Tara,

John Toomey noticed an issue on the CCT for Oracle Software Maintenance. The effective date of the CCT is correct. But, the end date in the extended description and in commodity line 1 had an incorrect date. It should have ended on 02/28/22 and not 02/28/21.

I've created a change order document for the CCT, could you take a look at it. John and I took a shot at correcting the information. If you remember this CCT was a bit of a pain to create because of the reinstatement fees and the delayed effective date. (the new version is v3)

If you want to talk through it, let me know and I'll give you a call.

Thanks
