Re: RFQ#DJS010239

Dear Mr. Abbott:

CMA Engineering and Associated Architects, Inc. are pleased to submit our expression of interest in providing engineering/architectural design services for the proposed renovations to the Jones Building located on the grounds of the West Virginia Industrial Home for Youth.

CMA Engineering has provided design services for numerous fire protection systems. From the design of the fire sprinkler system at the new DEP Consolidated Office Building, to the analysis and upgrading of the fire protection system at West Virginia University's Coliseum, to the fire sprinkler renovations of the dormitories at Concord University, our professional staff is kept informed of the current codes and design criteria through its association with such professional affiliations as the National Fire Protection Association and International Code Council. CMA Engineering has previously provided mechanical, electrical, plumbing and fire protection design services for the new two-story dormitory at the West Virginia Industrial Home for Youth. CMA has also provided engineering services for renovations/additions to the St. Mary's Correctional Facility, the Pruntytown Correctional Facility and the Eastern Regional Jail in Martinsburg.

CMA Engineering and Associated Architects, Inc. have collaborated on numerous projects including the new DEP Consolidated Office Building, renovations to the Public Service Commission Office Building, renovations to the Office of Chief Medical Examiner and the renovations and addition to the Mingo County Department of Health and Human Resources

We believe that our Team is highly qualified to perform the services outlined in the RFP and look forward to presenting a more comprehensive statement of our qualifications in a personal interview.

CMA Engineering

Sincerely,
CMA Engineering
