**The items pre-checked are required before a Purchase Requisition may be submitted to the Purchasing Division. Failure to complete and verify this documentation may result in rejection of the requisition back to the agency. It is up to the agency procurement officer to determine if pre-approvals, insurance, or other documentation is needed for the purchase. The referenced information below may be used to make this determination.*

For Purchasing Division Use Only:

I have reviewed the requisition identified above and find that it is sufficient to advertise publicly to the vendor community. My review does not preclude the possibility that the vendor community, or some other entity, will identify an area of concern; however, should such issues or concerns arise, they will be reviewed and addressed as may be appropriate.

Thanks Andrew!

The first address in Boston is Remittance for Payment.

The second address is the HP Corporate address tied to our W-9 (taxes)

The next address is invalid.

The next two addresses are the same and it's the Ordering Address for Purchase Orders.

I'll see if we can change anything online and if not, I'll send another email. Thanks so much!
