RE: Theracom

Please accept this justification memorandum for updating the unit pricing for Theracom. As stated on the justification for the contract renewal for CMA MCH22*1 between the WV Family Planning Program and Theracom LLC, the program agrees understands that that quarterly price changes for Nexplanon can be expected according to 340B pricing requirements and agrees to all authorized change orders for the entirety of the contract period.

For clarity, the 340B price of a pharmaceutical is the maximum amount that a manufacturer can charge a 340B Covered Entity for the purchase of a 340B covered outpatient drug. The 340B price is statutorily defined as the Average Manufacturer Price (AMP) reduced by the rebate percentage, which is commonly referred to as the Unit Rebate Amount (URA). The federal Health and Human Resources Service Administration (HRSA) obtains the AMP and URA data from the Centers for Medicare & Medicaid Services (CMS) as part of quarterly reporting for the Medicaid Drug Rebate Program. This figure is then multiplied by the package size and case package size to produce a price that is used in the marketplace for purchasing covered outpatient drugs. For example, the AMP minus the URA indicates the cost of one pill. HRSA calculates the price of the total number of pills in the bottle (package size), and then the price of

the multiple packages (case package size), which results in the 340B ceiling price and the corresponding quantity at which covered entities actually purchase the covered outpatient drug.

In short, 340B prices are set by HRSA and updated quarterly. Vendors cannot charge more than this price but are not obligated to charge less, regardless of the contracting in place. The WV Family Planning Program understands and accepts the inevitability of price changes throughout the contract period.

RE: Change Order 4 to CMA MCH2200000001

Please accept this memorandum on behalf of Office of Maternal, Child, and Family Health, to process change order 4 to CMA MCH2200000001 Theracom. I am processing a change order to add the new 340B pricing effective dates of 01/01/2024 – 03/31/2024. I did not realize when change order 3 had been processed that the 340B price change for the above dates were needed until I started processing a change order to ADO MCH24*185 & ADO MCH24*215. The two delivery orders above are using expiring closeout funding. Thank you in advance.

**The items pre-checked are required before a Purchase Requisition may be submitted to the Purchasing Division. Failure to complete and verify this documentation may result in rejection of the requisition back to the agency. It is up to the agency procurement officer to determine if pre-approvals, insurance, or other documentation is needed for the purchase. The referenced information below may be used to make this determination.*

For Purchasing Division Use Only:

I have reviewed the requisition identified above and find that it is sufficient to advertise publicly to the vendor community. My review does not preclude the possibility that the vendor community, or some other entity, will identify an area of concern; however, should such issues or concerns arise, they will be reviewed and addressed as may be appropriate.
