To: All State Agencies Under Purchasing Division

From: Samantha Willis, Director & General Counsel

Re: \$100,000 Spending Requests

MEMORANDUM

Pursuant to Executive Order 4-25, signed into effect by Governor Morrisey on January 14th, 2025, all expenditures over \$100,000 must be reviewed by the Governor's Office in advance. Any solicitations, purchase orders, or other contracts currently in the possession of the Purchasing Division, which are estimated to cost over \$100,000 are being placed on hold for review. Our Division is providing documentation of those to the Governor's Office for review.

Any new requisitions valued over \$100,000 that are received by the Purchasing Division, must have a copy of this memorandum and accompanying signatures to process as usual. If there is no evidence of Governor's Office review or approval, your requisition will be returned to seek that approval.

Thank you all for your hard work, and please feel free to reach out with any questions on our end; if you have questions about the procedure for seeking the necessary approvals internally, I would recommend reaching out to your Cabinet Secretaries and/or your Department's Governor's Office liaison.

CPO GSD2500000014, Change Order 2

**Description of Action/Purpose of Procurement**

Requesting approval to proceed with Change Order# 2, which will increase the contract for the Consolidated State Laboratory Site Package, from it's original \$1,650,650.08 to a new total of \$1,884,715.86, required to cover the following changes in scope, discovered on-site subsequent to contract award:

- Construction Change Directive #1: involved a clarification of pipe alignment and invert explanation of the South Pond outlet pipe, due to a larger than expected required excavation for the retention pond;

- Construction Change Directive #2: the result of a sub-grade conditions which required additional stone, pipe, and fabric to ensure the stability of the site, after the discovery of a white clay "slip seam" in the underlying sandstone bedrock surface in the location of North (retention) Pond; this specifically addressed slippage on the access road entering the site.

All added scope results in a net 18-day extension of the overall contract duration, resulting in a new contract completion date of 1/8/2026. The project will still be completed in advance of award of the next phase, the building construction project.

Funding is from the Surplus General Revenue Appropriation for the Consolidated Lab.

It is up to the agency procurement officer to determine if pre-approvals, insurance, or other documentation is needed for the purchase. The referenced information below may be used to make this determination.

#### For Purchasing Division Use Only:

I have reviewed the requisition identified above and find that it is sufficient to advertise publicly to the vendor community. My review does not preclude the possibility that the vendor community, or some other entity, will identify an area of concern; however, should such issues or concerns arise, they will be reviewed and addressed as may be appropriate.
