Ayne Amjad, MD, MPH
Commissioner & State Health Officer

MEMORANDUM

TO: DHHR Purchasing

FROM: James F. Kerrigan, Director, Division of Tobacco Prevention

DATE: July 8, 2022

RE: Request for Quotation for WV Tobacco Cessation Quitline Services

West Virginia's Quitline has been in existence for more than 19 years and has enrolled over 79,000 West Virginians for Quitline services. The Quitline offers coaching and nicotine replacement for tobacco users at a cost of approximately \$325 per user.

The Division of Tobacco Prevention request that the contract with First Choice Services (CMA EHP 21*001) be renewed for an additional year – July 1, 2022 through June 30, 2023, to provide the services for the West Virginia Quitline.

Mission Critical:

- According to the WV DHHR Strategic Plan- Goal One is to "Improve Population Health and Strengthen the Health Care System" - the first Objective of this goal is to "reduce the prevalence of tobacco use".
- According to CDC "telephone-based tobacco cessation services, commonly known as Quitlines, have shown the potential to make help available for those who seek it, and by actively promoting cessation in the general population". This can lead to an increase in the percentage of tobacco users making quit attempts or in the success rate for those attempts can lead to a higher overall cessation rate.

Please let me know if there are any questions. Thank you and I look forward to a favorable response.

FIRST CHOICE SERVICES
