SUBJECT: **INFORMATION TECHNOLOGY PROCUREMENT**
IS&C NUMBER: 2024-2262

DATE: **May 09, 2024**

West Virginia Code §5A-6-4(a) permits the Chief Information Officer to review and approve technology purchases for suitability to ensure such purchases comport with the State of West Virginia's overall strategic information technology goals.

West Virginia Code §5A-6-4c requires the Chief Information Officer to review and approve "technology projects."

West Virginia Code §5A-6-5 requires that "any state spending unit that pursues an information technology purchase that does not meet the definition of a 'technology project' and that is required to submit a request for proposal to the State Purchasing Division prior to purchasing goods or services shall obtain the approval of the Chief Information Officer, in writing, of any proposed purchase of goods or services related to its information technology and telecommunication systems.

After conducting a review of your request for Blanket approval for remaining contract renewals for WVDOT CMAs for IT Temporary Staffing Services, the Office of Technology has determined:

    X   That your request is approved.

          That your request is not subject to the review and approval provisions contained in Chapter 5A, Article 6 of the Code, therefore, it does not need approval by the Office of Technology.

This memorandum constitutes this office's official review and a copy should be attached

to your purchase order and any other correspondence related to this request.

The items pre-checked are required before a Purchase Requisition may be submitted to the Purchasing Division. It is up to the agency procurement officer to determine if pre-approvals, insurance, or other documentation is needed for the purchase. The referenced information below may be used to make this determination.

For Purchasing Division Use Only:

I have reviewed the requisition identified above and find that it is sufficient to advertise publicly to the vendor community. My review does not preclude the possibility that the vendor community, or some other entity, will identify an area of concern; however, should such issues or concerns arise, they will be reviewed and addressed as may be appropriate.
