Heather,

Just looking over the CDOs. I know these are only moving hours from year to the next but do they need Governor's Office approval?

Thanks.

Re:

CDO MIS2500000003-Change Order No. 1

The Office of Management Information Services (MIS) is requesting approval for the CDO MIS2500000003. This change order is to move the remaining amount of money and hours from Modification and Enhancement Year 7 to Modification and Enhancements Year 8. It is understood by OPTUM and MIS, that the number of hours from Year 8 will be less than Year 7 due to the fact of the hourly rate change from Year 7 to Year 8. We understand this process should have been completed prior to now. However, OPTUM was working on making sure the number of hours matched with what the State of WV has. MIS has been waiting for them to send us the final change order information.

This checklist **MUST** be completed by a state agency's designated procurement officer and submitted with the Purchase Requisition to the Purchasing Division. The purpose of the checklist is to verify that an agency procurement officer has obtained and included required documentation necessary for the Purchasing Division to process the requisition without future processing disruptions. At the agency's preference, the agency **MUST** either submit the checklist by attaching it to the requisition's Header **OR** by placing it in the requisition's Procurement Folder.

| *The items pre-checked are required before a Purchase Requisition may be submitted to the Purchasing Division. Failure to complete and verify this documentation may result in rejection of the requisition back to the agency. It is up to the agency procurement officer to determine if pre-approvals, insurance, or other documentation is needed for the purchase. The referenced information below may be used to make this determination.  For Purchasing Division Use Only:  I have reviewed the requisition identified above and find that it is sufficient to advertise publicly to the vendor community. My review does not preclude the possibility that the vendor community, or some other entity, will identify an area of concern; however, should such issues or concerns arise, they will be reviewed and addressed as may be appropriate. |  |           |                       |              |                             |  |  |
