Subject: CMA: DEP22\*15A  
Cancel and Re-award AML Limestone Sand (Open End) Coalfield Counties

Mr. Hager,

Please see the attached data analysis sheets provided by Government MLO Supplies USA Inc., the vendor for the above referenced contract. The contract specifications section 3.1.1.1 requires the vendor to provide Limestone Sand at a 90% Calcium Carbonate Content **(Not Calcium Carbonate Equivalent)** or higher. The data analysis sheets provided by Government MLO Supplies USA Inc. confirms that they do not meet the contract requirements.

Calcium Carbonate Equivalent is not an acceptable item as stated in the technical specifications of the contract because "Equivalent" is the use/mixture of various elements that may possibly neutralize the acidity and provide the level of alkalinity needed to support our need of preserving numerous miles of reclaimed streams' water quality and aquatic life restoration, but is not guaranteed. The product that we are requesting has been available in prior years and is currently available at quarries throughout West Virginia and the surrounding states.

Based on this information, this office requests that the above referenced contract be canceled immediately and awarded to the next lowest priced responsible vendors listed below.

The following counties shall be awarded to Solid Rock Excavating Inc.: **Barbour, Brooke, Clay, Gilmer, Lewis, Marshall, Mineral, Mingo, Monongalia, Nicholas, Pocahontas, Preston, Raleigh, Webster, and Wyoming.**

The following counties shall be awarded to Polino Contracting Inc.: **Braxton, Grant, Harrison, Marion, Randolph, Taylor, Tucker, and Upshur.**

If you have any questions, please feel free to contact this office.
