

CHILD SUPPORT TECHNICIAN 2

Nature of Work: Under general supervision and at full performance level, employee conducts audits of Bureau for Child Support Enforcement (BCSE) cases at either a BCSE field office or the BCSE State Office Financial Adjustment Unit, including advanced analysis of transactions for both the caretakers and obligors. Work is performed in accordance with BCSE policies and procedures, federal and state laws and regulations, and applicable court orders. Employee is responsible for maintaining the integrity of the case financial histories for all cases with orders for support in the assigned region through periodic reviews requested by case managers, supervisors, and BCSE Attorneys. Employee possesses extensive multi-tasking and high level decision making abilities, and the ability to reconcile financial records utilizing independent judgement to prioritize and process case work by the most efficient means possible. Employee will have developed professional growth in acquiring the skills and knowledge to be able to bring to supervisor's attention changes that may be needed within the program dealing with BCSE financial allocation and distribution processes. Employee must possess problem-solving skills commensurate with the reconciliation of financial data collected from payment histories (recorded and/or supported by affidavit), data records within automated applications, and computer balances in individual and/or collateral cases. Collaterally, the employee must possess the ability to communicate his/her problem solving logic to staff at all levels. Work product promotes and ensures the delivery of quality service to the broad spectrum of BCSE customers. May provide guidance and direction to staff with relation to ensuring the completeness and accuracy of information contained in appropriate cases. Directs others as assigned. Requires strict confidentiality in regards to BCSE information. Performs related work as required.

Distinguishing Characteristics: Work of the employee in this class is characterized by the ability to perform financial duties at full performance level which require a working knowledge of policy and procedures within federal and state laws and regulations. Employee possesses a working understanding of not only mathematical models but various applications in order to correctly assist the BCSE Attorney and officers of the court in and establishment of support enforcement actions. Employees in this class must have supervisor approval to request funds in excess of \$500.00 to be disbursed. Incumbent must have completed one year of employment as a Child Support Technician 1 or the equivalent experience in the area of child support.

CHILD SUPPORT TECHNICIAN 2 (CONT'D)

Distinguishing Characteristics (cont'd): Additionally, promotion to the next higher classification within the speciality is determined by satisfactory performance appraisal, two years of employment in this classification, and approval by supervisor.

Examples of Work

Analyzes caretaker and obligor cases to determine the accuracy of the financial histories of the cases.
If appropriate, performs audits to have balances corrected, utilizing several different databases to compile all pertinent data needed to complete the audit.
Verifies the data in the physical case file and automated databases affecting the allocation and distribution of child and spousal support payments by reviewing the data for accuracy, completeness, and compliance to the requirements as set forth by BCSE policies and procedures, federal and state laws and regulations.
Compiles information from public assistance cases including Medicaid services, payments of cash assistance, foster care boarding payments, as it affects the distribution of child and spousal support payments.
Obtains case financial histories maintained by out-of-state child support agencies, if necessary.
Reviews valid legal documents affecting financial history including court orders and evaluates the accuracy as entered in the Child Support Enforcement's automated system.
Posts moderate to complex financial accounting information to a spreadsheet to determine balances.
Performs caretaker accounting to calculate any amounts owed to the caretaker, overpayments to caretaker, and refunds to obligor.
Forwards audits to state office for review and any manual adjustments to the Child Support Enforcement's automated system.
Communicates and substantiates information necessary to reconcile audits in the field with those at the state office and conveys verbal permission to change any discrepancies found in the review of the audit.
Reviews all manual adjustments to the Child Support Enforcement's automated system and all financial narratives recorded in the system for accuracy, completeness and compliance with state and federal regulations, ensuring all monies due to be distributed have been distributed correctly and reporting all issues to supervisor.

CHILD SUPPORT TECHNICIAN 2 (CONT'D)**Examples of Work (cont'd)**

Represents BCSE by testifying in court proceedings as to the accuracy and interpretation of case financial history and policies that affect said history, and prepares case financial history to be entered into evidence in court proceedings.
