RE: Renewal of Master Agreement CMA 0506 2937 CME 2000000003

Dear Ms. Harper,

National Medical Services, Inc. (dba NMS Labs) agrees to renew the Master Agreement CMA 2000000003 for another year, effective May 1, 2023, through April 30, 2024, according to all terms, conditions, and specifications contained in the original contract, including any authorized change orders.

In accordance with Section 6.2 of the Master Agreement, NMS Labs is requesting a price adjustment with a Catalog update from our 2022 Fee Schedules to our 2023 Fee Schedules. The 5.0% across-the-board discount from all Catalog pricing will remain unchanged.

Sincerely,

A handwritten signature in black ink that reads "Dan Monahan".

Dear Valued Client,

This notice is to advise you that, through its annual pricing review, NeoGenomics Laboratories, Inc. ("NeoGenomics") will be implementing a price increase for 2023. A combination of increased testing costs and high inflation has significantly increased our cost of business. In order to continue providing you with quality services, **NeoGenomics will increase its pricing by eight percent (8%) for all non-IHC tests and by twenty percent (20%) for all IHC tests, effective April 1, 2023.** This price increase ensures that we can continue to provide you with the highest quality of laboratory services.

Tests ordered prior to April 1, 2023, will be honored at the current pricing. Additionally, if you have a current laboratory services agreement that specifically prohibits a pricing increase, or if you are an active member of a group purchasing organization that limits or restricts a pricing increase, please advise your sales consultant to address these matters individually.

Thank you for your attention to this matter. Please do not hesitate to contact your NeoGenomics Territory Business Manager with any questions.

Sincerely,

NeoGenomics Laboratories, Inc.

Request for Pricing Adjustment
CRFQ CME200000002, 2020
Postmortem Toxicology Testing, West Virginia Office of the Chief Medical Examiner

In accordance with specification Section 6.2 (Contract Modification) noted in the above referenced contract agreement allowing for a price adjustment, NMS Labs is requesting a Catalog update from our 2022 Fee Schedules to our 2023 Fee Schedules. The 5.0% across the board discount from all Catalog pricing will remain unchanged. Per Section 6.2, the vendor may update their Catalog(s) at each renewal date.

The attached documents support this request:

1. NMS Labs 2023 Fee Schedule (testing)
2. NMS Labs 2023 Expert Services Fee Schedule
3. WV OCME 12-month quantity usage of those items (WVME 12 Month Utility Jan 22_Dec 22)

Account Number: 10152
Price Code Number: WVME

Pricing Effective Date: 5/1/2023
Pricing Expiration Date: 4/30/2024

NMS Labs requests the Catalog update due to the increases in health insurance, salaries, and lab supplies. The Consumer Price Index (CPI) for this year was 6.5%, and our payroll costs went up 4.1% (excluding promotions) in 2022 and are anticipated to go up by 6% in 2023. Our health insurance and prescription costs also went up by 3.1%; however, we made plan design changes that limited an increase that would have been closer to 8%. Furthermore, the average lab supply increase was up 10.27%. These costs represent approximately 70% of our total costs.

Thank you for your continued support of NMS Labs for your testing needs. If you have any questions regarding this communication, please contact me directly.

Sincerely,
