### PURCHASING AFFIDAVIT

**CONSTRUCTION CONTRACTS:** Under W. Va. Code § 5-22-1(i), the contracting public entity shall not award a construction contract to any bidder that is known to be in default on any monetary obligation owed to the state or a political subdivision of the state, including, but not limited to, obligations related to payroll taxes, property taxes, sales and use taxes, fire service fees, or other fines or fees.

**ALL CONTRACTS:** Under W. Va. Code §5A-3-10a, no contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and: (1) the debt owed is an amount greater than one thousand dollars in the aggregate; or (2) the debtor is in employer default.

**EXCEPTION:** The prohibition listed above does not apply where a vendor has contested any tax administered pursuant to chapter eleven of the W. Va. Code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

An employer is not in employer default if it has entered into a repayment agreement with the Insurance Commissioner and remains in compliance with the obligations under the repayment agreement.

"Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

**AFFIRMATION:** By signing this form, the vendor's authorized signer affirms and acknowledges under penalty of law for false swearing (W. Va. *TechTriad Team* has a robust and established methodology for acquiring the right talent and service delivery. We focus on process-oriented approach to acquiring talent, as it is repeatable and sustainable. *TechTriad Team* follows every step of the Recruitment Life Cycle. This process is demonstrated on the Life Cycle and explained below. The best practices we encompass have contributed to *TechTriad Team* delivering exceptional services to our clients for many years.

### **Requirement Analysis and Planning:**

- *TechTriad Team's* senior recruitment team breaks down the job description into its parts to identify its critical technologies/skillsets.
- The requirement is discussed among our top recruiters to formulate essential questions for the client's Hiring Manager/s during the technical call.

- Technical Questions include but not limited to:
  - Preferences on candidate location.
  - Type of engagement (FTE, PTE, C2C, etc.).
  - Interview Process.
  - Day-to-day activities for this consultant/employee.
  - Technical Questions as per our preliminary requirement discussions.
  - Once the critical components of the requirement are identified, and a technical call has taken place, the next steps are as follows:
    - *TechTriad Team's* lead recruiters create the sourcing plan and share it with the rest of the recruitment team.
    - The Account Manager is responsible for facilitating all communication between the client and our team.

### **Selecting the Right Match:**

We send our submissions **only** when we identify the most qualified candidate profiles.

- Our lead recruiters heavily scrutinize our team's resume submissions before sending them to the client for:
  - Longevity issues.
  - Career progression.
  - Types of clients.
  - Technical skills alignment.
  - Spelling/formatting of the candidate's resume.
  - Communication abilities.
  - Responsiveness.
  - Professionalism.

### **Screening Process:**

- *TechTriad Team* begins this process by crafting sets of technical questions to be used during the screening of candidates via phone/video.
  - The depth of the questions will vary depending on the technical complexity of the written requirement, and/or any specific instructions provided by the Hiring Managers during the technical call.
  - If a client requires online testing to be provided to the candidates (i.e., Hacker Rank Assessment), *TechTriad Team* can offer a software solution that delivers secure online testing features, with customizable technical/coding assessment functionalities.
- During the screening calls (or video interviews), our team aims to identify the crucial aspects of the potential candidate, they are as follows:
  - Technical background
  - Client experience
  - Communication abilities

- Professionalism.
- Work authorization, identification, location, contact information, and earliest start date availability, which will depend on client's preference.
- The duration of the initial screening calls can take our team 10-15 minutes, depending on the complexity of the requirement.
  - If necessary, our team will conduct a preliminary phone screen, followed by a video interview to further to investigate the validity of a candidate's background.

#### **Sourcing for Active & Passive Candidates:**

- *TechTriad Team* will usually begin any search for active candidates by publishing a revised version of the original job description to various online outlets (Job Boards, Career Sites, etc.), and/or by sharing it with any past contacts/consultants that could generate leads, or possibly be a fit for the new requirement.
- Secondly, during preliminary sourcing, our team will access our ATS' Internal Database containing hundreds of consultants we have worked with from around the globe, to quickly identify potential matches for the new requirement/s.
- *TechTriad Team's* next step is to engage the job boards that tend to yield active job seekers, including CareerBuilder, Dice, Monster, and many other well-known sites.
- *TechTriad Team* will engage 'LinkedIn Recruiter' in conjunction with the job portals mentioned in our 3rd step above, primarily, if the requirement calls for passive candidate outreach.

#### **Onboarding Process:**

Once the client hires one of our consultants, our team will help throughout the onboarding process, including:

- Start date specifications.
- Rate/Salary negotiations.
- Background checks
- Relocation logistics.

#### **Pulse of the Industry:**

Aside from touching base with our current or past consultants to bring added value to their careers, *TechTriad Team* likes to keep its finger on the pulse of the industry by setting up conversations with those consultants who are currently in the field.
