Section 3- Emergency Assistance

Project Lead- Data Migration and Support (NBS/WVEDSS)

Emergency Assistance may be utilized for a period of up to 120 hours for each category of service listed below, over a period of 10 calendar days. Emergency Assistance is only to be used in response to a government declared public health emergency to provide for rapid response to changing surveillance and reporting requirements to deal with the emergency. Leveraging Emergency Assistance will allow the State to immediately respond to the emergency while scoping and preparing one or more statements of work under the T&M Support procedures of the contract. If Emergency Assistance is requested the State and the Vendor will determine which service categories will be utilized. Once Service Categories are determined, Emergency Assistance must be priced at the daily rate for each service category to be utilized in the table below and will be billed at the Emergency Assistance daily rate (the sum of the Emergency Assistance Daily Rates agreed upon in the table). Invoice must include the description "Emergency Assistance, " the number of days of assistance provided (not to exceed 10) and the extended price (unit price X days). Emergency Assistance will be in effect for the shorter of 10 days, or the amount of time required to execute a deliver order for Time and Material Support, or until the Public Health Emergency is rescinded. Decisions to request and to terminate Emergency Assistance rest solely with the State of WV. Declaration of a Public Health Emergency by State or Federal Officials does not automatically trigger this provision nor does a declaration that the emergency has ended terminate them.

Project Lead- Data Migration and Support (NBS/WVEDSS)

Emergency Assistance may be utilized for a period of up to 120 hours for each category of service listed below, over a period of 10 calendar days. Emergency Assistance is only to be used in response to a government declared public health emergency to provide for rapid response to changing surveillance and reporting requirements to deal with the emergency. Leveraging Emergency Assistance will allow the State to immediately respond to the emergency while scoping and preparing one or more statements of work under the T&M Support procedures of the contract. If Emergency Assistance is requested the State and the Vendor will determine which service categories will be utilized. Once Service Categories are determined, Emergency Assistance must be priced at the daily rate for each service category to be utilized in the table below and will be billed at the Emergency Assistance daily rate (the sum of the Emergency Assistance Daily Rates agreed upon in the table). Invoice must include the description "Emergency Assistance, " the number of days of assistance provided (not to exceed 10) and the extended price (unit price X days). Emergency Assistance will be in effect for the shorter of 10 days, or the amount of time required to execute a deliver order for Time and Material Support, or until the Public Health Emergency is rescinded.

Decisions to request and to terminate Emergency Assistance rest solely with the State of WV. Declaration of a Public Health Emergency by State or Federal Officials does not automatically trigger this provision nor does a declaration that the emergency has ended terminate them.

Re: \$100,000 Spending Requests

MEMORANDUM

Pursuant to Executive Order 4-25, signed into effect by Governor Morrissey on January 14th, 2025, all expenditures over \$100,000 must be reviewed by the Governor's Office in advance. Any solicitations, purchase orders, or other contracts currently in the possession of the Purchasing Division, which are estimated to cost over \$100,000 are being placed on hold for review. Our Division is providing documentation of those to the Governor's Office for review.

Any new requisitions valued over \$100,000 that are received by the Purchasing Division, must have a copy of this memorandum and accompanying signatures to process as usual. If there is no evidence of Governor's Office review or approval, your requisition will be returned to seek that approval.

Thank you all for your hard work, and please feel free to reach out with any questions on our end; if you have questions about the procedure for seeking the necessary approvals internally, I would recommend reaching out to your Cabinet Secretaries and/or your Department's Governor's Office liaison.

**SUBJECT: INFORMATION TECHNOLOGY PROCUREMENT
WVOT Number 2025-2574**

DATE: June 2, 2025

West Virginia Code §5A-6-4(a) permits the Chief Information Officer to review and approve technology purchases for suitability to ensure such purchases comport with the State of West Virginia's overall strategic information technology goals.

West Virginia Code §5A-6-4c requires the Chief Information Officer to review and approve "technology projects."

West Virginia Code §5A-6-5 requires that "any state spending unit that pursues an information technology purchase that does not meet the definition of a 'technology project' and that is required to submit a request for proposal to the State Purchasing Division prior to purchasing goods or services shall obtain the approval of the Chief Information Officer, in writing, of any proposed purchase of goods or services related to its information technology and telecommunication systems.

A review has been conducted of your request for a renewal for a contract with Inductive health regarding Electronic Disease Surveillance System Hosting/Maintenance needs renewed for 1 yr, the Office of Technology has determined:

X Your request is approved.

That your request is not subject to the review and approval provisions contained in Chapter 5A, Article 6 of the Code, therefore, it does not need approval by the Office of Technology.

This memorandum constitutes this office's official review and a copy should be attached to your purchase order and any other correspondence related to this request.

*The items pre-checked are required before a Purchase Requisition may be submitted to the Purchasing Division. Failure to complete and verify this documentation may result in rejection of the requisition back to the agency. It is up to the agency procurement officer to determine if pre-approvals, insurance, or other documentation is needed for the purchase. The referenced information below may be used to make this determination.

For Purchasing Division Use Only:

I have reviewed the requisition identified above and find that it is sufficient to advertise publicly to the vendor community. My review does not preclude the possibility that the vendor community, or some other entity, will identify an area of concern; however, should such issues or concerns arise, they will be reviewed and addressed as may be appropriate.
