In the event funds are not appropriated or otherwise made available, this Contract becomes void and of no effect beginning on July 1 of the fiscal year for which funding has not been appropriated or otherwise made available. If that occurs, the State may notify the Vendor that an alternative source of funding has been obtained and thereby avoid the automatic termination. Non-appropriation or non-funding shall not be considered an event of default.

19. CANCELLATION: The Purchasing Division Director reserves the right to cancel this Contract immediately upon written notice to the vendor if the materials or workmanship supplied do not conform to the specifications contained in the Contract. The Purchasing Division Director may also cancel any purchase or Contract upon 30 days written notice to the Vendor in accordance with West Virginia Code of State Rules § 148-1-5.2.b.

25. WAIVER: The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

26. SUBCONTRACTOR COMPLIANCE: Vendor shall notify all subcontractors providing commodities or services related to this Contract that as subcontractors, they too are required to be licensed, in good standing, and up-to-date on all state and local obligations as described in this section. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Notification under this provision must occur prior to the performance of any work under the contract by the subcontractor.

33. 37. NO DEBT CERTIFICATION: In accordance with West Virginia Code §§ 5A-3-10a and 5-22-1(i), the State is prohibited from awarding a contract to any bidder that owes a debt to the State or a political subdivision of the State. By submitting a bid, or entering into a contract with the State, Vendor is affirming that (1) for construction contracts, the Vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, neither the Vendor nor any related party owe a debt as defined above, and neither the Vendor nor any related party are in employer default as defined in the statute cited above unless the debt or employer default is permitted under the statute.

38. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.

This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

EXHIBIT A

Activity Overview

1. *Provide a one to two-sentence synopsis of the project that can be used to describe the project if funded in social media, web announcements, and press releases.*

Develop and offer early-career nurses the opportunity to attend confidential "self-care" support groups open only to them and led by a professional facilitator with knowledge of nurses' workplace challenges. The expectation is that attendance at the group will increase the nurses' job satisfaction and ultimately retention rates.

2. *Provide a **brief** overview of the proposal, which includes the following information:*

- *Background and significance of the project.*
- New nurses consistently rate their career happiness low when asked how satisfied they are with their careers.
- *Background*
 - Why? The answer to job satisfaction and retention may lie in the emotional, psychological, and physical stressors that new nurses battle in the workplace (i.g., workloads, disillusionment about scheduling, insufficient time with patients, absence of independent practice, and lack of work-life balance. In addition, job dissatisfaction results from poor relationships with peers, management, and interprofessional colleagues). Nurses report that these issues negatively impact the joy of knowing they are helping others (patients).
 - Staff shortage directly impacts nurses' mental and physical health and collates high retention rates.
 - Early-career nurse turnover can be roughly 30% in the first year of practice and 57% in the second year.
- *Significance of the project*
 - Providing the early-career nurse the opportunity to attend self-care support groups that address their emotional and psychological support is beneficial.
 - The group offers a safe place where nurses can openly talk about their workplace experiences, struggles, and challenges without fearing adverse job action from management.
 - A place that demonstrates to the early-career nurse that they are not alone so they can explore a reason to stay rather than leave the workplace.
 - A professional, experienced facilitator will lead each group session.

- The facilitator's role is to encourage attendees to share their collective experiences, ask probing questions and give clear advice, not exactly bluntly, but without a lot of sugar coating.
- The facilitator closely monitors, guides, and redirects the group when appropriate to avoid being judgmental or negative with one another.
- It offers management to demonstrate directly to the early-career nurse that they are interested in their well-being in the workplace and personally.
- *Project SMART goals**
 - *To decrease early-career nurse job dissatisfaction and increase retention.*
- *Evaluation methods*
 - Throughout the project's length, assessments and surveys gauge if providing a safe place to discuss challenges impacts job satisfaction and retention. All assessments and surveys will be anonymous to encourage completion and honest responses.
- Sustainability plans once funding is exhausted
 - A proposal for project approval and long-term funding is pending action by the WV BON.

3. Complete the table to describe the project goals, activities, and outcomes:

Project SMART Goals	Activities to meet goals	Anticipated outcome	Time for completion of the goal
