Hello David

V Group Inc. would like to provide the West Virginia Department of Motor Vehicles, with the response to **CRFQ 0802 DMV2400000003- Mainframe Application Programmer Technical Staffing Services** which is due on **April 2, 2024.**

V Group Inc. is a distinguished IT services and products company headquartered in New Jersey. Our core expertise includes efficiently providing a comprehensive suite of staffing solutions, with capabilities in Application development, Consulting, Microsoft solutions, E-commerce, Digital Transformation, Artificial Intelligence, Cybersecurity, Cloud Solutions, Managed IT, Accessibility, ERP Development (SAP, Dynamics), and Cookie Consent Solutions and various other specialized domains.

Furthermore, we take pride in our listing on the **GSA MAS Schedule** under SIN 54151S: IT Professional Services, Contract #47QTCA22D002J. We are an awarded vendor on the **TIPS Information Technology Equipment, Software**, and Services contract. Our valued clientele includes 35 state and local public sector agencies to whom we offer IT Staffing Services. Our extensive experience spans sectors like Transportation, Education, Health, Judiciary, and Finance.

V Group is proposing Jose Pina for the Mainframe Application Programmer Analyst position. With over two decades of experience in mainframe application development, Jose possesses a comprehensive skill set, including expertise in COBOL, CICS, and JCL. Jose's proven track record in implementing system enhancements, ensuring compliance with federal and state regulations, and providing exceptional operational support aligns perfectly with the requirements outlined in the job description. Jose's commitment to delivering high-quality results and their proactive approach to problem-solving make them an ideal candidate for this role.

The following are the offeror details and contact details of the executive who has the authority to contract with the organization.

Proposer's Name	:	V Group Inc.

Executive Summary

V Group understands that West Virginia Purchasing Division is soliciting bids on behalf of WV Department of Motor Vehicles (WVDMV) to establish a contract for technical mainframe application programmer technical staffing services.

Our consultants will provide technical expertise to meet the temporary contracted staffing needs for the Department of Transportation (DOT) Information Services Division. These services will be utilized to develop modifications and enhancements to the mainframe computer systems currently utilized by the Division of Motor Vehicles (DMV). For this RFP we have proposed a dedicated and experienced consultant: **Jose Pina**. Please refer to the Resume section for detailed information.

Similar to this RFP scope of work, V Group, Inc. has been providing Hourly Based Staffing Services and Professionals to Governmental Agencies. We are the premium staffing service provider to multiple governmental agencies. Our core competencies include but are not limited to the following:

- Project Management
- Software and Application Development
- Technical and Network Support Services
- Documentation/Technical Writing
- Business Analysis
- Systems/Network Integration
- IT Management Consulting
- Quality Assurance Services

- Systems/Data Administration
- Network and System Integration
- Service Desk and Customer Care
- Information System Security
- E-Commerce
- Web and Internet Systems
- Business Process Consulting
- IT Professional Services

V Group Inc. is a Disadvantaged, Minority and Women Owned Small Business Enterprise and we are also **Minority Business Enterprise (MBE) certified** enterprise from **National Minority Supplier Development Council (NMSDC).** As a Microsoft Gold Partner, V Group's offering include Application development, Microsoft technology stack, E commerce, Digital, Artificial Intelligence, Cloud Solutions, Infrastructure Services, Professional services and Patented Products. V Group also holds MWBE certifications from various States. We are also certified as W/MBE, DBE, SBE, and WBE by various other agencies.

V Group Consulting's Best Value Promise: Our organizational commitment to Staffing Services best practices defines our corporate culture. Our core competency is continually being developed by all of our employees and supported by our internal organizational processes. We know that consultant satisfaction drives customer satisfaction. Our innovative talent supply chain is structured for reach, responsiveness, and the acquisition of new long-term human capital assets. This organizational consistency will deliver best value.

The overall mission of V Group is to provide the highest quality personnel and deliverables to our clients, in a dependable, efficient, and cost-effective manner, thereby maximizing the clients' return on investment. Our successful implementation of this mission has made V Group a highly respected company in the staffing services and software market and we will make sure to continue our effort for further enhancing the services. We also bring to the table the benefits of our key business relationship through our partnerships with various Fortune 500 clients. These partnerships help us keep our clients ahead of the curve.

With a focus on technology advisory, research, and implementation, V Group Inc. is poised to support DMV's IT initiatives comprehensively. Our expertise encompasses Power BI Consulting, Network Engineering, Business Analysis, Project Management and more. With a proven track record in managing IDIQ contracts, we stand as adept
functional consultants capable of offering expert recommendations and solutions across an array of technologies, aligning perfectly with the university's diverse IT needs.

Staff Augmentation Specific Task Orders:

We follow the following approach for staff augmentation contracts.

- ### *Proactive Recruitment:*

- ### *Reactive Recruitment*:
  Reactive recruitment strategies are utilized to address urgent needs and contingencies, and to provide a faster turnaround we utilize our team of trusted suppliers locally to the area and experience working on similar technology and vertical. Our continuously growing internal database of over 350,000 active consultants segregated by geography, technical skills and availability basis helps us identify the right and available match to the requirement within a couple of hours. Screenshot of our ATS / Database is attached below that showcases number of active consultants:

V Group Inc.'s proposed approach not only addresses the technological requirements of the SOW but the technical support experience to meet the Agency wide business goal. Our team brings to DMV an extensive set of features and benefits, as summarized below:

| V Group Inc. Feature	Benefits for DMV
Commitment to Top Quality Services	ISO and ITIL certifications for excellent quality of services.
IT SME	Certified PMP ensures that program will be managed efficiently
IDIQ Team Assembling Strength	Featuring Tier 1 & Tier 2 companies as team members with experience staffing large IDIQ contracts
Excellent IDIQ contract management experience	V Group currently manages various IDIQ contracts including MD CATS+, NYS OGS HBITS, MTA, MHBE, WAHBE, etc.
Unmatched Incumbent Capture Experience	Over the past 5 years in 6 new IDIQ contracts, V Group Inc. has managed a very high incumbent retention rate
Personnel Retention Experience	Maintaining an average of 90% employee retention rate.

Timeline:

Our approach to meeting Hiring and Recruiting has always been timely with utmost importance given to quality and cost effectiveness. We believe our recruiting tools, processes, and our depth of knowledge of the markets in which we operate, provide us with a competitive advantage in meeting the demanding time-to-market requirements for placement of IT consultants. Our passionate recruitment team will be readily working to fill the required roles with the most suitable candidates available in the market. The placement of highly skilled personnel requires operational and technical knowledge to effectively recruit and screen personnel, match them to client needs, and develop and manage the resulting relationships.

We are committed to provide our best IT resources using Sourcing avenues: Internal Database; Suppliers' database, job boards, Department of Labor.

It is in our business interest to identify and present the qualified candidate as early as possible. Thanks to our time-tested recruitment process, the typical time frame to identify and present a candidate is two to four days. Should a replacement be desired, such time frames will be helpful.

On-Hand- Identification of the candidate: (1 Day)

✓ In-house available candidates
✓ Prescreened On-Bench / Close to hand candidates in the database.
✓ Candidates identified earlier for similar positions are contacted.
✓ Well defined process enables publishing the position within one hour.

Level 2 suppliers– Suppliers with pre-qualified candidates meeting V Group's standards and agreed upon on-boarding salary targets ("Close-to-Hand" - skills inventory immediately know at Requisition release – **2 Days**)

Level 3 suppliers– With predetermined response SLAs and wide reach for which candidates need full on-boarding negotiations ("Out-of-Hand" - skills inventory and availability not known at Requisition release – **3 – 5 Days**).

Recruitment Procedure

V Group Inc. has a comprehensive recruitment approach to ensure that only the best resources are provided to the customer. We devised our approach to better connect with, market, and hire people. For such a recruiting effort, we have developed a targeted and well-planned internal and external recruitment strategy.

- ***V Group's Recruitment Strategy***:
  A. **Receiving requirement from DMV.**

  B. **Understanding of the position.**

  C. **Break the role into several subdivisions:**

  D. **Searching for candidates**
     a. Internal database and Applicant Tracking System
     b. Referrals (candidates' references) & candidates sought through pro-active sourcing.
     c. Job postings (on-line, in-house)

  E. **Receiving and analyzing potential candidates' information subsequently creating a short listing of candidates for the position.**

  F. **Qualifying the Candidates:**
     - Telephone/Face to face meeting with the candidate.
     - Clarifying the requirement to the candidate
     - Gathering all required information along with data for the skill set matrix given, (depending on the agency's requirements: e.g., dates of experience, years of experience, skill set etc.)
     - Qualifying on following parameters:
       (a) Technology – evaluation done by following means:
           1. Technical Interview by internal team
           2. Technical Test
           3. Certifications
           4. Sample of work
       (b) Interpersonal & Communication Skills – one on one interaction
       (c) Availability & willingness to attend in-person interview.
       (d) Compensation – upon negotiating the final rate, request the candidate to send you a rate confirmation email. This must be obtained before the submission of the candidate occurs.

  G. **Formatting the resume to highlight the skills specified in the requirement. Combining a brief / matrix demonstrating candidate's match to the requirement**

  H. **Informing the candidate about the submission**

  I. **Final Quality Check: resume, rates, Right to Represent (RTR), any other submission material.**
     - We have prepared a check list of the documents that have to be presented to NCTOG and we conducted a thorough check to meet the contract needs as well as our internal recruiting compliances.

  J. **Submission**

- We ensure that the submission is done as per the contract.
- In the case of some other customers the documents must be uploaded ahead of the deadline

Some of our awarded contracts similar to the client's requirements are:

- **Contract #004680 from department of Information Technology Oakland County, Michigan** for IT Professional Services in a series of organizational roles. Professional Services Contracts are accessible to those cities, villages, and townships (CVTs) within Oakland County in need of IT professional services needs for the period from 10/01/2019 - 09/30/2024.

- **HBITS contract with the State of New York** RFP # 22439 from New York State Office of General Services for providing highly qualified IT resources to support OGS ever-expanding information technology needs for the period from November 01, 2012 - June 30, 2019, July 01, 2019 – June 30, 2024

- **RFP # 14357 from Metropolitan Transit Authority (MTA)** for providing consulting services on an as-needed basis to support various information technology projects for their "Work Assignments". MTA was looking for temporary consultants having strong experience across People Tools, People Code, Application Engine, Component Interface, SQR, XML/BI Publisher, JavaScript, jQuery for its PeopleSoft production system.

- "**Group 73600 - Project Based Information Technology Consulting Services (PBITS)" contract opportunity from NYS OGS** for providing highly qualified IT resources for fixed-price deliverable-based agreements for Consulting Services for the period of about three (3) years beginning on September 2015 and ending on September 2024. Contract # PB129AA MBE/WBE/SB.

- **RFP # 060B2490023 from Consulting and Technical Services + (CATS+)** for providing highly qualified IT resources quickly and efficiently on the Task Order Requests for Proposals (TORFP) or on the Requests for Resumes (RFR) for the period of about fifteen (15) years, beginning on April 22, 2013, and ending April 21, 2028.

- **Statewide IT Procurement contract** for All the Job Title with the **State of North Carolina** BID/FILE NUMBER: ITS-400191-002 to ITS-009440 from State Of North Carolina || Department of Information Technology || Statewide IT Procurement Office Services for providing highly qualified resources to support technology needs for the period of one (1) year beginning from March 1, 2018 and ending February 28, 2019, with Two 1-Year Renewal Options.

- **RFP # MDM0031036680 from Maryland Health Benefit Exchange (MHBE)** for providing Information Technology IDIQ Consulting and Technical Support Services in nine (9) of the ten (10) Functional Areas listed in the RFP. We believe the key to successful implementation of IT initiatives is having highly competent staff available at the right time and for the required duration. With several years of successful execution of similar contracts, V Group has proven expertise to locate and assign highly qualified staff with specific expertise and IT skills desired by its clients.
