John,

Rohrer Bus was unable to fill the attached order for Harrison County.

The order was placed with us on September 24, 2021.

Two major factors that affected this order were:

1. Ford, during period of COVID restrictions, gave priority to filling Ford Transit van/wagon orders and not Ford Transit cutaway orders.

See pictures below:

Cutaway used to build small buses

Transit van used when interior conversion
is required

2. At time of original solicitation, Rohrer Bus bid an EIDorado narrow body bus on the Ford Transit cutaway chassis. During that period, Forest River bought EIDorado and shortly after they closed the Salina KS plant. Production was consolidated with Champion in Inlay City MI and then Forest River closed the Champion plant as well. Currently both EIDorado and Champion are built at the Forest River plant where StarTrans, StarCraft and Glaval buses are built. Forest River would not honor original contract pricing. Rohrer was instructed to renew contract but not to accept any new orders until it could be determined if there would be chassis available from Ford. Unfortunately there has been no priority given the Ford cutaway chassis production.

Ford Transit vans, Ford eTransits and Ford E450 chassis are now getting built on a regular basis. Ford E350 on a limited basis and the Ford Transit cutaway is generally not available to us.

We trust that this email will be helpful in getting encumbered funds released.

David
