GENERAL TERMS AND CONDITIONS:

1. CONTRACTUAL AGREEMENT: Issuance of an Award Document signed by the Purchasing Division Director, or his designee, and approved as to form by the Attorney General's office constitutes acceptance by the State of this Contract made by and between the State of West Virginia and the Vendor. Vendor's signature on its bid, or on the Contract if the Contract is not the result of a bid solicitation, signifies Vendor's agreement to be bound by and accept the terms and conditions contained in this Contract.

2. DEFINITIONS: As used in this Solicitation/Contract, the following terms shall have the meanings attributed to them below. Additional definitions may be found in the specifications included with this Solicitation/Contract.

2.1. "Agency" or "Agencies" means the agency, board, commission, or other entity of the State of West Virginia that is identified on the first page of the Solicitation or any other public entity seeking to procure goods or services under this Contract.

2.2. "Bid" or "Proposal" means the vendors submitted response to this solicitation.

2.3. "Contract" means the binding agreement that is entered into between the State and the Vendor to provide the goods or services requested in the Solicitation.

2.4. "Director" means the Director of the West Virginia Department of Administration, Purchasing Division.

2.5. "Purchasing Division" means the West Virginia Department of Administration, Purchasing Division.

2.6. "Award Document" means the document signed by the Agency and the Purchasing Division, and approved as to form by the Attorney General, that identifies the Vendor as the contract holder.

2.7. "Solicitation" means the official notice of an opportunity to supply the State with goods or services that is published by the Purchasing Division.

2.8. "State" means the State of West Virginia and/or any of its agencies, commissions, boards, etc. as context requires.

2.9. "Vendor" or "Vendors" means any entity submitting a bid in response to the Solicitation, the entity that has been selected as the lowest responsible bidder, or the entity that has been awarded the Contract as context requires.

3. CONTRACT TERM; RENEWAL; EXTENSION: The term of this Contract shall be determined in accordance with the category that has been identified as applicable to this Contract below:

☒ **Term Contract**

Initial Contract Term: The Initial Contract Term will be for a period of (1) one year. The Initial Contract Term becomes effective on the effective start date listed on the first page of this Contract, identified as the State of West Virginia contract cover page containing the signatures of the Purchasing Division, Attorney General, and Encumbrance clerk (or another page identified as _____), and the Initial Contract Term ends on the effective end date also shown on the first page of this Contract.

Renewal Term: This Contract may be renewed upon the mutual written consent of the Agency, and the Vendor, with approval of the Purchasing Division and the Attorney General's office (Attorney General approval is as to form only). Any request for renewal should be delivered to the Agency and then submitted to the Purchasing Division thirty (30) days prior to the expiration date of the initial contract term or appropriate renewal term. A Contract renewal shall be in accordance with the terms and conditions of the original contract. Unless otherwise specified below, renewal of this Contract is limited to (3) three successive one (1) year periods or multiple renewal periods of less than one year, provided that the multiple renewal periods do not exceed the total number of months available in all renewal years combined. Automatic renewal of this Contract is prohibited. Renewals must be approved by the Vendor, Agency, Purchasing Division and Attorney General's office (Attorney General approval is as to form only)

☐ **Alternate Renewal Term** – This contract may be renewed for _____ successive _____ year periods or shorter periods provided that they do not exceed the total number of months contained in all available renewals. Automatic renewal of this Contract is prohibited. Renewals must be approved by the Vendor, Agency, Purchasing Division and Attorney General's office (Attorney General approval is as to form only)

Delivery Order Limitations: In the event that this contract permits delivery orders, a delivery order may only be issued during the time this Contract is in effect. Any delivery order issued within one year of the expiration of this Contract shall be effective for one year from the date the delivery order is issued. No delivery order may be extended beyond one year after this Contract has expired.

☐ **Fixed Period Contract:** This Contract becomes effective upon Vendor's receipt of the notice to proceed and must be completed within _____ days.

☐ **Fixed Period Contract with Renewals:** This Contract becomes effective upon Vendor's receipt of the notice to proceed and part of the Contract more fully described in the attached specifications must be completed within _____ days. Upon completion of the work covered by the preceding sentence, the vendor agrees that:

☐ the contract will continue for _____ years;

☐ the contract may be renewed for _____ successive _____ year periods or shorter periods provided that they do not exceed the total number of months contained in all available renewals. Automatic renewal of this Contract is prohibited. Renewals must be approved by the Vendor, Agency, Purchasing Division and Attorney General's Office (Attorney General approval is as to form only).

☐ **One-Time Purchase:** The term of this Contract shall run from the issuance of the Award Document until all of the goods contracted for have been delivered, but in no event will this Contract extend for more than one fiscal year.

☐ **Construction/Project Oversight:** This Contract becomes effective on the effective start date listed on the first page of this Contract, identified as the State of West Virginia contract cover page containing the signatures of the Purchasing Division, Attorney General, and Encumbrance clerk (or another page identified as _____), and continues until the project for which the vendor is providing oversight is complete.

☐ **Other:** Contract Term specified in _____

4. AUTHORITY TO PROCEED: Vendor is authorized to begin performance of this contract on the date of encumbrance listed on the front page of the Award Document unless either the box for "Fixed Period Contract" or "Fixed Period Contract with Renewals" has been checked in Section 3 above. If either "Fixed Period Contract" or "Fixed Period Contract with Renewals" has been checked, Vendor must not begin work until it receives a separate notice to proceed from the State. The notice to proceed will then be incorporated into the Contract via change order to memorialize the official date that work commenced.

5. QUANTITIES: The quantities required under this Contract shall be determined in accordance with the category that has been identified as applicable to this Contract below.

☒ **Open End Contract:** Quantities listed in this Solicitation/Award Document are approximations only, based on estimates supplied by the Agency. It is understood and agreed that the Contract shall cover the quantities actually ordered for delivery during the term of the Contract, whether more or less than the quantities shown.

☐ **Service:** The scope of the service to be provided will be more clearly defined in the specifications included herewith.

☐ **Combined Service and Goods:** The scope of the service and deliverable goods to be provided will be more clearly defined in the specifications included herewith.

☐ **One-Time Purchase:** This Contract is for the purchase of a set quantity of goods that are identified in the specifications included herewith. Once those items have been delivered, no additional goods may be procured under this Contract without an appropriate change order approved by the Vendor, Agency, Purchasing Division, and Attorney General's office.

☐ **Construction:** This Contract is for construction activity more fully defined in the specifications.

6. EMERGENCY PURCHASES: The Purchasing Division Director may authorize the Agency to purchase goods or services in the open market that Vendor would otherwise provide under this Contract if those goods or services are for immediate or expedited delivery in an emergency. Emergencies shall include, but are not limited to, delays in transportation or an unanticipated increase in the volume of work. An emergency purchase in the open market, approved by the Purchasing Division Director, shall not constitute of breach of this Contract and shall not entitle the Vendor to any form of compensation or damages. This provision does not excuse the State from fulfilling its obligations under a One-Time Purchase contract.

7. REQUIRED DOCUMENTS: All of the items checked in this section must be provided to the Purchasing Division by the Vendor as specified:

☐ **LICENSE(S) / CERTIFICATIONS / PERMITS:** In addition to anything required under the Section of the General Terms and Conditions entitled Licensing, the apparent successful Vendor shall furnish proof of the following licenses, certifications, and/or permits upon request and in a form acceptable to the State. The request may be prior to or after contract award at the State's sole discretion.

☐☐☐☐

The apparent successful Vendor shall also furnish proof of any additional licenses or certifications contained in the specifications regardless of whether or not that requirement is listed above.

8. INSURANCE: The apparent successful Vendor shall furnish proof of the insurance identified by a checkmark below prior to Contract award. The insurance coverages identified below must be maintained throughout the life of this contract. Thirty (30) days prior to the expiration of the insurance policies, Vendor shall provide the Agency with proof that the insurance mandated herein has been continued. Vendor must also provide Agency with immediate notice of any changes in its insurance policies, including but not limited to, policy cancelation, policy reduction, or change in insurers. The apparent successful Vendor shall also furnish proof of any *additional insurance requirements contained in the specifications prior to Contract award* regardless of whether that insurance requirement is listed in this section.

Vendor must maintain:

☒ **Commercial General Liability Insurance** in at least an amount of: \$ 1,000,000.00 per occurrence.

☒ **Automobile Liability Insurance** in at least an amount of: \$ 1,000,000.00 per occurrence.

☐ **Professional/Malpractice/Errors and Omission Insurance** in at least an amount of: _____ per occurrence. Notwithstanding the forgoing, Vendor's are not required to list the State as an additional insured for this type of policy.

☐ **Commercial Crime and Third Party Fidelity Insurance** in an amount of: _____ per occurrence.

☐ **Cyber Liability Insurance** in an amount of: _____ per occurrence.

☐ **Builders Risk Insurance** in an amount equal to 100% of the amount of the Contract.

☐ **Pollution Insurance** in an amount of: _____ per occurrence.

☐ **Aircraft Liability** in an amount of: _____ per occurrence.

☐

☐

☐

☐

9. WORKERS' COMPENSATION INSURANCE: Vendor shall comply with laws relating to workers compensation, shall maintain workers' compensation insurance when required, and shall furnish proof of workers' compensation insurance upon request.

10. VENUE: All legal actions for damages brought by Vendor against the State shall be brought in the West Virginia Claims Commission. Other causes of action must be brought in the West Virginia court authorized by statute to exercise jurisdiction over it.

11. LIQUIDATED DAMAGES: This clause shall in no way be considered exclusive and shall not limit the State or Agency's right to pursue any other available remedy. Vendor shall pay liquidated damages in the amount specified below or as described in the specifications:

☐ _____ for _____.

☐ Liquidated Damages Contained in the Specifications.

☐ Liquidated Damages Are Not Included in this Contract.

12. ACCEPTANCE: Vendor's signature on its bid, or on the certification and signature page, constitutes an offer to the State that cannot be unilaterally withdrawn, signifies that the product or service proposed by vendor meets the mandatory requirements contained in the Solicitation for that product or service, unless otherwise indicated, and signifies acceptance of the terms and conditions contained in the Solicitation unless otherwise indicated.

13. PRICING: The pricing set forth herein is firm for the life of the Contract, unless specified elsewhere within this Solicitation/Contract by the State. A Vendor's inclusion of price adjustment provisions in its bid, without an express authorization from the State in the Solicitation to do so, may result in bid disqualification. Notwithstanding the foregoing, Vendor must extend any publicly advertised sale price to the State and invoice at the lower of the contract price or the publicly advertised sale price.

14. PAYMENT IN ARREARS: Payments for goods/services will be made in arrears only upon receipt of a proper invoice, detailing the goods/services provided or receipt of the goods/services, whichever is later. Notwithstanding the foregoing, payments for software maintenance, licenses, or subscriptions may be paid annually in advance.

15. PAYMENT METHODS: Vendor must accept payment by electronic funds transfer and P-Card. (The State of West Virginia's Purchasing Card program, administered under contract by a banking institution, processes payment for goods and services through state designated credit cards.)

16. TAXES: The Vendor shall pay any applicable sales, use, personal property or any other taxes arising out of this Contract and the transactions contemplated thereby. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.

17. ADDITIONAL FEES: Vendor is not permitted to charge additional fees or assess additional charges that were not either expressly provided for in the solicitation published by the State of West Virginia, included in the Contract, or included in the unit price or lump sum bid amount that Vendor is required by the solicitation to provide. Including such fees or charges as notes to the solicitation may result in rejection of vendor's bid. Requesting such fees or charges be paid after the contract has been awarded may result in cancellation of the contract.

18. FUNDING: This Contract shall continue for the term stated herein, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise made available, this Contract becomes void and of no effect beginning on July 1 of the fiscal year for which funding has not been appropriated or otherwise made available. If that occurs, the State may notify the Vendor that an alternative source of funding has been obtained and thereby avoid the automatic termination. Non-appropriation or non-funding shall not be considered an event of default.

19. CANCELLATION: The Purchasing Division Director reserves the right to cancel this Contract immediately upon written notice to the vendor if the materials or workmanship supplied do not conform to the specifications contained in the Contract. The Purchasing Division Director may also cancel any purchase or Contract upon 30 days written notice to the Vendor in accordance with West Virginia Code of State Rules § 148-1-5.2.b.

20. TIME: Time is of the essence regarding all matters of time and performance in this Contract.

21. APPLICABLE LAW: This Contract is governed by and interpreted under West Virginia law without giving effect to its choice of law principles. Any information provided in specification manuals, or any other source, verbal or written, which contradicts or violates the West Virginia Constitution, West Virginia Code, or West Virginia Code of State Rules is void and of no effect.

22. COMPLIANCE WITH LAWS: Vendor shall comply with all applicable federal, state, and local laws, regulations and ordinances. By submitting a bid, Vendor acknowledges that it has reviewed, understands, and will comply with all applicable laws, regulations, and ordinances.

SUBCONTRACTOR COMPLIANCE: Vendor shall notify all subcontractors providing commodities or services related to this Contract that as subcontractors, they too are required to comply with all applicable laws, regulations, and ordinances. Notification under this provision must occur prior to the performance of any work under the contract by the subcontractor.

23. ARBITRATION: Any references made to arbitration contained in this Contract, Vendor's bid, or in any American Institute of Architects documents pertaining to this Contract are hereby deleted, void, and of no effect.

24. MODIFICATIONS: This writing is the parties' final expression of intent. Notwithstanding anything contained in this Contract to the contrary no modification of this Contract shall be binding without mutual written consent of the Agency, and the Vendor, with approval of the Purchasing Division and the Attorney General's office (Attorney General approval is as to form only). Any change to existing contracts that adds work or changes contract cost, and were not included in the original contract, must be approved by the Purchasing Division and the Attorney General's Office (as to form) prior to the implementation of the change or commencement of work affected by the change.

25. WAIVER: The failure of either party to insist upon a strict performance of any of the terms or provision of this Contract, or to exercise any option, right, or remedy herein contained, shall not be construed as a waiver or a relinquishment for the future of such term, provision, option, right, or remedy, but the same shall continue in full force and effect. Any waiver must be expressly stated in writing and signed by the waiving party.

26. SUBSEQUENT FORMS: The terms and conditions contained in this Contract shall supersede any and all subsequent terms and conditions which may appear on any form documents submitted by Vendor to the Agency or Purchasing Division such as price lists, order forms, invoices, sales agreements, or maintenance agreements, and includes internet websites or other electronic documents. Acceptance or use of Vendor's forms does not constitute acceptance of the terms and conditions contained thereon.

27. ASSIGNMENT: Neither this Contract nor any monies due, or to become due hereunder, may be assigned by the Vendor without the express written consent of the Agency, the Purchasing Division, the Attorney General's office (as to form only), and any other government agency or office that may be required to approve such assignments.

28. WARRANTY: The Vendor expressly warrants that the goods and/or services covered by this Contract will: (a) conform to the specifications, drawings, samples, or other description furnished or specified by the Agency; (b) be merchantable and fit for the purpose intended; and (c) be free from defect in material and workmanship.

29. STATE EMPLOYEES: State employees are not permitted to utilize this Contract for personal use and the Vendor is prohibited from permitting or facilitating the same.

30. PRIVACY, SECURITY, AND CONFIDENTIALITY: The Vendor agrees that it will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the Agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the Agency's policies, procedures, and rules. Vendor further agrees to comply with the Confidentiality Policies and Information Security Accountability Requirements, set forth in www.state.wv.us/admin/purchase/privacy.

31. YOUR SUBMISSION IS A PUBLIC DOCUMENT: Vendor's entire response to the Solicitation and the resulting Contract are public documents. As public documents, they will be disclosed to the public following the bid/proposal opening or award of the contract, as required by the competitive bidding laws of West Virginia Code §§ 5A-3-1 et seq., 5-22-1 et seq., and 5G-1-1 et seq. and the Freedom of Information Act West Virginia Code §§ 29B-1-1 et seq.

DO NOT SUBMIT MATERIAL YOU CONSIDER TO BE CONFIDENTIAL, A TRADE SECRET, OR OTHERWISE NOT SUBJECT TO PUBLIC DISCLOSURE.

Submission of any bid, proposal, or other document to the Purchasing Division constitutes your explicit consent to the subsequent public disclosure of the bid, proposal, or document. The Purchasing Division will disclose any document labeled "confidential," "proprietary," "trade secret," "private," or labeled with any other claim against public disclosure of the documents, to include any "trade secrets" as defined by West Virginia Code § 47-22-1 et seq. All submissions are subject to public disclosure without notice.

32. LICENSING: In accordance with West Virginia Code of State Rules § 148-1-6.1.e, Vendor must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agency or political subdivision. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Upon request, the Vendor must provide all necessary releases to obtain information to enable the Purchasing Division Director or the Agency to verify that the Vendor is licensed and in good standing with the above entities.

SUBCONTRACTOR COMPLIANCE: Vendor shall notify all subcontractors providing commodities or services related to this Contract that as subcontractors, they too are required to be licensed, in good standing, and up-to-date on all state and local obligations as described in this section. Obligations related to political subdivisions may include, but are not limited to, business licensing, business and occupation taxes, inspection compliance, permitting, etc. Notification under this provision must occur prior to the performance of any work under the contract by the subcontractor.

33. ANTITRUST: In submitting a bid to, signing a contract with, or accepting a Award Document from any agency of the State of West Virginia, the Vendor agrees to convey, sell, assign, or transfer to the State of West Virginia all rights, title, and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of West Virginia for price fixing and/or unreasonable restraints of trade relating to the particular commodities or services purchased or acquired by the State of West Virginia. Such assignment shall be made and become effective at the time the purchasing agency tenders the initial payment to Vendor.

34. VENDOR NON-CONFLICT: Neither Vendor nor its representatives are permitted to have any interest, nor shall they acquire any interest, direct or indirect, which would compromise the performance of its services hereunder. Any such interests shall be promptly presented in detail to the Agency.

35. VENDOR RELATIONSHIP: The relationship of the Vendor to the State shall be that of an independent contractor and no principal-agent relationship or employer-employee relationship is contemplated or created by this Contract. The Vendor as an independent contractor is solely liable for the acts and omissions of its employees and agents. Vendor shall be responsible for selecting, supervising, and compensating any and all individuals employed pursuant to the terms of this Solicitation and resulting contract. Neither the Vendor, nor any employees or subcontractors of the Vendor, shall be deemed to be employees of the State for any purpose whatsoever. Vendor shall be exclusively responsible for payment of employees and contractors for all wages and salaries, taxes, withholding payments, penalties, fees, fringe benefits, professional liability insurance premiums, contributions to insurance and pension, or other deferred compensation plans, including but not limited to, Workers' Compensation and Social Security obligations, licensing fees, etc. and the filing of all necessary documents, forms, and returns pertinent to all of the foregoing.

Vendor shall hold harmless the State, and shall provide the State and Agency with a defense against any and all claims including, but not limited to, the foregoing payments, withholdings, contributions, taxes, Social Security taxes, and employer income tax returns.

36. INDEMNIFICATION: The Vendor agrees to indemnify, defend, and hold harmless the State and the Agency, their officers, and employees from and against: (1) Any claims or losses for services rendered by any subcontractor, person, or firm performing or supplying services, materials, or supplies in connection with the performance of the Contract; (2) Any claims or losses resulting to any person or entity injured or damaged by the Vendor, its officers, employees, or subcontractors by the publication, translation, reproduction, delivery, performance, use, or disposition of any data used under the Contract in a manner not authorized by the Contract, or by Federal or State statutes or regulations; and (3) Any failure of the Vendor, its officers, employees, or subcontractors to observe State and Federal laws including, but not limited to, labor and wage and hour laws.

37. NO DEBT CERTIFICATION: In accordance with West Virginia Code §§ 5A-3-10a and 5-22-1(i), the State is prohibited from awarding a contract to any bidder that owes a debt to the State or a political subdivision of the State. By submitting a bid, or entering into a contract with the State, Vendor is affirming that (1) for construction contracts, the Vendor is not in default on any monetary obligation owed to the state or a political subdivision of the state, and (2) for all other contracts, neither the Vendor nor any related party owe a debt as defined above, and neither the Vendor nor any related party are in employer default as defined in the statute cited above unless the debt or employer default is permitted under the statute.

38. CONFLICT OF INTEREST: Vendor, its officers or members or employees, shall not presently have or acquire an interest, direct or indirect, which would conflict with or compromise the performance of its obligations hereunder. Vendor shall periodically inquire of its officers, members and employees to ensure that a conflict of interest does not arise. Any conflict of interest discovered shall be promptly presented in detail to the Agency.

39. REPORTS: Vendor shall provide the Agency and/or the Purchasing Division with the following reports identified by a checked box below:

☒ Such reports as the Agency and/or the Purchasing Division may request. Requested reports may include, but are not limited to, quantities purchased, agencies utilizing the contract, total contract expenditures by agency, etc.

☐ Quarterly reports detailing the total quantity of purchases in units and dollars, along with a listing of purchases by agency. Quarterly reports should be delivered to the Purchasing Division via email at purchasing.division@wv.gov.

40. BACKGROUND CHECK: In accordance with W. Va. Code § 15-2D-3, the State reserves the right to prohibit a service provider's employees from accessing sensitive or critical information or to be present at the Capitol complex based upon results addressed from a criminal background check. Service providers should contact the West Virginia Division of Protective Services by phone at (304) 558-9911 for more information.

41. PREFERENCE FOR USE OF DOMESTIC STEEL PRODUCTS: Except when authorized by the Director of the Purchasing Division pursuant to W. Va. Code § 5A-3-56, no contractor may use or supply steel products for a State Contract Project other than those steel products made in the United States. A contractor who uses steel products in violation of this section may be subject to civil penalties pursuant to W. Va. Code § 5A-3-56. As used in this section:

- a. "State Contract Project" means any erection or construction of, or any addition to, alteration of or other improvement to any building or structure, including, but not limited to, roads or highways, or the installation of any heating or cooling or ventilating plants or other equipment, or the supply of and materials for such projects, pursuant to a contract with the State of West Virginia for which bids were solicited on or after June 6, 2001.
- b. "Steel Products" means products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two or more or such operations, from steel made by the open heath, basic oxygen, electric furnace, Bessemer or other steel making process.
- c. The Purchasing Division Director may, in writing, authorize the use of foreign steel products if:
 1. The cost for each contract item used does not exceed one tenth of one percent (.1%) of the total contract cost or two thousand five hundred dollars (\$2,500.00), whichever is greater. For the purposes of this section, the cost is the value of the steel product as delivered to the project; or
 2. The Director of the Purchasing Division determines that specified steel materials are not produced in the United States in sufficient quantity or otherwise are not reasonably available to meet contract requirements.

42. PREFERENCE FOR USE OF DOMESTIC ALUMINUM, GLASS, AND STEEL: In Accordance with W. Va. Code § 5-19-1 et seq., and W. Va. CSR § 148-10-1 et seq., for every contract or subcontract, subject to the limitations contained herein, for the construction, reconstruction, alteration, repair, improvement or maintenance of public works or for the purchase of any item of machinery or equipment to be used at sites of public works, only domestic aluminum, glass or steel products shall be supplied unless the spending officer determines, in writing, after the receipt of offers or bids, (1) that the cost of domestic aluminum, glass or steel products is unreasonable or inconsistent with the public interest of the State of West Virginia, (2) that domestic aluminum, glass or steel products are not produced in sufficient quantities to meet the contract requirements, or (3) the available domestic aluminum, glass, or steel do not meet the contract specifications. This provision only applies to public works contracts awarded in an amount more than fifty thousand dollars (\$50,000) or public works contracts that require more than ten thousand pounds of steel products.

The cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than twenty percent (20%) of the bid or offered price for foreign made aluminum, glass, or steel products. If the domestic aluminum, glass or steel products to be supplied or produced in a "substantial labor surplus area", as defined by the United States Department of Labor, the cost of domestic aluminum, glass, or steel products may be unreasonable if the cost is more than thirty percent (30%) of the bid or offered price for foreign made aluminum, glass, or steel products. This preference shall be applied to an item of machinery or equipment, as indicated above, when the item is a single unit of equipment or machinery manufactured primarily of aluminum, glass or steel, is part of a public works contract and has the sole purpose or of being a permanent part of a single public works project. This provision does not apply to equipment or machinery purchased by a spending unit for use by that spending unit and not as part of a single public works project.

All bids and offers including domestic aluminum, glass or steel products that exceed bid or offer prices including foreign aluminum, glass or steel products after application of the preferences provided in this provision may be reduced to a price equal to or lower than the lowest bid or offer price for foreign aluminum, glass or steel products plus the applicable preference. If the reduced bid or offer prices are made in writing and supersede the prior bid or offer prices, all bids or offers, including the reduced bid or offer prices, will be reevaluated in accordance with this rule.

43. INTERESTED PARTY SUPPLEMENTAL DISCLOSURE: W. Va. Code § 6D-1-2 requires that for contracts with an actual or estimated value of at least \$1 million, the Vendor must submit to the Agency a disclosure of interested parties prior to beginning work under this Contract. Additionally, the Vendor must submit a supplemental disclosure of interested parties reflecting any new or differing interested parties to the contract, which were not included in the original pre-work interested party disclosure, within 30 days following the completion or termination of the contract. A copy of that form is included with this solicitation or can be obtained from the WV Ethics Commission. This requirement does not apply to publicly traded companies listed on a national or international stock exchange. A more detailed definition of interested parties can be obtained from the form referenced above.

44. PROHIBITION AGAINST USED OR REFURBISHED: Unless expressly permitted in the solicitation published by the State, Vendor must provide new, unused commodities, and is prohibited from supplying used or refurbished commodities, in fulfilling its responsibilities under this Contract.

45. VOID CONTRACT CLAUSES: This Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law.

46. ISRAEL BOYCOTT: Bidder understands and agrees that, pursuant to W. Va. Code § 5A-3-63, it is prohibited from engaging in a boycott of Israel during the term of this contract.

DESIGNATED CONTACT: Vendor appoints the individual identified in this Section as the Contract Administrator and the initial point of contact for matters relating to this Contract.

CERTIFICATION AND SIGNATURE: By signing below, or submitting documentation through wvOASIS, I certify that: I have reviewed this Solicitation/Contract in its entirety; that I understand the requirements, terms and conditions, and other information contained herein; that this bid, offer or proposal constitutes an offer to the State that cannot be unilaterally withdrawn; that the product or service proposed meets the mandatory requirements contained in the Solicitation/Contract for that product or service, unless otherwise stated herein; that the Vendor accepts the terms and conditions contained in the Solicitation, unless otherwise stated herein; that I am submitting this bid, offer or proposal for review and consideration; that this bid or offer was made without prior understanding, agreement, or connection with any entity submitting a bid or offer for the same material, supplies, equipment or services; that this bid or offer is in all respects fair and without collusion or fraud; that this Contract is accepted or entered into without any prior understanding, agreement, or connection to any other entity that could be considered a violation of law; that I am authorized by the Vendor to execute and submit this bid, offer, or proposal, or any documents related thereto on Vendor's behalf; that I am authorized to bind the vendor in a contractual relationship; and that to the best of my knowledge, the vendor has properly registered with any State agency that may require registration.

By signing below, I further certify that I understand this Contract is subject to the provisions of West Virginia Code § 5A-3-62, which automatically voids certain contract clauses that violate State law; and that pursuant to W. Va. Code 5A-3-63, the entity entering into this contract is prohibited from engaging in a boycott against Israel.

REQUEST FOR QUOTATION
Fuelmaster OEM Parts and Components

SPECIFICATIONS

1. **PURPOSE AND SCOPE:** The West Virginia Purchasing Division is soliciting bids on behalf of the West Virginia Department of Transportation, Division of Highways – Equipment Division to establish an open-ended contract for Fuelmaster OEM or equal Parts and Components.
2. **DEFINITIONS:** The terms listed below shall have the meanings assigned to them below. Additional definitions can be found in section 2 of the General Terms and Conditions.
 - 2.1 **“Adjusted Unit Price”** means the Unit Price either reduced by the Discount Percentage or increased by the Markup Percentage.
 - 2.2 **“Attachment” or “Attachments”** means any device that is not integrated to the original manufacturers design that modifies or expands the range of tasks that can be done by the equipment or motor vehicle; or alters the capacity, stability, or operation of that equipment or motor vehicle.
 - 2.3 **“Catalog”** means the current price list or sales catalog that includes Contract Item or Contract Items that the Vendor can and will sell under this Contract.
 - 2.4 **“Catalog Unit Price”** means the lowest price listed for a Contract Item in Vendors Current Catalog.
 - 2.5 **“Contract Item” or “Contract Items”** means the list of items identified in Section 3.1 below and on the Pricing Pages.
 - 2.6 **“Discount Percentage”** means the percentage discount that Vendor will apply to all Agency purchases of Contract Item or Contract Items.
 - 2.7 **“OEM” or “Original Equipment Manufacturer”** means the Manufacturer or Manufacturers involved in the original assembly.
 - 2.8 **“Or Equal”** means Contract Item or Items must meet or exceed the Original Equipment Manufacturers (OEM) standards in form, fit and function.
 - 2.9 **“Markup Percentage”** means the percentage markup that Vendor will apply to all Agency purchases of Contract Item or Contract Items.
 - 2.10 **“Part” or “Parts”** means any system, part, or component of equipment or motor vehicle as originally manufactured; or any similar part or component manufactured

REQUEST FOR QUOTATION
Fuelmaster OEM Parts and Components

or sold for replacement or improvement of a system, part, or component, or as an accessory to equipment or motor vehicle.

2.11 "Pricing Pages" means the schedule of prices, estimated order quantity, and totals contained in wvOASIS or attached hereto as Exhibit A and used to evaluate the Solicitation responses.

2.12 "Solicitation" means the official notice of an opportunity to supply the State with goods or services that is published by the Purchasing Division.

2.13 "Total Bid Cost" means the sum of the bid total column.

3. GENERAL REQUIREMENTS:

3.1 Contract Items and Mandatory Requirements: Vendor shall provide Agency with the Contract Items listed below on an open-end and continuing basis. Contract Items must meet or exceed the mandatory requirements as shown below.

3.1.1 Fuelmaster OEM or equal parts and components.

3.1.1.1 Contract Items must be Fuelmaster "OEM" certified parts.

3.1.1.2 Vendor shall furnish any consulting services which might be needed in the proper installation of these parts at no additional cost to the West Virginia Division of Highways.

3.1.1.3 Concurrently with each shipment, Vendor shall forward a proper and current material safety data sheet ("MSDS") on hazardous materials only, to the West Virginia Division of Highways, Equipment Division, P O Box 610, Buckhannon, West Virginia 26201.

3.1.2 This contract shall exclude the purchase of any "**Attachment or Attachments**" that may be listed within the manufacturer's catalog.

3.1.3 Vendor will assume all responsibility of core exchanges associated with Contract items in a fair and reasonable amount of time. Failure to abide by terms may lead to cancellation of this Contract

REQUEST FOR QUOTATION
Fuelmaster OEM Parts and Components

- 3.1.4** The Vendor must be able to supply certification from the Manufacturer that they are a representative of and for requested product line.

4. CONTRACT AWARD, PRICING PAGES, DISCOUNT/MARKUP PERCENTAGE:

- 4.1 Contract Award:** The Contract is intended to provide Agency with a purchase price on all Contract Items. The Contract shall be awarded to the Vendor that provides the Contract Items meeting the required specifications for the lowest overall Total Bid Cost as shown on the Pricing Pages.
- 4.2 Discount Percentage:** Vendor may quote a single Discount Percentage that will reduce the lowest price shown in the Catalog for every Contract Item. The resulting Adjusted Unit Price shall be the price the Agency pays for purchases of that Contract Item under this Contract.

The Vendor shall not incorporate Discount Percentages into its Catalog unless the Vendor clearly shows the Catalog Price and then separately lists the applicable Discount Percentage and the Adjusted Unit Price for each Contract Item.

The Discount Percentage and subsequent Adjusted Unit Price derived from that discount must consider all fees, charges, or other miscellaneous costs that the Vendor may require, including delivery charges as indicated below, because those fees, charges, or other miscellaneous costs will not be paid separately. The Agency shall only pay the appropriate Adjusted Unit Price for items purchased under this Contract.

- 4.3 Markup Percentage:** Vendor may quote a single Markup Percentage that will increase the lowest price shown in the Catalog for every Contract Item. The resulting Adjusted Unit Price shall be the price the Agency pays for purchases of that Contract Item under this Contract.

The Vendor shall not incorporate Markup Percentages into its Catalog unless the Vendor clearly shows the Catalog Price and then separately lists the applicable Markup Percentage and the Adjusted Unit Price for each Contract Item.

The Markup Percentage and subsequent Adjusted Unit Price derived from that markup must consider all fees, charges, or other miscellaneous costs that the Vendor may require, including delivery charges as indicated below,

REQUEST FOR QUOTATION
Fuelmaster OEM Parts and Components

because those fees, charges, or other miscellaneous costs will not be paid separately. The Agency shall only pay the appropriate Adjusted Unit Price for items purchased under this Contract.

Vendor shall only quote either a Discount Percentage or a Markup Percentage per Solicitation. If a solicitation response contains both a Discount Percentage and a Markup Percentage for the same bid response, the bid response will be disqualified.

- 4.4 Pricing Pages:** Vendor shall complete the Pricing Pages by inserting either a Discount Percentage or a Markup Percentage. Vendor should insert the Catalog Unit Price from Vendor's most current catalog for each of the items listed. Vendor's that bid on an "or Equal" product line must reference their part number for each of the "OEM" part numbers as they coincide on the Pricing Pages. Vendor should complete the Pricing Pages in their entirety as failure to do so may result in Vendor's bids being disqualified.

The Pricing Pages contain a list of the Contract Items and estimated purchase volume. All Contract Items contained on the Pricing Pages shall be bid as "NEW". Rebuilt or reconditioned pricing will not be accepted for bidding purposes. The estimated purchase volume for each item represents the approximate volume of anticipated purchases only. No future use of the Contract or any individual item is guaranteed or implied.

Vendors are **strongly encouraged** to complete the Pricing Pages through WVOasis or electronically in Microsoft Excel. Doing so will reduce the number of, and the possibility for calculation errors. The Pricing Pages were created as a Microsoft Excel document and Vendor can request an electronic copy for bid purposes by sending an email request to the following address: John.W.Estep@wv.gov

The Purchasing Division reserves the right to take Vendor's Pricing Pages and insert the appropriate numbers into the Microsoft Excel spreadsheet if Vendor chooses to complete the Pricing Pages in any other way.

PLEASE READ THIS SECTION IN IT'S ENTIRETY IF VENDOR IS SUBMITTING AN ELECTRONIC BID:

Vendor MUST complete the ATTACHED Pricing Page, Exhibit A. If bidding electronically, Vendor is to put \$0.00 on the commodity line in WVOasis, complete the Excel pricing page, and upload into WVOasis as an attachment. Only pricing submitted via Exhibit A pricing page will be evaluated for award.

REQUEST FOR QUOTATION
Fuelmaster OEM Parts and Components

5. CATALOG

- 5.1 Submission:** Vendor should submit its Catalog with bid but must submit it prior to award of this contract for evaluation purposes. The vendor shall also mail the Catalog free of charge to the Agency. Copies of the Catalog may be requested in an electronic format and should be provided in that format if possible. Vendor's Catalog will be used by Agency to order Contract Items under this Contract.

The Vendor should identify all items listed on the Pricing Section by circling or highlighting those items in its Catalog and earmarking or tabbing the pages for those items, to assist in the evaluation and verification of the bids and pricing. If any discrepancies exist between the Pricing Pages and the Unit Price listed in the Catalog, the Unit Price shall prevail, and the Pricing Pages may be corrected by the Purchasing Division buyer for evaluation purposes.

- 5.2 Catalog Modification:** The Purchasing Division may permit Vendor to update its Catalog at each renewal date. Determination of whether or not to allow a Catalog update is at the sole discretion of the Purchasing Division. Any request by Vendor to update its Catalog must include a detailed listing of the following: (1) any Contract Items being removed, Discounted Unit Price for those items, Agencies quantity usage of those items, and total spent by the Agencies on those items; (2) any Contract Items being added to the Catalog and the Discounted Unit Price of those items; (3) all changes in the Discounted Unit Price to Contract Items, estimated usage relating to items that have changed in price, and the total impact of the price change on the State; and (4) justification for updating its Catalog. The Purchasing Division may waive the detailed listing requirements if it finds that doing so is in the best interest of the State. **Unless an updated catalog is approved, the Contract Items available under this Contract and Unit Prices for those items shall remain unchanged during the term of this Contract**

6. ORDERING AND PAYMENT:

- 6.1 Ordering:** Vendor shall accept orders through WVOasis, regular mail, facsimile, e-mail, or any other written form of communication. Vendor may, but is not required to, accept on-line orders through a secure internet ordering portal/website. If Vendor has the ability to accept on-line orders, it should include in its response a brief description of how Agency may utilize the on-line ordering system. Any

REQUEST FOR QUOTATION
Fuelmaster OEM Parts and Components

on-line ordering system must have the capability to restrict prices and available items to conform to the Catalog originally submitted with this Solicitation. The vendor shall ensure that its on-line ordering system is properly secured prior to processing Agency orders on-line.

Vendor shall provide the Purchasing Division with access to its internet ordering portal/website, if one will be used under this contract, to allow the Purchasing Division to ensure that the requirements of this Contract are being met.

- 6.2 Payment:** Vendor shall accept payment in accordance with the payment procedures of the State of West Virginia. Methods of payment must include the West Virginia Purchasing Card. Payment in advance is not permitted under this Contract.

7. DELIVERY AND RETURN:

- 7.1 Delivery Time:** Vendor shall ship/deliver standard orders within five (5) working days after orders are received. Vendor shall deliver emergency orders within (2) working day, upon the Agency's request. Delivery must be made during the normal working hours of the Agency. Vendor shall ship all orders in accordance with the above schedule and shall not hold orders until a minimum delivery quantity is met. Contract Items must be delivered to the West Virginia Division of Highways, Equipment Division 83 Brushy Fork Crossing, Buckhannon, WV 26201.

- 7.2 Late Delivery:** The Agency placing the order under this Contract must be notified in writing if orders will be delayed for any reason. Any delay in delivery that could cause harm to an Agency will be grounds for cancellation of the delayed order, and/or obtaining the items ordered from a third party.

Any Agency seeking to obtain items from a third party under this provision must first obtain the approval of the Purchasing Division.

- 7.3 Delivery Payment/Risk of Loss:** The Agency will pay all crate and shipping cost for standard and emergency orders provided that the Vendor invoices those costs as a separate charge with the original freight bill attached.

- 7.4 Return of Unacceptable Items:** If the Agency deems the Contract Items to be unacceptable, the Contract Items shall be returned to Vendor at Vendor's expense and with no restocking charge. The vendor shall either plan for the return within five (5) days of being notified that the item(s) are unacceptable or permit the Agency to arrange for the return and reimburse the Agency for delivery expenses. If the original packaging cannot be utilized for the return, Vendor will supply the Agency with appropriate return packaging upon request. All returns of unacceptable items shall be the Vendor's responsibility for coordinating with the

REQUEST FOR QUOTATION
Fuelmaster OEM Parts and Components

Agency's location. The returned product shall either be replaced, or the Agency shall receive full credit or a refund for the purchase price, at the Agency's discretion.

- 7.5 Return Due to Agency Error:** Items ordered in error by the Agency will be returned for credit within 15 days of receipt. Vendor shall not charge a restocking fee if returned products are in a resalable condition. Items shall be deemed to be in a resalable condition if they are unused and in the original packaging. Any restocking fee for items not in a resalable condition shall be the lower of the Vendor's customary restocking fee or 5% of the total invoiced value of the returned items.

8. VENDOR DEFAULT:

8.1 The following shall be considered a vendor default under this Contract.

- 8.1.1** Failure to provide Contract Items in accordance with the requirements contained herein.
- 8.1.2** Failure to comply with other specifications and requirements contained herein.
- 8.1.3** Failure to comply with any laws, rules, and ordinances applicable to the Contract Services provided under this Contract.
- 8.1.4** Failure to remedy deficient performance upon request.

8.2 The following remedies shall be available to the Agency upon default.

- 8.2.1** Immediate cancellation of the Contract.
- 8.2.2** Immediate cancellation of one or more release orders issued under this Contract.

**REQUEST FOR QUOTATION
Fuelmaster OEM Parts and Components**

8.2.3 Any other remedies available in law or equity.

9 MISCELLANEOUS:

- 9.2 No Substitutions:** Vendor shall supply only Contract Items submitted in response to the Solicitation unless a contract modification is approved in accordance with the provisions contained in this Contract.
- 9.3 Vendor Supply:** Vendor must carry sufficient inventory of the Contract Items being offered to fulfill its obligations under this Contract. By signing its bid, Vendor certifies that it can supply the Contract Items contained in its bid response.
- 9.4 Reports:** Vendor shall provide quarterly reports and annual summaries to the Agency showing the Agency's items purchased, quantities of items purchased, and total dollar value of the items purchased. Vendor shall also provide reports, upon request, showing the items purchased during the term of this Contract, the quantity purchased for each of those items, and the total value of purchases for each of those items. Failure to supply such reports may be grounds for cancellation of this Contract.
- 9.5 Contract Manager:** During its performance of this Contract, Vendor must designate and maintain a primary contract manager responsible for overseeing Vendor's responsibilities under this Contract. The Contract manager must be available during normal business hours to address any customer service or other issues related to this Contract. Vendor should list its Contract manager and his or her contact information below.

Cooperative Purchasing

Cooperative purchasing is "Procurement conducted by, or on behalf of, one or more Public Procurement Units" as defined by the American Bar Association Model Procurement Code for State and Local Governments.

Sourcewell

Sourcewell's analysts streamline the procurement process by developing RFPs and IFBs for national, competitive solicitations that meet or exceed local requirements. Our rigorous process is continually refined to best meet the needs of participating agencies and allows us to offer exceptional products from nationally acclaimed suppliers. ***For CANOE customers, pricing is based on US dollars and will be converted at time of invoicing based upon CAD exchange rate***

Sourcewell Members Receive 10% Discount off Equipment MSRP

Contract Number: 092920-SYS

<https://www.sourcewell-mn.gov/cooperative-purchasing/how-it-works>

Texas Buy Board

School districts, cities, counties, and other governmental entities in Texas participate in the Local Government Purchasing Cooperative and have relied on Texas BuyBoard as a trusted and experienced cooperative purchasing source for years.

Texas Buy Board Members Receive 10% Discount off Equipment MSRP

Contract Number: 590-19

<https://www.buyboard.com/home.aspx>

ARBUY

This new web-based eProcurement system automates the State of Arkansas' procurement process. The easy to use system will create efficiencies and transform the way the State does business. Key Benefits include electronic order delivery, electronic invoice submission, self-service contract and payment information, and contract opportunities and bid submission.

ARBUY Members Receive 10% Discount off Equipment MSRP

FM LIVE

- ☐ **Real Time** - View fuel transactions, fuel inventory, and system diagnostic information in real time on any web-enabled device. No downloading or polling required.
- ☐ **Passive Updates** - Allows software and firmware upgrades to be deployed without taking your systems offline.
- ☐ **Fleet Integration** - Transactional data can be exported to most fleet maintenance or accounting programs.
- ☐ **Business Intelligence** - Reporting tools to run operations effectively and efficiently which can be automatically generated and emailed to managers.
- ☐ **Enhanced Monitoring** - Cloud-hosting allows for system monitoring and proactive troubleshooting with minimal IT interaction.
- ☐ **Continuous Updates** - All FMLive customers will receive free and continuous software and firmware updates.
- ☐ **Scalable** - No matter how large or small your fueling operations may be, FMLive can be sized to fit your individual needs.
- ☐ **Inventory Management** - Instant access to tank inventories and alarms allows managers to track every drop of fuel in and out of tanks ensuring real-time inventory reconciliation.
- ☐ **Security** - Enterprise application guarantees data integrity and confidentiality; all transactions are secured from point-of-sale to the FMLive enterprise, through FIPS 140-2 encryption.

FMLive SERVICES

Our FMLive customers are outfitted with the best fuel tracking devices on the market. All FMLive systems are managed by a dedicated and experienced team of administrators who will take care of all your fleet and fueling system needs.

The benefits of your software services includes:

- ☐ 24/7 Monitoring of all systems and services.
- ☐ Automated Database Backups stores your data in redundant databases for rapid recovery.
- ☐ Maintenance of all cellular VPNs, servers, and device software and firmware.
- ☐ No Initial Hardware Costs or physical IT infrastructure required.
- ☐ Scalability and future growth - Syntech deals with scalability if/when the customer needs more processing power.
- ☐ Management of all security patches, firmware and software updates, firewalls, access, data protection and connectivity of FMUs to FMLive.

FMLive plus Cellular FMU connectivity provides a completely hands-off, zero-dependence system that gives Syntech the ability to manage, maintain and diagnose the entire system without needing to provide Syntech access to the customer's network. For this reason, cellular customers will have the added benefit of **reduced** Project Management fees. Please call your Regional Sales Manager for Project Management quotes. Distributors who have outfitted a customer with FMLive Units will receive the One-Time Set Up & Activation Cloud Fee.

FMU User Access Device Descriptions

This specifies which type of user access devices are included with the FMU. All units come standard with our Prokee reader.

You have the option to also add the following:

Prox

Allows unit to read a customer's existing proximity card or contactless smartcard.

Magstripe

Allows unit to read a fleet card and perform a local authorization of the card to eliminate network processing fees.

EMV

EMV (Europay, MasterCard and Visa): Allows unit to read credit/bank cards as well as fleet cards that are embedded with a smart chip. These configurations also come with an NFC reader for contactless smartcard reads (i.e. Tap to Pay). These transactions are processed using the Syntech Payment Bridge (SPB). The SPB provides the link between FMLive and Payment Card Hosts like AHT and NBS. Note: All EMV units are required to be cellular.

Fleet Card Online (FCO)

Allows the unit to read the magstripe or smart chip off a fleet card. This unit supports Syntech's Local Auth First (LAF) feature. For example, if an Operator presents a WEX card and LAF is configured, the unit will first attempt to process the transaction as Local Auth. If the WEX card is not found on the local list, the unit will then attempt perform a Remote Authorization - via the Syntech Payment Bridge - and process the transaction with the WEX network. Alternatively, this unit can be configured to always perform a Remote Auth on fleet cards to prevent the customer from having to manage card numbers via FMLive. Fleet card authorization using the contactless NFC reader is not currently supported. Note: All FCO units are required to be cellular.

UPGRADE YOUR OPERATION

We know business evolves and Syntech has the solution to grow with you.

THE ONLY THING CONSTANT IS CHANGE. Syntech has developed innovative solutions to offer existing customers the ability to integrate the latest *FMLive* technology with their existing platforms without having to purchase a new unit. For customers facing required EMV regulation changes by network providers, we have an EMV Upgrade solution to meet your needs. You can now enjoy all of these added benefits using your existing equipment.

Upgrade now to the new *FMLive* platform to maximize the capabilities of what your unit can do for you!

FM*Live* UPGRADE INFORMATION

All FMU 5000 Upgrades include a Powervar surge protection kit. This kit offers additional protection against lightning strikes as well as protection against other types of voltage transients that are responsible for damaging electronics.

FMU 2-4 Hoses:

The standard kit will work with either the 50A or Dual Control configurations.

FMU 5-8 Hoses:

Pump control configuration will also need to be selected: 50A Relay or Dual Control. -F5+ is for 50A, -D5+ is for Dual Control.

EMV FAQ

Can we upgrade our existing unit to be EMV-compliant?

Yes, your system is upgradeable. All FuelMaster units can be upgraded.

What will be involved in upgrading to EMV?

Syntech develops products with upgrades in mind. Upgrading your FuelMaster will be a simple process with parts that are designed for ease of installation. The upgrade will require the hardware and software necessary to meet industry standards.

What is Syntech's plan to deliver an EMV-compliant solution?

Syntech is currently shipping EMV-compliant solutions for our next-generation product, FMLive . The solutions are only available with certain payment networks. More networks are being evaluated and developed for additional EMV-compliant solution pathways, and will be made available for the FMLive platform as they are released.

When will my particular payment network be supported with EMV?

The solution space is still maturing and we are looking for ways to add more networks quickly. Syntech is currently fully certified with NBS (National Bankcard Services) and actively pursuing certification with AHT while evaluating additional networks. If there is a particular network of interest, requests can be sent to marketing@myfuelmaster.com.

How often will new networks be added?

Adding networks will be an ongoing effort. The time this will take will depend on certification scheduling & turn-around time. We are looking at ways to pursue new networks in parallel and/or leverage any new solutions in order to offer as many networks as quickly as possible to our customers.

What parts comprise the EMV upgrade?

The upgrade to FMLive involves new components such as the EAPro, new power management components, and an EMV certified card reader.

What is the anticipated cost of an EMV upgrade?

The hardware cost of an FMLive upgrade will depend on your specific needs, and our team is working on providing these details in the near future. To further inquire about pricing, please contact marketing@myfuelmaster.com.

FUELMASTER EV

The FuelMaster EV Charger Authorization Kiosk is Syntech's latest innovation in charging infrastructure. Much like a FuelMaster FMU, the Charger Authorization Kiosk allows you to use authorization media (i.e., PROKEE, Prox Card, Keypad) for your electric vehicle fleet as you would for a fuel-operated fleet--enabling you to authorize transactions while identifying Operators, Equipment, and the data (e.g. Odometer or Job Numbers) relevant to your business needs.

- ☐ **Charger Management** - Instant access to charger usage data and alarms allow managers to track every charger interaction, including gathering additional data like odometer readings or job numbers.
- ☐ **One Unit for Multiple Chargers** - A single Fuelmaster EV Unit can support an almost unlimited number of chargers.
- ☐ **Use Existing Authorization Media** - Use the same authorization methods for your electric vehicle fleet as you do for your current traditional vehicle fleet, such as Prokee, Proximity Cards, and Keypad Entry.
- ☐ **Support Existing Workflows** - Utilize the same workflows for your electric vehicle fleet as you do for your current traditional vehicle fleet.

<u>PART ID</u>	<u>DESCRIPTION</u>	<u>MSRP</u>

FMLIVE ANNUAL CUSTOMER SERVICE LEVEL RENEWALS

Syntech provides the FMLive Cloud Hosting service and a manufacturer's warranty on FMU equipment for 15 months from the date of shipment, or for 12 months from the date of installation, whichever comes first. After the initial FMLive service and warranty period conclude, customers can choose from four customer service levels to continue their FuelMaster FMLive service.

FMLive					
FuelMaster FMLive Service at Every Level	Basic Service	Limited Service	Initial Warranty	Standard Service	Premium Service
Cloud Hosting with Cellular Connectivity	X	X	X	X	X
Free Software and Firmware Updates	X	X	X	X	X

FlowFT Features and Benefits

- ❑ **Mobile Fuel Automation** - Supports product costing, fueling limits, and barcode transactions.
- ❑ **Equipment and User Validation** - Securely authorizes transaction based on site, product and equipment data.
- ❑ **FM*Live* Connectivity** - View fuel transfer transactions in real-time via cellular connectivity.
- ❑ **Industry and Market Applications** - Cost effective fuel management solution for retail propane, general aviation, de-icing, off-road/skid/portable tank re-fueling, oil delivery, mining, construction, and aggregates.
- ❑ **Companion Mobile App** - Bluetooth connection to FMLink app on tablet or phone.

<u>PART ID</u>	<u>DESCRIPTION</u>	<u>MSRP</u>
144M0300-30	FLOW FT - DC MOTOR CONTROL (20A)	\$2,100
144M0300-40	FLOW FT - AC MOTOR CONTROL (10A)	\$2,100

FlexFD Features and Benefits

The FlexFD (Fuel Delivery) is a fuel management system intended to control and record fuel transactions from mobile fuel tanker trucks delivering fuel to tanks or equipment.

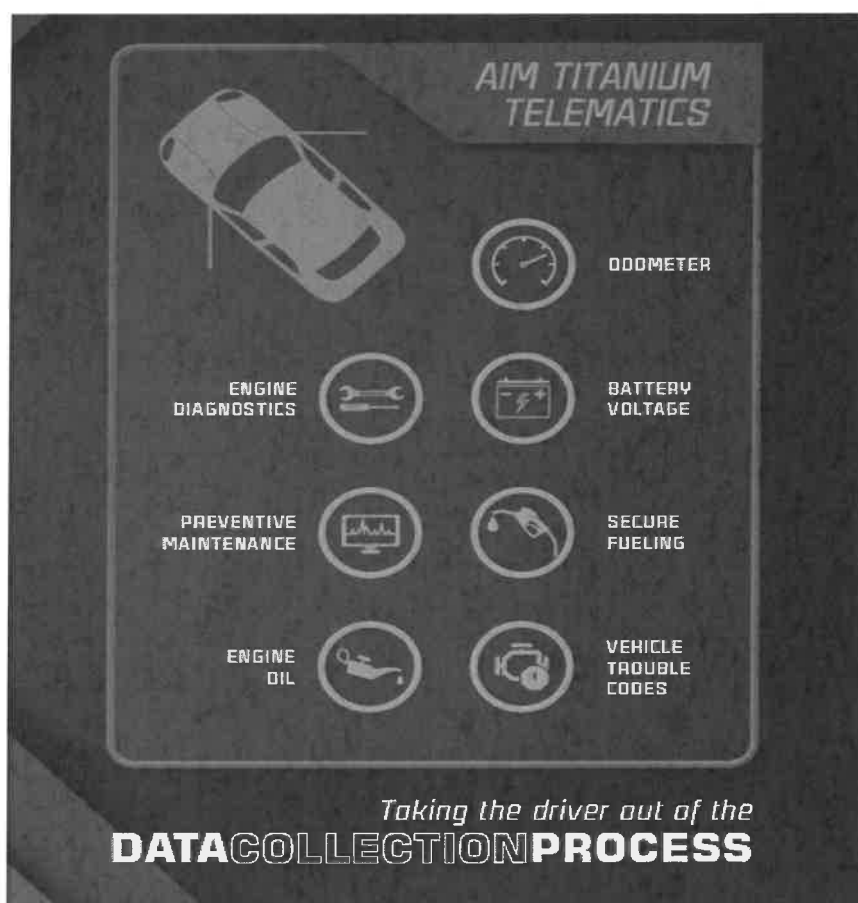

- ☐ **Variety of Authorization Media** - Securely authorizes transaction using Keypad, Prokee, RFID/Prox Card, Barcode or AIM
- ☐ **Equipment and User Validation** - Securely authorizes transaction based on site, product and equipment data.
- ☐ **FM*Live* Connectivity** - View fuel transfer transactions in real-time via cellular connectivity.
- ☐ **Industry and Market Applications** - Fuel management solution for retail propane, general aviation, de-icing, off-road/skid/portable tank re-fueling, oil delivery, mining, construction, and aggregates.
- ☐ **Collect Additional Data** - Captures odometer, pricing, and supplemental information (ex. Job Number) .
- ☐ **Multiple Products** - Control for two hoses and multiple products on a single meter

FM*Live* TELEMATICS

AIM Titanium Features and Benefits

- ❑ **Secure Fueling** - Only authorized transactions are initiated, preventing fuel theft, through the use of patented passive fueling RFID technology.
- ❑ **Driver Data** - Alerts when aggressive driving occurs with rapid acceleration and hard brake monitoring.
- ❑ **VIN Reporting** - The module pairs itself to the vehicle using the unique Vehicle Identification Number, preventing the module from being removed and used for fraudulent fuel purchases.
- ❑ **End-to-End Encryption** - Protect your fuel and fleet data securely with the federally recommended FIPS140-2 encryption.
- ❑ **On-Board Diagnostic Data** - Monitor your fleet data including dash odometer, engine hours, trouble codes, fuel economy, and battery voltage.
- ❑ **Solutions for All Fleet Types** - Able to be equipped to any vehicle type including single, dual, light and heavy duty configurations.

FlexDC Features and Benefits

- ❑ **Telematic Data Collection** - Collect all your AIM data at non-fueling or high-traffic areas such as garages, parking lots, and access gates.
- ❑ **Portable Configuration** - Mount to vehicle for off-site AIM programming and remote data collection.
- ❑ **Real Time Connectivity** - Uploads telematic data seamlessly to FMLive.
- ❑ **Custom Installation Options** - Powered by AC, DC, or Power-Over-Ethernet (PoE). Connect using cellular or wired Ethernet.
- ❑ **Automated AIM Programming** - Instantly pair newly installed AIM's to FMLive without any user intervention.
- ❑ **Features Under Development** - Gate control, vehicle access monitoring, car wash, and more!

LEGACY WARRANTY AND EXTENDED MAINTENANCE PLANS

Syntech provides a manufacturer's warranty on FMU equipment for 15 months from the date of shipment, or a 12 month period from date of installation, whichever comes first. Additionally, Syntech provides a 12 month manufacturer's warranty on AIM equipment from date of purchase. Further protect your investment by purchasing an extended maintenance program from one of our annual plans below.

LEGACY

LIMITED MAINTENANCE

\$550 First Unit
\$275 Each Additional Unit

- ☐ Unlimited phone support and diagnostics from 8:00am - 8:00pm EST, Monday through Friday, excluding federal holidays
- ☐ Free Software/Firmware Updates

STANDARD MAINTENANCE

\$1,175 Each Prokee/Smartcard Unit
\$1,275 Each Credit Card Unit
\$400 Each Pedestal Receipt Printer

- ☐ Unlimited phone support and diagnostics from 8:00am - 8:00pm EST, Monday through Friday, excluding federal holidays
- ☐ Free Software/Firmware Updates
- ☐ Free Required Repair Parts (excluding Acts of God)

SUPER MAINTENANCE

\$2,650 Each Unit
\$850 Each Pedestal Receipt Printer

- ☐ Unlimited 24/7 phone support and diagnostics with no holiday restriction
- ☐ Free Software/Firmware Updates
- ☐ Free Required Repair Parts
- ☐ Free Surge / Lightning Kits
- ☐ Acts of God coverage
- ☐ Free Certified Technician site visits as required

* ALL FMUs MUST BE COVERED

TELEMATICS & MOBILE

FLOW FT

\$225 Each Unit

- ☐ Unlimited phone support and diagnostics from 8:00am - 8:00pm EST, Monday through Friday, excluding federal holidays
- ☐ Free Firmware Updates
- ☐ Failed Hardware Replacement

AIM

\$6.25 each AIM Module

- ☐ Unlimited phone support and diagnostics from 8:00am - 8:00pm EST, Monday through Friday, excluding federal holidays
- ☐ Failed Hardware Replacement
- ☐ Free firmware and OBD data set updates

FLEX DC

\$550 Each Unit

- ☐ Unlimited phone support and diagnostics from 8:00am - 8:00pm EST, Monday through Friday, excluding federal holidays
- ☐ Free Firmware Updates
- ☐ Failed Hardware Replacement

* ALL AIMs MUST BE COVERED

TRAINING SERVICES

CUSTOMER COURSES

Software Training (FMLive and FMPlus) - Online

MSRP

This is a comprehensive series of tutorial videos designed to teach students all about the functions and capabilities of our software including users, vehicles, reports, transactions, inventory, and other operating features and options. This series is self-paced and perfect for training one or more employees. FMLive and FMPlus Software training is FREE for new customers and offered to existing customers for a fee.

\$450

FuelMaster Fundamentals/3-day Course - In-Person (Tallahassee, FL) or Virtual

This 3-day course focuses on the fundamentals of the daily operations of our Legacy software to include the first steps in troubleshooting hardware. It also covers the basics of our AIM system along with other Syntech products and provides a brief overview of the FMLive system. This is recommended for new customers or existing customers who have had employee turnover, internal role changes, or are interested in a refresher course.

\$550

INSTALLER COURSES

Installer Certification/4-day Course - In Person (Tallahassee, FL) or Virtual

MSRP

This 4-day course certifies or recertifies distributors' technicians as FuelMaster Authorized Service Representatives (ASRs). It provides training on the installation, troubleshooting, warranty, third-party products and required policies and procedures pertaining to FuelMaster products. A minimum passing score of 80% on the certification exam is required to receive a valid FuelMaster Authorized Service Representative (ASR) card.

\$850

Installer Certification/3 to 4-day Course - Regional

This course certifies or recertifies distributors' technicians as FuelMaster Authorized Service Representatives (ASRs). It provides training on the installation, troubleshooting, warranty, third-party products, and required policies and procedures pertaining to FuelMaster products. A minimum passing score of 80% on the certification exam is required to receive a valid FuelMaster Authorized Service Representative (ASR) card. For Regional Locations and Costs, please call: (800) 888.9136 x1330.

Available upon request

Installer Recertification Course - Online

This self-paced course recertifies existing FuelMaster Authorized Service Representatives (ASRs). It provides a comprehensive review of installation, troubleshooting, warranty, third-party products and required policies and procedures pertaining to FuelMaster products. A minimum passing score of 80% on the exam is required to receive a valid FuelMaster Authorized Service Representative (ASR) card.
