Nature of Work
Under administrative direction, performs professional work at the managerial level. Serves as the administrative officer of a statewide specialized environmental resources program under direction of the agency head or in complete charge of a secondary program as may be outlined by state code. Exercises delegated authority to staff organizational unit to pursue goals through orderly and efficient planning, organizing, directing and controlling of activities where objectives, operations, and statutory requirements are analogous, of defined scope, and require specialized knowledge of specific environmental resources programs or fields; or serves as the principal assistant to an administrator with extensive technical, program-specific expertise. Work requires analysis and interpretation of scientific or technical theory and principles; professional practices; agency philosophy, operational policies and regulations; and knowledge of the field where situations may be atypical, precedent setting or controversial. Duties typically include direction and supervision of administrative and managerial activities, through subordinate leaders, including a sizable professional, technical and clerical staff. Has latitude to exercise independent judgment in execution of duties within jurisdiction. Work is reviewed primarily for results obtained; timeliness; compliance with laws, rules, regulations, procedures and policies. Performs related work as required.

Distinguishing Characteristics
Directs the operations of a moderate sized secondary organizational unit or a statewide environmental resources program with multiple broadly-related components. Work requires knowledge of scientific theory and principles of an environmental field. Operational policy and procedures may be mutable. Exercises latitude in organizing and administering program elements and advises and makes program recommendations to supervisor regarding policies, rules, regulations and procedures. Includes supervision of technical and/or professional and support staff organized into multiple organizational units of related specialty areas. Is directly accountable to the agency head or administrator a major and primary organizational unit.

Examples of Work
Administers an integral part of a major environmental program of the state consistent with state policy and accepted principles.
Staffs organizational unit to effect orderly, efficient and economical operations.
Examples of Work (cont'd)
