**GENERAL TERMS & CONDITIONS  
REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)**

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. All quotations are governed by the *West Virginia Code* and the *Legislative Rules* of the Purchasing Division.
4. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125.00 registration fee.
5. All services performed or goods delivered under State Purchase Orders/Contracts are to be continued for the term of the Purchase Order/Contract, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods, this Purchase Order/Contract becomes void and of no effect after June 30.
6. Payment may only be made after the delivery and acceptance of goods or services.
7. Interest may be paid for late payment in accordance with the *West Virginia Code*.
8. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
9. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
10. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
11. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern all rights and duties under the Contract, including without limitation the validity of this Purchase Order/Contract.
12. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
13. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, this contract is automatically null and void, and is terminated without further order.
14. **HIPAA Business Associate Addendum -** The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, and available online at the Purchasing Division's web site (<http://www.state.wv.us/admin/purchase/vrc/hipaa.htm>) is hereby made part of the agreement. Provided that, the Agency meets the definition of a Covered Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.

---

**INSTRUCTIONS TO BIDDERS**

1. Use the quotation forms provided by the Purchasing Division.
2. **SPECIFICATIONS:** Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as **EQUAL** to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Complete all sections of the quotation form.
4. Unit prices shall prevail in cases of discrepancy.
5. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
6. **BID SUBMISSION:** All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications.

**DNR80113 – GOLF COURSE CHEMICALS RFQ SPECIFICATIONS  
BID OPENING: JANUARY 24, 2007; 1:30 PM**

To provide golf certified chemicals, soil amendments, turf type seed and general turf care products for West Virginia State Parks operated golf courses: Cacapon, Hawks Nest, Pipestem and Twin Falls State Park Facilities. West Virginia State Park non-golf course facilities may also purchase non-regulated chemicals, seed, and turf products within this contract; also all county and municipalities may purchase from this contract. The State of West Virginia always has preference over all other agencies regardless of the time of order. Should inventory of any chemical be low, the state-owned golf courses listed on this RFQ will have first preference over any and all other agencies.

This contract provides for product(s) to be ordered by case, unless noted within description as described within this request for quotations. Due to high cost of some chemicals, a few products are listed both in case items as well as single units items.

Vendor Bids:

If a product lists a company, and/or manufacturer agency product then "No Substitutions" or generic will be approved. Product line items that do not note Manufacturer/Company, vendor must provide product label, which includes chemical/product data, and proof that product meets or exceeds specifications.

Product selection:

Selection of those product substitutions (if Manufacturer is not specified) will be made on the basis of cost per unit, label ingredients, and product application rate comparisons as evaluated by golf course facility operators and their specific application use. There shall only be one vendor award per line item.

We expect multiple vendor awards to manufacturer agency chemicals: In the best interest of the State of West Virginia individual item numbers will be awarded to prospective low bidder. In the case of "agency" chemicals, there will be multiple awards if same low bids are quoted.

Life of contract

The life of this contract will be effective on date of award and extends until the end of Calendar year 2007, or until such "reasonable time" thereafter as is necessary to obtain a new contract or renew the original contract. The "reasonable time" period shall not exceed four (4) months. During this "reasonable time" the vendor may terminate this contract for any reason upon giving the Director of Purchasing 30 days written notice.

Eligible park facilities:

All West Virginia State Park Facilities may order within this contract: (Specific chemicals may be excluded depending chemical applicator permits requirement). Vendor is responsible for verification of permits as guided by West Virginia State law.

## Facilities include:

Golf Course Facilities within this contract**Cacapon Resort State Park**

Tom Ambrose, Superintendent  
818 Cacapon Lodge Drive  
Berkeley Springs, WV 25411, (304) 258-6691; FAX (304) 258-8867

**Hawks Nest State Park**

Thomas Shriver, Superintendent  
P.O. Box 857  
177 West Main Street  
Ansted, WV 25812, (304) 658-5196; FAX (304) 658-4549

**Pipestem Resort State Park**

Steve Bolar, Superintendent  
Rt.20 Box 150  
Pipestem, WV 25979, (304) 466-1800; FAX (304) 466-2803

**Twin Falls Resort State Park**

Nathan Hanshaw, Assistant Superintendent  
Rt. 97 P.O. Box 667  
Mullens, WV 25882, (304) 294-6000; FAX (304) 294-5000

Also Facilities that may order items within the contract include:

- \* Lodge parks, without golf course facilities
- \* Vacation parks
- \* Day use parks
- \* Historical parks

Individual address and contact names for park locations and bidding evaluation purposes may be evaluated on the web: [www.wvstateparks.com](http://www.wvstateparks.com).

Specific order(s) through the year will be determined by seasonal needs of individual State Park Superintendents.

**Delivery of product:**

Product purchase orders will be made from the respective facilities as needed throughout the 2007 calendar year. Orders from this contract shall be delivered

FOB destination prepaid and allowed. Agency may make purchases of less than \$500 from a local source if price includes delivery and a savings results from local purchase.

Vendor Order form: - The vendor shall work jointly with the Parks and Recreation section in developing an order form and catalogue. Information and instructions on the ordering process shall be provided to employees with the order forms.

Vendor(s) award to this purchase order shall make delivery of product to specific golf courses as listed within a maximum of 10 days of order. See below for address location of the State Park operated golf courses.

Items that are shipped to location and do not meet contract product specifications shall be returned at no cost to the State park course.

Products shall be received in sealed original containers. Items delivered damaged will be returned to vendor for replacement at no cost to buyer.

**Payment:**

Orders under the value of \$2500.00 shall be paid using State of West Virginia issued VISA purchasing credit card as condition of award.

Purchase orders over the \$2500.00 dollar amount shall be invoiced to the park. Original invoice is required with delivery slip.

**Training and technical service:**

Vendor supplying product within their award shall provide facility technical service and professional training a minimum of twice a year to the respective park golf course staff relating to the product award at no charge. This training shall be scheduled with golf manager for appropriate timeframes of course needs. Training and chemical service shall include at minimum but not be limited to product safety, proper handling, storage, application rates and approved uses within golf turf care.

**Product Estimates:**

Quantities listed below are approximations only, based on estimated usage from respective golf course managers. Actual products ordered will be determined by seasonal changes depending on weather and site specific turf care needs whether that be more or less that the quantities shown.

# AFFIDAVIT

**West Virginia Code §5A-3-10a states:**

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

**DEFINITIONS:**

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

**EXCEPTION:**

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

**LICENSING:**

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

**CONFIDENTIALITY:**

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit [www.state.wv.us/admin/purchase/privacy](http://www.state.wv.us/admin/purchase/privacy) for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.

## Specimen Label

# GREEN LAWNGER

## Turf Paint and Divot Mix Colorant

Green Lawngrer restores the natural green color to turf during dormant periods. Green Lawngrer may also be pre-applied to divot mix sand, giving the mix a natural green color. Green Lawngrer contains no hazardous chemicals, heavy metals, or other inert ingredients known to be harmful to turf.

## DIRECTIONS

Before applying Green Lawngrer, cut turf to desired height. One gallon (3.78 liters) of Green Lawngrer will cover 4,000-12,000 square feet (370-1115 m<sup>2</sup>) of turf. Use at a rate of 1-2 gallons (3.78-7.56 ltrs) of spray solution per 1,000 square feet (41-82 ml/m<sup>2</sup>). The area covered will vary with the rate of Green Lawngrer used, type and condition of grass being treated, and turf color desired. Green Lawngrer may also be tank mixed with fungicides and herbicides. Check manufacturer's label for appropriate usage rates.

## Dormant Application

Dilute one gallon (3.78 liters) of Green Lawngrer with 7 to 9 gallons (26-34 liters) of water. For a darker turf color, reduce the volume of water. Some experimentation may be required with the water to colorant ratio to obtain the exact color desired. Green Lawngrer's color will last the entire dormant season.

## Non-Dormant Application

Dilute one gallon (3.78 liters) of Green Lawngrer with 15 to 20 gallons (56-75 liters) of water and apply over 9,000-12,000 square feet. (8 oz Green Lawngrer with 120 to 160 oz of water per 1,000 sq. ft.) Again, the application rate depends on the desired color. For best results on any discolored area, two applications of a higher dilution are recommended to blend the colored area in with the surrounding healthy turf.

## Divot Mix Sand

Mix 6 ounces (177 ml) of Green Lawngrer with the same volume of water. Spray or pour the solution onto 100 lbs (45 kg) of divot mix sand in a cement-type mixer. Mix until colored. Adjust the colorant to water ratio to achieve the desired color.

For best results, use low to medium sprayer pressure. Avoid overspray on concrete, masonry, or any other objects where color is not desired. Permanent staining may occur. Accidental overspray may be removed by a water rinse prior to drying. To prevent rub-off on uniforms, allow Green Lawngrer to dry prior to using athletic field. Rinse spray tank, spray nozzles, and screens thoroughly with water

immediately following use.

If this product is mixed with pesticides, the entire mixture, including rinsate, must be handled and disposed of according to all applicable local, state, and federal guidelines.

Equipment Notice: Becker Underwood recommends the use of Teflon seals to aid in the prevention of leaks when using Green Lawnger in centrifugal pumps. Standard ceramic seals may leak during operation.

### **Caution**

Keep out of the reach of children. Do not take internally. In case of eye contact, flush with large amounts of water and consult a physician. In case of ingestion, dilute with water or milk and consult a physician. Do not re-use this container. Rinse contents into the spray tank and crush prior to disposal. Do not apply to food or feed crops or grain after harvest. A spray shield is recommended for applications if overspray or drift is a potential problem. EMERGENCY CONTACT: CHEMTREC 1-800-424-9300

Notice: There are no warranties which extend beyond the description on the label hereof. The manufacturer, Becker Underwood, Inc., warrants this product to be as described on the label. ## Specimen Label

# TURF MARK

## GREEN SPRAY INDICATOR

### Specialized Spray Pattern Indicator

Improves Spray Accuracy

Dissipates With Sunlight or Moisture

Non-Toxic, Biodegradable Formula

NET CONTENTS: 2.5 GALLONS (9.45 LITERS)

### Suggested Use Rate:

Use 32 oz. of Turf Mark Green per 100 gallons of spray solution. For backpack sprayers, use 1 oz. per 1000 sq. ft. in approximately 3 gallons of spray solution. Desired rates may vary depending upon the turf height and color, and spray application volume per acre.

### Application Suggestions:

The use of flat fan spraying tips is recommended. Increasing the total volume of spray solution applied in hard to mark areas will increase the visibility. To establish a rate that is functional and economical for each application, experiment with the volume of spray solution and rate of Turf Mark Green applied per acre or area. The more Turf Mark Green you use, the darker your spray pattern.

This product is non-hazardous under OSHA standard 29 CFR 1910.1200 and SARA Title III.

**Caution:** Keep out of reach of children. Do not take internally. In case of eye contact, flush with large amounts of water and consult a physician. In case of ingestion, dilute with water or milk and consult a physician. Do not re-use this container. Triple rinse contents into the spray tank and crush container prior to disposal.

Notice: There are no warranties which extend beyond the description on the label hereof. The manufacturer, Becker Underwood, Inc., warrants this product to be as described on the label. The manufacturer's liability on this warranty is limited to return of the purchase price of this product. The buyer assumes all risks and liability resulting from the use of this product, whether used singly or in combination with other goods. The manufacturer neither assumes nor authorizes any person to assume for it any other liability in connection with the sale or use of this product.

Note: According to the U.S. Environmental Protection Agency, Office of Pesticides and Toxic Substances, no clearance is required of this product under 40 CFR 180.1001 for use on non-food crops. This product is not approved or labeled for edible or food crop use.

[Click here to print this page](#)[Close Window](#)**Specimen Label****Turf Mark Blue WSP****Blue Spray Indicator****General Information**

This carton contains 40 Turf Mark Blue WSPs. The protective outer bags are not water soluble, and should not be added to the spray tank. Protect the packets from all moisture prior to adding to the tank. Minimize handling to avoid breakage, and reseal the outer bags to protect unused packets from moisture.

**Mixing Instructions**

1. Fill the spray tank 1/2 full of water/solution. For paddle agitation systems, paddles should at least be partially covered with water.
2. Activate agitation system.
3. Add required number of water soluble packets to obtain desired color concentration (see chart for recommended rates).
4. Continue filling the tank while the packets dissolve and Turf Mark Blue WSP disperses.
5. Prior to spraying, make sure Turf Mark Blue WSP has properly dispersed in the spray tank.

Target Area	Packets Added per 50 gal./200 liters
Greens	1
Fairway/Lawn	1-2
Roughs, etc.	1-2

**Note:** The time required to dissolve the packets and disperse Turf Mark Blue WSP varies depending upon water temperature and tank agitation. Allow at least 5 minutes for the packets to dissolve after being added to the spray solution.

This product is non-hazardous under OSHA standard 29 CFR 1910.1200 and SARA Title III. This product contains no chromium or other inert metals which are listed as hazards by California Proposition 65 or other regulatory guidelines.

**Caution:** Keep out of reach of children. Do not take internally. In case of eye contact, flush with large amounts of water and consult a physician. In case of ingestion, dilute with water or milk and consult a physician.

**WARNING • AVISO**

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

See below for First Aid, Precautionary Statements and Directions for Use.  
60DA-001

**FIRST AID**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

**IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product label or container with you when calling a poison control center or doctor, or when going for treatment.

---

**PRECAUTIONARY STATEMENTS**

---

**HAZARDS TO HUMANS & DOMESTIC ANIMALS****WARNING**

Causes substantial but temporary eye irritation. Causes skin irritation. Harmful if absorbed through skin. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles, face shield or glasses) and waterproof gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Harmful if inhaled. Avoid breathing spray mist. Harmful if swallowed.

---

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

---

Applicators and other handlers must wear:

Protective eyewear

Coveralls worn over short-sleeved shirt and short pants

Waterproof gloves

Chemical resistant footwear plus socks

When mixing and loading or cleaning equipment wear a chemical resistant apron

Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions are available, use detergent and hot water for washables. Keep and wash PPE separately from other laundry.

**USER SAFETY RECOMMENDATIONS**

Users should:

Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

---

**ENVIRONMENTAL HAZARDS**

---

Do not apply directly to water or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Do not apply when weather conditions favor drift or runoff from treated areas.

---

**STORAGE & DISPOSAL**

---

Do not contaminate water, food, or feed by storage and disposal.

**STORAGE:** Store in a dry area inaccessible to children. Store in original containers only. Keep container closed when not in use. Do not store below 32° F.

**SPILL OR LEAK:** Soak up material with an absorbent and shovel the slurry into a chemical waste container. Dispose in accordance with Product Disposal.

**PRODUCT DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water when disposing of equipment rinsate.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

For emergencies such as leaks or spills, call 24-hour toll-free CHEMTREC hotline at 1.800.424.9300.

---

**DIRECTIONS FOR USE**

---

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

---

**GENERAL USE INFORMATION**

---

Biotune, designed by AgraQuest, is composed of surface active agents to enhance the efficacy of Serenade® and other microbial pesticides. Biotune active ingredients lower spray droplet surface tension, resulting in improved coverage and wetting of plant surfaces. Biotune also acts as a sticking agent, providing for improved weatherability. Biotune has been tested for phytotoxicity on a variety of crop and ornamental plant species; however, it is impossible to test this product and all potential tank mix components with all species and cultivars under all possible environmental conditions. Before using this product on a large area, a small-scale preliminary trial should be conducted to ensure that a phytotoxic response will not occur as a result of application.

---

**MIXING AND USE RATE INSTRUCTIONS**

---

Fill the spray tank ½ full with water and begin agitation. The use of a defoaming agent is recommended. Add defoaming agent at the minimum labeled use rate. Add Biotune at a rate of 16- to 24-ounces per 100 gallons of water. Add the pesticide(s) and additional defoaming agent if necessary, and fill the spray tank while maintaining agitation.

---

**CONDITIONS FOR SALE AND WARRANTY**

---

AgraQuest warrants to those persons lawfully purchasing this product that at the time of the first sale of this product by Seller that this product conformed to its description and was reasonably fit for the purposes stated on the label when used in accordance with Seller's directions. Buyers and users of this product assume the risk of any use contrary to such directions. EXCEPT AS PROVIDED ELSEWHERE IN WRITING CONTAINING AN EXPRESS REFERENCE TO THIS WARRANTY AND LIMITATION OF DAMAGES, SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OR GUARANTY, INCLUDING ANY OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR OF MERCHANTABILITY AND NO AGENT OF SELLER IS AUTHORIZED TO DO SO. To the extent permitted by state law, the Seller's liability for any breach of warranty shall not exceed the purchase price of the material as to which a claim is made.

To the extent permitted by state law, Buyers and users of this product are responsible for all loss or damage from use or handling of this product which results from conditions beyond the control of Seller, or without the fault or negligence of the Seller, or from failure to follow the label.
