The Initial Contract Term becomes effective on the effective start date listed on the first page of this Contract and the Initial Contract Term ends on the effective end date also shown on the first page of this Contract.

Renewal Term: This Contract may be renewed upon the mutual written consent of the Agency, and the Vendor, with approval of the Purchasing Division and the Attorney General's office (Attorney General approval is as to form only). Any request for renewal should be delivered to the Agency and then submitted to the Purchasing Division thirty (30) days prior to the expiration date of the initial contract term or appropriate renewal term. A Contract renewal shall be in accordance with the terms and conditions of the original contract. Unless otherwise specified below, renewal of this Contract is limited to three (3) successive one (1) year periods or multiple renewal periods of less than one year, provided that the multiple renewal periods do not exceed the total number of months available in all renewal years combined. 4. AUTHORITY TO PROCEED: Vendor is authorized to begin performance of this contract on the date of encumbrance listed on the front page of the Award Document unless either the box for "Fixed Period Contract" or "Fixed Period Contract with Renewals" has been checked in Section 3 above. If either "Fixed Period Contract" or "Fixed Period Contract with Renewals" has been checked, Vendor must not begin work until it receives a separate notice to proceed from the State. ☒ **Open End Contract:** Quantities listed in this Solicitation/Award Document are approximations only, based on estimates supplied by the Agency. Requesting such fees or charges be paid after the contract has been awarded may result in cancellation of the contract.

18. FUNDING: This Contract shall continue for the term stated herein, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise made available, this Contract becomes void and of no effect beginning on July 1 of the fiscal year for which funding has not been appropriated or otherwise made available. If that occurs, the State may notify the Vendor that an alternative source of funding has been obtained and thereby avoid the automatic termination. Non-appropriation or non-funding shall not be considered an event of default.

19. CANCELLATION: The Purchasing Division Director reserves the right to cancel this Contract immediately upon written notice to the vendor if the materials or workmanship supplied do not conform to the specifications contained in the Contract. The Purchasing Division Director may also cancel any purchase or Contract upon 30 days written notice to the Vendor in accordance with West Virginia Code of State Rules § 148-1-5.2.b.

25. WAIVER: The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

2. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the vendor must submit to the Agency a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-award interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

44. PROHIBITION AGAINST USED OR REFURBISHED: Unless expressly permitted in the solicitation published by the State, Vendor must provide new, unused commodities, and is prohibited from supplying used or refurbished commodities, in fulfilling its responsibilities under this Contract.

45. VOID CONTRACT CLAUSES – This Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law.

DESIGNATED CONTACT: Vendor appoints the individual identified in this Section as the Contract Administrator and the initial point of contact for matters relating to this Contract.

3. GENERAL REQUIREMENTS:

- 3.1 **Contract Items and Mandatory Requirements:** Vendor shall provide Agency with the Contract Items listed below on an open-end and continuing basis. Contract Items must meet or exceed the mandatory requirements as shown below.

The specifications of this RFQ and/or any WVDOH Standards referenced in and/or attached to this RFQ may include references to specific recognized "industry standard" specifications which are issued by third parties, such as the American Society for Testing and Materials (ASTM) and the American

Association of State and Highway Transportation Officials (AASHTO). Such specifications are protected by strict copyright restrictions and cannot be published as part of this RFQ. The ability to access such specifications shall be considered a mandatory requirement for participation in this RFQ process as a Vendor or as a supplier to the Vendor, as applicable.

3.1.1 Type III Barricades

3.1.1.1 The barricade supplied shall be listed on the Type III Barricade APL. In addition, there shall be no restrictions noted on the APL which would prevent the use of a lightweight warning light on one of the barricade uprights, the placement of a 0.080-inch thickness aluminum substrate sign as large as 30-inches tall by 48-inches wide to the barricade rails, and the use of a sandbag ballast on each end of each leg skid.

3.1.1.2 Rail lengths supplied shall be four (4) foot or eight (8) foot, as specified on the Pricing Page.

3.1.1.3 Retroreflective sheeting shall be pre-installed on the supplied rails. Colors and pattern of the sheeting shall be in accordance with the MUTCD. Retroreflective sheeting utilized shall be a Type ASTM-IV material intended for use on barricade rails and listed on the Retroreflective Sign Sheeting APL. One or both faces of each rail shall have sheeting applied as indicated on, and with the pattern oriented as indicated on, the Pricing Page.

3.1.1.4 Bid Items

3.1.1.4.1 Complete barricades shall be supplied in four (4) foot and eight (8) foot lengths. Complete barricades shall include all components of a complete barricade, and all hardware required for assembly. Complete barricades shall be available with one-sided rails, left or right, and two-sided rails, left and right.

3.1.1.4.2 One sided rails, left or right, and two-sided rails, left and right, shall also be supplied individually. These rails shall include all hardware required to attach the rails to the uprights.

3.1.1.4.3 Replacement uprights shall be available for purchase individually.

4. CONTRACT AWARD:

- 4.1 Contract Award:** The Contract is intended to provide Agencies with a purchase price on all Contract Items. The Contract shall be awarded to the Vendor that provides the Contract Items meeting the required specifications for the lowest overall total cost as shown on the Pricing Pages.

Bids submitted for this RFQ should include a letter of assurance which addresses reflective sheeting compatibility and application procedures. No Vendor shall be awarded any portion of this Contract without receipt of this letter by the Division, if required. This letter shall be addressed from the sheeting manufacturer to the manufacturer of the product to be supplied as part of this Contract. If the Vendor intends to utilize different manufacturers for different applicable products and/or different sheeting manufacturers, multiple letters may be required. The language of the letter shall provide sufficient indication, in the Division's judgment, that a) the reflective sheeting to be applied to the product to be supplied is suitable for use with the product to be supplied, and b) the reflective sheeting manufacturer has reviewed with the product manufacturer the recommended procedures for application of the reflective sheeting to the product to be supplied. The sole purpose of this requirement is for the Division to verify that a) the sheeting manufacturer is aware of the product manufacturer's intended application for the reflective sheeting and has determined that the application is suitable, and b) that the sheeting manufacturer has made the product manufacturer aware of the recommended procedures for applying the reflective sheeting to the product substrate material. Depending on the Contract, different products may be included which may require different grades and/or variations of reflective sheeting materials. The letter must sufficiently address, in the Division's judgment, each product type / reflective sheeting combination. It is preferable that the letter reference the specific products to be supplied and each specific manufacturer reflective sheeting Series to be applied to the referenced products. If, during the life of the Contract, the product manufacturer intends to begin utilizing a different approved

REQUEST FOR QUOTATION
Type III Barricades and Replacement Parts

reflective sheeting than originally indicated in the Vendor's RFQ response, the Vendor shall make this request in writing and shall provide a new letter of assurance if determined by the Division to be necessary.

- 4.2 Pricing Pages:** Vendor should complete the Pricing Pages by filling in all required information. Vendor should complete the Pricing Pages in their entirety as failure to do so may result in Vendor's bids being disqualified.

The Pricing Pages contain a list of the Contract Items and estimated purchase volume. The estimated purchase volume for each item represents the approximate volume of anticipated purchases only. No future use of the Contract or any individual item is guaranteed or implied.

Vendor should electronically enter the information into the Pricing Pages through wvOASIS, if available, or as an electronic document. In most cases, the Vendor can request an electronic copy of the Pricing Pages for bid purposes by sending an email request to the following address: john.w.estep@wv.gov.

5. ORDERING AND PAYMENT:

- 5.1 Ordering:** Vendor shall accept orders through wvOASIS, regular mail, facsimile, e-mail, or any other written form of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor has the ability to accept on-line orders, it should include in its response a brief description of how Agencies may utilize the on-line ordering system. Vendor shall ensure that its on-line ordering system is properly secured prior to processing Agency orders on-line.
- 5.2 Payment:** Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia.

6. DELIVERY AND RETURN:

- 6.1 Delivery Time:** Vendor shall deliver standard orders within thirty-two (32) working days after orders are received. Vendor shall ship all orders in accordance with the above schedule and shall not hold orders until a minimum delivery quantity is met. Notification of shipment from Vendor shall be received a minimum of 48 hours before delivery of material at the location indicated on the release.
- 6.2 Delivery Locations:** Typically, delivery locations will be to, but shall not be limited to, the locations of the ten WVDOH District Headquarters. The cities in which the

District Headquarters are located are Charleston, Huntington, Parkersburg, Clarksburg, Burlington, Moundsville, Weston, Elkins, Lewisburg, and Princeton.

6.3 Delivery Requirement: All components shall be shipped adequately and securely. Any material delivered not meeting the above requirement shall be subject to being returned to the Vendor at the Vendor's expense. In this case, the vendor shall be responsible for the shipment of the returned materials back to the purchasing organization, packaged as specified above. In addition, the provisions of 6.4 shall remain in effect. The order shall be considered "delivered in full" at the time of the delivery of the returned materials back to the purchasing organization.

6.4 Late Delivery: The Agency placing the order under this Contract must be notified in writing at the Blanket Release Order "Invoice To" address if orders will be delayed beyond the time frame specified in 6.1 for any reason. Any such delay in delivery will be grounds for:

- (a) Cancellation of the delayed order, and/or
- (b) Obtaining the items ordered from a third party, and/or
- (c) Subjecting the Vendor to a daily (per Calendar Day) penalty at the purchasing organizations discretion for each Calendar Day beyond thirty-two (32) working days ARO in the amount of \$40 until the order is received in full. This penalty shall be assessed by subtracting the penalty from the original total value of the Release Order. This penalty will be applied in cases where, in the purchasing organizations' s judgement, the reason for the delay is within control of the Vendor and/or is not sufficiently supported.

Any Agency seeking to obtain items from a third party under this provision must first obtain approval of the Purchasing Division.

6.5 Delivery Payment/Risk of Loss: Standard order delivery shall be F.O.B. destination to the Agency's location. Vendor shall include the cost of standard order delivery charges in its bid pricing/discount and is not permitted to charge the Agency separately for such delivery. The Agency will pay delivery charges on all emergency orders provided that Vendor invoices those delivery costs as a separate charge with the original freight bill attached to the invoice.

REQUEST FOR QUOTATION
Type III Barricades and Replacement Parts

- 6.6 Return of Unacceptable Items:** If the Agency deems the Contract Items to be unacceptable, the Contract Items shall be returned to Vendor at Vendor's expense and with no restocking charge. Vendor shall either make arrangements for the return within five (5) days of being notified that items are unacceptable, or permit the Agency to arrange for the return and reimburse Agency for delivery expenses. If the original packaging cannot be utilized for the return, Vendor will supply the Agency with appropriate return packaging upon request. All returns of unacceptable items shall be F.O.B. the Agency's location. The returned product shall either be replaced, or the Agency shall receive a full credit or refund for the purchase price, at the Agency's discretion.
- 6.7 Return Due to Agency Error:** Items ordered in error by the Agency will be returned for credit within 30 days of receipt, F.O.B. Vendor's location. Vendor shall not charge a restocking fee if returned products are in a resalable condition. Items shall be deemed to be in a resalable condition if they are unused and in the original packaging. Any restocking fee for items not in a resalable condition shall be the lower of the Vendor's customary restocking fee or 5% of the total invoiced value of the returned items.

7. VENDOR DEFAULT:

7.1 The following shall be considered a vendor default under this Contract.

- 7.1.1** Failure to provide Contract Items in accordance with the requirements contained herein.
