☒ **Term Contract**

**Initial Contract Term:** The Initial Contract Term will be for a period of one (1) year. The Initial Contract Term becomes effective on the effective start date listed on the first page of this Contract, identified as the State of West Virginia contract cover page containing the signatures of the Purchasing Division, Attorney General, and Encumbrance clerk (or another page identified as \_\_\_\_\_), and the Initial Contract Term ends on the effective end date also shown on the first page of this Contract.

**Renewal Term:** This Contract may be renewed upon the mutual written consent of the Agency, and the Vendor, with approval of the Purchasing Division and the Attorney General's office (Attorney General approval is as to form only). Any request for renewal should be delivered to the Agency and then submitted to the Purchasing Division thirty (30) days prior to the expiration date of the initial contract term or appropriate renewal term. A Contract renewal shall be in accordance with the terms and conditions of the original contract. Unless otherwise specified below, renewal of this Contract is limited to three (3) successive one (1) year periods or multiple renewal periods of less than one year, provided that the multiple renewal periods do not exceed the total number of months available in all renewal years combined. Automatic renewal of this Contract is prohibited. Renewals must be approved by the Vendor, Agency, Purchasing Division and Attorney General's office (Attorney General approval is as to form only)

☐ **Alternate Renewal Term** – This contract may be renewed for \_\_\_\_\_ successive \_\_\_\_\_ year periods or shorter periods provided that they do not exceed the total number of months contained in all available renewals. Automatic renewal of this Contract is prohibited. Renewals must be approved by the Vendor, Agency, Purchasing Division and Attorney General's office (Attorney General approval is as to form only)

**Delivery Order Limitations:** In the event that this contract permits delivery orders, a delivery order may only be issued during the time this Contract is in effect. Any delivery order issued within one year of the expiration of this Contract shall be effective for one year from the date the delivery order is issued. No delivery order may be extended beyond one year after this Contract has expired.

☐ **Fixed Period Contract:** This Contract becomes effective upon Vendor's receipt of the notice to proceed and must be completed within \_\_\_\_\_ days.

☐ **Fixed Period Contract with Renewals:** This Contract becomes effective upon Vendor's receipt of the notice to proceed and part of the Contract more fully described in the attached specifications must be completed within \_\_\_\_\_ days. Upon completion of the work covered by the preceding sentence, the vendor agrees that:

☐ the contract will continue for \_\_\_\_\_ years;

☐ the contract may be renewed for \_\_\_\_\_ successive \_\_\_\_\_ year periods or shorter periods provided that they do not exceed the total number of months contained in all available renewals. Automatic renewal of this Contract is prohibited. Renewals must be approved by the Vendor, Agency, Purchasing Division and Attorney General's Office (Attorney General approval is as to form only).

☐ **One-Time Purchase:** The term of this Contract shall run from the issuance of the Award Document until all of the goods contracted for have been delivered, but in no event will this Contract extend for more than one fiscal year.

☐ **Construction/Project Oversight:** This Contract becomes effective on the effective start date listed on the first page of this Contract, identified as the State of West Virginia contract cover page containing the signatures of the Purchasing Division, Attorney General, and Encumbrance clerk (or another page identified as \_\_\_\_\_), and continues until the project for which the vendor is providing oversight is complete.

☐ **Other:** Contract Term specified in \_\_\_\_\_

**4. AUTHORITY TO PROCEED:** Vendor is authorized to begin performance of this contract on the date of encumbrance listed on the front page of the Award Document unless either the box for "Fixed Period Contract" or "Fixed Period Contract with Renewals" has been checked in Section 3 above. If either "Fixed Period Contract" or "Fixed Period Contract with Renewals" has been checked, Vendor must not begin work until it receives a separate notice to proceed from the State. The notice to proceed will then be incorporated into the Contract via change order to memorialize the official date that work commenced.

**5. QUANTITIES:** The quantities required under this Contract shall be determined in accordance with the category that has been identified as applicable to this Contract below.

☒ **Open End Contract:** Quantities listed in this Solicitation/Award Document are approximations only, based on estimates supplied by the Agency. It is understood and agreed that the Contract shall cover the quantities actually ordered for delivery during the term of the Contract, whether more or less than the quantities shown.

☐ **Service:** The scope of the service to be provided will be more clearly defined in the specifications included herewith.

☒ **Combined Service and Goods:** The scope of the service and deliverable goods to be provided will be more clearly defined in the specifications included herewith.

☐ **One-Time Purchase:** This Contract is for the purchase of a set quantity of goods that are identified in the specifications included herewith. Once those items have been delivered, no additional goods may be procured under this Contract without an appropriate change order approved by the Vendor, Agency, Purchasing Division, and Attorney General's office.

Emergencies shall include, but are not limited to, delays in transportation or an unanticipated increase in the volume of work. An emergency purchase in the open market, approved by the Purchasing Division Director, shall not constitute a breach of this Contract and shall not entitle the Vendor to any form of compensation or damages. This provision does not excuse the State from fulfilling its obligations under a One-Time Purchase contract.

**7. REQUIRED DOCUMENTS:** All of the items checked in this section must be provided to the Purchasing Division by the Vendor as specified:

**13. PRICING:** The pricing set forth herein is firm for the life of the Contract, unless specified elsewhere within this Solicitation/Contract by the State. A Vendor's inclusion of price adjustment provisions in its bid, without an express authorization from the State in the Solicitation to do so, may result in bid disqualification. Notwithstanding the foregoing, Vendor must extend any publicly advertised sale price to the State and invoice at the lower of the contract price or the publicly advertised sale price.

**14. PAYMENT IN ARREARS:** Payments for goods/services will be made in arrears only upon receipt of a proper invoice, detailing the goods/services provided or receipt of the goods/services, whichever is later. Including such fees or charges as notes to the solicitation may result in rejection of vendor's bid. Requesting such fees or charges be paid after the contract has been awarded may result in cancellation of the contract.

**18. FUNDING:** This Contract shall continue for the term stated herein, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise made available, this Contract becomes void and of no effect beginning on July 1 of the fiscal year for which funding has not been appropriated or otherwise made available. If that occurs, the State may notify the Vendor that an alternative source of funding has been obtained and thereby avoid the automatic termination. Non-appropriation or non-funding shall not be considered an event of default.

**19. CANCELLATION:** The Purchasing Division Director reserves the right to cancel this Contract immediately upon written notice to the vendor if the materials or workmanship supplied do not conform to the specifications contained in the Contract. The Purchasing Division Director may also cancel any purchase or Contract upon 30 days written notice to the Vendor in accordance with West Virginia Code of State Rules § 148-1-5.2.b.

**20. TIME:** Time is of the essence regarding all matters of time and performance in this Contract.

**21. APPLICABLE LAW:** This Contract is governed by and interpreted under West Virginia law without giving effect to its choice of law principles. Any change to existing contracts that adds work or changes contract cost, and were not included in the original contract, must be approved by the Purchasing Division and the Attorney General's Office (as to form) prior to the implementation of the change or commencement of work affected by the change.

**25. WAIVER:** The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

**26. SUBSEQUENT FORMS:** The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the Agency or Purchasing Division such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in <http://www.state.wv.us/admin/purchase/privacy/default.html>.

**31. YOUR SUBMISSION IS A PUBLIC DOCUMENT:** Vendor's entire response to the Solicitation and the resulting Contract are public documents. As public documents, they will be disclosed to the public following the bid/proposal opening or award of the contract, as required by the competitive bidding laws of West Virginia Code §§ 5A-3-1 et seq., 5-22-1 et seq., and 5G-1-1 et seq. and the Freedom of Information Act West Virginia Code §§ 29B-1-1 et seq.

Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Upon request, the Vendor must provide all necessary releases to obtain information to enable the Purchasing Division Director or the Agency to verify that the Vendor is licensed and in good standing with the above entities.

**SUBCONTRACTOR COMPLIANCE:** Vendor shall notify all subcontractors providing commodities or services related to this Contract that as subcontractors, they too are required to be licensed, in good standing, and up-to-date on all state and local obligations as described in this section. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Notification under this provision must occur prior to the performance of any work under the contract by the subcontractor.

**33. ANTITRUST:** In submitting a bid to, signing a contract with, or accepting a Award Document from any agency of the State of West Virginia, the Vendor agrees to convey, sell, assign, or transfer to the State of West Virginia all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

**34. VENDOR CERTIFICATIONS:** By signing its bid or entering into this Contract, Vendor certifies (1) that its bid or offer was made without prior understanding, agreement, or connection with any corporation, firm, limited liability company, partnership, person or entity submitting a bid or offer for the same material, supplies, equipment or services; (2) that its bid or offer is in all respects fair and without collusion or fraud; (3) that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; and (4) that it has reviewed this Solicitation in its entirety; understands the requirements, terms and conditions, and other information contained herein.

Vendor's signature on its bid or offer also affirms that neither it nor its representatives have any interest, nor shall acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency. The individual signing this bid or offer on behalf of Vendor certifies that he or she is authorized by the Vendor to execute this bid or offer or any documents related thereto on Vendor's behalf; that he or she is authorized to bind the Vendor in a contractual relationship; and that, to the best of his or her knowledge, the Vendor has properly registered with any State agency that may require registration.

**35. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. **37. NO DEBT CERTIFICATION:** In accordance with West Virginia Code §§ 5A-3-10a and 5-22-1(i), the State is prohibited from awarding a contract to any bidder that owes a debt to the State or a political subdivision of the State. By submitting a bid, or entering into a contract with the State, Vendor is affirming that (1) for construction contracts, the Vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, neither the Vendor nor any related party owe a debt as defined above, and neither the Vendor nor any related party are in employer default as defined in the statute cited above unless the debt or employer default is permitted under the statute.

**38. CONFLICT OF INTEREST:** Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. **41. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS:** Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.

  2. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

**42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL:** In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel

Revised 07/01/2022

products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

**REQUEST FOR QUOTATION**  
**Stone & Aggregate Delivery to Established Locations**

---

Tests shall be performed by a Certified Aggregate Inspector. Other minimum frequencies shall adhere as follows:

<u>Property</u>	<u>Frequency</u>
Gradation Delivered Material	One sample per each day of shipment or if tested during production, one sample per each day of production. See NOTE 1 below.
Gradation	(A-1 Source) One sample per each week of shipment per MP 700.00.52; or if tested during production, one sample per each day of production. See Note 1 below.  (A-2 Source) One sample per 250 tons shipped and a minimum of one per week shipment.
Moisture Content	See NOTE 2 below.

**NOTE 1:** Vendor will be responsible for providing test results attesting to the gradation of materials delivered. Gradation results from the production source will be acceptable.

**NOTE 2:** In the event visual inspection of the aggregate indicates excess or unusual moisture beyond what is normally expected in the aggregate, the WVDOT reserves the right to determine the moisture content by standard methods per established Division procedures. If this becomes necessary, the net weight of the portion represented will be adjusted utilizing the test results obtained by the WVDOT per MP 700.00.22. Abrasives and Steel Slag Items will be considered fine aggregate as outlined in MP 700.00.22.

**3.5 Acceptance Plan:** Per Standard Specs 703, crushed stone shall consist of particles of clean, hard, tough, durable rock, free from adherent and foreign material. Acceptance for gradation shall be based on test results, provided and certified by Vendor to be true test results and representative of the material supplied to WVDOT, on consecutive random samples from a lot. A lot shall consist of a quantity of material represented by an average value (not to exceed 5 sub-lots). A sub-lot shall consist of the quantity of material represented by a single gradation test. In the case where only one sample is taken to represent the total quantity, the sub-lot and lot will be considered the same. Frequency of sampling and testing shall be per Vendor's quality control plan outlined in MP 700.00.51. Vendor shall provide gradation test results to the Agency within 72 hours.

**3.5.1 Sampling Testing & Evaluation:** As per Standard Specs 704, the Agency reserves the right to have materials sampled, tested, and evaluated. If material fails to comply with WVDOT quality requirements, the Agency, at its own discretion, shall notify Vendor that the nonconforming material will not be accepted and shall be removed and replaced at Vendor's expense, or at the option of the ordering Agency, may be left in place with reduced payment.

**REQUEST FOR QUOTATION**  
**Stone & Aggregate Delivery to Established Locations**

---

At the discretion of the Agency, material failing to comply with the quality requirements will not be accepted. Acceptance for gradation shall be based on test results, provided and certified by the Vendor to be true test results and representative of the material supplied to WVDOH, on consecutive random samples from a lot. A lot shall consist of a quantity of material represented by an average value (not to exceed 5 sub-lots). A sub-lot shall consist of the quantity of material represented by a single gradation test. In the case where only one sample is taken to represent the total quantity, the sub-lot and lot will be considered the same. Frequency of sampling and testing shall be per the Vendor's quality control plan outlined in MP 700.00.51. Vendor shall provide the gradation test results to WVDOH within 72 hours.

Gradation test results shall be averaged per MP 300.00.51, as amended. When the average falls outside the applicable limits, the entire lot of material represented thereby will be considered non-conforming to the extent that the last of its sub-lots is non-conforming. When a lot of material is nonconforming, then the last sub-lot contained therein shall have its degree of non-conformance determined as set forth below.

- 3.5.2 When a sub-lot of material is to have its price adjusted, the percentage point difference between the non-conforming test value and the specification limit shall be determined for each sieve size determined to be non-conforming, and this value shall be multiplied by its appropriate multiplication factor as set forth in Table 1. The total measure of non-conformance of an individual sub-lot is the sum of all non-conformances on the various sieve sizes of that sub-lot. In no case, however, shall a sub-lot of material have its price adjusted more than once, and the first adjustment determined shall apply. When the total degree of non-conformance has been established and it is 12 or less, the material will be paid for at an adjusted contract price as specified in Table 2.**

5.1 TO 8.0	7

\*WVDOH will make a special evaluation of the material and determine action.

**3.5.3 If Vendor delivers a specific quantity of material from a stockpile, and said quantity is less than the total quantity contained in the stockpile, and it has been determined from his certified test data that a non-conforming sub-lot(s) is contained in said stockpile, the price reduction shall be calculated for the specific quantity:**

For a non-conforming sub-lot, the percent price reduction shall be determined as set forth above. The quantity of the non-conforming sub-lot shall then be calculated as a percent of the Total of material contained in the stockpile. To determine the price reduction on the specific quantity delivered, multiply the percent of non-conforming material contained in the stockpile by the quantity delivered, and reduce this quantity by the percent price reduction as determined.

Example: If it has been determined that a stockpile of 100 tons contains 10 percent failing material, and said material is to have its price reduced by 4 percent, then the actual quantity delivered, say 15 tons, will be multiplied by 0.10 (10 percent failing material) which equals 1.5 tons. These 1.5 tons will thus have its price reduced by 4 percent. The remaining 13.5 tons will be paid for at full contract price.

$$TD \left( 1 - \frac{PQ_n}{100Q_t} \right) = AP \text{ (price to be paid after adjustment)}$$

WHERE

- T = tonnage delivered
- P = percent price reduction
- D = cost per ton
- Q<sub>n</sub> = quantity of non-conforming sub-lot(s)
- Q<sub>t</sub> = quantity of total stockpile
- AP = adjusted payment

If two sub-lots are non-conforming within the stockpile, calculate each separately for the adjusted payment on the quantity delivered (as above). Add these two adjusted payments together and subtract from the total price before adjustment for tonnage delivered (TD).

If three sub-lots are non-conforming calculate each separately and subtract twice the price to be paid before adjustment for tonnage delivered, and so on.

**REQUEST FOR QUOTATION**  
**Stone & Aggregate Delivery to Established Locations**

---

Example:

$(AP1 + AP2) - TD = \text{Final price to be paid after adjustments}$

OR

$(AP1 + AP2 + AP3) - 2 TD = \text{Final price to be paid after adjustments}$

WHERE: AP = price to be paid after initial adjustment for one non-conforming sub-lot determined as above.

If material is delivered from a continuous stockpile being continuously replenished while having material removed for these applications, certification shall be based on the shipment samples.

- 3.5.4** Per Standard Specs 704.6 Aggregate for Base/Subbase course, material shall consist of gravel, crushed gravel, crushed stone, crushed slag, or any combination of these materials uniformly blended to conform to 704.6.2, with exception: Los Angeles abrasion is not required for blast furnace slag. Natural or manufactured sand may be used as a component of the blend. Crushed slag shall adhere to 703.3 with exception. When gravel is to be used in stabilized (treated) base or subbase construction, it need not be crushed. When used in an unstabilized base or subbase construction, the gravel shall be crushed as specified. When Vendor elects to blend materials, each component of the blend shall meet 704.6.2. Blade or road mixing will not be allowed. When shoulders are specified, natural sand may not be used as a shoulder component.

Vendor shall adhere to Standard Specs 704 and sampled per MP 700.00.06, as amended. Frequency of sampling and testing and plotting of gradation test data shall adhere to established Division procedures. Material failing to comply with the Specification requirements when sampled, tested, and evaluated per Division procedures and/or disapproval of the Engineer, shall be removed and replaced at the Contractor's expense, or, at the option of the Engineer, may be left in place with reduced payment.

- 3.6 Weighing Materials Delivered by Modes of Transportation Other Than Trucks:**  
Materials delivered to the designated site by barge, or other non-truck modes shall have their weight determined by a means acceptable to the Agency, and the weights of such materials shipped shall be certified, by Vendor or its authorized agent, to be correct. The minimum barge delivery requested will be approximately 6,500 tons per the order. When barge delivery is required, Contract Items will be ordered in 1,500-ton increments.
- 3.7 Emergency Work** as ordered by the Engineer, shall be initiated as instructed on the Delivery Order within twenty-four (24) hours from when the Delivery Order is received by the Vendor therefore a rushed response with goods or service delivery is required, (see the definitions of these Contract Specifications). Emergency work shall be prominently noted on the Delivery Order. The Agency's designated emergency work shall be paid at 1.50 times the Vendor's contract price. To facilitate payment, the Agency should include the word "Emergency" order on its Delivery Order (and the ADO entered into wvOASIS) to denote its calculation of pricing at the emergency rate.

**4. SAFETY:**

**Pandemic-Response Safety Protocols:** In addition to Vendor's established safety protocols and the WVDOT's established safety protocols outline in the Standard Specs, as amended, the Vendor and the Vendor's staff or designee shall adhere to all WVDOT's pandemic-response protocols while at the WVDOT location/jobsite. Vendor may obtain the WVDOT's pandemic-response protocols by contacting the Agency.

**5. CONTRACT AWARD & BID INSTRUCTIONS:**

- 5.1** This Contract is intended to provide Agencies with a purchase price on all Contract Items. A contract shall be awarded to all responsible, qualified Vendors meeting the requirements of these specifications. By completing both Attachment A (ATT A) and Attachment B (ATT B) spreadsheets as required, Vendor shall supply its pricing with corresponding plant source and storage site information for all Items bid. Vendor shall provide its pricing for materials plus delivery (F.O.B. destination/to Agency's established storage locations), from Vendor's sourced/storage sites on ATT B(s). Both ATT A and ATT B must be submitted with the BID. The low bid Vendor will be determined at the time of need, as per Section 6 of these Specifications.

**Download Spreadsheets, Enter Bid Electronically, & Upload to wvOASIS:** To avoid errors and expedite the evaluation Vendor should *electronically* enter its bid information in the ATT A and ATT B spreadsheets provided with this solicitation and upload them, with its remaining bid documents, into wvOASIS. Vendor can request the electronic copy of the spreadsheets by sending an email request to the buyer: [John.W.Estep@wv.gov](mailto:John.W.Estep@wv.gov)

Changing Units of Measure or other information on the ATT A or submitting delivery terms and conditions contrary to those provided by the Agency shall result in the disqualification of the altered ATT A line Item. Submitting bid information on forms other than those Attachments provided with this solicitation shall result in the disqualification of all Contract Items bid on the erroneous pages.

- 5.2 Attachment A "ATT A" (Pricing Pages):** The Pricing Pages contain a list of Contract Items including, but not limited to, Limestone, Sandstone, Gravel, Sand, Cinders, Blast Furnace Slag, Steel Slag, SRIC Aggregate, broken down by location in the spreadsheet TABS on the ATT A. Vendors may bid any or all Items and locations, and shall use the Agency's specified unit of measure, type, and size, per Item. The Agency reserves the right to request any one or combination of awarded Items at the lowest overall total.

- **Pricing Shall Be Honored:** All bids or pricing submitted shall be held and honored by the Vendor for no less than 90 days after the bid opening date.

**REQUEST FOR QUOTATION**  
**Stone & Aggregate Delivery to Established Locations**

---

- **No Guaranteed Purchase:** When available, the Agency supplies estimated quantities on the Pricing Pages *as an approximation only*, intended strictly for bid evaluation and award determination purposes. There shall be no guarantee that any Item will be purchased throughout the life of this contract. Bidding on any one Contract Item may not imply acceptance of any other Contract Item(s). Submitting Pricing Pages from a prior years' contract, in lieu of the current Pricing Pages included for this solicitation, shall result in the disqualification of the Vendor's bid.
- When providing its pricing on the ATT A, Vendor should take into consideration any applicable merchant credit card fees in the event that the Agency's payment to Vendor is via credit card.
- **OASIS BID SUBMISSION NOTES:** The pricing provided on the ATT A with accompanying ATT B shall be used as Vendor's final price by the Agency when performing bid evaluation and award determination, (regardless of any price or details the Vendor may enter into the commodity lines within OASIS). Bid prices and comments made in the wvOASIS system on the Commodity lines/Description lines etc. will not be considered for bid evaluation or award. **BIDS THAT DO NOT INCLUDE ATT A, ATT B WILL BE DISQUALIFIED.**

**5.3 Attachment B "ATT B" (Materials Source Details Pages)** are due with the Pricing Pages at the time of bid submission and shall provide details as requested for each plant sourced with plant name details to correlate with pricing bid on ATT A. Vendor may list multiple source and storage sites on the ATT B page(s). The Vendor's ATT B shall exclude no locations pertinent to its Items bid.

**5.3.1** Vendor shall supply the plant name and its most recent 911 address/physical street address, city, and state, for Plant Location(s) on ATT B.

**5.4 Contract Award Transition:** Upon award of this contract, whether the effective date, completed and encumbered date, or an established date by the Agency, the WVDOH Operations Division will announce the effective date of use of this contract to the Districts and Vendors. Upon the announced effective date of use, any Delivery Order issued toward the previously effective "prior" contracts shall remain in effect and should not be cancelled until it is filled; however, after ten (10) working days of the Districts' and Vendors' notice, any Delivery Order that has not been completely filled by the Vendor from the prior contracts shall NOT be completed, but a cancellation notice will be sent to that Vendor from the issuing Agency for cancellation of the balance of that Delivery Order only. No Delivery Order from prior contracts should be held open by any District or Vendor longer ten (10) working days after the announcement of the effective date of use for the new contract. This directive is issued to assist the Agencies and Vendors when fulfilling open Delivery Orders only. It is NOT issued to cause harm or to take contracts from one Vendor to give to another Vendor, but to establish a transition process from one contract into another contract.

- 5.5 Price Adjustments of Fuel Oil # 2 (Diesel Fuel):** Due to the uncertainty in estimating the cost of diesel fuel that will be used during the life of this contract, adjustment in compensation for applicable items shall be per Standard Specs 109.9, as amended, with the exception that Factor "C" in the Price Adjustment for Fuel formula is to be broken down by component, as shown in Figure 5.5.A below.

The Price Adjustment for Fuel formula to be utilized for this contract is:

$$Pa = [(Mbp \div Cbp) - 1.00] \times Cbp \times C \times Q$$

Where: Pa = Price Adjustment

Mbp = Monthly base price at time of placement

Cbp = Contract Base Price at time of bidding

C = Cost Adjustment Factors per Unit, as per Figure 5.2.A

Q = 'As Constructed' Quantity

**FIGURE 5.5.A**

Description	Factor	Applicable Item
Aggregate Production (0.49) + Aggregate Haul (0.03)	0.52	All Contract Items

**Fuel Adjustments will be based on the August 2022 Fuel Prices on the Contract Administration website for Fuel, Asphalt and Cement Prices:**

<https://transportation.wv.gov/highways/contractadmin/Lettings/Pages/FuelandAsphaltPrices.aspx#FuelPrices>

- 5.6 Cooperative Contracting:** Purchase prices on all Contract Items under this contract, available to the WVDOH, shall be adoptable for other public agencies upon their request. Agencies under the authority of the WV Purchasing Division must receive prior approval by the Purchasing Director.
- 6. DETERMINING LOW BID:** At the time of need, the Agency will evaluate the ATT A pricing and ATT B materials sources pages from each contract, determine the total price for Contract Items by location, and order from Vendor whose bid is low, based on the lowest per Unit Cost price per cubic yard:
- 6.1 Cost per Cubic Yard** shall be determined by multiplying the Vendor's per ton bid price in dollars by a "Tons per Cubic Yard Factor" per the table below:

**7. ORDERING AND PAYMENT:**

**7.1 Ordering:** Any verbal communications to initiate or make modifications to a project from this contract are not acceptable as a Delivery Order. At the time of need, the Agency

**REQUEST FOR QUOTATION**  
**Stone & Aggregate Delivery to Established Locations**

---

may choose one or more of the Contract Items to complete an individual project as shown by Agency's written instruction on each Delivery Order. Vendor shall accept orders through email, wvOASIS, regular mail, facsimile, or any other written forms of communication. Vendor shall maintain and keep current its phone numbers, fax number, email address, locations and ordering/billing/payment addresses with WVDOH and in wvOASIS. Vendor may, but is not required to, accept online orders through a secure internet ordering portal/website. If Vendor has the ability to accept online orders, it must include in its response a brief description of how Agencies may utilize the online ordering system. Vendor shall ensure that its online ordering system is properly secured prior to processing Agency orders online. The Agency reserves the right to request any one or a combination of awarded Items at the lowest overall total cost to the Agency.

- 7.2 Delivery Order:** The ordering Agency will generate a blanket Release Order WV-39 to officially release the ATT A goods/services Items from this purchase order Contract. Once complete, the Delivery Order shall be sent to Vendor via email, fax, postal mail, or delivery. and the Agency should enter an ADO into wvOASIS at this time. Agency should thoroughly and carefully convey expectations, which may require Agency to call Vendor and discuss details prior to creating the official *written* Release Order, detailing ATT A Contract Items and pricing, quantities, project location, materials source location (ATT B), start and completion timeline, and any special instruction regarding goods/service delivery required.

**Entry of ADO in OASIS:** To facilitate Vendor with creation of its invoice, meet Agency accounting requirements, and enable processing of payment (in any form), the Agency should take all necessary steps to generate the ADO and enter it into wvOASIS at the same time it issues the WV-39 Release Order to the Vendor, to avoid payment processing issues due to date conflicts.

- 7.2.1 Revisions:** As the Agency's work-needs dictate, the Agency reserves the right to make revisions and change orders to previously issued Delivery Order(s), to be done in the form of subsequent Delivery Order(s) and sent to the Vendor.

- 7.2.2 Vendor Acceptance & Written Verification of Receipt is Required:** Vendor must provide the ordering Agency with *written* acknowledgement of all Agency Delivery Orders and/or any modifications thereto. Vendor shall respond to the Agency in writing no later than three (3) calendar days of the date on the issued Delivery Order. Failure to comply with this requirement shall be considered refusal of the Delivery Order, see Delivery Order Failure and Contract Default Sections below. In such an event, the Agency shall proceed at its own discretion, to cancel the Delivery Order, seek to obtain the goods or services from another low bid Vendor, (without the same Tax Identification Number as the failing Vendor), or, if unavailable, proceed with an open market Emergency Purchase.

- 7.3 Payment:** Upon completion of the Delivery Order, Vendor shall accept payment, at this awarded Contract's ATT A rates, per the payment procedures of the State of WV. The State of WV currently utilizes a Purchasing Card program, administered under contract

by a banking institution, as well as Electronic Funds Transfer as methods to process payment for goods and services. The Vendor shall accept the State of WV's Purchasing Card and Electronic Funds Transfer for payment of orders under this Contract. Electronic Funds Transfer for payment is available through the WV State Auditor's Office. Vendor may visit the WV State Auditor's website ([wvsao.gov](http://wvsao.gov)) for all necessary forms and instructions. Payment method may be dictated at the Agency's discretion.

**8. DELIVERY, AND RETURN:** The Vendor shall deliver and deposit all contract materials as directed by the Agency on its Delivery Order.

**8.1 Delivery Time:** Vendor shall complete standard orders within five (5) business days from receipt of Delivery Order unless otherwise specified by the Agency on the Delivery Order. As per Section 3.7, Vendor shall deliver Emergency requests within an agreed upon timeframe established by the Agency and the Vendor. Vendor shall fulfill all orders according to the Agency's Delivery Order schedule. If for any reason the Vendor determines it is not able to commence and fulfill the Delivery Order as agreed/accepted, Vendor shall provide, *in writing*, to the ordering Agency the reason for its failure no later than three (3) business of the Agency Delivery Order/Release Order date, and no later than 4:00pm.

**8.2 VENDOR SHALL NOT HOLD ORDERS** until any minimum delivery quantity is met.

**8.3** The Agency expects that the Vendor shall source from the source nearest the Agency's established delivery location. As applicable, in-state delivery routes will be mapped by the WVDOH by utilizing the WVDOH Straight Line Diagrams. These Diagrams for WV Primary Routes and WV Secondary Routes are available in each WVDOH office and the WVDOH Central Office. Agency will determine the route to be taken due to bridge and/or road restrictions. Out-of-state delivery routes will be mapped by utilizing "Google Maps" or a similar source for routing to the WV State line at which time; the Straight-Line Diagrams will be sourced to the Agency's specified storage site.

**8.4 Late Delivery & Vendor Performance Failures:** Any failed delivery/Item provision, including Items not compliant with the quality requirements of this contract, if deemed "harmful" by the Agency and at its own discretion, shall be grounds for Delivery Order's cancellation by the Agency, making it necessary for the Agency to obtain the items ordered from an alternate party. Contractual failures shall be subject to Liquidated Damages, and/or Default Remedy Costs. The Agency reserves the right to hold the failing Vendor responsible for the failure/damage-costs incurred by the Agency for remedying the contractual default. Vendor shall hereby understand and agree that any amount due from Default Remedy Costs and/or Liquidated Damages shall be applied by the Agency in the form of an off-set reduction to the total amount of Vendor's final invoice.

**8.4.1 Default Remedy Costs and/or Liquidated Damages** when applied by the Agency at its sole discretion, shall result in Vendor being responsible for the costs incurred by the Agency for acquiring replacement or substitute goods or services,

**REQUEST FOR QUOTATION**  
**Stone & Aggregate Delivery to Established Locations**

minus payment for any compliantly completed work or delivered services or goods. The failed Delivery Order may also be subject to liquidated damages. At the discretion of the WVDOH, when applied, to any portion of failed Delivery Order, liquidated damages will be calculated beginning on day one after the Agency's specified Delivery Order due date, per the terms of this contract and Standard Specs schedule in Section 108.7.1, as amended.

Table 108.7.1  
**SCHEDULE OF LIQUIDATED DAMAGES**

Original Contract Amount		Daily Charge
From More Than	To And Including	Per Calendar Day
\$0	\$500,000	\$300
\$500,000	\$2,000,000	\$600
\$2,000,000	\$10,000,000	\$1,500
\$10,000,000	\$25,000,000	\$3,000
\$25,000,000		\$4,000

Agency should provide supporting documentation of Vendor's performance failure to WVDOH's Procurement unit. Any Agency seeking to obtain Items from the open market under the open market provision must first obtain approval of the Purchasing Division.

- 8.5 Delivery Payment/Risk of Loss:** Standard order delivery shall be F.O.B. destination to the Agency's location. Vendor shall include the cost of standard order delivery charges in its bid pricing/discount and is not permitted to charge the Agency separately for such delivery. In the event that the Agency's payment for the Vendor is by Agency payment card/credit card, Vendor should allow for the cost of credit card fees in its bid pricing.
- 8.6 Return of Unacceptable Items:** At its own discretion, if the Agency deems the Contract Items to be unacceptable or not compliant with the contract terms, the Contract Items shall be returned to Vendor at Vendor's expense with no restocking charge. At the Agency's direction, Vendor shall either 1) arrange for the return as specified by the Agency, or 2) permit the Agency to arrange for the Item's return at Agency's convenience and reimburse Agency for delivery expenses. At the Agency's discretion, the returned product shall either be replaced on the returned date or as directed by the Agency, or the Agency shall receive a full credit or refund of the purchase price within three business days of the return.
- 8.7 Return Due to Agency Error:** Items ordered in error by the Agency will be returned for credit within 30 days of receipt. Vendor shall not charge a restocking fee if returned products are in a resalable condition, unused, and in the original packaging, if applicable. Any restocking fee for items not in a resalable condition shall be the lower of the Vendor's customary restocking fee or 5% of the total invoiced value of the returned items, whichever is less.

It is preferred that operations be suspended immediately when an inclement weather event begins or if the Agency designee determines that an inclement weather event is imminent. If working conditions are dangerous or unsuitable for the Agency, Vendor, or general public, work and/or delivery shall be suspended by the Agency designee at the discretion of the Agency. After a weather-related suspension of work, the Agency designee shall determine and convey in writing, such Delivery Order changes and when work/Contract Item delivery shall commence/resume, which shall be followed by Vendor's written acknowledgement.

**8.9** Deliveries made by Vendor shall consist only of the ATT A Contract Items, ordered by that ordering location. At no time shall property belonging to the WV Department of Transportation be utilized as a lay-down or storage facility by Vendor leaving any Items with the intent to distribute to any alternate location.

Frequency of sampling and testing shall be per the Vendor's quality control plan outlined in MP 700.00.51. Vendor shall provide the gradation test results to WVDOH within 72 hours.

Gradation test results shall be averaged per MP 300.00.51, as amended. When the average falls outside the applicable limits, the entire lot of material represented thereby will be considered non-conforming to the extent that the last of its sublots is non-conforming. When a lot of material is nonconforming, then the last sub-lot contained therein shall have its degree of non-conformance determined as set forth below.

- 3.5.2** When a sub-lot of material is to have its price adjusted, the percentage point difference between the non-conforming test value and the specification limit shall be determined for each sieve size determined to be non-conforming, and this value shall be multiplied by its appropriate multiplication factor as set forth in Table 1. The total measure of non-conformance of an individual sub-lot is the sum of all non-conformances on the various sieve sizes of that sub-lot. In no case, however, shall a sub-lot of material have its price adjusted more than once, and the first adjustment determined shall apply. When the total degree of non-conformance has been established and it is 12 or less, the material will be paid for at an adjusted contract price as specified in Table 2.

\*WVDOH will make a special evaluation of the material and determine action.

**3.5.3 If Vendor delivers a specific quantity of material from a stockpile, and said quantity is less than the total quantity contained in the stockpile, and it has been determined from his certified test data that a non-conforming sub-lot(s) is contained in said stockpile, the price reduction shall be calculated for the specific quantity:**

For a non-conforming sub-lot, the percent price reduction shall be determined as set forth above. The quantity of the non-conforming sub-lot shall then be calculated as a percent of the Total of material contained in the stockpile. To determine the price reduction on the specific quantity delivered, multiply the percent of non-conforming material contained in the stockpile by the quantity delivered, and reduce this quantity by the percent price reduction as determined.

Example: If it has been determined that a stockpile of 100 tons contains 10 percent failing material, and said material is to have its price reduced by 4 percent, then the actual quantity delivered, say 15 tons, will be multiplied by 0.10 (10 percent failing material) which equals 1.5 tons. These 1.5 tons will thus have its price reduced by 4 percent. The remaining 13.5 tons will be paid for at full contract price.

$$TD \left( 1 - \frac{PQ_n}{100Q_t} \right) = AP \text{ (price to be paid after adjustment)}$$

WHERE

- T = tonnage delivered
- P = percent price reduction
- D = cost per ton
- Q<sub>n</sub> = quantity of non-conforming sub-lot(s)
- Q<sub>t</sub> = quantity of total stockpile
- AP = adjusted payment

If two sub-lots are non-conforming within the stockpile, calculate each separately for the adjusted payment on the quantity delivered (as above). Add these two adjusted payments together and subtract from the total price before adjustment for tonnage delivered (TD).

**REQUEST FOR QUOTATION**  
**Stone & Aggregate Delivery to Established Locations**

---

If three sub-lots are non-conforming calculate each separately and subtract twice the price to be paid before adjustment for tonnage delivered, and so on.

Example:

$(AP1 + AP2) - TD = \text{Final price to be paid after adjustments}$

OR

$(AP1 + AP2 + AP3) - 2 TD = \text{Final price to be paid after adjustments}$

WHERE: AP = price to be paid after initial adjustment for one non-conforming sub-lot determined as above.

If material is delivered from a continuous stockpile being continuously replenished while having material removed for these applications, certification shall be based on the shipment samples.

- 3.5.4** Per Standard Specs 704.6 Aggregate for Base/Subbase course, material shall consist of gravel, crushed gravel, crushed stone, crushed slag, or any combination of these materials uniformly blended to conform to 704.6.2, with exception: Los Angeles abrasion is not required for blast furnace slag. Natural or manufactured sand may be used as a component of the blend. Crushed slag shall adhere to 703.3 with exception. When gravel is to be used in stabilized (treated) base or subbase construction, it need not be crushed. When used in an unstabilized base or subbase construction, the gravel shall be crushed as specified. When Vendor elects to blend materials, each component of the blend shall meet 704.6.2. Blade or road mixing will not be allowed. When shoulders are specified, natural sand may not be used as a shoulder component.

Vendor shall adhere to Standard Specs 704 and sampled per MP 700.00.06, as amended. Frequency of sampling and testing and plotting of gradation test data shall adhere to established Division procedures. Material failing to comply with the Specification requirements when sampled, tested, and evaluated per Division procedures and/or disapproval of the Engineer, shall be removed and replaced at the Contractor's expense, or, at the option of the Engineer, may be left in place with reduced payment.

**3.6 Weighing Materials Delivered by Modes of Transportation Other Than Trucks:**

Materials delivered to the designated site by barge, or other non-truck modes shall have their weight determined by a means acceptable to the Agency, and the weights of such materials shipped shall be certified, by Vendor or its authorized agent, to be correct. The minimum barge delivery requested will be approximately 6,500 tons per the order. When barge delivery is required, Contract Items will be ordered in 1,500-ton increments.

- 3.7 Emergency Work** as ordered by the Engineer, shall be initiated as instructed on the Delivery Order within twenty-four (24) hours from when the Delivery Order is received by the Vendor therefore a rushed response with goods or service delivery is required, (see the definitions of these Contract Specifications). Emergency work shall be prominently noted on the Delivery Order. The Agency's designated emergency work

shall be paid at 1.50 times the Vendor's contract price. To facilitate payment, the Agency should include the word "Emergency" order on its Delivery Order (and the ADO entered into wvOASIS) to denote its calculation of pricing at the emergency rate.

**4. SAFETY:**

**Pandemic-Response Safety Protocols:** In addition to Vendor's established safety protocols and the WVDOH's established safety protocols outline in the Standard Specs, as amended, the Vendor and the Vendor's staff or designee shall adhere to all WVDOH's pandemic-response protocols while at the WVDOH location/jobsite. Vendor may obtain the WVDOH's pandemic-response protocols by contacting the Agency.

**5. CONTRACT AWARD & BID INSTRUCTIONS:**

- 5.1** This Contract is intended to provide Agencies with a purchase price on all Contract Items. A contract shall be awarded to all responsible, qualified Vendors meeting the requirements of these specifications. By completing both Attachment A (ATT A) and Attachment B (ATT B) spreadsheets as required, Vendor shall supply its pricing with corresponding plant source and storage site information for all Items bid. Vendor shall provide its pricing for materials plus delivery (F.O.B. destination/to Agency's established storage locations), from Vendor's sourced/storage sites on ATT B(s). Both ATT A and ATT B must be submitted with the BID. The low bid Vendor will be determined at the time of need, as per Section 6 of these Specifications.

**Download Spreadsheets, Enter Bid Electronically, & Upload to wvOASIS:** To avoid errors and expedite the evaluation Vendor should *electronically* enter its bid information in the ATT A and ATT B spreadsheets provided with this solicitation and upload them, with its remaining bid documents, into wvOASIS. Vendor can request the electronic copy of the spreadsheets by sending an email request to the buyer: [John.W.Estep@wv.gov](mailto:John.W.Estep@wv.gov)

Changing Units of Measure or other information on the ATT A or submitting delivery terms and conditions contrary to those provided by the Agency shall result in the disqualification of the altered ATT A line Item. Submitting bid information on forms other than those Attachments provided with this solicitation shall result in the disqualification of all Contract Items bid on the erroneous pages.

- 5.2 Attachment A "ATT A" (Pricing Pages):** The Pricing Pages contain a list of Contract Items including, but not limited to, Limestone, Sandstone, Gravel, Sand, Cinders, Blast Furnace Slag, Steel Slag, SRIC Aggregate, broken down by location in the spreadsheet TABS on the ATT A. Vendors may bid any or all Items and locations, and shall use the Agency's specified unit of measure, type, and size, per Item. The Agency reserves the right to request any one or combination of awarded Items at the lowest overall total.

- **Pricing Shall Be Honored:** All bids or pricing submitted shall be held and honored by the Vendor for no less than 90 days after the bid opening date.
- **No Guaranteed Purchase:** When available, the Agency supplies estimated quantities on the Pricing Pages *as an approximation only*, intended strictly for bid evaluation and award determination purposes. There shall be no guarantee that any Item will be purchased throughout the life of this contract. Bidding on any one Contract Item may not imply acceptance of any other Contract Item(s). Submitting Pricing Pages from a prior years' contract, in lieu of the current Pricing Pages included for this solicitation, shall result in the disqualification of the Vendor's bid.
- When providing its pricing on the ATT A, Vendor should take into consideration any applicable merchant credit card fees in the event that the Agency's payment to Vendor is via credit card.
- **OASIS BID SUBMISSION NOTES:** The pricing provided on the ATT A with accompanying ATT B shall be used as Vendor's final price by the Agency when performing bid evaluation and award determination, (regardless of any price or details the Vendor may enter into the commodity lines within OASIS). Bid prices and comments made in the wvOASIS system on the Commodity lines/Description lines etc. will not be considered for bid evaluation or award. **BIDS THAT DO NOT INCLUDE ATT A, ATT B WILL BE DISQUALIFIED.**

**5.3 Attachment B "ATT B" (Materials Source Details Pages)** are due with the Pricing Pages at the time of bid submission and shall provide details as requested for each plant sourced with plant name details to correlate with pricing bid on ATT A. Vendor may list multiple source and storage sites on the ATT B page(s). The Vendor's ATT B shall exclude no locations pertinent to its Items bid.

**5.3.1** Vendor shall supply the plant name and its most recent 911 address/physical street address, city, and state, for Plant Location(s) on ATT B.

**5.4 Contract Award Transition:** Upon award of this contract, whether the effective date, completed and encumbered date, or an established date by the Agency, the WVDOH Operations Division will announce the effective date of use of this contract to the Districts and Vendors. Upon the announced effective date of use, any Delivery Order issued toward the previously effective "prior" contracts shall remain in effect and should not be cancelled until it is filled; however, after ten (10) working days of the Districts' and Vendors' notice, any Delivery Order that has not been completely filled by the Vendor from the prior contracts shall NOT be completed, but a cancellation notice will be sent to that Vendor from the issuing Agency for cancellation of the balance of that Delivery Order only. No Delivery Order from prior contracts should be held open by any District or Vendor longer ten (10) working days after the announcement of the effective date of use for the new contract. This directive is issued

to assist the Agencies and Vendors when fulfilling open Delivery Orders only. It is NOT issued to cause harm or to take contracts from one Vendor to give to another Vendor, but to establish a transition process from one contract into another contract.

- 5.5 Price Adjustments of Fuel Oil # 2 (Diesel Fuel):** Due to the uncertainty in estimating the cost of diesel fuel that will be used during the life of this contract, adjustment in compensation for applicable items shall be per Standard Specs 109.9, as amended, with the exception that Factor "C" in the Price Adjustment for Fuel formula is to be broken down by component, as shown in Figure 5.5.A below.

The Price Adjustment for Fuel formula to be utilized for this contract is:

$$Pa = [(Mbp \div Cbp) - 1.00] \times Cbp \times C \times Q$$

Where: Pa = Price Adjustment

Mbp = Monthly base price at time of placement

Cbp = Contract Base Price at time of bidding

C = Cost Adjustment Factors per Unit, as per Figure 5.5.A

Q = 'As Constructed' Quantity

**FIGURE 5.5.A**

<https://transportation.wv.gov/highways/contractadmin/Lettings/Pages/FuelandAsphaltPrices.aspx#FuelPrices>

- 5.6 Cooperative Contracting:** Purchase prices on all Contract Items under this contract, available to the WVDOH, shall be adoptable for other public agencies upon their request. Agencies under the authority of the WV Purchasing Division must receive prior approval by the Purchasing Director.
- 6. DETERMINING LOW BID:** At the time of need, the Agency will evaluate the ATT A pricing and ATT B materials sources pages from each contract, determine the total price for Contract Items by location, and order from Vendor whose bid is low, based on the lowest per Unit Cost price per cubic yard:
- 6.1 Cost per Cubic Yard** shall be determined by multiplying the Vendor's per ton bid price in dollars by a "Tons per Cubic Yard Factor" per the table below:

**7. ORDERING AND PAYMENT:**

**7.1 Ordering:** Any verbal communications to initiate or make modifications to a project from this contract are not acceptable as a Delivery Order. At the time of need, the Agency may choose one or more of the Contract Items to complete an individual project as shown by Agency's written instruction on each Delivery Order. Vendor shall accept orders through email, wvOASIS, regular mail, facsimile, or any other written forms of communication. Vendor shall maintain and keep current its phone numbers, fax number, email address, locations and ordering/billing/payment addresses with WVDOH and in wvOASIS. Vendor may, but is not required to, accept online orders through a secure internet ordering portal/website. If Vendor has the ability to accept online orders, it must include in its response a brief description of how Agencies may utilize the online ordering system. Vendor shall ensure that its online ordering system is properly secured prior to processing Agency orders online. The Agency reserves the right to request any one or a combination of awarded Items at the lowest overall total cost to the Agency.

**7.2 Delivery Order:** The ordering Agency will generate a blanket Release Order WV-39 to officially release the ATT A goods/services Items from this purchase order Contract. Once complete, the Delivery Order shall be sent to Vendor via email, fax, postal mail, or delivery. and the Agency should enter an ADO into wvOASIS at this time. Agency should thoroughly and carefully convey expectations, which may require Agency to call Vendor and discuss details prior to creating the official *written* Release Order, detailing ATT A Contract Items and pricing, quantities, project location, materials source location (ATT B), start and completion timeline, and any special instruction regarding goods/service delivery required.

**Entry of ADO in OASIS:** To facilitate Vendor with creation of its invoice, meet Agency accounting requirements, and enable processing of payment (in any form), the Agency should take all necessary steps to generate the ADO and enter it into wvOASIS at the same time it issues the WV-39 Release Order to the Vendor, to avoid payment processing issues due to date conflicts.

**7.2.1 Revisions:** As the Agency's work-needs dictate, the Agency reserves the right to make revisions and change orders to previously issued Delivery Order(s), to be done in the form of subsequent Delivery Order(s) and sent to the Vendor.

**7.2.2 Vendor Acceptance & Written Verification of Receipt is Required:** Vendor must provide the ordering Agency with *written* acknowledgement of all Agency Delivery Orders and/or any modifications thereto. Vendor shall respond to the Agency in writing no later than three (3) calendar days of the date on the issued

Delivery Order. Failure to comply with this requirement shall be considered refusal of the Delivery Order, see Delivery Order Failure and Contract Default Sections below. In such an event, the Agency shall proceed at its own discretion, to cancel the Delivery Order, seek to obtain the goods or services from another low bid Vendor, (without the same Tax Identification Number as the failing Vendor), or, if unavailable, proceed with an open market Emergency Purchase.

- 7.3 Payment:** Upon completion of the Delivery Order, Vendor shall accept payment, at this awarded Contract's ATT A rates, per the payment procedures of the State of WV. The State of WV currently utilizes a Purchasing Card program, administered under contract by a banking institution, as well as Electronic Funds Transfer as methods to process payment for goods and services. The Vendor shall accept the State of WV's Purchasing Card and Electronic Funds Transfer for payment of orders under this Contract. Electronic Funds Transfer for payment is available through the WV State Auditor's Office. Vendor may visit the WV State Auditor's website ([wvsao.gov](http://wvsao.gov)) for all necessary forms and instructions. Payment method may be dictated at the Agency's discretion.
- 8. DELIVERY, AND RETURN:** The Vendor shall deliver and deposit all contract materials as directed by the Agency on its Delivery Order.
- 8.1 Delivery Time:** Vendor shall complete standard orders within five (5) business days from receipt of Delivery Order unless otherwise specified by the Agency on the Delivery Order. As per Section 3.7, Vendor shall deliver Emergency requests within an agreed upon timeframe established by the Agency and the Vendor. Vendor shall fulfill all orders according to the Agency's Delivery Order schedule. If for any reason the Vendor determines it is not able to commence and fulfill the Delivery Order as agreed/accepted, Vendor shall provide, *in writing*, to the ordering Agency the reason for its failure no later than three (3) business of the Agency Delivery Order/Release Order date, and no later than 4:00pm.
- 8.2 VENDOR SHALL NOT HOLD ORDERS** until any minimum delivery quantity is met.
- 8.3** The Agency expects that the Vendor shall source from the source nearest the Agency's established delivery location. As applicable, in-state delivery routes will be mapped by the WVDOH by utilizing the WVDOH Straight Line Diagrams. These Diagrams for WV Primary Routes and WV Secondary Routes are available in each WVDOH office and the WVDOH Central Office. Agency will determine the route to be taken due to bridge and/or road restrictions. Out-of-state delivery routes will be mapped by utilizing "Google Maps" or a similar source for routing to the WV State line at which time; the Straight-Line Diagrams will be sourced to the Agency's specified storage site.
- 8.4 Late Delivery & Vendor Performance Failures:** Any failed delivery/Item provision, including Items not compliant with the quality requirements of this contract, if deemed

“harmful” by the Agency and at its own discretion, shall be grounds for Delivery Order’s cancellation by the Agency, making it necessary for the Agency to obtain the items ordered from an alternate party. Contractual failures shall be subject to Liquidated Damages, and/or Default Remedy Costs. The Agency reserves the right to hold the failing Vendor responsible for the failure/damage-costs incurred by the Agency for remedying the contractual default. Vendor shall hereby understand and agree that any amount due from Default Remedy Costs and/or Liquidated Damages shall be applied by the Agency in the form of an off-set reduction to the total amount of Vendor’s final invoice.

**8.4.1 Default Remedy Costs and/or Liquidated Damages** when applied by the Agency at its sole discretion, shall result in Vendor being responsible for the costs incurred by the Agency for acquiring replacement or substitute goods or services, minus payment for any compliantly completed work or delivered services or goods. The failed Delivery Order may also be subject to liquidated damages. At the discretion of the WVDOT, when applied, to any portion of failed Delivery Order, liquidated damages will be calculated beginning on day one after the Agency’s specified Delivery Order due date, per the terms of this contract and Standard Specs schedule in Section 108.7.1, as amended.

Table 108.7.1  
**SCHEDULE OF LIQUIDATED DAMAGES**

Agency should provide supporting documentation of Vendor’s performance failure to WVDOT’s Procurement unit. Any Agency seeking to obtain Items from the open market under the open market provision must first obtain approval of the Purchasing Division.

**8.5 Delivery Payment/Risk of Loss:** Standard order delivery shall be F.O.B. destination to the Agency’s location. Vendor shall include the cost of standard order delivery charges in its bid pricing/discount and is not permitted to charge the Agency separately for such delivery. In the event that the Agency’s payment for the Vendor is by Agency payment card/credit card, Vendor should allow for the cost of credit card fees in its bid pricing.

**8.6 Return of Unacceptable Items:** At its own discretion, if the Agency deems the Contract Items to be unacceptable or not compliant with the contract terms, the

Contract Items shall be returned to Vendor at Vendor's expense with no restocking charge. At the Agency's direction, Vendor shall either 1) arrange for the return as specified by the Agency, or 2) permit the Agency to arrange for the Item's return at Agency's convenience and reimburse Agency for delivery expenses. At the Agency's discretion, the returned product shall either be replaced on the returned date or as directed by the Agency, or the Agency shall receive a full credit or refund of the purchase price within three business days of the return.

**8.7 Return Due to Agency Error:** Items ordered in error by the Agency will be returned for credit within 30 days of receipt. Vendor shall not charge a restocking fee if returned products are in a resalable condition, unused, and in the original packaging, if applicable. Any restocking fee for items not in a resalable condition shall be the lower of the Vendor's customary restocking fee or 5% of the total invoiced value of the returned items, whichever is less.

**8.8 Adverse Weather Conditions:** Unsuitable/adverse/inclement weather conditions may dictate the work schedule. It is preferred that operations be suspended immediately when an inclement weather event begins or if the Agency designee determines that an inclement weather event is imminent. If working conditions are dangerous or unsuitable for the Agency, Vendor, or general public, work and/or delivery shall be suspended by the Agency designee at the discretion of the Agency. After a weather-related suspension of work, the Agency designee shall determine and convey in writing, such Delivery Order changes and when work/Contract Item delivery shall commence/resume, which shall be followed by Vendor's written acknowledgement.

**8.9 Deliveries made by Vendor shall consist only of the ATT A Contract Items, ordered by that ordering location. At no time shall property belonging to the WV Department of Transportation be utilized as a lay-down or storage facility by Vendor leaving any Items with the intent to distribute to any alternate location.**
