Subject: HP Change Order #14 Request Attached: HP State of West Virginia IP23

To: Mark A Atkins <mark.a.atkins@wv.gov>

Hello Mark,

I'm reaching out to submit Change Order #14, which is attached for your review. This change order addresses the removal of specific devices from our agreement due to ongoing supply constraints. Specifically, the Elite Tower 800 G9 (3.1.3 Power Desktop) and the EliteBook 6 G1i (3.1.6 Power Laptop) are being removed from our offering. The removal is necessary as a result of current supply chain challenges.

Additionally, we've made an update to the display port adapter included with the Standard Desktop configuration (3.1.2). The FH973AA adapter, which has reached end of life, will be replaced by the F7W96AA model moving

forward.

I understand Donnie is already aware of these changes to the contract. Once you have reviewed and approved the Change Order, please let us know so we can move ahead as planned. If you have any questions regarding these updates, please don't hesitate to reach out.

A quick heads-up—I will be out of the office next week for vacation. During my absence, Clark McKinnon will be available as my backup. For any questions specifically about the changes, you can also contact Steven Monjares or Sierra Garcia, both of whom are copied on this email.

Wishing you a great weekend!

Hello Donnie,

Apologies for the delay—I needed to confirm some details regarding the mobile workstations. Below is a table of product categories outlining what needs to be removed. The good news is that our workstation team said we should be good on the workstation categories through September of this year. Elizabeth and I will be working on the updated change order for Mark, and we expect to have it to you by close of business today or, at the latest, tomorrow morning.

Steven

I met with Purchasing today and have included Mark Adkins in this correspondence. We require a few items from you to ensure the continued efficient flow of this contract and associated orders.

- 1.

We need a list detailing which Line Items are currently available and sustainable, and which are

permanently  
unavailable.

2.

We request a change order to formally discontinue the unavailable Line Items. This is necessary to prevent agencies from placing orders for items that cannot be fulfilled.

Moving forward, we want to ensure that agencies ordering available items receive confirmation that their orders have been received and will be shipped. We hope to collaborate effectively to best serve our customers.

Thank you  
Donnie
