Section 3- Emergency Assistance

Project Lead- Data Migration and Support (NBS/WVEDSS)

Emergency Assistance may be utilized for a period of up to 120 hours for each category of service listed below, over a period of 10 calendar days. Emergency Assistance is only to be used in response to a government declared public health emergency to provide for rapid response to changing surveillance and reporting requirements to deal with the emergency. Leveraging Emergency Assistance will allow the State to immediately respond to the emergency while scoping and preparing one or more statements of work under the T&M Support procedures of the contract. If Emergency Assistance is requested the State and the Vendor will determine which service categories will be utilized. Once Service Categories are determined, Emergency Assistance must be priced at the daily rate for each service category to be utilized in the table below and will be billed at the Emergency Assistance daily rate (the sum of the Emergency Assistance Daily Rates agreed upon in the table). Invoice must include the description "Emergency Assistance, " the number of days of assistance provided (not to exceed 10) and the extended price (unit price X days). Emergency Assistance will be in effect for the shorter of 10 days, or the amount of time required to execute a deliver order for Time and Material Support, or until the Public Health Emergency is rescinded. Decisions to request and to terminate Emergency Assistance rest solely with the State of WV. Declaration of a Public Health Emergency by State or Federal Officials does not automatically trigger this provision nor does a declaration that the emergency has ended terminate them.

Section 3- Emergency Assistance

Project Lead- Data Migration and Support (NBS/WVEDSS)

Emergency Assistance may be utilized for a period of up to 120 hours for each category of service listed below, over a period of 10 calendar days. Emergency Assistance is only to be used in response to a government declared public health emergency to provide for rapid response to changing surveillance and reporting requirements to deal with the emergency. Leveraging Emergency Assistance will allow the State to immediately respond to the emergency while scoping and preparing one or more statements of work under the T&M Support procedures of the contract. If Emergency Assistance is requested the State and the Vendor will determine which service categories will be utilized. Once Service Categories are determined, Emergency Assistance must be priced at the daily rate for each service category to be utilized in the table below and will be billed at the Emergency Assistance daily rate (the sum of the Emergency Assistance Daily Rates agreed upon in the table). Invoice must include the description "Emergency Assistance, " the number of days of assistance provided (not to exceed 10) and the extended price (unit price X days). Emergency Assistance will be in effect for the shorter of 10 days, or the amount of time required to execute a deliver order for Time and Material Support, or until the Public Health Emergency is rescinded. Decisions to request and to terminate Emergency Assistance rest solely with the State of WV. Declaration of a Public Health Emergency by State or Federal Officials does not automatically trigger this provision nor does a declaration that the emergency has ended terminate them.

Please make sure to completely fill all 4 sheets (Initial Year and Renewals 1-3) for your bid to be considered. Failure to complete all sheets will result in disqualification of submitted bid

INSTRUCTIONS: Pre-populated fields in red are billed based on actual monthly usage. The pre-populated data are not binding estimates but are used in comparing costs. **DO NOT CHANGE** Pre-Populated Data as this may result in disqualification of your bid.
For your convenience, the TOTAL COST fields calculate your costs using a formula. You should validate the result before submitting your bid. If you get a different result than the pricing sheet, you may delete the formula and enter your own value in those fields.

Support categories listed are those categories utilized in the current contract and represent the minimum support the State anticipates will be required to successfully execute the contract. Vendors may add categories if they feel other support areas are necessary. **DO NOT DELETE** categories. If, based upon the requirements in this RFQ a vendor feels a category is unnecessary or that fewer hours of support in that category will be necessary, the vendor may reduce the number of hours used to calculate the monthly firm, fixed payment. The vendor is still responsible for meeting all of the requirements at the firm, fixed price quoted. Time and Material support will not be negotiated to increase the hours of service in a category that the vendor reduces below 80 hours/month. If the vendor feels that other categories of support are necessary to meet the RFQ requirements, they should add them to the cost table with a proposed hourly rate and the number of hours per month required. If altering the cost sheet in this manner, it is the vendor's responsibility to be sure that costs are calculating properly before submitting a bid.

T&M SUPPORT

T&M Support may be utilized if there are unmet needs after the monthly allotment of 80 hours in any category has been exceeded. T&M Support may also be utilized for special projects such as adding reporting categories, enhancing a feature, etc.). If the State identifies the purpose of the SOW as SURGE SUPPORT vendor must agree to provide up to 80 hours per month to the necessary categories.

T&M Support will be ordered through a Statement of Work procedure where the State and Vendor jointly outline the scope of work, vendor prepares a detailed, not to exceed price quote based on the estimated project duration and the hourly costs for the necessary service categories below, and a delivery order (DO) is issued if the State accepts the offer. Payments are based on the actual hours required to complete the SOW up to the original not to exceed estimate.

*The items pre-checked are required before a Purchase Requisition may be submitted to the Purchasing Division. Failure to complete and verify this documentation may result in rejection of the requisition back to the agency. It is up to the agency procurement officer to determine if pre-approvals, insurance, or other documentation is needed for the purchase. The referenced information below may be used to make this determination.

For Purchasing Division Use Only:

I have reviewed the requisition identified above and find that it is sufficient to advertise publicly to the vendor community. My review does not preclude the possibility that the vendor community, or some other entity, will identify an area of concern; however, should such issues or concerns arise, they will be reviewed and addressed as may be appropriate.
