Requesting such fees or charges be paid after the contract has been awarded may result in cancellation of the contract.

18. FUNDING: This Contract shall continue for the term stated herein, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise made available, this Contract becomes void and of no effect beginning on July 1 of the fiscal year for which funding has not been appropriated or otherwise made available. If that occurs, the State may notify the Vendor that an alternative source of funding has been obtained and thereby avoid the automatic termination. The Purchasing Division Director may also cancel any purchase or Contract upon 30 days written notice to the Vendor in accordance with West Virginia Code of State Rules § 148-1-5.2.b.

25. WAIVER: The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

26. SUBSEQUENT FORMS: The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the Agency or Purchasing Division such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. 40. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check. Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

41. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process.
- c. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:

1. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
2. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the vendor must submit to the Agency a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-award interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

- Certification and Signature Page

- Valid West Virginia Contractor's License, if applicable.

- Purchasing Affidavit (properly notarized)
- Ethics/Disclosure Form (properly notarized)
- Valid Certificate of Insurance; and,
- Any other required forms or supporting information as described herein.

Omitting any required forms, attachments, or documentation as described throughout this contract will deem a bid non-responsive and may result in the disqualification of the Vendor's bid response.

3.3 Contract Items and Mandatory Requirements: Vendor shall provide Agency with the Contract Items listed below on an open-end and continuing basis. Contract Items must meet or exceed the mandatory requirements as shown below.

3.2.1 Materials: Contract Items A through R, are considered Materials. Materials from this contract **SHALL ONLY** be purchased when the pick-up of those materials is by WVDOH

REQUEST FOR QUOTATION
Asphalt Materials, Pick Up by Agency

forces, WV Parkways Authority forces, or other agency as describe in Section 6.2.

3.2.2 Plant Run Asphalt, Contract Item R, may be substituted for **Contract Items A through Q** only when the use of Plant Run has been requested by the WVDOH District Engineer, or their designee, having determined that the Plant Run material is suitable for use; and only when all other equivalent items of material are not available. All Plant Run material shall meet the Standard Specs, or in instances where the Plant Run material was produced for a neighboring state, must meet the specifications of the adjacent state highway department, unless otherwise deemed acceptable by the WVDOH District Engineer, or their designee.

3.2.3 Performance Grade Binder, Contract Item S, is a surcharge to compensate the Vendor for supplying Asphalt when PG Binder is substituted for the standard binder.

3.2.4 Seasonal Readiness: It is WVDOH's intention that WVDOH forces shall commence spring pothole patching as early as the weather permits and once started, early pothole patching work shall be continuous, as weather permits. The **2022 WVDOH Spring HMA Patching Estimate, Exhibit 1 (EXH1)**, is provided to demonstrate WVDOH's anticipated daily needs for the early season. The estimate represents the approximate volume of anticipated purchases only. No future use of the Contract or any individual item is guaranteed or implied.

Awarded Vendor's should have their asphalt plant(s) operational and available for asphalt production, upon WVDOH request and weather permitting, no later than March 16th. As per Section 9.1, if the low bid Vendor is not operational and available for asphalt production, WVDOH will consider this as a Delivery Order refusal, and the WVDOH will obtain the goods or services from the next low bid Vendor who is available.

3.2.5 Off-Season Plant Opening, Contract Item T, is necessary if a Vendor is required to open their plant in the off-season to service the needs of the WVDOH, in which case an additional payment will be made. The Vendor will be paid an additional day charge for each additional consecutive day that the plant is open after the first day to service the needs of the WVDOH. If the plant produces no material for any use on any calendar day, either during the week or on the weekend, the WVDOH will pay the

REQUEST FOR QUOTATION
Asphalt Materials, Pick Up by Agency

first day rate for off-season plant opening on the next day of the WVDOH usage. Payment for this item is subject to the following conditions:

3.2.5.1 Payment for this item can only be authorized and made during the winter months, i.e., between December 15th and March 15th, and then only if the plant would not have otherwise been open. These dates may be revised by the WVDOH District Engineer or their designee, if necessary, to meet specific needs in the field. Any such revision of dates will be in writing and shall be attached to the Vendor's invoice at the time payment is requested.

3.2.5.2 Payment will always be made at the full contract awarded bid price for the first day of plant opening; however, the amount paid from each additional day of plant opening will be reduced as follows:

A. Payment for additional day charge will not be made if the plant has produced over 500 tons on that day. If between 300 and 500 tons have been produced, payment for additional day charge will be made equal to one-half of the contract awarded bid price for the additional day charge. The quantity produced to make this determination shall include all material produced that day, which includes tonnage bought by the WVDOH, other local governments and all private work.

B. The WVDOH will only pay its share of the amount determined to be due for additional day charge as described above. For example, if the plant produces 375 tons and the WVDOH takes 150 tons of the total, 40% of the plant's daily production, payment for additional day charge would be calculated as follows: Since the total daily production is between 300 and 500 tons, the Vendor is due 50% of the additional day charge. Because the WVDOH's share of this daily production is 40%, the WVDOH would pay 40% of one-half of the additional day charge, or in this case, 20% of the additional day charges.

3.2.5.3 A certified statement shall accompany the invoice stating the total quantity produced on the additional day. If payment does not qualify due to tonnage produced, the next consecutive day of plant operation, if any, will qualify for payment at the additional day rate rather than the first day rate for plant opening.

Any changes to the latter will result in the disqualification of the Vendor's bid.**

Asphalt Materials Pick Up by Agency

To answer vendor posed questions.

Question #1: In reference to Page 8 number 7 of the Asphalt Pickup bid that reads "Determining Low Bid Per Project" We have the following questions:
Could you please provide the criteria and or the formula for how the lowest overall cost per project is determined?

Response #1: The District Engineer, or their designee, will determine the anticipated needs of the project in advance, and will then look up the bid prices for all anticipated Contract Items for Vendors awarded a contract in the county. The bid prices will be multiplied by the estimated quantities for the project, and those calculations then totaled. Contract Items, including mileage, hauling mileage, mobilization, etc. will be factored into the total. The Vendor with the lowest bid price for the overall project will be issued a Delivery Order and offered the work. If they decline or are unavailable for the project, the District will then offer the project to the next lowest bidder.

WVDOH personnel utilize the PO Contract Asphalt Prices tool to assist them in looking up bid prices. This tool is created internally, using Vendors bid prices and the "Price Adjustments" described in Section 4 of the Asphalt Materials Pick Up by Agency specifications. This tool is available on the WVDOH website at:

<https://transportation.wv.gov/highways/maintenance/Pages/POContractAsphaltPrices.aspx>.
