This checklist **MUST** be completed by a state agency's designated procurement officer and submitted with the Purchase Requisition to the Purchasing Division. The purpose of the checklist is to verify that an agency procurement officer has obtained and included required documentation necessary for the Purchasing Division to process the requisition without future processing disruptions. ^{*}The items pre-checked are required before a Purchase Requisition may be submitted to the Purchasing Division. Failure to complete and verify this documentation may result in rejection of the requisition back to the agency. It is up to the agency procurement officer to determine if pre-approvals, insurance, or other documentation is needed for the purchase. The referenced information below may be used to make this determination.

For Purchasing Division Use Only:

I have reviewed the requisition identified above and find that it is sufficient to advertise publicly to the vendor community. My review does not preclude the possibility that the vendor community, or some other entity, will identify an area of concern; however, should such issues or concerns arise, they will be reviewed and addressed as may be appropriate.

REFERENCE:

- 1. Specifications and Pricing Page. The specifications and intended pricing evaluation tool (wvOASIS line or pricing page) must be attached to the requisition for the Purchasing Division to review them.
- 2. Usage of correct specification template. The Purchasing Division maintains standard format templates on its website for various purchase types, including but not limited to one-time, services, and open-end RFQ purchases; RFPs; and EOIs. Using the correct specification template ensures language appropriate for the type of purchase will be contained in the final contract. A copy of these templates can be found on the Purchasing Division's website at www.state.wv.us/admin/purchase/forms.html.
- 3. Use of correct requisition type. Agencies must discern the type of contract needed prior to entering the requisition in wvOASIS. The requisition type will limit the type of award that can be issued for each solicitation. Purchasing Division Procedures Handbook, Section 3.3.1.1.
- 4. Terms and conditions. The agency must complete the General Terms and Conditions using the master copy maintained by the Purchasing Division, and the revision date on the terms and conditions document must not be removed or altered in any way. The Purchasing Master Terms and Conditions can be found on the Purchasing Division's website at www.us/admin/purchase/TCP.pdf. Purchasing Division Procedures Handbook, Section 3.2.4.6.
- 5. Maximum budgeted amount. This is the maximum amount of funding available for the purchase of the good or service as determined by the agency prior to requisition submission. This amount determines the agency's ability to negotiate and cannot be changed after the bid opening. Purchasing Division Procedures Handbook, Section 6.9.3.1.
- 6. Suggested vendors. Suggested vendors are identified at the time an agency conducts its market research and are placed in the Vendor List or Free Form Vendor fields within the requisition. This ensures the vendors are made aware of the bidding opportunity.
- 7. Capitol Building Commission pre-approval. Pre-approval from the Capitol Building Commission is required before any contract can be bid for work requiring a substantial physical change to the state capitol building or surrounding complex, before work begins to a building on the capitol complex if not done under a contract, and prior to processing change orders for work to buildings on the capitol complex above \$40,000. Purchasing Division Procedures Handbook, Section 7.2.
- 8. Financing pre-approval. Any loan or extension of credit from a bank or other financial institution by any state agency under the Executive Branch requires pre-approval from the Governor's Office and must be in the best financial interest of the state of West Virginia. Per memorandum from the Governor's Office.
- 9. Fleet Management Division pre-approval. Pre-approval by the Fleet Management Division (FMD) is required to purchase vehicles, unless statutorily exempt. Any request made under the authority of the Fleet Management Division to increase an agency's fleet size must be approved by the FMD executive director, and all vehicle purchases, regardless of dollar amount, must be processed through the Purchasing Division. Purchasing Division Procedures Handbook, Section 7.8.
- 10. Insurance requirements. RE Purchasing Division Procedures Handbook, Section 3.2.5.3. Appendix C.
