**The West Virginia Schools for the Deaf and the Blind
Blind School Building: New Roof Specifications**

A. Special Conditions

1. **Building Operations:** This building will be in full operation during the course of this work. Contractor must keep the WVSDB's representative fully advised of work areas and sequence of construction. All removal work must be planned so that areas uncovered during the day are made water tight (permanent or temporary) before the close of work the same day. Absolutely NO exceptions to this will be permitted.
2. **Project Supervision:** The Contractor must appoint an Onsite Project Supervisor at the beginning of this project. This Supervisor can not be removed and replaced without written permission of the WVSDB's representative.
3. **Temporary Toilets:** Use of WVSDB's toilet facilities will not be permitted. Contractor must supply portable type toilets for use by its crew.
4. **Power and Water:** WVSDB will supply one (1) 120 volt 20 amp power supply and one (1) garden hose type water supply for the contractors use. Cost for extension of same will be the responsibility of the Contractor.
5. **Protection of Contractors Property:** The Contractor is solely responsible for the protection of his property against loss by theft or otherwise.
6. **Storage of Materials:** The Contractor shall make arrangements for storage of his equipment and materials in an area designated by the WVSDB representative.
7. **Protection Against Weather:** The Contractor shall carefully protect his work, materials and WVSDB property against damage or injury from weather. If any work, materials or any part of the building has been damaged by reason of failure or neglect, such materials and work shall be removed and replaced at the expense of the Contractor and to the satisfaction of the WVSDB representative.
8. **Removal of Debris:** The Contractor will clean up, daily, all refuse, rubbish, scrap materials and debris caused by or related to his operations, so that at all times, the jobsite is orderly and neat. Existing roof materials, removed, or debris from the new roofing materials shall be lowered from the roof by approved methods; materials can not be thrown off of the roof to the ground or dumpsters below.
9. **Drainage System:** The Contractor shall take care to see that the existing roof drainage system does not become blocked or plugged by debris, cuttings, cement, etc, during the course of this work, and at the conclusion of the work, will conduct tests as are deemed necessary to assure free flowing operation of the roof drainage system. Contractor must verify drains are open prior to beginning of work.
10. **Existing Roof Mounted Equipment:** Contractor is responsible for raising and resetting all roof mounted equipment, if required for new construction, in accordance with approved procedures. If the Contractor needs to disconnect any equipment then it is the responsibility of the Contractor to reconnect that equipment in accordance with approved methods.
11. **Mandatory Prebid:** Contractor must attend a mandatory prebid meeting as set forth elsewhere in this document. Contractor acknowledges by his bid he has visited the site, ascertained quantities of work, inspected existing construction conditions, conducted his own investigation and is fully aware of the extent and nature of all work to be performed under this contract.

12. Project Completion Date: Contractor acknowledges by his bid that this project must be completed by June 30, 2007 or in the number of working days specified in the pricing section of this document, whichever date comes first. Exception will be made for and the contract completion date extended for unusual periods of inclement weather. Contractor is to assume a maximum of six (6) inclement weather days per calendar month in his work schedule.

B. Technical Specifications

1. The Blind School Building has five (5) separate roof sections with an approximate total area of 18,116 square feet. Roof Section 1 (Auditorium Wing) is approximately 56'-2" by 105'-3", is covered by EPDM roofing over insulation on metal decking, has six (6) roof drains and numerous roof penetrations (vent pipes, ducts, and equipment curbs). Roof Section 2 (Classroom Wing) is approximately 64'-8" by 178'-0", is covered by EPDM roofing over insulation on concrete decking, has fourteen (14) roof drains and numerous roof penetrations (vent pipes, ducts and equipment curbs). Roof Sections 3 (Storage Area A/B) and 4 (Storage Area C/D) are approximately 12'-0" by 23'-8" each, is covered by built-up type roofing over insulation on metal decking and have one (1) roof drain each. Roof Section 5 (Elevator Shaft) is approximately 9'-7" by 13'-1", is covered by built-up type roofing over insulation on metal decking, has one (1) roof drain and one (1) roof hatch curb.
2. The existing Lightning Arrestor System is to be removed before the existing roof materials are removed; then reinstalled upon completion of the new roofing system. This work is to be completed by persons or subcontractors who are licensed by Underwriters Laboratory. Upon completion of the reinstallation the Contractor shall supply the WVSDB's representative with a Letter of Certification that the reinstalled system was completed to UL specifications.
3. Remove all existing roofing (built-up or EPDM), insulation, counter flashing, flashings and gravel stops to expose the supporting deck. Special care must be taken not to damage the decking or soffit panels. Any decking or soffit panels damaged by the Contractor's neglect shall be repair or replaced at his expense.
4. Broom clean all substrates before applying any new work.
5. Once the roof is removed, any deteriorated decking is to be reported to the WVSDB's representative immediately.
6. Remove all existing roof drains and retrofit the roof drain system with new roof drains, except for the roof drain on Roof Section 5 (Elevator Shaft). The new roof drains shall be complete from the dome strainer down to the hub and/or clamping collar connection to the existing drain pipe. The new roof drains shall be compatible with the new EPDM roof system and approved by its manufacturer. The roof drain on Roof Section 5 shall not be replaced; the existing drain pipe for this drain shall be capped below the roof deck with a pipe support added and anchored to the existing building wall. The resulting deck opening shall be covered with a new section of metal roof decking of similar design or 11 ga. painted flat metal; either patch may be welded or mechanically fastened to the existing deck.

7. All new roofing materials shall be received on site in original packages with identifying labels. All materials shall be kept dry at all times prior to use. Handle and store materials carefully to avoid damage prior to use.
8. Install two (2) layers of 1" polyisocyanurate roof insulation over the existing roof decking. Insulation shall have an inorganic fiberglass facer suitable for rubber roof insulation and shall comply with Federal Specification No. HH1972/2. Each layer of insulation shall have an R value of 6, for a total R value of 12. The insulation shall be attached by method(s) approved by the EPDM manufacturer and shall have the layer seams staggered.
9. Install a new .060" thick non-reinforced EPDM membrane roof fully adhered over the insulation; by method approved by the manufacturer. The EPDM membrane shall meet or exceed the minimum requirements set forth by ASTM D 4637, and CGSB 37-GP-52M, for Type I, Class A, non-reinforced EPDM single-ply roofing membranes.
10. Install wall and curb flashing utilizing new cured .060" thick EPDM membrane; install in accordance with the EPDM manufacturer's latest flashing details. Install aluminum counter flashing at wall terminations; apply silicone caulk joint where flashing meets the building walls. EPDM flashing shall be covered under the roofing warranty as a flashing endorsement.
11. Install new gravel stops, fabricated out of .040" thick aluminum, around the perimeter of all roof sections; terminate using good roofing practices approved by the EPDM manufacturer.
12. Special consideration shall be taken on Roof Section 5 (Elevator Shaft). Due to the elimination of the roof drain, this roof section shall be constructed with flashing and/or tapered insulation to divert the water to the east side of the section. On the east side of this section the Contractor shall install an aluminum gutter or scupper with flashing and a downspout to lower the water down to Roof Section 3 (Storage Area A/B).
13. Roof Warranty shall be fifteen (15) years with no penal sum guarantee from the EPDM roofing manufacturer. It shall include and cover all materials included in the roof assembly. In addition, Contractor shall provide a two (2) year Contractor's Warranty covering workmanship and installation of materials.

BID BOND

KNOW ALL MEN BY THESE PRESENTS, That we, the undersigned, Boggs Roofing, Inc.
of PO Box 7455, Huntington, WV 25776, as Principal, and Western Surety Company
of U.S. Steel Tower, 600 Grant Street, Suite 500, Pittsburgh, PA a corporation organized and existing under the laws of the State of South Dakota with its principal office in the City of Sioux Falls as Surety, are held and firmly bound unto the State of West Virginia, as Obligee, in the penal sum of Five Percent (\$ 5%) for the payment of which, well and truly to be made, we jointly and severally bind ourselves, our heirs, administrators, executors, successors and assigns.

The Condition of the above obligation is such that whereas the Principal has submitted to the Purchasing Section of the Department of Administration a certain bid or proposal, attached hereto and made a part hereof, to enter into a contract in writing for Project DBSM72249, School for the Deaf and Blind, to replace the roof on the Blind School Classroom Building in accordance with plans and specifications.

NOW THEREFORE,

- (a) If said bid shall be rejected, or
- (b) If said bid shall be accepted and the Principal shall enter into a contract in accordance with the bid or proposal attached hereto and shall furnish any other bonds and insurance required by the bid or proposal, and shall in all other respects perform the agreement created by the acceptance of said bid, then this obligation shall be null and void, otherwise this obligation shall remain in full force and effect. It is expressly understood and agreed that the liability of the Surety for any and all claims hereunder shall, in no event, exceed the penal amount of this obligation as herein stated.

The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety and its bond shall be in no way impaired or affected by any extension of the time within which the Obligee may accept such bid, and said Surety does hereby waive notice of any such extension.

IN WITNESS WHEREOF, Principal and Surety have hereunto set their hands and seals, and such of them as are corporations have caused their corporate seals to be affixed hereunto and these presents to be signed by their proper officers, this 20th day of February, 2007.

Authorizing By-Law

ADOPTED BY THE SHAREHOLDERS OF WESTERN SURETY COMPANY

This Power of Attorney is made and executed pursuant to and by authority of the following By-Law duly adopted by the shareholders of the Company.

Section 7. All bonds, policies, undertakings, Powers of Attorney, or other obligations of the corporation shall be executed in the corporate name of the Company by the President, Secretary, and Assistant Secretary, Treasurer, or any Vice President, or by such other officers as the Board of Directors may authorize. The President, any Vice President, Secretary, any Assistant Secretary, or the Treasurer may appoint Attorneys in Fact or agents who shall have authority to issue bonds, policies, or undertakings in the name of the Company. The corporate seal is not necessary for the validity of any bonds, policies, undertakings, Powers of Attorney or other obligations of the corporation. The signature of any such officer and the corporate seal may be printed by facsimile.

A F F I D A V I T

West Virginia Code §5A-3-10a states:

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION:

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

LICENSING:

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.
