Good afternoon Kim,

After reviewing the documents you sent i believe it is in the best interest of the WVDOH to take delivery at current contract price on both orders or cancel both contracts in it entirety. I know this is testing times in business today. But it would be in our best interest to rebld. WVDOH contacted Signalisation VerMac Inc. before these order was placed for price and availability and was told everything was good? Any questions please call.

Thanks,

Todd Campbell

Good afternoon Todd,

Unfortunately we are unable to hold the current prices for the orders that we currently we have and we understand if the States feel they need to cancel the PO's and the contract and rebld. When we were first contacted about the pricing we thought that pricing was going to stabilize, and had not anticipated the current geopolitical situation.

Will we be receiving an official notification cancelling the PO's and the contract ?
