Reason for Modification:

CHANGE ORDER #1 - to increase the contract by \$201,800.25 for the implementation and migration of our existing data to this product

No change to effective dates

Original Contract Total: \$431,970.00 for year one.

Change Order No. 1 increase: \$201,800.25

New Contract Total: \$633,770.25 for year one.

All provisions of the original contract and subsequent Change Order not modified herein shall remain in full force and effect.

Extended Description:

CHANGE ORDER NO. 1

To increase the contract dollar amount to include implementation and migration of existing data to Filevine. The scope of implementation and migration services is set forth in a Statement of Work set forth on Exhibit A attached hereto and incorporated herein by reference.

Change Order No. 1 is issued to increase the dollar amount of the original contract to include implementation and data migration services. Filevine remains responsible for the performance of all obligations under the original contract, and the Attorney General's Office will be billed by Filevine for all services under this Change Order. This Change Order increases the contract amount by \$201,800.25.

The Attorney General's Office and Filevine agree to this increase to cover the implementation and data migration services described in Exhibit A. Filevine will issue monthly invoices to the Attorney General's Office for services performed. No additional expenses beyond the Flat Fee Items identified in Exhibit A will be charged without the Attorney General's Office's prior written approval.

Original Contract Total: \$431,970.00 for year one.

Change Order No. 1 increase: \$201,800.25

New Contract Total: \$633,770.25 for year one.

All provisions of the original contract and subsequent Change Order not modified herein shall remain in full force and effect.

**Exhibit A**

**STATEMENT OF WORK**

This Statement of Work ("SOW") is governed by the terms and conditions of the Sales Order, including its exhibits, as amended by Change Order No. 1 (collectively, as amended, the "Agreement"). The terms of the Agreement are hereby expressly incorporated by reference into and made a part of this SOW. Except as otherwise specifically provided for herein, in the event of a conflict between the Agreement and this SOW, the terms of the Agreement shall prevail. All capitalized terms that are used but not defined in this SOW shall have meanings given to such terms in the Agreement.

**1. SOW Term**

This SOW is effective as of May 11, 2026 (the "SOW Effective Date") and shall continue in full force and effect until the earlier of (a) completion of services outlined and (b) termination in accordance with the terms of the Agreement (the "SOW Term").

**2. Description of Services**

This SOW outlines the scope and services ("Services") Filevine will provide to help the West Virginia Attorney General (the "Subscriber") to implement, launch and adopt Filevine, Inc., ("Vendor") software platform, Filevine ("Vendor Software"). Any changes to the scope of work outlined in this SOW will require mutual agreement of the Parties and an executed Change Order.

**3. Scope**

**3.1 Filevine Core**

Item	Qty	Subscriber	Total Hours
Project Weeks	30	Every week of the project Filevine provides project management to monitor project timeline, budget, and success.	255.00

Demo to Subscriber and gather requirements for changes desired. Assumed in this scope are 30 custom fields, 6 sections, 10 phases, 10 tags, and vitals display.	Make staff subject matter experts available for calls. Complete discovery assignments. Make further customizations as desired.	12.00
Periscope Customization Hours	20	Hours to gather, configure, and deploy Periscope Cards and Dashboards.		20.00
Hours of Document Template Building (either FVDA or Core)	14	Hours to configure merge document template(s) in Vendor Software with merge templates. Estimated 45 minutes per template.	Provide template(s) in Microsoft Word .docx format. Responsible for making any style and formatting changes to template(s) before they are submitted to be built. Provide highlighted documents so that the correct merge fields may be added. Test & sign off completed documents.	15.40
Time and Billing Support Hours	10	Help firm navigate their new time and billing features, customize, train, troubleshoot, recommend best practices.	Conduct dry runs of time entry, billing, invoicing	10.00
Invoice Creation Support	1		Test and change these features as needed	2.00
Oasis Integration	Phase 2	Export reports from Oasis and into Vendor Software.		
Advanced Security Setup Hours	15	Requirements gather, building one off walls.		15.00
Weeks of (User Acceptance Testing) UAT	4			16.00
Hours to Build Work Aids, SOPs, or Other Documentation	20			20.00
Admin Training Sessions (Remote)	4	1-hour remote training session for Subscriber end users on	Participate in training. Conduct additional internal training as necessary. Create training	5.00

Item	Qty		Subscriber	Total Hours
		topics agreed upon by Filevine and Subscriber.	guides and SOPs as desired. Store recordings of training for future use.	
End User Training Sessions (Remote)	3	1-hour remote training session for Subscriber end users on topics agreed upon by Filevine and Subscriber.	Participate in training. Conduct additional internal training as necessary. Create training guides and SOPs as desired. Store recordings of training for future use.	3.75
Onsite Training (Days)	2	A team member will go on site to a single Subscriber location. All expenses included in the flat fee.	Provide access to physical site and wi-fi.	Flat Fee: \$7,700.00
Hypercare (Days)	5	The implementation team will be available for a daily call of up to 1 hour to support, train, and make small configuration changes. They will not add new features or functionality during this time.	Provide support to its users and establish a chain of issue escalation. Firm admin users will manage issues submitted by Subscriber staff. These issues could include training or process-related questions. Admin user is responsible for re-assigning break/fix remediation to Filevine Services.	10.00
Post-Go-Live Support (Weeks)	8	The team will be available for a weekly call of up to 1 hour to support and train. Filevine will not add new features or functionality during this time.		20.00
Go-Live Onsite (Days)	2	A team member will go on site to a single subscriber location. All expenses included in the flat fee	Provide access to physical site	Flat Fee: \$7,700.00

### 3.2 Migration

Item	Qty		Subscriber	Total Hours
Number of Legacy Systems to Migrate	3	LawBase Worldox Juris.		
Extract Data	3	If in scope, the team will help extract and upload data from the legacy system to Vendor Software.	Responsible for purchasing or installing software that is needed to extract or store data from legacy system, if needed. Raise tickets or coordinate	15.00

Extract Documents	1	If in scope, the team will help extract and upload documents to Vendor Software.	with legacy vendor, if needed. If not in scope, client is response to upload full database backup to AWS S3 bucket in CSV or .bak database format. Responsible for purchasing or installing software programs that are needed to extract or store documents from legacy system, if needed. Raise tickets or coordinate with legacy vendor, if needed. If not in scope, client is response to upload documents to AWS S3 bucket.	10.00
Data Map Creation	2	Create a field-to-field mapping for standard Vendor Software sections and fields.		10.00
Data Map Walkthrough	2	On a call explain data map and walk through the structure of the map, decisions that were made, areas to adjust.	If walkthrough is not in scope, Subscriber must review and return the map.	6.00
Data Migration: Standards Migration from Juris	1	Migrated data from one source system into the Vendor Software Standard sections (not custom sections). This can include projects/Cases, firm-wide contacts, project-level contacts, notes, tasks, case-specific calendar events, deadlines/reminders, SOL field.		49.00
Data Migration: Standards Migration from LawBase	1	Migrated data from one source system into the Vendor Software Standard sections (not custom sections). This can include projects/Cases, firm-wide contacts, project-level contacts, notes, tasks, case-specific calendar events, deadlines/reminders, SOL field.		49.00
Inactive Users to Load for Accurate "Created By" Metadata	0	If in scope, load inactive users into Vendor Software so that all available "Created by" metadata is accurate in the system. If not in scope, a single placeholder user will be used instead.		
Data Migration:	Not Needed	Migrate up to 20 fields into a custom section in Vendor Software.		

**Custom Sections**

<b>Time and Billing Data from Juris</b>	1	Migrate time entries including accounts receivable, work in progress, payments, and open bills/billing items. Closed items will not be migrated.		31.00
<b>Document Migration Loads from Worldox</b>	2	Associate documents with the proper projects in Vendor Software. The team will auto-assign folders and subfolders as indicated by available metadata. Approx 20 TB.		62.00
<b>Migrate Document Metadata</b>	2	"Uploaded Date" and "Uploaded By" fields on the document can be migrated by the Filevine team if Subscriber can supply that metadata.	Provide access to server, install Python if needed.	10.00
<b>Document Fuzzy Matching</b>	Not in scope	If in scope, the team will attempt to match as many matters as possible to known cases and will provide a spreadsheet of matches and non-matches. Subscriber will be responsible for adjusting that sheet and providing missing matter identifiers.	If not in scope, Filevine will not use "fuzzy logic" or string matching to guess which project a file belongs to. Filevine must be provided with metadata or other identifiers that correlate to the correct project. If there are not unique identifiers (e.g., case numbers) from the correct client project to the correlating document folder, the Subscriber is responsible for creating such identifier.	
<b>Data Deduplication or Cleansing</b>	Not in scope	The team will match data to Vendor Software endpoints but will not change the data model, clean or transform values, or deduplicate.	Responsible to extract, consolidate, de-duplicate and cleanse data, if required.	
<b>Note: Data Not In Scope</b>	Not in scope		Please note that data cannot be migrated to mailroom, deadline chains, conflict check, settlement. Related projects cannot be programmatically related via	

**4. Assumptions & Subscriber Responsibilities**

The terms of this SOW and the estimates herein are based on the following assumptions and scope exclusions which, if altered, or not met in a timely manner, as applicable, may result in additional cost and/or delay in completion of the project or any of Filevine's responsibilities hereunder.

#### 4.1 General Assumptions

- Filevine may use a blend of onshore and offshore staff based on the appropriate skill set to perform the services outlined in this SOW.
- All systems, Deliverables and materials will be developed in English.  
Consulting services may include evaluation, diagnosis, implementation, training and recommendation of methods and solutions to address issues as they relate to configuration of business rules and other implementation related customizations as directed by Subscriber's designated Project Manager.
- Any issues identified that are related to or due to the Vendor Software are out of scope as they are not within the ability or responsibility to address. If hours are needed, this will be accommodated by a Changed Order agreeable by both Parties. As part of the implementation service, Filevine will assist the Subscriber by interfacing with Vendor support/product team to help facilitate an understanding and communicate intended functionality on behalf of the Subscriber.
- Any effort to liaise with third parties is included in this SOW and will be invoiced at the appropriate time and materials rate.
- Filevine is not responsible for any delays caused by Subscriber or a third-party (For example: delays in finalization of requirements, document review cycles, approvals, etc.).

#### 4.2 Subscriber Responsibilities

- The Subscriber will provide timely reviews and management decisions as reasonably requested by Filevine. Filevine's ability to complete this effort in the time allotted and at the budget proposed is predicated in the participation and availability of Subscriber's resources. For purposes of this SOW, "timely" shall mean within fifteen (15) calendar days of receipt of any request from Filevine.
- Subscribers' Subject Matter Experts and other project resources will be available and attend scheduled workshops and training events and will be empowered to provide immediate resolution and direction concerning configuration and deployment.
- The Subscriber will provide Filevine with appropriate access to the Subscriber's third-party systems, applications and software, as may be reasonably necessary for Filevine to complete project tasks, as mutually agreed upon by Parties.
- Any documentation pertaining to the relevant business processes including but not limited to Standard Operating Procedures (SOPs), Policies, Work Instructions (WIs), Corporate Directives or Guidance, and Forms will be made available to Filevine's assigned resource(s) for review.
- While Filevine may make recommendations with respect to the Project, Subscriber shall be responsible for making all decisions with respect to the Project, whether those decisions are based on Filevine's recommendations or not, and for implementing those decisions.
- Filevine may rely upon the data and information provided by Subscriber and its agents and shall not have any responsibility for independently verifying the accuracy or completeness of such data and information. The activities under this SOW involve a collaborative effort by the Parties and Filevine will rely upon Subscriber participation in such activities. Subscriber acknowledges that the results of the Services will be based, in part, upon the information, materials and guidance provided by or on behalf of Subscriber.

## **5. ESTIMATED TIMELINE**

Subject to the terms herein, Filevine reasonably estimates in its professional judgment the timeline for the performance of services pursuant to this SOW to be seven (7) months from Filevine's receipt of the data/documents backup within a usable format. The Services shall begin on a date to be mutually agreed upon in writing (email acceptable) after this SOW is fully executed. The Services shall begin no sooner than two weeks after such requirements are met.

The high-level project timeline is based upon assumptions derived from scoping and Project strategy discussions.

The actual start date is contingent upon the following:

1. Executed SOW and any referenced agreements
2. Receipt of soft copy of Subscriber's Sales Order, if applicable
3. Application provisioning and preparation by Vendor
4. Confirmation of Filevine project team staffing (contingent on bullets 1 and 2 above)

## **6. ACCEPTANCE CRITERIA**

Services performed under this Statement of Work shall be deemed accepted as follows: (i) configuration services performed under Section 3.1 (including, without limitation, project setup, division setups, security configuration, document templates, billing configuration, and related customization activities) shall be deemed accepted upon completion in accordance with documented requirements agreed by the Parties and demonstration to the Subscriber; (ii) data and document migration services performed under Section 3.2 shall be deemed accepted upon completion in accordance with the agreed data maps and the scope, limitations, and exclusions expressly described therein; and (iii) following configuration and migration, User Acceptance Testing shall be deemed complete upon expiration of the UAT period specified in Section 3.1, provided there are no unresolved issues that materially prevent use of the system for its intended purpose, and Go-Live shall be deemed accepted upon the system being made available for production use and delivery of Go-Live, Hypercare, and Post-Go-Live support services as described in Section 3.1.

## **7. Fees and invoicing**

Filevine will charge the Subscriber on a time and material basis (in USD) for the performance of Services hereunder. Based on the estimated timeline, the total estimated charges and expenses under this SOW (excluding applicable taxes) are **\$201,800.25** (the "Estimated Service Charges"), payable by the Subscriber in accordance with the Agreement. Filevine shall issue monthly invoices for Services provided and expenses incurred by Filevine in connection with such Services. Additional expenses (above the Flat Fee Items) are not anticipated by Filevine for this project and no additional expenses (above the Flat Fee Items) shall be charged to the Subscriber without prior written

approval. Failure to provide a monthly invoice does not relieve the Subscriber from its obligation to pay.

Table 7.1

<b>ITEM</b>	<b># of HOURS</b>	<b>HOURLY RATE</b>	<b>TOTAL COST</b>
Consultant	688.15	\$235.00	\$161,715.25
Director	32	\$275.00	\$8,800.00
Sr. Director	17	\$325.00	\$5,525.00
Document Generation	14	1\$190.00	\$2,660.00
Flat Fee Items — Onsite Support			\$23,100.00
<b>Total Estimated Service Charges</b>			<b>\$201,800.25</b>

**8. Project Managers and Key Personnel**

Each Party shall appoint and inform the other Party of the individual that will be the delivery lead or project manager for such Party with respect to this SOW and shall use good faith efforts to maintain their same project managers throughout the project, but if a change becomes reasonably necessary, either Party may replace its project manager with another individual with the experience and skills required to carry out its role. Filevne personnel performing the Services will be the first point of resolution for any problems or issues, with escalation to the project managers of the Parties as the situation may require.

In addition to the Subscriber Project Manager, the Subscriber will assign the following resources who shall have the appropriate skills and responsibilities required:

- IT Representatives
- Subject Matter Experts

**9. Management Responsibilities**

Filevne, in their sole professional judgment, reserves the right to refuse to take any action that could be construed as assuming management responsibilities. The Subscriber agrees to make all management decisions, perform all management functions, and assume all management responsibilities for the Services; oversee the Services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the Services performed; and to accept responsibility for the results of the Services, including decisions regarding the

implementation of any recommendations provided by us. Subscribers establish and maintain internal controls relevant to its organization, including the security of email accounts or other methods used to communicate with our engagement team members, and monitoring the effectiveness of their operation.

#### **10. Third Party Property**

The Subscriber agrees to procure, at no cost to Filevine, any third-party software, support, and licenses necessary for Filevine to meet the project requirements set forth herein. The Subscriber is responsible for promptly obtaining and providing Filevine all third-party consent and approvals required to give Filevine and its affiliates and/or subcontractors, as applicable, the right or license to access, use and/or modify such third-party software or other intellectual property, as necessary to carry out the obligations hereunder.

#### **11. Out Of Scope/Future Work**

All work not explicitly outlined as In Scope should be considered out of scope for this project. If the Subscriber wishes to expand their project during the implementation it will require a Change Order executed by both Parties.

#### **Examples of Out-of-Scope Work:**

- Additional configuration beyond what is defined in the SOW
- Support for integration development by Subscriber
- Additional data or file migration (Excel spreadsheets, additional systems, additional tables on in-scope systems...)
- Additional document generation templates
- Financial set-up or consultation
- Any integrations not explicitly included in this Statement of Work are specifically excluded from the deliverables of the Statement of Work (for example: E-Signature Integration, SMS texting integration, Phone/CTI Integration, QuickBooks or any other accounting integration.)
- Legal review of implementation to confirm compliance with locally applicable law
