Thank you for giving us the opportunity to discuss your technology needs. We are confident that Ford Office Technologies can accomplish your goals and provide the level of support you require and deserve.

WHY US?

We do not treat the products and services we sell as commodities. We are acutely aware that sophisticated computer systems and technology needs are by no means complete once a sale is made. We stand by our products and services after the sale, helping our clients to use our products and services to their fullest extent, modifying as needed to fit our clients' needs as their businesses grow and change.

We are a local and family-owned firm with local roots. We know our industry and we know this geographic area. Running an ethical, reliable, and technically competent team is job #1 for us.

Thank you for the opportunity to submit a proposal. We look forward to working with you.

Sincerely,

Project Management Office
