Attachment A: Cost Sheet

Vendor must input pricing for each tier Base Solution(s), Expansion Node(s), Expansion Storage, Enterprise Data Backup, and Infrastructure Operations Monitoring in the pricing page. These costs will be a per month charge and include all costs for providing that service as indicated elsewhere in this RFP. Vendor must also input a per hour charge for on-demand professional services positions listed on the pricing page.

Vendor must input percent discount to the corresponding Asset in Service year periods. (Cells G4 through M4). Enter a whole number into the cell and the sheet will automatically display as a percentage

The Vendor's price in Asset in Service will be used by the State to calculate the cost of all orders. Orders placed in billing status in Year 1 will be billed at the subsequent Year's monthly unit price beginning in subsequent year. For example, a tier 0 solution ordered in month 1 of Year 1, will be invoiced at the Year 2 unit price beginning in Month 1 of Year 2.

**SUBJECT:** Agency Request Memo for DC2.0 Release Order – CDO OOT22\*01 (OT22025)

**DATE:** August 18, 2021

The West Virginia Office of Technology (WVOT) is requesting approval for the above delivery order for the Data Center 2.0 equipment. As you will see in the included quote, there are different prices and unit of measure. To explain this:

1. The WVOT did its initial equipment order in August 2020.<sup>1</sup> This order was for the Enterprise Data Backup. On the subject order, you will see the Enterprise Data Backup is for twelve (12) months to align with the initial purchase.
2. The first four lines were initially ordered in March 2021, starting 'Year 1' for this. Because the initial equipment was ordered in August, and these expansions rely on the equipment, the expansion dates align to August. You will see the first four lines on the quote, considered part of Year 1, are for seven (7) months – August 2021 through February 2022.
3. In March 2022, Year 2 begins, which is seen on the bottom four lines of the quote. Again, aligning that to the August equipment purchase, you will see those five (5) months in Year 2 – March 2022 through August 2022. Additionally, there is a 10% discount offered under Year 2 of the contract, which is why there is a difference in price.

Also, the WVOT recognizes this order is late. The WVOT did not receive the quote until August 5, 2021, and due to staff being out of the office, the WVOT was unable to confirm its agreement until August 18, 2021.

Please let us know if you need anything further to support this request.
