not entitled to a PMPM payment for a particular Member (i.e., patient dies), Provider shall immediately notify both Company and DHH by certified mail, return receipt requested. Provider acknowledges and understands that such capitation arrangements may be subject to adjustment.

3.4 Timely Reimbursement. In the event that DHH deems Company unable to timely process and reimburse Claims, and requires Company to submit Claims for reimbursement to an alternate Claims processor, if applicable, to ensure timely reimbursement, Provider agrees to accept reimbursement at no more than the Company's contracted reimbursement rate or DHH's established FFS rate.

3.5 In-Network Reimbursement. Unless mutually agreed upon by the Parties, Providers who are in-network providers shall not be reimbursed by Company for defined core benefits and services at less than the Medicaid FFS rate in effect on the date of service or its equivalent (such as a DRG case rate).

3.6 Member Billing. Provider shall accept payment for Covered Services made by Company under the terms of this Agreement as payment-in-full and shall not solicit or accept any surety or guarantee of payment from DHH or any Member, which shall include the patient, parent(s), guardian, spouse or any other legally or potentially legally responsible person of the Member being served. In accordance with federal law and regulations, Provider shall not bill Members any amount greater than would be owed if Company provided the services directly. To the extent cost sharing is required of a Member, Provider shall not deny services because of the individual's inability to pay. Members shall not be held liable for the costs of any and all services not covered by Company or in cases where Provider failed to obtain required authorization.

3.7 FQHC/RHC ("Rural Health Center") Reimbursement. Company shall reimburse a contracted FQHC/RHC at an amount equal to the Prospective Payment System ("PPS") rate in effect on the date of service of each encounter. As applicable, Provider agrees and understands that Company shall not enter into alternative reimbursement arrangements with FQHCs or RHCs.

3.8 Compensation for UM Activities. In accordance with federal law and regulations, any compensation to Company, entities or individuals that conduct utilization management activities is not structured so as to provide incentives for the entity, individual or Company to deny, limit or discontinue medically necessary services to any Member.

3. COMPLIANCE WITH POLICIES

4.1 Compliance with Applicable Law. Provider agrees to recognize and abide by all state and federal laws, rules and regulations and guidelines applicable to the provision of services under the Bayou Health Program, including Title VI and VII of the Civil Rights Act of 1964, the Vietnam Era Veterans' Readjustment Assistance Act of 1974, Americans with Disabilities Act of 1990, the Rehabilitation Act of 1973, Section 202 of Executive Order 11246 and all applicable requirements imposed by or pursuant to the regulations of HHS.

4.2 Reporting Communicable Diseases. Provider shall comply with the La. Admin. Code; Sanitary Code, Title 51, Part II, Chapter 1 and La. R.S. 40:4 *et seq.* by reporting all cases of communicable diseases such as tuberculosis, sexually transmitted diseases and Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome infection to the state public health agency within twenty-four (24) hours of notification from the date of service.

4.3 QAPI and UM Programs. To the extent applicable to Provider, Provider shall adhere to the Quality Assessment and Performance Improvement Program ("QAPI") and Utilization Management ("UM") requirements specified by DHH and Company, including those set forth in the State Contract. Such requirements shall be incorporated into this Agreement.

4.4 Grievance System. Company will provide Provider with information regarding Company's grievance system that complies with state and federal laws, including 42 C.F.R. § 438, Subpart F. Provider agrees to adhere to the requirements of Company's grievance and appeals procedures. Provider shall comply with Company's Policies for grievance and appeal procedures as well as facilitate Member grievance and appeals and assist Members as required. No punitive action will be taken against any provider who files on behalf of a Member.

4.5 Record Keeping System. Provider shall maintain an adequate record system for recording services, service providers, charges, dates and all other commonly accepted information elements for Covered Services rendered to Members under the terms of this Agreement (including but not limited to such records as are necessary for the evaluation of the quality, appropriateness, and timeliness of services performed). Company, Members and their representatives shall be given access to and can request copies of Members' Medical Records to the extent and in the manner provided by La. R.S. 40:1299.96 and 45 C.F.R. § 164.524 and as subject to reasonable charges.

4.6 Maintenance of Medical Records. Provider shall maintain a unified Medical Record for each Member following Company's documentation guidelines regarding medical records, and the medical record documentation guidelines set forth in the State Contract.

4.7 Record Retention Policy. All records originated or prepared in connection with Provider's performance of its obligations under this Agreement, including but not limited to, working papers related to the preparation of fiscal reports, medical records, progress notes, charges, journals, ledgers, and electronic media, will be retained and safeguarded by Provider in accordance with the terms and conditions of the State Contract and this Agreement. Provider agrees to retain all financial and programmatic records, supporting documents, statistical records and other records of Members relating to the delivery of care or service under this Agreement, and as further required by DHH, for a period of six (6) years after the last payment was made for services provided to a Member and retained further if the records are under review, audit, or related to any matter in litigation until the review, audit, or litigation is complete. If any litigation, claim or other actions involving the records have been initiated prior to the expiration

of the six (6) year period, the records shall be retained until completion of the action and resolution of all issues that arise from it or until the end of the six (6) year period, whichever is later. If Provider stores records on microfilm or microfiche, Provider shall produce, at its expense, legible hard copy records upon the request of state or federal authorities, within twenty one (21) calendar days of the request.

4.8 Medicaid Records Retention. Except for Medical Records pertaining to once-in-a-lifetime events, Provider shall retain any and all Member records (financial, medical, etc.) for a period of six (6) years after the last payment was made for Covered Services provided to a Member (or any greater period of time required by applicable federal and state law) or longer if the records are under review, audit, or related to any matter in litigation until the review, audit or litigation is complete. This requirement pertains to the retention of records for Medicaid purposes only. Other state or federal laws may require longer retention periods. Per La. R.S. 40:1299.96, providers must retain their records for at least six (6) years. These minimum record keeping periods run from the last date of treatment. After these minimum record-keeping periods, destruction of records is permitted. Provider shall ensure that any and all Member records are made available for fiscal audit, medical audit, medical review, utilization review and other periodic monitoring upon request of DHH or its authorized representative.

4.9 Access to Information and Records. Provider acknowledges and understands that state authorities, such as DHH, the State Auditor's Office and the Louisiana Attorney General's Office, shall have the right to evaluate, through audit, inspection or other means, whether announced or unannounced, any records pertinent to the State Contract and this Agreement, including documents related to the quality, appropriateness and timeliness of services and the timeliness and accuracy of encounter data and Claims submitted to Company. Such evaluation, when performed, shall be performed with the cooperation of Provider. Upon request, Provider shall assist in such review.

4.10 Program Procedures. Provider agrees to participate and cooperate in any internal and external quality assessment review, utilization management and grievance procedures established by Company, DHH and/or its designee. Provider further agrees to comply with all limitations on Provider marketing and any corrective action plan initiated by Company and/or required by DHH. Provider shall monitor and report the quality of services provided under this Agreement and, if necessary, initiate a plan of correction to improve the quality of care in accordance with that level of care which is recognized as acceptable professional practice in Provider's community and/or the standards established by Company, DHH and/or its designee.

4.11 Reports to Company. Provider shall provide and cooperate with Company to provide all reports and clinical information required for reporting purposes, including but not limited to, HEDIS, AHRQ, EPSDT, etc.

4.12 Member Information. Provider shall safeguard Member information in accordance with applicable state and federal laws and regulations and the policies and safeguards established by Company.

4.13 Notice of Legal or Administrative Actions. Provider shall provide Company with immediate notification in writing by certified mail of any litigation, investigation, administrative legal action, complaint, claim or transaction that may reasonably be considered to have a material impact on Provider's ability to provide services under this Agreement. Provider shall also provide prompt notice of any claim made against Provider by a third party, including a Member, that may result in litigation related in any way to Company's State Contract with DHH.

4.14 Reporting of Births. To the extent applicable and if Provider is a hospital, Provider must report the births of newborns within twenty-four (24) hours of birth for enrolled Members using DHH's web-based Facility Notification System.. If Provider is a hospital, Provider shall accurately register all births through the Louisiana Electronic Event System ("LEERS") administered by DHH/Vital Records Registry.

4.15 Records Upon Termination. Company and Provider recognize and agree that in the event of termination of the State Contract between Company and DHH, Provider shall immediately make available to Company or its designated representative and to DHH or its designated representative, in a usable form, any and all records, whether medical or financial, related to Company's and Provider's activities undertaken pursuant to this Agreement. The provision of such records shall be at no expense to DHH.

4.16 Failure to Comply with Contractual or Credentialing Requirements. In the event Provider fails to comply with specific contractual and/or credentialing requirements as set forth in this Agreement or Company Policies, Provider may be subject to monetary penalties, sanctions or reductions in payment, which shall include, but may not be limited to Provider's failure or refusal to respond to Company's request for information, the request to provide medical records, credentialing information, etc. Penalties shall be imposed at the Company's discretion or by a directive of DHH that Company impose, at a minimum, financial consequences against Provider as appropriate.

4.17 Assistance to Members. In accordance with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d, *et seq.*) and 45 C.F.R. Part 80, Provider must take adequate steps, including coordination with Company, to ensure that persons with limited English skills receive free of charge the language assistance necessary to afford them meaningful and equal access to the benefits and services provided under this Agreement.

4.18 PCP Linkages. If Provider is a PCP, the maximum number of linkages that Company may link to PCP is __n/a____. By signing this Agreement, PCP confirms that his/ her total number of Medicaid Members shall not exceed 2,500 Medicaid/CHIP lives. Non-compliance with this provision may result in sanctions, including, but not limited to, financial sanctions, transfer of Members to another PCP within the Company or termination of this Agreement.

4.19 Coding Requirements. Provider shall follow Company's requirements and guidelines for Claims coding and processing that are specific to each provider type. Company shall notify Provider ninety (90) days before implementing changes to Claims coding and processing guidelines applicable to Provider. The State and HHS may inspect and audit any financial records of Company, Provider or its subcontractors. There shall be no restrictions on the right of the state or federal government to conduct whatever inspections and audits are necessary to assure quality, appropriateness or timeliness of services and reasonableness of their costs.

4.20 Encounter Data. If Company has entered into a capitated reimbursement arrangement with Provider under the terms of this Agreement, Provider shall submit to Company all encounter data in a manner consistent with the same standards of completeness and accuracy as required for proper adjudication of FFS Claims by Company.

5. TERM AND TERMINATION

5.1 Termination for Failure to Re-credential. Provider shall be subject to re-credentialing by Company during the term of this Agreement. If Provider fails to submit all appropriate documents for re-credentialing as required under this Agreement or if Provider's re-credentialing materials are not received by Company, this Agreement may be terminated within thirty (30) days of expiration of Provider's current credentialing.

5.2 Termination for Cause. The Parties agree and understand that if this Agreement is terminated for cause, the effective date of such termination may be extended to provide adequate notice to DHH, or to otherwise comply with the requirements of the State Contract or applicable law.

5.3 Immediate Termination. Company may terminate this Agreement immediately at any time upon the following events:

(a) Provider's actions or the actions of Provider's subcontractor(s) pose a serious threat to the health of Members enrolled with Company;

(b) In the event DHH determines that Company has become financially unstable and terminates the State Contract between Company and DHH; and

(c) Provider fails to disclose any ownership changes within thirty-five (35) calendar days as required by 42 C.F.R. § 455.104.

5.4 Termination Without Cause. Either Party may terminate this Agreement without cause by providing ninety (90) days advance written notice to the other Party; however, such shorter periods as applicable under state law and/or the Bayou Health Program to Provider, where Provider is not a group or hospital.

6. GENERAL PROVISIONS

6.1 Disputes. Company and Provider shall be responsible for resolving any disputes that may arise between the Parties. The Parties agree that no dispute shall disrupt or interfere with the provisions of services to Members.

6.2 No Assignment. Provider shall not assign any of its duties and/or responsibilities under this Agreement and the State Contract without the prior written consent of MCO.

6.3 Incorporation of Changes to Laws and Regulations. This Agreement incorporates by reference all applicable federal and state laws or regulations, and revisions of such laws or regulations shall automatically be incorporated into this Agreement as they become effective. In the event that these changes or the result of such revisions to applicable federal or state law materially affect the position of either Party, Company and Provider agree to negotiate such further amendments as may be necessary to correct any inequities.

6.4 Modifications and Amendments. No modification, alteration, variation, waiver, extension of termination date, early termination of this Agreement or change of any provision of this Agreement shall be made unless such modification is reduced to writing, duly signed and attached as a written amendment to this Agreement; however, Company may provide amendments by written notification through Company bulletins, if mutually agreed to by the Parties and with prior notice to DHH.

If the modification or change constitutes a Material Change affecting Company's ability to deliver or administer health care services, prior approval is required by DHH of at least thirty (30) days in advance of the proposed change implementation. Notwithstanding the foregoing, the Parties acknowledge that this Agreement has been executed based upon a draft of the State Contract and related materials and that the provisions of such documents may be revised prior to the Effective Date. This Agreement shall be automatically amended to conform to the terms and provisions of the final State Contract and related materials. In the event of any inconsistency between the terms of this Agreement and the terms of the final requirements for provider agreements as set forth in the final State Contract and related materials, the terms of the final State Contract and the Policies shall control and take precedence.

6.5 Entire Agreement. This Agreement, including the State Contract, any DHH guidance or materials, schedules, appendices, exhibits and/or addenda (which may be provided upon request), constitutes the complete and sole contract, and all terms and conditions, between the Parties regarding the subject matter described above and supersedes any and all prior or contemporaneous oral or written representations, communications, proposals or agreements not expressly included in this Agreement and may not be contradicted or varied by evidence of prior, contemporaneous or subsequent oral representations, communications, proposals, agreements, prior course of dealings or discussions of the Parties.

6.6 Non-Discrimination. Provider and Company agree that no person, on the grounds of handicap, age, race, color, religion, sex, sexual orientation, national origin or basis of health status or need for health care services shall be excluded from participation in, or be denied benefits of the Government Program administered by Company. Provider shall post notices of non-discrimination in conspicuous places, available to all employees and applicants.

6.7 Indemnification and Hold Harmless. Unless Provider is a state agency, Provider shall indemnify, defend, protect and hold harmless DHH and any of its officers, agents and employees from:

(a) Any claims for damages or losses arising from services rendered by any contractor, person or firm performing or supplying services, materials or supplies for Provider in connection with the performance of this Agreement;

(b) Any claims for damages or losses to any person or firm injured or damaged by erroneous or negligent acts, including disregard of state or federal Medicaid regulations or legal statutes, by Provider, its agents, officers, employees or contractors in the performance of this Agreement;

(c) Any claims for damages or losses resulting to any person or firm injured or damaged by Provider, its agents, officers, employees, or contractors by Provider's publication, translation, reproduction, delivery, performance, use or disposition of any data processed under this Agreement in a manner not authorized by this Agreement or by federal or state regulations or statutes;

(d) Any failure of Provider, its agents, officers, employees or contractors to observe the federal or state laws, including, but not limited to, labor laws and minimum wage laws;

(e) Any claims for damages, losses or reasonable costs associated with legal expenses, including, but not limited to, those incurred by or on behalf of DHH in connection with the defense of claims for such injuries, losses, claims or damages specified above; and

(f) Any injuries, deaths, losses, damages, claims, suits, liabilities, judgments, costs and expenses which may in any manner accrue against DHH or their agents, officers or employees, through the intentional conduct, negligence or omission of Provider, its agents, officers, employees or contractors.

In the event that, due to circumstances not reasonably within the control of Provider, Company or DHH, (i.e., a major disaster, epidemic, complete or substantial destruction of facilities, war, riot or civil insurrection), neither Provider, Company, DHH or contractor(s), will have any liability or obligation on account of reasonable delay in the provision or the arrangement of covered services; provided, however, that so long as this Agreement remains in full force and effect, Provider shall be liable for the Covered Services required to be provided or arranged for in accordance with this Agreement.

DHH will provide prompt notice of any claim against it that is subject to indemnification by Provider under this Agreement. Provider may, at its sole option, assume the defense of any such claim. DHH may not settle any claim subject to indemnification hereunder without the advance written consent of Provider, which shall not be unreasonably withheld.

6.8 Conflict of Interest. Provider may not contract with Company unless such safeguards at least equal to federal safeguards (41 USC 423) are in place per the state Medicaid director letter dated December 30, 1997 and 1932 (d)(3) of the Social Security Act addressing the 1932 State Plan Amendment and the default enrollment process under the State Plan Amendment option.

6.9 Severability. If any provision or requirement of this Agreement, including items incorporated by reference, is determined by DHH to conflict with the State Contract between DHH and Company, such requirement shall be null and void and all other provisions shall remain in full force and effect. In addition, if the laws or regulations governing the State Contract should be amended or judicially interpreted as to render fulfillment of the State

Contract impossible or economically infeasible, such that Company is discharged from its obligations under the State Contract, Provider shall also be discharged from further obligations created under the terms of this Agreement.

6.10 Non Exclusive Clause. Nothing in this Agreement shall be construed to prohibit Provider from entering into a contract or arrangement with any other health plan or managed care entity. Nor shall anything in this Agreement be construed to prohibit Company from entering into a contract or arrangement with any other provider. Company shall not advertise or otherwise hold itself out as having an exclusive relationship with Provider or any service provider.

6.11 Transfer of Agreement. This Agreement may not be transferred by Provider without prior written consent of Company.

7. DELEGATION

7.1 Delegation. Provider shall not enter into any subsequent agreements with subcontractors for any of the work contemplated under this Agreement without Company's prior approval. In the event that duties are delegated hereunder, Company shall:

(a) Along with Provider, oversee all of subcontractor's performance for delegated activities;
(b) Ensure, along with Provider (if applicable) that subcontracts fulfill the requirements of 42 C.F.R. Part 438, as appropriate to the delegated activities;
(c) Have the right to review, approve and/or disapprove or any and all subcontracts entered into for the provision of services hereunder;
(d) Evaluate, in its discretion, subcontractor's ability to perform the activities to be delegated;
(e) Require a written agreement with subcontractor, specifying the activities and reporting responsibilities delegated to subcontractor, including revocation of or imposition of sanctions for subcontractor's inadequate performance;
(f) Identify areas of deficiencies or improvement and take corrective action; and
(g) Deny payments for provider preventable conditions, per the State Contract.

7.2 Credentialing. If applicable, this Agreement shall set forth a written description of the delegation of credentialing activities delegated to subcontractor. The subcontractor must provide assurance, at all times during this Agreement, that all medical professionals are credentialed in accordance with DHH's credentialing requirements. The Parties and subcontractor understand that DHH shall have final approval over a delegated entity. The Parties agree that subcontractor shall:

(a) Load provider files into its Claims processing system within thirty (30) calendar days of receipt;
(b) Notify Company immediately if a provider credentialing application is denied for reasons related to program integrity or otherwise limits the ability of a provider to participate;
(c) Process re-credentialing not less than once every three (3) years;
(d) Adopt policies or implement Company's policies and procedures to approve, terminate or suspend providers to ensure compliance with this Agreement and the State Contract; and
(e) Implement and/or assist with a provider dispute or appeal process.

Subcontractor agrees and understands that, pursuant to the State Contract, DHH and/or the State of Louisiana or its representative, reserved the right to contract with a single Credential Verification Organization ("CVO") under the State Contract. In such event, Provider and/or subcontractor agree that this Agreement shall be terminated concurrent with the minimum notice of ninety (90) days as provided to Company by DHH of such implementation of any CVO contract.

7.3 Audits. Provider and subcontractor agree and understand that subcontractors and delegated entities are subject to the audit requirements and the requirements for the adjudication of Claims under the State Contract.

PRODUCT PARTICIPATION SCHEDULE LOUISIANA

Provider agrees to participate in the Plans and other health benefit programs listed herein upon issuance of any required licenses and contracts to Company:

Those Louisiana Medicaid and CHIP Plans and programs offered by Company within the State of Louisiana. Includes Bayou Health, Managed Long Term Services and Supports, Behavioral Health, Basic Health Plans, Bridge Plans or other health plans offered to Medicaid-eligible enrollees.

Those Medicare plans for Medicaid enrollees offered by Company within the State of Louisiana. Includes Medicare D-SNP and integrated Medicare-Medicaid Plans.

Those Qualified Health Plans, whether purchased on the exchange or in the private market, offered by Company within the State of Louisiana.

SIXTH AMENDMENT TO THE
RADIOLOGY MANAGEMENT SERVICES AGREEMENT

This Amendment ("Amendment") is dated September 1, 2015, and is between Aetna Medicaid Administrators LLC, on behalf of itself and its Affiliates ("Company"); and MedSolutions, Inc., a Tennessee corporation with its principal place of business in Franklin, TN ("Delegated Entity").

WHEREAS, Company and Delegated Entity entered into a Radiology Management Services Agreement on January 1, 2014 ("Agreement") for the provision of Utilization Management services;

WHEREAS, Company and Delegated Entity have since amended the Agreement on or around the following dates: First Amendment April 1, 2014 (Musculoskeletal Pain Management); Second and Third Amendments were never executed and are intentionally omitted; Fourth Amendment July 16, 2014 (adding Missouri and Michigan); Fifth Amendment (adding Louisiana) May 1, 2015;

WHEREAS, Company and Delegated Entity desire to amend and restate a portion of the Services and Compensation Schedule to clarify certain reimbursement terms and dates and to add an additional Exhibit A for Ohio;

NOW, THEREFORE, in consideration of the mutual covenants and promises stated herein and in the Agreement, and other good and valuable consideration, Company and Delegated Entity agree as follows:

1. Exhibit 1B Musculoskeletal Pain Management Services and Compensation Schedule is hereby deleted in its entirety and replaced with the Exhibit 1B Musculoskeletal Pain Management Services and Compensation Schedule.

2. Exhibit 2 Compensation Schedule is hereby deleted in its entirety and replaced with the attached Exhibit 2 Compensation Schedule.

3. A new Exhibit A, Ohio Medicaid Regulatory Compliance Addendum (Risk) and Ohio Dual Eligible Compliance Addendum, is hereby appended to the Agreement and shall be effective upon the receipt of all applicable state approvals thereof.. In the event of any conflict between the terms of Exhibit A and any of the other terms of the Agreement, including any attachments, schedules, exhibits and/or addenda made part of the Agreement, the terms of Exhibit A will govern and control;

4. Exhibit B Company Affiliates is hereby deleted in its entirety and replaced with the following Exhibit B Company Affiliates.

5. A new Exhibit E, CPT Codes List, is hereby added to the Agreement.

6. Capitalized terms not otherwise defined herein shall have the meaning ascribed to them in the Agreement.

7. All other terms and provisions of the Agreement not amended herein shall remain in full force and effect, without modification.

8. The Parties ratify and affirm the Agreement, and agree that it is in full force and effect as amended herein. In the event of any inconsistency between the terms of this Amendment and the Agreement, the terms of this Amendment shall govern and control.

Signatures on the following page

IN WITNESS WHEREOF, the Parties have caused this Amendment to be signed by their duly authorized officers as of the date indicated in the introductory clause.

Exhibit 1 B

Musculoskeletal Pain Management Services and Compensation Schedule

Modality	PMPM
Pain Management*	[redacted]
Physical Medicine consisting of PT, OT, ST	

*** Notwithstanding the rate set forth above**, beginning on February 1, 2015, **Aetna Better Health of Missouri LLC formally known as** Healthcare USA of Missouri L.L.C. and Coventry Health Care of Nebraska, Inc. d/b/a Aetna Better Health of Nebraska, Coventry Health Care of Florida, Inc., Coventry Health and Life Insurance Company d/b/a CoventryCares of Kentucky, Coventry Health Care of Virginia, Inc. d/b/a CoventryCares of Virginia and Coventry Health Care of West Virginia, Inc. d/b/a CoventryCares of West Virginia will pay [redacted] for the Pain Management Program in those markets that still operate on the Coventry IDX platform. Once these plans have migrated over to the Aetna Medicaid Administrators QNXT platform, the [redacted] rates for these plans will increase to [redacted] on a date as mutually agreed by the parties.

1) **Payment.** On or before the 15th day of each month, Company shall prepay Delegated Entity an "Administrative Fee" for provision of Delegated Entity Program services.

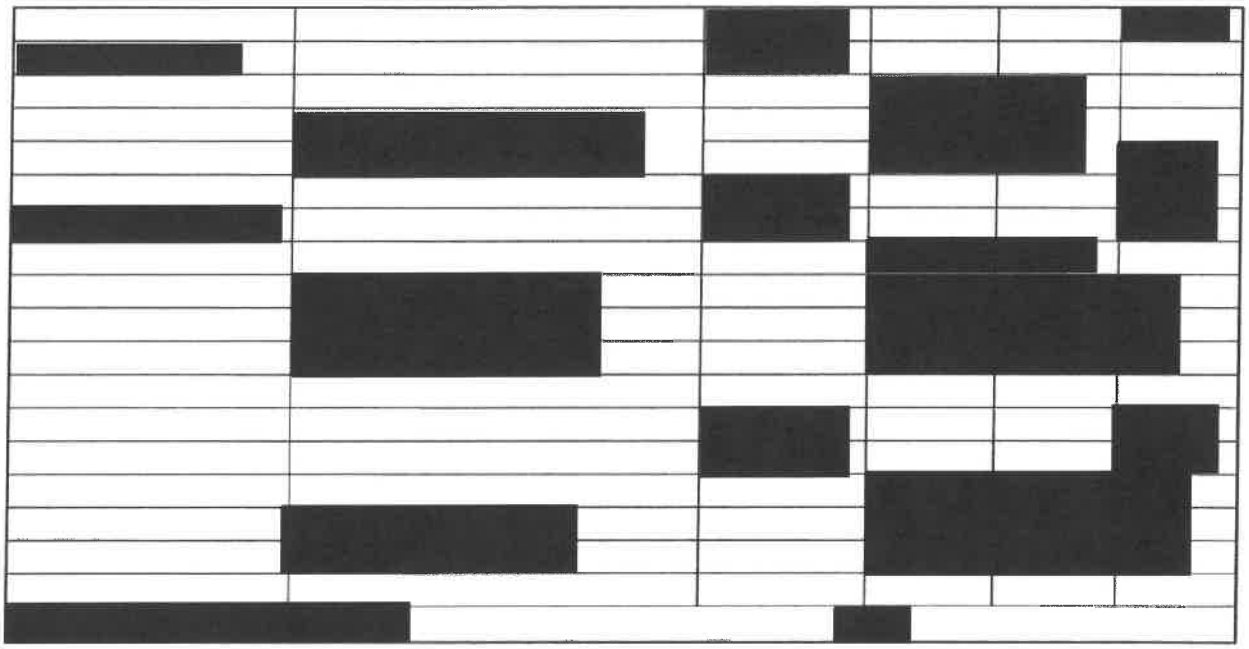
a) If a Member is added to Company Membership on or before the 15th day of a month, a full month's Service Fee will be due for that month. There will be no Administrative Fee due for Members added after the 15th day of the month.

b) A full month's Administrative Fee will be due for the month of termination of a Member if the Member terminates after the 15th day of the month. If a Member terminates on or before the 15th day of a month, no Administrative Fee will be due for the month of termination.

2) **Adjustments.** Where Company due to information delays, must make a retroactive addition or deletion to Delegated Entity's membership records, a retroactive adjustment shall be made concurrent therewith and such retroactive Administrative Fee adjustments shall not exceed sixty (60) days for each single Member. With the exception of any fraud investigation the limit to the period of time in which Delegated Entity or Company can make a claim of an overpayment or underpayment or contest an underpayment or overpayment under this Agreement is one hundred eighty (180) days from the date of the payment was made or one hundred eighty (180) days from the date of final adjudication.

The **Administrative Payment** amounts otherwise due to Delegated Entity shall be reduced as follows for Delegated Entity's failure to meet the Performance Guarantees set forth below.

1. For failure to meet any of the satisfaction measures set forth below for the previous calendar year, [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous year, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.



2. For failure to meet any of the call center measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.2: [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous month, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

3. For failure to meet the pre-certification turn-around-time measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.3: [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous quarter, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

4. For failure to meet the pre-certification turn-around-time overturn measures when averaged for the calendar year measured as set forth the Agreement, [redacted] of the annualized Administrative Services Fee payable by Company during the previous quarter.

5. Example

Delegated Entity performance results are measured after the Program Year has been completed. Those results become published ninety (90) days at the completion of the Program Year. The results at end of the Program Year show the following:

Implementation Service Guarantee

Delegated Entity, Affiliate and Company shall work together to schedule and implement the Musculoskeletal Pain Management Services program for each Company Affiliate. The parties will agree upon an implementation timeline. In the event Delegated Entity delays the agreed upon implementation date due to system failures or other circumstances solely within the control of Delegated Entity or as a result of Delegated Entity's actions or inactions, Delegated Entity shall pay Company a sum equal to [redacted] Delegated Entity delays a scheduled Affiliate implementation. Notwithstanding the above, the parties agree that Musculoskeletal Services are available at the discretion of any Company Affiliate, which may, but is not required to, implement such services in its respective market.

Exhibit 2: Compensation Schedule

This Compensation Schedule shall be governed by and construed in accordance with the terms and conditions of the Radiology Management Services Agreement (the "Agreement") entered into by and between Aetna Medicaid Administrators LLC and Delegated Entity. The rates described in this Exhibit 2 are payable to Affiliate beginning on the Effective Dates listed in the table below. .

Administrative Payment Amount.

The Administrative Fees by member type and modality are listed in the following table. The Administrative Fees by state are listed in the tables below.

Each month, Delegated Entity shall charge Company an Administrative Fee for the provision of Delegated Entity Program Services. The monthly Administrative Fee shall be equal to the aggregate of the applicable per Member per month amounts set forth in the table below:

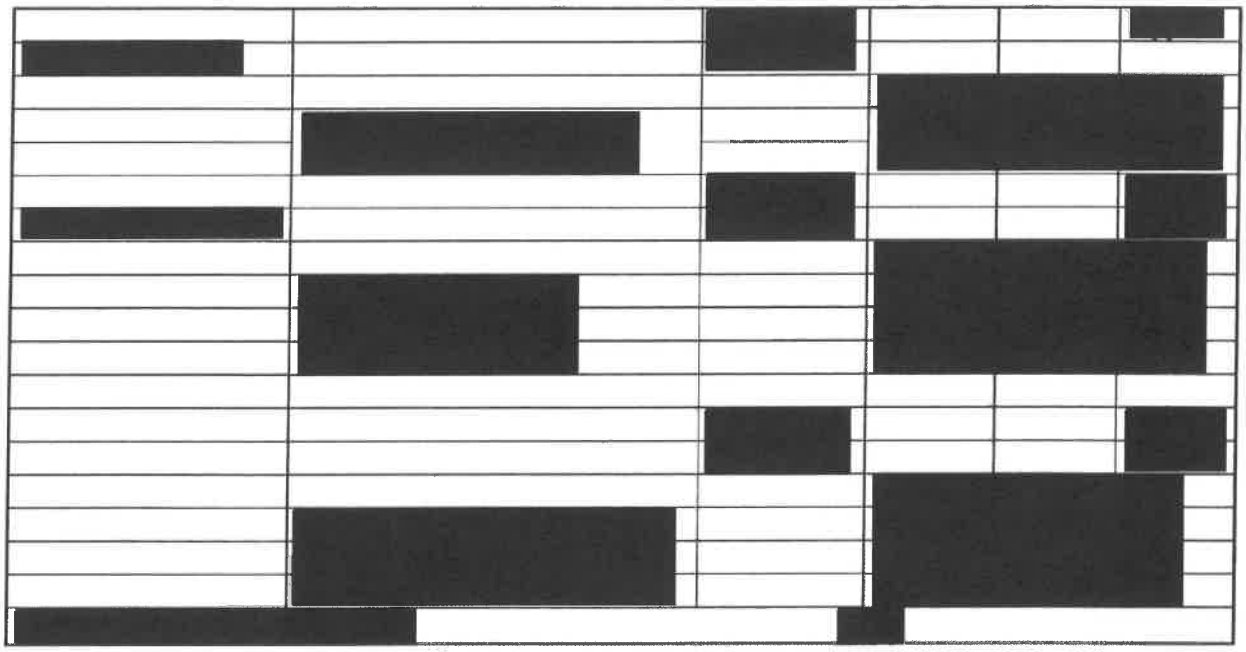
1) Payment. On or before the 15th day of each month, Company shall prepay Delegated Entity an "Administrative Fee" for provision of Delegated Entity Program services.

a) If a Member is added to Company Membership on or before the 15th day of a month, a full month's Service Fee will be due for that month. There will be no Administrative Fee due for Members added after the 15th day of the month.

b) A full month's Administrative Fee will be due for the month of termination of a Member if the Member terminates after the 15th day of the month. If a Member terminates on or before the 15th day of a month, no Administrative Fee will be due for the month of termination.

2) Adjustments. Where Company due to information delays, must make a retroactive addition or deletion to Delegated Entity's membership records, a retroactive adjustment shall be made concurrent therewith and such retroactive Administrative Fee adjustments shall not exceed sixty (60) days for each single Member. With the exception of any fraud investigation the limit to the period of time in which Delegated Entity or Company can make a claim of an overpayment or underpayment or contest an underpayment or overpayment under this Agreement is one hundred eighty (180) days from the date of the payment was made or one hundred eighty (180) days from the date of final adjudication.

The Administrative Payment. Amounts otherwise due to Delegated Entity shall be reduced as follows for Delegated Entity's failure to meet the Performance Guarantees set forth in Exhibit 3.



1. For failure to meet any of the satisfaction measures set forth in Exhibit 3, Section B.1 for the previous calendar year, [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous year, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

2. For failure to meet any of the call center measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.2: [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous month, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

3. For failure to meet the pre-certification turn-around-time and Adverse Determination overturn measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.3: [redacted] of the annualized Administrative Payment Amounts (excluding the Sleep Administrative Services Fee) payable by Company during the previous quarter, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

4. For failure to meet the pre-certification turn-around-time overturn measures for the Sleep Program when averaged for the calendar year measured as set forth in Exhibit 3, Section B.4: [redacted] of the annualized Sleep Administrative Services Fee payable by Company during the previous quarter.

5. Example. Delegated Entity performance results are measured after the Program Year has been completed. Those results become published ninety (90) days at the completion of the Program Year. The results at end of the Program Year show the following:

6. Implementation Costs. Delegated Entity shall pay Company the actual costs incurred by Company, but no more than [redacted] towards Company's implementation costs of the radiology management program ("Implementation Fee"). Delegated Entity shall pay a first installment of [redacted] of the Implementation Fee no later than 15 days after this Agreement's signature. Delegated Entity shall pay second and subsequent installments of the Implementation Fee, if needed, each year thereafter.

7.

Individual Sites Regulatory Addendum – Exhibit A

OHIO MEDICAID REGULATORY COMPLIANCE ADDENDUM (RISK)

This Medicaid Regulatory Compliance Addendum is incorporated by reference in the Agreement. If there is any conflict between the terms of this Addendum and any of the terms of this Agreement, including any attachments, schedules, exhibits and/or addenda made part of the Agreement, the terms of this Addendum shall govern and control; provided, however, if there is any conflict between any of the terms of this Agreement, including this Addendum, and the State Contract, then the terms of the State Contract will govern and control.

For purposes of this Addendum, the term "Provider" and shall mean the health care provider, or physician, group, facility or hospital executing this Agreement, as identified on the first page of the Agreement. For purposes of this Addendum, the terms "Company" shall mean Aetna Better Health Inc., an Ohio Corporation. In the event any of the following required Medicaid provisions are inapplicable to Provider, as construed under the State Contract and in accordance with applicable laws and regulations, such provision shall not apply. This Addendum is limited to the terms and conditions governing the provision of and payment for health services provided to Medicaid members.

DEFINITIONS

Base Contract also known as **Agreement** means the contract between the MCP and the Provider.

MCP means a Medicaid managed care plan that has entered into a provider agreement to serve Medicaid consumers, which may include consumers enrolled in Integrated Care Delivery System (ICDS) Plans.

Medicaid means medical assistance provided under a state plan approved under Title XIX of the Social Security Act.

Member means a Medicaid recipient enrolled under the care management system pursuant to ORC 5111.16.

OAC means the Ohio Administrative Code.

ORC means the Ohio Revised Code.

ODJFS means the Ohio Department of Job and Family Services.

Provider means a hospital, health care facility, physician, dentist, pharmacy or otherwise licensed, certified, or other appropriate individual or entity, which is authorized to or may be entitled to reimbursement for health care services rendered to an MCP's member.

PROVISIONS

The provisions of this Addendum supersede any language to the contrary which may appear elsewhere in the Base Contract.

Participating providers providing health care services to Aetna Better Health Inc.'s members enrolled pursuant to a Medicaid Agreement agree to abide by all of the following specific terms:

1. Provider agrees that with the exception of any member co-payments the MCP has elected to implement in accordance with OAC rule 5101:3-26-12, the MCP's payment constitutes payment in full for any covered service and will not charge the member or ODJFS any co-payment, cost sharing, down-payment, or similar charge, refundable or otherwise. This agreement does not prohibit Nursing Facilities (NFs) from collecting patient liability payments from members as specified in OAC rule 5101: 1-39-24 or Federally Qualified Health Centers (FQHCs) and Rural Health Clinics (RHCs) from submitting claims for supplemental payments to ODJFS as specified in OAC rules 5101:3-28-07 and 5101:3-16-05.
    A. MCP shall notify the provider whether MCP has elected to implement any member co-payments and if applicable under what circumstances member co-payments will be imposed in accordance with OAC rule 5101:3-26-12.

    B. Provider agrees that member notification regarding any applicable co-payment amounts must be carried out in accordance with OAC rule 5101:3-26-12.

2. Provider agrees not to hold liable ODJFS and the member in the event that the MCP cannot or will not pay for covered services performed by the provider pursuant to the Base Contract with the exception that:

   A. FQHCs and RHCs may be reimbursed by ODJFS in the event of MCP insolvency pursuant to Section 1902(bb) of the Social Security Act,

   B. The provider may bill the member when the MCP has denied prior authorization or referral for the services and the following conditions are met:

      i. The member was notified by the provider of the financial liability in advance of service delivery;

      ii. The notification by the provider was in writing, specific to the service being rendered, and clearly states that the member is financially responsible for the specific service. A general patient liability statement signed by all patients is not sufficient for this purpose; and

      iii. The notification is dated and signed by the member.

3. Provider agrees to cooperate with the MCP's quality assessment and performance improvement (QAPI) program in all the MCP's provider subcontracts and employment agreements for physician and non-physician providers.

4. The MCP shall disseminate written policies that include detailed information about the False Claims Act and other provisions named in 42 U.S.C. Section 1396a(a)(68), any related State laws pertaining to civil or criminal penalties, whistleblower protections under such laws, as well as the MCP's policies and procedures for detecting and preventing fraud, waste and abuse; and the provider agrees to abide by the MCP's written policies regarding the False Claims Act and the detection and prevention of fraud, waste and abuse.

5. Provider agrees to cooperate with the ODJFS external quality review as described in OAC Division 5101:3, including rule 5101:3-26-07.

6. The terms of the Base Contract relating to the beginning date and expiration date or automatic renewal clause, as well as the applicable methods of extension, renegotiation and termination apply to this Addendum.

7. Notwithstanding item 6 of this Addendum, the MCP must give the provider at least sixty days prior notice for the nonrenewal or termination of the Base Contract except in cases where an adverse finding by a regulatory agency or health or safety risks dictate that the Base Contract be terminated sooner.

8. Notwithstanding item 6 of this Addendum, the provider may non-renew or terminate the Base Contract if one of the following occurs:

   A. The provider gives the MCP at least sixty days prior notice for the nonrenewal or termination of the Base Contract. The effective date for the nonrenewal or termination must be the last day of the month; or

   B. ODJFS has proposed action in accordance with OAC Division 5101:3, including rule 5101:3-26-10(G), regardless of whether the action is appealed. The provider's nonrenewal or termination notice must be received by the MCP within fifteen working days prior to the end of the month in which the provider is proposing nonrenewal or termination. If the notice is not received by this date, the provider must extend the nonrenewal or termination date to the last day of the subsequent month

9. The procedures to be employed upon the ending, nonrenewal, or termination specified in the Base Contract, apply to this Addendum including an agreement to promptly supply all records necessary for the settlement of outstanding claims.

10. Notwithstanding Items 7 and 8 of this Addendum, in the event of a hospital provider's proposed non-renewal or termination of the Base Contract, the hospital provider agrees to notify in writing all providers who have admitting privileges at the hospital of the impending non-renewal or termination of the Base Contract and the last date the hospital will provide services to members under the Base Contract. This notice must be sent at least forty-five days prior to the effective date of the proposed non-renewal or termination. If the hospital provider issues less than forty-five days prior notice to the MCP, the notice to providers who have admitting privileges at the hospital must be sent within one working day of the hospital provider issuing notice of non-renewal or termination of the Base Contract.

11. Provider agrees to release to the MCP any information necessary for the MCP to perform any of its obligations under the ODJFS provider agreement, including but not limited to compliance with reporting and quality assurance requirements. Provider agrees the released information will be shared with ODJFS upon request to the MCP.

12. Provider must supply, upon request, the business transaction information required under 42 C.F.R. 455.105.

13. Provider and all employees of the provider are duly registered, licensed or certified under applicable state and federal statutes and regulations to provide the health care services that are the subject of the Base Contract and provider and all employees of the provider have not been excluded from participating in federally funded health care programs.

14. If the provider is a Medicaid provider, provider must meet the qualifications specified in OAC Division 5101:3, including rule 5101:3-26-05(C).

15. All laboratory testing sites providing services to members must have either a current Clinical Laboratory Improvement Amendments (CLIA) certificate of waiver, certificate of accreditation, certificate of compliance, or a certificate of registration along with a CLIA identification number.

16. Home health providers must meet the eligible provider requirements specified in OAC rule Chapter 5101:3-12 and comply with the requirements for home care dependent adults as specified in section 121.36 of the Ohio Revised Code.

17. Provider agrees to serve members through the last day the Base Contract is in effect.

18. If the provider is a third party administrator (TPA), the provider agrees to include all elements of OAC rule 5101:3-26-05(D) in its subcontracts and will ensure that its subcontractors will forward information to ODJFS as requested.

19. Provider agrees to provide services as enumerated in **Attachment B** of this Addendum (within the provider's scope of practice).

15. Provider shall be compensated pursuant to the method and in the amounts specified the Services and Compensation Schedule and the **Program Participation Schedule** of the Agreement.

16. Any amendment to the Attachment B and (Schedule, Exhibit, or Appendix) specified in items 19 or 20 of the addendum must be agreed to in writing by both parties.

17. If provider is a primary care provider (PCP), provider agrees to participate in the care coordination requirements outlined in OAC Division 5101:3, including rule 5101:3-26-03.1.

18. If provider is a hospital or hospital system, the Addendum must include the completed ODJFS Hospital Services Form, Attachment C of this addendum, which specifies which services of the hospital are included in the Base Contract.

19. MCP agrees not to prohibit, or otherwise restrict a provider acting within the lawful scope of practice, from advising or advocating on behalf of a member who is his or her patient for the following:

    A. The member's health status, medical care, or treatment options, including any alternative treatment that may be self-administered.

    B. Any information the member needs in order to decide among all relevant treatment options.

    C. The risks, benefits, and consequences of treatment versus non-treatment.

    D. The member's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions.

20. Provider agrees in providing health care services to members to identify and where indicated arrange, pursuant to the mutually agreed upon procedures between the MCP and provider for the following at no cost to the member:

    A. Sign language services.

B. Oral interpretation and oral translation services.

21. MCP agrees to fulfill the provider's responsibility to mail or personally deliver notice of the member's right to request a state hearing whenever the provider bills a member due to the MCP's denial of payment of a Medicaid service, as specified in OAC Division 5101:3 including rule 5101:3-26-08.4, utilizing the procedures and forms as specified in OAC rule 5101:6-2-35.

22. Provider agrees to contact the MCP's designated twenty-four-hour post-stabilization services phone line to request authorization to provide post-stabilization services in accordance with OAC Division 5101:3, including rule 5101:3-26-03(G).

23. Provider agrees not to identify the addressee as a Medicaid consumer on the outside of the envelope when contacting members by mail.

24. Provider agrees not to bill members for missed appointments.

25. Provider shall not discriminate in the delivery of services based on the member's race, color, religion, gender, sexual orientation, age, disability, national origin, military status, genetic information, ancestry, health status or need for health services.

26. Provider, in performance of the subcontract or in the hiring of any employees for the performance of services under the contract, shall not by reason of race, color, religion, gender, sexual orientation, age disability, national origin, military status, genetic information, health status or ancestry, discriminate against any citizen of Ohio in the employment of a person qualified and available to perform the services to which the subcontract relates.

27. Provider shall not in any manner discriminate against, intimidate, or retaliate against any employee hired for the performance of services under the subcontract on account of race, color, religion, gender, sexual orientation, age, disability, national origin, military status, genetic information, health status, or ancestry.

28. Provider shall be bound by the same standards of confidentiality which apply to ODJFS and the state of Ohio as described in OAC rule 5101:1-1-03 and 45 CFR Parts 160 and 164, including standards for unauthorized uses of or disclosures of protected health information (PHI).

29. Provider agrees that their applicable facilities and records will be open to inspection by the MCP, ODJFS or its designee, or other entities as specified in OAC rule 5101:3-26-06.

30. Provider agrees that the Base Contract and Addendum are governed by, and are construed in accordance with all applicable laws, regulations, and contractual obligations of the MCP.

    A. ODJFS will notify the MCP and the MCP shall notify the provider of any changes in applicable state or federal law, regulations, waiver, or contractual obligation of the MCP.

    B. This Addendum shall be automatically amended to conform to such changes without the necessity for executing written amendments.

    C. The MCP shall notify the provider of all applicable contractual obligations.

31. Provider agrees to comply with the provisions for record keeping and auditing in accordance with OAC rule 5101:3-26.

32. Provider must retain and agrees to allow the MCP access to all member medical records for a period of not less than six years from the date of service or until any audit initiated within the six year period is completed and allow access to all record keeping, audits, financial records, and medical records to ODJFS or its designee or other entities as specified in OAC rule 5101:3-26-06.

33. Provider agrees to make patient medical records for Medicaid eligible individuals available for transfer to new providers at no cost to the patient.

The Ohio Department of Job and Family Services permit changes to Attachments A and/or B by mutual written agreement of both parties and without renegotiation of the Base Contract or this Addendum.

As required by the Notice provision of the Agreement, notices shall be sent to the following address:

Individual Sites Regulatory Addendum – Exhibit A

OHIO DUAL ELIGIBLE COMPLIANCE ADDENDUM

Addendum Governing Services Provided to Medicare-Medicaid Dual-Eligible Members

This Addendum Governing Services Provided to Medicare-Medicaid Dual-Eligible Members (the "Duals Addendum") shall govern the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the *Contract Between United States Department of Health and Human Services Centers for Medicare & Medicaid Services, In Partnership with the State of Ohio Department of Medicaid and Aetna Better Health Inc., an Ohio Corporation*, issued on February 11, 2014 (the "Three-Way Contract"), which established and governs the program known as the MyCare Ohio Duals Demonstration (the "Demonstration"). For purposes of this Duals Addendum, Aetna Better Health Inc. d/b/a Aetna Better Health of Ohio will be referred to as "MCO" or "the MCO," and the individuals who are enrolled with the MCO under the Demonstration will be referred to as the "Beneficiaries," "Members," or "Enrollees." This Duals Addendum is incorporated by reference into the Agreement between Aetna Medicaid Administrators LLC (formerly known as Schaller Anderson, LLC) on behalf of itself and its Affiliates and the provider, vendor, contractor, or other entity executing this Agreement, as identified on the first page of the Agreement (the "Provider").

If there is any conflict between the terms of this Duals Addendum and any of the other terms of this Agreement, including any attachments, schedules, exhibits, and/or addenda made part of this Agreement, the terms of this Duals Addendum will govern and control with respect to the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration; provided, however, that if there is any conflict between any of the terms of this Agreement, including this Duals Addendum, and the Three-Way Contract, then the terms of the Three-Way Contract will govern and control. Except as provided herein, all other provisions of the Agreement not inconsistent with this Duals Addendum shall remain in full force and effect, and to the extent possible under applicable law, the terms of this Duals Addendum shall be construed to be supplementary to, and not in conflict with, the terms and conditions of the Three-Way Contract and the remainder of the Agreement. All headings contained in this Duals Addendum are included for purposes of convenience only, and shall not affect in any way the meaning or interpretation of any of the terms or provisions of this Duals Addendum or the Agreement.

Provider acknowledges and agrees that all provisions of this Duals Addendum shall apply equally to any employees, independent contractors, subcontractors, downstream entities, or related entities of Provider that provide or may provide Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration, and Provider represents and warrants that Provider shall take all steps necessary to cause such employees, independent contractors, subcontractors, downstream entities, or related entities to comply with this Duals Addendum and all applicable laws and regulations.

REQUIREMENTS FOR THE DEMONSTRATION

A. Ohio State Requirements

Provider shall comply with the requirements set forth in Exhibit A ("Regulatory Compliance Addendum—Ohio") to this Agreement with respect to the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration, including the performance of any activities delegated to Provider in connection with the Three-Way Contract and the Demonstration.

B. Medicare Requirements

Without limiting any obligation of Provider under the Agreement, Provider shall comply with, and shall cause its Downstream Entities and Related Entities to comply with, the requirements set forth in this **Section B** with respect to the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration, including the performance of any activities delegated to Provider in connection with the Three-Way Contract and the Demonstration (the "Medicare Services"). For purposes of this **Section B**, the Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration shall collectively be referred to as the "Medicare Members," and the managed-care plan that MCO offers under the Three-Way Contract and the Demonstration shall be referred to as the "Medicare Plan." Provider's obligations specifically include, and Provider expressly agrees to comply with, the following:

1. PAYMENT.

A. In consideration of Provider's agreement to perform Covered Services in accordance with the Agreement, Provider shall be paid for Covered Services performed according to the terms of the applicable Services

and Compensation Schedule (or other analogous compensation schedule appended to the Agreement).

B. MCO shall not pay any amounts beyond the amounts set forth in the applicable Services and Compensation Schedule (or other analogous compensation schedule appended to the Agreement), including but not limited to any incentive payments that may be payable under traditional Medicare, except as expressly required by the Agreement or applicable law. Further, the Parties acknowledge and agree that payments under the Medicare program to providers, suppliers, and MCO may be adjusted as the result of legislation, regulation, executive order, or other federal mandate ("Medicare Payment Adjustment"). Furthermore, any such Medicare Payment Adjustment could result in an increase or decrease in Medicare payments. In accordance with the terms of this Agreement, the Parties agree that, in the event of a Medicare Payment Adjustment, MCO's payment to Provider will be adjusted in accordance with the Medicare Payment Adjustment. MCO shall adjust payments under this Agreement for Covered Services rendered by Provider on and after the effective date of the Medicare Payment Adjustment, and shall continue to adjust payments to Provider for Covered Services until the earlier of (i) the discontinuation of the Medicare Payment Adjustment, or (ii) the replacement of the Medicare Payment Adjustment by a subsequent Medicare Payment Adjustment.

C. Pursuant to Section B.5.K. of this Duals Addendum, Provider certifies that the diagnosis codes submitted to MCO for Medicare Members that MCO is required to submit to CMS will be accurate, complete, and truthful (the "Certification"). Provider acknowledges and agrees that MCO may impose a penalty on Provider not to exceed five thousand dollars ($5,000) for each instance that Provider submits a diagnosis code to MCO for a Medicare Member that does not comply with this Certification because the diagnosis code was not submitted in the format described in 42 C.F.R. § 422.310 or any subsequent or additional federal regulations. For purposes of this Section, "diagnosis code" shall mean an International Classification of Diseases-9th Edition-Clinical Modification (ICD-9-CM) code or its successor.

D. Federal laws and regulations limit the timeframe within which CMS may recover overpayments made to physicians, providers, and suppliers who submit claims to Medicare contractors (such as fiscal intermediaries, regional home health intermediaries, carriers, Medicare Administrative Contractors, and Durable Medical Equipment Medicare Administrative Contractors) for services provided or supplied to Medicare beneficiaries enrolled in Original Medicare (the "Medicare Statute of Limitations"). If MCO makes an overpayment or payment in error to Provider for Medicare Members, MCO shall have the right to initiate overpayment recovery efforts within the same timeframe available to CMS under the Medicare Statute of Limitations; provided that no time limit shall apply to initiation of overpayment recovery efforts based on MCO's reasonable suspicion of fraud or other intentional misconduct.

2. ASSIGNMENT. In addition to all other rights of MCO under the Agreement, the Agreement (including, but not limited to, as it relates to the line(s) of business described in this Duals Addendum) may be assigned by MCO, at any time and from time to time, in whole or in part, to any other affiliate or successor in interest of MCO. At MCO's option, the Agreement shall survive, without any other change in its terms, as a distinct, separate agreement with MCO for those products/lines of business designated by MCO and in duplicate form as a separate, distinct participating provider agreement with the applicable affiliate(s)/successor(s) for the products/lines of business assigned to such entity(ies). In the event of any assignment under this paragraph, MCO shall provide advance written notice to Provider. In the event of a conflict between this Section and any other provision of the Agreement, the terms of this Section shall supersede and prevail.

3. EFFECT OF TERMINATION. In the event this Duals Addendum is terminated for any reason, such termination shall not constitute termination of any of MCO's other products, plans, or programs.

4. MEDICARE REQUIRED PROVISIONS. Provider agrees to comply with all of the provisions of Schedule I, attached hereto and incorporated into this Duals Addendum.

5. PROVIDER OBLIGATIONS.

A. Provision of Covered Services. Provider agrees to provide to Medicare Members the health care services for which Provider is licensed and customarily provides in accordance with accepted medical and surgical standards in the community. Provider shall make Covered Services available and accessible to Medicare Members, including telephone access to Provider, on a twenty-four (24) hours, seven (7) days per week basis.

B. Compliance; Cooperation. Provider agrees that all Medicare Services and other activities performed by Provider under the Agreement will be consistent and comply with MCO's obligations under the Three-Way Contract. Upon request, Provider shall immediately provide to MCO any information that is required by MCO to meet its reporting obligations to CMS, including without limitation, physician incentive plan information, if applicable. To the extent that Provider generates and/or compiles and provides any data to MCO that MCO, in turn, submits to

CMS, Provider certifies, to the best of its knowledge and belief, that such data is accurate, complete, and truthful. Provider agrees to cooperate with and participate in internal and external review procedures necessary to allow MCO to process Medicare appeals and grievances in accordance with Medicare laws, regulations, and CMS instructions.

C. Federal Fund Obligations. Provider understands and agrees that payments received by MCO for the Medicare Plan from CMS pursuant to the Three-Way Contract are federal funds. As a result, Provider, by entering into this Agreement and the terms of this Duals Addendum, is subject to laws applicable to individuals/entities receiving federal funds, including but not limited to, Title VI of the Civil Rights Act of 1964 as implemented by regulations at 45 C.F.R. part 84, the Age Discrimination Act of 1975 as implemented by regulations at 45 C.F.R. part 91, the Rehabilitation Act of 1973, and the Americans with Disabilities Act.

D. Continuation of Services. In the event the Three-Way Contract terminates or MCO becomes insolvent, Provider shall continue to provide Covered Services to Medicare Members who are hospitalized through the later of: (a) the date for which premiums were paid, or (b) the date of discharge. Provider is prohibited by law from billing Medicare Members for such Covered Services. This provision shall survive the termination of this Agreement or Duals Addendum, regardless of the reason for termination, including the insolvency of MCO, and shall supersede any oral or written agreement between Provider and a Medicare Member.

E. Policies, Programs & Procedures. Provider agrees to comply with MCO's policies and procedures (which MCO shall provide to Provider upon request) which operationalize many of the requirements of the Agreement, this Duals Addendum, and the Three-Way Contract and Demonstration. Provider agrees to comply with MCO's quality improvement, administrative processes and procedures, utilization review, peer review, grievance procedures, credentialing and recredentialing procedures, and any other policies MCO may implement, including amendments made to the above mentioned policies, procedures and programs from time to time. In the event that an MCO policy or procedure conflicts with a provision in the Agreement, then the language in the Agreement (including all amendments, exhibits, and attachments thereto) shall govern.

F. Maintenance of Records. Provider shall preserve records applicable to Medicare Members or to MCO's participation in the Three-Way Contract and Demonstration, for the longer of: (i) the period of time required by state and federal law, or (ii) ten (10) years, whichever is longer. In addition, to the extent applicable to Provider, Provider, on behalf of itself and any Downstream Entities with whom Provider has contracted, agrees to comply with 42 C.F.R. § 422.2480(c) and to maintain all records containing data used by MCO to calculate Medicare medical loss ratios ("MLRs") for MCO's Medicare products and/or evidence needed by MCO and/or federal governmental authorities with jurisdiction to validate MLRs (collectively, "MLR Records") for a minimum of ten (10) years from the date such MLRs were reported by MCO to CMS.

G. Subcontractors. Provider shall require all of its subcontractors, if any, to comply with all applicable Medicare laws, regulations and CMS instructions.

(1) Provider shall include in Provider's contracts with subcontractors all of the contractual and legal obligations required by MCO or the laws, regulations, rules and directions of CMS, including, without limitation, that any delegated services or activities to be performed by subcontractor shall be consistent and comply with the obligations in the Three-Way Contract. To the extent CMS requires additional provisions to be included in such subcontracts, Provider shall amend its contracts accordingly.

(2) Provider shall ensure that any vendors, subcontractors, or other such entities that have a need to know the terms of the Agreement also maintain the privacy and confidentiality of all financial terms of the Agreement.

(3) If Provider arranges for the provision of Covered Services from other health care providers for Medicare Members, such contracts shall be in writing and shall specify the delegated activities and reporting responsibilities, in addition to meeting the requirements described above. In the event that MCO delegates to Provider the selection of providers, MCO retains the right to approve, suspend or terminate such delegation. If MCO delegates the selection of providers, MCO will either review the credentials of medical professionals affiliated with Provider or MCO will review, approve, and audit on an ongoing basis Provider's credentialing process.

The term "Subcontractor" as used in this Section shall not refer to employees or other individuals that perform services on behalf of Provider for which Provider bills such services under this Agreement. Provider represents and warrants that such persons are subject to all terms and conditions of this Agreement and Provider shall provide written evidence of such as described in the Agreement.

H. Contracts with Excluded Entities. Provider understands and agrees that no person that provides health care services and/or utilization review, medical social work, or administrative services in support of services billed under this Agreement by Provider, may be an individual excluded from participation in Medicare under Section 1128 or 1128A of the Social Security Act. Provider hereby certifies that no such excluded person will provide such services under this Agreement and no such excluded persons will be employed by or utilized by any Downstream Entity with which Provider contracts relating to the furnishing of these services to Medicare Members. In accordance with applicable laws, rules, and regulations and the Compliance Program Guidelines, Provider agrees to review the Department of Health and Human Services ("HHS") Office of Inspector General List of Excluded Individuals and Entities and the General Service Administrative Excluded Parties Lists System (collectively, the "Exclusion Lists") to ensure that Provider Related Parties are not included on such Exclusion Lists. Provider agrees to review the Exclusion Lists prior to initially hiring, appointing, or contracting with any new Provider Related Party and at least once per month thereafter to confirm that Provider Related Parties are not included on such Exclusion Lists. Provider agrees that if a Provider Related Party appears on an Exclusion List and/or is excluded from participation in any federally-funded health program, Provider will immediately remove the Provider Related Party from any work related directly or indirectly to the Medicare Plan, and take all corrective actions required under applicable laws, rules or regulations. In the event Provider or any Provider Related Parties are listed in an Exclusion List after the Effective Date of this Duals Addendum, MCO shall have the right, in its sole discretion and judgment, to terminate this Duals Addendum in accordance with the Agreement or to disqualify the listed person(s) from providing any part of the Covered Services. For the purpose of this Section, "Provider Related Parties" means Provider's permanent and temporary employees and Downstream Entities that are involved in the performance of Medicare Services.

I. Offshore Services. Provider is prohibited from using any individual or entity (an "Offshore Entity") (including, but not limited to, any employee, contractor, subcontractor, agent, representative, or other individual or entity) to perform any services for the Medicare Plan if the individual or entity is physically located outside of one of the fifty United States or one of the United States Territories (*i.e.*, American Samoa, Guam, Northern Marianas, Puerto Rico, and Virgin Islands) ("Offshore Services"), unless MCO, in its sole discretion and judgment, agrees in advance and in writing to the use of such Offshore Entity. Provider further agrees that MCO has the right to audit any Offshore Entity prior to the provision of Offshore Services for the Medicare Plan. Additionally, Provider acknowledges and agrees that Offshore Services that involve Medicare Member protected health information (PHI) are subject to CMS reporting within thirty (30) days of: (1) performing, or contracting with an Offshore Entity to perform, Offshore Services, and (2) any time Provider changes the Offshore Services that an Offshore Entity will perform.

J. Submission of Encounter Data. Provider hereby acknowledges that MCO is required to provide CMS and other federal and state regulatory agencies and accrediting organizations with encounter data as requested by such agencies and organizations. Such data may include medical records and all other data necessary to characterize each encounter between Provider and a Medicare Member. Provider agrees to cooperate with MCO and to provide MCO with all such information in such form and manner as requested by MCO. Provider agrees to immediately notify MCO if any encounter data that Provider submitted to MCO for Medicare Members is inaccurate, incomplete, or erroneous, and to cooperate with MCO to correct erroneous encounter data to ensure MCO's compliance with Medicare laws, rules and regulations and CMS instructions.

K. Certification of Data. Provider recognizes that MCO is required to certify the accuracy, completeness, and truthfulness of data that CMS requests. Such data include encounter data, payment data, and any other information provided to MCO by its contractors and subcontractors. Provider and its subcontractors, if any, hereby certify that any such data submitted to MCO will be accurate, complete, and truthful. Upon request, Provider shall make such certification in the form and manner prescribed by MCO.

L. Medicare Member Complaints. Provider agrees to cooperate with MCO in resolving any Medicare Member complaints related to coverage or the provision of Covered Services. MCO will notify Provider as necessary concerning all Medicare Member complaints involving Provider. Provider shall, in accordance with the Provider's regular procedures, investigate such complaints and respond to MCO in the required time. Provider shall use best efforts to resolve complaints in a fair and equitable manner.

M. Compliance Program and Anti-Fraud Initiatives. Provider shall (and shall cause its subcontractors to) institute, operate, and maintain an effective compliance program to detect, correct, and prevent the incidence of non-compliance with CMS requirements and the incidence of fraud, waste, and abuse ("FWA") relating to the operation of the Medicare Plan. Such compliance program shall be appropriate to Provider's or subcontractor's organization and operations and shall include: (a) written policies, procedures, and standards of conduct articulating the entity's commitment to comply with federal and state laws, as well as providing mechanisms for employee/subcontractor use in adhering to the expectation that Provider and employee/subcontractor report potential

non-compliance or FWA issues (internally and to MCO, as applicable); (b) for all officers, directors, employees, contractors, and agents of Provider or subcontractor, required participation in effective compliance and anti-fraud training and education that is consistent with guidance that CMS has issued or may issue with respect to compliance and anti-fraud and abuse initiatives, unless exempt from such training under relevant CMS regulations (this includes general compliance and FWA training completion, as well as code of conduct dissemination, initially within ninety (90) days of hire/contracting and at least annually thereafter; Provider and subcontractors, as applicable, may use MCO's code and training or an equivalent); and (c) processes to oversee subcontractors to ensure their compliance with these requirements.

N. Marketing. Consistent with federal laws, regulations, and agency requirements applicable to the Medicare program, Provider shall not: (1) engage in any marketing or sales activities that could mislead or confuse Medicare Members, or (2) market or advertise non-health care related products to Medicare Members or prospective Medicare Members. Further, Provider shall at all times comply with the then current Medicare Marketing Guidelines.

O. Dual-Eligible Hold Harmless. Provider acknowledges and agrees that Medicare Members are not responsible for paying to Provider any Copayments, Coinsurance, or Deductibles for Medicare Part A and Part B services ("Cost Sharing Amounts") when the State Medicaid plan is responsible for paying such Cost Sharing Amounts. Provider further agrees that it will not collect Cost Sharing Amounts from Medicare Members when the State is responsible for paying such Cost Sharing Amounts, and will, instead, either accept the MCO's payment for Covered Services as payment in full for Covered Services and applicable Cost Sharing Amounts, or bill the applicable State Medicaid plan for the appropriate Cost Sharing Amounts owed by the State Medicaid plan.

P. Enrollment as Medicare Provider. To the extent that Provider prescribes drugs covered under Medicare Part D to Medicare Members who have Medicare prescription drug ("MA-PD") coverage offered by MCO, Provider agrees to comply with the requirements set forth in 42 C.F.R. § 423.120(c)(6), including without limitation the requirement that Provider be enrolled in Medicare in an approved status in order for its prescriptions to be covered under Medicare Part D.

Q. Home Infusion Drugs. The following provisions shall only apply to Provider if Provider dispenses to a Medicare Member home infusion drugs that are covered under Medicare Part D and the Medicare Member has MA-PD coverage offered by MCO ("Home Infusion Drug"):

1. With respect to Home Infusion Drugs, MCO will pay clean claims (as defined in 42 C.F.R. § 423.520(b)) submitted by Provider on behalf of Medicare Members within 14 days for electronic claims and within 30 days for claims submitted otherwise. 42 C.F.R. § 423.505(i)(3)(vi).

2. Home Infusion Drugs will be reimbursed (as applicable) in accordance with a fee schedule, or the third-party pricing source (*e.g.*, Medi-Span) otherwise agreed upon as set forth in this Agreement or Provider's agreement with MCO's Pharmacy Benefit Manager ("PBM"). 42 C.F.R. § 423.505(i)(3)(viii)(B).

3. If a prescription drug pricing standard is used for reimbursement of Home Infusion Drugs, updates to such a standard will occur not less frequently than once every 7 days beginning with an initial update on January 1 of each year, to accurately reflect the market price of acquiring the Home Infusion Drug. 42 CFR § 423.505(i)(3)(viii)(A).

4. In accordance 42 C.F.R.§ 423.120(c)(3), Provider agrees to submit claims for Home Infusion Drugs to MCO or its PBM whenever the Medicare Member's ID card is presented or is on file at the Provider, unless the Medicare Member expressly requests that the claim not be submitted to MCO or its PBM.

5. Provider must submit claims for Home Infusion Drugs in real time by means of point of service claims adjudication systems in compliance with CMS standards. 42 C.F.R. § 423.505(b)(17).

6. Provider must provide Medicare Members with access to the negotiated prices (as defined in 42 C.F.R. § 423.100) for Home Infusion Drugs to Members. 42 C.F.R. § 423.104(g)(1).

7. Provider must charge/apply the correct cost-sharing amount to the Medicare Member for Home Infusion Drugs. 42 C.F.R. § 423.104.

8. At the time of purchase by a Medicare Member, Provider must inform the Medicare

Member of any differential between the price of the Home Infusion Drug being dispensed and the price of the lowest priced generic version of that Home Infusion Drug available from Provider, unless the Home Infusion Drug being dispensed is the lowest priced generic version of that Home Infusion Drug. 42 C.F.R. § 423.132.

9. Provider agrees to ensure that the professional services and ancillary supplies necessary for Home Infusion Drugs are in place before dispensing Home Infusion Drugs to a Medicare Member in his/her place of residence. 42 C.F.R. § 423.120(a)(4)(iii).

10. Provider agrees to provide delivery of Home Infusion Drugs within 24 hours of a Medicare Member's discharge from an acute setting, or later if so prescribed. 42 C.F.R. § 423.120(a)(4)(iv).

11. Provider shall submit to MCO (not PBM) claims for equipment, supplies, and professional services associated with Home Infusion Drugs dispensed by Provider to a Medicare Member that are covered under Medicare Part C.

6. COMPANY OBLIGATIONS.

A. Fee Schedule. MCO shall arrange for Provider to be compensated for health care services rendered to Medicare Members in accordance with Section B.1 of this Duals Addendum.

B. Prompt Pay. In accordance with 42 C.F.R. § 422.520(a)(1), MCO shall make best efforts to pay clean claims submitted by Provider for Covered Services provided to Medicare Members within thirty (30) calendar days of receipt. For purposes of this Duals Addendum, the term "clean claim" shall have the meaning assigned in 42 C.F.R. § 422.500.

C. From time to time MCO may designate only certain Providers to take part in the provider delivery network for a particular product benefit plan(s).

7. GENERAL PROVISIONS.

A. Termination. This Duals Addendum may be terminated on its own without respect to the remainder of the Agreement with or without cause by either Party in accordance with the termination provisions of the underlying Agreement and the Three-Way Contract. This Duals Addendum shall terminate automatically in the event that the underlying Agreement is terminated in accordance with the termination provisions of the Agreement and the Three-Way Contract.

B. Governing Law. This Duals Addendum shall be governed by federal laws, regulations, and agency requirements applicable to the Medicare program. In the event that changes to the governing laws, regulations, or agency requirements applicable to the Medicare program occur, the new law, regulation, or agency requirement shall supersede to the extent required by any such later required changes.

C. Agreement Otherwise Unmodified. All other terms and provisions of the Agreement not amended hereby shall remain in full force and effect, without modification. In the event of any inconsistency between the terms of this Duals Addendum and the Agreement, the terms of this Duals Addendum shall govern and control.

D. Survival. All provisions of this Duals Addendum that by their nature should survive termination of Provider's provision of Medicare Services under this Agreement or termination of the Agreement as a whole, shall survive termination.

C. **Requirements Under the Demonstration Three-Way Contract**

The Three-Way Contract requires that specific additional terms and conditions be incorporated into the Agreement. As such, Provider shall comply with, and shall cause its downstream entities and related entities to comply with, the requirements set forth in this **Section C** with respect to the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration, including the performance of any activities delegated to Provider in connection with the Three-Way Contract and the Demonstration. With respect to the requirements set forth in this **Section C**, any capitalized terms that are used but not defined herein shall have the meanings that are ascribed to them in the Three-Way Contract. Provider's obligations specifically include, and Provider expressly agrees to comply with, the following:

1. The delegated activities and reporting requirements for which Provider is responsible are contained in the Agreement. Provider shall ensure that it and its downstream and related entities perform all such delegated

activities and reporting requirements in compliance with 42 C.F.R. §§ 422.504, 423.505, 438.6(I), and 438.230(b)(1), as applicable. [Appendix C, ¶ A of Three-Way Contract]

2. HHS, the Comptroller General, the Department, and their respective designees have the right to audit, evaluate, and inspect any books, contracts, computer, or other electronic systems, including medical records and documentation, of Provider and its downstream and related entities, and the foregoing rights to inspect, evaluate, and audit any pertinent information for any particular contract period shall exist for ten years from the final date of the contract period or from the date of completion of any audit, whichever is later. [Appendix C, ¶ C of Three-Way Contract]

3. Provider and its downstream and related entities shall not hold Beneficiaries liable for payment of any fees that are the obligation of MCO. [Appendix C, ¶ D.1 of Three-Way Contract]

4. Any services or other activity performed by Provider and/or its downstream and related entities shall be performed in accordance with the MCO's contractual obligations to CMS and the Department. [Appendix C, ¶ D.2 of Three-Way Contract]

5. MCO shall revoke the delegation activities and reporting requirements or specify other remedies in instances where CMS, the Department, or the MCO determine that Provider and/or its downstream and related entities have not performed their delegated activities or reporting requirements satisfactorily. [Appendix C, ¶ D.4 of Three-Way Contract]

6. The performance of Provider and its downstream and related entities under the Agreement will be monitored by MCO on an ongoing basis and MCO may impose corrective action as necessary. [Appendix C, ¶ D.5 of Three-Way Contract]

7. Provider and its downstream and related entities agree to safeguard Beneficiary privacy and confidentiality of Beneficiary health records. [Appendix C, ¶ D.6 of Three-Way Contract]

8. Provider and its downstream and related entities must comply with all federal and state laws, regulations, and CMS instructions. [Appendix C, ¶ D.7 of Three-Way Contract]

9. To the extent that Provider and/or its downstream and related entities provide credentialing of medical providers under the Agreement:

   A. The credentials of medical professionals affiliated with the Provider and/or its downstream and related entities will be reviewed by MCO; or

   B. The credentialing process will be reviewed and approved by MCO and MCO shall audit the credentialing process on an ongoing basis.

   [Appendix C, ¶ E of Three-Way Contract]

10. To the extent that MCO has delegated the selection of providers under the Agreement to Provider or its downstream and related entities, MCO retains the right to approve, suspend, or terminate that arrangement. [Appendix C, ¶ F of Three-Way Contract]

11. MCO shall provide a written statement to Provider of the reason or reasons for termination for cause. [Appendix C, ¶ G of Three-Way Contract]

12. MCO is obligated to pay Provider under the terms of the Agreement, which includes a prompt-payment provision that has been developed and agreed to by both MCO and Provider. [Appendix C, ¶ H.1 of Three-Way Contract]

13. Provider and its downstream and related entities shall provide all services under the Agreement in a Culturally Competent manner to all Beneficiaries, including those with limited English proficiency or reading skills, and diverse culturally and ethnic backgrounds. [Appendix C, ¶ H.2 of Three-Way Contract]

14. Provider and its downstream and related entities shall abide by all applicable federal and state laws and regulations regarding confidentiality and disclosure of medical records, or other health and enrollment information. [Appendix C, ¶ H.3 of Three-Way Contract]

15. Provider and its downstream and related entities shall ensure that medical information is released in accordance with applicable federal or state law, or pursuant to court orders or subpoenas. [Appendix C, ¶ H.4 of Three-Way Contract]

16. Provider and its downstream and related entities shall maintain Beneficiary records and information in an accurate and timely manner. [Appendix C, ¶ H.5 of Three-Way Contract]

17. Provider and its downstream and related entities shall ensure timely access by Beneficiaries to the records and information that pertain to them. [Appendix C, ¶ H.6 of Three-Way Contract]

18. Provider and its downstream and related entities shall not hold Beneficiaries liable for Medicare Part A and B cost sharing, and all Medicare Parts A and B services must be provided at zero cost-sharing to Beneficiaries. [Appendix C, ¶ H.7 of Three-Way Contract]

19. Provider and its downstream and related entities shall ensure that their EMTALA obligations are fulfilled as required by law and the Agreement and must not create any conflicts with any hospital actions required to comply with EMTALA. [Appendix C, ¶ H.8 of Three-Way Contract]

20. Provider and its downstream and related entities, including without limitation all primary care providers, shall not close or otherwise limit acceptance of Beneficiaries as patients unless the same limitations apply to all commercially insured Beneficiaries. [Appendix C, ¶ H.9 of Three-Way Contract]

21. MCO shall not refuse to contract or pay Provider for the provision of Covered Services solely because Provider has in good faith:

    (a) Communicated with or advocated on behalf of one or more of the prospective, current, or former patients of Provider or its downstream and related entities regarding the provisions, terms, or requirements of the MCO's health benefit plans as they relate to the needs of such patients; or

    (b) Communicated with one or more of the prospective, current, or former patients of Provider or its downstream and related entities with respect to the method by which such provider is compensated by the MCO for services provided to the patient.

    [Appendix C, ¶ H.10 of Three-Way Contract]

22. Provider and its downstream and related entities are not required to indemnify MCO for any expenses and liabilities, including, without limitation, judgments, settlements, attorneys' fees, court costs, and any associated charges, incurred in connection with any claim or action brought against MCO based on MCO's management decisions, utilization review provisions, or other policies, guidelines, or actions. [Appendix C, ¶ H.11 of Three-Way Contract]

23. Provider and its downstream and related entities shall comply with all MCO's requirements and MCO Policies for utilization review, quality management and improvement, credentialing, and the delivery of preventive health services. [Appendix C, ¶ H.12 of Three-Way Contract]

24. MCO shall notify Provider in writing of modifications in payments, modifications in Covered Services or modifications in MCO's procedures, documents or requirements, including those associated with utilization review, quality management and improvement, credentialing, and preventive health services, that have a substantial impact on the rights or responsibilities of Provider, and the effective date of the modifications. The notice shall be provided 30 calendar days before the effective date of such modification unless such other date for notice is mutually agreed upon between MCO and Provider or unless such change is mandated by CMS or the Department without 30 calendar days' prior notice. [Appendix C, ¶ H.13 of Three-Way Contract]

25. Provider must comply with all Beneficiary payment restrictions, including balance billing restrictions, and MCO may revoke or impose other specified remedies against Provider if Provider does not comply with such provisions. [Appendix C, ¶ H.14 of Three-Way Contract]

26. Provider and its downstream and related entities shall not bill Beneficiaries for charges for Covered Services other than pharmacy co-payments, if applicable. [Appendix C, ¶ H.15 of Three-Way Contract]

27. No payment shall be made by MCO to Provider, and Provider shall not seek payment from MCO, for a Provider Preventable Condition as defined in 42 C.F.R. § 447.26(b), and Provider shall, as a condition of payment from MCO, comply with reporting requirements on Provider Preventable Conditions as described at 42 C.F.R. § 447.26(d) and as may be specified by MCO and/or the Department. [Section 2.7.6.2 and Appendix C, ¶ H.16 of Three-Way Contract]

28. Provider shall ensure coverage for its practice twenty-four (24) hours a day, seven (7) days a week, when medically necessary. [Section 2.8.5.3 of Three-Way Contract]

29. MCO shall monitor and ensure that all utilization management activities provided by Provider comply with all provisions of the Three-Way Contract with CMS and the Department, and Provider and its downstream and related entities shall cooperate with and utilize MCO's quality assurance program. [Section 2.11.2.2.3.2 of Three-Way Contract]

30. Provider shall comply with all applicable requirements governing physician incentive plans, including but not limited to such requirements appearing at 42 C.F.R. Parts 417, 422, 434, 438.6(h), and 1003. Contracts or arrangements with First Tier, Downstream and Related Entities shall not include incentive plans that include a specific payment to Provider or its downstream and related entities as an inducement to deny, reduce, delay, or limit specific, Medically Necessary Services, and (a) Provider and/or its downstream and related entities shall not profit from provision of Covered Services that are not Medically Necessary or medically appropriate, and (b) MCO shall not profit from denial or withholding of Covered Services that are Medically Necessary or medically appropriate. [Appendix C, ¶¶ H.14 and I, and Section 5.1.7.2 of Three-Way Contract]

31. MCO shall not impose a financial risk on Provider or its downstream and related entities for the costs of medical care, services, or equipment provided or authorized by another Physician or health care provider unless such contract includes specific provisions with respect to the following:

    A. Stop-loss protection;

    B. Minimum patient population size for the Physician or Physician group; and

    C. Identification of the health care services for which the Physician or Physician group is at risk.

    [Appendix C, ¶ J of Three-Way Contract]

32. All contracts or arrangements with First Tier, Downstream and Related Entities for laboratory testing sites that provide services must include an additional provision that such laboratory testing sites must have either a Clinical Laboratory Improvement Amendment (CLIA) certificate or waiver of a certificate of registration along with a CLIA identification number. [Appendix C, ¶ K of Three-Way Contract]

33. Nothing shall be construed to restrict or limit the rights of MCO to include as providers religious non-medical providers or to utilize medically based eligibility standards or criteria in deciding provider status for religious nonmedical providers. [Appendix C, ¶ L of Three-Way Contract]

34. Provider shall meet all terms and requirements of the Three-Way Contract that are applicable to Provider. [Section 2.7.3.1 of Three-Way Contract]

35. Provider and its downstream and related entities shall allow MCO to access the medical records of Beneficiaries. [Section 2.7.7.1.4 of Three-Way Contract]

36. Provider will collaborate with MCO on documentation systems reporting, communications, policies, and any other matters necessary for any readiness review required under the Three-Way Contract. [Section 2.2.1.of Three-Way Contract]

37. Provider shall collaborate with MCO, as requested and required under the Three-Way Contract, on activities relating to Care Management, the Individualized Care Plan, the Centralized Enrollee Record, and the Care Management System. [Section 2.5.3 of Three-Way Contract]

38. As requested and required under the Three-Way Contract, Provider shall actively participate as a member of

the Trans-Disciplinary Care Team, and shall collaborate with the Beneficiary and other members of the Trans-Disciplinary Care Team to perform the functions and tasks that are required of the Trans-Disciplinary Care Team under the Three-Way Contract. [Section 2.5.3 of Three-Way Contract]

39. Provider must comply with the United States Supreme Court's *Olmstead* decision, which requires that Beneficiaries be served in the most integrated setting appropriate to their needs. [Section 2.5.3.4.1.1 of Three-Way Contract]

40. Provider shall be responsive to the linguistic, cultural, ethnic, racial, religious, age, gender, and other unique needs of any minority, homeless population, Beneficiary with disabilities (both congenital and acquired disabilities), or other special population served by the MCO. [Section 2.6.1.10 of Three-Way Contract]

41. To the extent that Provider is multilingual, Provider shall understand and comply with its obligations under state or federal law to assist Beneficiaries with skilled medical interpreters and the resources that are available to assist Provider to meet these obligations. [Section 2.6.1.12 of Three-Way Contract]

42. Provider shall comply with timely access requirements pursuant to 42 C.F.R. § 438.206(c)(1). [Section 2.7.4 of Three-Way Contract]

43. Provider must be appropriately licensed or certified, as applicable, if required pursuant to federal and state requirements. [Section 2.7.3.4 of Three-Way Contract]

44. Provider shall notify MCO immediately if Provider has lost any required license or state or federal approval, or been excluded from participation in federal health care programs under either Section 1128 or Section 1128A of the Social Security Act. [Section 5.1.5.1 and 5.3.4 of Three-Way Contract]

45. Provider shall not engage in any practice with respect to any Beneficiary that constitutes unlawful discrimination under any state or federal law or regulation. [Section 2.3.1.2 of Three-Way Contract]

46. As requested by MCO, Provider shall submit disclosures in accordance with 42 C.F.R. § 455 Subpart B and 42 C.F.R. § 1002.3. [Section 5.1.6.1 of Three-Way Contract]

47. Providers shall offer hours of operation to Beneficiaries that are no less than the hours of operation offered to commercial beneficiaries or comparable to Medicaid fee-for-service (if the Provider serves only Medicaid beneficiaries). [Section 2.8.5.3 of Three-Way Contract]

48. Provider must comply with the American with Disabilities Act (ADA) (28 C.F.R. § 35.130) and Section 504 of the Rehabilitation Act of 1973 (Section 504) (29 U.S.C. § 794) as outlined in the Three-Way Contract, and must maintain capacity to deliver services in a manner that accommodates the needs of Beneficiaries. [Section 2.8.1.3 of Three-Way Contract]

49. Upon MCO's request, Providers must provide the following information: (a) its name, address, and telephone number; (b) its areas of special experience, skills, and training, including any expertise in treating persons with physical disabilities, chronic illness, HIV/AIDS, or persons with serious mental illness; persons who are homeless; persons who are deaf, hard-of-hearing, blind, and/or visually impaired; or persons with co-occurring disorders; (c) its office hours, including the name of any Provider site open after 5:00 p.m. (Eastern Time) on weekdays and/or open on weekends; (d) its cultural and linguistic capabilities, including languages spoken by the Provider or by any skilled medical interpreter at the Provider's site; (e) Provider licensing information; (f) whether it is accessible for people with physical disabilities; (g) whether it is accepting new patients; (h) whether it is accessible by public transportation; and (h) any languages other than English spoken by Provider or by skilled medical interpreters at Provider's site, and whether translation services are available. [Section 2.12.5.2 of Three-Way Contract]

50. As requested and required, Provider must provide any information that CMS and/or the Department require (a) under the Three-Way Contract related to the performance of MCO's responsibilities, including non-medical information for the purposes of research and evaluation; (b) to comply with all applicable federal or state laws and regulations; and (c) for external rapid cycle evaluation including program expenditures, service utilization rates, rebalancing from institutional to community settings, Beneficiary satisfaction, Beneficiary Grievances and Appeals, and enrollment/disenrollment rates. [Section 2.14.1.1 of Three-Way Contract]

51. Provider shall collaborate with MCO in the collection and maintenance of all Encounter Data for all Covered

Services that Provider provides to Beneficiaries, ensuring that all such data can be linked to the Department eligibility data. [Section 2.15 of Three-Way Contract]

52. In connection with the Demonstration, Provider shall act in an independent capacity and not as an officer or employee of the federal government or the Department. [Section 5.1.3.1 of Three-Way Contract]

53. Provider shall not have any interest that will conflict, as determined by CMS and the Department, with the performance of MCO's services under the Three-Way Contract, or that may be otherwise anticompetitive, including without limitation any financial, legal, contractual, or other business interest in any entity performing enrollment functions for the Department. [Section 5.3.17.1 of Three-Way Contract]

54. Provider shall conduct all activities in accordance with the Beneficiary rights and protections set forth under 42 C.F.R. § 438.100, 42 C.F.R. § 422 Subpart C, and Appendix B ("Beneficiary Rights") of the Three-Way Contract. [Appendix B of Three-Way Contract]

55. Provider may not reuse or provide other entities access to the CMS information system, or data obtained from the system or the State of Ohio, to support any line of business other than the Medicare/Medicaid managed care and/or outpatient prescription drug benefit for which the MCO contracted with CMS and the Department. [Appendix E of Three-Way Contract]

56. If the Provider is discharging an Beneficiary from a hospital, Provider must assure that the Beneficiary receives a written notice of explanation called an "Important Message from Medicare About your Rights" regarding the right to appeal the discharge decision from an inpatient hospital admission. [Section 2.10.4.1 of Three-Way Contract]

OHIO DUAL ELIGIBLE COMPLIANCE ADDENDUM – SCHEDULE 1

Medicare Required Provisions

CMS requires that specific terms and conditions be incorporated into the Agreement between a Medicare Advantage Organization or First Tier Entity and a First Tier Entity or Downstream Entity to comply with the Medicare laws, regulations, and CMS instructions, including, but not limited to, the Medicare Prescription Drug, Improvement and Modernization Act of 2003, Pub. L. No. 108-173, 117 Stat. 2066 ("MMA"); and

Except as provided herein, all other provisions of the Agreement between Company and Provider (referred to in this Schedule 1 as "FDR") not inconsistent herein shall remain in full force and effect. This Amendment shall supersede and replace any inconsistent provisions to such Agreement; to ensure compliance with required CMS provisions, and shall continue concurrently with the term of such Agreement.

NOW, THEREFORE, the parties agree as follows:

A. Definitions:

1. Centers for Medicare and Medicaid Services ("CMS"): the agency within the Department of Health and Human Services that administers the Medicare program.

2. Completion of Audit: completion of audit by the Department of Health and Human Services, the Government Accountability Office, or their designees of a Medicare Advantage Organization, Medicare Advantage Organization contractor or related entity.

3. Downstream Entity: any party that enters into a written arrangement, acceptable to CMS, with persons or entities involved with the MA benefit, below the level of the arrangement between an MA organization (or applicant) and a first tier entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.

4. Final Contract Period: the final term of the contract between CMS and the Medicare Advantage Organization.

5. First Tier Entity: any party that enters into a written arrangement, acceptable to CMS, with an MA organization or applicant to provide administrative services or health care services for a Medicare eligible individual under the MA program.

6. Medicare Advantage ("MA"): an alternative to the traditional Medicare program in which private plans run by health insurance companies provide health care benefits that eligible beneficiaries would otherwise receive directly from the Medicare program.

7. Medicare Advantage Organization ("MA organization"): a public or private entity organized and licensed by a State as a risk-bearing entity (with the exception of provider-sponsored organizations receiving waivers) that is certified by CMS as meeting the MA contract requirements.

8. Member or Enrollee: a Medicare Advantage eligible individual who has enrolled in or elected coverage through a Medicare Advantage Organization.

9. Provider: (1) any individual who is engaged in the delivery of health care services in a State and is licensed or certified by the State to engage in that activity in the State; and (2) any entity that is engaged in the delivery of health care services in a State and is licensed or certified to deliver those services if such licensing or certification is required by State law or regulation.

10. Related entity: any entity that is related to the MA organization by common ownership or control and (1) performs some of the MA organization's management functions under contract or delegation; (2) furnishes services to Medicare enrollees under an oral or written agreement; or (3) leases real property or sells materials to the MA organization at a cost of more than $2,500 during a contract period.

B. Required Provisions:

FDR agrees to the following:

1. HHS, the Comptroller General, or their designees have the right to audit, evaluate, and inspect any pertinent information for any particular contract period, including, but not limited to, any books, contracts, computer or other

electronic systems (including medical records and documentation of the first tier, downstream, and entities related to CMS' contract with Company's Affiliates included in this Agreement, (hereinafter, "MA organization") through 10 years from the final date of the final contract period of the contract entered into between CMS and the MA organization or from the date of completion of any audit, whichever is later. [42 C.F.R. §§ 422.504(i)(2)(i) and (ii)] and [42 CFR §423.505]

2. HHS, the Comptroller General, or their designees have the right to audit, evaluate, collect, and inspect any records under paragraph 1 of this amendment directly from any first tier, downstream, or related entity. For records subject to review under paragraph 1, except in exceptional circumstances, CMS will provide notification to the MA organization that a direct request for information has been initiated. [42 C.F.R. §§ 422.504(i)(2)(ii) and (iii)]

3. FDR will comply with the confidentiality and enrollee record accuracy requirements, including: (1) abiding by all Federal and State laws regarding confidentiality and disclosure of medical records, or other health and enrollment information, (2) ensuring that medical information is released only in accordance with applicable Federal or State law, or pursuant to court orders or subpoenas, (3) maintaining the records and information in an accurate and timely manner, and (4) ensuring timely access by enrollees to the records and information that pertain to them. [42 C.F.R. §§ 422.504(a)(13) and 422.118] and [42 CFR §423.136]

4. Enrollees will not be held liable for payment of any fees that are the legal obligation of the MA organization. [42 C.F.R. §§ 422.504(i)(3)(i) and 422.504(g)(1)(i)] and [42 CFR §423.505(i)(3)(i)]

5. For all enrollees eligible for both Medicare and Medicaid, enrollees will not be held liable for Medicare Part A and B cost sharing when the State is responsible for paying such amounts. Providers will be informed of Medicare and Medicaid benefits and rules for enrollees eligible for Medicare and Medicaid. FDR may not impose cost-sharing that exceeds the amount of cost-sharing that would be permitted with respect to the individual under title XIX if the individual were not enrolled in such a plan. Providers will: (1) accept the MA plan payment as payment in full, or (2) bill the appropriate State source. [42 C.F.R. §§ 422.504(i)(3)(i) and 422.504(g)(1)(i)]

6. Any services or other activity performed in accordance with a contract or written agreement by FDR are consistent and comply with the MA organization's contractual obligations. [42 C.F.R. § 422.504(i)(3)(iii)] and [42 CFR §423.505(i)(3)(iii)]

7. Contracts or other written agreements between the MA organization and providers or between first tier and downstream entities must contain a prompt payment provision, the terms of which are developed and agreed to by the contracting parties. The MA organization is obligated to pay contracted providers under the terms of the contract between the MA Organization/Physician and the provider. [42 C.F.R. §§ 422.520(b)(1) and (2)]

8. FDR and any related entity, contractor or subcontractor will comply with all applicable Federal and Medicare laws, regulations, and CMS instructions. [42 C.F.R. §§ 422.504(i)(4)(v)] and [42 CFR §423.505(i)(4)(iv)]

9. If any of the MA organization's activities or responsibilities under its contract with CMS are delegated to any first tier, downstream and related entity: [42 C.F.R. §§ 422.504(i)(4) and (5)]

(i) The delegated activities and reporting responsibilities are specified as follows:

See delegated activities and reporting responsibilities set forth in the Radiology Management Services Agreement, Exhibit 1

(ii) CMS and the MA organization reserve the right to revoke the delegation activities and reporting requirements or to specify other remedies in instances where CMS or the MA organization determine that such parties have not performed satisfactorily.

(iii) The MA organization will monitor the performance of the parties on an ongoing basis.

(iv) The credentials of medical professionals affiliated with the party or parties will be either reviewed by the MA organization or the credentialing process will be reviewed and approved by the MA organization and the MA organization must audit the credentialing process on an ongoing basis.

If the MA organization delegates the selection of providers, contractors, or subcontractor, the MA organization retains the right to approve, suspend, or terminate any such arrangement.

In the event of a conflict between the terms and conditions above and the terms of a related agreement, the terms above control.

SEVENTH AMENDMENT TO THE RADIOLOGY MANAGEMENT SERVICES AGREEMENT

This Amendment ("Amendment") is dated December 15, 2015, and is between **Aetna Medicaid Administrators LLC**, on behalf of itself and its Affiliates ("Company"), and **MedSolutions, Inc.**, d/b/a eviCore healthcare, a Tennessee corporation with its principal place of business in Franklin, TN ("Delegated Entity").

WHEREAS, Company and Delegated Entity entered into a Radiology Management Services Agreement dated January 1, 2014 ("Agreement") for the provision of Utilization Management services;

WHEREAS, Company and Delegated Entity have since amended the Agreement on or around the following dates: First Amendment on April 1, 2014 (Musculoskeletal Pain Management); Second Amendment on April 1, 2014 (adding Maryland and Pennsylvania Regulatory Addenda); Third Amendment was never executed and is intentionally omitted; Fourth Amendment on July 16, 2014 (adding Missouri and Michigan); Fifth Amendment originally executed on May 1, 2015 and re-executed on October 19, 2015 (adding Louisiana); Sixth Amendment on May 1, 2015 (revising Musculoskeletal Pain Management Rates and adding Ohio Regulatory Addendum); and

WHEREAS, Company and Delegated Entity desire to amend the Agreement with respect to Aetna Better Health of Michigan Inc. ("ABH-Michigan"), to update the Louisiana Medicaid/CHIP Compliance Addendum, and to include Aetna Better Health of Kentucky Insurance Company ("ABH-Kentucky") and Coventry Health Care of Virginia, Inc. dba CoventryCares of Virginia, and update the Compensation Schedule and Company Affiliates Exhibit.

NOW, THEREFORE, in consideration of the mutual covenants and promises stated herein and other good and valuable consideration, and intending to be legally bound, Company and Delegated Entity agree as follows:

1. The Agreement's Exhibit 2: Compensation Schedule is hereby deleted in its entirety and replaced with the attached **Exhibit 2: Compensation Schedule.**

2. The Agreement's Individual Sites Regulatory Compliance Addendum (Exhibit A) is hereby amended to: (a) delete in their entirety the "Medicaid Addendum – Exhibit A Michigan" and the associated Michigan "Product Participation Schedule" and (b) incorporate into the Agreement the following Exhibits that are attached to this Amendment:

    a. Exhibit A.1—Individual Sites Regulatory Compliance Addendum (ABH-Michigan) **Program Participation Schedule;**

    b. Exhibit A.2—Individual Sites Regulatory Compliance Addendum (ABH-Michigan) **Governing Medicaid and CHIP Services**; and

    c. Exhibit A.3—Individual Sites Regulatory Compliance Addendum (ABH-Michigan) **Governing Medicare-Medicaid Dual-Eligible Services.**

2.1 ABH-Michigan's duties, obligations, and liabilities under the Agreement shall be strictly limited to the services that Delegated Entity provides with respect to Members who are eligible and covered under the ABH-Michigan Plans set forth in Exhibit A.1 (Program Participation Schedule).

2.2 For the avoidance of any doubt, with respect to the provision of Covered Services to Members who are eligible and covered under the Medicare-Medicaid Plans set forth in Exhibit A.1 (Program Participation Schedule), Exhibit A.3 hereto shall supersede and replace the following document that is attached to the Agreement: Exhibit D (Addendum for Medicare-Medicaid Dual Eligible Members).

2.3 Company represents and warrants that ABH-Michigan has duly authorized Company to enter into this Amendment on ABH-Michigan's behalf, and to bind ABH-Michigan to the terms and provisions of the Agreement, as modified herein and by the attached Exhibits A.1 through A.3.

3. The Agreement's Individual Sites Regulatory Compliance Addendum (Exhibit A) is hereby amended to add ABH-Kentucky to the Agreement effective **February 1, 2016** and to incorporate into the Agreement the following Exhibits that are attached to this Amendment:

   a. Exhibit A.4—Individual Sites Regulatory Compliance Addendum (Kentucky) **Program Participation Schedule;**

   b. Exhibit A.5—Individual Sites Regulatory Compliance Addendum (Kentucky) **Governing Kentucky Medicaid Services.**

   3.1 ABH-Kentucky's duties, obligations, and liabilities under the Agreement shall be strictly limited to the services that Delegated Entity provides to Members who are eligible and covered under the Plans set forth in Exhibit A.4 (Program Participation Schedule).

   3.2 Both Parties agree that the Agreement and Kentucky Regulatory Compliance Addendum are subject to regulatory review and may require changes prior to obtaining approval. The February 1, 2016 Kentucky effective date for the Agreement is expressly contingent upon Company obtaining any necessary regulatory approval.

   3.3 Both Parties agree a full risk arrangement may be beneficial and will negotiate in good faith after the migration of the Kentucky Plan.

   3.4

4. The Agreement's Individual Sites Regulatory Compliance Addendum (Exhibit A) is hereby amended (a) to delete in their entirety the "Louisiana Medicaid/CHIP Compliance Addendum" and the associated Louisiana "Product Participation Schedule" and incorporate into the Agreement the following Exhibits that are attached to this Amendment:

   a. Exhibit A.6—Individual Sites Regulatory Compliance Addendum (Louisiana) **Program Participation Schedule;**

   b. Exhibit A.7—Individual Sites Regulatory Compliance Addendum **Louisiana Medicaid/CHIP Compliance Addendum.**

5. The Agreement's Individual Sites Regulatory Compliance Addendum (Exhibit A) is hereby amended to add Coventry Health Care of Virginia, Inc. dba CoventryCares of Virginia to the Agreement and to incorporate into the Agreement the following Exhibits, which shall be effective on **April 1, 2016** and upon the receipt of all applicable state and regulatory approvals.

   a. Exhibit A.8—Individual Sites Regulatory Compliance Addendum (Virginia) **Program Participation Schedule;**

   b. Exhibit A.9—Individual Sites Regulatory Compliance Addendum **Virginia Medicaid Compliance Addendum - Subcontractor.**

6. Delegated Entity shall comply with the terms of each of the attached Individual Sites Regulatory Compliance Addenda to the extent applicable to the Agreement. In the event of any conflict between the terms of the attached Individual Sites Regulatory Compliance Addenda, and any of the other terms of the Agreement, including any other attachments, schedules, exhibits, and/or addenda made part of the Agreement, the terms of the Individual Sites Regulatory Compliance Addenda shall govern and control with respect to the provision of Covered Services to Members who are eligible and covered under the respective Plans as identified in applicable Program Participation Schedule.

7. The Agreement's Exhibit B Company Affiliates is hereby deleted in its entirety and replaced with the attached **Exhibit B Company Affiliates.**

8. Capitalized terms not otherwise defined herein shall have the meaning ascribed to them in the Agreement.

9. All other terms and provisions of the Agreement not amended herein shall remain in full force and effect, without modification.

10. The Parties ratify and affirm the Agreement, and agree that it is in full force and effect as amended herein. In the event of any inconsistency between the terms of this Amendment and the Agreement, the terms of this Amendment shall govern and control.

IN WITNESS WHEREOF, the Parties have caused this Amendment to be signed by their duly authorized officers as of the date indicated in the introductory clause.

Exhibit 2: Compensation Schedule

The Administrative Fees by Member type and modality are listed in the following tables by state.

		[redacted]
Arizona	Advanced Imaging	
	Pain Management	
Illinois	Advanced Imaging	
	Pain Management	
Louisiana (effective 10.19.15)	Advanced Imaging	
	Pain Management	
Maryland	Advanced Imaging	
	Ultrasound – Non OB	
Missouri	Advanced Imaging	
	Ultrasound - OB Only	
Michigan	Advanced Imaging	
Ohio	Advanced Imaging	
	Ultrasound – Non OB	
	Pain Management	
Pennsylvania	Advanced Imaging	
	Ultrasound – Non OB	
	Pain Management	
Texas	Advanced Imaging	

- Advanced Imaging includes management of MRI, MRA, CT, CTA and PET
- Cardiology includes management of Nuclear Cardiology, Heart Catheterization, Stress Echo, TTE, and TEE
- Ultrasound includes management of OB and non-OB ultrasound, if the plan's TANF ultrasound utilization is below [redacted]

KENTUCKY AND VIRGINIA HIGH TOUCH ASO PRODUCT

Enhanced Clinical Quality Review

With regard to Kentucky and Virginia, Company and Delegated Entity agree to pursue and implement an enhanced clinical quality review for Advanced Imaging ("Clinical Quality Review Services") for certain Members. The Administrative Fees by Member type and modality are listed in the following table by state:

State	Modality	TANF	CHIP	ABD	Medicaid Expansion <=18	Medicaid Expansion Adult
Kentucky (effective 2/01/2016)	Advanced Imaging	[redacted]				
	Ultrasound					
	Ultrasound – OB					
	Ultrasound – Non OB					
	Pain Management					
Virginia (effective 4/01/2016)	Advanced Imaging					
	Cardiology					
	Ultrasound OB only					
	Ultrasound Non-OB					
	Pain Management					

The Clinical Quality Review Services include enhanced review of Advanced Imaging Prior Authorization requests as follows:

1. Medical Necessity certifications, including alternative recommendations where appropriate, in accordance with evidenced based guidelines and Company's Clinical Policy Bulletin (CPB).
2. At least [redacted] (or as adjusted based on changes in clinical review effectiveness to achieve enhanced compliance with evidence based guidelines, as agreed to by the Parties) of precertification requests shall be subject to Nurse and/or Medical Director review to include determinations for compliance with evidenced based guidelines.

Each month, Delegated Entity shall charge Company an Administrative Fee for the provision of Delegated Entity Program Services. The monthly Administrative Fee shall be equal to the aggregate of the applicable per Member per month amounts set forth in the table below:

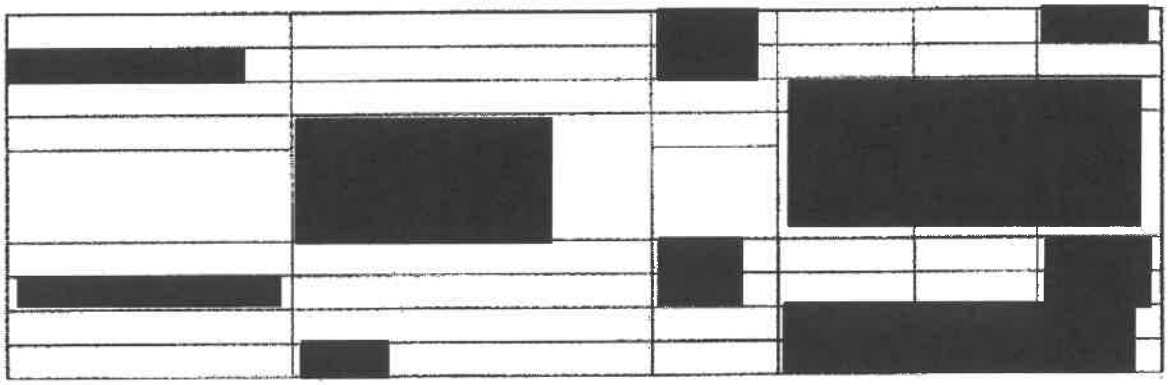
1. **Payment.** On or before the 15th day of each month, Company shall prepay Delegated Entity an Administrative Fee for the provision of Delegated Entity Program services.

a) If a Member is added to Company Membership on or before the 15th day of a month, a full month's Administrative Fee will be due for that month. There will be no Administrative Fee due for Member added after the 15th day of the month.

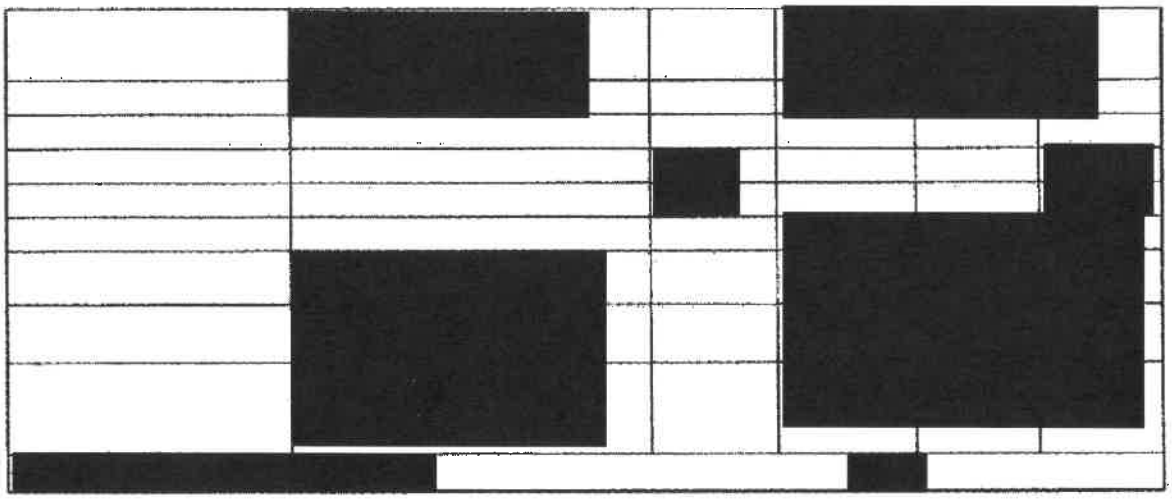
b) A full month's Administrative Fee will be due for the month of termination of a Member if the Member terminates after the 15th day of the month. If a Member terminates on or before the 15th day of a month, no Administrative Fee will be due for the month of termination.

2. **Adjustments.** Where Company, due to information delays, must make a retroactive addition or deletion to Delegated Entity's membership records, a retroactive adjustment shall be made concurrent therewith and such retroactive Administrative Fee adjustments shall not exceed sixty (60) days for each single Member. With the exception of any fraud investigation, the limit to the period of time in which Delegated Entity or Company can make a claim of an overpayment or underpayment or contest an underpayment or overpayment under this Agreement is one hundred eighty (180) days from the date the payment was made or one hundred eighty (180) days from the date of final adjudication.

The Administrative Payment. Amounts otherwise due to Delegated Entity shall be reduced as follows for Delegated Entity's failure to meet the Performance Guarantees set forth in Exhibit 3.



1. For failure to meet any of the satisfaction measures set forth in Exhibit 3, Section B.1 for the previous calendar year, [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous year, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee



2. For failure to meet any of the call center measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.2: [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous month, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

3. For failure to meet the pre-certification turn-around-time and Adverse Determination overturn measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.3: [redacted] of the annualized Administrative Payment Amounts (excluding the Sleep Administrative Services Fee) payable by Company during the previous quarter, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

4. For failure to meet the pre-certification turn-around-time overturn measures for the Sleep Program when averaged for the calendar year measured as set forth in Exhibit 3, Section B.4: [redacted] of the annualized Sleep Administrative Services Fee payable by Company during the previous quarter.

5. Example. Delegated Entity performance results are measured after the Program Year has been completed. Those results become published ninety (90) days at the completion of the Program Year. The results at end of the Program Year show the following:

6. Implementation Costs. Delegated Entity shall pay Company the actual costs incurred by Company, but no more than [redacted] towards Company's implementation costs of the radiology management program ("Implementation Fee"). Delegated Entity shall pay a first installment of [redacted] of the Implementation Fee no later than 15 days after this Agreement's signature. Delegated Entity shall pay second and subsequent installments of the Implementation Fee, if needed, each year thereafter.

Exhibit A.1

Individual Sites Regulatory Compliance Addendum (ABH-Michigan)

PROGRAM PARTICIPATION SCHEDULE

Delegated Entity agrees to participate in the ABH-Michigan Plans and other health benefit programs listed herein:

- Those Medicaid and CHIP (Children's Health Insurance Program) Plans and programs offered by Company within the State of Michigan
- Those Medicare-Medicaid Plans offered by Company within the State of Michigan

Exhibit A.2

Individual Sites Regulatory Compliance Addendum (Michigan)

Governing Medicaid and CHIP Services

This Regulatory Compliance Addendum Governing Medicaid and CHIP Services (the "Michigan Medicaid/CHIP Addendum") shall govern the provision of Covered Services to Members who are eligible and covered under, as applicable, (1) the Comprehensive Health Care Program contract (the "CHCP Contract") between the Michigan Department of Health and Human Services ("MDHHS") and Aetna Better Health of Michigan Inc. ("Company"), or (2) the *MIChild* Contract between MDHHS and Company (the "*MIChild* Contract"), under both of which contracts Company serves as a managed-care organization, as well as the provision of any administrative or health-benefit management services/functions that relate to those Covered Services or to the CHCP Contract and/or *MIChild* Contract.

The State of Michigan and/or MDHHS (the "State") requires that specific terms and conditions be incorporated into the Agreement because the Agreement is a contract between a health maintenance organization and its provider or subcontractor. As such, this Michigan Medicaid/CHIP Addendum is incorporated by reference into the Agreement between Company and the provider, vendor, contractor, or other entity executing this Agreement (as identified on the first page thereof), and such provider, vendor, contractor, or other entity must comply with the requirements set forth herein. Note that this Michigan Medicaid/CHIP Addendum contains some, but not all, of the terms and requirements with which you must comply. Other terms and requirements with which you must comply are set forth in the Agreement and in Company's policies, procedures, and provider manual. This Michigan Medicaid/CHIP Addendum and the Agreement may be revised as directed by the State.

For purposes of this Michigan Medicaid/CHIP Addendum, the individuals who are enrolled with Company under the CHCP Contract and/or the *MIChild* Contract will be referred to as the "Members" or "Enrollees." All capitalized terms not defined in this Michigan Medicaid/CHIP Addendum shall have the respective meanings that are ascribed to them in the Agreement.

If there is any conflict between the terms of this Michigan Medicaid/CHIP Addendum and any of the other terms of this Agreement, including any attachments, schedules, exhibits, and/or addenda made part of this Agreement, the terms of this Michigan Medicaid/CHIP Addendum will govern and control with respect to the provision of Covered Services to Members who are eligible and covered under, as applicable, the CHCP Contract or the *MIChild* Contract, and with respect to the provision of any administrative or health-benefit management services/functions that relate to those Covered Services or to the CHCP Contract and/or *MIChild* Contract. Except as provided herein, all other provisions of the Agreement not inconsistent with this Michigan Medicaid/CHIP Addendum shall remain in full force and effect, and to the extent possible under applicable law, the terms of this Michigan Medicaid/CHIP Addendum shall be construed to be supplementary to, and not in conflict with, the terms and conditions of the Agreement.

The provider, vendor, contractor, or other entity identified on the first page of the Agreement acknowledges and agrees that all provisions of this Michigan Medicaid/CHIP Addendum shall apply equally to its/their employees, independent contractors, subcontractors, downstream entities, or related entities that provide Covered Services to Members who are eligible and covered under, as applicable, the CHCP Contract or the *MIChild* Contract, or that provide administrative or health-benefit management services/functions relating to those Covered Services or to the CHCP Contract and/or *MIChild* Contract, and it/they represent and warrant that it/they shall take all steps necessary to cause such employees, independent contractors, subcontractors, downstream entities, or related entities to comply with this Michigan Medicaid/CHIP Addendum and all applicable laws and regulations.

CONTRACTUAL AND STATUTORY/REGULATORY REQUIREMENTS

A. Definitions and Applicability

1. The requirements set forth below in **Section C** of this Michigan Medicaid/CHIP Addendum ("Additional Requirements Applicable to Contracts and Services Under the CHCP Contract") apply to contracts, Covered Services, and related administrative or health-benefit management services/functions under the CHCP Contract, and the following definitions shall apply with respect to those requirements:

a. "Provider" – A health facility or person that is licensed, certified, or registered under parts 61 to 65 or 161 to 182 of Michigan's Public Health code, 1978 PA 368, as amended, MCL 333.1101 – 333.25211, and that provides healthcare services to Members. [CHCP, "Definition of Terms"]

b. "Subcontractor" – Any person or entity that performs a required, ongoing administrative or health-benefit management function of Company under the CHCP Contract, including without limitation: (1) "Health Benefit Managers," which include any entity that administers, manages, or arranges for the provision of one or more of the healthcare benefits that are covered under the CHCP Contract (including Pharmacy Benefit Managers, Behavioral Health Benefit Managers, and Vision Benefit Managers, but excluding Transportation Subcontractors); (2) "Administrative Subcontractors," which include any entity that performs, on behalf of Company, one or more administrative functions required under the CHCP Contract (including claims payment, third-party liability, delegated credentialing, utilization management, case management, card production, and mailing services); and (3) "Transportation Subcontractors," which include any entity that arranges and/or provides transportation services that are covered under the CHCP Contract (including any related health-benefit management services related to those transportation services). [CHCP, "Definition of Terms" and CHCP 2.070]

c. "Subcontract" – A written contract between Company and a Subcontractor to perform any of Company's administrative or health-benefit management obligations under the CHCP Contract.

2. The requirements set forth below in **Section D** of this Michigan Medicaid/CHIP Addendum ("Additional Requirements Applicable to Contracts and Services Under the *MIChild* Contract") apply to contracts, Covered Services, and related administrative or health-benefit management services/functions under the *MIChild* Contract, and the following definitions shall apply with respect to those requirements:

a. "Provider" – Those providers contracted with Company's health plan that are responsible for providing health care for Members. [CHCP, "Definition of Terms"]

b. "Subcontractor" – Any person or entity that performs a required, ongoing core function of Company under the *MIChild* Contract, with the exception of medical providers that are included in Company's provider network (which are not considered Subcontractors). In addition, counterparties with which Company contracts for one-time-only functions or services, such as maintenance or insurance protection, are not considered Subcontractors. [CHCP, "Definition of Terms"]

c. "Subcontract" – A written contract between Company and a Subcontractor to perform any of Company's administrative obligations under the *MIChild* Contract, with the exception of medical provider contracts, which are not considered Subcontracts. [CHCP, "Definition of Terms"]

3. The requirements set forth below in **Section B** of this Michigan Medicaid/CHIP Addendum ("General Requirements Applicable to Contracts and Services Under Both the CHCP Contract and the *MIChild* Contract") apply to contracts, Covered Services, and related administrative or health-benefit management services/functions under both the CHCP Contract and the *MIChild* Contract (as the case may be with respect to the particular services provided), and the respective definitions set forth above in this **Section A** shall apply with respect to those requirements.

B. General Requirements Applicable to Contracts and Services Under Both the CHCP Contract and the *MIChild* Contract

1. Compliance with Law. Provider/Subcontractor must be in compliance with all State statutes and federal and local laws and ordinances in providing the services under the Agreement, and shall fulfill the requirements of the CHCP Contract/*MIChild* Contract (as the case may be) and of Title XXI of the Social Security Act that are appropriate to the service or activity delegated, and will be subject to the provisions thereof. [*MIChild* I-F; CHCP 2.212]

2. Media Releases. News releases (including promotional literature and commercial advertisements) pertaining to the Agreement, the CHCP Contract, and/or the *MIChild* Contract, or any related project, must not be made without prior written State approval, and then only in accordance with the explicit written instructions from the State, which Company shall be responsible to attempt to obtain. No results of the activities associated with the Agreement, the CHCP Contract, and/or the *MIChild* Contract are to be released without prior written approval of the State and then only to persons designated. [CHCP 2.031; *MIChild* I-G]

3. Non-discrimination. In the performance of the Agreement, Subcontractor agrees not to discriminate against any employee or applicant for employment, with respect to his or her hire, tenure, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment, because of race, color, religion, national origin, ancestry, age, sex, height, weight, marital status, physical or mental disability. Subcontractor further agrees that every Subcontract entered into for the performance related to this Agreement or the CHCP Contract/*MIChild* Contract or any Purchase Order resulting from the CHCP Contract/*MIChild* Contract will contain a provision requiring non-discrimination in employment, as specified here, binding upon each subcontractor used by Subcontractor. This covenant is required under the Elliot Larsen Civil Rights Act, 1976 PA 453, MCL 37.2101 *et seq.*, and the Persons with Disabilities Civil Rights Act, 1976 PA 220, MCL 37.1101 *et seq.*, and any breach of this provision may be regarded as a material breach of the Agreement, as amended, and the CHCP Contract/*MIChild* Contract. [CHCP 2.201; *MIChild* I-U]

4. Unfair Labor Practices. Under 1980 PA 278, MCL 423.321 *et seq.*, the State must not award a contract or subcontract to an employer whose name appears in the current register of employers failing to correct an unfair labor practice compiled under Section 2 of the Social Security Act. This information is compiled by the United States National Labor Relations Board. Subcontractor, in relation to the Agreement and the CHCP Contract/ *MIChild* Contract, must not enter into a contract with a subcontractor, manufacturer, or supplier whose name appears in this register. Under Section 4 of 1980 PA 278, MCL 423.324, the State may void any contract if, after award of the CHCP Contract/*MIChild* Contract, the name of Subcontractor as an employer or the name of a subcontractor, manufacturer, or supplier of Company or Subcontractor appears in the register. [CHCP 2.202; *MIChild* I-Z]

5. Independent Contractor. The relationship between the State and Company is that of client and independent contractor. Subcontractor shall not be deemed to be an employee, agent, or servant of the State for any reason. [CHCP 2.027; *MIChild* I-Y]

6. Transition Plan. Subcontractor shall cooperate in the event the State requires a transition plan setting forth the specific tasks and schedule to be accomplished by the parties to effect an orderly transition. In the event the State requires the services of Subcontractor as necessary to meet its needs, Subcontractor agrees to reasonably, and with good faith, work with the State and Company. [CHCP 2.172; *MIChild* I-R]

7. Member Hold Harmless. Provider/Subcontractor shall look only to Company for compensation for services rendered to a Member when such services are covered by the Plan. Provider/Subcontractor agrees not to bill, charge, collect a deposit from, seek compensation from, seek remuneration from, surcharge or have any recourse against a Member or person acting on behalf of a Member (other than Company), except to the extent that Copayments, Coinsurances, and Deductibles are specified in the Plan or as permitted pursuant to coordination of benefits. (All Copayments, Coinsurances, and Deductibles shall be applied by Company in accordance with applicable law, including without limitation MCL 500.3515.) Provider/Subcontractor agrees not to maintain any action at law or in equity against a Member to collect sums that are owed by Company to such Provider/Subcontractor under the terms of the Agreement, even in the event Company fails to pay,

becomes insolvent, or otherwise breaches the terms and conditions of this Agreement. This Section shall survive termination of the Agreement, regardless of the cause of termination and shall be construed to be for the benefit of the Member. This Section is not intended to apply to services provided after this Agreement has been terminated, except as otherwise provided in this Agreement, or to Non-Covered Services. Provider/Subcontractor further agrees that this provision supersedes any oral or written agreement, hereinafter entered into between such Provider/Subcontractor and Member or persons acting on Member's behalf, insofar as such agreement relates to payment for services provided under the terms and conditions of this Agreement. Any modification, addition, or deletion to the provisions of this Section shall become effective on a date no earlier than sixty (60) days after the State Department of Insurance and Financial Services has received and approved such change. [See generally MI ADC R. 325.6345(2); CHCP 1.022U; *MIChild* II-M.5(c)]

8. Cooperation Regarding Data. Provider/Subcontractor must cooperate with Company so that Company can provide and cooperate with the State in the validation of data, and Provider/Subcontractor must make available all medical records and a sample of data and data collection protocols. [*MIChild* II-W; CHCP 1.042]

9. Company Is Sole Point of Contact. Company shall be the sole point of contact for the State with regard to all contractual matters under the CHCP Contract/*MIChild* Contract, including payment of any and all charges for services that Provider/Subcontractor provides in connection therewith. [*MIChild* I-F; CHCP 2.071]

10. Public Presentations. Provider/Subcontractor must obtain the State's written approval prior to publishing, or making formal public presentations of, statistical or analytical material based on its Enrollees other than as required by statute, regulation, or the CHCP Contract and/or *MIChild* Contract. [*MIChild* II-X; CHCP 1.042(b)]]

11. Marketing Materials. Subcontractor understands and agrees that all written and oral marketing materials and health promotion incentive materials must be approved by the State prior to use. In the event Subcontractor desires to utilize written and oral marketing materials related to its services under the Agreement, Subcontractor shall provide such materials to Company for submission to the State. Upon receipt by the State of a complete request for approval that proposes allowed marketing practices and locations, the State will provide a decision to Company within 30 business days or the request will be deemed approved. The review clock will be tolled while State-requested revisions to materials are being prepared for re-submission. Marketing materials must be available in languages appropriate to the Members being served within the county. All material must be culturally appropriate and available in alternative formats in accordance with the American with Disabilities Act. Subcontractor understands and agrees that the State may impose monetary or restricted enrollment sanctions if Subcontractor engages in prohibited marketing practices or uses marketing materials that have not been approved in writing by the State. Materials must be written at no higher than a 6.9 grade reading level as determined by any one of the following indices:

- Flesch – Kincaid
- Other computer generated readability indices accepted by the State

[CHCP 1.022(CC)(5); MIChild II-S]

12. Additional Provisions. In the event Subcontractor manages a network of providers as part of the services it provides to Company under the Agreement, or in the event you are a Provider, your Agreement with Company hereby incorporates, and you shall ensure that your contracts with any of your downstream subcontractors or providers incorporate, the following requirements:

a. Provider/Subcontractor shall not seek payment from Enrollees for services provided, except for applicable co-payments and deductibles, which may be collected directly from Enrollees. [MI ADC R. 325.6345(2); MI Ins. Code 500.3529(3)]

b. Provider/Subcontractor shall meet applicable licensure or certification requirements. [MI ADC R. 325.6345(3)(a); MI Ins. Code 500.3529(4)(a)]

c. Provider/Subcontractor shall allow appropriate access to records or reports concerning services to Enrollees. [MI ADC R. 325. 6345(3)(b); MI Ins. Code 500.3529(4)(b).]

d. Provider/Subcontractor shall cooperate with Company's quality assurance, quality improvement, and utilization review activities. [MI ADC R. 325. 6345(3)(c); MI Ins. Code 500.3529(4)(c); CHCP 1.022U(1)(b); *MIChild* II-M.5(c)]

e. Pursuant to Title XXI of the Social Security Act, payment under Title XXI shall not be made for services furnished by providers who have been excluded from participation under Title V, Title XVIII, Title XIX, or Title XX of the Social Security Act. [*MIChild* II-J.3; CHCP Change Notice No. 5 (section 9)]

f. In the event of Company's insolvency, Provider/Subcontractor agrees to continue providing services to Members. Company acknowledges that it is required by law to provide a mechanism for appropriate sharing of the continuation of provider services as approved by the Michigan Insurance Commissioner and in no event shall such continuation be solely the responsibility of the provider. [MI Ins. Code 500.3561]

g. Unless this Agreement is terminated for cause, upon termination of this Agreement, Provider/Subcontractor shall continue to furnish Covered Services under the Agreement for a period not to exceed ninety (90) days following termination where the continuation of care is medically necessary and prudent, including without limitation, circumstances such as disability, pregnancy, or life-threatening illness. Provider/Subcontractor shall neither charge nor hold Members financially responsible for any Covered Services rendered other than for applicable deductibles or copayments, and shall be paid for Covered Services rendered at the rate that is in effect between the parties during the period immediately preceding termination on the bases referenced herein. This subsection shall be construed in favor of the Member, shall survive the termination of this Agreement regardless of the reason for termination, and shall supersede any oral or written agreement to the contrary between Provider/Subcontractor and a Member or a Member's representative. [*MIChild* II-M.5(c) and general member-protection provisions]

h. If applicable, Provider/Subcontractor shall provide for the immediate transfer of Enrollees to another network provider/primary-care provider if the Enrollees' health or safety is in jeopardy. [CHCP 1.022U(1)(c); *MIChild* II-M.5(c)]

i. Provider/Subcontractor shall agree to comply with all applicable State and federal requirements, regulations, and laws, including, but not limited to, rules and regulations of CMS and of any other federal agencies and any State agencies of the State(s) in which Provider/Subcontractor practices. Provider/Subcontractor understands and agrees that CMS and the appropriate State agencies may change or add to such requirements, laws, rules, and regulations from time to time. [See CHCP 1.022; CHCP 2.212; *MIChild* II-B]

j. Provider/Subcontractor shall comply with all reporting requirements for communicable diseases and other health indicators. [*MIChild* II-J(2); CHCP 1.022(F)]

k. Providers/Subcontractors are not prohibited from discussing treatment options with Members that may not reflect Company's position or that may not be covered by Company. Providers/Subcontractors acting within the lawful scope of practice are not prohibited, or otherwise restricted, from advising or advocating on behalf of an Enrollee who is his or her patient regarding: (a) the Enrollee's health status, medical care, or treatment options, including any alternative treatment that may be self-administered; (b) any information the Enrollee needs in order to decide among all relevant treatment options; (c) the risks, benefits, and consequences of treatment or non-treatment; (d) the Enrollee's right to participate in decisions regarding his or her health care, including the right to refuse treatment, and to express preferences about future treatment decisions; (e) Medically Necessary and appropriate care with or on behalf of an Enrollee, including information regarding the nature of treatment, risks of treatment, alternative treatments, or the availability of alternate therapies, consultation or tests, regardless of benefit coverage limitations; (f) the process that Company or any entity contracting with Company uses or

proposes to use to deny payment for a health care service; (g) the decision of any managed care plan to deny payment for a health care service; or (h) advocating on behalf of the Enrollee in any grievance or utilization review process or Enrollee authorization process to obtain Covered Services. [CHCP 1.022U(1)(d); *MIChild* II-M.5(c); CHCP FY 2013(13) amendment]

13. Clean Claim. The definition of Clean Claim that is set forth in the Agreement shall additionally include the applicable Michigan statutory requirements set forth in MCL 400.111*i*(2)(a). Company shall pay all Clean Claims in accordance with the terms and requirements set forth in MCL 400.111*i*.

14. Governing Law. Notwithstanding anything to the contrary in the Agreement, the laws of the State of Michigan shall govern the Agreement as it relates to Company (namely, Aetna Better Health of Michigan Inc.) and to all Covered Services that Provider provides to Company's Members, regardless of where Provider is located.

C. Additional Requirements Applicable to Contracts and Services Under the CHCP Contract

1. Access to and Ownership of Data. The State is the owner of all data made available by the State to Company or its agents, subcontractors, or representatives under the CHCP Contract. Neither Company nor Provider/Subcontractor shall use the State's data for any purpose other than providing the services under the CHCP Contract, nor will any part of the State's data be disclosed, sold, assigned, leased, or otherwise disposed of to the general public or to specific third parties or commercially exploited by or on behalf of Company or Provider/Subcontractor. No employees of Provider/Subcontractor, other than those on a strictly need-to-know basis, shall have access to the State's data. Provider/Subcontractor will not possess or assert any lien or other right against the State's data. Without limiting the generality of this Section, Provider/Subcontractor must only use personally identifiable information as strictly necessary to provide the services under the Agreement and the CHCP Contract and must disclose the information only to its employees on a strict need-to-know basis. Provider/Subcontractor must comply at all times with all laws and regulations applicable to the personally identifiable information. The State is the owner of all State-specific data under the CHCP Contract. The State may use the data provided by Provider/Subcontractor, directly or indirectly, for any purpose. The State will not possess or assert any lien or other right against Provider/Subcontractor's data. Without limiting the generality of this Section, the State may use personally identifiable information only as strictly necessary to utilize the services under the CHCP Contract and must disclose the information only to its employees on a strict need-to-know basis, except as provided by law. The State must comply at all times with all laws and regulations applicable to the personally identifiable information. Other material developed and provided to the State remains the State's sole and exclusive property. [CHCP 1.042(B)]

2. Personnel Qualifications. All persons assigned by Subcontractor to the performance of services related to the CHCP Contract must be employees of Subcontractor or its majority-owned (directly or indirectly, at any tier) subsidiaries (or a State-approved subcontractor) and must be fully qualified to perform the work assigned to them. For the purposes of the Agreement and this Michigan Medicaid/CHIP Addendum, independent contractors engaged by Subcontractor solely in a staff augmentation role must be treated by the State as if they were employees of Subcontractor for purposes of the Agreement and the CHCP Contract only; however, the State understands that the relationship between Company and Subcontractor is an independent contractor relationship. Subcontractor's personnel must cooperate with the State and its agents and other contractors including the State's Quality Assurance personnel. As reasonably requested by the State in writing, Subcontractor will provide to the State's agents and other contractors reasonable access to its project personnel, systems, and facilities to the extent the access relates to activities specifically associated with the CHCP Contract will not interfere or jeopardize the safety or operation of the systems or facilities. [CHCP 2.061; 2.066]

3. CHCP Contract Binding. Subcontractor, to the extent it is performing services under the Agreement or related to the CHCP Contract, shall be bound to Company by the terms of the CHCP Contract and shall assume all of the obligations and responsibilities that Company, by the CHCP Contract, assumes toward the State. The State reserves the right to receive copies of and review all Subcontracts, although Company may delete or mask any proprietary information, including pricing, contained in such contracts before providing them to the State. The State's written approval of Subcontractor to perform any obligation under the

CHCP Contract shall not relieve Company or Subcontractor of any obligations or performance required under the CHCP Contract. [CHCP 2.073]

4. Confidentiality. [CHCP 2.100–2.105]

a. Company and Provider/Subcontractor each acknowledge that the other possesses and will continue to possess confidential information that has been developed or received by it. As used in this Section, "Confidential Information" means all non-public proprietary information of Company or Provider/Subcontractor (other than Confidential Information of the State as defined below) which is marked confidential, restricted, proprietary, or with a similar designation. "Confidential Information" of the State means any information that is retained in confidence by the State (or otherwise required to be held in confidence by the State under applicable federal, State, and local laws and regulations) or that, in the case of tangible materials provided to Company or Provider/Subcontractor by the State under its performance under the CHCP Contract, is marked as confidential, proprietary, or with a similar designation by the State. "Confidential Information" excludes any information (including the CHCP Contract) that is publicly available under the Michigan FOIA.

b. Company and Provider/Subcontractor will each use at least the same degree of care to prevent disclosing to third parties the Confidential Information of the other as it employs to avoid unauthorized disclosure, publication or dissemination of its own confidential information of like character, but in no event less than reasonable care. Neither Company nor Provider/Subcontractor will (i) make any use of the Confidential Information of the other except as contemplated by this Michigan Medicaid/CHIP Addendum, (ii) acquire any right in or assert any lien against the Confidential Information of the other, or (iii) if requested to do so, refuse for any reason to promptly return the other party's Confidential Information to the other party. Each party will limit disclosure of the other party's Confidential Information to employees and subcontractors who must have access to fulfill the purposes of the Agreement and the CHCP Contract. Disclosure to, and use by, a subcontractor is permissible where (A) use of a subcontractor is authorized under the Agreement and the CHCP Contract, (B) the disclosure is necessary or otherwise naturally occurs in connection with work that is within the subcontractor's scope of responsibility, and (C) the subcontractor is obligated in writing to maintain the State's, Company's, and/or Provider/Subcontractor's Confidential Information in confidence. At the State's request, any employee of Provider/Subcontractor having access or continued access to the State's Confidential Information may be required to execute an acknowledgment that the employee has been advised of Company's and Provider/Subcontractor's obligations under this section and of the employee's obligation to Company or Provider/Subcontractor, as the case may be, to protect the Confidential Information from unauthorized use or disclosure. Promptly upon termination or cancellation of this Agreement or the CHCP Contract for any reason, Provider/Subcontractor must certify to the State and/or Company that Provider/Subcontractor has destroyed all Confidential Information of the State or Company.

c. Notwithstanding the foregoing, the provisions of subsections 4.a and 4.b above will not apply to any particular information that the State, Company, or Provider/Subcontractor can demonstrate (i) was, at the time of disclosure to it, in the public domain; (ii) after disclosure to it, is published or otherwise becomes part of the public domain through no fault of the receiving party; (iii) was in the possession of the receiving party at the time of disclosure to it without an obligation of confidentiality; (iv) was received after disclosure to it from a third party who had a lawful right to disclose the information to it without any obligation to restrict its further disclosure; or (v) was independently developed by the receiving party without reference to Confidential Information of the furnishing party. Furthermore, the provisions of subsections 4.a and 4.b above will not apply to any particular Confidential Information to the extent the receiving party is required by law to disclose the Confidential Information, provided that the receiving party (i) promptly provides the furnishing party with notice of the legal request, and (ii) assists the furnishing party in resisting or limiting the scope of the disclosure as reasonably requested by the furnishing party.

d. Nothing contained in this Section shall be construed as obligating a party to disclose any particular Confidential Information to the other party, or as granting to or conferring on a party, expressly or impliedly, any right or license to the Confidential Information of the other party.

e. The parties' respective obligations under this Section must survive the termination or expiration of this Michigan Medicaid/CHIP Addendum, the Agreement, and the CHCP Contract for any reason.

[CHCP 2.100–105]

5. Inspection of Work Performed. Subcontractor acknowledges and agrees that the State's authorized representatives must at all reasonable times, and with ten (10) days' prior written request, have the right to enter Subcontractor's premises, or any other places, where the services performed under this Agreement or the CHCP Contract are being performed, and must have access, upon reasonable request, to interim drafts of any deliverables related to this Agreement or the CHCP Contract, or work-in-progress. Upon ten (10) days' prior written notice and at all reasonable times, the State's representatives must be allowed to inspect, monitor, or otherwise evaluate the work being performed and to the extent that the access will not reasonably interfere or jeopardize the safety or operation of the systems or facilities. Subcontractor must provide all reasonable facilities and assistance for the State's representatives. [CHCP 2.111]

6. Examination of Records. For seven (7) years after Subcontractor provides any work under the CHCP Contract or the Agreement (the "Audit Period"), the State and/or federal representatives may examine and copy any of Subcontractor's books, records, documents, and papers pertinent to establishing Subcontractor's compliance with the CHCP Contract and with applicable laws and rules. The State and/or federal representatives must notify Subcontractor twenty (20) days before examining Subcontractor's books and records. This provision also applies to the books, records, accounts, documents, and papers, in print or electronic form, of any parent, affiliated, or subsidiary organization of Subcontractor performing services in connection with the Agreement or CHCP Contract. [CHCP 2.112]

7. Retention of Records. Subcontractor must maintain at least until the end of the Audit Period all pertinent financial and accounting records (including time sheets and payroll records, and information pertaining to the Agreement or CHCP Contract, equipment, and commodities provided under the Agreement or CHCP Contract) pertaining to the Agreement or CHCP Contract according to generally accepted accounting principles and other procedures specified in this Section. Financial and accounting records must be made available, upon request, to the State and/or federal representatives at any time during the Audit Period. If an audit, litigation, or other action involving Subcontractor's records is initiated before the end of the Audit Period, the records must be retained until all issues arising out of the audit, litigation, or other action are resolved or until the end of the Audit Period, whichever is later. [CHCP 2.113]

8. Audit Resolution. If necessary, Company, Subcontractor, and the State will meet to review each audit report promptly after issuance. Subcontractor will respond, either directly to the State, or indirectly through Company, to each audit report in writing within thirty (30) days from receipt of the report, unless a shorter response time is specified in the report. Company, Subcontractor, and the State must develop, agree upon, and monitor an action plan to promptly address and resolve any deficiencies, concerns, and/or recommendations in the audit report. [CHCP 2.114]

a. If the audit demonstrates any errors in the documents provided to the State or Company, then the amount in error will be reflected as a credit or debit on a future pay cycle and in subsequent pay cycles until the amount is paid or refunded in full. [CHCP 2.115]

b. In addition to other available remedies, if the difference between the payment received and the correct payment amount is greater than 10%, then Subcontractor must pay all of the reasonable costs of the audit. [CHCP 2.115]

9. Warranties and Representations. [CHCP 2.120–2.127] Subcontractor represents and warrants that, with respect to the services that it is contractually required to provide to Company under the Agreement:

a. It is capable in all respects of fulfilling and must fulfill all of its obligations under the Agreement and the CHCP Contract. The performance of all obligations must be provided in a timely,

professional, and workman-like manner and must meet the performance and operational standards required under the Agreement or CHCP Contract.

b. The CHCP Contract (Appendices, Attachments and Exhibits) identifies the equipment and software and services necessary to perform and to operate in compliance with the CHCP Contract requirements and other standards of performance.

c. It is the lawful owner or licensee of any Deliverable (as defined by the CHCP Contract) licensed or sold to the State or Company or developed by Subcontractor under the CHCP Contract, and Subcontractor has all of the rights necessary to convey to the State the ownership rights or licensed use, as applicable, of any and all Deliverables. None of the Deliverables provided by Subcontractor to the State under the CHCP Contract, nor their use by the State, will infringe the patent, copyright, trade secret, or other proprietary rights of any third party.

d. If, under the CHCP Contract or the Agreement, Subcontractor procures any equipment, software, or other Deliverable for the State (including equipment, software and other Deliverables manufactured, re-marketed or otherwise sold by Subcontractor under Subcontractor's name), then in addition to Subcontractor's other responsibilities with respect to the items in the CHCP Contract, Subcontractor must assign or otherwise transfer to the State or its designees, or afford the State the benefits of, any manufacturer's warranty for the Deliverable.

e. Subcontractor's signatory has the power and authority, including any necessary corporate authorizations, necessary to enter into this Agreement, on behalf of Subcontractor.

f. It is qualified and registered to transact business in all locations where required.

g. Neither Subcontractor nor any affiliates, nor any employee of either, has, must have, or must acquire, any contractual, financial, business, or other interest, direct or indirect, that would conflict in any manner or degree with Subcontractor's performance of its duties and responsibilities to the State under the CHCP Contract or otherwise create an appearance of impropriety with respect to the award or performance of the CHCP Contract. Subcontractor must notify Company and the State about the nature of the conflict or appearance of impropriety within two days of learning about it.

h. Neither Subcontractor nor any affiliates, nor any employee of either, has accepted or must accept anything of value based on an understanding that the actions of Subcontractor or its affiliates or employees on behalf of the State would be influenced. Subcontractor must not attempt to influence any State employee by the direct or indirect offer of anything of value.

i. Neither Subcontractor nor any affiliates, nor any employee of either, has paid or agreed to pay any person, other than bona fide employees and consultants working solely for Subcontractor or the affiliate, any fee, commission, percentage, brokerage fee, gift, or any other consideration, contingent upon or resulting from the award or making of the CHCP Contract.

j. All financial statements, reports, and other information furnished by Subcontractor (if any) to the State in connection with the award of the CHCP Contract fairly and accurately represent the business, properties, financial condition, and results of operations of Subcontractor as of the respective dates, or for the respective periods, covered by the financial statements, reports, other information. Since the respective dates or periods covered by the financial statements, reports, or other information provided to the State (if any), there have been no material adverse change in the business, properties, financial condition, or results of operations of Subcontractor.

k. All written information furnished to Company or the State by or for Subcontractor in connection with the CHCP Contract, is true, accurate, and complete, and contains no untrue statement of material fact or omits any material fact necessary to make the information not misleading.

l. It is not in material default or breach of any other contract or agreement that it may have with the State or any of its departments, commissions, boards, or agencies. Subcontractor further represents and warrants that it has not been a party to any contract with the State or any of its departments that was terminated by the State or the department within the previous five years for the reason that Subcontractor failed to perform or otherwise breached an obligation of the CHCP Contract.

m. If any of the certifications, representations, or disclosures relating to Subcontractor (if any) made in Company's original bid response change after the award of the CHCP Contract, the Subcontractor is required to report those changes immediately.

[CHCP 2.120–127]

10. Consequences for Breach of Warranties and Representations. In addition to any remedies available in law, if Subcontractor breaches any of the warranties contained in Subsection C.9 above, the breach may be considered as a default in the performance of a material obligation of the Agreement, as amended. [CHCP 2.128]

11. Workplace Safety and Discriminatory Harassment. In performing services under the Agreement and related to the CHCP Contract, and to the extent Subcontractor has employees in the State of Michigan, Subcontractor must comply with the Department of Civil Services Rule 2-20 regarding Workplace Safety and Rule 1-8.3 regarding Discriminatory Harassment. In addition, Subcontractor must comply with Civil Service regulations and any applicable agency rules provided to the Contractor. For Civil Service Rules, see www.mi.gov/mdcs/0,1607,7-147-6877---,00.html. [CHCP 2.203]

12. Disclosure of Litigation and Other Events. Subcontractor must disclose any material criminal litigation, investigations, or proceedings involving Subcontractor (and each of its subcontractors) or any of its officers or directors or any litigation, investigations, or proceedings under the Sarbanes-Oxley Act. In addition, Subcontractor (and each of its subcontractors) must notify Contractor of any material civil litigation, arbitration, or proceeding that arises during the term of the Agreement or the CHCP Contract and extensions, to which Subcontractor (or, to the extent Subcontractor is aware, any subcontractor) is a party, and that involves: (i) disputes that might reasonably be expected to adversely affect the viability or financial stability of Subcontractor or any of its subcontractors; or (ii) a claim or written allegation of fraud against Subcontractor or, to the extent Subcontractor is aware, any of its subcontractors by a governmental or public entity arising out of their business dealings with governmental or public entities. Subcontractor must disclose in writing to Company any litigation, investigation, arbitration, or other proceeding (collectively, "Proceeding") within thirty (30) days of its occurrence. Details of settlements that are prevented from disclosure by the terms of the settlement may be annotated. Information provided to the State from Subcontractor's publicly filed documents referencing its material litigation will be deemed to satisfy the requirements of this Section. If any Proceeding disclosed to the State under this Section, or of which the State otherwise becomes aware, during the term of the CHCP Contract would cause a reasonable party to be concerned about: (i) the ability of Company, Subcontractor, or any of Subcontractor's subcontractors to continue to perform pursuant to the CHCP Contract or the Agreement according to their terms and conditions, or (ii) whether Company, Subcontractor, or any of Subcontractor's subcontractors in performing services for the State is engaged in conduct that is similar in nature to conduct alleged in the Proceeding, which conduct would constitute a breach of the Agreement or CHCP Contract or a violation of State law, regulations, or public policy, then Subcontractor must provide Company and the State all reasonable assurances requested by the State to demonstrate that: (a) Company, Subcontractor, and any of Subcontractor's subcontractors will be able to continue to perform the CHCP Contract according to its terms and conditions, and (b) Company, Subcontractor, or any of Subcontractor's subcontractors have not and will not engage in conduct in performing the services that is similar in nature to the conduct alleged in the Proceeding. Subcontractor must make the following notifications in writing: (1) Subcontractor must notify Company within fifteen (15) days of Subcontractor becoming aware that a change in its ownership or officers has occurred, or is certain to occur, or a change that could result in changes in the valuation of its capitalized assets in the accounting records; (2) Subcontractor must notify Company within fifteen (15) days whenever changes to asset valuations or any other cost changes have occurred or are certain to occur as a result of a change in ownership or officers; and (3) Subcontractor must notify Company within thirty

(30) days whenever changes to company affiliations occur. In each of the aforementioned instances, Company shall notify the State as required. [CHCP 2.231]

13. Contract with the State. Subcontractor understands and agrees that upon a good-faith termination of the CHCP Contract, the State may assume, at its option, the Agreement between Company and Subcontractor, and may further pursue completion of the services/Deliverables under the CHCP Contract by replacement contract or otherwise as the State may in its sole judgment deem advantageous to the State. [CHCP 2.157]

14. False Claims. Subcontractor must comply with all applicable provisions of the federal False Claims Act and Michigan Medicaid False Claims Act. Actions taken to comply with the federal and State laws specifically include, but are not limited, to complying with and adopting Company's policies regarding the detection and prevention of waste, fraud, and abuse. [CHCP 1.022(L)(9)]

15. Annual Report. Subcontractor shall provide necessary information for Company to submit its required annual report, which shall include disclosure of applicable civil litigation. [CHCP 1.042]

16. State Approval of Subcontractors. Subcontractor understands and agrees that the State has the right of approval of Health Benefit Managers and Type A Transportation Subcontractors (as defined herein) and to require Company to replace any Heath Benefit Managers and Type A Transportation Subcontractors found, in the reasonable judgment of the State, to be unacceptable. The State's request will be written with reasonable detail outlining the reasons for the removal request. Additionally, the State's request will be based on good-faith reasons. [2.072]

17. Services/Deliverables Covered. For all services/Deliverables to be provided by Company (and its Subcontractors) under the CHCP Contract, the State will not be obligated to pay any amounts in addition to the amounts set forth in the CHCP Contract. [CHCP 2.043]

18. Insurance.

a. Subcontractor shall purchase and maintain the insurance coverage as described in this Section in connection with the performance of work under the Agreement. The insurance must protect the State from claims that may arise out of or result from the Subcontractor's performance of services under the CHCP Contract, whether the services are performed by the Subcontractor or by anyone directly or indirectly employed by it, or by anyone for whose acts it may be liable. The Subcontractor waives all rights against the State, its departments, divisions, agencies, offices, commissions, officers, employees, and agents for recovery of damages to the extent these damages are covered by the insurance policies the Subcontractor is required to maintain under the CHCP Contract. All insurance coverage provided relative to the CHCP Contract must be PRIMARY and NON-CONTRIBUTING to any comparable liability insurance (including self-insurance) carried by the State. The insurance must be written for not less than any minimum coverage specified in this Section or required by law, whichever is greater. The insurers selected by Subcontractor must have an A.M. Best rating of A or better, or as otherwise approved in writing by the State, or if the ratings are no longer available, with a comparable rating from a recognized insurance rating agency. All policies of insurance required must be issued by companies that have been approved to do business in the State. (See www.michigan.gov/dleg.) Where specific limits are shown in this Section, they are the minimum acceptable limits. If Subcontractor's policy contains higher limits, the State must be entitled to coverage to the extent of the higher limits. [CHCP 2.131]

b. Subcontractor must furnish to Company certificates of insurance verifying insurance coverage or providing satisfactory evidence of self-insurance as required in this Section (the "Certificates"). The Certificates must be on the standard "accord" form or equivalent. All Certificates are to be prepared and submitted by the insurance provider. All Certificates must contain a provision indicating that coverages afforded under the policies WILL NOT BE CANCELLED, MATERIALLY CHANGED, OR NOT RENEWED without 30 days' prior written notice, except for 10 days for non-payment of premium, having been given to the Director of Purchasing Operations, Department of Management and Budget. The notice must include reference to the CHCP Contract. Subcontractor shall

provide Company with information necessary for Company to evidence to the State upon request, and not less than 20 days before the insurance expiration date every year, that the State and its agents, officers, and employees are listed as additional insureds under each commercial general liability and commercial automobile liability policy. In the event the State approves the representation of the State by the insurer's attorney, the attorney may be required to be designated as a Special Assistant Attorney General by the Attorney General of the State of Michigan. [CHCP 2.133]

c. Subcontractor must maintain all required insurance coverage throughout the term of the Agreement and any extensions and, in the case of claims-made Commercial General Liability policies, must secure tail coverage for at least three years following the expiration or termination for any reason of Agreement. The minimum limits of coverage specified above are not intended, and must not be construed, to limit any liability or indemnity of Subcontractor to any indemnified party or other persons. Subcontractor is responsible for all deductibles with regard to the insurance. If the Subcontractor fails to pay any premium for required insurance, or if any insurer cancels or significantly reduces any required insurance without the State's written consent, Company reserves the right to be made whole by Subcontractor in the event the State pays the premium or procures similar insurance coverage from another company or companies and deducts any part of the cost from any payment due to Company, or in the event that the State requires Company to pay that cost upon demand by the State. [CHCP 2.133]

d. For purposes of this Section, the following definitions shall apply [see CHCP 2.070]:

(i) Transportation Subcontractor: An entity that arranges or arranges and provides transportation services covered under the CHCP Contract under a written subcontract with Company in the following categories:

I. Type A Transportation Subcontractors perform Health Benefit Management services for the transportation benefit. These Subcontractors do not directly provide the transportation benefit, but rather subcontract with other entities to provide the actual transportation.

II. Type B Transportation Subcontractors arrange and provide the transportation services, such as social or religious agencies that provide transportation to covered services.

(ii) Health Benefit Manager: An entity that arranges for the provision of health services covered under the Agreement, with the exclusion of transportation. Health Benefit Managers include, but are not limited to, Pharmacy Benefit Managers, Behavioral Health Benefit Managers, and Vision Benefit Managers.

(iii) Administrative Subcontractors are entities that perform, for Company, administrative functions required by this Agreement such as claims payment, delegated credentialing, and card production and mailing services, in the following categories:

I. Type A Administrative Subcontractors perform administrative functions for Company dealing with claims payment, third party liability, or other functions involving payment decisions.

II. Type B Administrative Subcontractors perform administrative functions relating to medical decisions such as credentialing, utilization management, or case-management.

III. Type C Administrative Subcontractors perform miscellaneous administrative functions required by this Agreement that do not involve payment or medical decisions. This type of administrative Subcontractor includes but is not limited to identification card production and mailing services.

e. Insurance Requirements for Health Benefit Managers and Type A Transportation Subcontractors [see CHCP 2.132]:

(i) Commercial General Liability with the following minimum coverage:

$2,000,000 General Aggregate Limit other than Products/Completed Operations
$2,000,000 Products/Completed Operations Aggregate Limit
$1,000,000 Personal & Advertising Injury Limit
$1,000,000 Each Occurrence Limit

Subcontractor must list the State, its departments, divisions, agencies, offices, commissions, officers, employees, and agents as ADDITIONAL INSUREDS on the Commercial General Liability certificate. Subcontractor also agrees to provide evidence that insurance policies contain a waiver of subrogation by the insurance company.

(ii) If a motor vehicle is used to provide services or products under the Agreement, Subcontractor must have vehicle liability insurance on any auto including owned, hired and non-owned vehicles used in Subcontractor's business for bodily injury and property damage as required by law. Subcontractor must list the State, its departments, divisions, agencies, offices, commissions, officers, employees and agents as ADDITIONAL INSUREDS on the vehicle liability certificate. Subcontractor also agrees to provide evidence that insurance policies contain a waiver of subrogation by the insurance company.

(iii) Workers' compensation coverage must be provided according to applicable laws governing the employees and employers work activities in the state of the Subcontractor's domicile. If the applicable coverage is provided by a self-insurer, proof must be provided of approved self-insured authority by the jurisdiction of domicile. For employees working outside of the state of qualification, Subcontractor must provide appropriate certificates of insurance proving mandated coverage levels for the jurisdictions where the employees' activities occur. Any certificates of insurance received must also provide a list of states where the coverage is applicable. Subcontractor also agrees to provide evidence that insurance policies contain a waiver of subrogation by the insurance company. This provision must not be applicable where prohibited or limited by the laws of the jurisdiction in which the work is to be performed.

(iv) Employers liability insurance with the following minimum limits:

$100,000 each accident
$100,000 each employee by disease
$500,000 aggregate disease

(v) Employee Fidelity, including Computer Crimes, insurance naming the State as a loss payee, providing coverage for direct loss to the State and any legal liability of the State arising out of or related to fraudulent or dishonest acts committed by Subcontractor's employees acting alone or in collusion with others, in a minimum amount of one million dollars ($1,000,000.00) with a maximum deductible of fifty thousand dollars ($50,000.00).

(vi) Umbrella or Excess Liability Insurance in a minimum amount of five million dollars ($5,000,000.00), which must apply, at a minimum, to the insurance required in Subsection 19(c)(i) (Commercial General Liability) above.

(vii) Professional Liability (Errors and Omissions) Insurance with the following minimum coverage: one million dollars ($1,000,000.00) each occurrence and three million dollars ($3,000,000.00) annual aggregate.

f. Insurance Requirements for Type A – Administrative Subcontractors dealing with payment decisions [see CHCP 2.132]:

(i) If a motor vehicle is used to provide services or products under the Agreement, Subcontractor must have vehicle liability insurance on any auto including owned, hired, and non-owned vehicles used in Subcontractor's business for bodily injury and property damage as required by law. The Subcontractor must list the State, its departments, divisions, agencies, offices, commissions, officers, employees and agents as ADDITIONAL INSUREDS on the vehicle liability certificate. Subcontractor also agrees to provide evidence that insurance policies contain a waiver of subrogation by the insurance company.

(ii) Workers' compensation coverage must be provided according to applicable laws governing the employees and employers work activities in the state of the Subontractor's domicile. If the applicable coverage is provided by a self-insurer, proof must be provided of approved self-insured authority by the jurisdiction of domicile. For employees working outside of the state of qualification, Subcontractor must provide appropriate certificates of insurance proving mandated coverage levels for the jurisdictions where the employees' activities occur. Any certificates of insurance received must also provide a list of states where the coverage is applicable. Subcontractor also agrees to provide evidence that insurance policies contain a waiver of subrogation by the insurance company. This provision must not be applicable where prohibited or limited by the laws of the jurisdiction in which the work is to be performed.

(iii) Employers liability insurance with the following minimum limits:

$100,000 each accident
$100,000 each employee by disease
$500,000 aggregate disease

(iv) Employee Fidelity, including Computer Crimes, insurance naming the State as a loss payee, providing coverage for direct loss to the State and any legal liability of the State arising out of or related to fraudulent or dishonest acts committed by the Subcontractor's employees, acting alone or in collusion with others, in a minimum amount of one million dollars ($1,000,000.00) with a maximum deductible of fifty thousand dollars ($50,000.00).

(v) Professional Liability (Errors and Omissions) Insurance with the following minimum coverage: three million dollars ($3,000,000.00) each occurrence and three million dollars ($3,000,000.00) annual aggregate.

g. Insurance Requirements for Type B Administrative Subcontractors dealing with medical decisions [see CHCP 2.132]:

(i) If a motor vehicle is used to provide services or products under the Agreement, Subcontractor must have vehicle liability insurance on any auto including owned, hired and non-owned vehicles used in Subcontractor's business for bodily injury and property damage as required by law. Subcontractor must list the State, its departments, divisions, agencies, offices, commissions, officers, employees and agents as ADDITIONAL INSUREDS on the vehicle liability certificate. Subcontractor also agrees to provide evidence that insurance policies contain a waiver of subrogation by the insurance company.

(ii) Workers' compensation coverage must be provided according to applicable laws governing the employees and employers work activities in the state of Subcontractor's domicile. If the applicable coverage is provided by a self-insurer, proof must be provided of approved self-insured authority by the jurisdiction of domicile. For employees working outside of the state of qualification, Subcontractor must provide appropriate certificates of insurance proving mandated coverage levels for the jurisdictions where the employees' activities occur. Any certificates of insurance received must also provide a list of states where the coverage is applicable.

Subcontractor also agrees to provide evidence that insurance policies contain a waiver of subrogation by the insurance company. This provision must not be applicable where prohibited or limited by the laws of the jurisdiction in which the work is to be performed.

(iii) Employers liability insurance with the following minimum limits:

$100,000 each accident
$100,000 each employee by disease
$500,000 aggregate disease

(iv) Professional Liability (Errors and Omissions) Insurance with the following minimum coverage: one million dollars ($1,000,000.00) each occurrence and three million dollars ($3,000,000.00) annual aggregate.

h. Insurance Requirements for Type B Transportation Subcontractors: Type B Transportation Subcontractors must verify that individuals providing the transportation have secured appropriate insurance coverage as required by law. The subcontract with the Type B Transportation Subcontractor should require these Type B Transportation Subcontractors to obtain a letter of understanding with the individual providing the transportation that attests that the individual has appropriate insurance coverage. [CHCP 2.132]

19. Additional Provisions. In the event Subcontractor manages a network of providers as part of the services it provides to Company under the Agreement, or in the event you are a Provider, your Agreement with Company hereby incorporates, and you shall ensure that your contracts with any of your downstream subcontractors or providers incorporate, the requirements set forth above in Subsection B.12 of this Michigan Medicaid/CHIP Addendum, as well as the following additional requirements:

a. Providers must be prohibited from seeking payment from an Enrollee for any covered services provided to that Enrollee within the terms of the CHCP Contract and must be required to look solely to the Subcontractor or Company, as applicable, for compensation for services rendered. No cost sharing or deductibles can be collected from Enrollees unless approved in writing by Company. [CHCP 1.022U(1)(a)]

b. Providers must be required to meet Medicaid accessibility standards as defined in the CHCP Contract. [CHCP 1.022U(1)(f)]

c. Providers must provide for continuity of treatment in the event a provider's participation terminates during the course of an Enrollee's treatment by that provider. [CHCP 1.022U(1)(g)]

d. If the Plan utilizes co-payments for the Covered Service, providers must be prohibited from denying services to an Enrollee who is eligible for the services due to the Enrollee's inability to pay the co-payment. [CHCP 1.022U(1)(h)]

e. Hospital contracts must contain a provision that mandates the hospital to comply with all medical record requirements contained within 42 C.F.R. §§ 456.101–456.145 [CHCP 1.022U(1)(i); FY 2012 amendment No. 18]

f. In accordance with Section 1932(b)(7) of the Social Security Act as implemented by Section 4704(a) of the Balanced Budget Act, Provider/Subcontractor may not discriminate with respect to participation, reimbursement, or indemnification as to any provider who is acting within the scope of provider's license or certification under applicable State law, solely on the basis of such license or certification. This provision should not be construed as an "any willing provider" law, as it does not prohibit Provider/Subcontractor from limiting provider participation to the extent necessary to meet the needs of the enrollees. This provision also does not interfere with measures established by the Provider/Subcontractor that are designed to maintain quality and control costs consistent with the

responsibility of the organization. If Provider/Subcontractor declines to include providers in its network, Provider/Subcontractor must give the affected providers written notice of the reason for the decision. [CHCP 1.022U(2)]

g. In order for Company to comply with its contractual and legal obligations, Provider agrees to permit Subcontractor, Company, any federal or State agency having jurisdiction over Provider's provision of services to the Plan, the U.S. Department of Health and Human Services, and/or any accrediting organization to conduct periodic site evaluations of Provider's facilities, offices, and records. Upon Company's written request, Provider shall provide Company with a copy of the written response to any questions or comments posed by the agencies listed in the preceding sentence. [See generally CHCP 2.110]

h. During regular business hours and upon reasonable notice and demand, Company and/or Subcontractor shall have access to, and the right to audit and obtain copies of, Provider records within the possession of or reasonably accessible to, or under the control of Provider that are related to the services provided under this Agreement. Unless applicable statutes or regulations require a longer time period, Company and/or Subcontractor shall have such access during the term of this Agreement and for seven (7) years following its termination. All Provider records requested by Company and/or Subcontractor shall be provided within no more than seven (7) days from the date such request is made, except in the case of an audit or site visit by Company and/or Subcontractor where records or copies of records shall be provided at the time of the audit or site visit. Provider's refusal to grant access to Provider records as requested by Company and/or Subcontractor or as required by any federal or State law or regulations shall constitute a breach of this Agreement and may result in the imposition of sanctions including termination and/or financial penalties. [CHCP 2.110]

i. Providers shall comply with State and federal law and Company policy to enable Members to make decisions concerning their medical care, including the right to accept or refuse medical treatment and the right to formulate, at the Members option, advanced directives. [CHCP 1.022(L)(7)]

D. Additional Requirements Applicable to Contracts and Services Under the *MIChild* Contract

1. Disclosure of Ownership. Subcontractor must cooperate with Company so that Company can fulfill its requirements under the *MIChild* Contract to (a) disclose and submit ownership information between Company and any person with control or ownership of five percent (5%) or more in a Subcontract, and (b) supply upon request of the federal or State government a description of the transactions (if any) between Company and any person with control or ownership of five percent (5%) or more in a Subcontractor. [*MIChild* I-F]

2. Insurance. Subcontractors shall maintain insurance coverage as specified in this Section and shall provide proof, upon the State's request and if applicable, of medical professional liability insurance in amounts consistent with Company's provider network standards for similar professionals. Specifically, the Subcontractor shall purchase and maintain such insurance as will protect it from the claims set forth below that may arise out of or result from the Subcontractor's operations under the *MIChild* Contract, whether such operations are by the Subcontractor or by anyone directly or indirectly employed by it, or by anyone for whose acts any of them may be liable:

a. Claims under workers' compensation, disability benefit, and other similar employee benefit act. A non-resident Subcontractor shall have insurance for benefits payable under the State's Workers' Disability Compensation Law for any employee resident of and hired in the State, and as respects any other employee protected by workers' disability compensation laws of any other state the Subcontractor shall have insurance or participate in a mandatory state fund to cover the benefits payable to any such employee. Subcontractor shall provide workers' compensation insurance for all its employees working in the State, unless its employees are covered by the workers' compensation protection afforded by Company. Any Subcontract executed with a person or entity not having the requisite workers' compensation coverage will be considered void by the State. [*MIChild* I-P.1]

b. Claims for damages because of bodily injury, occupational sickness or disease, or death of its employees. [*MIChild* I-P.2]

c. Claims for damages because of bodily injury, sickness or disease, or death of any person other than its employees, subject to limits of liability of not less than $1,000,000 each occurrence and, when applicable, $2,000,000 annual aggregate, for non-automobile hazards and as required by law for automobile hazards. [*MIChild* I-P.3]

d. Claims for damages because of injury to or destruction of tangible property, including loss of use resulting therefrom, subject to a limit of liability of not less than $50,000 each occurrence for non-automobile hazards and as required by law for automobile hazards. [*MIChild* I-P.4]

e. Insurance for subparagraphs (c) and (d) non-automobile hazards on a combined single limit of liability basis shall not be less than $1,000,000 each occurrence and, when applicable, $2,000,000 annual aggregate. [*MIChild* I-P.5]

f. The insurance noted in this section shall be written for not less than any limits of liability herein specified or required by law, whichever is greater. [*MIChild* I-P.8]

3. Minority Owned Business. Provider/Subcontractor shall not discriminate against minority-owned and women-owned businesses and businesses owned by persons with disabilities in any subcontracting. Any such discrimination will be a material breach of contract. [*MIChild* I-U.2]

4. Conduct of Personnel. The Subcontractor shall notify the Company if Subcontractor, or any of its subcontractors, officers, directors, or key personnel have ever been convicted of a felony, or any crime involving moral turpitude, including but not limited to fraud, misappropriation, or deception. Subcontractor shall promptly notify Company of any criminal litigation, investigations, or proceedings that have arisen or may arise involving the Subcontractor or any of the Subcontractor's subcontractors, or any of the foregoing entities' then-current officers or directors during the term of the *MIChild* Contract and three years thereafter. [*MIChild* I-DD.1]

5. Litigation. Subcontractor shall notify Company, as promptly as possible, of any civil litigation, arbitration, proceedings, or judgments that have arisen or may arise against it or its subcontractors during the term of the *MIChild* Contract or within three years thereafter, that involve (1) products or services similar to those provided to the State under the *MIChild* Contract and that either involve a claim in excess of $250,000 or that otherwise may affect the viability or financial stability of the Subcontractor, (2) a claim or written allegation of fraud against the Subcontractor or its subcontractors hereunder, arising out of their business activities, or (3) a claim or written allegation that the Subcontractor or its subcontractors hereunder violated any federal, state, or local statute, regulation, or ordinance. In addition, multiple lawsuits and/or judgments against the Subcontractor or its subcontractors in an amount less than $250,000 shall be disclosed to Company to the extent they affect the financial solvency and integrity of the Subcontractor or its subcontractors. Subcontractor must cooperate with Company to provide to the State all reasonable assurances requested by the State to demonstrate that: (a) Subcontractor or its subcontractors hereunder will be able to continue to perform under the *MIChild* Contract in accordance with its terms and conditions, or (b) the Subcontractor or its subcontractors will not engage in conduct in performing services under under the *MIChild* Contract that is similar in nature to the conduct alleged in any such litigation, arbitration, or other proceedings. [*MIChild* I-DD]

6. Record Retention and Examination. Subcontractor shall maintain all pertinent financial and accounting records and evidence pertaining to the Agreement and the *MIChild* Contract in accordance with generally accepted principles of accounting and other procedures specified by the State. Subcontractor shall permit the State or the U.S. Department of Health and Human Services or any of their identified agents aceess to the Subcontractor's facilities being utilized at any reasonable time, during normal business hours, to observe the operation of the program. Furthermore, Subcontractor shall retain all books, records, or other documents relevant to the Agreement and the the *MIChild* Contract for six (6) years after final payment, at its cost, and federal auditors and any persons duly authorized by the State shall have full access to and the right to examine and audit any of said material during said period. If an audit is initiated prior to the expiration of the six (6)

year period, and extends past that period, all documents shall be maintained until the audit is completed. Subcontractor shall assure, as a condition of any sale or transfer of ownership of Subcontractor, that the new purchaser or owner maintains the above-described books, records, or other documents for any unexpired portion of the six (6) year period after final payment under the Agreement and the the *MIChild* Contract, or Subcontractor shall otherwise maintain said records as the State may direct. Subcontractor shall, if it ceases business operations, maintain the records as the State may direct. [*MIChild* I-I]

7. Provider Care. In the event Subcontractor manages a network of providers as part of the services it provides to Company under the Agreement, or in the event you are a Provider, your Agreement with Company hereby incorporates, and you shall ensure that your contracts with any of your downstream subcontractors or providers incorporate, the requirements set forth above in Subsection B.12 of this Michigan Medicaid/CHIP Addendum, as well as the following additional requirements:

a. Providers shall be responsible for providing primary and specialty care to Enrollees. In addition, primary care providers are responsible for initiating referrals for specialty care and maintaining the Enrollee's medical record, which shall include documentation of all services provided. [*MIChild* II-M.5(a)]

b. Provider/Subcontractor shall ensure that: (i) Enrollees will not be denied a covered service or availability of a facility or provider identified in the *MIChild* Contract; and (ii) providers will not intentionally segregate *MIChild* Enrollees in any way from other persons receiving health care services. [*MIChild* II-M.5(b)]

c. Any medical records, required data, reports of services, or reports on complaints, grievances, quality, or utilization issues for Enrollees must be made available to Company. [*MIChild* II-M.5(b)]

d. Providers shall accept the Enrollees along with all other Enrollees of Company, and not segregate them in any way or treat them in a location or manner different from other Enrollees. [*MIChild* II-M.5(b)]

e. To the extent reasonably possible and as applicable, Provider/Subcontractor must require its contracted providers to maintain medical records of all medical services received by the Enrollees and assist with Company's record maintenance/confidentiality/access requirements under the *MIChild* Contract. [*MIChild* II-Y]

Exhibit A.3

Individual Sites Regulatory Compliance Addendum (Michigan)

Governing Medicare-Medicaid Dual-Eligible Services

This Regulatory Compliance Addendum Governing Medicare-Medicaid Dual-Eligible Services (the "Duals Addendum") shall govern the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the *Contract Between United States Department of Health and Human Services Centers for Medicare & Medicaid Services, In Partnership with the State of Michigan and Aetna Better Health of Michigan Inc.*, issued on September 25, 2014 (the "Three-Way Contract"), which established and governs the program known as the MI Health Link Duals Demonstration (the "Demonstration"), under which Aetna Better Health of Michigan Inc. ("Company") serves as an "Integrated Care Organization," and as well as the provision of any administrative or health-benefit management services/functions that relate to those Covered Services or to the Three-Way Contract and/or the Demonstration.

This Duals Addendum is incorporated by reference into the Agreement between Company and the provider, vendor, contractor, or other entity executing the Agreement, as identified on the first page of the Agreement (the "Provider"), and Provider must comply with the requirements set forth herein. Note that this Duals Addendum contains some, but not all, of the terms and requirements with which you must comply. Other terms and requirements with which you must comply are set forth in the Agreement, in the Three-Way Contract, and in Company's policies, procedures, and provider manual. This Duals Addendum and the Agreement may be revised as directed by the State of Michigan and/or by the Centers for Medicare and Medicaid Services.

For purposes of this Duals Addendum, Company may be referred to as "ICO" or "MCO" (a/k/a integrated care organization and managed care organization, respectively), and the individuals who are enrolled with Company under the Demonstration may be referred to as the "Members" or "Enrollees." All capitalized terms not defined in this Duals Addendum shall have the respective meanings that are ascribed to them in the Agreement.

If there is any conflict between the terms of this Duals Addendum and any of the other terms of this Agreement, including any attachments, schedules, exhibits, and/or addenda made part of this Agreement, the terms of this Duals Addendum will govern and control with respect to the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration, and with respect to the provision of any administrative or health-benefit management services/functions that relate to those Covered Services or to the Three-Way Contract and the Demonstration; provided, however, that if there is any conflict between any of the terms of this Agreement, including this Duals Addendum, and the Three-Way Contract, then the terms of the Three-Way Contract will govern and control. Except as provided herein, all other provisions of the Agreement not inconsistent with this Duals Addendum shall remain in full force and effect, and to the extent possible under applicable law, the terms of this Duals Addendum shall be construed to be supplementary to, and not in conflict with, the terms and conditions of the Three-Way Contract and the remainder of the Agreement.

Provider acknowledges and agrees that all provisions of this Duals Addendum shall apply equally to any employees, independent contractors, subcontractors, downstream entities, or related entities of Provider that provide Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration, or that provide administrative or health-benefit management services/functions that relate to those Covered Services or to the Three-Way Contract and the Demonstration, and Provider represents and warrants that Provider shall take all steps necessary to cause such employees, independent contractors, subcontractors, downstream entities, or related entities to comply with this Duals Addendum and all applicable laws and regulations.

REQUIREMENTS FOR THE DEMONSTRATION

A. Michigan State Requirements

The State of Michigan and/or the Michigan Department of Health and Human Services ("MDHHS") requires that specific terms and conditions be incorporated into the Agreement because the Agreement is a contract between a health maintenance organization and a provider. As such, Provider shall comply with, and shall cause its downstream entities and related entities to comply with, the following requirements with respect to the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration, and with respect to the provision of administrative or health-benefit management services/functions (or other functions delegated to Provider) that relate to those Covered Services or to the Three-Way Contract and the Demonstration:

1. Provider shall look only to MCO for compensation for services rendered to an Enrollee when such services are covered by the Plan. Provider agrees not to bill, charge, collect a deposit from, seek compensation from, seek remuneration from, surcharge or have any recourse against an Enrollee or person acting on behalf of an Enrollee (other than MCO), except to the extent that copayments, coinsurances, and/or deductibles are specified in the Plan or as permitted pursuant to coordination of benefits. (All copayments, coinsurances, and deductibles shall be applied by MCO in accordance with applicable law, including without limitation MCL 500.3515.) Provider agrees not to maintain any action at law or in equity against an Enrollee to collect sums that are owed by MCO to such Provider under the terms of the Agreement, even in the event MCO fails to pay, becomes insolvent, or otherwise breaches the terms and conditions of this Agreement. This provision shall survive termination of the Agreement, regardless of the cause of termination and shall be construed to be for the benefit of the Enrollee. This provision is not intended to apply to services provided after this Agreement has been terminated, except as otherwise provided in this Agreement, or to non-Covered Services. Provider further agrees that this provision supersedes any oral or written agreement, hereinafter entered into between such Provider and Enrollee or persons acting on Enrollee's behalf, insofar as such agreement relates to payment for services provided under the terms and conditions of this Agreement. [MI ADC R. 325.6345(2); MI Ins. Code 500.3529(3)]

2. Provider shall meet applicable licensure or certification requirements. [MI ADC R. 325.6345(3)(a); MI Ins. Code 500.3529(4)(a)]

3. Provider shall allow appropriate access to records or reports concerning services to Enrollees. [MI ADC R. 325. 6345(3)(b); MI Ins. Code 500.3529(4)(b)]

4. Provider shall cooperate with MCO's quality assurance activities. [MI ADC R. 325. 6345(3)(c); MI Ins. Code 500.3529(4)(c)]

5. In the event of MCO's insolvency, Provider shall continue to provide services to Enrollees. MCO acknowledges that it is required by law to provide a mechanism for appropriate sharing of the continuation of Provider services as approved by the Michigan Insurance Commissioner and in no event shall such continuation be solely the responsibility of Provider. [MI Ins. Code 500.3561]

6. The definition of Clean Claim that is set forth in the Agreement shall additionally include the applicable Michigan statutory requirements set forth in MCL 400.111*i*(2)(a). Company shall pay all Clean Claims in accordance with the terms and requirements set forth in MCL 400.111*i*.

7. Notwithstanding anything to the contrary in the Agreement, the laws of the State of Michigan shall govern the Agreement as it relates to Company (namely, Aetna Better Health of Michigan Inc.) and to all Covered Services that Provider provides to Company's Members, regardless of where Provider is located, unless Michigan law is preempted by federal law consistent with Section 5.1.13.2 of the Three-Way Contract.

B. Medicare Requirements

Without limiting any obligation of Provider under the Agreement, Provider shall comply with, and shall cause its Downstream Entities and Related Entities to comply with, the requirements set forth in this **Section B** with respect to the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration, and with respect to the provision of administrative or health-benefit management services/functions (or other functions delegated to Provider), as applicable, that relate to those Covered Services or to the Three-Way Contract and the Demonstration (the "Medicare Services"). (The terms "Downstream Entities" and "Related Entities" shall have the respective meanings that are ascribed to them in **Schedule 1** hereto, and shall include Provider's permanent and temporary employees.) For purposes of this **Section B**, the Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration shall collectively be referred to as the "Medicare Members," and the managed-care plan that MCO offers under the Three-Way Contract and the Demonstration shall be referred to as the "Medicare Plan." Provider's obligations specifically include, and Provider expressly agrees to comply with, the following:

1. PAYMENT.

A. In consideration of Provider's agreement to perform Covered Services in accordance with the Agreement, Provider shall be paid for Covered Services performed according to the terms of the applicable Services and Compensation Schedule (or other analogous compensation schedule appended to the Agreement).

B. MCO shall not pay any amounts beyond the amounts set forth in the applicable Services and Compensation Schedule (or other analogous compensation schedule appended to the Agreement), including but not limited to any incentive payments that may be payable under traditional Medicare, except as expressly required by the Agreement or applicable law. Further, the Parties acknowledge and agree that payments under the Medicare program to providers, suppliers, and MCO may be adjusted as the result of legislation, regulation, executive order, or other federal mandate ("Medicare Payment Adjustment"). Furthermore, any such Medicare Payment Adjustment could result in an increase or decrease in Medicare payments. In accordance with the terms of this Agreement, the Parties agree that, in the event of a Medicare Payment Adjustment, MCO's payment to Provider will be adjusted in accordance with the Medicare Payment Adjustment. MCO shall adjust payments under this Agreement for Covered Services rendered by Provider on and after the effective date of the Medicare Payment Adjustment, and shall continue to adjust payments to Provider for Covered Services until the earlier of (i) the discontinuation of the Medicare Payment Adjustment, or (ii) the replacement of the Medicare Payment Adjustment by a subsequent Medicare Payment Adjustment.

C. Pursuant to Section B.5.K. of this Duals Addendum, Provider certifies that the diagnosis codes submitted to MCO for Medicare Members that MCO is required to submit to CMS will be accurate, complete, and truthful (the "Certification"). Provider acknowledges and agrees that MCO may impose a penalty on Provider not to exceed five thousand dollars ($5,000) for each instance that Provider submits a diagnosis code to MCO for a Medicare Member that does not comply with this Certification because the diagnosis code was not submitted in the format described in 42 C.F.R. § 422.310 or any subsequent or additional federal regulations. For purposes of this Section, "diagnosis code" shall mean an International Classification of Diseases-9th Edition-Clinical Modification (ICD-9-CM) code or its successor.

D. Federal laws and regulations limit the timeframe within which CMS may recover overpayments made to physicians, providers, and suppliers who submit claims to Medicare contractors (such as fiscal intermediaries, regional home health intermediaries, carriers, Medicare Administrative Contractors, and Durable Medical Equipment Medicare Administrative Contractors) for services provided or supplied to Medicare beneficiaries enrolled in Original Medicare (the "Medicare Statute of Limitations"). If MCO makes an overpayment or payment in error to Provider for Medicare Members, MCO shall have the right to initiate overpayment recovery efforts within the same timeframe available to CMS under the Medicare Statute of Limitations; provided that no time limit shall apply to initiation of overpayment recovery efforts based on MCO's reasonable suspicion of fraud or other intentional misconduct.

E. In no event, including without limitation non-payment by MCO, insolvency of MCO, or breach of the Agreement, shall Provider bill, charge, collect a deposit from, seek remuneration or reimbursement from, or have any recourse against a Medicare Member or persons (other than MCO) acting on a Medicare Member's behalf for services covered under the Agreement. Provider further agrees that: (i) this provision shall survive termination of the Agreement regardless of the cause giving rise to termination and shall be construed for the benefit of Medicare Members, and (ii) this provision supersedes any oral or written agreement to the contrary now existing or hereafter entered into between Provider and a Medicare Member or persons acting on a Medicare Member's behalf. No modification of this provision shall be effective without the prior written approval of the appropriate regulatory entities.

2. ASSIGNMENT. In addition to all other rights of MCO under the Agreement, the Agreement (including, but not limited to, as it relates to the line(s) of business described in this Duals Addendum) may be assigned by MCO, at any time and from time to time, in whole or in part, to any other affiliate or successor in interest of MCO. At MCO's option, the Agreement shall survive, without any other change in its terms, as a distinct, separate agreement with MCO for those products/lines of business designated by MCO and in duplicate form as a separate, distinct participating provider agreement with the applicable affiliate(s)/successor(s) for the products/lines of business assigned to such entity(ies). In the event of any assignment under this paragraph, MCO shall provide advance written notice to Provider. In the event of a conflict between this Section and any other provision of the Agreement, the terms of this Section shall supersede and prevail.

3. EFFECT OF TERMINATION. In the event this Duals Addendum is terminated for any reason, such termination shall not constitute termination of any of MCO's other products, plans, or programs.

4. MEDICARE REQUIRED PROVISIONS. Provider agrees to comply with all of the provisions of the Schedules attached hereto and incorporated into this Duals Addendum (including **Schedule 1** and any delegated function-specific Schedules that may be appended hereto), and agrees that all terms and conditions in the Agreement applicable to Provider shall also apply to any Downstream Entities of Provider. Provider further acknowledges and agrees that all terms of such Schedules shall apply equally to services provided in connection with the Three-Way Contract and the Demonstration, even if such Schedules only refer to Medicare Advantage products. Provider acknowledges that to the extent MCO is delegating to Provider any activities and responsibilities in connection with the Three-Way Contract and the Demonstration, MCO may only delegate such activities and responsibilities in a manner consistent with the contractual and legal obligations and duties imposed on MCO under the Three-Way Contract and under applicable Medicare laws, regulations, rules, and other directions of CMS.

5. PROVIDER OBLIGATIONS.

A. Provision of Covered Services. Provider agrees to provide to Medicare Members the health care services for which Provider is licensed and customarily provides in accordance with accepted medical and surgical standards in the community. Provider shall make Covered Services available and accessible to Medicare Members, including telephone access to Provider, on a twenty-four (24) hours, seven (7) days per week basis.

B. Compliance; Cooperation. Provider agrees that all Medicare Services and other activities performed by Provider under the Agreement will be consistent and comply with MCO's obligations under the Three-Way Contract. Upon request, Provider shall immediately provide to MCO any information that is required by MCO to meet its reporting obligations to CMS, including without limitation, physician incentive plan information, if applicable. To the extent that Provider generates and/or compiles and provides any data to MCO that MCO, in turn, submits to CMS, Provider certifies, to the best of its knowledge and belief, that such data is accurate, complete, and truthful. Provider agrees to cooperate with and participate in internal and external review procedures necessary to allow MCO to process Medicare appeals and grievances in accordance with Medicare laws, regulations, and CMS instructions.

C. Federal Fund Obligations. Provider understands and agrees that payments received by MCO for the Medicare Plan from CMS pursuant to the Three-Way Contract, as well as payments that Provider receives from MCO for performing services and functions under the Agreement, constitutes the receipt of federal funds. As a result, Provider, by entering into this Agreement and the terms of this Duals Addendum, is subject to laws applicable to individuals/entities receiving federal funds, including but not limited to, Title VI of the Civil Rights Act of 1964 as implemented by regulations at 45 C.F.R. part 84, the Age Discrimination Act of 1975 as implemented by regulations at 45 C.F.R. part 91, the Rehabilitation Act of 1973, and the Americans with Disabilities Act.

D. Continuation of Services. In the event the Three-Way Contract terminates or MCO becomes insolvent, Provider shall continue to provide Covered Services to Medicare Members who are hospitalized through the date of discharge. Provider is prohibited by law from billing Medicare Members for such Covered Services. This provision shall survive the termination of this Agreement or Duals Addendum, regardless of the reason for termination, including the insolvency of MCO, and shall supersede any oral or written agreement between Provider and a Medicare Member.

E. Policies, Programs & Procedures. Provider agrees to comply with MCO's policies and procedures (which MCO shall provide to Provider upon request) which operationalize many of the requirements of the Agreement, this Duals Addendum, and the Three-Way Contract and Demonstration. Provider agrees to comply with MCO's quality improvement, administrative processes and procedures, utilization review, peer review, grievance procedures, credentialing and recredentialing procedures, and any other policies MCO may implement, including amendments made to the above mentioned policies, procedures and programs from time to time. In the event that an MCO policy or procedure conflicts with a provision in the Agreement, then the language in the Agreement (including all amendments, exhibits, and attachments thereto) shall govern.

F. Maintenance of Records. Provider, on behalf of itself and its Downstream Entities (if any), shall preserve records applicable to Medicare Members or to MCO's participation in the Three-Way Contract and Demonstration, for the longer of: (i) the period of time required by state and federal law, or (ii) ten (10) years, whichever is longer. In addition, to the extent applicable to Provider, Provider, on behalf of itself and any Downstream Entities with whom Provider has contracted, agrees to comply with 42 C.F.R. § 422.2480(c) and 42 C.F.R. § 423.2480(c) and to maintain all records containing data used by MCO to calculate Medicare medical loss ratios ("MLRs") for MCO's Medicare products and/or evidence needed by MCO and/or federal governmental authorities with jurisdiction to validate MLRs (collectively, "MLR Records") for a minimum of ten (10) years from the date such MLRs were reported by MCO to CMS. Provider further agrees that with respect to Medicare Plans, MCO and federal governmental authorities having jurisdiction, and their designees, upon request, shall have access to all MLR Records, and that this right of inspection, evaluation, and audit of MLR Records shall continue for a minimum of ten (10) years from the date such MLRs were reported by MCO to CMS. This provision shall survive the termination of the Agreement, regardless of the cause of termination.

G. Subcontractors. Provider shall require all of its subcontractors, if any, to comply with all applicable Medicare laws, regulations and CMS instructions.

(1) Provider shall include in Provider's contracts with subcontractors (a) all of the contractual and legal obligations and duties imposed on Provider in the Agreement, (b) all provisions required under Medicare laws, regulations, rules, and other directions of CMS (including all of MCO's obligations under such laws, regulations, rules, and other directions related to the scope of Provider's services under the Agreement), and (c) that any delegated services or activities to be performed by subcontractor shall be consistent and comply with the obligations in the Three-Way Contract. To the extent CMS requires additional provisions to be included in such subcontracts, Provider shall amend its contracts accordingly. Provider acknowledges that, with respect to any services or functions under the Agreement that Provider delegates to a subcontractor, such subcontractor shall be considered a Downstream Entity.

(2) Provider shall ensure that any vendors, subcontractors, or other such entities that

have a need to know the terms of the Agreement also maintain the privacy and confidentiality of all financial terms of the Agreement.

(3) If Provider arranges for the provision of Covered Services from other health care providers for Medicare Members, such contracts shall be in writing and shall specify the delegated activities and reporting responsibilities, in addition to meeting the requirements described above. In the event that MCO delegates to Provider the selection of providers, MCO retains the right to approve, suspend or terminate such delegation. If MCO delegates the selection of providers, MCO will either review the credentials of medical professionals affiliated with Provider or MCO will review, approve, and audit on an ongoing basis Provider's credentialing process.

The term "Subcontractor" as used in this Section shall not refer to employees or other individuals that perform services on behalf of Provider for which Provider bills such services under this Agreement. Provider represents and warrants that such persons are subject to all terms and conditions of this Agreement and Provider shall provide written evidence of such as described in the Agreement.

H. Contracts with Excluded Entities. Provider understands and agrees that no person that provides health care services and/or utilization review, medical social work, or administrative services in support of services billed under this Agreement by Provider, may be an individual excluded from participation in Medicare under Section 1128 or 1128A of the Social Security Act. Provider shall not employ or contract with, with or without compensation, any individual or entity that has been disbarred, excluded, suspended or otherwise determined to be ineligible to participate in a federal health care program. Provider hereby certifies that no such excluded person will provide such services under this Agreement and no such excluded persons will be employed by or utilized by any Downstream Entity with which Provider contracts relating to the furnishing of these services to Medicare Members. Furthermore, neither Provider nor any of Provider's Downstream Entities who are and/or will be fully or partially responsible for Provider's performance of its obligations under the Agreement has (i) pled guilty or no contest to or been convicted of any felony involving dishonesty or breach of trust; (ii) been excluded from participation in any federal or state funded health program; or (iii) been listed in the Department of Health and Human Services Office of Inspector ("OIG") exclusion list or the General Services Administrative ("GSA") exclusion list. Provider agrees to immediately notify MCO in the event that Provider or any of its Downstream Entities that assist or are involved in Provider's performance of services for Medicare Plans under the Agreement are or become disbarred, excluded, suspended, or otherwise determined to be ineligible to participate in a federal health care program. In accordance with applicable laws, rules, and regulations and the Compliance Program Guidelines, Provider agrees to review the Department of Health and Human Services ("HHS") Office of Inspector General List of Excluded Individuals and Entities and the General Service Administrative Excluded Parties Lists System (collectively, the "Exclusion Lists") to ensure that Provider Related Parties are not included on such Exclusion Lists. Provider agrees to review the Exclusion Lists prior to initially hiring, appointing, or contracting with any new Provider Related Party and at least once per month thereafter to confirm that Provider Related Parties are not included on such Exclusion Lists. Provider agrees that if a Provider Related Party appears on an Exclusion List and/or is excluded from participation in any federally-funded health program, Provider will immediately remove the Provider Related Party from any work related directly or indirectly to the Medicare Plan, and take all corrective actions required under applicable laws, rules or regulations. In the event Provider or any Provider Related Parties are listed in an Exclusion List after the Effective Date of this Duals Addendum, MCO shall have the right, in its sole discretion and judgment, to terminate this Duals Addendum in accordance with the Agreement or to disqualify the listed person(s) from providing any part of the Covered Services. For the purpose of this Section, "Provider Related Parties" means Provider's permanent and temporary employees and Downstream Entities that are involved in the performance of Medicare Services.

I. Offshore Services. Provider is prohibited from using any individual or entity (an "Offshore Entity") (including, but not limited to, any employee, contractor, subcontractor, agent, representative, or other individual or entity) to perform any services for the Medicare Plan if the individual or entity is physically located outside of one of the fifty United States or one of the United States Territories (*i.e.*, American Samoa, Guam, Northern Marianas, Puerto Rico, and Virgin Islands) ("Offshore Services"), unless MCO, in its sole discretion and judgment, agrees in advance and in writing to the use of

such Offshore Entity. Provider further agrees that MCO has the right to audit any Offshore Entity prior to the provision of Offshore Services for the Medicare Plan. Provider further represents and warrants that it does not and will not permit any Medicaid Members' protected health information (PHI) or other personal information to be accessible by any Offshore Entity, without prior written notice to MCO and MCO's prior written approval of such Offshore Entity. In the event that MCO agrees in advance and in writing to permit Provider to use an Offshore Entity to perform any services for Medicare Plans and MCO agrees that such Offshore Entity will receive, process, transfer, handle, store, or access Medicare Member PHI as defined at 45 C.F.R. § 160.103, Provider agrees that Offshore Services that involve Medicare Member PHI are subject to CMS reporting within thirty (30) days of: (1) performing, or contracting with an Offshore Entity to perform, Offshore Services, and (2) any time Provider changes the Offshore Services that an Offshore Entity will perform.

J. Submission of Encounter Data. Provider hereby acknowledges that MCO is required to provide CMS and other federal and state regulatory agencies and accrediting organizations with encounter data as requested by such agencies and organizations. Such data may include medical records and all other data necessary to characterize each encounter between Provider and a Medicare Member. Provider agrees to cooperate with MCO and to provide MCO with all such information in such form and manner as requested by MCO. Provider agrees to immediately notify MCO if any encounter data that Provider submitted to MCO for Medicare Members is inaccurate, incomplete, or erroneous, and to cooperate with MCO to correct erroneous encounter data to ensure MCO's compliance with Medicare laws, rules and regulations and CMS instructions.

K. Certification of Data. Provider recognizes that MCO is required to certify the accuracy, completeness, and truthfulness of data that CMS requests. Such data include encounter data, payment data, and any other information provided to MCO by its contractors and subcontractors. Provider and its subcontractors, if any, hereby certify that any such data submitted to MCO will be accurate, complete, and truthful. Upon request, Provider shall make such certification in the form and manner prescribed by MCO.

L. Medicare Member Complaints. Provider agrees to cooperate with MCO in resolving any Medicare Member complaints related to coverage or the provision of Covered Services. MCO will notify Provider as necessary concerning all Medicare Member complaints involving Provider. Provider shall, in accordance with the Provider's regular procedures, investigate such complaints and respond to MCO in the required time. Provider shall use best efforts to resolve complaints in a fair and equitable manner.

M. Compliance Program and Anti-Fraud Initiatives. Provider shall (and shall cause its Downstream Entities, if any, to) institute, operate, and maintain an effective compliance program to detect, correct, and prevent the incidence of non-compliance with CMS requirements and the incidence of fraud, waste, and abuse ("FWA") relating to the operation of the Medicare Plan. Such compliance program shall be appropriate to the organization and operations of Provider and Provider's Downstream Entities and shall include:

(1) written compliance policies and standards of conduct that are comparable to Aetna's compliance policies/Aetna Code of Conduct and articulate the entity's commitment to comply with federal and state laws, ethical behavior, and compliance program operations. Provider will disseminate either Aetna's compliance policies/Aetna Code of Conduct or comparable versions to Provider's employees, officers, and Downstream Entities within 90 days of hire/contracting, when updates are made, and annually thereafter;

(2) reporting mechanisms communicated to Provider's employees and Downstream Entities for their use in adhering to the expectation that Provider, its employees, and its Downstream Entities report potential non-compliance or FWA issues (internally and to Company, as applicable) and understand their obligation to report. Provider must publicize the reporting methods to Provider employees and Downstream Entities along with a no-tolerance policy for retaliation or retribution for good-faith reporting;

(3) completion of CMS's Medicare Learning Network® (MLN) "Medicare Parts C

and D Fraud, Waste, and Abuse Training and Medicare Parts C and D General Compliance Training" by Provider employees, officers, and Downstream Entities initially within ninety (90) days of hire/contracting and at least annually thereafter, unless exempt from such training under relevant CMS regulations;

(4) processes to oversee and ensure that Provider and Provider's Downstream Entities maintain compliance with processes to oversee and ensure that: (1) Provider and Provider's Downstream Entities maintain compliance with CMS compliance program requirements, and (2) Provider's Downstream Entities perform Medicare Services consistent with this Agreement and the agreement between Provider and such Downstream Entities. Provider's oversight under this Agreement shall include: (1) imposition of disciplinary actions, as needed, to ensure employee compliance with CMS compliance program requirements, and (2) implementation of corrective actions (up to and including contract termination), as needed, with respect to its Downstream Entities to ensure Downstream Entity compliance with applicable CMS requirements, including the CMS compliance program requirements, this Agreement, and Provider's contract with the Downstream Entity;

(5) retention of evidence showing that Provider and Provider's Downstream Entities complied with the requirements set forth in this Section. Such evidence must be maintained for at least the period of time specified in Section B.5.F. hereof and shall be made available to Company and CMS, upon request.

N. Marketing. Consistent with federal laws, regulations, and agency requirements applicable to the Medicare program, Provider shall not: (1) engage in any marketing or sales activities that could mislead or confuse Medicare Members, or (2) market or advertise non-health care related products to Medicare Members or prospective Medicare Members. Further, Provider shall at all times comply with the then current Medicare Marketing Guidelines.

O. Dual-Eligible Hold Harmless. Provider acknowledges and agrees that Medicare Members are not responsible for paying to Provider any Copayments, Coinsurance, or Deductibles for Medicare Part A and Part B services ("Cost Sharing Amounts") when the State Medicaid plan is responsible for paying such Cost Sharing Amounts. Provider further agrees that it will not collect Cost Sharing Amounts from Medicare Members when the State is responsible for paying such Cost Sharing Amounts, and will, instead, either accept the MCO's payment for Covered Services as payment in full for Covered Services and applicable Cost Sharing Amounts, or bill the applicable State Medicaid plan for the appropriate Cost Sharing Amounts owed by the State Medicaid plan.

P. Enrollment as Medicare Provider. To the extent that Provider prescribes drugs covered under Medicare Part D to Medicare Members who have Medicare prescription drug ("MA-PD") coverage offered by MCO, Provider agrees to comply with the requirements set forth in 42 C.F.R. § 423.120(c)(6), including without limitation the requirement that Provider be enrolled in Medicare in an approved status in order for its prescriptions to be covered under Medicare Part D.

Q. Home Infusion Drugs. The following provisions shall only apply to Provider if Provider dispenses to a Medicare Member home infusion drugs that are covered under Medicare Part D and the Medicare Member has MA-PD coverage offered by MCO ("Home Infusion Drug"):

1. With respect to Home Infusion Drugs, MCO will pay clean claims (as defined in 42 C.F.R. § 423.520(b)) submitted by Provider on behalf of Medicare Members within 14 days for electronic claims and within 30 days for claims submitted otherwise. 42 C.F.R. § 423.505(i)(3)(vi).

2. Home Infusion Drugs will be reimbursed (as applicable) in accordance with a fee schedule, or the third-party pricing source (*e.g.*, Medi-Span) otherwise agreed upon as set forth in this Agreement or Provider's agreement with MCO's Pharmacy Benefit Manager ("PBM"). 42 C.F.R. § 423.505(i)(3)(viii)(B).

3. If a prescription drug pricing standard is used for reimbursement of Home Infusion Drugs, updates to such a standard will occur not less frequently than once every 7 days beginning with an initial update on January 1 of each year, to accurately reflect the market price of acquiring the Home Infusion Drug. 42 CFR § 423.505(i)(3)(viii)(A).

4. In accordance 42 C.F.R.§ 423.120(c)(3), Provider agrees to submit claims for Home Infusion Drugs to MCO or its PBM whenever the Medicare Member's ID card is presented or is on file at the Provider, unless the Medicare Member expressly requests that the claim not be submitted to MCO or its PBM.

5. Provider must submit claims for Home Infusion Drugs in real time by means of point of service claims adjudication systems in compliance with CMS standards. 42 C.F.R. § 423.505(b)(17).

6. Provider must provide Medicare Members with access to the negotiated prices (as defined in 42 C.F.R. § 423.100) for Home Infusion Drugs to Members. 42 C.F.R. § 423.104(g)(1).

7. Provider must charge/apply the correct cost-sharing amount to the Medicare Member for Home Infusion Drugs. 42 C.F.R. § 423.104.

8. At the time of purchase by a Medicare Member, Provider must inform the Medicare Member of any differential between the price of the Home Infusion Drug being dispensed and the price of the lowest priced generic version of that Home Infusion Drug available from Provider, unless the Home Infusion Drug being dispensed is the lowest priced generic version of that Home Infusion Drug. 42 C.F.R. § 423.132.

9. Provider agrees to ensure that the professional services and ancillary supplies necessary for Home Infusion Drugs are in place before dispensing Home Infusion Drugs to a Medicare Member in his/her place of residence. 42 C.F.R. § 423.120(a)(4)(iii).

10. Provider agrees to provide delivery of Home Infusion Drugs within 24 hours of a Medicare Member's discharge from an acute setting, or later if so prescribed. 42 C.F.R. § 423.120(a)(4)(iv).

11. Provider shall submit to MCO (not PBM) claims for equipment, supplies, and professional services associated with Home Infusion Drugs dispensed by Provider to a Medicare Member that are covered under Medicare Part C.

R. Non-Covered Services. Provider shall not hold a Member financially responsible for payment of a service not covered under the Member's Plan ("Non-Covered Service") unless the Member has received a pre-service organization determination notice of denial from Company before such services are rendered. Provider acknowledges and agrees that if Provider renders Non-Covered Services to a Member who has not received a pre-service organization determination notice of denial from Company, the Provider must hold the Member harmless for the Non-Covered Services and cannot charge the Member any amount beyond the normal cost-sharing amounts (*i.e.*, copayments, coinsurance, and/or deductibles). With respect to those Non-Covered Services that are clearly listed as exclusions in the Member's Evidence of Coverage or other similar Plan document, a pre-service organization determination is not required in order for Provider to hold the Member financially liable for such Non-Covered Services.

6. COMPANY OBLIGATIONS.

A. Fee Schedule. MCO shall arrange for Provider to be compensated for health care services rendered to Medicare Members in accordance with Section B.1 of this Duals Addendum.

B. Prompt Pay. In accordance with 42 C.F.R. § 422.520(a)(1), MCO shall make best efforts

to pay clean claims submitted by Provider for Covered Services provided to Medicare Members within thirty (30) calendar days of receipt. For purposes of this Duals Addendum, the term "clean claim" shall have the meaning assigned in 42 C.F.R. § 422.500.

C. From time to time MCO may designate only certain Providers to take part in the provider delivery network for a particular product benefit plan(s).

7. GENERAL PROVISIONS.

A. Termination. This Duals Addendum may be terminated on its own without respect to the remainder of the Agreement with or without cause by either Party in accordance with the termination provisions of the underlying Agreement and the Three-Way Contract. This Duals Addendum shall terminate automatically in the event that the underlying Agreement is terminated in accordance with the termination provisions of the Agreement and the Three-Way Contract.

B. Governing Law. This Duals Addendum shall be governed by federal laws, regulations, and agency requirements applicable to the Medicare program. In the event that changes to the governing laws, regulations, or agency requirements applicable to the Medicare program occur, the new law, regulation, or agency requirement shall supersede to the extent required by any such later required changes.

C. Agreement Otherwise Unmodified. All other terms and provisions of the Agreement not amended hereby shall remain in full force and effect, without modification. In the event of any inconsistency between the terms of this Duals Addendum and the Agreement, the terms of this Duals Addendum shall govern and control.

D. Survival. All provisions of this Duals Addendum that by their nature should survive termination of Provider's provision of Medicare Services under this Agreement or termination of the Agreement as a whole, shall survive termination.

C. Requirements Under the Demonstration Three-Way Contract

The Three-Way Contract requires that specific additional terms and conditions be incorporated into the Agreement. As such, Provider shall comply with, and shall cause its downstream entities and related entities to comply with, the requirements set forth in this **Section C** with respect to the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the Demonstration, and with respect to the provision of administrative or health-benefit management services/functions (or other functions delegated to Provider) that relate to those Covered Services or to the Three-Way Contract and the Demonstration. With respect to the requirements set forth in this **Section C**, any capitalized terms that are used but not defined herein shall have the meanings that are ascribed to them in the Three-Way Contract. Provider's obligations specifically include, and Provider expressly agrees to comply with, the following:

1. The delegated activities and reporting requirements for which Provider is responsible are contained in the Agreement. Provider shall ensure that it and its downstream and related entities perform all such delegated activities and reporting requirements in compliance with 42 C.F.R. §§ 422.504, 423.505, 438.6(l), and 438.230(b)(1), as applicable. [Appendix C.1 of Three-Way Contract]

2. HHS, the Comptroller General, MDHHS, MDHHS's office of Inspector General, the Medicaid Fraud Control Unit of the Michigan State Police, the Michigan Auditor General, and their designees, and other state and federal agencies with monitoring authority related to Medicare and Medicaid, have the right to audit, evaluate, and inspect any books, contracts, computer or other electronic systems, including medical records and documentation, of Provider and its downstream and related entities, and the foregoing rights to inspect, evaluate, and audit any pertinent information for any particular contract period shall exist for ten years from the final date of the contract period or from the date of completion of any audit, whichever is later. [Appendix C.2 of Three-Way Contract]

3. Provider and its downstream and related entities shall not hold Enrollees liable for payment of any fees that are the obligation of MCO. [Appendix C.3.1 of Three-Way Contract]

4. Any services or other activity performed by Provider and/or its downstream and related entities shall he performed in accordance with the MCO's contractual obligations to CMS and MDHHS. [Appendix C.3.2 of Three-Way Contract]

5. MCO shall revoke the delegation activities and reporting requirements or specify other remedies in instances where CMS, the MDHHS, or the MCO determine that Provider and/or its downstream and related entities have not performed their delegated activities or reporting requirements satisfactorily. [Appendix C.3.4 of Three-Way Contract]

6. The performance of Provider and its downstream and related entities under the Agreement will be monitored by MCO on an ongoing basis and MCO may impose corrective action as necessary. [Appendix C.3.5 of Three-Way Contract]

7. Provider and its downstream and related entities agree to safeguard Enrollee privacy and confidentiality of Enrollee health records. [Appendix C.3.6 of Three-Way Contract]

8. Provider and its downstream and related entities must comply with all federal and state laws, regulations and CMS instructions. [Appendix C.3.7 of Three-Way Contract]

9. To the extent that Provider and/or its downstream and related entities provide credentialing of medical providers under the Agreement:

   A. The credentials of medical professionals affiliated with the Provider and/or its downstream and related entities will be reviewed by MCO; or

   B. The credentialing process will be reviewed and approved by MCO and MCO shall audit the credentialing process on an ongoing basis.

   [Appendix C.4 of Three-Way Contract]

10. To the extent that MCO has delegated the selection of providers under the Agreement to Provider or its downstream and related entities, MCO retains the right to approve, suspend, or terminate that arrangement. [Appendix C.5 of Three-Way Contract]

11. Unless otherwise permitted under the Three-Way Contract or by the consent of CMS and MDHHS, neither MCO nor Provider has the right to terminate the Agreement without cause, and Provider shall provide at least 60 calendar days' notice to MCO and assist with transitioning Enrollees to new providers, including sharing the Enrollee's medical record and other relevant Enrollee information as directed by the MCO or Enrollee. [Appendix C.6 of Three-Way Contract]

12. MCO shall provide a written statement to Provider of the reason or reasons for termination for cause. [Appendix C.7 of Three-Way Contract]

13. MCO is obligated to pay Provider under the terms of the Agreement, which includes a prompt-payment provision that has been developed and agreed to by both MCO and Provider. [Appendix C.8.1 of Three-Way Contract]

14. Provider and its downstream and related entities shall provide all services under the Agreement in a Culturally Competent manner to all Enrollees, including those with limited English proficiency or reading skills, and diverse culturally and ethnic backgrounds. [Appendix C.8.2 of Three-Way Contract]

15. Provider and its downstream and related entities shall abide by all applicable federal and state laws and regulations regarding confidentiality and disclosure of medical records, or other health and enrollment information. [Appendix C.8.3 of Three-Way Contract]

16. Provider and its downstream and related entities shall ensure that medical information is released in accordance with applicable federal or state law, or pursuant to court orders or subpoenas. [Appendix C.8.4 of Three-Way Contract]

17. Provider and its downstream and related entities shall maintain Enrollee records and information in an accurate and timely manner. [Appendix C.8.5 of Three-Way Contract]

18. Provider and its downstream and related entities shall ensure timely access by Enrollees to the records and information that pertain to them. [Appendix C.8.6 of Three-Way Contract]

19. Provider and its downstream and related entities shall not hold Enrollees liable for Medicare Part A and B cost sharing, and all Medicare Parts A and B services must be provided at zero cost-sharing to Enrollees. [Appendix C.8.7 of Three-Way Contract]

20. Provider and its downstream and related entities shall ensure that their EMTALA obligations are fulfilled as required by law and the Agreement and must not create any conflicts with any hospital actions required to comply with EMTALA. [Appendix C.8.8 of Three-Way Contract]

21. Provider and its downstream and related entities, including without limitation all primary care providers, shall not close or otherwise limit acceptance of Enrollees as patients unless the same limitations apply to all commercially insured Enrollees. [Appendix C.8.9 of Three-Way Contract]

22. MCO shall not refuse to contract or pay Provider for the provision of Covered Services solely because Provider has in good faith:

    (a) Communicated with or advocated on behalf of one or more of the prospective, current, or former patients of Provider or its downstream and related entities regarding the provisions, terms, or requirements of the MCO's health benefit plans as they relate to the needs of such patients; or

    (b) Communicated with one or more of the prospective, current, or former patients of Provider or its downstream and related entities with respect to the method by which such provider is compensated by the MCO for services provided to the patient.

    [Appendix C.8.10 of Three-Way Contract]

23. Provider and its downstream and related entities are not required to indemnify MCO for any expenses and liabilities, including, without limitation, judgments, settlements, attorneys' fees, court costs, and any associated charges, incurred in connection with any claim or action brought against MCO based on MCO's management decisions, utilization review provisions, or other policies, guidelines, or actions. [Appendix C.8.11 of Three-Way Contract]

24. Provider and its downstream and related entities shall comply with all MCO's requirements and MCO Policies for utilization review, quality management and improvement, credentialing, and the delivery of preventive health services. [Appendix C.8.12 of Three-Way Contract]

25. MCO shall notify Provider in writing of modifications in payments, modifications in Covered Services, or modifications in MCO's procedures, documents, or requirements, including those associated with utilization review, quality management and improvement, credentialing, and preventive health services, that have a substantial impact on the rights or responsibilities of Provider, and the effective date of the modifications. The notice shall be provided 30 calendar days before the effective date of such modification unless such other date for notice is mutually

agreed upon between MCO and Provider or unless such change is mandated by CMS or MDHHS without 30 calendar days' prior notice. [Appendix C.8.13 of Three-Way Contract]

26. Provider and its downstream and related entities shall not bill Enrollees for charges for Covered Services other than pharmacy co-payments, if applicable. [Appendix C.8.14 of Three-Way Contract]

27. No payment shall be made by MCO to Provider for a Provider Preventable Condition as defined in 42 C.F.R. § 447.26(b). [Appendix C.8.15 of Three-Way Contract]

28. As a condition of payment, Provider shall comply with the reporting requirements as set forth in 42 C.F.R. § 447.26(d) and as may be specified by MCO. Provider shall comply with such reporting requirements to the extent Provider directly furnishes services. [Appendix C.8.16 of Three-Way Contract]

29. Provider shall ensure coverage for its practice twenty-four (24) hours a day, seven (7) days a week and have a published after hours telephone number; voicemail alone after hours is not acceptable. [Appendix C.8.17 of Three-Way Contract]

30. MCO shall monitor and ensure that all Utilization Management activities provided by Provider comply with all provisions of the Three-Way Contract with CMS and MDHHS, and Provider and its downstream and related entities shall cooperate with and utilize MCO's Quality Assurance Program. [Section 2.13.3.1.4.2 of Three-Way Contract]

31. Provider shall comply with all applicable requirements governing physician incentive plans, including but not limited to such requirements appearing at 42 C.F.R. Parts 417, 422, 434, 438.6(h), and 1003. Contracts or arrangements with First Tier, Downstream and Related Entities shall not include incentive plans that include a specific payment to Provider or its downstream and related entities as an inducement to deny, reduce, delay, or limit specific, Medically Necessary Services, and (a) Provider and/or its downstream and related entities shall not profit from provision of Covered Services that are not Medically Necessary or medically appropriate, and (b) MCO shall not profit from denial or withholding of Covered Services that are Medically Necessary or medically appropriate. Nothing herein shall be construed to prohibit contracts that contain incentive plans that involve general payments such as capitation payments or shared-risk agreements that are made with respect to physicians or physician groups or that are made with respect to groups of Enrollees if such agreements, which impose risk on such physicians or physician groups for the costs of medical care, services, and equipment provided or authorized by another physician or health care provider, comply with Paragraph 32 immediately below. [Section 5.1.7.2 and Appendix C.9 and C.11 of Three-Way Contract]

32. MCO shall not impose a financial risk on Provider or its downstream and related entities for the costs of medical care, services or equipment provided or authorized by another Physician or health care provider unless such contract includes specific provisions with respect to the following:

    A. Stop-loss protection;

    B. Minimum patient population size for the Physician or Physician group; and

    C. Identification of the health care services for which the Physician or Physician group is at risk.

    [Appendix C.12 of Three-Way Contract]

33. All contracts or arrangements with First Tier, Downstream and Related Entities for laboratory testing sites that provide services must include an additional provision that such laboratory testing sites must have either a Clinical Laboratory Improvement Amendment (CLIA) certificate or

waiver of a certificate of registration along with a CLIA identification number. [Appendix C.13 of Three-Way Contract]

34. Nothing shall be construed to restrict or limit the rights of MCO to include as providers religious non-medical providers or to utilize medically based eligibility standards or criteria in deciding provider status for religious nonmedical providers. [Appendix C.14 of Three-Way Contract]

35. Provider shall meet all terms and requirements of the Three-Way Contract that are applicable to Provider. [Section 2.7.7.1 of Three-Way Contract]

36. Provider and its downstream and related entities shall allow MCO to access the medical records of Enrollees.

37. Provider will collaborate with MCO on documentation systems reporting, communications, policies, and any other matters necessary for any readiness review required under the Three-Way Contract. [Section 2.2.1.3 of Three-Way Contract]

38. Provider must notify MCO within fourteen (14) calendar days of receiving notice of any litigation, investigation, arbitration, or other proceeding (collectively, "**Legal Proceedings**") involving Provider or any of its its downstream and related entities, or any officer or director of Provider or any of its its downstream and related entities, that arises during the term of the Agreement, including: any criminal Legal Proceeding; any parole or probation Legal Proceeding; any Legal Proceeding under the Sarbanes-Oxley Act; or any civil Legal Proceeding that involves a claim that might reasonably be expected to adversely affect Provider's viability or financial stability, that involves a governmental or public entity's claim or written allegation of fraud, or that involves a Legal Proceeding involving any license that Provider is required to possess in order to perform under this Agreement or the Three-Way Contract. [Section 2.1.2.1.10 of Three-Way Contract]

39. Provider shall submit to MCO the organizational chart of Provider. [Section 2.2.3.4 of Three-Way Contract]

40. Provider shall collaborate with MCO, as requested and required under the Three-Way Contract, on activities relating to the Care Bridge, the Care Coordination Platform, and the Integrated Care Bridge Record. [Section 2.5 of Three-Way Contract]

41. As requested and required under the Three-Way Contract, Provider shall actively participate as a member of the Integrated Care Team and shall collaborate with the Enrollee and other members of the Integrated Care Team to ensure performance of the following tasks, as may be applicable:

    a. Development, implementation, and revision of the Individual Integrated Care and Supports Plan ("**IICSP**") according to the Person-Centered Planning Process and the Enrollee's stated goals including making whatever accommodations are appropriate for individuals whose disabilities create obstacles to full participation with the ICT.

    b. Participation in the Person-Centered Planning Process at tbe Enrollee's discretion to develop the IICSP.

    c. Collaboration with other ICT members to ensure the Person-Centered Planning Process is maintained.

    d. Assisting the Enrollee in meeting his/her goals.

    e. Monitoring and ensuring that Provider's part of the IICSP is implemented in order to meet the Enrollee's goals.

    f. Updating the ICBR as needed pertinent to the Provider's role on the ICT.

g. Reviewing assessment, test results, and other pertinent information in the ICBR.

h. Addressing transitions of care when a change between care settings occur.

i. Ensuring continuity of care requirements are met.

j. Monitoring for issues related to quality of care and quality of life.

k. Adherence to an Enrollee's determination about the appropriate involvement of his or her medical providers and caregivers, according to HIPAA and, for individuals in substance use disorder treatment, C.F.R. 42, Part 2.

[Section 2.5.2.5 of Three-Way Contract]

42. Provider must maintain physical sites that are accessible to all Enrollees, and must comply with and apply the United States Supreme Court's *Olmstead* decision which requires that Enrollees be served in the most integrated setting appropriate to their needs. [Section 2.7.2.3 of Three-Way Contract]

43. Provider shall be responsive to the linguistic, cultural, ethnic, racial, religious, age, gender and other unique needs of any minority, homeless population, Enrollee with disabilities (both congenital and acquired disabilities), or other special population served by the MCO. [Section 2.7.2.5 of Three-Way Contract]

44. To the extent that Provider is multilingual, Provider shall understand and comply with its obligations under state or federal law to assist Enrollees with skilled medical interpreters and the resources that are available to assist Provider to meet these obligations. [Section 2.7.2.6 of Three-Way Contract]

45. Provider shall maintain a strong understanding of disability, recovery, and resilience cultures, and Long Term Supports and Services. [Section 2.7.2.8 of Three-Way Contract]

46. To the extent that Provider provides Medicare-covered services, Provider shall be enrolled as a Medicare provider in order to submit claims for reimbursement or otherwise participate in the Medicare program. To the extent that Provider provides Medicaid-covered services, Provider shall be enrolled in the Michigan Medicaid program, if such enrollment is required by MDHHS's rules or policy, in order to submit claims for reimbursement or otherwise participate in the Michigan Medicaid program. [Section 2.7.2.10 of Three-Way Contract]

47. To the extent applicable, Provider must ensure that nursing facility beds will be held for the Enrollee for hospital and therapeutic leave days pursuant to the Michigan Medicaid Provider Manual/Nursing Facility Coverages/Special Placements and Agreement. [Section 2.7.2.11 of Three-Way Contract]

48. Provider and its facilities must be appropriately licensed or certified, as applicable, if required pursuant to the Michigan Public Health Code, 1978 PA 368, as amended, MCL 333.1101-333.25211. [Section 2.7.2.12 of Three-Way Contract]

49. Provider shall notify MCO immediately if Provider has lost any required license or state or federal approval, or been excluded from participation in federal health care programs by the OIG of the U.S. Department of Health and Human Services under either Section 1128 or Section 1128A of the Social Security Act, and implementing regulations at 42 C.F.R. Part 1001 *et seq.*, or has been terminated from participation under Medicare, the Michigan Medicaid program, or another state's Medicaid program, except as permitted under 42 C.F.R.§ 1001.1801 and § 1001.1901. [Sections 2.7.3.5.1 and 5.3.4 of Three-Way Contract]

50. If Provider is a Primary Care Provider, Provider must be available to see patients a minimum of twenty (20) hours per week per practice location, as per state Medicaid policy. [Section 2.7.3.6.4 of Three-Way Contract]

51. Provider shall comply with and meet all applicable MCO standards for licensure, certification, and credentialing. [Section 2.7.3.11.4 and 2.7.3.11.5 of Three-Way Contract]

52. Provider shall not engage in any practice with respect to any Enrollee that constitutes unlawful discrimination under any state or federal law or regulation, including, but not limited to, practices that violate the provisions of 45 C.F.R. Part 80, 45 C.F.R. Part 84, and 45 C.F.R. Part 90. [Section 2.7.3.11.6 of Three-Way Contract]

53. As requested by MCO, Provider shall submit disclosures in accordance with 42 C.F.R. § 455 Subpart B and 42 C.F.R. § 1002.3. [Section 2.7.3.11.7 of Three-Way Contract]

54. Provider may not seek payment for a Provider Preventable Condition, and Provider shall, as a condition of payment from MCO, comply with reporting requirements on Provider Preventable Conditions as described at 42 C.F.R. § 447.26(d) and as may be specified by MCO and/or MDHHS. [Section 2.7.4.7.3 of Three-Way Contract]

55. Provider shall comply with federal requirements for disclosure of ownership and control, business transactions, and information for persons convicted of crimes against federal-related healthcare programs, including Medicare, Medicaid, and/or Children's Health Insurance Program, and shall upon MCO's request provide all required disclosures in accordance with 42 C.F.R. § 455, 42 C.F.R. § 1002.3, and otherwise. [Section 2.7.5.8 and 5.1.6 of Three-Way Contract]

56. To the extent applicable, Provider must (a) afford Enrollees the opportunity and assistance with filing a Grievance, Appeal, or State Fair Hearing, and must permit an Enrollee to request continuation of benefits if the Enrollee files an Appeal or a request for a State Fair Hearing within specified timeframes, (b) use the the existing Part D Appeals Process, and (c) remain compliant with all state and federal laws, regulations, and policies governing the Appeal and State Fair Hearing processes, and all statutory and regulatory timelines related thereto, including the requirements for both standard and expedited requests. If any Grievance or Appeal is filed with Provider, Provider must immediately forward it to MCO. [Section 2.7.7.4 and 2.10.1.1 of Three-Way Contract]

57. Providers shall offer hours of operation that are no less than the hours of operation offered to individuals who are not Enrollees. [Section 2.8.1.5 of Three-Way Contract]

58. Provider must comply with the American with Disabilities Act (ADA) (28 C.F.R. § 35.130) and Section 504 of the Rehabilitation Act of 1973 (Section 504) (29 U.S.C. § 794) as outlined in the Three-Way Contract, and must maintain capacity to deliver services in a manner that accommodates the needs of Enrollees. [Section 2.8.1.6 and 2.8.12 of Three-Way Contract]

59. Upon MCO's request, Providers must provide the following information: (a) its name, address, and telephone number; (b) its areas of special experience, skills, and training, including any expertise in treating persons with physical disabilities, chronic illness, HIV/AIDS, or persons with serious mental illness; persons who are homeless; persons who are deaf, hard-of-hearing, blind, and/or visually impaired; or persons with co-occurring disorders; (c) its office hours, including the name of any provider site open after 5:00 p.m. (Eastern Time) on weekdays and/or open on weekends; (d) its cultural and linguistic capabilities, including languages spoken by the Provider or by any skilled medical interpreter at the Provider's site; (e) Provider licensing information; (f) whether it is accessible for people with physical disabilities; (g) whether it is accepting new patients; (h) whether it is accessable by public transportation; and (h) auy languages other than English spoken by Provider or by skilled medical interpreters at Provider's site, and whether translation services are available. [Section 2.14.5.2.1 of Three-Way Contract]

60. As requested and required, Provider must provide any information that CMS and/or MDHHS require (a) under the Three-Way Contract related to the performance of MCO's responsibilities, including non-medical information for the purposes of research and evaluation; (b) to comply with all applicable federal or state laws and regulations; and (c) for external rapid cycle evaluation including program expenditures, service utilization rates, rebalancing from institutional to community settings, Enrollee satisfaction, Enrollee Grievances and Appeals, and enrollment/disenrollment rates. [Section 2.16.1.1 of Three-Way Contract]

61. Collaborate with MCO in the collection and maintenance of all Encounter Data for all Covered Services that Provider provides to Enrollees, ensuring that all such data can be linked to MDHHS eligibility data. [Section 2.17.1.4 of Three-Way Contract]

62. In connection with the Demonstration, Provider shall act in an independent capacity and not as an officer or employee of the federal government, MDHHS, or their respective authorized agents. [Section 5.1.3.1 of Three-Way Contract]

63. Provider may not require any co-payments or other cost-sharing arrangements from Enrollees. Provider must not bill Enrollees for the difference between the Provider's charge and the MCO's payment for Covered Services. Provider must not seek or accept additional or supplemental payment from the Enrollee, his or her family, or representatives, in addition to the amount paid by the MCO even when the Enrollee signed an agreement to do so. [Section 5.1.9.4 of Three-Way Contract]

64. Provider shall not have any interest that will conflict, as determined by CMS and MDHHS with the performance MCO's services under the Three-Way Contract, or that may be otherwise anticompetitive, including without limitation any financial, legal, contractual, or other business interest in any entity performing enrollment functions for MDHHS. [Section 5.3.17.1 of Three-Way Contract]

65. Provider shall conduct all activities in accordance with the Enrollee rights and protections set forth under 42 C.F.R. § 438.100, 42 C.F.R. §422 Subpart C, and Appendix B ("Enrollee Rights") of the Three-Way Contract. [Appendix B of Three-Way Contract]

66. Provider may not reuse or provide other entities access to the CMS information system, or data obtained from the system or the State of Michigan, to support any line of business other than the Medicare/Medicaid managed care and/or outpatient prescription drug benefit for which the MCO contracted with CMS and the State of Michigan. [Appendix G of Three-Way Contract]

Exhibit A.3—Schedule 1

Individual Sites Regulatory Compliance Addendum (Michigan)

Governing Medicare-Medicaid Dual-Eligible Services

Medicare Required Provisions

CMS requires that specific terms and conditions be incorporated into the Agreement between a Medicare Advantage Organization or First Tier Entity and a First Tier Entity or Downstream Entity to comply with the Medicare laws, regulations, and CMS instructions, including, but not limited to, the Medicare Prescription Drug, Improvement and Modernization Act of 2003, Pub. L. No. 108-173, 117 Stat. 2066 ("MMA"); and

Except as provided herein, all other provisions of the Agreement between Company and Provider (referred to in this Schedule 1 as "FDR") not inconsistent herein shall remain in full force and effect. This Amendment shall supersede and replace any inconsistent provisions to such Agreement; to ensure compliance with required CMS provisions, and shall continue concurrently with the term of such Agreement.

NOW, THEREFORE, the parties agree as follows:

A. Definitions:

1. Centers for Medicare and Medicaid Services ("CMS"): the agency within the Department of Health and Human Services that administers the Medicare program.

2. Completion of Audit: completion of audit by the Department of Health and Human Services, the Government Accountability Office, or their designees of a Medicare Advantage Organization, Medicare Advantage Organization contractor or related entity.

3. Downstream Entity: any party that enters into a written arrangement, acceptable to CMS, with persons or entities involved with the MA benefit, below the level of the arrangement between an MA organization (or applicant) and a first tier entity. These written arrangements continue down to the level of the ultimate provider of both health and administrative services.

4. Final Contract Period: the final term of the contract between CMS and the Medicare Advantage Organization.

5. First Tier Entity: any party that enters into a written arrangement, acceptable to CMS, with an MA organization or applicant to provide administrative services or health care services for a Medicare eligible individual under the MA program.

6. Medicare Advantage ("MA"): an alternative to the traditional Medicare program in which private plans run by health insurance companies provide health care benefits that eligible beneficiaries would otherwise receive directly from the Medicare program.

7. Medicare Advantage Organization ("MA organization"): a public or private entity organized and licensed by a State as a risk-bearing entity (with the exception of provider-sponsored organizations receiving waivers) that is certified by CMS as meeting the MA contract requirements.

8. Member or Enrollee: a Medicare Advantage eligible individual who has enrolled in or elected coverage through a Medicare Advantage Organization.

9. Provider: (1) any individual who is engaged in the delivery of health care services in a State and is licensed or certified by the State to engage in that activity in the State; and (2) any entity that is engaged in the delivery of health care services in a State and is licensed or certified to deliver those services if such licensing or certification is required by State law or regulation.

10. Related entity: any entity that is related to the MA organization by common ownership or control and (1) performs some of the MA organization's management functions under contract or delegation; (2) furnishes services to Medicare enrollees under an oral or written agreement; or (3) leases real property or sells materials to the MA organization at a cost of more than $2,500 during a contract period.

B. **Required Provisions:**

FDR agrees to the following:

1. HHS, the Comptroller General, or their designees have the right to audit, evaluate, and inspect any pertinent information for any particular contract period, including, but not limited to, any books, contracts, computer or other electronic systems (including medical records and documentation of the first tier, downstream, and entities related to CMS' contract with Company's Affiliates included in this Agreement, (hereinafter, "MA organization") through 10 years from the final date of the final contract period of the contract entered into between CMS and the MA organization or from the date of completion of any audit, whichever is later. [42 C.F.R. §§ 422.504(i)(2)(i) and (ii)] and [42 CFR §423.505]

2. HHS, the Comptroller General, or their designees have the right to audit, evaluate, collect, and inspect any records under paragraph 1 of this amendment directly from any first tier, downstream, or related entity. For records subject to review under paragraph 1, except in exceptional circumstances, CMS will provide notification to the MA organization that a direct request for information has been initiated. [42 C.F.R. §§ 422.504(i)(2)(ii) and (iii)]

3. FDR will comply with the confidentiality and enrollee record accuracy requirements, including: (1) abiding by all Federal and State laws regarding confidentiality and disclosure of medical records, or other health and enrollment information, (2) ensuring that medical information is released only in accordance with applicable Federal or State law, or pursuant to court orders or subpoenas, (3) maintaining the records and information in an accurate and timely manner, and (4) ensuring timely access by enrollees to the records and information that pertain to them. [42 C.F.R. §§ 422.504(a)(13) and 422.118] and [42 CFR §423.136]

4. Enrollees will not be held liable for payment of any fees that are the legal obligation of the MA organization. [42 C.F.R. §§ 422.504(i)(3)(i) and 422.504(g)(1)(i)] and [42 CFR §423.505(i)(3)(i)]

5. For all enrollees eligible for both Medicare and Medicaid, enrollees will not be held liable for Medicare Part A and B cost sharing when the State is responsible for paying such amounts. Providers will be informed of Medicare and Medicaid benefits and rules for enrollees eligible for Medicare and Medicaid. FDR may not impose cost-sharing that exceeds the amount of cost-sharing that would be permitted with respect to the individual under title XIX if the individual were not enrolled in such a plan. Providers will: (1) accept the MA plan payment as payment in full, or (2) bill the appropriate State source. [42 C.F.R. §§ 422.504(i)(3)(i) and 422.504(g)(1)(i)]

6. Any services or other activity performed in accordance with a contract or written agreement by FDR are consistent and comply with the MA organization's contractual obligations. [42 C.F.R. § 422.504(i)(3)(iii)] and [42 CFR §423.505(i)(3)(iii)]

7. Contracts or other written agreements between the MA organization and providers or between first tier and downstream entities must contain a prompt payment provision, the terms of which are developed and agreed to by the contracting parties. The MA organization is obligated to pay contracted providers under the terms of the contract between the MA Organization/Physician and the provider. [42 C.F.R. §§ 422.520(b)(1) and (2)]

8. FDR and any related entity, contractor or subcontractor will comply with all applicable Federal and Medicare laws, regulations, and CMS instructions. [42 C.F.R. §§ 422.504(i)(4)(v)] and [42 CFR §423.505(i)(4)(iv)]

9. If any of the MA organization's activities or responsibilities under its contract with CMS are delegated to any first tier, downstream and related entity:

(i) The delegated activities and reporting responsibilities are specified as follows:

See the Radiology Management Services Agreement, and in particular Exhibit 1 (Description of Delegated Entity Services) and Exhibit 1A (Musculoskeletal Pain Management Services Addendum) thereto

(ii) CMS and the MA organization reserve the right to revoke the delegation activities and reporting requirements or to specify other remedies in instances where CMS or the MA organization determine that such parties have not performed satisfactorily.

(iii) The MA organization will monitor the performance of the parties on an ongoing basis.

See the terms of the Radiology Management Services Agreement for specific performance-monitoring provisions.

(iv) The credentials of medical professionals affiliated with the party or parties will be either reviewed by the MA organization or the credentialing process will be reviewed and approved by the MA organization and the MA organization must audit the credentialing process on an ongoing basis.

N/A—no credentialing functions delegated.

(v) If the MA organization delegates the selection of providers, contractors, or subcontractor, the MA organization retains the right to approve, suspend, or terminate any such arrangement.

[42 C.F.R. §§ 422.504(i)(4) and (5)]

In the event of a conflict between the terms and conditions above and the terms of a related agreement, the terms above control.

Exhibit A.4

Individual Sites Regulatory Compliance Addendum (Kentucky)

PROGRAM PARTICIPATION SCHEDULE

Delegated Entity agrees to participate in the Plans and other health benefit programs listed herein:

- ■ Those Medicaid and CHIP (Children's Health Insurance Program) Plans and programs offered by Company within the Commonwealth of Kentucky

Exhibit A.5

Individual Sites Regulatory Compliance Addendum (Kentucky)

Governing Kentucky Medicaid Services

This Regulatory Compliance Addendum Governing Kentucky Medicaid Services (the "Kentucky Medicaid Addendum") shall govern the provision of Covered Services to Members who are eligible and covered under the *Managed Care Contract Between the Commonwealth of Kentucky on Behalf of Department for Medicaid Services and Coventry Health and Life Insurance Company* (the "State Contract"), under which contract Coventry Health and Life Insurance Company or its successor in interest (the "Company") serves as a managed-care organization, as well as the provision of any administrative or health-benefit management services/functions that relate to those Covered Services or to the State Contract.

The Commonwealth of Kentucky, its Finance and Administration Cabinet, its Cabinet for Health and Family Services, and/or its Department for Medicaid Services (collectively, the "State"), require that specific terms and conditions be incorporated into the Agreement. As such, this Kentucky Medicaid Addendum is incorporated by reference into the Agreement between Company and the provider, vendor, contractor, or other entity executing this Agreement (as identified on the first page thereof), and such provider, vendor, contractor, or other entity must comply with the requirements set forth herein. Note that this Kentucky Medicaid Addendum contains some, but not all, of the terms and requirements with which you must comply. Other terms and requirements with which you must comply are set forth in the Agreement and in Company's policies, procedures, and provider manual. This Kentucky Medicaid Addendum and the Agreement may be revised as directed by the State.

For purposes of this Kentucky Medicaid Addendum, the individuals who are enrolled with Company under the State Contract will be referred to as the "Members" or "Enrollees." All capitalized terms not defined in this Kentucky Medicaid Addendum shall have the respective meanings that are ascribed to them in the Agreement.

If there is any conflict between the terms of this Kentucky Medicaid Addendum and any of the other terms of this Agreement, including any attachments, schedules, exhibits, and/or addenda made part of this Agreement, the terms of this Kentucky Medicaid Addendum will govern and control with respect to the provision of Covered Services to Members who are eligible and covered under the State Contract and with respect to the provision of any administrative or health-benefit management services/functions that relate to those Covered Services or to the State Contract. Except as provided herein, all other provisions of the Agreement not inconsistent with this Kentucky Medicaid Addendum shall remain in full force and effect, and to the extent possible under applicable law, the terms of this Kentucky Medicaid Addendum shall be construed to be supplementary to, and not in conflict with, the terms and conditions of the Agreement.

The provider, vendor, contractor, or other entity identified on the first page of the Agreement acknowledges and agrees that all provisions of this Kentucky Medicaid Addendum shall apply equally to its/their employees, independent contractors, subcontractors, downstream entities, or related entities that provide Covered Services to Members who are eligible and covered under the State Contract, or that provide administrative or health-benefit management services/functions relating to those Covered Services or to the State Contract, and it/they represent and warrant that it/they shall take all steps necessary to cause such employees, independent contractors, subcontractors, downstream entities, or related entities to comply with this Kentucky Medicaid Addendum and all applicable laws and regulations.

CONTRACTUAL AND STATUTORY/REGULATORY REQUIREMENTS

E. Definitions

The following additional definitions shall apply with respect to the requirements set forth in this Kentucky Medicaid Addendum:

a. "Medically Necessary" or "Medical Necessity" – Nothwithstanding any definition thereof set forth in the Agreement, the foregoing terms shall mean Covered Services that are medically necessary as defined

under Section 2 of 907 KAR 3:130, and provided in accordance with 42 C.F.R. § 440.230, including children's services pursuant to 42 U.S.C. § 1396d(r). [State Contract § 1.0]

b. "Provider" – Any person or entity under contract with Company or Company's contractual agent that provides Covered Services to Members. [State Contract § 1.0]

c. "Subcontract" – Any agreement entered into, directly or indirectly, by Company to provide or arrange for the provision of Covered Services. The term "Subcontract" does not include a policy of insurance or reinsurance purchased by Company or its Subcontractor to limit its specific or aggregate loss with respect to Covered Services provided to Members under the State Contract, so long as Company or its risk-assuming Subcontractor assumes some portion of the underwriting risk for providing health care services to Members. [State Contract § 1.0]

d. "Subcontractor" – Any entity other than a Provider, a physician health organization, or a provider network, with which Company has entered into a written agreement for the purpose of fulfilling an obligation of Company under the State Contract. [State Contract § 1.0]

F. Requirements Applicable to Contracts and Services

1. Provision of Covered Services. Provider agrees to provide Covered Services to Members as set forth in the Agreement, including without limitation the following when such Covered Services are specified in the Agreement:

a. If a Member requires emergency medical services, Provider will provide such services on a twenty-four (24) hour per day, seven (7) day per week basis. Provider will provide urgent care services within 48 hours of request. [907 KAR 17:015, § 2; State Contract §§ 29.7, 33.3]

b. If a Member requires the services of a specialist, Provider will provide such specialty services within thirty (30) days from the referral for routine care or within forty-eight (48) hours from the referral for urgent care. [907 KAR 17:015, § 2; State Contract § 29.7]

c. Provider shall provide Covered Services to Members in accordance with the State Medicaid plan, applicable State regulations, and the relevant policies and procedures applicable to each category of Covered Services. [State Contract § 31.1]

d. Provider shall provide basic, targeted, or intensive case management services as Medically Necessary to foster children who are discharged from a hospital or other residential facility, and shall thereafter participate in appropriate discharge planning that is focused on ensuring that the needed supports and services to meet the Member's behavioral-health and physical-health needs will be provided outside of the hospital or other residential facility. [State Contract § 36.4]

e. If Provider is a PCP, Provider shall perform the PCP functions set forth in Section 28.3 of the State Contract. [State Contract § 28.3]

f. Company shall not require Provider to perform any treatment or procedure that is contrary to the Provider's conscience, religious beliefs, or ethical principles in accordance with 42 C.F.R. § 438.102. Instead, Company shall have a referral process for situations in which a Provider declines to perform a service for ethical reasons. [State Contract § 28.12]

2. Claims; Payment; Coordination of Benefits.

a. Company shall only accept from Provider the uniform claim forms that have been approved by the State and that have been completed according to State guidelines. Provider acknowledges and agrees that the date of Company's receipt of any Provider claim shall be the date as indicated on its

date stamp on the claim or other notation as appropriate to the medium used to file a claim, and that the date of payment shall be the date of the check or other form of payment. [State Contract §§ 30.1. 30.2]

b. Provider acknowledges and agrees that with respect to any Covered Services provided to Dual Eligible Members (as that term is defined in the State Contract), Company shall pay to Provider the lesser amount of: (1) Company's allowed amount minus the Medicare payment, or (2) the Medicare co-insurance and deductible up to Company's allowed amount. [State Contract § 30.4]

c. Provider/Subcontractor acknowledges and agrees that with respect to any Covered Services, Company shall be prohibited from paying for an item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) that is: (1) furnished by any individual or entity during any period when that individual or entity is excluded from participation under Title V, XVIII, or XX of the Social Security Act or sections 1128, 1128A, 1156, or 1842(j)(2) of the Social Security Act; (2) furnished at the medical direction or on the prescription of a physician, during the period when such physician is excluded from participation under title V, XVIII, or XX or pursuant to section 1128, 1128A, 1156, or 1842(j)(2) of the Social Security Act and when the person furnishing such item or service knew, or had reason to know, of the exclusion (after a reasonable time period after reasonable notice has been furnished to the person); (3) furnished by an individual or entity to whom the State has failed to suspend payments during any period when there is a pending investigation of a credible allegation of fraud against the individual or entity, unless the State determines there is good cause not to suspend such payments; (4) with respect to any amount expended for which funds may not be used under the Assisted Suicide Funding Restriction Act of 1997; (5) with respect to any amount expended for roads, bridges, stadiums, or any other item or service not covered under the State Medicaid plan; or (6) for home health care services provided by an agency or organization, unless the agency provides the State with a surety bond as specified in section 1861(o)(7) of the Social Security Act. [State Contract § 3.7(A)]

d. Upon request of Provider, Company shall provide or make available to Provider, when contracting or renewing this Agreement with such Provider, the payment or fee schedule or other information sufficient to enable Provider to determine the manner and amount of payments under the Agreement for Provider's services prior to the final execution or renewal of the Agreement, and shall provide any change in such schedules at least ninety (90) days prior to the effective date of any such amendment; provided, however, that Company may make periodic, non-material changes to its payment or fee schedules, such as updates to standard codes and guidelines developed by the American Medical Association or a similar organization, or such as changes required by the State or CMS, without prior written notice. [KRS 304.17A-527(1)(d); KRS 304.17A-577(1)(a); KRS 304.17A-577(2)]

e. In no event shall the State or any Member be liable for the payment of any debt or fulfillment of any obligation of Company, Provider/Subcontractor, or any subcontractor to any Provider/Subcontractor, supplier, out-of-network provider, or any other party, for any reason whatsoever, including the insolvency of Company or any Provider/Subcontractor. Provider/Subcontractor agrees that any contracts that Provider/Subcontractor has with its subcontractors will contain a hold harmless provision and will comply with all provisions of the Agreement. The terms and obligations set forth in this subsection shall survive the termination of the Agreement. [KRS 304.17A-527; State Contract § 13.2]

f. Provider/Subcontractor shall not directly receive payment or any type of compensation from Members for providing Covered Services. Provider/Subcontractor may not bill, charge, collect a deposit, seek compensation, remuneration, or reimbursement from, or have any recourse against Members or any persons acting on their behalf, for services rendered in accordance with the Agreement. This prohibition applies even if Company becomes insolvent, fails to pay Provider/Subcontractor for services rendered, or otherwise breaches the Agreement. This provision does not prohibit the collection from Members of State-authorized co-pays, co-insurance, or deductibles for providing Covered Services. Member co-pay, co-insurance, or deductible amounts cannot exceed the amounts specified in 907 KAR 1:604. The terms and obligations set forth in this subsection shall survive the termination of the Agreement. [KRS 304.17A-527; State Contract §§ 11.8, 14.2, and 31.4]

g. Provider/Subcontractor shall not bill a Member for Medically Necessary Covered Services, with the exception of applicable co-pays or other cost sharing requirements provided under the State Contract. If Provider/Subcontractor knowingly and willfully bills a Member for a Medicaid Covered Service, Provider/Subcontractor shall be guilty of a felony and upon conviction may be fined as defined in Section 1128B(d)(1), 42 U.S.C. § 1320a-7b of the Social Security Act. This provision shall remain in effect even if Company becomes insolvent. If a Member agrees, in advance, to pay for a service that is not a Covered Service under the State Contract, Company or Provider/Subcontractor may bill the Member for that service. The standard release form signed by a Member at the time of services does not relieve Company or Provider/Subcontractor from the prohibition against billing a Member in the absence of a knowing assumption of liability for a non-Covered Service. The form or other type of acknowledgement relevant to the Member's liability for non-Covered Services shall specifically state the services or procedures that are not covered by Medicaid. [State Contract § 31.4]

h. If Provider/Subcontractor is involved in coordination-of-benefits collections, Provider/Subcontractor shall report coordination-of-benefits information to Company. Provider/Subcontractor shall not pursue collection from the Member, but rather must pursue collection directly from the third party payer or the provider. Access to Covered Services shall not be restricted due to coordination-of-benefits collection. The State has the right to review all billing histories and other data related to coordination-of-benefits activities for Members. [State Contract § 14.1]

i. Company shall process all health care claims submitted for the provision of Covered Services to Members in accordance with KRS 304.17A-726. [KRS 304.17A-726]

j. Provider/Subcontractor acknowledges and agrees that Company shall not pay a Provider/Subcontractor for any provider-preventable condition that meets the following criteria: (1) is identified in the State Medicaid plan; (2) has been found by the State, based upon a review of medical literature by qualified professionals, to be reasonably preventable through the application of procedures supported by evidence-based guidelines; (3) has a negative consequence for the Member; (4) is auditable; and (5) includes, at a minimum, wrong surgical or other invasive procedure performed on a patient, surgical or other invasive procedure performed on the wrong body part, or surgical or other invasive procedure performed on the wrong patient. Provider/Subcontractor shall report all provider-preventable conditions associated with claims for payment or Member treatments for which payment would otherwise be made. [State Contract § 31.7]

k. Provider/Subcontractor acknowledges and agrees that Company is prohibited by applicable federal law from making payments to financial institutions located outside of the United States for items or services provided under a Medicaid state plan or waiver.

l. Company shall not be liable to make any payments for Covered Services for which Provider/Subcontractor fails to follow the preadmission authorization and eligibility verification (for inpatient or outpatient services) procedures set forth in the Agreement, the State Contract, or the Medicaid program. Furthermore, all or a portion of payment due to the Provider/Subcontractor may be denied by Company if such payment is specifically attributable to Provider/Subcontractor's rendering or ordering: (i) services that are not Medically Necessary; (ii) elective hospitalization not authorized by Company; (iii) services provided other than at an authorized level of care; (iv) services that are not Covered Services; or (v) services related to complications from a non-Covered Service. In the event Provider/Subcontractor does not agree with a denial of payment determination made, Provider/Subcontractor may file an appeal in accordance with applicable procedures. [State Contract § 28.9]

3. Any Willing Provider; Provider Application; No Discrimination. Company and Subcontractor (if Subcontractor manages a network of providers as part of the services it provides to Company under the Agreement) shall comply with the "any willing provider" statute as described in 907 KAR 1:672 and KRS 304.17A-270, as amended. Neither Company nor such Subcontractor shall require a Provider to enroll exclusively with its network to provide Covered Services under the State Contract. Nothing in the Agreement shall require or be construed to require a Provider, as a condition of participation in the Medicaid product that is the subject of the State Contract, to participate in any other products offered by Company. Company and Subcontractor (if Subcontractor manages a

network of providers as part of the services it provides to Company under the Agreement) shall comply with the terms and obligations set forth in KRS 304.17A-525, and shall allow all providers who desire to apply for network participation an opportunity to apply at any time during the year or, where Company or such Subcontractor does not conduct open continuous provider enrollment, shall conduct a provider-enrollment period at least annually with the date publicized to providers located in the geographic service area of the plan at least thirty (30) days in advance of such enrollment period. Company and Subcontractor (if Subcontractor manages a network of providers as part of the services it provides to Company under the Agreement) shall not discriminate against providers that serve high-risk populations or that specialize in conditions that require costly treatment, and shall not discriminate against a provider based upon that provider's licensure or certification. If Company or such Subcontractor declines to include a provider within its network, it shall give that affected provider written notice of the reason for its decision. Any option to terminate this Agreement without cause, or to non-renew this Agreement, that Company possesses under the terms thereof shall be subject to the "any willing provider" statute and to Provider's right to reapply for network participation, and Company will consider any such Provider reapplication consistent with the internal standards, policies, and procedures for provider participation that Company has developed in accordance with KRS 304.17A-270 and KRS 304.17A-525. [KRS 304.17A-150; KRS 304.17A-270; KRS 304.17A-525; State Contract § 29.1]

4. Anti-Gag Clause; No Retaliation. Company and Subcontractor (if Subcontractor manages a network of providers as part of the services it provides to Company under the Agreement) shall not limit a Provider's disclosure to a Member, or to another person on the Member's behalf, of any information relating to the Member's medical condition, health status, medical care, or treatment options (regardless of whether benefits for such care are provided under the State Contract), and shall not prohibit Provider from discussing all treatment options with the Member. Provider shall not be penalized, and no agreement with a Provider may be terminated, because Provider discusses Medically Necessary or clinically appropriate care with a Member or another person on the Member's behalf. Other information determined by Provider to be in the Member's best interest may be disclosed by Provider to Member or to another person on Member's behalf. Provider shall not be penalized for discussing with a Member any financial incentives and arrangements between the Provider and Company/Subcontractor, nor shall Company take any punitive action against a Provider that either supports, or requests an expedited resolution of, a Member's appeal. [KRS 304.17A-530; State Contract §§ 28.1, 28.12, 31.1]

5. Provider Grievances. Provider shall submit any grievance against Company on the State-approved provider grievance form. [State Contract § 28.9]

6. Connectivity to KHIE. If Provider is a PCP, Provider shall establish connectivity to the Kentucky Health Information Exchange ("KHIE") within one year of the effective date of this Agreement, or as otherwise determined by the State. If Provider is not a PCP, Company still encourages Provider to establish connectivity to KHIE. [State Contract § 17]

7. HEDIS and Encounter Data. Provider/Subcontractor shall submit all reports and clinical information required by Company, including but not limited to, HEDIS, EPSDT, etc., in such manner and pursuant to such timeframes requested by Company. Notwithstanding anything herein to the contrary, Provider/Subcontractor shall provide all necessary data, including but not limited to encounter and claims data, to Company in a format specified by the State in accordance with 42 C.F.R. § 438, unless otherwise agreed by the parties. Provider/Subcontractor shall report and/or submit all encounter records in an accurate and timely fashion. [State Contract §§ 16.1, 20.2, 33.1]

8. Amendments; Notice of Material Change. Company may unilaterally amend the Agreement to the extent necessary to comply with applicable federal or State law, regulatory requirements, accreditation standards, or licensing guidelines or rules ("Regulatory Amendment"). Company shall give advance written notice to Provider of such Regulatory Amendment and the effective date thereof. With respect to amendments other than Regulatory Amendments, Company shall give advance written notice to any "participating provider" of any "material change" to this Agreement, as those terms are used and defined in KRS 304.17A-578, at least ninety (90) days prior to the effective date of the amendment. If Provider is a "participating provider" as that term is used and defined in KRS 304.17A-578: (i) the material-change notice shall include a description of the material change and a statement that Provider has the option to withdraw from the Agreement prior to the material change becoming effective; and (ii) Provider shall send written notice no later than forty-five (45) days prior to the effective date of the material change if Provider opts to withdraw following notice of a material change; provided, however, if Company has not received

notice of such withdrawal within that forty-five (45) day period, Provider's silence shall constitute acceptance of such amendment. If any change to the Agreement is with respect to an existing prior authorization, precertification, notification, or referral program, or changes to an edit program or specific edits, Company shall provide notice of the change to Provider at least fifteen (15) days prior to the change. [KRS 304.17A-578]

9. Assignment. The Agreement, being intended to secure the services of and be personal to Provider/Subcontractor, shall not be assigned or transferred by Provider/Subcontractor without the prior written consent of Company. Company may assign this Agreement without the consent of Provider/Subcontractor to any Affiliate or any other entity upon thirty (30) days' prior written notice. [State Contract § 6.2(H)]

10. Provider Subcontracts. If otherwise permissible under the Agreement, if Provider enters into a subcontract agreement with another provider to provide its licensed health care services to Members where the subcontracted provider will bill Company or Members directly for the subcontracted services, the subcontract agreement must meet all requirements of Ky. Rev. Stat. Chapter 304.17A and shall be filed with the Commissioner of the Kentucky Department of Insurance in accordance with Ky. Rev. Stat. § 304.17A-527(1)(e). [KRS 304.17A-527(1)(e)]

11. State Contract Creates No Third-Party Rights. Provider/Subcontractor acknowledges that the State Contract does not, and is not intended to, create any rights, benefits, or interests to Provider/Subcontractor. [State Contract § 4.5]

12. Subcontracts. With respect to any and all Subcontracts:

a. Subcontractor shall indemnify, defend, and hold harmless the State, its officers, agents, and employees, and each and every Member from any liability whatsoever arising in connection with the State Contract for the payment of any debt of or the fulfillment of any obligation of the Subcontractor. [State Contract § 6.1]

b. Subcontractor, in the performance of its obligations, shall use only Medicaid-enrolled providers in accordance with the Agreement and the State Contract. [State Contract § 6.2(D)]

c. Subcontractor is prohibited from receiving any incentive, monetary or otherwise, for the withholding from Members of Medically Necessary Covered Services. In addition, a Subcontractor that performs utilization management activities is prohibited from receiving, and from providing to any individual or entity that performs such utilization management activities, any incentives for the denial, limit, or discontinuance of Medically Necessary Covered Services to a Member, all consistent with 42 C.F.R. §§ 422.208 and 438.6(h). [State Contract §§ 6.2(G), 21.2, 29.7]

d. Subcontractor is prohibited from assigning the Agreement or from further subcontracting without the prior written consent of the State. [State Contract § 6.2(H)]

e. The State is the intended third-party beneficiary of this Agreement and, as such, the State is entitled to all remedies that are afforded to third-party beneficiaries under the law. [State Contract § 6.2(I)]

f. Subcontractor, as required, shall timely submit encounter records in the format specified by the State so the Company can meet the specifications required by the State Contract. Subcontractor shall be responsible for transmitting all data to Company as required by 42 C.F.R. § 438. [State Contract §§ 6.2(J), 15.1]

g. Subcontractor shall comply with all provisions of the State Contract that relate to the services or activities that Company has delegated to Subcontractor under the Agreement, and Subcontractor shall furthermore comply with all applicable federal and State law and regulations, including but not limited to KRS 205.8451 through KRS 205.8483, all rules, policies, and procedures of the State, and all standards governing the provision of Covered Services and information to Members, all Quality Assessment/Performance Improvement (QAPI) requirements, all record keeping and reporting

requirements, all obligations to maintain the confidentiality of information, all rights of the State, the Office of Inspector General, the Attorney General, Auditor of Public Accounts and other authorized federal and State agents to inspect, investigate, monitor, and audit operations, all indemnification and insurance requirements, and all obligations upon termination. [State Contract § 6.2(K)]

h. Subcontractor shall cooperate with Company with respect to Company's obligation under the State Contract to monitor, on an ongoing basis, Subcontractor's performance and accreditation. Subcontractor shall be subjected to formal review by Company. [State Contract §§ 4.3(C), 6.2(L)]

i. Any Subcontractor with NCQA/URAC or other national accreditation shall provide Company with a copy of its current certificate of accreditation, along with a copy of the survey report. [State Contract § 6.2(M)]

j. Subcontractor shall report suspected fraud and abuse to Company. [State Contract § 6.2(P)]

k. If Company delegates to Subcontractor any activities or obligations of Company under the State Contract, Company may revoke such delegation or impose other sanctions if the Subcontractor's performance is inadequate, all in accordance with the terms set forth in the Agreement. [State Contract § 4.3(A)]

l. If Company identifies deficiencies or areas for improvement in the Subcontractor's performance under the Agreement, Subcontractor shall cooperate with Company in taking all necessary corrective action. [State Contract §§ 4.3(D), 6.2(N)]

m. If Company delegates to Subcontractor the selection of Providers under the Agreement, Company shall retain the right to approve, suspend, or terminate any Provider selected by that Subcontractor. [State Contract § 4.3(E)]

n. Subcontractor shall at all times remain in compliance with the requirements of 42 C.F.R. § 438. [State Contract § 4.3(F)]

o. A Subcontractor that provides Covered Services shall inform Company if that Subcontractor itself engages a subcontractor in any transaction or series of transactions, in performance of any term of the State Contract, which in one fiscal year exceeds the lesser of $25,000 or five percent (5%) of the Subcontractor's operating expense. [State Contract § 6.3]

p. Subcontractor acknowledges that the State shall have the right to invoke against Subcontractor any remedy that is set forth in the State Contract, including the right to require the termination of any Subcontract, for each and every reason for which the State may invoke such a remedy against Company or for which the State may require the termination of the State Contract. [State Contract § 6.4]

q. If Company delegates to Subcontractor any utilization-management activities or obligations, Subcontractor shall ensure that all utilization-management programs, processes, and timeframes are in accordance with 42 C.F.R. §§ 431, 438, and 456, with the private-review agent requirements of Ky. Rev. Stat. Chapter 304.17A, and with the State Contract. Such Subcontractor shall adopt Interqual or Milliman for Medical Necessity, except in the event that Interqual or Milliman is not applicable to the specific service being provided, in which case Subcontractor may use other appropriate criteria so long as (1) that criteria or standard is a nationally recognized standard of which the State Department for Medicaid Services has received prior notice, and (2) Subcontractor has confirmed that Interqual or Milliman do not, in fact, contain standards applicable to the specific service being provided. With respect to behavioral-health Medical Necessity determinations, Subcontractor shall adopt the following standardized tools: for adults, Level of Care Utilization System (LOCUS); for children, Child and Adolescent Service Intensity Instrument (CASII) or the Child and Adolescent Needs and Strengths

Scale (CANS); for young children, Early Childhood Service Intensity Instrument (ECSII); and for substance use, American Society of Addiction Medicine (ASAM). [State Contract § 21.2]

r. If Company delegates to Subcontractor any credentialing or recredentialing activities/obligations, Subcontractor shall conduct all such activities/obligations in compliance with National Committee for Quality Assurance (NCQA) standards, with 907 KAR 1:672, with applicable federal law, and with the State Contract. [State Contract § 28.2]

s. Subcontractor acknowledges (1) that neither it nor its agents, officers, or employees shall be construed to be officers or employees of the State by virtue of the Agreement or the State Contract, and (2) that neither the Agreement nor the State Contract shall be construed as a partnership or joint venture between Subcontractor and the State. [State Contract § 41.7]

t. Subcontractor acknowledges that it is aware of the requirements and penalties outlined in KRS 45A.485, has properly disclosed all information required by this statute, and will continue to comply with such requirements for the duration of the State Contract. [KRS 45A.485]

u. Subcontractor acknowledges that it is aware of the requirements of Executive Order 2015-370 (Minimum Wage for State Employees and the Commonwealth's Service Providers) and that it will pay all workers working on or in connection with the State Contract a minimum of $10.10 per hour for all regular, hourly employees and a minimum of $4.90 per hour for all tipped employees for the duration of the State Contract. [Executive Order 2015-370]

13. Pharmacy Benefits. In addition to the other requirements set forth herein that are applicable to Covered Services, with respect to pharmacy-related Covered Services:

a. Provider/Subcontractor shall administer all pharmacy benefits in accordance with the provisions and requirements of Section 32.1 of the State Contract and in accordance with all applicable State and federal laws and regulations. [State Contract § 32.1]

b. If Company delegates to Provider/Subcontractor any pharmacy-related activities or obligations under the State Contract, Provider/Subcontractor shall comply with the provisions and requirements set forth in Section 32.0 of the State Contract. [State Contract §§ 32.0–32.11]

c. Provider/Subcontractor shall cooperate with Company with respect to Company's obligation to process, adjudicate, and pay pharmacy claims in accordance with Section 32.4 of the State Contract, and to submit National Drug Code (NDC) level information on drugs and diabetic supplies, including J-code conversions consistent with CMS requirements. [State Contract §§ 32.4, 32.5]

d. Provider/Subcontractor shall comply with the pharmacy prior-authorization provisions and requirements set forth in Section 32.6 of the State Contract. [State Contract § 32.6]

e. Provider/Subcontractor shall cooperate with Company with respect to Company's obligations under the State Contract to (1) establish and maintain a generic-drug Maximum Allowance Cost (MAC) program, and (2) manage specialty pharmacy drugs. [State Contract §§ 32.7, 32.8]

14. Behavioral-Health Benefits. In addition to the other requirements set forth herein that are applicable to Covered Services, with respect to behavioral-health Covered Services:

a. Provider/Subcontractor shall administer all behavioral-health benefits in accordance with the provisions and requirements of Section 34.3 of the State Contract and in accordance with all applicable State and federal laws and regulations. [State Contract § 34.3]

b. If Company delegates to Provider/Subcontractor any behavioral-health-related activities or obligations under the State Contract, Provider/Subcontractor shall comply with the provisions and requirements set forth in Section 34.0 of the State Contract. [State Contract §§ 34.0–34.12]

c. Providers shall document DSM-V diagnosis and assessment/outcome information in the Member's medical record. [State Contract § 34.3]

d. If Provider is a PCP, Provider shall have screening and evaluation procedures for the detection and treatment of, or referral for, any known or suspected behavior-health problems and disorders. PCPs may provide any clinically appropriate behavior-health services within the scope of their practice. [State Contract § 34.7]

e. Provider shall provide behavioral-health services (1) within twenty-four (24) hours of the referral if that service requires crisis stabilization, and (2) within forty-eight (48) hours of the referral if that service is for behavioral-health urgent care. A behavioral-health service appointment following a discharge from an acute psychiatric hospital shall occur within seven (7) days of discharge, and any behavioral-health service appointment not otherwise specified in this subparagraph shall occur within sixty (60) days of the referral. [907 KAR 17:015, § 2; State Contract § 34.8]

f. Provider that is providing behavioral-health services (1) shall refer a Member with known or suspected and untreated physical-health problems to the Member's PCP for examination and treatment with the consent of the Member or the Member's legal guardian; (2) may only provide physical-health services if it is licensed to do so; (3) shall send initial and quarterly (or more frequently if clinically indicated) summary reports of the Member's behavioral-health status to the PCP with the consent of the Member or the Member's legal guardian; and (4) shall ensure that all Members receiving inpatient behavioral-health services are scheduled for outpatient follow-up and/or continuing treatment prior to discharge, with Provider ensuring that such outpatient treatment occurs within seven (7) days from the date of discharge and with Provider contacting Members who have missed an appointment within twenty-four (24) hours to reschedule that appointment. [State Contract §§ 34.7, 34.8]

g. A Provider that is providing behavioral-health services: (1) shall ensure continuity of care for successful transition of Members back into community-based supports; (2) shall participate in quarterly continuity-of-care meetings hosted by State-operated or State-contracted psychiatric hospitals; (3) shall assign a case manager prior to or on the date of discharge and provide basic, targeted, or intensive case management services as Medically Necessary to Members with severe mental illness ("SMI") and co-occuring developmental disabilities who are discharged from a State-operated or State-contracted psychiatric facility for Members with SMI; (4) shall participate in discharge planning meetings to ensure compliance with federal *Olmstead* and other applicable laws, with discharge planning focused on ensuring needed supports and services are available in the least restrictive environment to meet the Member's behavioral and physical health needs, including psychosocial rehabilitation and health promotion; (5) shall thereafter ensure the community supports are meeting the needs of the Member discharged from a State-operated or State-contracted psychiatric hospital; and (6) shall assist Members in accessing free or discounted medication through the Kentucky Prescription Assistance Program (KPAP) or other similar assistance programs. [State Contract § 34.10]

15. Access to Premises. Subcontractor shall allow duly authorized agents or representatives of the State or federal government or the independent external quality-review organization required by Section 1902(a)(30)(c) of the Social Security Act, 42 U.S.C. § 1396a(a)(30), access to Subcontractor's premises during normal business hours to inspect, audit, investigate, monitor, or otherwise evaluate Subcontractor's performance. If such access to Subcontractor is requested, Subcontractor shall provide and make staff available to assist in the audit or inspection effort, and shall provide adequate space on its premises to reasonably accommodate the State, federal, or external quality-review personnel conducting the audit, investigation, or inspection effort. In addition, Subcontractor shall produce all records, documents, or other data requested as part of such review, investigation, or audit. All inspections or audits shall be conducted in a manner as will not unduly interfere with the performance of Subcontractor's activities. [State Contract § 5.6]

16. Physician Incentive Plan Requirements. In the event compensation to Provider under the Agreement includes Physician Incentive Plans as defined by federal law, those Physician Incentive Plans shall comply with 42 C.F.R. §§ 417.479, 422.208, 422.210, and 438.6(h). Company shall make no specific payment directly or indirectly under a Physician Incentive Plan to Provider as an inducement to reduce or limit Medically Necessary Covered Services furnished to a Member. The Physician Incentive Plans shall not contain provisions that provide incentives, monetary or otherwise, for the withholding of Medically Necessary care. Company shall disclose to CMS information on Physician Incentive Plans in accordance with 42 C.F.R. §§ 417.479(h)(1) and 417.479(l) and at the times indicated in 42 C.F.R. § 417.479(d)–(g). Provider further acknowledges and agrees that in the event Provider is deemed to be at substantial financial risk under applicable Physician Incentive Plan regulations, Provider shall (i) cooperate and assist Company in conducting satisfaction surveys of Members using the Provider's services, and (ii) obtain, at Provider's sole expense, any additional stop loss insurance required pursuant to the Physician Incentive Plan regulations. In the event Provider must obtain stop loss insurance pursuant to the Physician Incentive Plan regulations, Provider shall obtain a stop loss policy with the following terms: (i) the policy is guaranteed renewable; (ii) termination of the policy shall not affect or reduce the policy insurer's obligation to cover, or responsibility for coverage of, the Provider's claims for Covered Services provided to Members during the term of such policy and which are covered under the applicable Plan; and (iii) the policy insurer will provide notice of termination or cancellation of the policy to Company. Bonus amounts paid pursuant to the Agreement, if any, shall not exceed 33% of the maximum payments possible to Provider for services that Provider furnishes directly to Members. [State Contract §§ 11.6, 11.7]

17. Stop-Loss Coverage. If Provider assumes substantial financial risk for contracted services, Provider shall maintain adequate stop-loss protection, sufficient proof of which, including the amount and type of stop-loss coverage maintained, shall be provided to Company by Provider upon request. [State Contract § 13.5]

18. Quality Assessment/Performance Improvement (QAPI) Program. Provider/Subcontractor shall participate in Company's Quality Assessment/Performance Improvement program activities (including but not limited to submission of complete encounter records), shall cooperate with Company with respect to Company's QAPI obligations under the State Contract, and shall cooperate with Company's Quality Improvement Committee. [907 KAR 17:025, § 6; State Contract §§ 19.1–19.4, 38.5]

19. Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Program. Provider/Subcontractor shall provide (and if Company delegates to Subcontractor the selection of Providers under the Agreement, Subcontractor shall ensure that its contracted Providers provide) EPSDT services to Members in compliance with the State Contract (and in particular Section 33.1 thereof), with 907 KAR 1:034, and with any policy statements issued by the State or CMS during the term thereof. Provider/Subcontractor shall also cooperate with Company with respect to Company's obligations under the State Contract to submit EPSDT reports to the State. [State Contract §§ 33.1, 38.9]

20. Third Party Liability. Provider/Subcontractor acknowledges and agrees that Medicaid payment, under the State Contract or otherwise, is secondary to other sources of payment for Covered Services provided to Members, and that Medicaid (and consequently Company, as a Medicaid MCO of the State) is the payer of last resort. Provider/Subcontractor furthermore acknowledges and agrees that when Company is aware of third-party sources of payment for Covered Services, Company is required by the State Contract to "cost avoid" (*i.e.*, deny) the associated claim and to redirect Provider/Subcontractor to bill that third-party source of payment as the primary payor. [State Contract § 14.2]

21. Cooperation with Company. Provider/Subcontractor shall cooperate with Company with respect to Company's obligations under the State Contract, including without limitation:

a. Company's obligation to assist the State with its planning process for the State's CMS/CMMI State Innovative Model Design Award initiative, which involves the State partnering with health-system stakeholders to develop a State Healthcare Innovation Plan (SHIP). [State Contract § 5.7]

b. Company's obligation to notify the State of the existence and nature of any capitation agreement that Company has with Provider/Subcontractor pursuant to which Provider/Subcontractor

assumes risk, including without limitation information relating to how Provider/Subcontractor pays its downstream providers/subcontractors for providing Covered Services to Members. [State Contract § 6.5]

c. Company's obligation to cooperate with the State as part of any readiness review under the State Contract. [State Contract § 8.1]

d. Company's obligation to submit financial and expense-related reports/data to the State relating to the Risk Corridor Payment Adjustment and the Medical Loss Ratio Adjustment set forth in the State Contract. [State Contract §§ 11.4, 11.5]

e. Company's obligation to investigate, pursue, and report on coordination-of-benefit and third-party-liability resources and recoveries. [State Contract §§ 14.1, 14.2, 38.4]

f. Company's obligation to assist the State with verification that Providers are meeting the requirements of the Electronic Health Records Incentive Payment Program. [State Contract § 18.0]

g. Company's obligation to submit HEDIS reports/data to the State as set forth in the State Contract. [State Contract §§ 20.1–20.3]

h. Company's obligation to develop and implement Performance Improvement Projects as set forth in the State Contract. [State Contract § 20.5]

i. Company's obligation to provide orientation, education, and training for Providers as set forth in the State Contract. [State Contract § 28.5]

j. Company's obligation to reduce unnecessary emergency room visits so that the determination of non-emergent visits is reduced to no more than two (2%) percent in a rolling three (3) month period for that particular Medicaid region in the State. [State Contract § 29.7(J)]

k. Company's obligation to submit to the State claims-level cost data for payment-verification purposes relating to the State's supplemental payments, if any, under Section 30.11 of the State Contract. [State Contract § 30.11]

l. Company's obligation to conduct health risk assessments (HRAs) of Members as set forth in the State Contract. [State Contract § 35.1]

m. Company's obligation to perform care coordination and develop care plans for Members as set forth in the State Contract. [State Contract § 35.3]

n. Company's obligation to assist the State with its development of health homes for Company's medically complex Members. Once approved by CMS, Provider/Subcontractor shall comply with any health home program developed by the State. [State Contract § 35.4]

o. Company's obligation to coordinate with the Women, Infants and Children (WIC) program, including provision of medical information to the WIC program by Providers if requested by WIC agencies and if permitted by applicable law. [State Contract § 35.5]

p. Company's obligation to participate in transition planning and continued care coordination for Members with SMI who are transitioning from licensed personal-care homes, psychiatric hospitals, or other institutional settings to integrated, community-based housing, including the performance of a comprehensive physical and behavioral-health assessment designed to support the successful transition to community-based housing within fourteen (14) days of the transition. [State Contract § 36.6]

q. Company's obligation to respond to any letter of concern, written deficiency notice, or request for a corrective action plan that Company receives from the State relating to Subcontractor or the services that are within the scope of the Agreement. [State Contract § 40.4]

22. Hospitalists. Nothing in the Agreement shall require, or be construed to require, the mandatory use of a hospitalist (defined as a physician of record at a hospital for a patient of a participating physician and who may return the care of the patient to that physician at the end of the hospitalization). [KRS 304.17A-532]

23. Licensing/Certification. Provider/Subcontractor shall meet all appropriate licensing and contract requirements specified in applicable State and federal laws and regulations. This includes certification, where required, to provide those health care services in the State as set forth in the Agreement, including certification under CLIA, if applicable. Where applicable, Provider/Subcontractor shall have a valid Drug Enforcement Agency registration number and valid NPI and taxonomy. [State Contract § 3.5]

24. Notice of Legal Action. Subcontractor shall provide written notice to Company of any legal action or notice listed below, within ten (10) days following the date Subcontractor receives written notice of:

a. Any action, proposed action, lawsuit, or counterclaim filed against Subcontractor related in any way to the Agreement or the State Contract;

b. Any administrative or regulatory action, or proposed action, respecting the business or operations of Subcontractor related in any way to the Agreement or the State Contract;

c. Any notice received by Subcontractor from the Kentucky Department of Insurance or the Kentucky Cabinet for Health and Family Services;

d. Any claim made against Subcontractor by a Member having the potential to result in litigation related in any way to the Agreement or the State Contract;

e. The filing of a petition in bankruptcy by or against Subcontractor, or the insolvency of Subcontractor; and

f. The payment of a civil fine or conviction of any person who has an ownership or controlling interest in Subcontractor, or who is an agent or managing employee of Subcontractor, of a criminal offense related to that person's involvement in a program under Medicare, Medicaid, or Title XX of the Social Security Act, or of fraud, or unlawful manufacture, distribution, prescription, or dispensing of a controlled substance, as specified in 42 U.S.C. § 1320a-7.

[State Contract 41.4]

25. Termination of Agreement and Effect Thereof. In the event the Agreement is terminated, such termination shall not constitute termination of any other agreement that Provider/Subcontractor has entered into with Company or an Affiliate of Company unless otherwise agreed to in writing by the Parties. Furthermore, in the event this Kentucky Medicaid Addendum is terminated, such termination shall not constitute termination of any other Product Addendum or Product Participation that Provider/Subcontractor has entered into with Company pursuant to the Agreement unless otherwise agreed to in writing by the Parties. In addition:

a. In the event of a breach of the Agreement by Company, the termination of the Agreement, or the insolvency of Company, Provider/Subcontractor shall provide all services and fulfill all of its obligations pursuant to the Agreement for the remainder of any month for which the State has made payments to Company, and shall fulfill all of its obligations respecting the transfer of Members to other Providers/Subcontractors, including record maintenance, access, and reporting requirements, all such covenants, agreements, and obligations of which shall survive the termination of the State Contract and the Agreement. The terms and obligations set forth in this subsection shall survive the termination of the Agreement. [KRS 304.17A-527(1)(c); State Contract §§ 6.1, 40.8]

b. In the event of termination for any reason other than a quality of care issue or fraud, Company shall continue to reimburse Provider/Subcontractor in accordance with the Agreement until the Member is discharged from an inpatient facility, or the active course of treatment is completed, whichever time is greater; and in the case of a pregnant woman, services shall continue to be provided through the end of the post-partum period if the pregnant woman is in her fourth or later month of pregnancy at the time the Agreement is terminated. The terms and obligations set forth in this subsection shall survive the termination of the Agreement. [KRS 304.17A-527(1)(b)-(c); State Contract § 40.8]

c. Company and/or Subcontractor (if Subcontractor manages a network of providers as part of the services it provides to Company under the Agreement) shall terminate from participation any Provider that (i) engaged in an activity that violates any law or regulation and results in suspension, termination, or exclusion from the Medicare or Medicaid program; (ii) has a license, certification, or accreditation terminated, revoked, or suspended; (iii) has medical staff privileges at any hospital terminated, revoked, or suspended; or (iv) engaged in behavior that is a danger to the health, safety, or welfare of Members. Company and such Subcontractor may also terminate the participation of any Provider that has materially breached the Agreement and has failed to timely and adequately cure such breach. [State Contract § 29.6]

26. Protected Health Information. Provider/Subcontractor shall abide by the same statutes and regulations regarding the confidentiality of protected health information that Company is itself subject to under the State Contract and state and federal law, including the Health Insurance Portability and Accountability Act (42 U.S.C. § 1320d) and 45 CFR Parts 160 and 164. Company shall conduct HIPAA privacy and security audits of Provider/Subcontractor as prescribed by the State. This confidentiality provision shall survive termination of the Agreement. [State Contract § 39.1, 39.2, 41.15]

27. Access to Records. Provider/Subcontractor shall make all of its books, documents, papers, records, medical records, data, surveys, computer databases, or other evidence (collectively, the "Records") available for examination, audit, and/or program review by the State, the Finance and Administration Cabinet, the Auditor of Public Accounts, the Legislative Research Commission, the Attorney General of the State, the Kentucky Department of Insurance, the U.S. Department of Health and Human Services, CMS, the Office of Inspector General Comptroller, authorized federal or State personnel, and the authorized representatives of the governments of the United States and the State including, without limitation, any employee, agent, or subcontractor of the State, CMS, or the State's fiscal agent, for a period of five (5) years after termination of the State Contract, except when an audit has been conducted or audit findings are unresolved. In such case, Records shall be kept for a period of five (5) years in accordance with 907 KAR 1:672, or as amended or until all audit issues are finally resolved, whichever is later. Access shall be at the discretion of the requesting authority and shall be either through onsite review of Records or by submission of Records to the office of the requesting authority. Any Records requested shall be produced immediately for onsite reviews or sent to the requesting authority by mail within fourteen (14) days following a request. All Records shall be provided at the sole cost and expense of Provider/Subcontractor including, without limitation, any costs associated with making excerpts or transcripts, copying, reproducing, shipping, and/or mailing of records. The State shall have unlimited rights to use, disclose, and duplicate, for any purpose whatsoever, all information and data developed, derived, documented, or furnished by Provider/Subcontractor. [State Contract §§ 38.2, 39.1, 41.17, 41.21]

28. Medical Records. With respect to medical records:

a. In addition to the requirements set forth in the Agreement, Provider/Subcontractor shall maintain Member medical records on paper or in an electronic format. Provider/Subcontractor shall maintain Member medical records in a timely, legible, current, detailed, and organized manner to permit effective and confidential patient care and quality review. Complete medical records include, but are not limited to, medical charts, prescription files, hospital records, provider specialist reports, consultant and other health care professionals' findings, appointment records, and other documentation sufficient to disclose the quantity, quality, appropriateness, and timeliness of services provided under the State Contract. Medical records shall be signed by the Provider/Subcontractor, as the case may be. [907 KAR 17:015, § 12; State Contract § 28.7]

b. Although the medical records are the property of the Provider/Subcontractor that generates the record, each Member or the Member's representative is entitled to one (1) free copy of his/her medical record. Additional copies shall be made available at cost. Provider/Subcontractor shall preserve and maintain Member medical records for no less than five (5) years unless federal requirements mandate a longer retention period (*i.e.,* immunization and tuberculosis records shall be maintained for a Member's lifetime). [907 KAR 17:015, § 12; State Contract § 28.7]

c. Provider/Subcontractor's medical records shall meet the medical record standards that Company and the State Contract require for medical-chart organization and documentation, for the contents of the medical record, and for individual clinical-encounter documentation. Medical records will reflect all aspects of patient care, including ancillary services. Additionally, a PCP's primary medical record for each Member must contain sufficient medical information from all providers involved in that Member's care to ensure continuity of care. [State Contract § 28.7]

d. If any Covered Service provided by Provider/Subcontractor requires completion of a specific form (*e.g.*, hospice, sterilization, hysterectomy, or abortion), the form shall be properly completed according to the appropriate Kentucky Administrative Regulation (KAR). Provider/Subcontractor shall retain that form in the event of an audit and a copy shall be submitted to the State upon request. [State Contract § 31.1]

e. If a Member changes PCPs, Provider/Subcontractor shall forward the medical records or copies thereof to the new PCP or provider within ten (10) days of the request. The PCP shall have the Member sign a release of medical records before a medical record transfer occurs. [State Contract § 39.1]

29. Licensing Requirements; Malpractice Insurance.

a. Provider/Subcontractor shall be properly licensed in accordance with all applicable State laws and regulations and shall have in effect a current policy of malpractice insurance as Company may require. [State Contract, Appendix J]

b. Provider/Subcontractor shall comply with Company's verification of Provider/Subcontractor's credentials and insurance coverage, including without limitation completing a credentialing application in accordance with the State's policies and procedures. [907 KAR 17:015, § 4; State Contract, Appendix J]

c. Provider cannot enroll or continue participation in Company's network if Provider has active sanctions imposed by Medicare or Medicaid or SCHIP, if the Provider's required licenses and certifications are not current, if the Provider owes money to the Medicaid Program, if the office of the Attorney General has an active fraud investigation involving the Provider, or if the Provider otherwise fails to satisfactorily complete the credentialing process. [State Contract § 29.3]

30. Disclosure of Ownership and Control.

a. Consistent with federal disclosure requirements described in 42 C.F.R. § 455.100 through 42 C.F.R. § 455.106 and 42 C.F.R. § 438.610, and to ensure that Company does not make a payment to an individual or entity that has been criminally convicted of a felony, is debarred, suspended, or otherwise excluded from participating in federal health care programs, or is excluded from participating in procurement activities under the Federal Acquisition Regulation, or from participating in non-procurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order No. 12549, Provider/Subcontractor shall disclose to Company: any required ownership and control, relationship, and financial interest information; any changes to ownership and control, relationship, and financial interest information; and information on any criminal convictions regarding Provider/Subcontractor and any owner(s) and managing employee(s) at the time this Agreement is executed and annually thereafter, and any time there are changes to such information. [State Contract § 38.15]

b. No Provider, no individual who has a direct or indirect ownership or controlling interest of 5% or more of that Provider, and no officer, director, agent, or managing employee (*i.e.*, general manager, business manager, administrator, director, or like individual who exercises operational or managerial control over that Provider or who directly or indirectly conducts the day-to-day operation of that Provider) shall be an entity or individual: (1) who has been convicted of any offense under Section 1128(a) of the Social Security Act (42 U.S.C. § 1320a-7(a)) or of any offense related to fraud or obstruction of an investigation or a controlled substance described in Section 1128(b)(1)–(3) of the Social Security Act (42 U.S.C. § 1320a-7(b)(1)–(3)); (2) against whom a civil monetary penalty has been assessed under Section 1128A or 1129 of the Social Security Act (42 U.S.C. §1320a-7a; 42 U.S.C. §1320a-8); or (3) who has been excluded from participation in a program under Title XVII, 1902(a)(39) and (41) of the Social Security Act, Section 4724 of the Balanced Budget Act or under a State health care program. [State Contract § 3.6]

31. Orientation and Training. Provider shall require its officers and medical staff to attend initial orientation conducted by Company within thirty (30) days after Provider is placed on active status, and shall require same to attend any ongoing orientation and education required by Company as necessary to ensure full compliance with the State Contract and all applicable federal and State requirements. [907 KAR 17:015, § 7; State Contract § 28.5]

32. Advances and Loans. Company shall not, without thirty (30) days' prior written notice to and approval of State, make any advances to Subcontractor (not including capitation payments or payments made by Company to Company's network for the provision of Covered Services). [State Contract § 13.4]

33. Marketing Activities. Provider/Subcontractor shall comply with all allowable and unallowable marketing activities and practices pursuant to 42 C.F.R. § 438.104, and shall submit to Company for its review any marketing or information materials of Provider/Subcontractor that relate to the State Contract, prior to disseminating same. The State shall have the same approval authority for Subcontractor marketing materials as over Company's materials. [State Contract §§ 26.1, 26.2]

34. Advance Medical Directives. If Provider is a PCP, Provider shall have the responsibility to discuss advance medical directives with all adult Members at the first medical appointment of a Member and chart that discussion in the medical record of such Member. [State Contract §§ 28.3 & 28.8]

35. Accounting System. Provider/Subcontractor shall maintain its accounting systems in accordance with statutory accounting principles, generally accepted accounting principles, or other generally accepted systems of accounting. The accounting system shall clearly document all financial transactions between Company and Provider/Subcontractor. These transactions shall include, but not be limited to, claims payment, refunds, and adjustment of payments. [State Contract § 38.14]

36. Compliance with Laws. Provider/Subcontractor shall adhere to the mandates dictated by Titles VI and VII of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; the Age Discrimination Act of 1975; the Vietnam Era Veterans' Readjustment Assistance Act of 1974; the Americans with Disabilities Act of 1990, as amended; the Rehabilitation Act of 1973, as amended; Sec. 202 of Executive Order 11246, as amended; and all requirements imposed by or pursuant to the regulations of the U.S. Department of Health and Human Services. Provider/Subcontractor shall not discriminate in the rendering of services to and/or employment of individuals because of race, gender, color, religion, sex, age, national origin, sexual orientation, gender identity, handicap, political beliefs, disabled veteran status, veteran status, or any other non-merit factor. Subcontractor shall cooperate with Company with respect to Company's obligation under the State Contract to monitor, through quality-assurance audits and otherwise, Subcontractor's compliance with the nondiscrimination provisions set forth in this Kentucky Medicaid Addendum. Subcontractor must also comply with the rules and regulations prescribed by the United States Department of Labor in accordance with 41 C.F.R. Parts 60-741, and regulations of the United States Department of Labor recited in 20 C.F.R. Part 741, and Section 504 of the Federal Rehabilitation Act of 1973 (Public Law 93-112). In accordance with Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d *et seq.*) and its implementing regulation at 45 C.F.R. Part 80, Provider/Subcontractor must take adequate steps to ensure that persons with limited English skills receive, free of charge, the language assistance necessary to afford them meaningful and equal access to the benefits and services provided under this Agreement.

Provider/Subcontractor's locations shall meet all requirements of the Americans with Disabilities Act and all State and local requirements pertaining to adequate space, supplies, sanitation, and fire and safety procedures that are applicable to health care facilities. [State Contract §§ 5.3, 5.4]

37. State Hold Harmless. Provider/Subcontractor shall indemnify, defend, save, and hold harmless the State and its officers, agents, and employees (collectively, the "State Indemnified Parties") from all claims, demands, liabilities, suits, judgments, or damages, including court costs and attorney fees made or asserted against or assessed to the State Indemnified Parties, arising out of or connected in any way with the State Contract or the performance or nonperformance by Company, by Provider/Subcontractor, or by any officers, agents, employees, suppliers, subcontractors, or providers of any of the foregoing, including without limitation any claim attributable to:

a. The improper performance of any service, or improper provision of any materials or supplies, irrespective of whether the State knew or should have known such service, supplies, or materials were improper or defective;

b. The erroneous or negligent acts or omissions, including without limitation the disregard of federal or State law or regulations, irrespective of whether the State knew or should have known of such erroneous or negligent acts;

c. The publication, translation, reproduction, delivery, collection, data processing, use, or disposition of any information to which access is obtained pursuant to the State Contract in a manner not authorized by the State Contract or by federal or State law or regulations, irrespective of whether the State knew or should have known of such publication, translation, reproduction, delivery, collection, data processing, use, or disposition; or

d. Any failure to observe federal or State law or regulations, including but not limited to insurance and labor laws, irrespective of whether the State knew or should have known of such failure.

[State Contract § 13.2]

Exhibit A.6

Individual Sites Regulatory Compliance Addendum (Louisiana)

PROGRAM PARTICIPATION SCHEDULE

Delegated Entity agrees to participate in the Plans and other health benefit programs listed herein:

- Those Louisiana Medicaid and CHIP Plans and programs offered by Company within the State of Louisiana. Includes Bayou Health, Managed Long Term Services and Supports, Behavioral Health, Basic Health Plans, Bridge Plans or other health plans offered to Medicaid-eligible enrollees.
- Those Medicare plans for Medicaid enrollees offered by Company within the State of Louisiana. Includes Medicare D-SNP and integrated Medicare-Medicaid Plans.
- Those Qualified Health Plans, whether purchased on the exchange or in the private market, offered by Company within the State of Louisiana.

Individual Sites Regulatory Compliance Addendum – Exhibit A.7

Louisiana Medicaid/CHIP Compliance Addendum

This Compliance Addendum ("Addendum") is incorporated by reference into the Agreement. This Addendum applies to Medicaid and CHIP products, including the Bayou Health Program and the eligible populations covered by the State Contract. The provisions in this Addendum are required by the Bayou Health Program of all health care providers, downstream services providers, and subcontractors, including but not limited to suppliers and/or vendors, of Aetna Better Health, Inc. d/b/a Aetna Better Health of Louisiana.

For purposes of this Addendum, the term "Supplier" shall mean the individual or entity executing the Agreement, which may be a health care physician, provider, group, facility, hospital or an individual or entity.
The Bayou Health RFP can be found at:
http://dhh.louisiana.gov/assets/docs/contracts/BayouHealthPrepaidFINAL72814.pdf

If there is any conflict between the terms of this Addendum and any of the other terms of the Agreement, including any attachments, schedules, exhibits and/or addenda made part of the Agreement, the terms of this Addendum will govern and control; provided, however, if there is any conflict between any of the terms of the Agreement, including this Addendum, and the State Contract, as and if amended, then the terms of the State Contract will govern and control. If any requirement in the Agreement or this Addendum is determined by DHH to conflict with the contract between DHH and Company, such requirement shall be null and void and all other provisions shall remain in full force and effect.

To the extent applicable to services provided by Supplier pursuant to the Agreement, the following provisions apply.

I. DEFINITIONS

Bayou Health (or Bayou Health Program). The full risk-bearing MCO health care delivery system, authorized by La. R.S. 36:254 and operated by DHH under the authority of the State Plan Amendment, responsible for providing specified Medicaid core benefits and services included in the Louisiana Medicaid State Plan to Medicaid recipients.

Behavioral Health Services ("BHS"). Mental health and substance abuse services, which are provided to Enrollees with emotional, psychological, substance abuse, psychiatric symptoms and/or disorders. BHS may be basic or specialized. Basic BHS are provided in the Enrollee's PCP office by the Enrollee's PCP as part of primary care service activities, as well as those services provided in an FQHC ("Federally Qualified Health Center"). Specialized mental health services shall include, but not be limited to, services specifically defined in the Medicaid State Plan (or as otherwise authorized by the Bayou Health program) and provided by a psychiatrist, psychologist, and/or mental health rehabilitation provider to those Enrollees with a primary diagnosis of a behavioral disorder.

Children's Health Insurance Program ("CHIP"). The program created in 1997 by Title XXI of the Social Security Act and known in Louisiana as CHIP.

Claim. In addition to the provisions of this Agreement, Claim means (1) a bill or services, (2) a line item of service or (3) all services for one recipient within a bill.

Clean Claim. A Clean Claim means one that can be processed without obtaining additional information from the provider of the service or from a third party. It includes a Claim with errors originating in a State's Claims system. It does not include a Claim from a provider who is under investigation for fraud or abuse, or a Claim under review for medical necessity.

Covered Services. Those health care services/benefits to which an individual eligible for Medicaid/CHIP is entitled under the Louisiana Medicaid State Plan.

Emergency Services. Covered inpatient and outpatient services that are furnished by a provider that is qualified to furnish these services under 42 C.F.R. § 438.114(a) and Section 1932(b)(2) of the Social Security Act and that are needed to screen, evaluate and stabilize an emergency medical condition. Services defined as such under Section

1867(e) of the Social Security Act ("anti-dumping provisions"). If an emergency medical condition exists, the MCO is obligated to pay for the Emergency Service. Coverage of Emergency Services must not include any prior authorization requirements, and the "prudent layperson" standard shall apply to both in-plan and out-of-plan coverage.

Enrollee. A Louisiana Medicaid or CHIP recipient who is currently enrolled in an MCO or other Medicaid managed care program.

Louisiana Department of Health and Hospitals ("DHH"). The state department responsible for promoting and protecting health and ensuring access to medical, preventive and rehabilitative services for all citizens in the state of Louisiana.

Louisiana Medicaid State Plan. The binding written agreement between DHH and CMS, which describes how the Medicaid program is administered and determines the services for which DHH will receive federal financial participation.

Managed Care Organization ("MCO"). A private entity that contracts with DHH to provide core benefits and services to Enrollees in exchange for a monthly prepaid capitated amount per Member. The entity is regulated by the Louisiana Department of Insurance with respect to licensure and financial solvency, pursuant to La. R.S. 22:1016, but shall, solely with respect to its products and services offered pursuant to the Louisiana Medicaid program be regulated by DHH.

Managed Care Program. The Louisiana Medicaid program providing statewide leadership to most effectively utilize resources to promote the health and well-being of Enrollees in the Bayou Health Program.

Material Changes. Material Changes are changes affecting the delivery of care or services provided under the State Contract. Material Changes include, but are not limited to, changes in composition of the provider network, subcontractor network, the MCO's complaint and grievance procedures; health care delivery systems, services, changes to expanded services; benefits; enrollment of a new population; procedures for obtaining access to or approval for health care services; any and all policies and procedures that require DHH approval prior to implementation; and the MCO's capacity to meet minimum enrollment levels. DHH shall make the final determination as to whether a change is material.

Medicaid. A means tested federal-state entitlement program enacted in 1965 by Title XIX of the Social Security Act Amendment. Medicaid offers federal matching funds to states for costs incurred in paying health care providers for serving covered individuals.

Medical Record. A single complete record kept at the site of the Member's treatment(s), which documents medical or allied goods and services, including, but not limited to, outpatient and emergency medical health care services whether provided by the MCO, its subcontractor or any out-of-network providers. The records may be electronic, paper, magnetic material, film or other media. In order to qualify as a basis for reimbursement, the records must be dated, legible and signed or otherwise attested to, as appropriate to the media, and meet the requirements of 42 C.F.R. § 456.111 and 42 C.F.R. § 456.211.

Medically Necessary or Medical Necessity. Those health care services that are in accordance with generally accepted, evidence-based medical standards or that are considered by most physicians (or other independent licensed practitioners) within the community of their respective professional organizations to be the standard of care. In order to be considered medically necessary, services must be: (1) deemed reasonably necessary to diagnose, correct, cure, alleviate or prevent the worsening of a condition or conditions that endanger life, cause suffering or pain or have resulted or will result in a handicap, physical deformity or malfunction; and (2) not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease. Any such services must be clinically appropriate, individualized, specific and consistent with symptoms or confirmed diagnosis of the illness or injury under treatment, and neither more nor less than what the recipient requires at that specific point in time. Services that are experimental, non-FDA approved, investigational, or cosmetic are specifically excluded from Medicaid

coverage and will be deemed "not medically necessary." Additionally, the Medicaid director, in consultation with the Medicaid medical director, may consider authorizing services at his discretion on a case-by-case basis.

Member. As it relates to the Louisiana Medicaid/CHIP programs, the State Contract and this Agreement, Member refers to a Medicaid/CHIP eligible who enrolls in an MCO under the provisions of the State Contract and also refers to an "Enrollee" as defined in 42 C.F.R. § 438.10(a).

Policies. In addition to the policies and procedures promulgated by Company, which relate to the duties and obligations of the Parties under the terms of this Agreement, Policies include the general principles by which DHH is guided in its management of the Title XIX program, as further set forth and defined by DHH promulgations and by state and federal rules and regulations.

Post-Stabilization Care Services. Covered Services relating to an Emergency Medical Condition that are provided after a Member is stabilized in order to maintain, improve or resolve the Member's condition, pursuant to 42 C.F.R. § 422.113(c)(1) and § 438.114.

Primary Care Provider ("PCP"). An individual physician, nurse practitioner or physician assistant who accepts responsibility for the management of a Member's health care. The Primary Care Provider is the patient's point of access for preventive care or an illness and may treat the patient directly, refer the patient to a specialist (secondary/tertiary care) or admit the patient to a hospital.

State Contract. The written agreement between Company and DHH, the Government Sponsor, a copy of which shall be furnished to Supplier upon request. The State Contract is comprised of and incorporates all provisions of the RFP and any addenda, appendices, attachments or amendments thereto, as well as any member handbook, provider handbook and/or other applicable policy guides, manuals and materials. [RFP §2.3.2]

2. SUPPLIER SERVICES AND OBLIGATIONS

2.1 Licensing Requirements. Supplier must be currently licensed and/or certified under applicable state and federal statutes and regulations and shall maintain, throughout the term of this Agreement, all necessary licenses, certifications, registrations and permits as are required to provide Covered Services or perform other activities delegated by Company. If DHH or Company discovers that Supplier is not properly licensed by the appropriate authority, Supplier shall immediately discontinue providing services to Members. Upon proper licensing by the appropriate authority and approval by DHH, Company may reinstate Supplier to provide services to Members. [RFP §14.5.1 & Appendix O, #14]

2.2 Suspension or Debarment. Supplier acknowledges and understands that Company shall not execute contracts with any provider who has been excluded from participation in the Medicare and/or Medicaid programs pursuant to § 1128 (42 U.S.C. § 1320a-7) or § 1156 (42 U.S.C. § 1320 c-5) of the Social Security Act or who are otherwise barred from participation in the Medicaid and/or Medicare programs. Supplier further acknowledges that Company is prohibited from entering into any relationship with anyone debarred, suspended or otherwise excluded from participating in procurement activities under the Federal Acquisition Regulation or from non-procurement activities under regulations issued under Executive Orders or state adverse actions. [RFP § 4.1.2, 7.13.6, 15.1.11 & 25.13.1]

2.3 Supplier Services Requirements. Supplier must provide, or arrange for the provision of, Covered Services or coverage of core benefits and services in the amount, duration and scope of core benefits and services specified in the Louisiana Medicaid State Plan, as well as all specific requirements of the State Contract, services under this Agreement to Members through the last day that this Agreement is in effect. Supplier acknowledges that all final Medicaid benefit determinations are within the sole and exclusive authority of DHH or its designee. In the event that Supplier is unable or unwilling to provide services to Members, Supplier shall notify Company within one (1) business day. [RFP §7.11.6 & Appendix O, #12 & 15]

2.4 Fraud and Abuse Policies. To the extent applicable, Supplier, on behalf of itself and any subcontractors, agrees to comply with applicable provisions of the State Contract and Company's Fraud and Abuse Compliance Plan or other compliance program developed by Company to prevent, reduce, detect, correct and report known or

suspected fraud, waste and abuse in the administration and delivery of health care services. Supplier shall abide by all requirements of the State Contract regarding right of review and recovery by Company and DHH for possible acts of fraud, waste and abuse for services under this Agreement, including those rules governing complex reviews and potential overpayments and/or underpayments. As a condition of receiving any amount of payment, Supplier shall comply with Section 15 of the RFP. [§15.1.1, 15.1.19, 15.1.22 & 25.20]

2.5 Byrd Anti-Lobbying Amendment. Supplier further agrees to comply with the Byrd Anti-Lobbying Amendment, which provides that contractors who apply or submit bids shall file the required certification that each tier will not use federal funds to pay a person or employee or organization for influencing or attempting to influence an officer or employee of any federal agency, a member of Congress, officer or employee of Congress or an employee of a member of Congress in connection with obtaining any federal contract, grant or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with nonfederal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier, up to the recipient (45 C.F.R. § 3). [RFP §25.2.1.13]

2.6 Referrals. As applicable to services provided under the Agreement, Supplier shall adhere to Company's referral system and guidelines to ensure that services are furnished to Enrollees promptly and without compromise to care. Supplier agrees to cooperate with Company with requested reporting and monitoring activities regarding referrals and ensure that documentation of specialty health care and out-of-network referrals, services and follow-up activities are included in the Medical Record maintained by the Member's PCP. Supplier also agrees to adhere to Company's procedures and criteria for making referrals and coordinating care with behavioral health providers and agencies that will promote continuity, as well as, cost-effective care. [RFP §§6.28 & 6.34.7]

2.7 Responsibilities of Primary Care Providers. If Supplier is a PCP, the PCP shall serve as the member's initial and most important point of interaction. The PCP shall also be responsible for the following: [RFP §7.8.2]

(a) Managing and coordinating the medical and health care needs of members to assure that all Medically Necessary services are made available in a timely manner;

(b) Referring patients to subspecialist and subspecialty groups and hospitals as they are identified for consultation and diagnostics according to evidence-based criteria for such referrals as it is available;

(c) Communicating with all other levels of medical care to coordinate and follow-up the care of individual patients;

(d) Providing the coordination necessary for the referral of patients to specialists and for the referral of patients to services that may be available through Medicaid fee-for-service ("FFS");

(e) Maintaining a medical record of all services rendered by the PCP and record of referral to other providers and any documentation provided by the rendering provider to the PCP for follow-up and/or coordination of care;

(f) Development of a plan of care to address risks and medical needs and other responsibilities regarding care management as set forth in Company Policies and the State Contract;

(g) Ensuring that in the process of coordinating care, each Enrollee's privacy is protected consistent with the confidentiality requirements of state law and those set forth in 45 C.F.R. Parts 160 and 164, which set forth the requirements regarding the privacy of individually identifiable health information;

(h) Providing after-hours availability to patients who need medical advice. At a minimum, PCP offices must have a return call system staffed and monitored in order to assure that the member is connected to a designated medical practitioner within thirty (30) minutes of the call;

(i) Maintaining hospital admitting privileges or arrangements with a physician who has admitting privileges at an MCO participating hospital; and

(j) Provide basic BHS and refer Members to the appropriate health care specialist as deemed necessary for specialized BHS.

2.8 Medically Necessary/Preventive Services. Supplier may not refuse to provide medically necessary or covered preventive services to Members covered under this Agreement or the State Contract for non-medical reasons (except those services allowable under federal law for religious or moral objections). However, Supplier is not required to accept or continue treatment of a patient with whom Supplier feels he/she cannot establish and/or maintain a professional relationship. [RFP Appendix O, #13 & 18]

2.9 Emergency Services. Supplier shall render Emergency Services without the requirement of prior authorization of any kind. Supplier agrees to cooperate with Company's obligations to monitor utilization of Emergency Services and correct inappropriate emergency department utilization. [RFP §6.8.1.1 & Appendix O, #16]

2.10 Laboratory Services. If Supplier performs laboratory services, Supplier must meet all applicable federal and state law requirements, including the provisions of 42 CFR § 493.1 and § 493.3. [Appendix O, #17]

2.11 Behavioral Health Services. DHH and Company support the integration of physical services and BHS through screening and strengthening prevention/early intervention at the primary care level of care. As applicable, Supplier shall utilize behavioral health screening tools and protocols consistent with industry standards. PCP and Company shall collaborate with behavioral health specialists, including but not limited to, psychiatrists, psychologists, licensed clinical social workers, licensed professional counselors, mental health clinics, mental health rehabilitation service providers (public or private) and other specialty behavioral health providers, to ensure the provision of services to Members as specified in the Medicaid State Plan. In addition, Supplier is not permitted to encourage or suggest, in any way, that Members be placed in state custody to receive medical or specialized BHS covered by DHH. [RFP §§6.4.6, 6.4.8 & Appendix O, #19]

2.12 Transportation Services. If applicable, for medically necessary non-emergent transportation requested by a Member or someone on behalf of a Member, the transportation contractor or Supplier shall schedule the transportation so that the Member arrives on time but no sooner than one (1) hour before an appointment; nor have to wait more than one (1) hour after the conclusion of the appointment or treatment for transportation home; nor be picked up prior to the completion of treatment. [RFP §7.8.9.2]

2.13 Telehealth/Telemedicine. With respect to the practice of telehealth and telemedicine, including the provision of goods and services related to the provision of telehealth and telemedicine services, Supplier agrees to comply with all applicable state laws and rules, including any rules and guidance issued by the Louisiana State Board of Medical Examiners ("LSBME"), DHH or other state agency. [La. R.S. 37:1262 *et seq.* & 40:1300.401 *et seq.*]

2.14 Treatment Decisions. As applicable to services provided under the Agreement, Supplier shall be familiar with the package of benefits offered by DHH set forth in the State Contract and DHH's requirement that providers make treatment decisions based upon individual medical needs. Supplier must comply with DHH's requirements governing Member rights and responsibilities as set forth in State Contract, Company Policies and applicable state and federal law. [RFP §12.16.15.1]

2.15 Appointment System. As applicable to services provided under the Agreement, Supplier shall abide by the appointment availability access standards for core benefits and/or expanded services to ensure that Members' needs are sufficiently met. Supplier shall ensure that appointments are on a timely basis, as follows: [RFP §7.1.3]

(a) Routine, non-urgent or preventive care visits scheduled within six (6) weeks;
(b) Urgent care visits within twenty-four (24) hours. Supplier must provide or make arrangements, as directed by Company or through other arrangements, for a patient to obtain urgent care twenty-four (24) hours per day, seven (7) days per week;
(c) Emergent or emergency visits immediately upon presentation at a service delivery site. Emergency Services must be available at all times;
(d) Non-urgent sick care within seventy-two (72) hours or sooner if medical condition(s) deteriorates into an urgent or emergency condition;
(e) In office waiting times for scheduled appointments should not routinely exceed forty-five (45) minutes, including time in the waiting room and examining room. If Supplier is delayed, patients shall be notified immediately. If the wait is anticipated to be more than ninety (90) minutes, the patient shall be offered a new appointment;
(f) Maternity Care:

(i) Initial appointment for prenatal visits for newly enrolled pregnant women, who must be treated without unreasonable delay, shall meet the following timetables from the postmark date the MCO mails the member's welcome packet:
  (1) In the first trimester within fourteen (14) days;
  (2) In the second trimester within seven (7) days;
  (3) In the third trimester within three (3) day;

(ii) High risk pregnancies within three (3) days of identification of high risk by Company or maternity care provider, or immediately if an emergency exists;

(g) Specialty care consultation within one (1) month of referral or as clinically indicated;

(h) Lab and X-ray services (usual and customary) not to exceed three (3) weeks for regular appointments and forty-eight (48) hours for urgent care or as clinically indicated;

(i) Follow-up to emergency department visits in accordance with emergency department attending provider discharge instructions;

(j) Walk-in patients with non-urgent needs should be seen if possible or scheduled for an appointment consistent with written scheduling procedures; and

(k) Direct contact with a qualified clinical staff person must be available through a toll-free number at all times.

2.16 Insurance. Supplier shall secure and maintain throughout the term of this Agreement, all necessary insurance of the same nature, as applicable to the services hereunder, and in the same amount as required of Company under the State Contract, including but not limited to, liability, workers' compensation and malpractice insurance or other coverage as is necessary to adequately protect Members and Company under this Agreement. Supplier shall furnish Company with written verification of the existence of such coverage at all times during this Agreement. Supplier shall not commence performance under this Agreement until all insurance requirements have been obtained and a copy provided to and approved by Company. Supplier shall not cancel permit to expire, or change any policy without providing thirty (30) days' advance notice to Company and DHH and receive Company and DHH's consent in writing. Supplier's policies shall so reflect this requirement. Payment of any deductible shall be the sole responsibility of Supplier. [RFP §2.5 & Appendix O, #38]

2.17 No Interference by Company. Subject to the limitations set forth in 42 C.F.R. § 438.102(a)(2), Company agrees that it shall not prohibit or otherwise restrict Supplier, acting within the lawful scope of practice, from advising or advocating on behalf of an Enrollee who is his or her patient, regardless of whether benefits for such care or treatment are provided under the State Contract, for the following: [RFP §7.14.1.6 & Appendix O, #51]

(a) The Enrollee's health status, medical care, or treatment options, including any alternative treatment that may be self-administered;

(b) Any information the Enrollee needs in order to decide among all relevant treatment options;

(c) The risks, benefits, and consequences of treatment or non-treatment; and

(d) The Enrollee's right to participate in decisions regarding his or her health care, including the right to refuse treatment and to express preferences about future treatment decisions.

2.18 Required Disclosures. Supplier shall comply with the disclosure provisions of 42 C.F.R. § 455, Subpart B and disclose all required information regarding significant business transactions, ownership and control information to Company, as well as otherwise required by applicable law. Supplier shall complete the Louisiana form, which can be found at: [RFP §§2.3.1 & 15.1.10 & Appendix O, #24]
http://new.dhh.louisiana.gov/assets/docs/BayouHealth/RFP2014/Appendices/AppendixVV_MCO_AnnualDisclosures.pdf

2.19 Training. Supplier shall participate in training sessions provided by Company to ensure that Supplier, and any subcontractors, adhere to Company policies and procedures and Medicaid regulations to fulfill their requirements, including all restrictions and limitations on marketing guidelines. [RFP §§12.1-12.10]

2.20 Covered Population. Supplier shall provide services to the enrollment populations identified in and in accordance with the State Contract, as amended from time to time. [RFP Appendix O, #11]

2.21 Offshoring. Supplier shall perform all services under this subcontract entirely within the boundaries of the United States. In addition, the subcontractor will not hire any individual to perform any services under this Contract if that individual is required to have a work visa approved by the U.S. Department of Homeland Security and such individual has not met this requirement. [RFP §25.26]

2.22 Compliance with State Contract. Supplier shall adhere to all requirements set forth for MCO subcontractors in the contract between DHH and the Company, including the department issued guides. Company will furnish these documents to the Supplier upon request. [RFP §2.3.2 & Appendix O, #2]

2.23 Audit. If Supplier is performing a key internal control, Supplier shall submit to an independent SSAE 16 SOC type 1 and/or type II audit of its internal controls and other financial and performance audits from outside companies to assure both the financial viability of the (outsourced) program and the operational viability, including the policies and procedures placed into operation. The audit firm will conduct tests and render an independent opinion on the operating effectiveness of the controls and procedures. When required by DHH, the subcontractor must provide a quality control plan, such as third party Quality Assurance ("QA"), Independent Verification and Validation (IV&V), and other internal project/program reviews and audits. [RFP §§17.11.2.5, 21.9 & 25.47]

2.24 Background Checks. Supplier shall comply with DHH Policy 8133-98, "Criminal History Records Check of Applicants and Employees," which requires criminal background checks to be performed on all employees of DHH contractors who have access to electronic protected health information on Medicaid applicants and recipients. It shall, upon request, provide Company or DHH with a satisfactory criminal background check or an attestation that a satisfactory criminal background check has been completed for any of its staff or subcontractor's staff assigned to or proposed to be assigned to any aspect of the performance of the Agreement. [RFP §4.1.4]

2.25 Coordination with Other Service Providers. As applicable to the services provided under the Agreement, Supplier is encouraged to cooperate and communicate with other service providers who serve Medicaid members. Such other service providers may include: Head Start programs; Healthy Start programs; Nurse Family Partnership; Early Intervention programs; and school systems. Such cooperation may include performing annual physical examinations for schools and the sharing of information (with the consent of the enrollee). [RFP §§7.12 & 25.10]

3. CLAIMS SUBMISSION, COMPENSATION AND MEMBER BILLING

3.1 Compensation. Supplier shall promptly submit accurate information needed to make payment under the terms of the Agreement, identifying the name and address of the official payee to whom payment shall be made and the method and amount of compensation. Supplier shall make full disclosure of the method and amount of compensation or other consideration received from Company. In accordance with 42 C.F.R. § 438.210(e), Supplier is not compensated to provide incentives for Company to deny, limit, or discontinue medically necessary services to any Member. In the event DHH deducts or withholds payments due Company as a result of assessments made due to Supplier's performance or nonperformance, Company shall withhold the same amount from any monies owed to Supplier. Supplier shall be liable for any loss of federal financial participation suffered by DHH due to Supplier's failure to perform the services as required under the Agreement. [RFP §§25.3, 25.32 & Appendix O, #1, 31-33, 47]

3.2 Payment of Claims. Company agrees to pay 90% of all Clean Claims submitted by Supplier within fifteen (15) business days of the date of receipt and 99% of all Clean Claims submitted by Supplier within thirty (30) business days of the date of receipt. The date of receipt is the date that Company receives the Claim, as indicated by the date stamp on the Claim. The date of payment is the date of the check or other form of payment. Company and Supplier may, by mutual agreement, establish an alternative payment schedule herein. Supplier must submit all Claims for Covered Services for payment no later than one hundred and eighty (180) days from the date of service. [RFP §§17.2.1-17.2.4 & Appendix O, #34-35]

3.3 Capitation Arrangement Payments. With respect to payments made through a capitation arrangement, Supplier shall submit all encounter data to the same standards of completeness and accuracy as required for proper adjudication of FFS Claims. If Supplier becomes aware for any reason that he or she is not entitled to a PMPM payment for a particular Member (i.e., patient dies), Supplier shall immediately notify both Company and DHH by certified mail, return receipt requested. Supplier acknowledges and understands that such capitation arrangements may be subject to adjustment. [RFP §§17.8.3 & 17.8.9]

3.4 Timely Reimbursement. In the event that DHH deems Company unable to timely process and reimburse Claims, and requires Company to submit Claims for reimbursement to an alternate Claims processor, if applicable, to ensure timely reimbursement, Supplier agrees to accept reimbursement at no more than the Company's contracted reimbursement rate or DHH's established FFS rate.

3.5 In-Network Reimbursement. Unless mutually agreed upon by the Parties, Suppliers who are in-network providers shall not be reimbursed by Company for defined core benefits and services at less than the Medicaid FFS rate in effect on the date of service or its equivalent (such as a DRG case rate). [RFP §9.1 & Appendix O, #1]

3.6 Member Billing. Supplier shall accept payment for Covered Services made by Company under the terms of this Agreement as payment-in-full and shall not solicit or accept any surety or guarantee of payment from DHH or any Member, which shall include the patient, parent(s), guardian, spouse or any other legally or potentially legally responsible person of the Member being served. In accordance with federal law and regulations, Supplier shall not bill Members any amount greater than would be owed if Company provided the services directly. To the extent cost sharing is required of a Member, Supplier shall not deny services because of the individual's inability to pay. Members shall not be held liable for the costs of any and all services not covered by Company or in cases where Supplier failed to obtain required authorization. [RFP §§5.13.1, 25.25 & Appendix O, #36]

3.7 FQHC/RHC ("Rural Health Center") Reimbursement. Company shall reimburse a contracted FQHC/RHC at an amount equal to the Prospective Payment System ("PPS") rate in effect on the date of service of each encounter. As applicable, Supplier agrees and understands that Company shall not enter into alternative reimbursement arrangements with FQHCs or RHCs. [RFP §9.2 & Appendix O, #50]

3.8 Compensation for UM Activities. In accordance with federal law and regulations, any compensation to Company, entities or individuals that conduct utilization management activities is not structured so as to provide incentives for the entity, individual or Company to deny, limit or discontinue medically necessary services to any Member. [RFP Appendix O, #47 & 57]

3.9 Encounter Errors. If Supplier discovers an error or a conflict with a previously adjudicated encounter claim, Company shall be required to adjust or void the encounter claim within fourteen (14) calendar days of notification by DHH or if circumstances exist that prevent Company from meeting this time frame a specified date shall be approved by DHH. [RFP §17.8.18]

3.10 Incentive Plans. Any and all incentive plans shall comply with 42 C.F.R. § 438.6(h). [RFP §25.39.1]

4. COMPLIANCE WITH POLICIES

4.1 Compliance with Applicable Law. Supplier agrees to recognize and abide by all state and federal laws, rules and regulations and guidelines, including Constitutional provisions regarding due process and equal protection, applicable to the provision of services under the Bayou Health Program [*See* RFP §25.2.1 for a list & Appendix O, #39]

4.2 Reporting Communicable Diseases. Supplier shall comply with the La. Admin. Code; Sanitary Code, Title 51, Part II, Chapter 1 and La. R.S. 40:4 *et seq.* if Supplier is required to report all cases of communicable diseases such as tuberculosis, sexually transmitted diseases and Human Immunodeficiency Virus/Acquired Immune Deficiency Syndrome infection to the state public health agency within twenty-four (24) hours of notification from the date of service.

4.3 QAPI and UM Programs. To the extent applicable to Supplier, Supplier shall adhere to the Quality Assessment and Performance Improvement Program ("QAPI") and Utilization Management ("UM") requirements specified by DHH and Company, including those set forth in the State Contract. Such requirements shall be incorporated into this Agreement. [RFP §14.5.3 & Appendix O, #45]

4.4 Grievance System. Company will provide Supplier with information regarding Company's grievance system that complies with state and federal laws, including 42 C.F.R. § 438, Subpart F. Supplier agrees to adhere to

the requirements of Company's grievance and appeals procedures. Supplier shall comply with Company's Policies for grievance and appeal procedures as well as facilitate Member grievance and appeals and assist Members as required. No punitive action will be taken against any provider who files on behalf of a Member. [RFP §13.0]

4.5 Record Keeping System. Supplier shall maintain an adequate record system for recording services, service providers, charges, dates and all other commonly accepted information elements for Covered Services rendered to Members under the terms of this Agreement (including but not limited to such records as are necessary for the evaluation of the quality, appropriateness, and timeliness of services performed). Company, Members and their representatives shall be given access to and can request copies of Members' Medical Records to the extent and in the manner provided by La. R.S. 40:1299.96 and 45 C.F.R. § 164.524 and as subject to reasonable charges. [RFP §§ 15.1.3, 25.45 & Appendix O, #20]

4.6 Maintenance of Medical Records. Supplier shall maintain a unified Medical Record for each Member following Company's documentation guidelines regarding medical records, and the medical record documentation guidelines set forth in the State Contract. [RFP §15.6 & Appendix O, #20-21]

4.7 Record Retention Policy. All records originated or prepared in connection with Supplier's performance of its obligations under this Agreement, including but not limited to, working papers related to the preparation of fiscal reports, medical records, progress notes, charges, journals, ledgers, and electronic media, will be retained and safeguarded by Supplier in accordance with the terms and conditions of the State Contract and this Agreement. Supplier agrees to retain all financial and programmatic records, supporting documents, statistical records and other records of Members relating to the delivery of care or service under this Agreement, and as further required by DHH, for a period of six (6) years after the last payment was made for services provided to a Member and retained further if the records are under review, audit, or related to any matter in litigation until the review, audit, or litigation is complete. If any litigation, claim or other actions involving the records have been initiated prior to the expiration of the six (6) year period, the records shall be retained until completion of the action and resolution of all issues that arise from it or until the end of the six (6) year period, whichever is later. If Supplier stores records on microfilm or microfiche, Supplier shall produce, at its expense, legible hard copy records upon the request of state or federal authorities, within twenty one (21) calendar days of the request. [RFP §25.43 & Appendix O, #22, 54 & 55]

4.8 Medicaid Records Retention. Except for Medical Records pertaining to once-in-a-lifetime events, Supplier shall retain any and all Member records (financial, medical, etc.) for a period of six (6) years after the last payment was made for Covered Services provided to a Member (or any greater period of time required by applicable federal and state law) or longer if the records are under review, audit, or related to any matter in litigation until the review, audit or litigation is complete. This requirement pertains to the retention of records for Medicaid purposes only. Other state or federal laws may require longer retention periods. Per La. R.S. 40:1299.96, providers must retain their records for at least six (6) years. These minimum record keeping periods run from the last date of treatment. After these minimum record-keeping periods, destruction of records is permitted. Supplier shall ensure that any and all Member records are made available for fiscal audit, medical audit, medical review, utilization review and other periodic monitoring upon request of DHH or its authorized representative. [La. R.S. 40:1299.96; RFP §15.6 & Appendix O, #22]

4.9 Access to Information and Records. Supplier acknowledges and understands that state authorities, such as DHH, the State Auditor's Office and the Louisiana Attorney General's Office, shall have the right to evaluate, through audit, inspection or other means, whether announced or unannounced, any records pertinent to the State Contract and this Agreement, including documents related to the quality, appropriateness and timeliness of services and the timeliness and accuracy of encounter data and Claims submitted to Company. Such evaluation, when performed, shall be performed with the cooperation of Supplier. Upon request, Supplier shall assist in such review. Supplier shall make all program and financial records and service delivery sites open to the representative or any designees of the above. HHS, DHH, GAO, the State Auditor's Office, the Office of the Attorney General and/or the designees of any of the above shall have timely and reasonable access and the right to examine and make copies, excerpts or transcripts from all books, documents, papers, and records which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions, contact and conduct private interviews with MCO clients, employees, and contractors, and do on-site reviews of all matters relating to service delivery as specified by the Contract. The rights of access in this subsection are not limited to the required retention period, but shall last as long as records are retained. The Company shall provide originals and/or copies (at no

charge) of all records and information requested. Requests for information shall be compiled in the form and the language requested. [RFP §15.1.3, 15.1.4 & Appendix O, # 23 & 25]

4.10 Program Procedures. Supplier agrees to participate and cooperate in any internal and external quality assessment review, utilization management and grievance procedures established by Company, DHH and/or its designee, whether announced or unannounced. Supplier further agrees to comply with all limitations on Supplier marketing and any corrective action plan initiated by Company and/or required by DHH. Supplier shall monitor and report the quality of services provided under this Agreement and, if necessary, initiate a plan of correction to improve the quality of care in accordance with that level of care which is recognized as acceptable professional practice in Supplier's community and/or the standards established by Company, DHH and/or its designee. [RFP Appendix O, #25-27]

4.11 Reports to Company. Supplier shall provide and cooperate with Company to provide all reports and clinical information required for reporting purposes, including but not limited to, HEDIS, AHRQ, EPSDT, etc. [RFP §18.0 & Appendix O, #29]

4.12 Member Information. Supplier shall safeguard Member information in accordance with applicable state and federal laws and regulations and the policies and safeguards established by Company. [RFP §25.48 & Appendix O, #30]

4.13 Notice of Legal or Administrative Actions. Supplier shall provide Company with immediate notification in writing by certified mail of any litigation, investigation, administrative legal action, complaint, claim or transaction that may reasonably be considered to have a material impact on Supplier's ability to provide services under this Agreement. Supplier shall also provide prompt notice of any claim made against Supplier by a third party, including a Member, that may result in litigation related in any way to Company's State Contract with DHH. [RFP Appendix O, #46]

4.14 Reporting of Births. To the extent applicable and if Supplier is a hospital, Supplier must report the births of newborns within twenty-four (24) hours of birth for enrolled Members using DHH's web-based Facility Notification System. If Supplier is a hospital, Supplier shall accurately register all births through the Louisiana Electronic Event System ("LEERS") administered by DHH/Vital Records Registry. [RFP §11.10.4.2 & Appendix O, #49 & 58]

4.15 Records Upon Termination. Company and Supplier recognize and agree that in the event of termination of the State Contract between Company and DHH, Supplier shall immediately make available to Company or its designated representative and to DHH or its designated representative, in a usable form, any and all records, whether medical or financial, related to Company's and Supplier's activities undertaken pursuant to this Agreement. The provision of such records shall be at no expense to DHH. [RFP Appendix O, #8 &42]

4.16 Failure to Comply with Contractual or Credentialing Requirements. In the event Supplier fails to comply with specific contractual and/or credentialing requirements as set forth in this Agreement or Company Policies, Supplier may be subject to monetary penalties, sanctions or reductions in payment, which shall include, but may not be limited to Supplier's failure or refusal to respond to Company's request for information, the request to provide medical records, credentialing information, etc. Penalties shall be imposed at the Company's discretion or by a directive of DHH that Company impose, at a minimum, financial consequences against Supplier as appropriate. [Appendix O, #28]

4.17 Assistance to Members. In accordance with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d, *et seq.*) and 45 C.F.R. Part 80, Supplier must take adequate steps, including coordination with Company, to ensure that persons with limited English skills receive free of charge the language assistance necessary to afford them meaningful and equal access to the benefits and services provided under this Agreement. [RFP §25.2.1.3 & Appendix O, #52]

4.18 PCP Linkages. If Supplier is a PCP, the maximum number of linkages that Company may link to PCP will be provided to PCP as needed. By signing this Agreement, PCP confirms that his/ her total number of Medicaid Members shall not exceed 2,500 Medicaid/CHIP lives. Non-compliance with this provision may result in sanctions,

including, but not limited to, financial sanctions, transfer of Members to another PCP within the Company or termination of this Agreement. [RFP Appendix O, #59]

4.19 Coding Requirements. Supplier shall follow Company's requirements and guidelines for Claims coding and processing that are specific to each provider type. Company shall notify Supplier ninety (90) days before implementing changes to Claims coding and processing guidelines applicable to Supplier. The State and HHS may inspect and audit any financial records of Company, Supplier or its subcontractors. There shall be no restrictions on the right of the state or federal government to conduct whatever inspections and audits are necessary to assure quality, appropriateness or timeliness of services and reasonableness of their costs. [RFP §9.5.6]

4.20 Encounter Data. If Company has entered into any alternative reimbursement arrangement with Supplier under the terms of this Agreement, Supplier shall submit to Company all encounter data in a manner consistent with the same standards of completeness and accuracy as required for proper adjudication of FFS Claims by Company. [RFP §17.8 & Appendix O, #56]

4.21 Marketing and Member Education. Supplier agrees and understands that it is subject to and must comply with the requirements set forth in Sections 12.1-12.10 "Marketing and Member Education" of the State Contract, which shall be provided to Supplier upon request. These requirements include, but are not limited to, the review and approval of all marketing and Member materials including, but not limited to, websites, social media, ID cards, call scripts for outbound calls or customer service centers, provider directories, advertisements and direct member mailings. Supplier further agrees that it shall not steer Members to certain providers or suppliers and understands that DHH retains the discretion to deny the use of marketing and Member material that it deems to promote undue patient steering. [RFP §§12.1-12.10 & 12.20.2]

5. TERM AND TERMINATION

5.1 Termination for Failure to Re-credential. Supplier shall be subject to re-credentialing by Company during the term of this Agreement. If Supplier fails to submit all appropriate documents for re-credentialing as required under this Agreement or if Supplier's re-credentialing materials are not received by Company, this Agreement may be terminated within thirty (30) days of expiration of Supplier's current credentialing. [RFP §§14.5]

5.2 Termination for Cause. The Parties agree and understand that if this Agreement is terminated for cause, the effective date of such termination may be extended to provide adequate notice to DHH, or to otherwise comply with the requirements of the State Contract or applicable law. [RFP §§7.6.3.3 & 7.11]

5.3 Immediate Termination. Company may terminate this Agreement immediately at any time upon the following events:

(a) Supplier's actions or the actions of Supplier's subcontractor(s) pose a serious threat to the health of Members enrolled with Company; [RFP §25.53]
(b) In the event DHH determines that Company has become financially unstable and terminates the State Contract between Company and DHH; [RFP §25.54] and
(c) Supplier fails to disclose any ownership changes within thirty-five (35) calendar days as required by 42 C.F.R. § 455.104 or violates any provision therein. [RFP §25.55]

5.4 Termination Without Cause. Either Party may terminate this Agreement without cause by providing ninety (90) days advance written notice to the other Party; however, such shorter periods as applicable under state law and/or the Bayou Health Program to Supplier, where Supplier is not a group or hospital. [RFP §25.52]

6. GENERAL PROVISIONS

6.1 Disputes. Company and Supplier shall be responsible for resolving any disputes that may arise between the Parties. Any claim or controversy arising out the Agreement shall be resolved by the provisions of La. R.S. 36:1524-26. The Parties agree that no dispute shall disrupt or interfere with the provisions of services to Members. In the event DHH should prevail in any legal action arising out of the performance or non-performance by Supplier, Supplier shall pay, in addition to any monetary penalties, all expenses of such action including reasonable attorney's

fees and costs. The term "legal action" shall be deemed to include administrative proceedings of all kinds, as well as all actions at law or equity. [RFP §§25.4, 25.8 & Appendix O, #43]

6.2 No Assignment. Supplier shall not assign any of its duties and/or responsibilities under this Agreement and the State Contract without the prior written consent of MCO. [RFP §22.6 & Appendix O, #48]

6.3 Incorporation of Changes to Laws and Regulations. This Agreement incorporates by reference all applicable federal and state laws or regulations, and revisions of such laws or regulations shall automatically be incorporated into this Agreement as they become effective. In the event that these changes or the result of such revisions to applicable federal or state law materially affect the position of either Party, Company and Supplier agree to negotiate such further amendments as may be necessary to correct any inequities. [RFP Appendix O, #40]

6.4 Modifications and Amendments. No modification, alteration, variation, waiver, extension of termination date, early termination of this Agreement or change of any provision of this Agreement shall be made unless such modification is reduced to writing, duly signed and attached as a written amendment to this Agreement; however, Company may provide amendments by written notification through Company bulletins, if mutually agreed to by the Parties and with prior notice to DHH. [RFP §25.1]

If the modification or change constitutes a Material Change affecting Company's ability to deliver or administer health care services, prior approval is required by DHH of at least thirty (30) days in advance of the proposed change implementation. Notwithstanding the foregoing, the Parties acknowledge that this Agreement has been executed based upon a draft of the State Contract and related materials and that the provisions of such documents may be revised prior to the Effective Date. This Agreement shall be automatically amended to conform to the terms and provisions of the final State Contract and related materials. In the event of any inconsistency between the terms of this Agreement and the terms of the final requirements for provider agreements as set forth in the final State Contract and related materials, the terms of the final State Contract and the Policies shall control and take precedence. [RFP §7.13.5 & Appendix O, #6-7 & 41]

6.5 Entire Agreement. This Agreement, including the State Contract, any DHH guidance or materials, schedules, appendices, exhibits and/or addenda (which may be provided upon request), constitutes the complete and sole contract, and all terms and conditions, between the Parties regarding the subject matter described above and supersedes any and all prior or contemporaneous oral or written representations, communications, proposals or agreements not expressly included in this Agreement and may not be contradicted or varied by evidence of prior, contemporaneous or subsequent oral representations, communications, proposals, agreements, prior course of dealings or discussions of the Parties. [RFP §2.3.2, 25.18, 25.27, 25.29, & Appendix O, #5]

6.6 Non-Discrimination. Supplier and Company agree that no person, on the grounds of handicap, age, race, color, religion, sex, sexual orientation, national origin or basis of health status or need for health care services shall be excluded from participation in, or be denied benefits of the Government Program administered by Company. Supplier shall post notices of non-discrimination in conspicuous places, available to all employees and applicants. [RFP §§ 12.13.3.6 & 25.2.2]

6.7 Indemnification and Hold Harmless. Unless Supplier is a state agency, Supplier shall indemnify, defend, protect and hold harmless DHH and any of its officers, agents and employees from: [RFP §25.24]

(a) Any claims for damages or losses arising from services rendered by any contractor, person or firm performing or supplying services, materials or supplies for Supplier in connection with the performance of this Agreement;

(b) Any claims for damages or losses to any person or firm injured or damaged by erroneous or negligent acts, including disregard of state or federal Medicaid regulations or legal statutes, by Supplier, its agents, officers, employees or contractors in the performance of this Agreement;

(c) Any claims for damages or losses resulting to any person or firm injured or damaged by Supplier, its agents, officers, employees, or contractors by Supplier's publication, translation, reproduction, delivery, performance, use or disposition of any data processed under this Agreement in a manner not authorized by this Agreement or by federal or state regulations or statutes;

(d) Any failure of Supplier, its agents, officers, employees or contractors to observe the federal or state laws, including, but not limited to, labor laws and minimum wage laws;

(e) Any claims for damages, losses or reasonable costs associated with legal expenses, including, but not limited to, those incurred by or on behalf of DHH in connection with the defense of claims for such injuries, losses, claims or damages specified above; and

(f) Any injuries, deaths, losses, damages, claims, suits, liabilities, judgments, costs and expenses which may in any manner accrue against DHH or their agents, officers or employees, through the intentional conduct, negligence or omission of Supplier, its agents, officers, employees or contractors.

In the event that, due to circumstances not reasonably within the control of Supplier, Company or DHH, (i.e., a major disaster, epidemic, complete or substantial destruction of facilities, war, riot or civil insurrection), neither Supplier, Company, DHH or contractor(s), will have any liability or obligation on account of reasonable delay in the provision or the arrangement of covered services; provided, however, that so long as this Agreement remains in full force and effect, Supplier shall be liable for the Covered Services required to be provided or arranged for in accordance with this Agreement.

DHH will provide prompt notice of any claim against it that is subject to indemnification by Supplier under this Agreement. Supplier may, at its sole option, assume the defense of any such claim. DHH may not settle any claim subject to indemnification hereunder without the advance written consent of Supplier, which shall not be unreasonably withheld. [RFP §25.24 & Appendix O, #37]

6.8 Conflict of Interest. Supplier may not contract with Company unless such safeguards at least equal to federal safeguards (41 U.S.C. 423) are in place per the state Medicaid director letter dated December 30, 1997 and 1932 (d)(3) of the Social Security Act addressing the 1932 State Plan Amendment and the default enrollment process under the State Plan Amendment option. [RFP §25.7 & Appendix O, #44]

6.9 Severability. If any provision or requirement of this Agreement, including items incorporated by reference, is determined by DHH to conflict with the State Contract between DHH and Company, such requirement shall be null and void and all other provisions shall remain in full force and effect. In addition, if the laws or regulations governing the State Contract should be amended or judicially interpreted as to render fulfillment of the State Contract impossible or economically infeasible, such that Company is discharged from its obligations under the State Contract, Supplier shall also be discharged from further obligations created under the terms of this Agreement. [RFP §25.50 & Appendix O, #10]

6.10 Non Exclusive Clause. Nothing in this Agreement shall be construed to prohibit Supplier from entering into a contract or arrangement with any other health plan or managed care entity. Nor shall anything in this Agreement be construed to prohibit Company from entering into a contract or arrangement with any other provider. Company shall not advertise or otherwise hold itself out as having an exclusive relationship with Supplier or any service provider. [RFP §7.13.1 & Appendix O, #53 & 60-61]

6.11 Contract Language Interpretation. Subject to Section 25.31 of the RFP, Supplier agrees that in the event of a disagreement regarding, arising out of, or related to, the State Contract language interpretation, DHH's interpretation of the contract language in dispute shall control and govern. [RFP§ 25.9]

6.12 Copyrights. If any copyrightable material is developed in the course of or under the State Contract, DHH shall have a royalty free, non-exclusive, and irrevocable right to reproduce, publish, or otherwise use the work for DHH purposes. [RFP §25.11]

6.13 Misuse of Symbols, Emblems, or Names in Reference to Medicaid. No person or MCO may use, in connection with any item constituting an advertisement, solicitation, circular, book, pamphlet or other communication, or a broadcast, telecast, or other production, alone or with other words, letters, symbols or emblems the words "Louisiana Medicaid," or "Department of Health and Hospitals" or "Bureau of Health Services Financing," unless prior written approval is obtained from DHH. Specific written authorization from DHH is required to reproduce, reprint, or distribute any DHH form, application, or publication for a fee. State and local

governments are exempt from this prohibition. A disclaimer that accompanies the inappropriate use of program or DHH terms does not provide a defense. Each piece of mail or information constitutes a violation. [RFP §25.33]

6.14 Governing Law. Notwithstanding any provision contained within the Agreement, services provided under the Bayou Health program shall be governed by the laws of the state of Louisiana, except its conflict of laws provisions, as to both interpretation and performance. Any administrative proceeding, action at law, suit in equity, or judicial proceeding brought by Supplier against DHH shall be instituted only in the administrative tribunals and courts of the state of Louisiana. Specifically, any state court suit shall be filed in the 19th Judicial District Court for East Baton Rouge Parish as the exclusive venue for same, and any federal suit shall be filed in the U.S. District Court for the Middle District of Louisiana as the exclusive venue for same. [RFP §25.21]

6.15 Offer of Gratuities. By signing the Agreement, Supplier signifies that no member of, or a delegate of, Congress, nor any elected or appointed official or employee of the state of Louisiana, the Government Accountability Office, DHHS, CMS, or any other federal agency has or shall benefit financially or materially from the State Contract. The Agreement may be terminated by Company or DHH if it is determined that gratuities of any kind were offered to, or received by, any officials or employees from the state, its agents, or employees. [RFP §25.37]

6.16 Political Activity. None of the funds, materials, property, or services provided directly or indirectly under the Agreement shall be used for any partisan political activity, or to further the election or defeat of any candidate for public office, or otherwise in violation of the provisions of the "Hatch Act". [RFP §25.40]

6.17 Restrictions on Supplier's Contract and Employment Relationships. In accordance with Section 2.2, Supplier acknowledges that Company is prohibited from employing, contracting with or making payment to any individual, or any entity owned by or employing an individual, who has been excluded from participation in the Medicare and/or Medicaid programs or who has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activities. Supplier agrees and understands that Company must screen, on an ongoing basis, all current, potential and temporary employees and subcontractors to determine compliance with participation in federal health care programs. In the event Company pays any unallowable funds to Supplier or other individual or entity subject to these restrictions, the full amount of unallowable funds shall be refunded to or obtained by Company or DHH. [RFP §4.1.2]

6.18 Removal/Reassignment. Supplier agrees and understands that, upon written request from DHH, Company shall be permitted to remove or reassign, or require that Supplier remove or reassign, any employee or subcontractor of Supplier that DHH deems unacceptable, including temporary employees and contractors of Supplier. Supplier, subcontractors and employees shall hold Company harmless for such actions. [RFP §4.1.6]

6.19 Required Approval of Major Subcontracts. Company is required to submit all Major Subcontracts, excluding provider subcontracts, for the provision of any services under the State Contract to DHH for prior review and approval. Supplier agrees and understands that DHH shall have the right to review and approve or disapprove any subcontracts entered into by Company for the provision of any services under the State Contract. Per the State Contract, "Major Subcontracts" are defined as any contract, subcontract or agreement between Company and another entity that meets any of the following criteria: [RFP §7.13.4]

(a) The other entity is an affiliate of Company; or
(b) The subcontract is considered by DHH to be for a key type of service or function, including:
   i. Administrative services (including, but not limited to, third-party administrators, network administration and claims processing);
   ii. Delegated networks;
   iii. Management services;
   iv. Reinsurance;
   v. Disease management;
   vi. Call lines (including nurse and medical consultation); or
   vii. Any other contract that is, or is reasonably expected to be, more than $100,000 per year. Any contracts split into separate agreements by time period or otherwise will be consolidated.

Notwithstanding the foregoing, Major Subcontracts with non-affiliates of Company for utilities, mail/shipping, office space or computer hardware are not subject to prior approval by DHH, regardless of the value of the contract.

6.20 Independent Supplier. It is expressly agreed that Supplier, and any subcontractors, agents, officers and employees of Supplier engaged in the performance of services under this Agreement, shall act in an independent capacity and not as officers, agents, express or implied, or employees of DHH or the State of Louisiana. It is further expressly agreed that this Agreement shall not be construed as a partnership or joint venture between Supplier and DHH and the State of Louisiana. [RFP §25.28]

7. DELEGATION AND DELEGATED SUBCONTRACTOR REQUIREMENTS

7.1 Delegation. Supplier shall not enter into any subsequent agreements with subcontractors for any of the work contemplated under this Agreement without Company's prior approval. In the event that duties are delegated hereunder, Company shall: [RFP Appendix O, #9]

(a) Along with Supplier, oversee all of subcontractor's performance for delegated activities;
(b) Ensure, along with Supplier (if applicable), that subcontracts fulfill the requirements of 42 C.F.R. Part 438, as appropriate to the delegated activities;
(c) Have the right to review, approve and/or disapprove or any and all subcontracts entered into for the provision of services hereunder;
(d) Evaluate, in its discretion, subcontractor's ability to perform the activities to be delegated;
(e) Require a written agreement with subcontractor, specifying the activities and reporting responsibilities delegated to subcontractor, including revocation of or imposition of sanctions for subcontractor's inadequate performance;
(f) Identify areas of deficiencies or improvement and take corrective action; and
(g) Deny payments for provider preventable conditions, per the State Contract.

7.2 Credentialing. If applicable, this Agreement shall set forth a written description of the delegation of credentialing activities delegated to subcontractor. The subcontractor must provide assurance, at all times during this Agreement, that all medical professionals are credentialed in accordance with DHH's credentialing requirements. The Parties and subcontractor understand that DHH shall have final approval over a delegated entity. The Parties agree that subcontractor shall:

(a) Load provider files into its Claims processing system within thirty (30) calendar days of receipt;
(b) Notify Company immediately if a provider credentialing application is denied for reasons related to program integrity or otherwise limits the ability of a provider to participate;
(c) Process re-credentialing not less than once every three (3) years;
(d) Adopt policies or implement Company's policies and procedures to approve, terminate or suspend providers to ensure compliance with this Agreement and the State Contract; and
(e) Implement and/or assist with a provider dispute or appeal process.

Supplier agrees and understands that, pursuant to the State Contract, DHH and/or the State of Louisiana or its representative, reserved the right to contract with a single Credential Verification Organization ("CVO") under the State Contract. In such event, Supplier and/or subcontractor agree that this Agreement shall be terminated concurrent with the minimum notice of ninety (90) days as provided to Company by DHH of such implementation of any CVO contract. [RFP §14.5]

7.3 Claims Audits. Supplier agrees and understands that subcontractors and delegated entities are subject to the audit and inspection requirements and the requirements for the adjudication of Claims under the State Contract. The cost of the audit shall be borne by Supplier. [RFP §17.11.2.5]

7.4 Pharmacy Services and Pharmacy Benefit Managers ("PBMs"). "Pharmacy Services" are defined as the provision of pharmacy benefits under the State Contract, including the dispensing of prescription drugs by pharmacies and the third-party administration of drug programs by a PBM. [RFP §5.14]

7.4.1 With respect to Pharmacy Services, including the provision of goods and services related to the provision of Pharmacy Services, Supplier agrees to comply with all applicable laws, rules, including any rules and guidance issued by the LSBME, DHH, or other state or federal agency.

7.4.2 Supplier agrees and understands that Company is required under the State Contract to disclose to DHH all financial terms and arrangements for remuneration of any kind that apply between Company and Company's pharmacy supplier, other subcontractor, prescription drug wholesaler, manufacturer or labeler. Such information may include, but is not limited to, formulary management, educational support, claims processing, pharmacy network fees, drug product sales, pricing agreements, data sales fees, and any other fees. Pursuant to the State Contract, Supplier shall disclose any such financial terms and arrangements for remuneration to Company. DHH or state auditors may audit such information at any time. DHH agrees to maintain the confidentiality of information disclosed by Company to the extent that such information is confidential under state and/or federal law. [RFP §5.14]

7.4.3 Any individual or entity that employs or subcontracts with an excluded provider cannot claim reimbursement from Medicaid for any items or services furnished, authorized, or prescribed by the excluded provider. This prohibition applies even when the Medicaid payment itself is made to another provider who is not excluded; for example, a pharmacy that fills a prescription written by an excluded doctor for a Medicaid beneficiary cannot claim reimbursement from Medicaid for that prescription.

7.4.4 Supplier agrees and understands that Members must have free access to any pharmacy participating in Company's network (except in cases where the member is participating in the pharmacy lock-in program).

7.4.5 Company and Supplier are prohibited from displaying the names and/or logos of co-branded Pharmacy Services on Member identification cards. In the event Company and Supplier agree to any co-branding initiatives, all marketing materials (other than ID cards) must clearly state that other pharmacies are available to Member in Company's network. Supplier acknowledges and understands that any co-branded materials must be submitted to DHH for prior approval.

7.4.6 Supplier shall cooperate with Company and provide Company with information necessary to meet all reporting requirements for Pharmacy Services, including, but not limited to:

(a) Pharmacy help desk performance;
(b) Prior authorization performance;
(c) Prior authorization request turnaround time;
(d) Number of claims submitted as a 72 hour emergency supply;
(e) Denials (name of drug, number of requests, number of denials);
(f) Pharmacy network access;
(g) Grievance and appeals; and
(h) Medication therapy management initiatives.

Louisiana State Compliance Addendum

This Louisiana State Compliance Addendum (the "State Compliance Addendum") is incorporated by reference in the Agreement. This State Compliance Addendum shall supplement the Addendum and control, unless such provision conflicts with the State Contract or Louisiana Department of Health and Hospitals' ("DHH") rules and regulations.

For purposes of this State Compliance Addendum, the term "Supplier" shall mean the individual or entity executing the Agreement, and may include a health care physician, provider, group, facility, hospital, individual or entity. Capitalized terms used in this State Compliance Addendum that are not defined herein shall have the meaning set forth in the Addendum and/or the main Agreement.

1.0 SUPPLIER SERVICES AND OBLIGATIONS

1.1 Non-compliant Members. If Supplier desires to discharge a Member, Supplier shall follow the rules and Policies of Company. Supplier agrees to continue to provide Covered Services to such Member under the same terms and conditions as set forth in this Agreement until such time as Company makes appropriate arrangements for another Participating Provider to accept such Member as a patient.

1.2 Emergency Management Plan. When applicable, Supplier agrees to become familiar with and abide by the terms and procedures set forth in Company's emergency or catastrophe response, management or operations plan as required and approved by DHH, Louisiana Department of Insurance ("LDI") or other governmental body, including, but not limited to, the execution of a memorandum of understanding with Company if Supplier is located in a parish where services may be provided to evacuated Members, when required by Company. Supplier acknowledges and understands that said plan is confidential and the Proprietary Information of Company. This provision shall survive termination of this Agreement. La. R.S. 22:572.

2.0 COMPANY OBLIGATIONS

2.1 No Interference by Company. Company agrees that it will not prohibit or restrict Supplier from filing a complaint, making a report or commenting to an appropriate governmental body regarding the policies or practices of Company which may negatively impact upon the quality of, or access to patient care in accordance with state and federal law. La. R.S. 22:1007; 42 C.F.R. § 438.102(a)(1)(i)-(iv).

2.2 Open Communication with Members. Nothing in this Agreement shall be construed to impede the open clinical dialogue and clinical communication between Supplier and Members or otherwise interfere with Supplier's ability to communicate with a Member regarding his or her health care, including but not limited to communications regarding treatment options, medical alternatives or other coverage arrangements. Company encourages Supplier to freely communicate with Members about clinical treatment options, including medications, available to them, regardless of benefit coverage limitations. Notwithstanding the foregoing, Supplier shall not solicit for alternative coverage arrangements for the primary purpose of securing financial gain. La. R.S. 22:1007(B).

2.3 Required Disclosures by Company. To ensure that Company does not have any "silent PPO" arrangements, Company shall disclose within forty-five (45) days following the written request of Supplier:

(a) The list of clients or other payors entitled to a contracted rate under Company's contract with Supplier; and

(b) The specific clients or other payors by whom a contracted rate was applied to a particular claim under Company's contract with Supplier.

La. R.S. 40:2203.1.

2.4 Communication of Plan and Health Benefit Program Changes. In order to prevent or reduce the risk of misinformation, Supplier agrees that Company shall have the exclusive right and responsibility to communicate changes in the Plan or other health benefit programs to Members. It is understood, however, that this shall not be

interpreted as restricting in any way Supplier's ability to freely communicate medical advice to Members, and shall not be construed as prohibiting any communication subject to the protections of La. R.S. 22:1007.

3.0 CLAIMS SUBMISSION, COMPENSATION AND MEMBER BILLING

3.1 Compensation; Reimbursement Rates. The payments rendered or to be rendered to Suppliers under this Agreement, as may be amended from time to time, shall be deemed and shall remain confidential information. This provision shall survive any termination of this Agreement. La. R.S. 22:263(F).

3.2 Prohibited Inducements. Nothing in this Agreement shall be construed to provide an incentive or specific payment from Company, directly, indirectly or in any form, to Supplier as an inducement to deny, reduce, limit or delay Medically Necessary and appropriate services provided with respect to a specific Member or group of Members with similar medical conditions. La. R.S. 22:263(E); La. R.S. 22:1008.

4.0 TERM AND TERMINATION

4.1 Continuity of Care. In the event this Agreement is terminated, Supplier shall notify Company of any Member who has begun a course of treatment by Supplier before the effective date of the termination. Upon such notice, Company shall notify the Member of the termination of Supplier from Company's network and the Member's right to continuity of care. Upon termination of this Agreement, the following provisions shall apply:

(a) In the event Member has been diagnosed as being in a high-risk pregnancy or is past the twenty-fourth (24th) week of pregnancy, Member shall be allowed to continue receiving Covered Services, subject to the consent of Supplier, through delivery and postpartum care related to the pregnancy and delivery.

(b) In the event a Member has been diagnosed with a life-threatening illness (a severe, serious or acute condition for which death is probable), Member shall be allowed to continue receiving Covered Services, subject to the consent of Supplier, until the course of treatment is completed, not to exceed three (3) months from the effective date of such termination.

(c) In the event Supplier advises Company of a Member who meets the criteria of the foregoing paragraphs, Company shall continue payment to Supplier at the rate that was in effect prior to the termination of this Agreement. In addition, the contractual requirements for Supplier to follow Company's utilization management and quality management policies and procedures, when applicable, shall remain in effect for the applicable period described above.

(d) Supplier shall be prohibited from discount billing and dual billing as prohibited by the Louisiana Health Care Consumer Billing and Disclosure Protection Act (La. R.S. 22:1871 *et seq.*); however, Supplier shall be deemed to be a contracted Supplier with Company for payment purposes for services provided pursuant to this Section.

La. R.S. 22:1005(B).

4.2 Continuity of Care; Exceptions. Notwithstanding the foregoing, the continuity of care provisions above shall not apply when:

(a) The reason for such termination is due to suspension, revocation, or applicable restriction of the Supplier's license to practice in this state by the Louisiana State Board of Medical Examiners or for another documented reason related to quality of care;

(b) The Member chooses to change Suppliers;

(c) The Member moves out of the geographic service area of the health care provider or health insurance issuer; and

(d) The Member requires only routine monitoring for a chronic condition but is not in an acute phase of the condition.

La. R.S. 22:1005(C).

5.0 DISPUTE RESOLUTION

5.1 Grievance Procedure. A grievance procedure has been established for the processing of any Member complaints regarding Covered Services furnished by Supplier. Supplier shall comply with and, subject to Supplier's rights of appeal, shall be bound by such grievance procedure. In addition, Supplier shall adhere to all appeal/expedited appeal procedures for Medicare and/or Medicaid beneficiaries, including the gathering and forwarding of information on appeals to the Company, as necessary. La. R.S. 22:263(A)(3).

5.2 Assistance with Member Grievance Dispute Resolution. When required by Company or applicable law, Supplier shall display notices of a Member's right to appeal any adverse action affecting Covered Services in public areas of Supplier's facility(ies). Upon request from Supplier, Company shall furnish Supplier with additional copies of public notices and appeal forms. At Supplier's discretion, Supplier may file a grievance on behalf of a Member; however, Supplier shall adhere to the requirements and grievance and appeals procedures outlined by Company, CMS, DHH or other governmental body. Notwithstanding any Company, CMS or DHH grievance and appeal process, rule or contractual provision to the contrary, Supplier is not precluded from pursuing relief through a court of appropriate jurisdiction for the resolution of a provider initiated grievance or appeal. With respect to emergency appeals and when appropriate, Supplier shall comply with all appeal processes and shall assist Members by providing appeal forms and contact information, including the appropriate address, telephone number and/or fax number for submitting appeals for Company and/or state level review. La. R.S. 22:267.

Exhibit A.8

Individual Sites Regulatory Compliance Addendum (Virginia)

PROGRAM PARTICIPATION SCHEDULE

Delegated Entity agrees to participate in the Plans and other health benefit programs listed herein:

- Those publicly funded managed care programs for Medicaid, CHIP or other low-income individuals offered by Company within the State of Virginia.
- Those Medicare plans for Medicaid enrollees offered by Company within the State of Virginia. Includes Medicare D-SNP and integrated Medicare-Medicaid Plans.
- Those Qualified Health Plans, whether purchased on the exchange or in the private market, offered by Company within the State of Virginia.

Individual Sites Regulatory Compliance Addendum – Exhibit A.9

VIRGINIA MEDICAID COMPLIANCE ADDENDUM – SUBCONTRACTOR

This Medicaid Compliance Addendum is incorporated by reference in the Agreement. If there is any conflict between the terms of this Addendum and any of the terms of the Agreement, including any attachments, schedules, exhibits and/or addenda made part of the Agreement, the terms of this Addendum shall govern and control; provided, however, that if there is any conflict between any of the terms of the Agreement, including this Addendum, and the applicable State Contract, then the terms of the applicable State Contract will govern and control.

For purposes of this Addendum, the term "Subcontractor" shall mean a State approved entity that contracts with Company to perform part of the Company's responsibilities under the applicable State Contract. For the purposes of this Addendum and the Agreement, Subcontractor's providers shall also be considered providers of the Company. In the event that any of the following required Medicaid provisions are inapplicable to Subcontractor, as construed under the applicable State Contract and in accordance with Applicable Laws, such provision shall not apply.

Company and Subcontractor agree to abide by all applicable provisions of the applicable State Contract. Subcontractor compliance with the applicable State Contract specifically includes, but is not limited to, the requirements contained herein.

1.0 DEFINITIONS

All capitalized terms in this Addendum shall have the meaning set forth in the Agreement unless otherwise defined herein, in which case the definitions contained in this Addendum shall control.

1.1 Applicable Law. All federal or state laws, rules, regulations, and administrative agency directives applicable to the Medicaid program and to Medicaid managed care plans, as these may be amended from time to time, including, but not limited to, statutes and regulations related to fraud, abuse, discrimination, disabilities, confidentiality, self-referral, false claims and prohibition of kickbacks. Applicable Laws include the Centers for Medicare and Medicaid Services' ("CMS") and the Virginia Department of Medical Assistance Services' ("DMAS" or the "Department") instructions, policy letters or guidelines that regulate the actions of Subcontractor or Company, requirements of the State Plan, as applicable, and requirements of the applicable State Contract. The "State Plan" is the State Plan for Medical Assistance, submitted to CMS by DMAS describing the nature and scope of the Virginia Medicaid program. DMAS has the authority to administer the State Plan under Code of Virginia § 32.1-325.

1.2 Medically Necessary or Medical Necessity. Appropriate and necessary health care services which are rendered for any condition which, according to generally accepted principles of good medical practice, requires the diagnosis or direct care and treatment of an illness, injury, or pregnancy-related condition, and are not provided only as a convenience. As defined in 42 CFR § 440.230, services must be sufficient in amount, duration and scope to reasonably achieve their purpose. For children under age 21, medical necessity review must fully consider Federal EPSDT guidelines for Medallion 3.0 enrollees. EPSDT is not applicable to FAMIS. (*Medallion 3.0 Contract, Section 1.1; FAMIS Contract, Section 1.1*)

2.0 REGULATORY AND CONTRACTUAL REQUIREMENTS FOR MEDALLION 3.0 AND FAMIS

2.1 Compliance. Subcontractor agrees to maintain documentation of its compliance with 12VAC5-408 et seq., the Agreement, and any and all Applicable Laws. (*12VAC5-408-320(C)*)

2.2 Access to Facilities and Records. Subcontractor shall provide for timely and efficient access by state examiners to data, records, and personnel necessary to determine compliance with 12VAC5-408 et seq. (*12VAC5-408-320(E)*)

2.3 Subcontractor Disclosures. Subcontractor agrees to disclose the required information, at the time of application, credentialing, and/or recredentialing, in accordance with 42 CFR § 455 Subpart B and relevant provisions of the applicable State Contract, as related to ownership and control, business transactions, and criminal

conviction for offenses against Medicare, Medicaid, CHIP and/or Federal health care programs. See 42 CFR § 455, Parts 101 through 106 for definitions, percentage calculations, and requirements for disclosure of ownership, business transactions, and information on persons convicted of crimes related to any Federal health care programs. Subcontractor shall perform, at a minimum, a monthly comparison of its owners and managing employees against the LEIE database to ensure compliance with these Federal regulations. (*Medallion 3.0 Contract, Section 3.4.A, Section 13.3.A.I.c, and Section 13.3.A.II.c(v)-(vi); FAMIS Contract, Section 3.4.A, Section 13.3.A.I.c, and Section 13.3.A.II.c(v)-(vi)*)

2.4 License and Certification. Subcontractor represents and warrants that it is licensed by the Commonwealth of Virginia and has received proper certification or training to perform the specific services for which it is contracted. (*Medallion 3.0 Contract, Section 3.16; FAMIS Contract, Section 3.16*)

2.5 Delegation Requirements.

2.5.1 Subcontractor acknowledges and agrees that the Agreement fulfills the requirements of the applicable State Contract and all Applicable Laws, including, but not limited to, the requirement to specify the activities and reporting responsibilities delegated to Subcontractor. (*Medallion 3.0 Contract, Section 3.16.A.I.b and 3.16.A.I.c; FAMIS Contract, Section 3.16.A.I.b and 3.16.A.I.c*)

2.5.2 Subcontractor acknowledges and agrees that the Department may evaluate through inspection or other means, the quality, appropriateness, and timeliness of the services performed under the Agreement. (*Medallion 3.0 Contract, Section 3.16.A.I.d; FAMIS Contract, Section 3.16.A.I.d*)

2.5.3 Subcontractor shall comply with Member privacy protections described in Health Insurance Portability and Accountability Act regulations and in Title 45 CFR parts 160 and 164, subparts A and E. (*Medallion 3.0 Contract, Section 3.16.A.I.e; FAMIS Contract, Section 3.16.A.I.e*)

2.5.4 Company may revoke the delegation of services to Subcontractor under the Agreement, or impose sanctions on Subcontractor, in the event Subcontractor's performance under the Agreement is inadequate. Subcontractor shall promptly supply to Company all information necessary for the reimbursement of any outstanding Medicaid claims. (*Medallion 3.0 Contract, Section 3.16.A.I.f; FAMIS Contract, Section 3.16.A.I.f*)

2.6 Monitoring Requirements.

2.6.1 Subcontractor shall permit Company to perform on-going monitoring of Subcontractor in order to assure compliance with the requirements set forth in the Agreement. (*Medallion 3.0 Contract, Section 3.16.A.II.a; FAMIS Contract, Section 3.16.A.II.a*)

2.6.2 Company shall perform a formal performance review of Subcontractor at least annually. (*Medallion 3.0 Contract, Section 3.16.A.II.b; FAMIS Contract, Section 3.16.A.II.b*)

2.6.3 If applicable, Company shall monitor encounter data of Subcontractor before the data is submitted to the Department. Company shall apply certain key edits to the data to ensure accuracy and completeness. These edits shall include, but not be limited to, member and provider identification numbers, dates of service, diagnosis and procedure codes, etc. (*Medallion 3.0 Contract, Section 3.16.A.II.c; FAMIS Contract, Section 3.16.A.II.c*)

2.6.4 Company shall monitor Subcontractor's provider enrollment, credentialing, and recredentialing policies and procedures to assure compliance with Federal disclosure requirements described in the applicable State Contract, with respect to disclosure of information regarding ownership and control, business transactions, and criminal convictions for crimes against Federally funded or Federally related health care programs. Additionally, Company shall monitor to assure that Subcontractor complies with requirements for prohibited affiliations with individuals or entities excluded from participation in Federally related health care programs as described in the applicable State Contract. (*Medallion 3.0 Contract, Section 3.16.A.II.d; FAMIS Contract, Section 3.16.A.II.d*)

2.6.1 As a result of monitoring activities conducted by the Company (through on-going monitoring and/or annual review), the Company shall identify to Subcontractor deficiencies or areas for improvement, and the

Subcontractor shall take appropriate corrective action. (*Medallion 3.0 Contract, Section 3.16.A.II.e; FAMIS Contract, Section 3.16.A.II.e*)

2.7 Review Requirements. Subcontractor acknowledges and agrees that this Addendum and the Agreement are subject to the Department's written approval. The Department may revoke such approval if the Department determines that Subcontractor fails to meet the requirements of the applicable State Contract. If Subcontractor is responsible for the provision of covered services, for the purposes of the applicable State Contract, Subcontractor shall be considered both a subcontractor and network provider. Company shall adhere to subcontractor specific restrictions set forth in the applicable State Contract. (*Medallion 3.0 Contract, Section 3.16.B; FAMIS Contract, Section 3.16.B*)

2.8 Utilization Management.

2.8.1 If Company has delegated responsibilities for utilization management to Subcontractor, Subcontractor is prohibited from providing compensation to utilization management staff in a manner so as to provide incentives for the individual or entity to deny, limit, or discontinue Medically Necessary services to any Member. (*Medallion 3.0 Contract, Section 7.1.P; FAMIS Contract, Section 7.1.P*)

2.8.2 If Company has delegated responsibilities for utilization management to Subcontractor, Subcontractor shall comply with all standards for utilization management as set forth in the applicable State Contract. Subcontractor acknowledges and agrees that the preauthorization requirements do not apply to emergency care, family planning services, preventive services, and basic prenatal care. (*Medallion 3.0 Contract, Section 7.1.P.II; FAMIS Contract, Section 7.1.P.II*)

2.9 Subcontractor Cooperation with Company Programs. Subcontractor agrees to cooperate with the External Quality Review Organization (EQRO), which is contracted by the Department to perform quality studies. The level of cooperation includes, but is not limited to, responding favorably and promptly to requests for Members' medical records in the format and timeframe requested by the EQRO or the Department. (*Medallion 3.0 Contract, Section 8.4; FAMIS Contract, Section 8.4*)

2.10 Audits. Company has the right to conduct routine and random audits of Subcontractor. (*Medallion 3.0 Contract, Section 9.2.G.II; FAMIS Contract, Section 9.2.G.IV*)

2.11 Hold Harmless. Subcontractor hereby agrees that in no event, including, but not limited to, nonpayment by Company or Subcontractor; the insolvency of Company; or breach of the Agreement, shall Subcontractor bill, charge, collect a deposit from; seek compensation, remuneration or reimbursement from; or have any recourse against Members or persons other than Company for services provided pursuant to the applicable State Contract. This provision shall not prohibit collection of any applicable copayments or deductibles billed in accordance with the terms of the applicable Plan. Subcontractor further agrees that (i) this provision shall survive the termination of the Agreement regardless of the cause giving rise to such termination and shall be construed to be for the benefit of the Plan's Members and (ii) this provision supersedes any oral or written agreement to the contrary now existing or hereafter entered into between Subcontractor and any Member or other person acting on Member's behalf. The restrictions on billing Members as set forth herein and in the Agreement shall continue to be in effect even if Company becomes insolvent. Notwithstanding the foregoing, if a Member agrees in advance of receiving a service and in writing to pay for a service that is not a State Plan Covered Service, then Company, directly or through Subcontractor, can bill the Member for the service. (*Virginia Code § 38.2-5805(C)(9) and (10); 14VAC5-211-30(C); Medallion 3.0 Contract, Section 12.9 and Attachment III; FAMIS Contract, Section 12.9 and Attachment III, Section A.13*)

2.12 Billing Members for Medically Necessary Services.

2.12.1 Subcontractor is subject to criminal penalties if providers knowingly and willfully charge, for any service provided to a Member under the State Plan or under the applicable State Contract, money or other consideration at a rate in excess of the rate established by the Department, as specified in Section 1128B (d)(1) of the Social Security Act (42 U.S.C. § 1320a-7b), as amended. This provision shall continue to be in effect even if the Company becomes insolvent until such time as Members are withdrawn from assignment to the Company.

(Medallion 3.0 Contract, Section 12.9.A; FAMIS Contract, Section 12.9.A)

2.12.2 Pursuant to Section 1932(b)(6), (42 U.S.C. § 1396u-2 (b)(6)), Subcontractor shall not hold a Member liable for (i) debts of the Company in the event of the Company's insolvency; (ii) payment for services provided by Company if Company has not received payment from the Department for the services or if the provider, under contract or other arrangement with Company, fails to receive payment from the Department or Company; (iii) payments to providers that furnish covered services under a contract or other arrangement with Company that are in excess of the amount that normally would be paid by the Member if the service had been received directly from Company. *(Medallion 3.0 Contract, Section 12.9.A.I, II, and III; FAMIS Contract, Section 12.9.A.I, II, and III)*

2.13 Bonuses and Incentive Payments. Company shall not provide bonus and/or incentive payments to Subcontractor which are determined based upon the applicability of the contract provision specified in Section 12.11 of the applicable State Contract. *(Medallion 3.0 Contract, Section 12.11; FAMIS Contract, Section 12.11)*

2.14 Prohibited Actions.

2.14.1 Subcontractor may not knowingly have a relationship of a type described in Section 2.14.2 with (i) an individual or entity who is debarred, suspended, or otherwise excluded from participating in Federal health care programs, as listed on the federal List of Excluded Individuals/ Entities (LEIE) database at http://www.oig.hhs.gov/fraud/exclusions/exclusions_list.asp or excluded from participating in procurement activities under the Federal Acquisition Regulation or from participating in nonprocurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order No. 12549, or (ii) an individual who is an affiliate, as defined in the Federal Acquisition Regulation, of a person described in clause (i). Subcontractor is further prohibited from contracting with providers who have been terminated from the Medicaid or FAMIS programs by DMAS for fraud, waste and abuse. *(Medallion 3.0 Contract, Section 13.3.A.I.a(i) and (ii) and 13.3.C.I; FAMIS Contract, Section 13.3.A.I.a(i) and (ii) and Section 13.3.C.I)*

2.14.2 The relationships described in this section are as follows: (i) a director, officer, or partner of the Company; (ii) a person with beneficial ownership of five percent or more of Company's equity; or (iii) a person with an employment, consulting or other arrangement with Company for the provision of items and services that are significant and material to Company's obligations under the applicable State Contract with the Department. *(Medallion 3.0 Contract, Section 13.3.A.I.b(i), (ii), and (iii); FAMIS Contract, Section 13.3.A.I.b(i), (ii), and (iii))*

2.14.3 Subcontractor shall immediately report to Company any exclusion information discovered on the LEIE database. *(Medallion 3.0 Contract, Section 13.3.C.II; FAMIS Contract, Section 13.3.C.II)*

2.14.4 Subcontractor shall maintain written policies and procedures outlining provider enrollment and/or credentialing process. *(Medallion 3.0 Contract, Section 13.3.C.II; FAMIS Contract, Section 13.3.C.II)*

2.15 Protected Health Information. If Subcontractor receives or has access to protected health information ("PHI"), Subcontractor shall sign an agreement with Company that complies with the Health Insurance Portability and Accountability Act, and Subcontractor hereby agrees to be bound by the restrictions, terms, and conditions relating to PHI that apply to Company in the applicable State Contract. *(Medallion 3.0 Contract, Section 13.5.A, 13.5.B, 13.5.B.III, and 14.19.B; FAMIS Contract, Section 13.5A, 13.5.B, 13.5.B.III, and 14.19.B)*

2.16 Access to Facilities and Records. Subcontractor shall allow duly authorized agents or representatives of the State or Federal Government, including, but not limited to, the Department, during normal business hours, access to its premises to inspect, audit, monitor or otherwise evaluate the performance of Subcontractor's contractual activities and shall forthwith produce all records requested as part of such review or audit. In the event right of access is requested, Subcontractor shall, upon request, provide and make available staff to assist in the audit or inspection effort, and provide adequate space on the premises to reasonably accommodate the State or Federal personnel conducting the audit or inspection effort. All inspections or audits shall be conducted in a manner as will not unduly interfere with the performance of Subcontractor's activities. All information so obtained will be accorded confidential treatment as provided under Applicable Law. The Department and its duly authorized representatives shall have access to any books, fee schedules, documents, papers, and records of Subcontractor and shall be allowed to inspect, copy, and audit any medical and/or financial records of Subcontractor. *(Medallion 3.0*

Contract, Section 14.1 and 14.19.B.I; FAMIS Contract, Section 14.1 and 14.19.B.I.)

2.17 Worker's Compensation. Subcontractor shall obtain and maintain, for the duration of this Agreement, workers' compensation insurance for all its employees working in the Commonwealth. (*Medallion 3.0 Contract, Section 14.16.B; FAMIS Contract, Section 14.16.B*)

2.18 Medical Records. Subcontractor shall comply with the security and confidentiality of records standards as detailed in the applicable State Contract. (*Medallion 3.0 Contract, Section 14.19; FAMIS Contract, Section 14.19*)

2.19 Subcontractor Bankruptcy. Subcontractor shall notify Company of any bankruptcy filing on or before the date of such filing. (*Medallion 3.0 Contract, Section 14.29.B.VI; FAMIS Contract, Section 14.29.B.VI*)

3.0 STATUTORY AND REGULATORY REQUIREMENTS FOR MANAGED CARE PLANS

3.1 Termination. If Subcontractor terminates the Agreement, Subcontractor shall give Company at least 60 days' advance notice of termination. In addition, Subcontractor shall ensure that any agreement to provide health care services between Subcontractor and a health care provider requires the provider to give at least 60 days' advance notice of termination of such agreement to Subcontractor. (*Virginia Code § 38.2-5805(C)(6) and (C)(7)*)

4.0 REGULATORY REQUIREMENTS SPECIFIC TO MEDALLION 3.0 MANAGED CARE PLANS

4.1 Requests for Service. Subcontractor shall have in place, and follow, written policies and procedures for processing requests for initial and continuing authorizations of service, when applicable under the Agreement. (*12VAC30-120-380(H)*)

EIGHTH AMENDMENT TO THE
RADIOLOGY MANAGEMENT SERVICES AGREEMENT

This Amendment ("Amendment") is dated February 11, 2016, and is between **Aetna Medicaid Administrators LLC**, on behalf of itself and its Affiliates ("Company"), and **MedSolutions, Inc.**, d/b/a eviCore healthcare, a Tennessee corporation with its principal place of business in Franklin, TN ("Delegated Entity").

WHEREAS, Company and Delegated Entity entered into a Radiology Management Services Agreement dated January 1, 2014 ("Agreement") for the provision of Utilization Management services;

WHEREAS, Company and Delegated Entity have since amended the Agreement on or around the following dates: First Amendment on April 1, 2014 (Musculoskeletal Pain Management); Second Amendment on April 1, 2014 (adding Maryland and Pennsylvania Regulatory Addenda); Third Amendment was never executed and is intentionally omitted; Fourth Amendment on July 16, 2014 (adding Missouri and Michigan); Fifth Amendment originally executed on May 1, 2015 and re-executed on October 19, 2015 (adding Louisiana); Sixth Amendment on May 1, 2015 (revising Musculoskeletal Pain Management Rates and adding Ohio Regulatory Addendum); Seventh Amendment on December 15, 2015 (restating compensation, updating compliance addenda for Michigan and Louisiana, adding Kentucky and Virginia); and

WHEREAS, Company and Delegated Entity desire to update Exhibit 2: Compensation Schedule to include non-OB ultrasound rates for Missouri effective October 1, 2015.

NOW, THEREFORE, in consideration of the mutual covenants and promises stated herein and other good and valuable consideration, and intending to be legally bound, Company and Delegated Entity agree as follows:

1. The Agreement's Exhibit 2: Compensation Schedule is hereby deleted in its entirety and replaced with the attached Exhibit 2: Compensation Schedule, specifically to add a row to Missouri for Ultrasound – Non OB. The Parties agree that the rates for the Missouri Ultrasound – Non OB took effect October 1, 2015.

2. Capitalized terms not otherwise defined herein shall have the meaning ascribed to them in the Agreement.

3. All other terms and provisions of the Agreement not amended herein shall remain in full force and effect, without modification.

4. The Parties ratify and affirm the Agreement, and agree that it is in full force and effect as amended herein. In the event of any inconsistency between the terms of this Amendment and the Agreement, the terms of this Amendment shall govern and control.

IN WITNESS WHEREOF, the Parties have caused this Amendment to be signed by their duly authorized officers as of the ~~date indicated~~ in the introductory clause.

Exhibit 2: Compensation Schedule

The Administrative Fees by Member type and modality are listed in the following tables by state.

		[redacted]
Arizona	Advanced Imaging	
	Pain Management	
Illinois	Advanced Imaging	
	Pain Management	
Louisiana (effective 10/19/15)	Advanced Imaging	
	Pain Management	
Maryland	Advanced Imaging	
	Ultrasound – Non OB	
Missouri	Advanced Imaging	
	Ultrasound – OB Only	
	Ultrasound – Non OB (effective 10/1/15)	
Michigan	Advanced Imaging	
Ohio	Advanced Imaging	
	Ultrasound – Non OB	
	Pain Management	
Pennsylvania	Advanced Imaging	
	Ultrasound – Non OB	
	Pain Management	
Texas	Advanced Imaging	

- Advanced Imaging includes management of MRI, MRA, CT, CTA and PET
- Cardiology includes management of Nuclear Cardiology, Heart Catheterization, Stress Echo, TTE, and TEE
- Ultrasound includes management of OB and non-OB ultrasound, if the plan's TANF ultrasound utilization is below [redacted]

Enhanced Clinical Quality Review

With regard to Kentucky and Virginia, Company and Delegated Entity agree to pursue and implement an enhanced clinical quality review for Advanced Imaging ("Clinical Quality Review Services") for certain Members. The Administrative Fees by Member type and modality are listed in the following table by state:

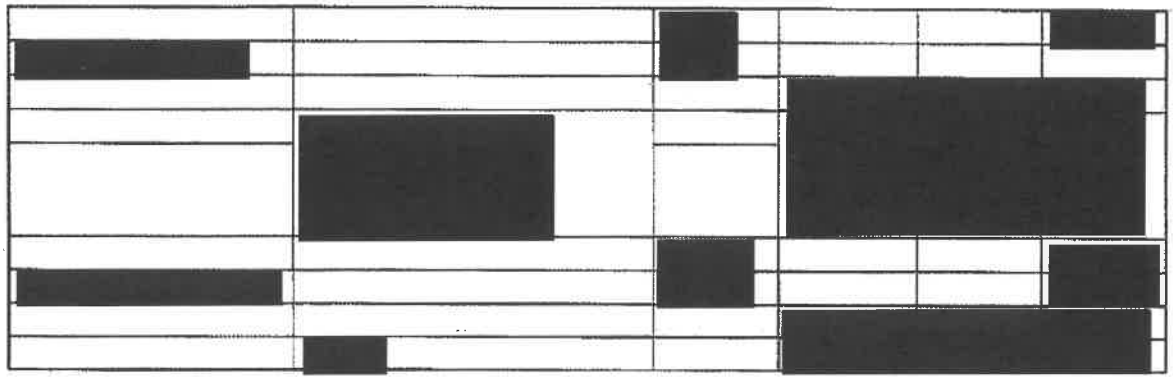
State	Modality	TANF	CHIP	ABD	Medicaid Expansion <+18	Medicaid Expansion Adult
Kentucky (effective 2/01/2016)	Advanced Imaging	[redacted]				
	Ultrasound					
	Ultrasound – OB					
	Ultrasound – Non OB					
	Pain Management					
Virginia (effective 4/01/2016)	Advanced Imaging					
	Cardiology					
	Ultrasound OB only					
	Ultrasound Non-OB					
	Pain Management					

The Clinical Quality Review Services include enhanced review of Advanced Imaging Prior Authorization requests as follows:

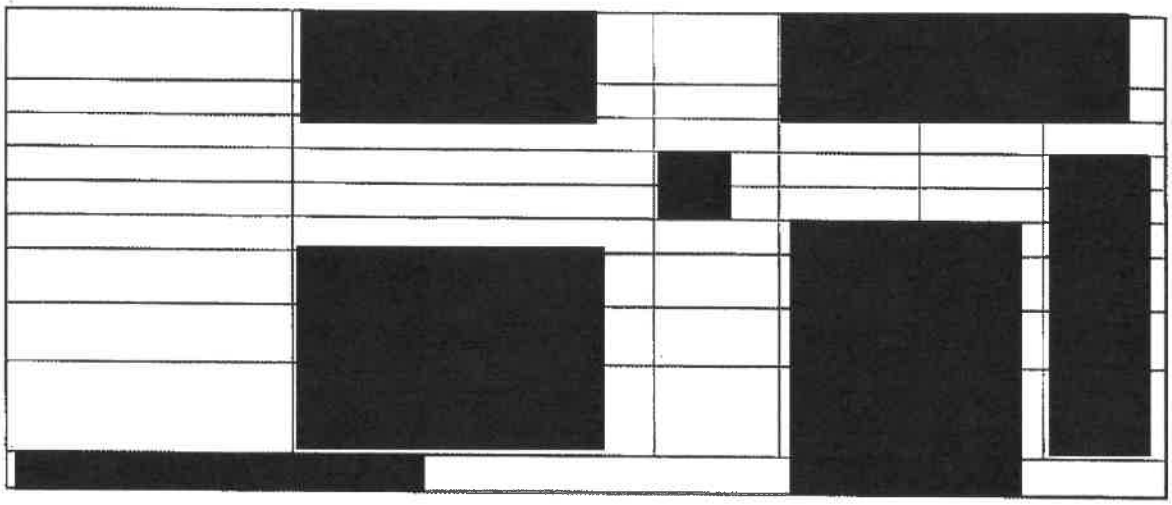
1. Medical Necessity certifications, including alternative recommendations where appropriate, in accordance with evidenced based guidelines and Company's Clinical Policy Bulletin (CPB).
2. At least [redacted] (or as adjusted based on changes in clinical review effectiveness to achieve enhanced compliance with evidence based guidelines, as agreed to by the Parties) of precertification requests shall be subject to Nurse and/or Medical Director review to include determinations for compliance with evidenced based guidelines.

Each month, Delegated Entity shall charge Company an Administrative Fee for the provision of Delegated Entity Program Services. The monthly Administrative Fee shall be equal to the aggregate of the applicable per Member per month amounts set forth in the table below:

1. **Payment.** On or before the 15th day of each month, Company shall prepay Delegated Entity an Administrative Fee for the provision of Delegated Entity Program services.



a) If a Member is added to Company Membership on or before the 15th day of a month, a full month's Administrative Fee will be due for that month. There will be no Administrative Fee due for Member added after the 15th day of the month.



b) A full month's Administrative Fee will be due for the month of termination of a Member if the Member terminates after the 15th day of the month. If a Member terminates on or before the 15th day of a month, no Administrative Fee will be due for the month of termination.

2. **Adjustments.** Where Company, due to information delays, must make a retroactive addition or deletion to Delegated Entity's membership records, a retroactive adjustment shall be made concurrent therewith and such retroactive Administrative Fee adjustments shall not exceed sixty (60) days for each single Member. With the exception of any fraud investigation, the limit to the period of time in which Delegated Entity or Company can make a claim of an overpayment or underpayment or contest an underpayment or overpayment under this Agreement is one hundred eighty (180) days from the date the payment was made or one hundred eighty (180) days from the date of final adjudication.

The Administrative Payment. Amounts otherwise due to Delegated Entity shall be reduced as follows for Delegated Entity's failure to meet the Performance Guarantees set forth in Exhibit 3.

1. For failure to meet any of the satisfaction measures set forth in Exhibit 3, Section B.1 for the previous calendar year, [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous year, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee
2. For failure to meet any of the call center measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.2: [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous month, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.
3. For failure to meet the pre-certification turn-around-time and Adverse Determination overturn measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.3: [redacted] of the annualized Administrative Payment Amounts (excluding the Sleep Administrative Services Fee) payable by Company during the previous quarter, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.
4. For failure to meet the pre-certification turn-around-time overturn measures for the Sleep Program when averaged for the calendar year measured as set forth in Exhibit 3, Section B.4: [redacted] of the annualized Sleep Administrative Services Fee payable by Company during the previous quarter.
5. Example. Delegated Entity performance results are measured after the Program Year has been completed. Those results become published ninety (90) days at the completion of the Program Year. The results at end of the Program Year show the following:

6. Implementation Costs. Delegated Entity shall pay Company the actual costs incurred by Company, but no more than [redacted] towards Company's implementation costs of the radiology management program ("Implementation Fee"). Delegated Entity shall pay a first installment of [redacted] of the Implementation Fee no later than 15 days after this Agreement's signature. Delegated Entity shall pay second and subsequent installments of the Implementation Fee, if needed, each year thereafter.

NINTH AMENDMENT TO THE
RADIOLOGY MANAGEMENT SERVICES AGREEMENT

This Amendment ("Amendment") is dated April 1, 2016, and is between Aetna Medicaid Administrators LLC, on behalf of itself and its Affiliates ("Company"); and MedSolutions, Inc., a Tennessee corporation with its principal place of business in Franklin, TN ("Delegated Entity").

WHEREAS, Company and Delegated Entity entered into a Radiology Management Services Agreement on January 1, 2014 ("Agreement") for the provision of Utilization Management services;

WHEREAS, Company and Delegated Entity have since amended the Agreement on or around the following dates: First Amendment April 1, 2014 (Musculoskeletal Pain Management); Second Amendment on April 1, 2014 (adding Maryland and Pennsylvania Regulatory Addenda); and Third Amendments were never executed and is intentionally omitted; Fourth Amendment July 16, 2014 (adding Missouri and Michigan); Fifth Amendment May 1, 2015 and re-executed on October 19th, 2015 (adding Louisiana); Sixth Amendment May 1, 2015 (revising Musculoskeletal Pain Management rates and adding Ohio Regulatory Addendum); Seventh Amendment, December 15, 2015 (restating compensation, updating compliance addenda for Michigan and Louisiana, adding Kentucky and Virginia; Eight Amendment, February 11, 2016 (restating compensation, adding Missouri for Ultrasound – Non OB for an effective date of October 1, 2015); and

WHEREAS, Company and Delegated Entity desire to amend the Agreement to include Aetna Better Health, Inc., dba Aetna Better Health of New Jersey, and update Exhibit 2: Compensation Schedule; and to amend Individual Site Regulatory Compliance Addendum for Aetna Better Health of Illinois, Aetna Better Health of Texas; and all compensation and terms associated with this addition

NOW, THEREFORE, in consideration of the mutual covenants and promises stated herein and in the Agreement, and other good and valuable consideration, Company and Delegated Entity agree as follows:

1. The Agreement's Exhibit 2: Compensation Schedule is hereby deleted in its entirety and replaced with the attached Exhibit 2: Compensation Schedule, specifically to add New Jersey; and Texas for ultrasound previously omitted; and to update Kentucky for ultrasound; and Virginia for ultrasound and Advanced Imaging rates; and

2. The Agreement's Individual Sites Regulatory Compliance Addendum (Exhibit A) is hereby updated with the updated Regulatory Compliance Addendum.

   Individual Sites Regulatory Compliance Addendum (Illinois) Governing Medicaid CHIP Services for Aetna Better Health of Illinois; and

   Individual Sites Regulatory Compliance Addendum (Illinois) Governing Medicare-Medicaid Dual-Eligible Services for Aetna Better Health of Illinois; and

   Individual Sites Regulatory Compliance Addendum (Texas) Governing Medicaid CHIP Service for Aetna Better Health of Texas; and

   Individual Sites Regulatory Compliance Addendum (New Jersey) Governing Medicaid CHIP Services for Aetna Better Health of New Jersey; and

   Individual Sites Regulatory Compliance Addendum (Virginia) Governing Medicaid Services for Aetna Better Health of Virginia; and

1. The Agreement's Exhibit B: Company Affiliates is hereby deleted in its entirety and replaced with the following Exhibit B Company Affiliates; and

2. All other terms and provisions of the Agreement not amended herein shall remain in full force and effect, without modification.

3. The Parties ratify and affirm the Agreement, and agree that it is in full force and effect as amended herein. In the event of any inconsistency between the terms of this Amendment and the Agreement, the terms of this Amendment shall govern and control.

WITNESS WHEREOF, the Parties have caused this Amendment to be signed by their duly authorized officers as of the date indicated in the introductory clause.

KENTUCKY AND VIRGINIA HIGH TOUCH ASO PRODUCT

Enhanced Clinical Quality Review

With regard to Kentucky and Virginia, Company and Delegated Entity agree to pursue and implement an enhanced clinical quality review for Advanced Imaging ("Clinical Quality Review Services") for certain Members. The Administrative Fees by Member type and modality are listed in the following table by state:

State (Effective Date)	Modality	CANC	CHIP	ABD	Medicaid Expansion <=1E	Medicaid Expansion Adult
Kentucky (effective 02.01.2016)	Advanced Imaging	[redacted]				
	Ultrasound					
	Pain Management					
Virginia (effective 04/01/2016)	Advanced Imaging					
	Ultrasound					
	Pain Management					

The Clinical Quality Review Services include enhance review of Advance Imaging Prior Authorization requests as follows:

1. Medical Necessity certifications, including alternative recommendations where appropriate, in accordance with evidenced based guidelines and Company's Clinical Policy Bulletin (CPB)

2. At least [redacted] (or as adjusted based on changes in clinical review effectiveness to achieve enhanced compliance with evidence based guidelines, as agreed to by the Parties) of precertification requests shall be subject to Nurse and/or Medical Director review to include determinations for compliance with evidenced based guidelines.

Each month, Delegated Entity shall charge Company an Administrative Fee for the provision of Delegated Entity Program Services. The monthly Administrative Fee shall be equal to the aggregate of the applicable per Member per month amounts set forth in the table below:

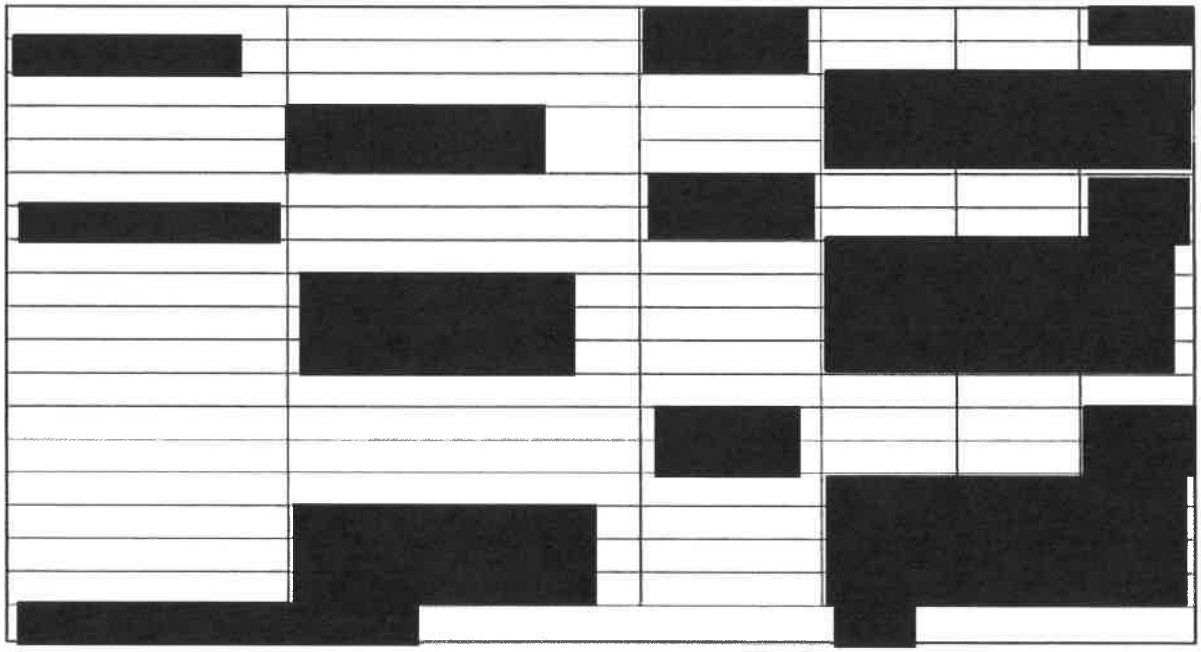
1) Payment. On or before the 15th day of each month, Company shall prepay Delegated Entity an "Administrative Fee" for provision of Delegated Entity Program services.

a) If a Member is added to Company Membership on or before the 15th day of a month, a full month's Service Fee will be due for that month. There will be no Administrative Fee due for Members added after the 15th day of the month.

b) A full month's Administrative Fee will be due for the month of termination of a Member if the Member terminates after the 15th day of the month. If a Member terminates on or before the 15th day of a month, no Administrative Fee will be due for the month of termination.

2) Adjustments. Where Company due to information delays, must make a retroactive addition or deletion to Delegated Entity's membership records, a retroactive adjustment shall be made concurrent therewith and such retroactive Administrative Fee adjustments shall not exceed sixty (60) days for each single Member. With the exception of any fraud investigation the limit to the period of time in which Delegated Entity or Company can make a claim of an overpayment or underpayment or contest an underpayment or overpayment under this Agreement is one hundred eighty (180) days from the date of the payment was made or one hundred eighty (180) days from the date of final adjudication.

The Administrative Payment. Amounts otherwise due to Delegated Entity shall be reduced as follows for Delegated Entity's failure to meet the Performance Guarantees set forth in Exhibit 3.



1. For failure to meet any of the satisfaction measures set forth in Exhibit 3, Section B.1 for the previous calendar year, [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous year, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

2. For failure to meet any of the call center measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.2: [redacted] of the annualized Administrative Payment Amounts payable by Company during the previous month, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

3. For failure to meet the pre-certification turn-around-time and Adverse Determination overturn measures when averaged for the calendar year measured as set forth in Exhibit 3, Section B.3: [redacted] of the annualized Administrative Payment Amounts (excluding the Sleep Administrative Services Fee) payable by Company during the previous quarter, regardless of any Performance Credits applied to any portion of the applicable reporting period for failure to meet any other Performance Guarantee.

4. For failure to meet the pre-certification turn-around-time overturn measures for the Sleep Program when averaged for the calendar year measured as set forth in Exhibit 3, Section B.4: [redacted] of the annualized Sleep Administrative Services Fee payable by Company during the previous quarter.

5. Example. Delegated Entity performance results are measured after the Program Year has been completed. Those results become published ninety (90) days at the completion of the Program Year. The results at end of the Program Year show the following:

6. Implementation Costs. Delegated Entity shall pay Company the actual costs incurred by Company, but no more than [redacted] towards Company's implementation costs of the radiology management program ("Implementation Fee"). Delegated Entity shall pay a first installment of [redacted] of the Implementation Fee no later than 15 days after this Agreement's signature. Delegated Entity shall pay second and subsequent installments of the Implementation Fee, if needed, each year thereafter.

Individual Sites Regulatory Addendum – Exhibit A
Regulatory Compliance Addendum

Governing Illinois Medicaid Services

This Regulatory Compliance Addendum Governing Illinois Medicaid Services (the "Illinois Medicaid Addendum") shall govern the provision of Covered Services to Members who are eligible and covered under, as well as the provision of any administrative or health-benefit management services/functions that relate to, as applicable:

(1) the *State of Illinois Contract Between the Department of Healthcare and Family Services and Aetna Better Health Inc., an Illinois Corporation, for Furnishing Health Services in an Integrated Care Program by a Managed Care Organization*, Contract No. 2015-24-004 (ABH) f/k/a Contract No. 2010-24-005-K, effective on or about May 1, 2011, which governs the program known as the Illinois Integrated Care Program a/k/a the ICP (the "ICP Contract"); and/or

(2) the *State of Illinois Contract Between the Department of Healthcare and Family Services and Aetna Better Health for Furnishing Health Services by a Managed Care Organization*, Contract No. 2015-24-002, effective on or about August 1, 2014, which governs the program known as the Illinois Family Health Plan Population–Affordable Care Act Adult program a/k/a FHP-ACA program (the "FHP-ACA Contract").

Aetna Better Health Inc. d/b/a Aetna Better Health of Illinois ("Company") serves as a managed-care organization under both the ICP Contract and the FHP-ACA Contract (the "State Contracts") on behalf of the State of Illinois and its Department for Healthcare and Family Services ("HFS" and collectively, the "State").

The State requires that specific terms and conditions be incorporated into the Agreement. As such, this Illinois Medicaid Addendum is incorporated by reference into the Agreement between Company (or its Affiliate, as the case may be) and the provider, vendor, contractor, or other entity executing this Agreement (as identified on the first page thereof), and such provider, vendor, contractor, or other entity must comply with the requirements set forth herein. Note that this Illinois Medicaid Addendum contains some, but not all, of the terms and requirements with which you must comply. Other terms and requirements with which you must comply are set forth in the Agreement and in the policies, procedures, and provider manual of Company (or its Affiliate, as the case may be). This Illinois Medicaid Addendum and the Agreement may be revised as directed by the State.

For purposes of this Illinois Medicaid Addendum, the individuals who are enrolled with Company under the State Contracts will be referred to as the "Enrollees." All capitalized terms not defined in this Illinois Medicaid Addendum shall have the respective meanings that are ascribed to them in the Agreement.

If there is any conflict between the terms of this Illinois Medicaid Addendum and any of the other terms of this Agreement, including any attachments, schedules, exhibits, and/or addenda made part of this Agreement, the terms of this Illinois Medicaid Addendum will govern and control with respect to the provision of Covered Services to Members who are eligible and covered under the State Contracts and with respect to the provision of any administrative or health-benefit management services/functions that relate to those Covered Services or to the State Contracts. Except as provided herein, all other provisions of the Agreement not inconsistent with this Illinois Medicaid Addendum shall remain in full force and effect, and to the extent possible under applicable law, the terms of this Illinois Medicaid Addendum shall be construed to be supplementary to, and not in conflict with, the terms and conditions of the Agreement.

The provider, vendor, contractor, or other entity identified on the first page of the Agreement acknowledges and agrees that all provisions of this Illinois Medicaid Addendum shall apply equally to its/their employees, independent contractors, subcontractors, downstream entities, or related entities that provide Covered Services to Members who are eligible and covered under the State Contracts, or that provide administrative or health-benefit management services/functions relating to those Covered Services or to the State Contracts, and it/they represent and warrant that it/they shall take all steps

necessary to cause such employees, independent contractors, subcontractors, downstream entities, or related entities to comply with this Illinois Medicaid Addendum and all applicable laws and regulations.

CONTRACTUAL AND STATUTORY/REGULATORY REQUIREMENTS

A. Definitions

The following additional definitions shall apply with respect to the requirements set forth in this Illinois Medicaid Addendum:

a. "Authorized Persons" – Collectively means HFS, HFS's Office of Inspector General ("HFS OIG"), the Medicaid Fraud Control Unit of the Illinois State Police, the Illinois Auditor General, the United States Department of Health and Human Services and the Centers for Medicare and Medicaid Services ("CMS"), and any other State or federal agencies with monitoring authority related to Medicaid. [ICP Contract § 1.19; FHP-ACA Contract § 1.20]

b. "Provider" – Means any individual or entity that is enrolled with the State to provide Covered Services to Enrollees and that is associated with Company pursuant to a written contract or agreement for the purpose of providing health care services under the State Contracts. [ICP Contract §§ 1.16, 1.118; FHP-ACA Contract §§ 1.16, 1.17, 1.122]

c. "Subcontractor" – Means any individual or entity, other than a Provider, with which Company has entered into a written agreement for the purpose of delegating responsibilities applicable to Company under the State Contracts. [ICP Contract § 1.144; FHP-ACA Contract § 1.148]

B. Requirements Applicable to State Contracts and Covered Services

1. **Practice Coverage and Hours; Enrollee Appointments. Provider agrees to provide Covered Services to Enrollees as set forth in the Agreement, including without limitation the following when such Covered Services are specified in the Agreement:**

a. Primary care providers (PCPs) and specialty Providers shall provide coverage for their respective practices twenty-four (24) hours a day, seven (7) days a week and have a published after-hours telephone number (after-hours voicemail alone is not acceptable). [ICP Contract § 5.6.4; FHP-ACA Contract § 5.7.4]

b. Provider shall offer to Enrollees hours of operation that are no less than the hours of operation offered to persons who are not Enrollees. [ICP Contract § 5.6.3; FHP-ACA Contract § 5.7.3]

c. Provider shall ensure that time-specific appointments for routine, preventive care to an Enrollee are available within five (5) weeks from the date of request for such care, and within two (2) weeks from the date of request for infants under age six (6) months. If an Enrollee has more serious problems that are not deemed emergency medical conditions, Provider shall triage that Enrollee and, if necessary or appropriate, immediately refer that Enrollee for urgent medically necessary care or provide that Enrollee with an appointment within one (1) business day of the request. If an Enrollee has a problem or complaint that is not deemed serious, Provider shall see that Enrollee within three (3) weeks from the date of request for such care. If Enrollee seeks an initial prenatal visit without expressed problems, the Provider shall see that Enrollee within two (2) weeks after a request if the Enrollee is in her first trimester, within one (1) week if the Enrollee is in her second trimester, and within three (3) days if the Enrollee is in her third trimester. [ICP Contract § 5.6.3; FHP-ACA Contract § 5.7.3]

2. **Payments; Hold Harmless of Enrollees/State.**

a. Provider/Subcontractor acknowledges and agrees that Company shall not pay a Provider/Subcontractor for any provider-preventable condition. Provider/Subcontractor shall report all provider-preventable conditions associated with claims for payment or Enrollee treatments for which payment would otherwise be made. [FHP-ACA Contract § 5.25.8]

b. Provider/Subcontractor acknowledges and agrees that Company is prohibited by applicable federal law from making payments to financial institutions located outside of the United States for items or services provided under a Medicaid state plan or waiver.

c. Except as permitted or required by HFS in 89 Ill. Adm. Code 125, in HFS's fee-for-service copayment policy in effect at the time Covered Services are provided, and/or in the State Contracts, neither Company nor Provider/Subcontractor may seek or obtain funding through fees or charges to any Enrollee receiving Covered Services under the State Contracts. Provider/Subcontractor furthermore acknowledges and agrees that imposing charges in excess of those permitted under the State Contracts is a violation of Section 1128B(d) of the Social Security Act and subjects the party imposing such charges to criminal penalties. [ICP Contract § 5.30; FHP-ACA Contract § 5.30]

d. Provider/Subcontractor agrees that in no event, including but not limited to the nonpayment by Company of amounts due to Provider/Subcontractor under the Agreement, the insolvency of Company, or any breach of the Agreement by Company, shall Provider/Subcontractor or its assignees or subcontractors have a right to seek any type of payment from, bill, charge, collect a deposit from, or have any recourse against the Enrollee or persons acting on the Enrollee's behalf (other than Company) for services provided pursuant to the Agreement except for the payment of applicable copayments or deductibles for services covered by Company or fees for services not covered by Company. The requirements of this provision shall survive any termination of the Agreement for services rendered prior to such termination, regardless of the cause of such termination. Company's Enrollees and all persons acting on the Enrollees' behalf (other than Company) shall be third-party beneficiaries of this provision. This provision supersedes any oral or written agreement now existing or hereafter entered into between Provider/Subcontractor and the Enrollee or persons acting on the Enrollee's behalf (other than Company). [215 ILCS 125/2-8(a)]

e. Any dispute between Company and Provider/Subcontractor shall be solely between those parties, and Company and Provider/Subcontractor shall each hold harmless the State and its agencies, officers, employees, agents, and volunteers from and against such dispute and any and all liabilities, demands, claims, suits, losses, damages, causes of action, fines, or judgments, including costs, attorneys' and witnesses' fees, and expenses incident thereto, regardless of the reason. [ICP Contract §§ 7.13, 9.1.8, 9.1.28; FHP-ACA Contract §§ 7.13, 9.1.8, 9.1.28]

3. **Standards of Care. In addition to complying with other applicable standards of care, Provider/Subcontractor shall:**

a. Timely identify any Enrollees with high-risk pregnancies and arrange for a maternal fetal medicine specialist or a transfer to Level III perinatal facilities in accordance with ACOG guidelines and the Illinois Perinatal Act requirements for referral and/or transfer of high-risk women. [ICP Contract, Attachment XXI ¶ 3.c.i.D; FHP-ACA Contract, Attachment XXI ¶ 3.c.i.D]

b. Cooperate and communicate with other service providers who serve Enrollees, including without limitation Special Supplemental Nutrition Programs for Women, Infants, and Children (commonly referred to as "WIC" programs); Head Start programs; Early Intervention programs; and school systems. Such cooperation may include performing annual physical examinations for schools and the sharing of information (with the consent of the Enrollee). [ICP Contract, Attachment XXI ¶ 3.e.i.; FHP-ACA Contract, Attachment XXI ¶ 3.e.i.]

4. **Cultural Competence; Prohibition on Discrimination. In addition to complying with other applicable standards:**

a. Provider/Subcontractor shall cooperate in the implementation of, and comply with all requirements set forth in, Company's Cultural Competence Plan, which shall include implementation of the NCQA Standards for Culturally and Linguistically Appropriate Services in Health Care (CLAS Standards). Provider/Subcontractor acknowledges and agrees that all Covered Services shall be provided in a culturally competent manner by ensuring the cultural competence of all Provider/Subcontractor staff, from clerical to executive management. Furthermore, Subcontractors shall complete Company's initial and annual cultural-competence training. [ICP Contract §§ 2.7, 2.7.3, 2.7.4; FHP-ACA Contract §§ 2.7, 2.7.3, 2.7.4]

b. Provider/Subcontractor shall abide by all federal and State laws, regulations, and orders that prohibit discrimination because of race, color, religion, sex, national origin, ancestry, age, physical or mental disability, including, but not limited to, the Federal Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Federal Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972 (regarding education programs and activities), the Age Discrimination Act of 1975, the Illinois Human Rights Act, and Executive Orders 11246 and 11375. Provider/Subcontractor furthermore agrees to take affirmative action to ensure that no unlawful discrimination is committed in any manner including, but not limited to, the delivery of services under this Agreement. Provider/Subcontractor will furthermore not discriminate against Enrollees or prospective or potential Enrollees on the basis of health status, need for health services, or payment source. All Provider/Subcontractor locations where Enrollees receive Covered Services shall comply with the Americans with Disabilities Act of 1990. [77 Ill. Admin. Code § 240.50(d)(4); ICP Contract §§ 2.8, 5.6.2, 9.1.22; FHP-ACA Contract §§ 2.8, 5.7.2, 9.1.22]

5. Anti-Gag Clause; Prohibition on Retaliation. Provider/Subcontractor shall not be prohibited or otherwise restricted or discouraged from, and shall not prohibit or otherwise restrict or discourage its downstream providers or subcontractors from, taking any of the following actions so long as those actions are within the lawful scope of the acting party's practice: (a) advocating for medically appropriate health care services for Enrollees, which may include without limitation appealing denials and protesting decisions, policies, and practices; (b) advising an Enrollee about the health status of that Enrollee or medical care or treatment for that Enrollee's condition or disease regardless of whether benefits for such care or treatment are provided under the Agreement and/or the State Contracts; and/or (c) discussing with Enrollees, prospective Enrollees, or the public any health care services, health care providers, utilization review policies, quality assurance policies, or terms and conditions of plans and plan policy. Furthermore, Company shall not retaliate against Provider/Subcontractor, and Provider/Subcontractor shall not retaliate against its downstream providers or subcontractors, for any of the foregoing actions. Notwithstanding the foregoing, nothing in this provision shall be construed to prohibit: (a) Company or Provider/Subcontractor from making a determination not to pay for a particular health care service, from enforcing reasonable peer review or utilization review protocols, or from determining whether a physician or other health care provider has complied with those protocols; and/or (b) a Provider that is a hospital from taking disciplinary actions against a physician as authorized by law. [215 ILCS 134/30(a); 215 ILCS 134/35(a)-(d); ICP Contract § 5.32; FHP-ACA Contract § 5.32]

6. **Grievances and Appeals. Provider/Subcontractor shall comply with Company's grievance and appeal processes referenced in the Agreement, and Company shall notify Provider/Subcontractor within fifteen (15) days following any substantive change to such procedures. [ICP Contract § 5.28.6; FHP-ACA Contract § 5.28.6]**

7. **Data and Reporting.**

a. Provider/Subcontractor shall submit all data, reports, and clinical information required by Company under the State Contracts in such manner and format, and pursuant to such timeframes, as requested by Company and/or HFS. Provider/Subcontractor shall ensure that all data and reports that it submits to Company are accurate and complete, and Provider/Subcontractor furthermore acknowledges and agrees that all such data and reports shall be available to HFS and, upon request, to federal CMS. [ICP Contract § 5.24; FHP-ACA Contract § 5.24]

b. If Provider/Subcontractor provides Covered Services to Enrollees under a Illinois Department of Human Services ("DHS") Home and Community-Based Services ("HCBS") Waiver, under the Medicaid Clinic Option, or under the Medicaid Rehabilitation Option, or provides subacute alcoholism and substance-abuse

treatment services pursuant to 89 Ill. Admin. Code §§ 148.340–148.390 and 77 Ill. Admin. Code Part 2090, such Provider/Subcontractor shall enter any data regarding Enrollees that is required under State rules, or under a contract between the Provider/Subcontractor and DHS, into any subsystem maintained by DHS, including, but not limited to, DHS's Automated Reporting and Tracking System (DARTS). [FHP-ACA Contract § 5.28.1.3]

8. **Delegation. If Company delegates to Provider/Subcontractor any activities or obligations under the State Contracts:**

a. Company shall remain ultimately responsible for the performance of those responsibilities and nothing in the Agreement shall be construed to terminate Company's legal responsibility to DHS to assure that all activities under the State Contracts are carried out. [ICP Contract §§ 5.28.2, 5.28.3; FHP-ACA Contract §§ 5.28.2, 5.28.3]

b. Provider/Subcontractor acknowledges and agrees that Company's delegated oversight committee will oversee Provider/Subcontractor's activities and performance under the Agreement to ensure compliance with all applicable contractual and statutory requirements, including without limitation the Illinois Human Rights Act, the U.S. Civil Rights Act, and Section 504 of the federal Rehabilitation Act. Company's oversight of Provider/Subcontractor will include, without limitation: pre-delegation audits; quarterly delegation oversight reviews of delegate performance; monthly joint-operation meetings; annual audits of Provider/Subcontractor; regular monitoring of Enrollee complaints with respect to Provider/Subcontractor; and documentation of issues and development of a corrective action plan, as warranted, to improve performance. [ICP Contract § 2.7.4; FHP-ACA Contract § 2.7.4]

c. To the extent that such delegated activities are credentialing or recredentialing activities or obligations under the State Contracts, Provider/Subcontractor shall maintain a formal credentialing program and shall conduct all such activities or obligations in compliance with Company, National Committee for Quality Assurance (NCQA), and State standards. Company shall monitor such credentialing/recredentialing delegated activities and shall review Provider/Subcontractor's credentialing files no less than annually as part of the annual audit. [ICP Contract § 5.7.4, Attachment XI ¶ 7.e.; FHP-ACA Contract § 5.8.4, Attachment XI ¶ 7.e.]

9. **Quality Assurance. With respect to Company's quality-assurance obligations under the State Contracts:**

a. Provider/Subcontractor shall participate in and cooperate with Company's quality-assurance program (QAP), shall cooperate with Company with respect to Company's QAP obligations under the State Contracts, and shall cooperate with Company's quality improvement committee. Provider/Subcontractor shall furthermore allow Company to access Provider/Subcontractor's Enrollee medical records to permit effective quality review. [ICP Contract, Attachment XI ¶ 6.b.; FHP-ACA Contract, Attachment XI ¶ 6.b.]

b. Provider/Subcontractor shall provide, arrange for, or participate in the quality-assurance programs mandated by the Illinois Health Maintenance Organization Act, unless the Illinois Department of Public Health has certified that such programs will be fully implemented without any participation or action from Provider/Subcontractor. [215 ILCS 125/2-8(a); 50 Ill. Admin. Code § 5241.50(a)(4)]

c. Provider/Subcontractor acknowledges and agrees that Company shall perform quality-assurance evaluations of Provider/Subcontractor's practices, which shall include monitoring of Enrollee accessibility to ensure linguistic and physical accessibility. [ICP Contract § 2.7.5; FHP-ACA Contract § 2.7.5]

d. Provider/Subcontractor shall cooperate and comply with all remedial or corrective actions that Company implements with respect to Provider/Subcontractor and/or its services under the Agreement, upon Company's determination that Provider/Subcontractor has furnished inappropriate or substandard services or has failed to furnish services that should have been furnished. [ICP Contract, Attachment XI ¶ 3.e., FHP-ACA Contract, Attachment XI ¶ 3.e.]

e. If Company delegates to Provider/Subcontractor any quality-assurance activities or obligations that Company has under the State Contracts:

(i) Company and Provider/Subcontractor shall agree in writing upon the delegated activities, the accountability of Provider/Subcontractor for those activities, and the frequency of Provider/Subcontractor's reporting to Company related to those activities. [ICP Contract, Attachment XI ¶ 7.a.; FHP-ACA Contract, Attachment XI ¶ 7.a.]

(ii) Company and Provider/Subcontractor shall agree in writing upon the standards and procedures for monitoring and evaluating the implementation of the delegated functions and for verifying the actual quality of care being provided. [ICP Contract, Attachment XI ¶ 7.b.; FHP-ACA Contract, Attachment XI ¶ 7.b.]

(iii) All such delegated activities shall conform to the requirements set forth in the State Contracts. [ICP Contract, Attachment XI ¶ 7.c.; FHP-ACA Contract, Attachment XI ¶ 7.c.]

(iv) Provider/Subcontractor acknowledges and agrees that Company shall engage in continuous and ongoing evaluation and oversight of such delegated activities, including approval of quality-improvement plans and regular specified reports, as well as a formal review of such activities. Company's oversight of Provider/Subcontractor's performance of these delegated activities must include no less than an annual audit, analyses of required reports and encounter data, a review of Enrollee complaints, grievances, Provider complaints, and quality of care concerns raised through encounter data, monitoring activities, or other venues. Outcomes of Company's annual audit shall be submitted to HFS as part of Company's QA/UR/PR Annual Report. [ICP Contract, Attachment XI ¶ 7.d.; FHP-ACA Contract, Attachment XI ¶ 7.d.]

(v) If Company or Provider/Subcontractor identifies areas requiring improvement, Company or Provider/Subcontractor, as appropriate, shall take corrective action and implement a quality improvement initiative. If one or more deficiencies are identified, Provider/Subcontractor must develop and implement a corrective action plan, with protections put in place by Company to prevent such deficiencies from recurring. Evidence of ongoing monitoring of the delegated activities sufficient to assure corrective action shall be provided to HFS through quarterly or annual reporting. [ICP Contract, Attachment XI ¶ 7.f.; FHP-ACA Contract, Attachment XI ¶ 7.f.]

10. **Pharmacy Benefits. In addition to the other requirements set forth herein that are applicable to Covered Services, with respect to pharmacy-related Covered Services:**

a. Provider/Subcontractor shall administer all pharmacy benefits in accordance with the provisions and requirements of the State Contracts and all applicable State and federal laws and regulations. [ICP Contract §§ 5.1.7, 5.16.6; FHP-ACA Contract §§ 5.2.5, 5.16.6]

b. Provider/Subcontractor shall cooperate with Company with respect to Company's obligations under the State Contracts to submit required pharmacy-related reports and data to applicable federal and State authorities. [ICP Contract, Attachment XIII; FHP-ACA Contract, Attachment XIII]

c. If Company delegates to Provider/Subcontractor any pharmacy-related activities or obligations that Company has under the State Contracts, Provider/Subcontractor shall comply with all pharmacy-related provisions and requirements set forth in the State Contracts, including without limitation the following, as applicable:

(i) Company and Provider/Subcontractor shall submit a pharmacy formulary for prior approval by the State initially and annually thereafter. [ICP Contract § 5.1.7; FHP-ACA Contract § 5.2.5]

(ii) Company and Provider/Subcontractor shall provide coverage of drugs in all classes of drugs for which HFS's fee-for-service program provides coverage. [ICP Contract § 5.1.7.1; FHP-ACA Contract § 5.2.5.1]

(iii) Company and Provider/Subcontractor shall cover only drugs made by manufacturers that participate in the federal Medicaid drug rebate program, which applies to both prescription and over-the-counter drugs, but does not apply to non-drug items such as blood sugar test strips. HFS will provide a listing of manufacturers that participate in the federal Medicaid drug rebate program. [ICP Contract § 5.1.7.2; FHP-ACA Contract § 5.2.5.2]

(iv) Company and Provider/Subcontractor may determine their own utilization controls, including without limitation step therapy and prior approval, unless otherwise prohibited under the State Contracts, to ensure appropriate utilization. Company and Provider/Subcontractor shall utilize HFS's step-therapy and prior-authorization requirements for family-planning drugs and devices as set forth in the State Contracts. [ICP Contract § 5.1.7.3; FHP-ACA Contract § 5.2.5.3]

(v) Company and Provider/Subcontractor shall ensure that they require pharmacy, medical, and hospital providers to identify 340B-purchased drugs on pharmacy, medical, and hospital claims following HFS billing guidelines applied in HFS's fee-for-service program, and Company and Provider/Subcontractor shall furthermore ensure that its encounter claims to HFS identify these drugs. [ICP Contract § 5.1.7.4; FHP-ACA Contract § 5.2.5.4] For any outpatient drugs *not* identified in accordance with the previous sentence: (i) Company and Provider/Subcontractor shall collect information on the total number of units of each dosage form and strength and package size by National Drug Code of each covered outpatient drug dispensed to Enrollees, and (ii) Company and Provider/Subcontractor shall report to HFS quarterly, in a format and in the detail specified by HFS, information on the total number of units of each dosage form and strength and package size by National Drug Code of each such covered outpatient drug dispensed to Enrollees. [FHP-ACA Contract §§ 5.2.5.4.1, 5.2.5.4.2]

(vi) Company and Provider/Subcontractor shall establish and maintain a generic drug Maximum Allowable Cost (MAC) dispute-resolution process, subject to approval by HFS. The MAC dispute-resolution process shall enable pharmacies to report pricing disputes to the Company and/or Provider/Subcontractor up to sixty (60) days from the claim date and Company and/or Provider/Subcontractor is required to resolve the pricing dispute within twenty-one (21) days by adjusting the reimbursement rate to represent the average acquisition cost of the drug, or by informing the pharmacy of alternative generic equivalent products that can be purchased at or below the Company's existing MAC price. [ICP Contract § 5.1.7.5; FHP-ACA Contract § 5.2.5.5]

(vii) Company and Provider/Subcontractor shall develop and implement a system, including policies and procedures, coverage criteria, and processes for their Drug Utilization Review (DUR) program. The DUR program shall include a prospective review process for all drugs prior to dispensing and all non-formulary drug requests, and a retrospective drug utilization review process to detect patterns in prescribing, dispensing, or administration of medication and to prevent inappropriate use or abuse. Company and Provider/Subcontractor are required to report prospective and retrospective DUR activities to HFS quarterly, and to assist in data collection and reporting to HFS of data necessary to complete the federal CMS DUR annual report. [ICP Contract § 5.1.7.6; FHP-ACA Contract § 5.2.5.6]

(viii) Company and Provider/Subcontractor shall comply with the pharmacy prior-authorization provisions and requirements set forth in Section 5.16.6 of each of the State Contracts, which requires that Company and/or Provider/Subcontractor must authorize or deny a prior-authorization request for pharmacy services no later than twenty-four (24) hours after receipt of the request for authorization. [ICP Contract § 5.16.6; FHP-ACA Contract § 5.16.6]

(ix) Company and Provider/Subcontractor shall not permit or allow, whether by contract, written policy, or procedure, any individual or entity to dispense a different drug in place of the drug or brand of drug ordered or prescribed without the express permission of the person ordering or prescribing the drug, except as provided under Section 3.14 of the Illinois Food, Drug and Cosmetic Act (codified at 410 ILCS 620/3.14). [215 ILCS 134/30(b)]

11. **Children's Mental Health Service Requirements. In addition to the other requirements set forth herein that are applicable to Covered Services, with respect to any behavioral-health Covered Services that Provider/Subcontractor provides to Enrollees under the age of twenty one (21):**

a. Provider/Subcontractor shall administer all such behavioral-health benefits in accordance with the provisions and requirements of Attachment XXII of the FHP-ACA Contract and in accordance with all applicable State and federal laws and regulations. [FHP-ACA Contract, Attachment XXII]

b. If Provider is an inpatient psychiatric Provider, it shall administer a physical examination to the Enrollee within twenty-four (24) hours after admission when that Enrollee requires admission to an appropriate inpatient institutional treatment setting. [FHP-ACA Contract, Attachment XXII, ¶ 4.c.iv.]

c. Provider shall comply with Company's procedures with respect to discharge and transitional planning related to an appropriate inpatient institutional treatment setting, and shall cooperate with Company in the education and training of the Enrollee's family on how to use the "crisis safety plans" while the Enrollee is receiving inpatient institutional treatment. [FHP-ACA Contract, Attachment XXII, ¶ 4.c.v.5.]

d. If Provider/Subcontractor provides Mobile Crisis Response Services in connection with the State Contracts:

(i) Provider/Subcontractor shall ensure that the staff providing those services hold the following credentials: (a) Mental Health Professional (MHP) with direct access to a Qualified Mental Health professional; (b) Qualified Mental Health Professional; or (c) Licensed Practitioner of the Healing Arts. [FHP-ACA Contract, Attachment XXII, ¶ 3.f.]

(ii) Provider/Subcontractor shall provide immediate crisis and stabilization services when an Enrollee in crisis can be stabilized in the community. [FHP-ACA Contract, Attachment XXII, ¶ 4.a.i.]

(iii) Provider/Subcontractor shall establish a "crisis safety plan" for all Enrollees presenting in behavioral-health crisis that is unique to the Enrollee and the circumstances leading to the crisis situation. [FHP-ACA Contract, Attachment XXII, ¶¶ 4.a.ii., 4.b.i.]

(iv) Provider/Subcontractor shall provide the Enrollee's family with contact information that may be used at any time, 24 hours a day, to contact Company in moments of crisis. [FHP-ACA Contract, Attachment XXII, ¶ 4.a.iv.]

(v) Provider/Subcontractor shall provide families of Enrollees with physical copies of the "crisis safety plan" (a) prior to the completion of the crisis screening event for any Enrollee stabilized in the community, and (b) prior to discharge of the Enrollee from an inpatient psychiatric hospital for any Enrollee that is admitted to such a facility. [FHP-ACA Contract, Attachment XXII, ¶ 4.b.ii.]

(vi) Provider/Subcontractor shall educate and orient the Enrollee's family to the components of the "crisis safety plan" to ensure that the plan is reviewed with the family regularly, and to detail how the plan is updated as necessary. [FHP-ACA Contract, Attachment XXII, ¶ 4.b.iii.]

(vii) Provider/Subcontractor shall share the "crisis safety plan" with all necessary medical professionals, including care coordinators, consistent with the authorizations established by consent or release. [FHP-ACA Contract, Attachment XXII, ¶ 4.b.iv.]

(viii) Provider/Subcontractor shall facilitate the Enrollee's admission to an appropriate inpatient institutional treatment setting when the Enrollee in crisis cannot be stabilized in the community. [FHP-ACA Contract, Attachment XXII, ¶ 4.c.i.]

(ix) Provider/Subcontractor shall inform the Enrollee's parents, guardian, caregivers, or residential staff about all of the available service providers and pertinent policies needed to allow the involved parties to select an appropriate inpatient institutional treatment setting. [FHP-ACA Contract, Attachment XXII, ¶ 4.c.ii.]

12. Third Party Liability. Provider/Subcontractor acknowledges and agrees that Medicaid payment, under the State Contracts or otherwise, is secondary to other sources of payment for Covered Services provided to Enrollees, and that Medicaid (and consequently Company, as a Medicaid MCO of the State) is the payer of last resort. Provider/Subcontractor furthermore acknowledges and agrees that when Company is aware of third-party sources of payment for Covered Services, Company is required to "cost avoid" (*i.e.*, deny) the associated claim and to redirect Provider/Subcontractor to bill that third-party source of payment as the primary payor.

13. Cooperation with Company. Provider/Subcontractor shall cooperate with Company with respect to Company's obligations under the State Contract, including without limitation:

a. Company's obligation to submit financial and expense-related reports/data to the State relating to the risk adjustment and Medical Loss Ratio (MLR) adjustment set forth in the State Contracts. [ICP Contract §§ 7.4, 7.11; FHP-ACA Contract §§ 7.4, 7.11]

b. Company's obligation to investigate, pursue, and report on coordination-of-benefit and third-party-liability resources and recoveries. [ICP Contract §§ 9.1.37, 9.1.38; FHP-ACA Contract §§ 9.1.36, 9.1.37]

c. Company's obligation to provide a "medical home," as that term is used in the State Contracts, for its Enrollees. [ICP Contract §§ 5.5.7, 5.9.2; FHP-ACA Contract §§ 5.6.7, 5.9.2]

d. Company's obligation to encourage Provider/Subcontractor to support Enrollees in directing their own care and in development of the Enrollee's care plan. [ICP Contract § 5.12.6; FHP-ACA Contract § 5.14.5; 5.14.8.1.3]

e. Company's obligation to avoid unnecessary utilization of emergency services by Enrollees and to promote care management through the Enrollees' primary care providers (PCPs) or "medical home." [ICP Contract § 5.17.1.5; FHP-ACA Contract § 5.17.1.5]

f. Company's obligation to establish and maintain an HFS-approved peer-review program to review the quality of care that Provider/Subcontractor provides to Enrollees. [ICP Contract § 5.19.5; FHP-ACA Contract § 5.19.5]

g. Company's obligation to provide orientation, education, and training for Provider/Subcontractor as set forth in the State Contracts, including without limitation (i) training on how to identify, recognize potential concerns related to, and report on suspected or alleged abuse, neglect, and exploitation being suffered by Enrollees, and (ii) education on the application of required clinical guidelines. [ICP Contract §§ 5.9, 5.20.1, 5.20.2, Attachment XI ¶ 9, Attachment XXI ¶ 3; FHP-ACA Contract §§ 5.9, 5.20.4, 5.20.5, Attachment XI ¶ 9, Attachment XXI ¶ 3]

h. Company's obligation to participate in any State-required performance-improvement projects. [ICP Contract § 7.16.5; FHP-ACA Contract § 7.16.5]

i. Company's obligation to remit to Provider/Subcontractor, if applicable, any "hospital access payments" authorized under 305 ILCS 5/5A-12.2(s)–(t) and 305 ILCS 5/5A-12.5 (Public Act 98-651, enacted June 14, 2014). [ICP Contract § 7.1 5; FHP-ACA Contract § 7.1.2]

j. Company's obligation to respond to any letter of concern, written deficiency notice, or request for a corrective action plan that Company receives from the State relating to Provider/Subcontractor or the services that are within the scope of the Agreement. [ICP Contract § 7.16.6.1; FHP-ACA Contract § 7.16.6.1]

k. Company's obligations and responsibilities relating to the "HMO self-evaluation structure" and associated activities set forth in 77 Ill. Admin. Code § 240.60. [77 Ill. Admin. Code § 240.50(d)(1)(C)]

14. Notice of Legal Action. If Provider/Subcontractor, its parent, or one of its affiliates becomes a party to any litigation, investigation, or transaction that may reasonably be considered to have a material impact on Provider/Subcontractor's ability to perform under the Agreement, Provider/Subcontractor shall immediately notify Company in writing. [ICP Contract § 9.1.24, FHP-ACA Contract § 9.1.24]

15. State Review of Agreement. Provider/Subcontractor acknowledges and agrees that Company may be required to submit a copy of the Agreement to HFS for review, and that HFS reserves the right to require Company to amend the Agreement as reasonably necessary to conform to Company's duties and obligations under the State Contracts. [ICP Contract § 5.28.10; FHP-ACA Contract § 5.28.10]

16. **Termination of Agreement and Effect Thereof.**

a. In the event the Agreement is terminated, such termination shall not constitute termination of any other agreement that Provider/Subcontractor has entered into with Company or an Affiliate of Company unless otherwise agreed to in writing by the parties. Furthermore, in the event this Illinois Medicaid Addendum is terminated, such termination shall not constitute termination of any other Product Addendum or Product Participation that Provider/Subcontractor has entered into with Company pursuant to the Agreement unless otherwise agreed to in writing by the Parties.

b. Notwithstanding anything in the Agreement to the contrary, if either Company or Provider/Subcontractor seeks (i) to terminate the Agreement "with cause" (as that term is used and defined in the Agreement), the terminating party shall provide at least sixty (60) days' written notice to the other party; or (ii) to terminate the Agreement "without cause" (as that term is used and defined in the Agreement), the terminating party shall provide at least ninety (90) days' written notice to the other party. Furthermore, Provider/Subcontractor shall cooperate with Company with respect to Company's obligation to provide timely notice to Enrollees of any termination that would curtail or eliminate services to such Enrollees, with such notice to be sent (i) at least sixty (60) days prior to that termination, or (ii) immediately, if Company receives less than sixty (60) days' notice of that termination from Provider/Subcontractor. The notice to be sent to Enrollees shall include instructions regarding referrals that have previously been issued and appointments that may be pending. [50 Ill. Admin. Code § 5241.50(a)(5)–(6); 305 ILCS 5/5F-40(a)]

c. Notwithstanding anything in the Agreement to the contrary, Company shall retain the right to terminate the Agreement, or impose other sanctions, if the performance of Provider/Subcontractor is inadequate. Company shall monitor the performance of Provider/Subcontractor on an ongoing basis, shall subject Provider/Subcontractor to formal review on no less than a triennial basis, and to the extent deficiencies or areas for improvement are identified during an informal or formal review, shall require Provider/Subcontractor to take appropriate corrective action. Furthermore, Company shall promptly terminate the Agreement if Provider/Subcontractor is or becomes terminated, barred, or suspended, or has voluntarily withdrawn as a result of a settlement agreement, under either Section 1128 or Section 1128A of the Social Security Act, from participating in any program under federal law including any program under Titles XVIII, XIX, XX or XXI of the Social Security Act or are otherwise excluded from participation in the HFS Medical Program. [ICP Contract §§ 5.28.7, 5.28.9; FHP-ACA Contract §§ 5.28.7, 5.28.9]

17. **Maintenance, Access to, and Confidentiality of Records.**

a. Provider/Subcontractor shall maintain books and records relating to the performance of the State Contracts and the Agreement and necessary to support amounts charged under the State Contracts and the Agreement. Books and records, including information stored in databases or other computer systems, shall be maintained by Provider/Subcontractor for a period of three (3) years from the later of the date of final payment under the Agreement or completion of the Agreement, or such longer time as may be required by federal law or regulation. Books and records required to be maintained under this provision shall be available for review or audit by representatives of any Authorized Persons (along with the Executive Inspector General and the Chief Procurement Officer) upon reasonable notice and during normal business hours. Provider/Subcontractor shall cooperate fully with any such audit and with any investigation conducted by any of these entities. Failure to maintain the books and records required by this provision shall establish a presumption in favor of the State for the recovery of any funds paid by the State under the State Contracts for which adequate books and records are not available to support the purported disbursement. Provider/Subcontractor shall not impose a charge for audit or examination of Provider/Subcontractor's books and records. [ICP Contract § 9.1.2; FHP-ACA Contract § 9.1.2]

b. Provider/Subcontractor may have or gain access to confidential data or information owned or maintained by the State or Company in the course of carrying out Provider/Subcontractor's responsibilities under the Agreement and/or the State Contracts. Provider/Subcontractor shall presume all information received from the State or Company, or to which it gains access pursuant to the Agreement and/or the State Contracts, is confidential. No confidential data collected, maintained, or used in the course of performance of the Agreement and/or the State Contracts shall be disseminated except as authorized by law and with the written consent of the State and/or Company, as applicable, either during the term of the State Contracts or thereafter, unless otherwise expressly provided in the State Contracts. Provider/Subcontractor must return any and all data collected, maintained, created, or used in the course of the performance of the Agreement and/or the State Contracts, in whatever form it is maintained, promptly at the earlier of the termination of the Agreement or the termination of the State Contracts, or earlier at the request of the State, or notify the State and/or Company, as applicable, in writing of its destruction. The foregoing obligations shall not apply to confidential data or information that is: (i) lawfully in Provider/Subcontractor's possession prior to its acquisition from the State and/or Company; (ii) received in good faith from a third-party not subject to any confidentiality obligation to the State and/or Company; (iii) now is or later becomes publicly known through no breach of confidentiality obligation by Provider/Subcontractor; or (iv) is independently developed by Provider/Subcontractor without the use or benefit of the confidential information of the State and/or Company. [ICP Contract § 9.1.6; FHP-ACA Contract § 9.1.6]

c. Provider/Subcontractor shall ensure that all information, records, data, and data elements pertaining to applicants for and recipients of public assistance, or to providers, facilities, and associations, shall be protected from unauthorized disclosure by Provider/Subcontractor and Provider/Subcontractor's employees, by Provider/Subcontractor's corporate affiliates and their employees, and by Provider/Subcontractor's subcontractors and their employees, pursuant to 305 ILCS 5/11-9, 11-10, and 11-12; 42 U.S.C. § 654(26); 42 C.F.R. Part 431, Subpart F; and 45 C.F.R. Part 160 and 45 C.F.R. Part 164, Subparts A and E. To the extent that Provider/Subcontractor, in the course of performing under the terms of the Agreement, serves as a business associate of Company and/or HFS, as "business associate" is defined in the HIPAA Privacy Rule (45 C.F.R. § 160.103), Provider/Subcontractor shall assist Company and/or HFS in responding to the client as provided in the HIPAA Privacy Rule, and shall maintain for a period of six (6) years any records relevant to an individual's eligibility for services under the HFS Medical Program. [ICP Contract § 9.1.21; FHP-ACA Contract § 9.1.21]

d. Provider/Subcontractor, to which Company provides Enrollee PHI that Company has received from HFS or created or received by Company on behalf of HFS, agrees to the same restrictions and conditions that apply under the terms of the State Contracts to Company with respect to such information. [ICP Contract, Attachment VI § C.5; FHP-ACA Contract, Attachment VI § C.5]

18. **Medical Records. With respect to Enrollee medical records:**

a. In addition to the requirements set forth in the Agreement, Provider/Subcontractor shall maintain Enrollee medical records in a timely, legible, accurate, current, complete, and organized manner, with appropriate dates and identification and initialing/signature of the Provider/Subcontractor, to facilitate retrieval

and compilation of records, to ensure Enrollee continuity of care, and to permit effective and confidential patient care and quality review. For each encounter or episode of care that Provider/Subcontractor has with an Enrollee, Provider/Subcontractor shall place the following information into the Enrollee's medical records: (1) the reason for the encounter; (2) evidence of the Provider/Subcontractor's assessment of the Enrollee's health problems; (3) current diagnosis of the Enrollee, including the results of any diagnostic tests; (4) the plan of treatment, including any therapies and health education; (5) any medical history relevant to the current episode of care; and (6) confirmation that all outcomes of ancillary reports, such as laboratory tests and x-rays, have been reviewed by the individual or entity who ordered the reports and that follow-up actions have been taken regarding report results that are deemed significant by the individual or entity who ordered those reports. [77 Ill. Admin. Code §§ 240.50(c)(1), 240.90(a)–(b); ICP Contract § 5.23.3; FHP-ACA Contract § 5.23.3]

b. Provider/Subcontractor shall ensure that Enrollee medical records contain documented efforts to obtain Enrollee consent when required by law. Provider/Subcontractor shall furthermore only release Enrollee medical records to Authorized Persons, or to any primary care provider (PCP), women's health care provider (WHCP), or other Provider of Enrollee (subject to Enrollee's consent when required by law), and shall only release original Enrollee medical records in accordance with federal or State law, court orders, subpoenas, or a valid records-release form executed by the Enrollee. Provider/Subcontractor shall protect the confidentiality and privacy of minors, and shall abide by all federal and State laws regarding the confidentiality and disclosure of medical records, mental health records, and any other information about Enrollees. Provider/Subcontractor shall produce Enrollee medical records to HFS upon request. [ICP Contract § 5.23.3; FHP-ACA Contract § 5.23.3]

c. If Provider/Subcontractor is an Enrollee's primary care provider (PCP), Provider/Subcontractor shall furthermore maintain a permanent medical record for that Enrollee to ensure continuity of care. The medical record for each Enrollee who has had a routine, scheduled appointment with his/her primary care provider (PCP) shall include the following information: (1) identification; (2) patient history; (3) known past surgical procedures; (4) known past and current diagnoses and problems; and (5) known allergies and untoward reactions to drugs. [77 Ill. Admin. Code § 240.90(c); ICP Contract § 5.23.3; FHP-ACA Contract § 5.23.3]

d. If Enrollee changes PCPs or "medical homes," Provider/Subcontractor shall forward Enrollee's medical records or copies thereof to the new PCP or "medical home" promptly upon Enrollee's transfer. [ICP Contract § 5.23.3; FHP-ACA Contract § 5.23.3]

e. Provider/Subcontractor shall only record diagnosis codes in Enrollee's medical records at the time of creation of that medical record, and shall not retroactively adjust any such diagnosis codes except to correct errors. [ICP Contract § 7.4.1; FHP-ACA Contract § 7.4.1]

19. Use of Hospitalists. Neither Company nor Provider/Subcontractor shall require or otherwise mandate, whether by contract, written policy, or procedure, any Enrollee to substitute his or her participating primary care provider (PCP) during inpatient hospitalization, such as with a hospitalist physician, without the agreement of that Enrollee's participating primary care provider (PCP). Company and Provider/Subcontractor (if applicable) shall inform Enrollees of any policies, recommendations, or guidelines concerning the substitution of the Enrollee's primary care provider (PCP) when hospitalization is necessary in the manner set forth in 215 ILCS 5/15(d)–(e). [215 ILCS 134/30(c)]

20. **Provider Enrollment, Credentialing, Licensure, and Privileges.**

a. Provider/Subcontractor shall be enrolled as a provider in the HFS Medical Program (as defined below), if such enrollment is required by HFS's rules or policy in order to submit claims for reimbursement or otherwise participate in the HFS Medical Program. Provider/Subcontractor shall not, in turn, contract or subcontract with an individual or entity that has voluntarily withdrawn from the HFS Medical Program as the result of a settlement agreement. For purposes of this provision, the term "HFS Medical Program" means the (i) Illinois Medical Assistance Program administered under Article V of the Illinois Public Aid Code (305 ILCS 5/5-1 *et seq.*) or its successor program, and Titles XIX (42 U.S.C. § 1396 *et seq.*) and XXI (42 U.S.C. § 1397aa *et seq.*) of the Social Security Act, and Section 12-4.35 of the Illinois Public Aid Code (305 ILCS 5/12-4.35); and (ii) the State Children's Health Insurance Program administered under 215 ILCS 106 and Title XXI of the Social Security Act (42 U.S.C. § 1397aa *et seq.*). [ICP Contract §§ 1.71, 5.28.4; FHP-ACA Contract §§ 1.75, 5.28.4]

b. Provider shall comply with all credentialing and recredentialing policies and procedures that Company implements to verify Provider's credentials, including without limitation by completing a credentialing application in accordance with applicable policies and procedures. Furthermore, Provider shall comply with all applicable credentialing/recredentialing standards and requirements set forth in the State Contracts and in applicable federal and State laws, regulations, and written policies. [ICP Contract § 5.7.1, Attachment XI ¶ 8; FHP-ACA Contract § 5.8.1, Attachment XI ¶ 8]

c. If Provider/Subcontractor operates a laboratory testing site that provides services to Enrollees, (i) that site shall possess a valid Clinical Laboratory Improvement Amendment (CLIA) certificate and comply with the CLIA regulations found at 42 C.F.R. Part 493, and (ii) Provider/Subcontractor shall report lab values to Company directly. [ICP Contract §§ 5.19.2, 5.28.9.4; FHP-ACA Contract §§ 5.19.2, 5.28.9.4]

d. If Provider is a physician, such physician Provider shall have and maintain admitting privileges and, as appropriate, delivery privileges at a hospital that is also a participating Provider with Company; or, in lieu of these admitting and/or delivery privileges, such physician Provider shall have a written referral agreement with a separate physician who is a participating Provider with Company and who has such privileges at a hospital that is also a participating Provider with Company. Such physician Provider shall coordinate care with the referring physician and shall ensure that Enrollee medical records are appropriately transferred; the physicians' written referral agreement shall contain appropriate provisions that document and require such coordination of care and transfer of medical records. [ICP Contract § 5.28.1.2; FHP-ACA Contract § 5.28.1.2]

e. If Provider/Subcontractor provides long-term care and HCBS services under the Agreement, Provider/Subcontractor shall be approved and authorized by the State to provide such Covered Services, and shall only provide to Enrollees those particular Covered Services for which they are approved and authorized. [FHP-ACA Contract § 5.8.5]

21. **Disclosure of Ownership and Control; Prohibited Relationships; Background Checks.**

a. Consistent with federal disclosure requirements described in 42 C.F.R. § 455.100 through 42 C.F.R. § 455.106 and 42 C.F.R. § 438.610, and to ensure that Company does not make a payment to an individual or entity that has been criminally convicted of a felony, is debarred, suspended, or otherwise excluded from participating in federal health care programs, or is excluded from participating in procurement activities under the Federal Acquisition Regulation, or from participating in non-procurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order No. 12549, Provider/Subcontractor shall disclose to Company: any required ownership and control, relationship, and financial interest information; any changes to ownership and control, relationship, and financial interest information; and information on any criminal convictions regarding Provider/Subcontractor and any owner(s) and managing employee(s) at the time the Agreement is executed and annually thereafter, and any time there are changes to such information. [ICP Contract § 9.2.34; FHP-ACA Contract § 9.2.34]

b. No Provider/Subcontractor, no individual who has a direct or indirect ownership or controlling interest of 5% or more of that Provider/Subcontractor, and no officer, director, agent, or managing employee (*i.e.*, general manager, business manager, administrator, director, or like individual who exercises operational or managerial control over that Provider/Subcontractor or who directly or indirectly conducts the day-to-day operation of that Provider/Subcontractor) shall be an entity or individual: (1) who has been convicted of any offense under Section 1128(a) of the Social Security Act (42 U.S.C. § 1320a-7(a)) or of any offense related to fraud or obstruction of an investigation or a controlled substance described in Section 1128(b)(1)–(3) of the Social Security Act (42 U.S.C. § 1320a-7(b)(1)-(3)); (2) against whom a civil monetary penalty has been assessed under Section 1128A or 1129 of the Social Security Act (42 U.S.C. §1320a-7a, 42 U.S.C. §1320a-8); or (3) who has been excluded from participation in a program under Title XVII, 1902(a)(39) and (41) of the Social Security Act, Section 4724 of the Balanced Budget Act or under a State health care program. [ICP Contract § 9.2.34; FHP-ACA Contract § 9.2.34]

c. Provider/Subcontractor shall not be an Excluded Person (as that term is defined below), and shall not employ, subcontract with, or affiliate with an Excluded Person. The term "Excluded Person" means any individual or entity that (i) under Section 1128 of the Social Security Act, is or has been terminated, barred,

suspended, or otherwise excluded from participation in, or as the result of a settlement agreement has voluntarily withdrawn from participation in, any program under federal law, including any program under Titles IV, XVIII, XIX, XX or XXI of the Social Security Act; (ii) has not been reinstated in the program after a period of exclusion, suspension, debarment, or ineligibility; or (iii) has been convicted of a criminal offense related to the provision of items or services to a federal, state, or local government entity within the last ten (10) years. Provider/Subcontractor acknowledges and agrees that under the State Contracts, Company must terminate its relationship with Provider/Subcontractor immediately upon learning that such Provider/Subcontractor meets the definition of an Excluded Person, and must notify the HFS OIG of the termination. [ICP Contract §§ 5.22, 9.1.32; FHP-ACA Contract §§ 5.22, 9.1.32]

d. Provider/Subcontractor acknowledges and agrees that prior to entering into the Agreement, Company may be required to submit a disclosure statement to HFS identifying any agreements, Providers, and/or Subcontractors in which any of the following have a financial interest of five percent (5%) or more: (a) any individual or entity also having a financial interest of five percent (5%) or more in Company or Company's affiliates as defined by 42 C.F.R. § 455.101; (b) any director, officer, trustee, partner, or employee of Company or Company's Affiliates; and (c) any member of the immediate family of any individual or entity designated above. [ICP Contract § 5.28.12; FHP-ACA Contract § 5.28.12]

e. Provider/Subcontractor acknowledges and agrees that the State may conduct, at the State's expense and whenever the State deems it reasonably necessary for security reasons, criminal and driver history background checks of Provider/Subcontractor and its officers, employees, or agents, and furthermore acknowledges and agrees that Provider/Subcontractor shall immediately reassign any such individual who, in the opinion of the State, does not pass the background checks. [ICP Contract § 9.1.13; FHP-ACA Contract § 9.1.13]

22. Fraud, Abuse and Misconduct. Provider/Subcontractor shall report immediately in writing to Company and to the HFS OIG any suspected fraud, abuse, or misconduct associated with any service or function provided for under the Agreement and/or the State Contracts by any parties directly or indirectly affiliated with the Agreement and/or the State Contracts, including without limitation Company and Company's staff, Provider/Subcontractor and its employees and subcontractors, and HFS employees or contractors. Provider/Subcontractor shall make this report to Company and to the HFS OIG within three (3) days after first suspecting fraud, abuse, or misconduct. Provider/Subcontractor shall not conduct any investigation of the suspected fraud, abuse, or misconduct without the express concurrence of the HFS OIG; the foregoing notwithstanding, Provider/Subcontractor may conduct and continue investigations necessary to determine whether reporting is required under this provision. Provider/Subcontractor must report the results of such an investigation to the HFS OIG as described above. Provider/Subcontractor shall cooperate with all investigations of suspected fraud, abuse, or misconduct reported pursuant to this provision. Nothing in this provision precludes Company or Provider/Subcontractor from establishing measures to maintain quality of services and control costs that are consistent with their usual business practices, from conducting themselves in accordance with their respective legal or contractual obligations, or from taking internal personnel-related actions. [ICP Contract §§ 5.31.1, 9.1.29; FHP-ACA Contract §§ 5.31.1, 9.1.29]

23. Offshore Services. Provider/Subcontractor is prohibited from using any individual or entity (an "Offshore Entity") (including, but not limited to, any employee, contractor, subcontractor, agent, representative, or other individual or entity) to perform any services in connection with the State Contracts if the individual or entity is physically located outside of one of the fifty United States or one of the United States Territories (*i.e.*, American Samoa, Guam, Northern Marianas, Puerto Rico, and Virgin Islands) ("Offshore Services"), unless Company, in its sole discretion and judgment, agrees in advance and in writing to the use of such Offshore Entity. Provider/Subcontractor further agrees that Company has the right to audit any Offshore Entity prior to the provision of any Offshore Services. Provider/Subcontractor further represents and warrants that it does not and will not permit any Enrollees' protected health information (PHI) or other personal information to be accessible by any Offshore Entity, without prior written notice to Company and Company's prior written approval of such Offshore Entity. In the event that Company agrees in advance and in writing to permit Provider/Subcontractor to use an Offshore Entity to perform any services in connection with the State Contracts and Company agrees that such Offshore Entity will receive, process, transfer, handle, store, or access Enrollee PHI as defined at 45 C.F.R. § 160.103, Provider/Subcontractor agrees that Offshore Services that involve Enrollee PHI are subject to CMS reporting within thirty (30) days of: (a) performing, or contracting with an Offshore Entity to perform, Offshore Services, and (b) any time Provider/Subcontractor changes the Offshore Services that an Offshore Entity will perform.

24. Business Enterprise Program (BEP) Registration. In the event that Provider/Subcontractor is a minority-owned business, a female-owned business, or a business owned by persons with disabilities, then Provider/Subcontractor shall seek and obtain State certification as a Business Enterprise Program (BEP) vendor under the Business Enterprise Program Act for Minorities, Females and Persons with Disabilities. Provider/Subcontractor shall furthermore cooperate with Company with respect to Company's obligations under the State Contract related to the Business Enterprise Program (BEP) and shall, among other things, maintain a record of all relevant data with respect to the utilization of BEP-certified individuals and entities, including, but not limited to, payroll records, invoices, canceled checks, and books of account, for a period of at least five (5) years after the completion of the Agreement. [ICP Contract §§ 2.92, 7.16.2; FHP-ACA Contract §§ 2.92, 7.16.2]

25. Marketing Activities. Provider/Subcontractor shall not engage in any inappropriate or unallowable marketing activities and practices as set forth in the State Contracts and 42 C.F.R. § 438.104, and shall submit to Company for its review any marketing or information materials of Provider/Subcontractor that relate to the State Contracts, prior to disseminating same. Provider/Subcontractor furthermore shall not induce any employees of the State to improperly reveal any confidential information regarding Enrollees or otherwise use such confidential information in a fraudulent manner. [ICP Contract § 4.16.3; FHP-ACA Contract § 4.16.3]

26. Compliance with Laws, the State Contracts, and Company Policies and Procedures.

a. Provider/Subcontractor shall perform all services and other duties under the Agreement in accordance and compliance with, and subject to, all applicable federal, State, and local laws, rules, ordinances, regulations, orders, federal circulars, and license and permit requirements in the performance of the Agreement, including without limitation, the Managed Care Reform and Patient Rights Act (215 ILCS 134/ 1 *et seq.*), the federal Balanced Budget Act of 1997 (Public Law 105-33), and regulations promulgated by the Illinois Department of Financial and Professional Regulation, the Illinois Department of Public Health, and/or federal CMS. Company shall be in compliance with applicable tax requirements and shall be current in payment of such taxes. Company shall obtain at its own expense all licenses and permissions necessary for the performance of the Agreement. [ICP Contract §§ 2.2, 2.5, 9.1.12; FHP-ACA Contract §§ 2.2, 2.5, 9.1.12]

b. Provider/Subcontractor shall be bound by the terms and conditions of the State Contracts that are appropriate to the services provided by, or activities delegated to, Provider/Subcontractor in connection with the State Contracts. These terms and conditions include, without limitation, the record-keeping and audit provisions of the State Contracts, such that the Authorized Persons shall have the same rights to audit and inspect Provider/Subcontractor (and any downstream providers or subcontractors thereof) as they have to audit and inspect Company. [ICP Contract § 5.28.1.1; FHP-ACA Contract § 5.28.1.1]

c. Provider/Subcontractor shall comply with the prior-authorization requirements and processes set forth in Company's policies and procedures. [ICP Contract §§ 5.16.5, 5.16.6; FHP-ACA Contract § 5.16.5, 5.16.6]

d. Provider/Subcontractor shall comply with all utilization-management and peer-review programs, processes, and timeframes established by Company. [ICP Contract, Attachment XII ¶ 4; FHP-ACA Contract, Attachment XII ¶ 4]

27. State Employee Handbook. If Provider/Subcontractor or any of its employees and subcontractors provide services under the Agreement at a location controlled by HFS or any other State agency, Provider/Subcontractor shall abide by all applicable provisions of the controlling State agency's Employee Handbook. [ICP Contract § 9.1.27; FHP-ACA Contract § 9.1.27]

28. Prohibition on Gifts. Provider/Subcontractor and its principals, employees, and subcontractors are prohibited from giving gifts to HFS employees, and from giving gifts to, or accepting gifts from, any individual or entity

that has a contemporaneous contract with HFS involving duties or obligations related to the Agreement and/or the State Contracts. [ICP Contract § 9.1.30; FHP-ACA Contract § 9.1.30]

29. No Transfer of Liability to Providers. Neither Company nor Subcontractor shall transfer or attempt to transfer to any health care provider, by indemnification, hold harmless, or contribution requirements that are set forth in any contract, written policy, or procedure, any liability relating to activities, actions, or omissions of Company and/or Subcontractor or their respective officers, employees, or agents; provided, however that nothing in this provision shall relieve any health care provider from liability for his, her, or its own negligence in the performance of his, her, or its duties arising from treatment of an Enrollee. [215 ILCS 134/95]

30. Capitated Contracts. If Company compensates Provider/Subcontractor under the Agreement on a capitated basis for furnishing, arranging, or providing health care services:

a. Provider/Subcontractor agrees that in no event, including but not limited to nonpayment by Company of amounts due to Provider/Subcontractor under the Agreement, insolvency of Company, or any breach of the Agreement by Company, shall Provider/Subcontractor or its assignees or subcontractors have a right to or seek any type of payment from, bill, charge, collect a deposit from, or have any recourse against, the Enrollee or persons acting on the Enrollee's behalf (other than Company) for services provided pursuant to the Agreement, except for the payment of applicable copayments or deductibles for services covered by Company or fees for services not covered by Company. The requirements of this provision shall survive any termination of the Agreement for services rendered prior to such termination, regardless of the cause of such termination. Company's Enrollees and persons acting on the Enrollees' behalf (other than Company) shall be third-party beneficiaries of this provision. This provision supersedes any oral or written agreement now existing or hereafter entered into between Provider/Subcontractor and the Enrollee or persons acting on the Enrollee's behalf (other than Company). [50 Ill. Admin. Code § 5241.50(e)]

b. Provider/Subcontractor shall submit timely encounter data/records for all Covered Services that it has provided to Enrollees, in the format specified by the State, so that Company can meet the encounter-reporting specifications and requirements set forth in the State Contracts. Provider/Subcontractor shall be responsible for transmitting all data to Company as required by 42 C.F.R. § 438. [ICP Contract § 7.11.3; FHP-ACA Contract §§ 5.6.6, 7.11.3]

c. If Provider/Subcontractor is a "Managed Care Organization" as that term is defined in 50 Ill. Admin. Code § 5241.20, Provider/Subcontractor shall submit to Company copies of Provider/Subcontractor's quarterly financial statements, which shall include Provider/Subcontractor's balance sheet and statements of income and cash flow within forty-five (45) days after the end of each fiscal period. In addition, Provider/Subcontractor shall submit, within ninety (90) days after the end of Provider/Subcontractor's fiscal year, copies of Provider/Subcontractor's audited annual financial statements prepared in accordance with generally accepted accounting principles, if available. Provider/Subcontractor acknowledges and agrees that HFS, at its discretion, may require Company to submit for HFS's inspection the financial statements that Company has received from Provider/Subcontractor (which such financial statements shall be deemed confidential by HFS). Provider/Subcontractor agrees to fully cooperate with, and disclose all relevant information requested by, Company's actuaries for the preparation of such actuaries' opinion in accordance with the Actuarial Standards Board Actuarial Standards of Practice No. 16. Company acknowledges that in the event of Provider/Subcontractor's insolvency, Company is secondarily liable as the ultimate risk bearer for unpaid health care services rendered to Company's Enrollees. [50 Ill. Admin Code §5241.50(d)] For purposes of this provision, "Managed Care Organization" or "MCO" means a partnership, association, corporation, or other legal entity, including but not limited to individual practice associations (IPAs) and physician hospital organizations (PHOs), that delivers or arranges for the delivery of health care services through providers it has contracted with or otherwise made arrangements with to furnish those health care services. [50 Ill. Admin. Code § 5241.20]

31. Required Certifications of Provider/Subcontractor. Provider/Subcontractor acknowledges and agrees that its compliance with Section 9.2 of each of the State Contracts and each subsection of Section 9.2 (collectively, the "Standard Certifications") is a material requirement and condition of this Agreement during the entire term thereof,

including during any renewal periods. By executing the Agreement, Provider/Subcontractor certifies compliance with the Standard Certifications in their entirety, and Provider/Subcontractor is under a continuing obligation to remain in compliance with, and to report any non-compliance with respect to, the Standard Certifications. Furthermore, Provider/Subcontractor shall include the Standard Certifications in any subcontracts or other contracts with its downstream entities or related entities that Provider/Subcontractor enters into in connection with the State Contracts. During the term of the State Contracts, Provider/Subcontractor shall confirm compliance with the Standard Certifications in the manner and format determined by the State by the date specified by the State, and in no event later than July 1 of each year that the State Contracts remains in effect. As part of each Standard Certification, Provider/Subcontractor acknowledges and agrees that if Provider/Subcontractor or its subcontractors, downstream entities, or related entities provide false information, or fail to be or remain in compliance with the Standard Certifications, one or more of the following sanctions will apply: (a) the Agreement may be void by operation of law; (b) the State may void the Agreement; and (c) Provider/Subcontractor and its subcontractors, downstream entities, or related entities may be subject to one or more of the following: suspension, debarment, denial of payment, civil fine, or criminal penalty. [ICP Contract § 9.2.1; FHP-ACA Contract § 9.2.1]

The Standard Certifications are set forth below:

a. Provider/Subcontractor certifies it and its employees will comply with applicable provisions of the United States Civil Rights Act, Section 504 of the Federal Rehabilitation Act, the Americans with Disabilities Act (42 U.S.C. § 12101, *et seq.*), and applicable rules in the performance of this Agreement. [ICP Contract § 9.2.2; FHP-ACA Contract § 9.2.2]

b. Provider/Subcontractor certifies, if applicable, that it is not in default on an educational loan (5 ILCS 385/3). This applies to individuals, sole proprietorships, partnerships, and individuals as members of LLCs. [ICP Contract § 9.2.3; FHP-ACA Contract § 9.2.3]

c. Provider/Subcontractor (if an individual, sole proprietor, partner, or an individual as member of an LLC) certifies, if applicable, that it has not received (i) an early retirement incentive prior to 1993 under Section 14-108.3 or 16-133.3 of the Illinois Pension Code, 40 ILCS 5/14-108.3 and 40 ILCS 5/16-133.3, or (ii) an early retirement incentive on or after 2002 under Section 14-108.3 or 16-133.3 of the Illinois Pension Code, 40 ILCS 5/14-108.3 and 40 ILCS 5/16-133 (30 ILCS 105/15a). [ICP Contract § 9.2.4; FHP-ACA Contract § 9.2.4]

d. Provider/Subcontractor certifies, if applicable, that it is a properly formed and existing legal entity (30 ILCS 500/1.15.80, 20-43), and as applicable has obtained an assumed name certificate from the appropriate authority, or has registered to conduct business in Illinois and is in good standing with the Illinois Secretary of State. [ICP Contract § 9.2.5; FHP-ACA Contract § 9.2.5]

e. Provider/Subcontractor certifies that it has neither been convicted of bribing or attempting to bribe an officer or employee of the State or any other state, nor made an admission of guilt of such conduct that is a matter of record (30 ILCS 500/50-5). [ICP Contract § 9.2.7; FHP-ACA Contract § 9.2.7]

f. If Provider/Subcontractor has been convicted of a felony, Provider/Subcontractor certifies at least five (5) years have passed after the date of completion of the sentence for such felony, unless no person held responsible by a prosecutor's office for the facts upon which the conviction was based continues to have any involvement with the business (30 ILCS 500/50-10). [ICP Contract § 9.2.8; FHP-ACA Contract § 9.2.8]

g. If Provider/Subcontractor, or any officer, director, partner, or other managerial agent of Provider/Subcontractor, has been convicted of a felony under the Sarbanes-Oxley Act of 2002, or a Class 3 or Class 2 felony under the Illinois Securities Law of 1953, Provider/Subcontractor certifies that at least five (5) years have passed since the date of the conviction. Provider/Subcontractor further certifies that it is not barred

from being awarded a contract and acknowledges that the State shall declare the Agreement void if this certification is false (30 ILCS 500/50-10.5). [ICP Contract § 9.2.9; FHP-ACA Contract § 9.2.9]

h. Provider/Subcontractor certifies that it is not barred from having a contract with the State based on violating the prohibition on providing assistance to the State in identifying a need for a contract (except as part of a public request for information process) or by reviewing, drafting, or preparing a solicitation or similar documents for the State (30 ILCS 500/50-10.5e). [ICP Contract § 9.2.10; FHP-ACA Contract § 9.2.10]

i. Provider/Subcontractor certifies that it and its affiliates are not delinquent in the payment of any debt to the State (or if delinquent has entered into a deferred payment plan to pay the debt), and Provider/Subcontractor and its affiliates acknowledge that the State may declare the Agreement void if this certification is false (30 ILCS 500/50-11) or if Provider/Subcontractor or an affiliate later becomes delinquent and has not entered into a deferred payment plan to pay off the debt (30 ILCS 500/50-60). [ICP Contract § 9.2.11; FHP-ACA Contract § 9.2.11]

j. Provider/Subcontractor certifies that it and its affiliates shall collect and remit Illinois Use Tax on all sales of tangible personal property into the State in accordance with provisions of the Illinois Use Tax Act (30 ILCS 500/50-12) and acknowledges that failure to comply can result in the Agreement being declared void. [ICP Contract § 9.2.12; FHP-ACA Contract § 9.2.12]

k. Provider/Subcontractor certifies that it has not been found by a court or the Pollution Control Board to have committed a willful or knowing violation of the Environmental Protection Act within the last five (5) years, and is therefore not barred from being awarded a contract (30 ILCS 500/50-14). [ICP Contract § 9.2.13; FHP-ACA Contract § 9.2.13]

l. Provider/Subcontractor certifies that it has not paid any money or valuable thing to induce any person to refrain from bidding on a State contract, nor has Provider/Subcontractor accepted any money or other valuable thing, or acted upon the promise of same, for not bidding on a State contract (30 ILCS 500/50-25). [ICP Contract § 9.2.14; FHP-ACA Contract § 9.2.14]

m. Provider/Subcontractor certifies that it is not in violation of the "Revolving Door" section of the Illinois Procurement Code (30 ILCS 500/50-30). [ICP Contract § 9.2.15; FHP-ACA Contract § 9.2.15]

n. Provider/Subcontractor certifies that it has not retained a person to attempt to influence the outcome of a procurement decision for compensation contingent in whole or in part upon the decision or procurement (30 ILCS 500/50-38). [ICP Contract § 9.2.16; FHP-ACA Contract § 9.2.16]

o. Provider/Subcontractor certifies that it will report to the Illinois Attorney General and the Chief Procurement Officer any suspected collusion or other anti-competitive practice among any bidders, offerors, contractors, proposers, or employees of the State (30 ILCS 500/50-40, 50-45, 50-50). [ICP Contract § 9.2.17; FHP-ACA Contract § 9.2.17]

p. In accordance with the Steel Products Procurement Act, Provider/Subcontractor certifies that steel products used or supplied in the performance of a contract for public works shall be manufactured or produced in the United States, unless the executive head of the procuring agency grants an exception (30 ILCS 565). [ICP Contract § 9.2.18; FHP-ACA Contract § 9.2.18]

q. If Provider/Subcontractor employs twenty-five (25) or more employees, Provider/Subcontractor certifies that it will provide a drug free workplace pursuant to the Drug Free Workplace Act (30 ILCS 580). [ICP Contract § 9.2.19; FHP-ACA Contract § 9.2.19]

r. Provider/Subcontractor certifies that neither Provider/Subcontractor nor any substantially owned affiliate of Provider/Subcontractor is participating or shall participate in an international boycott in violation of the U.S. Export Administration Act of 1979 or the applicable regulations of the U.S. Department of Commerce (30 ILCS 582). [ICP Contract § 9.2.20; FHP-ACA Contract § 9.2.20]

s. Provider/Subcontractor certifies that it has not been convicted of the offense of bid rigging or bid rotating or any similar offense of any state or of the United States (720 ILCS 5/33E-3, E-4). [ICP Contract § 9.2.21; FHP-ACA Contract § 9.2.21]

t. Provider/Subcontractor certifies that it complies with the Illinois Department of Human Rights Act and rules applicable to public contracts, including equal employment opportunity, refraining from unlawful discrimination, and having written sexual harassment policies (775 ILCS 5/2-105). [ICP Contract § 9.2.22; FHP-ACA Contract § 9.2.22]

u. Provider/Subcontractor certifies that it does not pay dues to or reimburse or subsidize payments by its employees for any dues or fees to any "discriminatory club" (775 ILCS 25/2). [ICP Contract § 9.2.23; FHP-ACA Contract § 9.2.23]

v. Provider/Subcontractor certifies that it complies with the State Prohibition of Goods from Forced Labor Act, and certifies that no foreign-made equipment, materials, or supplies furnished to the State under the Agreement have been or will be produced in whole or in part by forced labor, or indentured labor under penal sanction (30 ILCS 583). [ICP Contract § 9.2.24; FHP-ACA Contract § 9.2.24]

w. Provider/Subcontractor certifies that no foreign-made equipment, materials, or supplies furnished to the State under the Agreement have been produced in whole or in part by the labor or any child under the age of twelve (30 ILCS 584). [ICP Contract § 9.2.25; FHP-ACA Contract § 9.2.25]

x. Provider/Subcontractor certifies that it is not in violation of Section 50-14.5 of the Illinois Procurement Code (30 ILCS 500/50-14.5), which states: "Owners of residential buildings who have committed a willful or knowing violation of the Lead Poisoning Prevention Act (410 ILCS 45) are prohibited from doing business with the State until the violation is mitigated." [ICP Contract § 9.2.26; FHP-ACA Contract § 9.2.26]

y. Provider/Subcontractor warrants and certifies that it and, to the best of its knowledge, its subcontractors, downstream entities, or related entities, have and will comply with Executive Order No. 1 (2007). That Order generally prohibits contractors and subcontractors from hiring the then-serving Illinois Governor's family members to lobby procurement activities of the State, or any other unit of government in the State including local governments if that procurement may result in a contract valued at over $25,000. This prohibition also applies to hiring for that same purpose any former State employee who had procurement authority at any time during the one-year period preceding the procurement lobbying activity. [ICP Contract § 9.2.27; FHP-ACA Contract § 9.2.27]

z. Provider/Subcontractor certifies that information technology, including electronic information, software, systems, and equipment developed or provided under the Agreement will comply with the applicable

requirements of the Illinois Information Technology Accessibility Act Standards as published at www.dhs.state.il.us/iitaa (30 ILCS 587). [ICP Contract § 9.2.28, FHP-ACA Contract § 9.2.28]

aa. Provider/Subcontractor certifies that it is not currently barred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal or State department or agency, and is not currently barred or suspended from contracting with the State under Section 50-35(f), 50-35(g) or 50-65 of the Illinois Procurement Code, 30 ILCS 500/1-1 *et seq.* If at any time during the term of the Agreement, Provider/Subcontractor becomes barred, suspended, or excluded from participation in this transaction, Provider/Subcontractor shall, within thirty (30) days after becoming barred, suspended, or excluded, provide to HFS a written description of each offense causing the exclusion, the date(s) of the offense(s), the action(s) causing the offense(s), any penalty assessed or sentence imposed, and the date any penalty was paid or sentence completed. [ICP Contract § 9.2.29; FHP-ACA Contract § 9.2.29]

bb. Provider/Subcontractor certifies that neither Provider/Subcontractor, nor any party directly or indirectly affiliated with Provider/Subcontractor, including but not limited to Provider/Subcontractor's officers, directors, employees, and subcontractors, and the officers, directors, and employees of Provider/Subcontractor's subcontractors, shall have or acquire any Conflict of Interest (as defined below) in performance of the Agreement. Provider/Subcontractor shall disclose in writing any Conflicts of Interest to HFS no later than seven (7) days after learning of the Conflict of Interest. HFS may initiate any inquiry as to the existence of a Conflict of Interest, and Provider/Subcontractor shall cooperate with all such inquiries. HFS shall determine, in its sole discretion, whether a Conflict of Interest exists or whether Provider/Subcontractor failed to make any required disclosure. If HFS concludes that a Conflict of Interest exists, or that Provider/Subcontractor failed to disclose any Conflict of Interest, HFS may impose one or more remedies in its sole discretion, including without limitation the elimination of the Conflict of Interest or the non-renewal or termination of the Agreement. [ICP Contract § 9.2.30; FHP-ACA Contract § 9.2.30]

i. For purposes of this provision, "Conflict of Interest" shall mean an interest of Provider/Subcontractor, or any entity described above, which may be direct or indirect, professional, personal, financial, or beneficial in nature that, in the sole discretion of HFS, compromises, appears to compromise, or gives the appearance of impropriety with regard to Provider/Subcontractor's duties and responsibilities under the Agreement. This term shall include potential Conflicts of Interest. A Conflict of Interest may exist even if no unethical or improper act results from it or may arise where Provider/Subcontractor becomes a party to any litigation, investigation, or transaction that materially impacts Provider/Subcontractor's ability to perform under the Agreement. Any situation where Provider/Subcontractor's role under the Agreement competes with Provider/Subcontractor's professional or personal role may give rise to an appearance of impropriety. Any conduct that would lead a reasonable individual, knowing all the circumstances, to a conclusion that bias may exist or that improper conduct may occur, or that gives the appearance of the existence of bias or improper conduct, is a Conflict of Interest. [ICP Contract § 9.2.30.1; FHP-ACA Contract § 9.2.30.1]

cc. Provider/Subcontractor certifies that it is in compliance with all applicable standards, orders, or regulations issued pursuant to the federal Clean Air Act (42 U.S.C. § 7401 *et seq.*) and the federal Water Pollution Control Act (33 U.S.C. § 1251 *et seq.*). Violations shall be reported to the United States Department of Health and Human Services and the appropriate Regional Office of the United States Environmental Protection Agency. [ICP Contract § 9.2.31; FHP-ACA Contract § 9.2.31]

dd. Provider/Subcontractor certifies that, to the best of its knowledge and belief, no federally appropriated funds have been paid or will be paid by or on behalf of Provider/Subcontractor, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal loan or grant, or the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement. If any funds other than federally appropriated funds have been paid or will be paid to any person for

influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, Provider/Subcontractor shall complete and submit Standard Form LLL, "Disclosure Forms to Report Lobbying," in accordance with its instructions. Such form is to be obtained at Provider/Subcontractor's request from the HFS Bureau of Fiscal Operations. Provider/Subcontractor shall require that the language of this certification be included in the award document for sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when the Agreement was executed. Submission of this certification is a prerequisite for making or entering into the transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure. [ICP Contract § 9.2.32; FHP-ACA Contract § 9.2.32]

ee. Provider/Subcontractor certifies that it has read, understands, and is in compliance with the registration requirements of the Elections Code (10 ILCS 5/9-35) and the restrictions on making political contributions and related requirements of the Illinois Procurement Code (30 ILCS 500/20-160 and 50-37). Provider/Subcontractor will not make a political contribution that will violate these requirements, which are effective for the duration of the term of office of the incumbent State governor or for a period of two (2) years after the end of the Agreement's term, whichever is longer. Provider/Subcontractor will certify, as applicable, either that it is not required to register as a business entity with the State Board of Elections, or has registered with the State Board of Elections and will appropriately and timely update that registration. [ICP Contract § 9.2.33 & Attachment X; FHP-ACA Contract § 9.2.33 & Attachment X]

Individual Sites Regulatory Addendum – Exhibit A

Regulatory Compliance Addendum Governing Medicare-Medicaid Dual-Eligible Services

(Aetna Better Health of Illinois)

This Regulatory Compliance Addendum Governing Medicare-Medicaid Dual-Eligible Services (the "Duals Addendum") shall govern the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the *Contract Between United States Department of Health and Human Services Centers for Medicare & Medicaid Services, In Partnership with the State of Illinois Department of Healthcare and Family Services and Aetna Better Health Inc.*, issued on November 1, 2013 (the "Three-Way Contract"), which established and governs the program known as the Illinois Medicare-Medicaid Alignment Initiative a/k/a the MMAI (the "MMAI") and under which Aetna Better Health Inc. d/b/a Aetna Better Health of Illinois ("Company") serves as a managed care organization, as well as the provision of any administrative or health-benefit management services/functions that relate to those Covered Services or to the Three-Way Contract and/or the MMAI.

This Duals Addendum is incorporated by reference into the Agreement between Company (or its Affiliate, as the case may be) and the provider, vendor, contractor, or other entity executing the Agreement, as identified on the first page of the Agreement (the "Provider"), and Provider must comply with the requirements set forth herein. Note that this Duals Addendum contains some, but not all, of the terms and requirements with which you must comply. Other terms and requirements with which you must comply are set forth in the Agreement, in the Three-Way Contract, and in the policies, procedures, and provider manual of Company (or its Affiliate, as the case may be). This Duals Addendum and the Agreement may be revised as directed by the State of Illinois and/or by the Centers for Medicare and Medicaid Services.

For purposes of this Duals Addendum, Company may be referred to as "MCO" or "the MCO" (a/k/a managed care organization), and the individuals who are enrolled with Company under the MMAI may be referred to as the "Members" or "Enrollees." All capitalized terms not defined in this Duals Addendum shall have the respective meanings that are ascribed to them in the Agreement.

If there is any conflict between the terms of this Duals Addendum and any of the other terms of this Agreement, including any attachments, schedules, exhibits, and/or addenda made part of this Agreement, the terms of this Duals Addendum will govern and control with respect to the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the MMAI, and with respect to the provision of any administrative or health-benefit management services/functions that relate to those Covered Services or to the Three-Way Contract and/or the MMAI; provided, however, that if there is any conflict between any of the terms of this Agreement, including this Duals Addendum, and the Three-Way Contract, then the terms of the Three-Way Contract will govern and control. Except as provided herein, all other provisions of the Agreement not inconsistent with this Duals Addendum shall remain in full force and effect, and to the extent possible under applicable law, the terms of this Duals Addendum shall be construed to be supplementary to, and not in conflict with, the terms and conditions of the Three-Way Contract and the remainder of the Agreement.

Provider acknowledges and agrees that all provisions of this Duals Addendum shall apply equally to any employees, independent contractors, subcontractors, downstream entities, or related entities of Provider that provide Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the MMAI, or that provide administrative or health-benefit management services/functions that relate to those Covered Services or to the Three-Way Contract and/or the MMAI, and Provider represents and warrants that Provider shall take all steps necessary to cause such employees, independent contractors, subcontractors, downstream entities, or related entities to comply with this Duals Addendum and all applicable laws and regulations.

REQUIREMENTS FOR THE MMAI

B. **Illinois State Requirements**

The State of Illinois requires that specific terms and conditions be incorporated into the Agreement. As such, Provider shall comply with, and shall cause its downstream entities and related entities to comply with, the following requirements with respect to the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the MMAI, and with respect to the provision of administrative or health-benefit management services/functions (or other functions delegated to Provider) that relate to those Covered Services or to the Three-Way Contract and the MMAI:

1. Hold Harmless of Enrollees. Provider agrees that in no event, including but not limited to the nonpayment by Company of amounts due to Provider under the Agreement, the insolvency of Company, or any breach of the Agreement by Company, shall Provider or its assignees or subcontractors have a right to seek any type of payment from, bill, charge, collect a deposit from, or have any recourse against the Member or persons acting on the Member's behalf (other than Company) for services provided pursuant to the Agreement except for the payment of applicable copayments or deductibles for services covered by Company or fees for services not covered by Company. The requirements of this provision shall survive any termination of the Agreement for services rendered prior to such termination, regardless of the cause of such termination. Company's Members and all persons acting on the Members' behalf (other than Company) shall be third-party beneficiaries of this provision. This provision supersedes any oral or written agreement now existing or hereafter entered into between Provider and the Member or persons acting on the Member's behalf (other than Company). [215 ILCS 125/2-8(a)]

2. Quality Assurance. Provider shall provide, arrange for, or participate in the quality-assurance programs mandated by the Illinois Health Maintenance Organization Act, unless the Illinois Department of Public Health has certified that such programs will be fully implemented without any participation or action from Provider. [215 ILCS 125/2-8(a); 50 Ill Admin. Code § 5241.50(a)(4)]

3. Termination of Agreement. Notwithstanding anything in the Agreement to the contrary, if either Company or Provider seeks (i) to terminate the Agreement "with cause" (as that term is used and defined in the Agreement), the terminating party shall provide at least sixty (60) days' written notice to the other party; or (ii) to terminate the Agreement "without cause" (as that term is used and defined in the Agreement), the terminating party shall provide at least ninety (90) days' written notice to the other party. Furthermore, Provider shall cooperate with Company with respect to Company's obligation to provide timely notice to Enrollees of any termination that would curtail or eliminate services to such Enrollees, with such notice to be sent (i) at least sixty (60) days prior to that termination, or (ii) immediately, if Company receives less than sixty (60) days' notice of that termination from Provider. The notice to be sent to Enrollees shall include instructions regarding referrals that have previously been issued and appointments that may be pending. [50 Ill. Admin. Code § 5241.50(a)(5)-(6); 305 ILCS 5/5F-40(a)]

4. No Discrimination. Provider will not discriminate against Enrollees or potential Enrollees on the basis of payment source. [77 Ill. Admin. Code § 240.50(d)(4)]

5. Anti-Gag Clause; Prohibition on Retaliation. Provider shall not be prohibited or otherwise restricted or discouraged from, and shall not prohibit or otherwise restrict or discourage its downstream providers or subcontractors from, taking any of the following actions so long as those actions are within the lawful scope of the acting party's practice: (a) advocating for medically appropriate health care services for Enrollees, which may include without limitation appealing denials and protesting decisions, policies, and practices; and/or (b) discussing with Enrollees, prospective Enrollees, or the public any health care services, health care providers, utilization review policies, quality assurance policies, or terms and conditions of plans and plan policy. Furthermore, Company shall not retaliate against Provider, and Provider shall not retaliate against its downstream providers or subcontractors, for any of the foregoing actions. Notwithstanding the foregoing, nothing in this provision shall be construed to prohibit: (a) Company or Provider from making a determination not to pay for a particular health care service, from enforcing reasonable peer review or utilization review protocols, or from determining whether a physician or other health care provider has complied with those protocols; and/or (b) a Provider that is a hospital from taking disciplinary actions against a physician as authorized by law. [215 ILCS 134/30(a); 215 ILCS 134/35(a)-(d)]

6. Cooperation with Company. Provider shall cooperate with Company with respect to Company's obligations and responsibilities relating to the "HMO self-evaluation structure" and associated activities set forth in 77 Ill.

Admin. Code § 240.60. [77 Ill. Admin. Code § 240.50(d)(1)(C)]

7. Pharmacy Benefits. Company and Provider shall not permit or allow, whether by contract, written policy, or procedure, any individual or entity to dispense a different drug in place of the drug or brand of drug ordered or prescribed without the express permission of the person ordering or prescribing the drug, except as provided under Section 3.14 of the Illinois Food, Drug and Cosmetic Act (codified at 410 ILCS 620/3.14). [215 ILCS 134/30(b)]

8. Use of Hospitalists. Neither Company nor Provider shall require or otherwise mandate, whether by contract, written policy, or procedure, any Enrollee to substitute his or her participating primary care provider (PCP) during inpatient hospitalization, such as with a hospitalist physician, without the agreement of that Enrollee's participating primary care provider (PCP). Company and Provider (if applicable) shall inform Enrollees of any policies, recommendations, or guidelines concerning the substitution of the Enrollee's primary care provider (PCP) when hospitalization is necessary in the manner set forth in 215 ILCS 5/15(d)-(e). [215 ILCS 134/30(c)]

9. No Transfer of Liability to Downstream Providers. Neither Company nor Provider shall transfer or attempt to transfer to any health care provider, by indemnification, hold harmless, or contribution requirements that are set forth in any contract, written policy, or procedure, any liability relating to activities, actions, or omissions of Company and/or Provider or their respective officers, employees, or agents; provided, however that nothing in this provision shall relieve any health care provider from liability for his, her, or its own negligence in the performance of his, her, or its duties arising from treatment of an Enrollee. [215 ILCS 134/95]

10. Medical Records. With respect to Enrollee medical records:

a. Provider shall maintain Enrollee medical records in a timely, legible, accurate, current, complete, and organized manner, with appropriate dates and identification and initialing/signature of the Provider, to facilitate retrieval and compilation of records and to ensure Enrollee continuity of care. For each encounter or episode of care that Provider has with an Enrollee, Provider shall place the following information into the Enrollee's medical records: (1) the reason for the encounter; (2) evidence of the Provider's assessment of the Enrollee's health problems; (3) current diagnosis of the Enrollee, including the results of any diagnostic tests; (4) the plan of treatment, including any therapies and health education; (5) any medical history relevant to the current episode of care; and (6) confirmation that all outcomes of ancillary reports, such as laboratory tests and x-rays, have been reviewed by the individual or entity who ordered the reports and that follow-up actions have been taken regarding report results that are deemed significant by the individual or entity who ordered those reports. [77 Ill. Admin. Code §§ 240.50(c)(1), 240.90(a)-(b)]

b. If Provider is an Enrollee's primary care provider (PCP), Provider shall furthermore maintain an Enrollee medical record that contains, with respect to each routine, scheduled appointment with that primary care provider (PCP): (1) identification; (2) patient history; (3) known past surgical procedures; (4) known past and current diagnoses and problems; and (5) known allergies and untoward reactions to drugs. [77 Ill. Admin. Code § 240.90(c)]

11. Capitated Contracts. If Company compensates Provider under the Agreement on a capitated basis for furnishing, arranging, or providing health care services:

a. Provider agrees that in no event, including but not limited to nonpayment by Company of amounts due to Provider under the Agreement, insolvency of Company, or any breach of the Agreement by Company, shall Provider or its assignees or subcontractors have a right to or seek any type of payment from, bill, charge, collect a deposit from, or have any recourse against, the Member or persons acting on the Member's behalf (other than Company) for services provided pursuant to the Agreement, except for the payment of applicable copayments or deductibles for services covered by Company or fees for services not covered by Company. The requirements of this provision shall survive any termination of the Agreement for services rendered prior to such termination, regardless of the cause of such termination. Company's Members and persons acting on the Members' behalf (other than Company) shall be third-party beneficiaries of this provision. This

provision supersedes any oral or written agreement now existing or hereafter entered into between Provider and the Member or persons acting on the Member's behalf (other than Company). [50 Ill. Admin. Code § 5241.50(e)]

b. If Provider is a "Managed Care Organization" as that term is defined in 50 Ill. Admin. Code § 5241.20, Provider shall submit to Company copies of Provider's quarterly financial statements, which shall include Provider's balance sheet and statements of income and cash flow within forty-five (45) days after the end of each fiscal period. In addition, Provider shall submit, within ninety (90) days after the end of Provider's fiscal year, copies of Provider's audited annual financial statements prepared in accordance with generally accepted accounting principles, if available. Provider acknowledges and agrees that the Illinois Department for Healthcare and Family Services ("HFS"), at its discretion, may require Company to submit for HFS's inspection the financial statements that Company has received from Provider (which such financial statements shall be deemed confidential by HFS). Provider agrees to fully cooperate with, and disclose all relevant information requested by, Company's actuaries for the preparation of such actuaries' opinion in accordance with the Actuarial Standards Board Actuarial Standards of Practice No. 16. Company acknowledges that in the event of Provider's insolvency, Company is secondarily liable as the ultimate risk bearer for unpaid health care services rendered to Company's Enrollees. [50 Ill. Admin Code §5241.50(d)] For purposes of this provision, "Managed Care Organization" or "MCO" means a partnership, association, corporation, or other legal entity, including but not limited to individual practice associations (IPAs) and physician hospital organizations (PHOs), that delivers or arranges for the delivery of health care services through providers it has contracted with or otherwise made arrangements with to furnish those health care services. [50 Ill. Admin. Code § 5241.20]

C. Medicare Requirements

Without limiting any obligation of Provider under the Agreement, Provider shall comply with, and shall cause its Downstream Entities and Related Entities to comply with, the requirements set forth in this Section B with respect to the provision of Covered Services to Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the MMAI, and with respect to the provision of administrative or health-benefit management services/functions (or other functions delegated to Provider), as applicable, that relate to those Covered Services or to the Three-Way Contract and the MMAI (the "Medicare Services") (The terms "Downstream Entities" and "Related Entities" shall have the respective meanings that are ascribed to them in Schedule 1 hereto, and shall include Provider's permanent and temporary employees.) For purposes of this Section B, the Members dually eligible for both Medicare and Medicaid under the Three-Way Contract and the MMAI shall collectively be referred to as the "Medicare Members," and the managed-care plan that MCO offers under the Three-Way Contract and the MMAI shall be referred to as the "Medicare Plan." Provider's obligations specifically include, and Provider expressly agrees to comply with, the following:

12. PAYMENT.

A. In consideration of Provider's agreement to perform Covered Services in accordance with the Agreement, Provider shall be paid for Covered Services performed according to the terms of the applicable Services and Compensation Schedule (or other analogous compensation schedule appended to the Agreement).

B. MCO shall not pay any amounts beyond the amounts set forth in the applicable Services and Compensation Schedule (or other analogous compensation schedule appended to the Agreement), including but not limited to any incentive payments that may be payable under traditional Medicare, except as expressly required by the Agreement or applicable law. Further, the Parties acknowledge and agree that payments under the Medicare program to providers, suppliers, and MCO may be adjusted as the result of legislation, regulation, executive order, or other federal mandate ("Medicare Payment Adjustment"). Furthermore, any such Medicare Payment Adjustment could result in an increase or decrease in Medicare payments. In accordance with the terms of this Agreement, the Parties agree that, in the event of a Medicare Payment Adjustment, MCO's payment to Provider will be adjusted in accordance with the Medicare Payment Adjustment. MCO shall adjust payments under this Agreement for Covered Services rendered by Provider on and after the effective date of the Medicare Payment Adjustment, and shall continue to adjust payments to Provider for Covered Services until the earlier of

(i) the discontinuation of the Medicare Payment Adjustment, or (ii) the replacement of the Medicare Payment Adjustment by a subsequent Medicare Payment Adjustment.

C. Pursuant to Section B.5.K. of this Duals Addendum, Provider certifies that the diagnosis codes submitted to MCO for Medicare Members that MCO is required to submit to CMS will be accurate, complete, and truthful (the "Certification"). Provider acknowledges and agrees that MCO may impose a penalty on Provider not to exceed five thousand dollars ($5,000) for each instance that Provider submits a diagnosis code to MCO for a Medicare Member that does not comply with this Certification because the diagnosis code was not submitted in the format described in 42 C.F.R. § 422.310 or any subsequent or additional federal regulations. For purposes of this Section, "diagnosis code" shall mean an International Classification of Diseases-9th Edition-Clinical Modification (ICD-9-CM) code or its successor.

D. Federal laws and regulations limit the timeframe within which CMS may recover overpayments made to physicians, providers, and suppliers who submit claims to Medicare contractors (such as fiscal intermediaries, regional home health intermediaries, carriers, Medicare Administrative Contractors, and Durable Medical Equipment Medicare Administrative Contractors) for services provided or supplied to Medicare beneficiaries enrolled in Original Medicare (the "Medicare Statute of Limitations"). If MCO makes an overpayment or payment in error to Provider for Medicare Members, MCO shall have the right to initiate overpayment recovery efforts within the same timeframe available to CMS under the Medicare Statute of Limitations; provided that no time limit shall apply to initiation of overpayment recovery efforts based on MCO's reasonable suspicion of fraud or other intentional misconduct.

E. In no event, including without limitation non-payment by MCO, insolvency of MCO, or breach of the Agreement, shall Provider bill, charge, collect a deposit from, seek remuneration or reimbursement from, or have any recourse against a Medicare Member or persons (other than MCO) acting on a Medicare Member's behalf for services covered under the Agreement. Provider further agrees that: (i) this provision shall survive termination of the Agreement regardless of the cause giving rise to termination and shall be construed for the benefit of Medicare Members, and (ii) this provision supersedes any oral or written agreement to the contrary now existing or hereafter entered into between Provider and a Medicare Member or persons acting on a Medicare Member's behalf. No modification of this provision shall be effective without the prior written approval of the appropriate regulatory entities.

13. ASSIGNMENT. In addition to all other rights of MCO under the Agreement, the Agreement (including, but not limited to, as it relates to the line(s) of business described in this Duals Addendum) may be assigned by MCO, at any time and from time to time, in whole or in part, to any other affiliate or successor in interest of MCO. At MCO's option, the Agreement shall survive, without any other change in its terms, as a distinct, separate agreement with MCO for those products/lines of business designated by MCO and in duplicate form as a separate, distinct participating provider agreement with the applicable affiliate(s)/successor(s) for the products/lines of business assigned to such entity(ies). In the event of any assignment under this paragraph, MCO shall provide advance written notice to Provider. In the event of a conflict between this Section and any other provision of the Agreement, the terms of this Section shall supersede and prevail.

14. EFFECT OF TERMINATION. In the event this Duals Addendum is terminated for any reason, such termination shall not constitute termination of any of MCO's other products, plans, or programs.

15. MEDICARE REQUIRED PROVISIONS. Provider agrees to comply with all of the provisions of the Schedules attached hereto and incorporated into this Duals Addendum (including Schedule 1 and any delegated function-specific Schedules that may be appended hereto), and agrees that all terms and conditions in the Agreement applicable to Provider shall also apply to any Downstream Entities of Provider. Provider further acknowledges and agrees that all terms of such Schedules shall apply equally to services provided in connection with the Three-Way Contract and the MMAI, even if such Schedules only refer to Medicare Advantage products. Provider acknowledges that to the extent MCO is delegating to Provider any activities and responsibilities in connection with the Three-Way Contract and the MMAI, MCO may only delegate such activities and responsibilities in a manner consistent with the contractual and legal obligations and duties imposed on MCO under the Three-Way Contract and under applicable Medicare laws, regulations, rules, and other directions of CMS.

16. PROVIDER OBLIGATIONS

A. Provision of Covered Services. Provider agrees to provide to Medicare Members the health care services for which Provider is licensed and customarily provides in accordance with accepted medical and surgical standards in the community. Provider shall make Covered Services available and accessible to Medicare Members, including telephone access to Provider, on a twenty-four (24) hours, seven (7) days per week basis.

B. Compliance; Cooperation. Provider agrees that all Medicare Services and other activities performed by Provider under the Agreement will be consistent and comply with MCO's obligations under the Three-Way Contract. Upon request, Provider shall immediately provide to MCO any information that is required by MCO to meet its reporting obligations to CMS, including without limitation, physician incentive plan information, if applicable. To the extent that Provider generates and/or compiles and provides any data to MCO that MCO, in turn, submits to CMS, Provider certifies, to the best of its knowledge and belief, that such data is accurate, complete, and truthful. Provider agrees to cooperate with and participate in internal and external review procedures necessary to allow MCO to process Medicare appeals and grievances in accordance with Medicare laws, regulations, and CMS instructions.

C. Federal Fund Obligations. Provider understands and agrees that payments received by MCO for the Medicare Plan from CMS pursuant to the Three-Way Contract, as well as payments that Provider receives from MCO for performing services and functions under the Agreement, constitutes the receipt of federal funds. As a result, Provider, by entering into this Agreement and the terms of this Duals Addendum, is subject to laws applicable to individuals/entities receiving federal funds, including but not limited to, Title VI of the Civil Rights Act of 1964 as implemented by regulations at 45 C.F.R. part 84, the Age Discrimination Act of 1975 as implemented by regulations at 45 C.F.R. part 91, the Rehabilitation Act of 1973, and the Americans with Disabilities Act.

D. Continuation of Services. In the event the Three-Way Contract terminates or MCO becomes insolvent, Provider shall continue to provide Covered Services to Medicare Members who are hospitalized through the date of discharge. Provider is prohibited by law from billing Medicare Members for such Covered Services. This provision shall survive the termination of this Agreement or Duals Addendum, regardless of the reason for termination, including the insolvency of MCO, and shall supersede any oral or written agreement between Provider and a Medicare Member.

E. Policies, Programs & Procedures. Provider agrees to comply with MCO's policies and procedures (which MCO shall provide to Provider upon request) which operationalize many of the requirements of the Agreement, this Duals Addendum, and the Three-Way Contract and MMAI. Provider agrees to comply with MCO's quality improvement, administrative processes and procedures, utilization review, peer review, grievance procedures, credentialing and recredentialing procedures, and any other policies MCO may implement, including amendments made to the above mentioned policies, procedures and programs from time to time. In the event that an MCO policy or procedure conflicts with a provision in the Agreement, then the language in the Agreement (including all amendments, exhibits, and attachments thereto) shall govern.

F. Maintenance of Records. Provider, on behalf of itself and its Downstream Entities (if any), shall preserve records applicable to Medicare Members or to MCO's participation in the Three-Way Contract and MMAI, for the longer of: (i) the period of time required by state and federal law, or (ii) ten (10) years, whichever is longer. In addition, to the extent applicable to Provider, Provider, on behalf of itself and any Downstream Entities with whom Provider has contracted, agrees to comply with 42 C.F.R. § 422.2480(c) and 42 C.F.R. § 423.2480(c) and to maintain all records containing data used by MCO to calculate Medicare medical loss ratios ("MLRs") for MCO's Medicare products and/or evidence needed by MCO and/or federal governmental authorities with jurisdiction to validate MLRs (collectively, "MLR Records") for a minimum of ten (10) years from the date such MLRs were reported by MCO to CMS. Provider further agrees that with respect to Medicare Plans, MCO and federal governmental authorities having jurisdiction, and their designees, upon request, shall have access to all MLR Records, and that this right of inspection, evaluation, and audit of MLR Records shall continue for a minimum of ten (10) years from the date such MLRs were reported by MCO to CMS. This provision shall survive the termination of the Agreement, regardless of the cause of termination.

G. Subcontractors. Provider shall require all of its subcontractors, if any, to comply with all applicable Medicare laws, regulations and CMS instructions.

(1) Provider shall include in Provider's contracts with subcontractors (a) all of the contractual and legal obligations and duties imposed on Provider in the Agreement, (b) all provisions required under Medicare laws, regulations, rules, and other directions of CMS (including all of MCO's obligations under such laws, regulations, rules, and other directions related to the scope of Provider's services under the Agreement), and (c) that any delegated services or activities to be performed by subcontractor shall be consistent and comply with the obligations in the Three-Way Contract. To the extent CMS requires additional provisions to be included in such subcontracts, Provider shall amend its contracts accordingly. Provider acknowledges that, with respect to any services or functions under the Agreement that Provider delegates to a subcontractor, such subcontractor shall be considered a Downstream Entity.

(2) Provider shall ensure that any vendors, subcontractors, or other such entities that have a need to know the terms of the Agreement also maintain the privacy and confidentiality of all financial terms of the Agreement.

(3) If Provider arranges for the provision of Covered Services from other health care providers for Medicare Members, such contracts shall be in writing and shall specify the delegated activities and reporting responsibilities, in addition to meeting the requirements described above. In the event that MCO delegates to Provider the selection of providers, MCO retains the right to approve, suspend or terminate such delegation. If MCO delegates the selection of providers, MCO will either review the credentials of medical professionals affiliated with Provider or MCO will review, approve, and audit on an ongoing basis Provider's credentialing process.

The term "Subcontractor" as used in this Section shall not refer to employees or other individuals that perform services on behalf of Provider for which Provider bills such services under this Agreement. Provider represents and warrants that such persons are subject to all terms and conditions of this Agreement and Provider shall provide written evidence of such as described in the Agreement.

H. Contracts with Excluded Entities. Provider understands and agrees that no person that provides health care services and/or utilization review, medical social work, or administrative services in support of services billed under this Agreement by Provider, may be an individual excluded from participation in Medicare under Section 1128 or 1128A of the Social Security Act. Provider shall not employ or contract with, with or without compensation, any individual or entity that has been disbarred, excluded, suspended or otherwise determined to be ineligible to participate in a federal health care program. Provider hereby certifies that no such excluded person will provide such services under this Agreement and no such excluded persons will be employed by or utilized by any Downstream Entity with which Provider contracts relating to the furnishing of these services to Medicare Members. Furthermore, neither Provider nor any of Provider's Downstream Entities who are and/or will be fully or partially responsible for Provider's performance of its obligations under the Agreement has (i) pled guilty or no contest to or been convicted of any felony involving dishonesty or breach of trust; (ii) been excluded from participation in any federal or state funded health program; or (iii) been listed in the Department of Health and Human Services Office of Inspector ("OIG") exclusion list or the General Services Administrative ("GSA") exclusion list. Provider agrees to immediately notify MCO in the event that Provider or any of its Downstream Entities that assist or are involved in Provider's performance of services for Medicare Plans under the Agreement are or become disbarred, excluded, suspended, or otherwise determined to be ineligible to participate in a federal health care program. In accordance with applicable laws, rules, and regulations and the Compliance Program Guidelines, Provider agrees to review the Department of Health and Human Services ("HHS") Office of Inspector General List of Excluded Individuals and Entities and the General Service Administrative Excluded Parties Lists System (collectively, the "Exclusion Lists") to ensure that Provider Related

Parties are not included on such Exclusion Lists. Provider agrees to review the Exclusion Lists prior to initially hiring, appointing, or contracting with any new Provider Related Party and at least once per month thereafter to confirm that Provider Related Parties are not included on such Exclusion Lists. Provider agrees that if a Provider Related Party appears on an Exclusion List and/or is excluded from participation in any federally-funded health program, Provider will immediately remove the Provider Related Party from any work related directly or indirectly to the Medicare Plan, and take all corrective actions required under applicable laws, rules or regulations. In the event Provider or any Provider Related Parties are listed in an Exclusion List after the Effective Date of this Duals Addendum, MCO shall have the right, in its sole discretion and judgment, to terminate this Duals Addendum in accordance with the Agreement or to disqualify the listed person(s) from providing any part of the Covered Services. For the purpose of this Section, "Provider Related Parties" means Provider's permanent and temporary employees and Downstream Entities that are involved in the performance of Medicare Services.

I. Offshore Services. Provider is prohibited from using any individual or entity (an "Offshore Entity") (including, but not limited to, any employee, contractor, subcontractor, agent, representative, or other individual or entity) to perform any services for the Medicare Plan if the individual or entity is physically located outside of one of the fifty United States or one of the United States Territories (*i.e.*, American Samoa, Guam, Northern Marianas, Puerto Rico, and Virgin Islands) ("Offshore Services"), unless MCO, in its sole discretion and judgment, agrees in advance and in writing to the use of such Offshore Entity. Provider further agrees that MCO has the right to audit any Offshore Entity prior to the provision of Offshore Services for the Medicare Plan. Provider further represents and warrants that it does not and will not permit any Medicare Members' protected health information (PHI) or other personal information to be accessible by any Offshore Entity, without prior written notice to MCO and MCO's prior written approval of such Offshore Entity. In the event that MCO agrees in advance and in writing to permit Provider to use an Offshore Entity to perform any services for Medicare Plans and MCO agrees that such Offshore Entity will receive, process, transfer, handle, store, or access Medicare Member PHI as defined at 45 C.F.R. § 160.103, Provider agrees that Offshore Services that involve Medicare Member PHI are subject to CMS reporting within thirty (30) days of: (1) performing, or contracting with an Offshore Entity to perform, Offshore Services, and (2) any time Provider changes the Offshore Services that an Offshore Entity will perform.

J. Submission of Encounter Data. Provider hereby acknowledges that MCO is required to provide CMS and other federal and state regulatory agencies and accrediting organizations with encounter data as requested by such agencies and organizations. Such data may include medical records and all other data necessary to characterize each encounter between Provider and a Medicare Member. Provider agrees to cooperate with MCO and to provide MCO with all such information in such form and manner as requested by MCO. Provider agrees to immediately notify MCO if any encounter data that Provider submitted to MCO for Medicare Members is inaccurate, incomplete, or erroneous, and to cooperate with MCO to correct erroneous encounter data to ensure MCO's compliance with Medicare laws, rules and regulations and CMS instructions.

K. Certification of Data. Provider recognizes that MCO is required to certify the accuracy, completeness, and truthfulness of data that CMS requests. Such data include encounter data, payment data, and any other information provided to MCO by its contractors and subcontractors. Provider and its subcontractors, if any, hereby certify that any such data submitted to MCO will be accurate, complete, and truthful. Upon request, Provider shall make such certification in the form and manner prescribed by MCO.

L. Medicare Member Complaints. Provider agrees to cooperate with MCO in resolving any Medicare Member complaints related to coverage or the provision of Covered Services. MCO will notify Provider as necessary concerning all Medicare Member complaints involving Provider. Provider shall, in accordance with the Provider's regular procedures, investigate such complaints and respond to MCO in the required time. Provider shall use best efforts to resolve complaints in a fair and equitable manner.

M. Compliance Program and Anti-Fraud Initiatives. Provider shall (and shall cause its Downstream Entities, if any, to) institute, operate, and maintain an effective compliance program to detect, correct, and prevent the incidence of non-compliance with CMS requirements and the incidence of fraud, waste, and abuse ("FWA") relating to the operation of the Medicare Plan. Such compliance program shall be appropriate to the organization and operations of Provider and Provider's Downstream Entities and shall include:

(1) written compliance policies and standards of conduct that are comparable to Aetna's compliance policies/Aetna Code of Conduct and articulate the entity's commitment to comply with federal and state laws, ethical behavior, and compliance program operations. Provider will disseminate either Aetna's compliance policies/Aetna Code of Conduct or comparable versions to Provider's employees, officers, and Downstream Entities within 90 days of hire/contracting, when updates are made, and annually thereafter;

(2) reporting mechanisms communicated to Provider's employees and Downstream Entities for their use in adhering to the expectation that Provider, its employees, and its Downstream Entities report potential non-compliance or FWA issues (internally and to MCO, as applicable) and understand their obligation to report. Provider must publicize the reporting methods to Provider employees and Downstream Entities along with a no-tolerance policy for retaliation or retribution for good-faith reporting;

(3) completion of CMS's Medicare Learning Network® (MLN) "Medicare Parts C and D Fraud, Waste, and Abuse Training and Medicare Parts C and D General Compliance Training" by Provider employees, officers, and Downstream Entities initially within ninety (90) days of hire/contracting and at least annually thereafter, unless exempt from such training under relevant CMS regulations;

(4) processes to oversee and ensure that Provider and Provider's Downstream Entities maintain compliance with processes to oversee and ensure that: (1) Provider and Provider's Downstream Entities maintain compliance with CMS compliance program requirements, and (2) Provider's Downstream Entities perform Medicare Services consistent with this Agreement and the agreement between Provider and such Downstream Entities. Provider's oversight under this Agreement shall include: (1) imposition of disciplinary actions, as needed, to ensure employee compliance with CMS compliance program requirements, and (2) implementation of corrective actions (up to and including contract termination), as needed, with respect to its Downstream Entities to ensure Downstream Entity compliance with applicable CMS requirements, including the CMS compliance program requirements, this Agreement, and Provider's contract with the Downstream Entity; and

(5) retention of evidence showing that Provider and Provider's Downstream Entities complied with the requirements set forth in this Section. Such evidence must be maintained for at least the period of time specified in Section B.5.F. hereof and shall be made available to MCO and CMS, upon request.

N. Marketing. Consistent with federal laws, regulations, and agency requirements applicable to the Medicare program, Provider shall not: (1) engage in any marketing or sales activities that could mislead or confuse Medicare Members, or (2) market or advertise non-health care related products to Medicare Members or prospective Medicare Members. Further, Provider shall at all times comply with the then current Medicare Marketing Guidelines.

O. Dual-Eligible Hold Harmless. Provider acknowledges and agrees that Medicare Members are not responsible for paying to Provider any Copayments, Coinsurance, or Deductibles for Medicare Part A and Part B services ("Cost Sharing Amounts") when, as applicable, either the State Medicaid plan or MCO (as the State's managed-care organization) is responsible for such Cost Sharing Amounts. Provider further agrees that it will not collect Cost Sharing Amounts from Medicare Members when, as applicable, either the State Medicaid plan or MCO (as the State's managed-care organization) is responsible for such Cost Sharing Amounts, and will instead accept the responsible party's payment for Covered Services as payment in full for Covered Services and applicable Cost Sharing Amounts.

P. Enrollment as Medicare Provider. To the extent that Provider prescribes drugs covered under Medicare Part D to Medicare Members who have Medicare prescription drug ("MA-PD") coverage offered by MCO, Provider agrees to comply with the requirements set forth in 42 C.F.R. § 423.120(c)(6), including without limitation the requirement that Provider be enrolled in Medicare in an approved status in order for its prescriptions to be covered under Medicare Part D.

Q. Home Infusion Drugs. The following provisions shall only apply to Provider if Provider dispenses to a Medicare Member home infusion drugs that are covered under Medicare Part D and the Medicare Member has MA-PD coverage offered by MCO ("Home Infusion Drug"):

1. With respect to Home Infusion Drugs, MCO will pay clean claims (as defined in 42 C.F.R. § 423.520(b)) submitted by Provider on behalf of Medicare Members within 14 days for electronic claims and within 30 days for claims submitted otherwise. 42 C.F.R. § 423.505(i)(3)(vi).

2. Home Infusion Drugs will be reimbursed (as applicable) in accordance with a fee schedule, or the third-party pricing source (*e.g.*, Medi-Span) otherwise agreed upon as set forth in this Agreement or Provider's agreement with MCO's Pharmacy Benefit Manager ("PBM"). 42 C.F.R. § 423.505(i)(3)(viii)(B).

3. If a prescription drug pricing standard is used for reimbursement of Home Infusion Drugs, updates to such a standard will occur not less frequently than once every 7 days beginning with an initial update on January 1 of each year, to accurately reflect the market price of acquiring the Home Infusion Drug. 42 CFR § 423.505(i)(3)(viii)(A).

4. In accordance 42 C.F.R.§ 423.120(c)(3), Provider agrees to submit claims for Home Infusion Drugs to MCO or its PBM whenever the Medicare Member's ID card is presented or is on file at the Provider, unless the Medicare Member expressly requests that the claim not be submitted to MCO or its PBM.

5. Provider must submit claims for Home Infusion Drugs in real time by means of point of service claims adjudication systems in compliance with CMS standards. 42 C.F.R. § 423.505(b)(17).

6. Provider must provide Medicare Members with access to the negotiated prices (as defined in 42 C.F.R. § 423.100) for Home Infusion Drugs to Members. 42 C.F.R. § 423.104(g)(1).

7. Provider must charge/apply the correct cost-sharing amount to the Medicare Member for Home Infusion Drugs. 42 C.F.R. § 423.104.

8. At the time of purchase by a Medicare Member, Provider must inform the Medicare Member of any differential between the price of the Home Infusion Drug being dispensed and the price of the lowest priced generic version of that Home Infusion Drug available from Provider, unless the Home Infusion Drug being dispensed is the lowest priced generic version of that Home Infusion Drug. 42 C.F.R. § 423.132.

9. Provider agrees to ensure that the professional services and ancillary supplies necessary for Home Infusion Drugs are in place before dispensing Home Infusion Drugs to a Medicare Member in his/her place of residence. 42 C.F.R. § 423.120(a)(4)(iii).

10. Provider agrees to provide delivery of Home Infusion Drugs within 24 hours of a Medicare Member's discharge from an acute setting, or later if so prescribed. 42 C.F.R. § 423.120(a)(4)(iv).

11. Provider shall submit to MCO (not PBM) claims for equipment, supplies, and professional services associated with Home Infusion Drugs dispensed by Provider to a Medicare Member that are covered under Medicare Part C.

R. Non-Covered Services. Provider shall not hold a Member financially responsible for payment of a service not covered under the Member's Plan ("Non-Covered Service") unless the Member has received a pre-service organization determination notice of denial from MCO before such services are rendered. Provider

acknowledges and agrees that if Provider renders Non-Covered Services to a Member who has not received a pre-service organization determination notice of denial from MCO, the Provider must hold the Member harmless for the Non-Covered Services and cannot charge the Member any amount beyond the normal cost-sharing amounts (*i.e.*, copayments, coinsurance, and/or deductibles). With respect to those Non-Covered Services that are clearly listed as exclusions in the Member's Evidence of Coverage or other similar Plan document, a pre-service organization determination is not required in order for Provider to hold the Member financially liable for such Non-Covered Services.

17. COMPANY OBLIGATIONS.

A. Fee Schedule. MCO shall arrange for Provider to be compensated for health care services rendered to Medicare Members in accordance with Section B.1 of this Duals Addendum.

B. Prompt Pay. In accordance with 42 C.F.R. § 422.520(a)(1), MCO shall make best efforts to pay clean claims submitted by Provider for Covered Services provided to Medicare Members within thirty (30) calendar days of receipt. For purposes of this Duals Addendum, the term "clean claim" shall have the meaning assigned in 42 C.F.R. § 422.500.

C. From time to time MCO may designate only certain Providers to take part in the provider delivery network for a particular product benefit plan(s).

18. GENERAL PROVISIONS

A. Termination. This Duals Addendum may be terminated on its own without respect to the remainder of the Agreement with or without cause by either Party in accordance with the termination provisions of the underlying Agreement and the Three-Way Contract. This Duals Addendum shall terminate automatically in the event that the underlying Agreement is terminated in accordance with the termination provisions of the Agreement and the Three-Way Contract.

B. Governing Law. This Duals Addendum shall be governed by federal laws, regulations, and agency requirements applicable to the Medicare program. In the event that changes to the governing laws, regulations, or agency requirements applicable to the Medicare program occur, the new law, regulation, or agency requirement shall supersede to the extent required by any such later required changes.

C. Agreement Otherwise Unmodified. All other terms and provisions of the Agreement not amended hereby shall remain in full force and effect, without modification. In the event of any inconsistency between the terms of this Duals Addendum and the Agreement, the terms of this Duals Addendum shall govern and control.

D. Survival. All provisions of this Duals Addendum that by their nature should survive termination of Provider's provision of Medicare Services under this Agreement or termination of the Agreement as a whole, shall survive termination.

D. Requirements Under the MMAI Three-Way Contract
