Re: Change Order # 11
Project Name: Owl Creek #2 Highwall
Permit Number: N/A
Contract Number: CCT: DEP21*01

Dear Mr. Hovatter:

The WVDEP Office of Abandoned Mine Lands and Reclamation is issuing a change order to increase the original contract according to all terms, conditions, prices, and specifications contained in the original contract including all authorized change orders as shown on Attachment A.

The EPA approved NPDES Stormwater Construction General Permit has expired, for which a new reissued general permit was obtained by the WVDEP DWWM from the EPA. This requires that a re-authorization permit registration application be prepared, submitted and approved to continue coverage under the new state general permit. The project is under construction, and it is critical that the project maintain an approved and active permit registration.

The effective date of the change order is October 4, 2024.

Commodity Line 1: Increased, \$1,970.00. The required changes and additional professional services and associated project work necessary to be provided have been reflected in the consultant's accepted Change Order #11 Proposal document attached herewith. Task and Sub-Tasks to perform the additional work stated above have been provided and discretized as a new Task which was not included in the original contract. Task XVIII: NPDES Re-Issue. The total contract sum including this Change Order #11 will be \$191,043.15. It is acknowledged that the cumulative total of this change order exceeds 10% of the original contract sum.

**The items pre-checked are required before a Purchase Requisition may be submitted to the Purchasing Division. Failure to complete and verify this documentation may result in rejection of the requisition back to the agency. It is up to the agency procurement officer to determine if pre-approvals, insurance, or other documentation is needed for the purchase. The referenced information below may be used to make this determination.*

For Purchasing Division Use Only:

I have reviewed the requisition identified above and find that it is sufficient to advertise publicly to the vendor community. My review does not preclude the possibility that the vendor community, or some other entity, will identify an area of concern; however, should such issues or concerns arise, they will be reviewed and addressed as may be appropriate.
