# **PURCHASING AFFIDAVIT**

CONSTRUCTION CONTRACTS: Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

ALL CONTRACTS: Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

**EXCEPTION:** The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

#### **DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Employer default" means having an outstanding balance or liability to the old fund or to the uninsured employers' fund or being in policy default, as defined in W. Va. Code § 23-2c-2, failure to maintain mandatory workers' compensation coverage, or failure to fully meet its obligations as a workers' compensation self-insured employer. An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

AFFIRMATION: By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. Code §61-5-3) that: (1) for construction contracts, the vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, that neither vendor nor any related party owe a debt as defined above and that neither vendor nor any related party are in employer default as defined above, unless the debt or employer default is permitted under the exception above.

# Addendum 1

# **Vendor Questions**

# Question 1

Section 3.1.2.9 When dropping off of the soda ash on pallets. Can you expand on supplying labor. Normal delivery is dropping the soda ash at a site and having the customer move the product to the location or shed that want the product to be stored. Is this what you are requesting? Product would arrive on a van or lift gate truck. Can you site accept and off load both?

# Answer 1

The labor mentioned in Section 3.1.2.9 is directly related to the unloading of pallets that is in Section 3.1.2.3,

Briquettes shall be delivered to sites by truck with the capability to unload full pallet loads or labor necessary to transfer by hand.

Each site has access for a van or lift gate truck to drop, but if no such equipment is available for delivery the vendor will be required to have necessary labor to transfer by hand from the delivery truck to the delivery site.

## **Question 2**

What is the total volume of soda ash briquettes purchased in a year?

It appears that 25 pallets was approximately what they purchased or was it this amount several times a year?

# Answer 2

As indicated on the Pricing Page,

\* Quantity is an estimated yearly amount based on best water quality, flow data and site specific conditions available at this time. Quantity is subject to change based on these and other factors.

The quantity is a yearly estimate currently for bidding only. The total quantity may be more or less dependent on site condition changes as well as increase or decrease in site locations.
