RE: Request for Quotation – Select07 – Microsoft Products Large Account Reseller (LAR)

Dear Ms. Francisco:

Insight Public Sector, Inc. (IPS) is pleased to respond to the State of West Virginia's (State) Request for Quotation – Select07 – Microsoft Products Large Account Reseller (LAR). Based on the scope of the requirements, IPS has prepared a response that represents a comprehensive effort at meeting the State's needs.

IPS believes we are eminently qualified for this contract. Insight was one of only 10 Large Account Resellers (LARS) presented with the prestigious Microsoft Fiscal Year Operational Excellence Award at the 2005 Microsoft Channel Partner Summit. This is one of the industry's most coveted and prestigious awards and has been presented to Insight in 2004, 2005 and 2006.

The Microsoft Operational Excellence Award recognizes the channel partners who have demonstrated effective internal controls and processes along with dedicated personnel to meet and exceed performance goals defined by Microsoft Licensing. By earning this award three years in a row, Insight has clearly demonstrated a solid track record of operational excellence.

The attached proposal contains the details of the IPS commitment to provide the University with the multiple benefits of partnering with us for your software needs, as well as a brief profile of Insight Public Sector, our infrastructure, sales history and service capabilities.

Should you have any questions or concerns regarding this proposal or require any further information, please do not hesitate to contact either Robert Dickerson, Corporate Account Manager at 610-873-4134, dickerson.robert@insight.com, or Pam Potter, Proposal Manager, at 800-321-2437 x6810, ppotter@insight.com.

Thank you for the opportunity to win your business!

Sincerely,

Stephen P. Speidel
Vice President

Insight Overview

Insight, a Fortune 1000 company, is one of the nation's premier providers of information technology products and services. Our business is to provide national and regional sales and distribution of computer hardware, software, peripherals and services to Fortune 500 corporations, small and medium businesses, value-added resellers, government, education and other major organizations. As a total solutions provider, however, we also deliver a full range of advanced services and the expertise to help businesses and organizations make the most of their technology investments.

Tim and Eric Crown founded Insight Enterprises Inc. and the "Insight" brand in 1988. Their vision was to meet the growing demand for high quality computer products with low prices and solid service. In true entrepreneurial fashion, they started the company with a \$2,000 credit card loan. They began with an advertisement in the national Computer Shopper magazine selling mass-storage computer products directly to consumers via an inbound toll-free number. Their direct marketing concept met with immediate success. As Insight grew, product lines were increased to offer customers a one-stop computer source with thousands of products from which to choose.

Insight Enterprises, Inc. became a publicly traded company in 1995, selling its stock on the NASDAQ under the ticker symbol NSIT. The company retained its founding vision but strategically shifted Insight's business model away from targeting individual consumers, and focused on becoming a global direct-marketer, selling brand-name computers, hardware and software (IBM, HP, Toshiba, Microsoft, etc.) primarily to small-to-medium-sized businesses. The company also made its e-commerce debut in March 1995, with the launch of www.insight.com.

Effective April 25, 2002, Insight Enterprises, Inc. acquired all of the Comark companies including Comark Government & Education Sales, Inc. The combined Insight companies and their subsidiaries represent a \$3.2 billion global enterprise and are the largest single source solution provider of computer technology and services in the USA, and a leading provider in Canada and the United Kingdom.

Beginning in 2003 the previous public sector business units of Insight and Comark joined together to become Insight Public Sector, Inc. (IPS) - a unified company servicing the nation's public sector entities. While remaining small enough to service our public sector customers with personal attention, Insight Public Sector, Inc. has the resources of the Insight family of companies (Insight) behind us to support our efforts.

On September 7, 2006 Insight completed the acquisition of Software Spectrum, a global technology solutions provider. Founded in 1983 and headquartered in Plano, Texas, Software Spectrum is one of the world's leading providers of business-to-business IT solutions and services, with particular expertise in the selection, purchase and management of software. The company delivers value-added technology solutions across the globe through sales and operations centers in North America, Europe, Middle East, Africa and Asia-Pacific. Software Spectrum's net sales and earnings from operations were approximately \$1.9 billion and \$21.3 million, respectively, for the year ended Dec. 31, 2005. This acquisition represents a solid next step in Insight's evolution to becoming a trusted advisor to our clients on technology solutions to address business needs. Additionally, this acquisition establishes a global footprint for Insight.

IPS offers the benefits of working with an industry leader along with the personalized services that builds lasting partnerships. The division has become one of the nation's leading computer resellers and trusted technology partners of educational institutions and of federal, state, and local governments by providing quality products, competitive pricing and comprehensive service and support. IPS currently maintains federal contracts with agencies such as the General Services Administration. In addition, IPS participation in many state contracts gives us a solid market share of government technology sales. We are currently listed on statewide agreements in 19 states. IPS also holds local government and education contracts for computer equipment and services in 24 states. Highly specialized teams are dedicated to each market offering customized solutions that range from initial consulting, procurement and product delivery to maintenance and support.

Insight is ranked number 570 on Fortune Magazine's 2006 'Fortune 1000' list and is one of the nation's premier providers of information technology products and services. Our business is to provide technology solutions, products and services to Fortune 500 corporations, small and medium businesses, valued-added resellers, government, education, not-for-profit agencies and other major organizations.

As a single source solutions provider we also deliver a full range of advanced services and have the expertise to help businesses, the public sector, and non-profit organizations make the most of their technology investments.

Today, Insight North America has become an industry leader with a single-source business model that provides complete IT product and service solutions based on clients' business-driven needs. Insight acts as an extension of a client's IT department by assisting with total product and service solutions that can be applied across the full technology life cycle to maximize return on investment. Insight offers vendor-neutral IT product choices with the broadest selection available in the industry, complemented by advanced service and custom configuration capabilities, all through a single point of contact.

Insight maintains strong relationships with the industries' leading manufacturers including 3Com, Cisco, Hewlett-Packard, IBM, Microsoft, Sony and Toshiba as well as all of the major distributors including Ingram Micro, TechData, Synnex and Gates-Arrow. With over forty buyers in Insight's purchasing organization, there is virtually no information technology product that we cannot source.

Insight's facilities include 435,000 square feet of distribution and warehouse space, as well as ISO 9001:2000 certified configuration, advanced integration labs, and seventeen branch offices around the country. Typically, Insight has over \$100 million of on-hand inventory for fast availability, in addition to our unparalleled ability to source hard-to find technology products.

Insight's e-commerce site provides 24x7 access to thousands of name brand products at competitive prices. Clients have the ability to track orders, view account status, order history and much more. Insight's website may be viewed at www.insight.com. Insight Public Sector's website may be viewed at www.ips.insight.com. In addition, we can customize an e-commerce site designed exclusively for the way each company or organization does business.

Central to Insight's continued growth and success is our focus on offering a comprehensive menu of service solutions. There are more than 250 Insight employees in our Technical Services company. These include field engineers, systems engineers, consultants, repair lab and configuration lab technicians, technical support, administration, sales and an Internet implementation team. Our technical service company supports our clients nationwide.

Insight Programs and Services

Focused on adding value and delivering suitable IT improvement plans for complete life cycle management, Insight provides a comprehensive array of advanced services, resources, and strategies from a centralized source to help you manage your changing technology needs. The following is an overview of the various service offerings available from Insight:

- **Asset Disposal.** Insight's asset life cycle services help businesses, large and small, assess the best way to achieve investment recovery or asset disposal. We create customized asset disposal programs to meet your asset life cycle challenges with cost-effective and secure solutions. You can generate revenue from your obsolete equipment with Insight's unique partnership strategy.
- **Asset Management.** Insight performs asset-tagging services and provides the asset information through various methods. For production and asset-handling purposes, Insight utilizes SAP, an ERP system. Through SAP, Insight easily performs basic reporting functions and creates custom reports based on client-specific criteria.
- **Connectivity Solutions.** Acting as an extension of your telecommunications staff, Insight is your one source for all of your connectivity service needs. A competitive price leader, Insight is carrier-neutral and provides technical design expertise, implementation support, and trouble resolution support.
- **Enterprise Consulting.** To maximize your infrastructure productivity, Insight provides full enterprise solutions with proven consulting and engineering expertise. We differentiate ourselves from the competition by leveraging our expertise in technology; focusing on standardization; emphasizing integration rather than basic installation; and employing our proven, proprietary business methodology. After working closely with you to understand business opportunities, work processes, and current enterprise applications, we evaluate your networks; recommend improvements to optimize network productivity, security, and reliability; assist in designing and building the appropriate environment; document all processes; and provide the essential knowledge transfer and support for a successful project.
- **High Performance Systems.** Whether you need lower system management costs; faster, highly available applications or storage servers; increased capacity; or fail-safe backup and network management, Insight can help. Resolving a wide range of advanced architectural and IT challenges, our experts devise tailored, vendor-neutral solutions that best suit your business needs. You maintain a single point of accountability, while seeing tangible business results that not only address immediate needs, but also protect against long-term technology obsolescence.
- **Implementation Services.** Whether your offices are just in the United States or spread around the world, our engineers are highly skilled and thoroughly trained to successfully

complete each project and exceed your expectations. By supplying a high level of expertise, Insight provides a smoother project deployment with greater efficiency and reliability.

- **Integration Services.** Our two integration centers, Custom Configuration and Advanced Integration, are both ISO 9001:2000 certified, and follow strict procedural guidelines for the configuration of all computer systems. Along with the Standards and Automation Practice team, each of the centers provides a different level of customization to accommodate any configuration request. From simple hardware assembly to fully customized, site-ready servers, workstations, and routers, Insight can tailor any project or rollout to meet your specific needs.

- **Leasing.** Insight provides clients with comprehensive leasing solutions and innovative financial strategies that conserve capital and minimize the risk of technology obsolescence. Our flexible leasing programs leverage vendor-neutral solutions, which allow you to upgrade your technology with the best equipment available – regardless of manufacturer.
- **National Repair Center.** Maintaining client equipment and ensuring optimal performance levels, Insight services hardware in a timely manner and with proven expertise, while consistently communicating status back to the client. Programs are available to meet and exceed the service levels required to keep your business up and running.
- **Networking Solutions.** Insight works with you to provide straightforward answers and to maximize investment value. With expertise in assessment, planning, design, implementation, and support, our resources bridge the gap between business needs and technology needs.
- **Project Management.** Insight provides you with experienced personnel who deliver results on time and within budget. Encompassing a Project Management methodology, our approach prescribes a defined, systematic process for planning, directing, monitoring, adjusting, and controlling a series of interrelated activities, thereby enabling you to achieve defined objectives. Insight views communication and reporting as critical for client satisfaction and project success.
- **Staffing/Outsourcing.** Delivering skilled technical staffing and rapid response for proficient resolution of a wide variety of technical issues, Insight customizes service to address your specific IT environment and needs. Also, Insight can cover technology challenges with nationwide support and highly trained engineers/technicians whose skill sets are carefully matched to your requirements.
- **Storage Solutions.** Insight provides secure storage solutions that maximize capacity and speed, while minimizing waste. Certified professionals evaluate your needs and recommend a storage solution that will efficiently maintain current and forecasted levels.
- **Training.** We deliver superior training solutions that provide the essential skills to effectively function in today's business world. These blended solutions include a variety of delivery methods from the best in the training industry, and deliver proven return on investment in the form of improved knowledge transfer, cost-savings, productivity, and customer satisfaction. Delivery methods include web-based or instructor-led training at a third party training center or on-site training at client locations (custom courses also available).

- **Warranty Services.** Insight facilitates the warranty registration process by ensuring that clients are aware of their options and not having to worry about requirements or contacting multiple manufacturers – Insight does all the work instead. You can effortlessly protect your hardware investments with our extended and enhanced coverage warranty programs.
- **Wireless Solutions.** Our professional and experienced staff recommends compatible hardware for your existing systems and helps install the necessary components. We focus on wireless in the following three separate categories (all equally important in delivering enterprise-level solutions to organizations): Wireless LAN Solutions, Campus WAN Solutions, and Public Wireless Access.
- **Software Licensing** – Our Software Center for Excellence maintains twenty-five full-time employees dedicated to our customer's volume licensing needs. The Center maintains close relationships with major software publishers that have software licensing programs – Adobe, Citrix, Computer Associates, Lotus, McAfee, Microsoft, and Symantec. The Center is a resource for Insight sales and their customers to understand and determine the best volume licensing solution for their needs. Insight is one of only 24 resellers in the U.S. named as a Microsoft Large Account Reseller (LAR). This direct relationship with Microsoft allows us to sell the Microsoft Select and EA contractual agreements. As a value-add, we will report license consumption to Microsoft for our customers and will also manage the customer's contract to ensure compliance and consumption milestones are being met.

Insight has our very own “**Microsoft**® *Solutions Center*” for all your Microsoft software needs. Insight has been a valued Microsoft Partner for over 10 years successfully delivering both software and hardware solutions to over one million customers!

Request for Quotation Large Account Reseller for Microsoft Select Program

The State of West Virginia and Microsoft Corporation have negotiated a Select Agreement that permits all entities of State and Local government (affiliates) to procure Microsoft products at the lowest possible Select price level, Level D. This includes all product pools, i.e., Application Pool, Server Pool, and System Pool.

Microsoft requires that the State choose and retain a Large Account Reseller through which the software is procured. This Large Account Reseller is defined by Microsoft as a reseller authorized by Microsoft or one of its affiliates to resell licenses in an enrolled affiliate's area under the Select program. Microsoft only recognizes eighteen (18) vendors as Large Account Resellers for their products.

The purpose of this Request for Quotation is to competitively choose a Large Account Reseller (LAR) to be used by all State and local entities under this contract. Actual product prices will be established by a contract with a Large Account Reseller (LAR). This pricing will be available to any affiliate, regardless of the size of the affiliate or the volume of products procured. These product prices will be based upon the LAR's percentage discounts from Microsoft Level D Estimated Retail Price (ERP).

If Microsoft introduces new products, the discounts established by this contract will be applied to Microsoft's new product ERP to determine product pricing under the State's Select Agreement.

The LAR will be responsible for insuring that Microsoft provides the Office of Technology with a copy of the Microsoft Licensing CD kit and updates for each pool and group. If an agency is only buying licenses and does not need CD's, this kit will be available at the Office of Technology Service Desk. The agency can either ask that the Office of Technology staff install the software at a billable rate or they can request a copy of the software so that they can install the software themselves. It is understood that if an agency uses the Microsoft Licensing kit, they must procure the license by the end of the month in which the copy was made.

The State's affiliates can establish Select Enrollments with the LAR under the terms and conditions of the State's amended Select Agreement and the LAR's contract.

Some agencies want to buy their own CD's for the software procured. The LAR will provide World Wide Fulfillment media for those agencies at a specific cost per CD. This cost must be included on the cost table.

Any procurement from this contract will require a State Contract Order (WV-39). Any procurement exceeding \$10,000 will require approval from IS&C and the Chief Technology Officer.

The term of the contract with the LAR shall be one year upon award, with the option to renew two additional one-year terms if determined by the State to be in its best interests.

The Large Account Reseller must provide the following:

1) The LAR must have a dedicated, fulltime sales representative managing the State of West Virginia's account who can be reached via telephone and/or e-mail between the hours of 8:00 a.m. to 5:00 p.m. EST. We understand that this sales representative may be handling other accounts but his/her workload must permit a response time of no more than four business hours from receipt of call or e-mail.

Response: *The Corporate Account Manager, Robert Dickerson, will be available during the hours requested by the State, via phone 610-873-4134 or via e-mail dickerson.robert@insight.com, and will respond to client inquiries within the required four business hours.*

2) The LAR must provide Help Desk type of support to provide assistance and guidance on what to buy, prerequisites, and problems encountered during installation. This support must be provided via telephone and/or e-mail from 8:00 a.m. to 5:00 p.m. EST.

Response: *Any of Insight Public Sector, Inc.'s competent and courteous staff would be able to provide assistance and guidance. The State of West Virginia's primary point of contact will be Robert Dickerson, Corporate Account Manager, at 610-873-4134. Technical and Client Support may also be obtained by calling 800-934-4477.*

3) The LAR must host at least one on-site meeting with State agencies once a year to explain the contract and the services provided, as well as an overview of new product offerings from Microsoft.

Response: *The Corporate Account Manager will host the required on-site meeting with the State once a year to discuss the contract and the services provided, along with discussing the new product offerings from Microsoft.*

4) The LAR must provide orientation and planning sessions with individual affiliates regarding benefits, terms and conditions, and service elements offered. These sessions may be via conference call, video conferencing, or on-site.

Response: *The Corporate Account Manager will be providing the orientation and planning sessions as required. Details surrounding these sessions can be negotiated upon award.*

5) The LAR must have a Select licensing expert available that can be contacted by telephone and/or e-mail.

Response: *The main Select licensing expert will be Robert Dickerson, the Corporate Account Manager, and the alternate contact will be Chris Beechler, Software Licensing Consultant. Chris can be reached either by phone at 480-902-1000 x5308 or via e-mail at cbeechle@insight.com.*

6) The LAR's price sheet must show the LAR's product number, Microsoft's product number, the description of the product, and the agency cost.

Response: *Insight has read, understands and has submitted the price sheets with the required information at the end of the proposal response.*

7) A Change Order must be processed each time the Cost Sheets change. The LAR must provide the State Purchasing Division with a hard copy of the LAR's cost sheets as pricing and offerings change, a letter explaining that a Change Order is required and why, and a copy of Microsoft's ERP pricing. A Change Order requires approval by IS&C and the CTO prior to processing, and processing through the government channels could take up to two weeks so the LAR must provide the information required in a timely manner.

Response: *Insight has read, understands and will comply with the above statement.*

8) The LAR must provide to the State Purchasing Division and Office of Technology quarterly reports showing all purchases made under this contract. This report must show the agency procuring the software, the amount of software procured, and the dollars spent by the agency.

Response: *Insight has read and will comply with the requirement of providing quarterly reports containing the information required by the State.*

9) The LAR must provide Internet tracking of the agency purchase that is accessible by both the agency and IS&C.

Response: *For tracking software purchases, Insight provides:*

- *Software Management Tool – providing client with reporting on licenses purchased through Insight.*
- *Customer has ability to view Microsoft license consumption on the Microsoft Volume Licensing Site (MVLS).*

Insight order process:

- *Insight buyer pulls the order report from SAP order system.*
- *Insight reports order through MOET interface to Microsoft.*
- *Insight receives an e-mail confirming the PO from Microsoft within 24 hours.*
- *Insight buyer runs a report off Microsoft report site (Explore) to confirm that each PO corresponds with an invoice entered into Explore.*

If the client is looking for a solution to track and manage software license deployments in comparison to software license purchases, Insight has a service organization that can work with this client to propose a solution around this process.

10) The LAR must accept orders of any quantity and ship orders direct to the agency free of any shipping charges within seven (7) business days after receipt of order.

Response: *Insight has read and will ship orders direct to the agency free of any shipping charges within seven (7) business days ARO, unless expedited shipping is specifically requested.*

11) The LAR must provide the agencies with a written confirmation of purchase. The Office of Technology will receive the license confirmations on a statewide basis and will compare these licenses with the quarterly report provided to the State Purchasing Division and the Office of Technology.

Response: *Insight has read and will provide written confirmation of purchases made off of this contract. The license confirmations will be able to be compared to the quarterly reports that are provided to the State and Office of Technology.*

12) The LAR must accept the State's Purchasing Card as payment for procurements under \$1,000 and in some cases, \$2,500. The reseller must provide the agency with an invoice with an annotation that it was paid by credit card.

Response: *Insight will accept the State's Purchasing Card and will provide the State with a statement showing the bill was paid by the Purchasing Card.*

AFFIDAVIT

West Virginia Code §5A-3-10a states:

No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owned is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION:

The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

LICENSING:

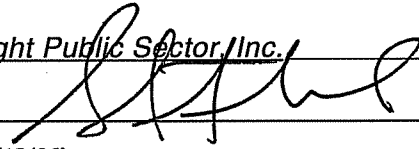

Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY:

The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.

Vendor's Name: Insight Public Sector, Inc.

Authorized Signature:  Date: February 27, 2007

AGREEMENT ADDENDUM

In the event of conflict between this addendum and the agreement, this addendum shall control:

1. ARBITRATION - Any references to arbitration contained in the agreement are hereby deleted. Disputes arising out of the agreement shall be presented to the West Virginia Court of Claims.
2. HOLD HARMLESS - Any clause requiring the Agency to indemnify or hold harmless any party is hereby deleted in its entirety.
3. GOVERNING LAW - The agreement shall be governed by the laws of the State of West Virginia. This provision replaces any references to any other State's governing law.
4. TAXES - Provisions in the agreement requiring the Agency to pay taxes are deleted. As a State entity, the Agency is exempt from Federal, State, and local taxes and will not pay taxes for any Vendor including individuals, nor will the Agency file any tax returns or reports on behalf of Vendor or any other party.
5. PAYMENT - Any references to prepayment are deleted. Payment will be in arrears.
6. INTEREST - Should the agreement include a provision for interest on late payments, the Agency agrees to pay the maximum legal rate under West Virginia law. All other references to interest or late charges are deleted.
7. RECOUPMENT - Any language in the agreement waiving the Agency's right to set-off, counterclaim, recoupment, or other defense is hereby deleted.
8. FISCAL YEAR FUNDING - Service performed under the agreement may be continued in succeeding fiscal years for the term of the agreement, contingent upon funds being appropriated by the Legislature or otherwise being available for this service. In the event funds are not appropriated or otherwise available for this service, the agreement shall terminate without penalty on June 30. After that date, the agreement becomes of no effect and is null and void. However, the Agency agrees to use its best efforts to have the amounts contemplated under the agreement included in its budget. Non-appropriation or non-funding shall not be considered an event of default.
9. STATUTE OF LIMITATION - Any clauses limiting the time in which the Agency may bring suit against the Vendor, lessor, individual, or any other party are deleted.
10. SIMILAR SERVICES - Any provisions limiting the Agency's right to obtain similar services or equipment in the event of default or non-funding during the term of the agreement are hereby deleted.
11. ATTORNEY FEES - The Agency recognizes an obligation to pay attorney's fees or costs only when assessed by a court of competent jurisdiction. Any other provision is invalid and considered null and void.
12. ASSIGNMENT - Notwithstanding any clause to the contrary, the Agency reserves the right to assign the agreement to another State of West Virginia agency, board or commission upon thirty (30) days written notice to the Vendor and Vendor shall obtain the written consent of Agency prior to assigning the agreement.
13. LIMITATION OF LIABILITY - The Agency, as a State entity, cannot agree to assume the potential liability of a Vendor. Accordingly, any provision limiting the Vendor's liability for direct damages or limiting the Vendor's liability under a warranty to a certain dollar amount or to the amount of the agreement is hereby deleted. In addition, any limitation is null and void to the extent that it precludes any action for injury to persons or for damages to personal property.
14. RIGHT TO TERMINATE - Agency shall have the right to terminate the agreement upon thirty (30) days written notice to Vendor.
15. TERMINATION CHARGES - Any provision requiring the Agency to pay a fixed amount or liquidated damages upon termination of the agreement is hereby deleted. The Agency may only agree to reimburse a Vendor for actual costs incurred or losses sustained during the current fiscal year due to wrongful termination by the Agency prior to the end of any current agreement term.
16. RENEWAL - Any reference to automatic renewal is hereby deleted. The agreement may be renewed only upon mutual written agreement of the parties.
17. INSURANCE - Any provision requiring the Agency to insure equipment or property of any kind and name the Vendor as beneficiary or as an additional insured is hereby deleted.
18. RIGHT TO NOTICE - Any provision for repossession of equipment without notice is hereby deleted. However, the Agency does recognize a right of repossession with notice.
19. ACCELERATION - Any reference to acceleration of payments in the event of default or non-funding is hereby deleted.
20. AMENDMENTS - All amendments, modifications, alterations or changes to the agreement shall be in writing and signed by both parties. No amendment, modification, alteration or change may be made to this addendum without the express written approval of the Purchasing Division and the Attorney General.
