Dear Valued Customer,

On December 6, 2019, JMD Company was acquired by Hanes Geo Components, a division of Leggett and Platt (an S&P 500 company). On **November 1, 2021**, JMD Company will be completing our integration over to the Hanes Geo Components operating system. We will no longer be doing business under the JMD Company or JMD Geo Components names. In the coming months, you will see the above logo, and our new work order, packing slip, invoice and statement format. However, you will continue to remit to the same Bethel Park, PA mailing address until further notice. Please keep an eye out for these important changes to come.

The name is changing, but what will not change is our wide selection of in-stock drainage, erosion control and geosynthetic products. Our knowledgeable sales and customer service representatives will still be here to provide you with the most cost-effective products and solutions for all your site specific requirements. Our logistics team will continue the on-time delivery that you have come to expect over the past 30 years. Our new product procurement team will now source domestically and globally to help navigate through the current supply chain issues.

Thank you for your continued support and always remember, we are here to help ensure the success of your next project.

If you have questions concerning any of the above, please feel free to contact us at 412-833-7100.
