Prices are valid for 30 days of date of quote. Any changes, including any freight changes, will negate this quote. Changes include but are not limited to quantities, omissions and addition of items. Returns must be initiated within 7 days of receipt of order. All returned equipment are subject to a 25% restocking fee plus freight and must be in original carton. Culinary Depot reserves the right to refuse return of any used and uncrated equipment. Canceled orders that have already shipped out, are also subject to restocking fees. Special order items are non-refundable and must be paid in full prior to production. If you are unsure whether your order is considered 'special order' please check with your salesperson prior to placing your order. **Due to the terms of liability of the trucking companies, customers must inspect their deliveries upon receipt, prior to signing for the delivery. Should you have any issue with the item(s), please contact us immediately and note the damages on the driver's paperwork. If any damages are not reported before the truck departs, we will be unable to offer any credits for the damaged items as the liability falls on the receiver. If you are unsure whether an item is damaged and are unable to properly check the merchandise before the truck leaves, please refuse the delivery and contact us.** Payment for all orders are due prior to delivery, including installation fees. In the event of a delivery delay, Culinary Depot can store the equipment at no charge for 7 days; thereafter storage fees may apply. Delivery quotes are based on one-time delivery only. Additional charges may apply should additional deliveries be requested. Culinary Depot reserves the right to make delivery in installments. All such installments shall be separately invoiced and paid for when due, without regard to subsequent deliveries. Delay in delivery of any installment shall not relieve buyer of its obligation to accept remaining installments. Compliance to local health, plumbing, electrical and ventilation codes are the sole responsibility of the customer. Any applicable sales taxes and/or freight charges are not included in quoted price unless otherwise noted. When installation is included in quote, the price includes non-union liftgate delivery of all equipment to job site, including uncrating and set in place. All final connections by others trades are not included in the installation cost.
