TO: MV07 Bidders

SUBJECT: MV07 Specifications and Bid Sheets

Time is of the essence. The bid schedule for this request for quotation is very important. The bid opening date of September 18, 2006 must be maintained.

Since the schedule is critical, I am requesting that each vendor read the bid entirely and review the bid sheets. Any questions raised must be received no later than Tuesday, August 30, 2006.

Please do not ask for any clarifications, changes, corrections or alterations after that date.

Your cooperation is greatly appreciated.

MV07 General Specifications/Information

This request for quotation is to supply 2007 (or latest model year if successful vendor desires) vehicles to the State of West Virginia Agencies and political subdivisions. An award shall be made for each Vehicle Class to the lowest, responsible bidder meeting specifications using the base price of the vehicle bid, including delivery cost and life-cycle costing, pursuant to the changes in the West Virginia Code. The life-cycle costing to be used shall be the gasoline consumption for 100,000 miles. This will only apply to vehicles < 8,500 GVWR.

Gasoline Costing Information:

100,000 ÷ MPG Average (25% - City – 75% Highway)
Gasoline shall be based on \$3.00 per gallon.

For example, if a vehicle were to average 25 MPG under the 25 city/75 highway, the life cycle costing would equal \$12,000.00. (100,000 ÷ 25 X \$3.00) The cost of the gasoline (based on \$3.00/gallon) shall be added to the base price and shall be added to the cost shown on the bid for evaluation purposes.

All written questions regarding this contract should be directed to:

Betty Francisco, Senior Buyer
Purchasing Division
2019 Washington Street, East
P.O. Box 50130
Charleston, West Virginia 25305-0130
Phone: 304-558-0468 Fax: 304-558-4115
E-mail: bfrancisco@wvadmin.gov

Such written questions (via e-mail, fax, USPS, courier, or hand delivered) shall be accepted through close of business on Tuesday, August 29, 2006. After that time, only questions concerning bid submittal shall be accepted.

NOTE: Time is of the essence. Vendors are encouraged to completely review this entire bid package for any questions they may wish to submit. It is very important that this bid schedule be maintained.

Descriptions such as Mid-Size or Full-Size are as referenced in the United States Department of Energy EPA Fuel Economy Guide (www.fueleconomy.gov) for Model Year 2006 vehicles. Vehicles must be bid in the class listed in the guide.

Financial Information

Vehicles may be purchased from this contract by any West Virginia State agency or political subdivision. West Virginia State agencies will either remit payment directly or use a third-party financing company on contract with the State of West Virginia. The

MV07 General Specifications/Information

Department of Administration, Purchasing Division Fleet Management Office (FMO) usually arranges for third-party financing. This arrangement requires the vendor to submit invoices to the Department of Administration, who, in turn forwards those to the third-party financing company for prompt payment.

The time required for third party financing does not differ from the time required for payment directly from the state as both are normally made within 30 days of receipt of vehicle meeting specifications and appropriate invoice. The time period is provided as an estimate only and is not guaranteed. Actual times required to process payment may vary.

Options:

Option pricing shall be requested from the apparent low bidder for each class. Dealers shall be given a short period of time to respond and give pricing for any option available for the class of vehicle that is to be awarded. **All option pricing shall be at dealer cost. Bidders must sign the Certification and return with their option pricing. No awards shall be processed without such Certification.**

Options other than those stated in the final contract may occasionally be requested. Those options may be considered by the State only if the dealer prices these items at dealer cost and furnishes proof of dealer cost prior to the purchase order being submitted by the agency. Dealer must provide verification of these prices from the manufacturer.

NOTE: The State wishes to have the option of purchasing vehicles with complete tow packages. If a tow package is listed as an option, the dealer must include information as to the exact items that are included in such tow package. If the items listed below are not included in a manufacturer's tow package, separate pricing must be listed. If the items are included in the tow package, simply mark "included".

**2" Reese Hitch – Class III
Electrical Wiring – Complete with Connector Plug to a Towed Vehicle
Heavy Duty Transmission Cooler
Heavy Duty Engine Cooler**

Such option pricing shall be obtained after the apparent winners for each vehicle classification have been determined.

NOTE: Any option package quoted **MUST** show the exact items that are included with the package. For example, if a snowplow is listed, dealer **MUST** list items that are included.

MV07 General Specifications/Information

Pricing

Use the attached pricing pages for your quotation. Vendors should add their name to each page. All vehicles should be quoted FOB Dunbar, West Virginia. Vendor may add an additional per mile charge for delivery to other locations, but should be aware that additional charges may impact the award.

Prices must remain firm for the life of this contract. **Note:** This contract is in effect for a term of one year or until such time as the vendor notifies the Purchasing Division that the model year build out date has been reached (unless the vendor chooses to supply next model vehicles at price quoted), or until contracts are issued for the next model year.

Delivery Information

Deliveries **must** be made Monday through Friday 9 a.m. to 3:30 p.m.

Vehicles delivered to Surplus Property will be inspected in a timely manner. Ordering agencies will inform the dealers if the vehicles do not meet specifications outlined in the purchase order. Additionally, they will work with the appropriate vendor to resolve any issues.

Please contact Surplus Property, Gene Young, at 304-766-2626 to make delivery arrangements. Mr. Young must be contacted five (5) working days in advance of requested delivery date for authorization.

All deliveries of vehicles to other agencies require 24-hour notice prior to delivery.

Equipment Specifications and Requirements

NOTE: All vehicles specifications require both front and rear license plate holders mounted prior to delivery. This is a requirement under West Virginia State Law. Any vehicle delivered without such holder shall be rejected until the dealer corrects the deficiency.

NOTE: Options listed on the vehicle classification bid sheets must be quoted with initial bid. These include such things as delivery costs, deduct for pick-up of vehicles at dealership and optional beds for chassis cabs.

NOTE: When options are priced, back-up alarms must be listed if they are available from the manufacturer for that particular vehicle.

All vehicles shall be gasoline powered unless otherwise stated. Diesel, hybrid, FFV, or compressed natural gas, etc. may be specified on various models.

MV07 General Specifications/Information

Vehicles must have all equipment found on the manufacturer's base model plus all other items, packages, etc., needed to meet the specifications for each order class placed against the contract.

All equipment/options must be manufacturer installed except tow hooks. Any other non-manufacturer installed options must be approved by the Purchasing Division.

All vehicles shall have the full manufacturer's warranty.

Prior to delivery, all vehicles must include the following:

1. Complete lubrication;
2. Fill crank case with oil;
3. Adjustment of engine to proper operating condition;
4. Inflate tires to proper pressure;
5. Verification of perfect operation of all mechanical and performance features;
6. Front end alignment and balancing of all tires;
7. Wash and clean inside and out including removal of all unnecessary tags, stickers, papers, etc. The manufacturer's price sticker on the vehicle window shall not be altered or removed;
8. Owners manual;
9. Full tank of fuel. Bi-Fuel, hybrid, FFV, etc. vehicles must include all tanks full upon delivery. This may require dealer to top off tanks immediately prior to delivery to Surplus Property or other approved location;
10. Temporary West Virginia License if required;
11. Valid West Virginia Inspection Sticker affixed to windshield. The vehicle must be inspected in the month delivered, thus providing a minimum of 11 months and maximum of 12 months before the next inspection must occur;
12. No dealer insignia or other advertising shall be affixed to the vehicle or appear on mud flaps, bumpers, deck lids, etc. Vehicles delivered with such advertising may be rejected.

Reports:

Successful vendors shall be required to submit a report July 15, 2007 detailing the number of vehicles by class and total amount of sales to that date under the MV07 contract. It would be helpful if this report included the agency/political sub making the purchase.
