Subject: Contract Renewals for CMA DOT 2300000028

Dear Mrs. Hall:

I apologize for my late response on the contract renewals. Our chassis and body suppliers were late getting back to me. Ford had problems due to their ongoing contract negotiations with their union and Henderson Products had problems getting their suppliers of stainless steel to confirm a pricing.

Line 1 - For the Ford F550 2 DR Gas Dump Truck. The original bid price of \$115,733.00 is also our Renewal Price. There is **No** Price Increase.

Line 2 – For the Ford F550 4 DR Gas Dump Truck. The original bid price of \$117,612.00 is also our Renewal Price. There is **No** price increase.

Line 3 - There is no price increase on Front Snow Plow. The original bid price of \$6,164.00 is also our Renewal Price.

Line 4 - There is a price increase on the 3.0 cu. yd. V-Box Spreader for. The original bid price was \$14,314.00. The renewal price will be \$15,238.00. This represents a 6.4% price increase. I have attached documentation showing the reason for the increase is the increase in the cost of the stainless steel used to make the body.

Sincerely,

Mike Matheny CEO

Subject: Price Increase Justification for Contract Renewal of CMA DOT
2300000028 for the V-Box Spreader

Dear Mrs. Hall:

Attached in Exhibit 1 is the highlighted price in 2022 for the V-Box Spreader for \$14,314.00. This price was what Ace Truck Equipment charged Matheny Motor Truck Company dba Matheny Ford LLC. This price has not changed for over two (2) years.

The price increase request is \$924.00 as discussed in Exhibit 2. There was no price increase for calendar years 2022 & 2023. This price increase brings the renewal price to \$15,238.00 or a 6.455% increase. How do we justify the 6.455% price increase:

- \$924.00 6.455% Price Increase – Body Co. absorbed two previous increases.
- 80.00 The Stainless Steel used in Spreader.
- 486.00 The composite two-year price increases for Auger, Motors, Switches, Gearcase, Wiring, Connectors, etc.
- 358.00 Overhead, i.e., wages, utilities, rent, equipment upgrades, material, etc.
- \$ 0.00

Dusty,

We still need to see the invoices from the vendor at time of bid and current to see the increase the vendor is requesting. The attached document is only the percentage and dollar amounts.

If they can submit the invoices, we can review the increase for the pass-through amount.

Thanks,
Tara

Hey there,

I am going to let Frank review all of the documents that you have sent. I hate to keep going back and forth on this one but I still don't see a current invoice for the increase in pricing.

The last email showing the invoice from Henderson dated 9/14/23 supports the original price of \$14,314.00 I only see letters stating the increased amount.

Here's what I've got -

1. Letter from Matheny dated 2/22/24 requesting and explaining the price increase.
2. Invoice from Ace Equipment showing the \$14,314.00 which is the current unit price on the spreader.
3. Letter from Henderson dated 2/20/24 showing the percentage increases.
4. Letter from Henderson dated 1/15/24 showing the percentage increases.
5. (Newest documentation) invoice from Henderson for SINGLE AUGER w/LIGHTS with unit price of \$11,928.00 dated 9/14/23 and letter from Henderson dated 3/14/24 explaining the \$14,314 price and renewal pricing.

I think we're still missing a current invoice to show the pass-through for the \$924.00 increase.

It may be Friday before I can get with Frank.

Thanks,
Tara

Dusty,

I can't seem to locate the last email for the Vbox spreader increase for Matheny.

I have attached the documents that I have received and I apologize for the delay in getting back with you.

Exhibit 1 - invoice from 2022 - this is fine because we can see the invoiced price.

Exhibit 2 - letter from Henderson - I see where they give us the pricing increase but we need to see a recent invoice (like Exhibit 1) in order to see the pass through cost.

Does Matheny have a current invoice showing the increased amount for the spreader? If so, please forward it to me.

RE: WV DOH FSM Spreader Price Escalation

Dear Mr. Beitzel,

Thank you for the opportunity to provide updated pricing for WVDOH FSM Spreaders.

Over the past few months there have been continued pressures on material, sourced components, labor, and freight costs. Due to these market conditions, Henderson Products needs to request a price increase on the 3.0 cu. yd. V-Box FSM spreaders for WV DOH. The table below reflects the increases in costs from the original pricing of these units.

Pricing below shows a sample of various commodity component types used in the construction of W. VA FSM Spreaders

Item	2022 2024 % Increase	Note:
Freight (ea)	39%	Freight from Manchest, IA to Zanesville, OH
Stainless Steel (\$/lb.)	2%	Primary spreader steel
Auger Hydraulic Motor	16%	
Auger	27%	
Auger Gearcase	21%	
86323.304 Pins (ea)	39%	

Please let me know if you have any questions or would like to schedule a time to discuss in more detail.

Regards,

Rob Phillips | *Regional Sales Manager*

*The items pre-checked are required before a Purchase Requisition may be submitted to the Purchasing Division. Failure to complete and verify this documentation may result in rejection of the requisition back to the agency. It is up to the agency procurement officer to determine if pre-approvals, insurance, or other documentation is needed for the purchase. The referenced information below may be used to make this determination.

For Purchasing Division Use Only:

I have reviewed the requisition identified above and find that it is sufficient to advertise publicly to the vendor community. My review does not preclude the possibility that the vendor community, or some other entity, will identify an area of concern; however, should such issues or concerns arise, they will be reviewed and addressed as may be appropriate.
