It is our pleasure on behalf of ARAMARK Correctional Services to present this proposal to continue provision of food and commissary management service to the West Virginia Regional Jail Authority facilities. ARAMARK has been privileged for a number of years to work in partnership with the various facilities to offer excellent food and commissary programs, ones well received by the inmates and the staff of the locations. The success of these services is directly related to the support and open communication of the facilities and the Regional Jail Authority, and we appreciate that support.

Our proposal builds upon the success of the present operations, taking the best practices established during the current contract and using them as stepping stones to further innovations and quality propositions. If ARAMARK is awarded the new contract, the facilities and the Regional Authority have our commitment to a Total Quality Improvement process. We will not be satisfied with the past, but will continue to create cutting edge programs such as the Op-X quality assurance process we implemented during the past two years to assure consistency of food and operational procedures at every meal.

We appreciate the opportunity to offer this proposal and look forward to the possibility of moving into the future with the State of West Virginia and the Regional Jail Authority facilities. If there are any questions, or if clarifications are required, please contact either Steve Morrow, Regional Sales Director, or myself at 800/777-7090.

We look forward to the possibility of discussing this program with the Evaluation Committee.
