WHEN RESPONDING TO RFQ, INSERT NAME AND ADDRESS IN SPACE ABOVE LABELED 'VENDOR'

**GENERAL TERMS & CONDITIONS
REQUEST FOR QUOTATION (RFQ) AND REQUEST FOR PROPOSAL (RFP)**

1. Awards will be made in the best interest of the State of West Virginia.
2. The State may accept or reject in part, or in whole, any bid.
3. All quotations are governed by the *West Virginia Code* and the *Legislative Rules* of the Purchasing Division.
4. Prior to any award, the apparent successful vendor must be properly registered with the Purchasing Division and have paid the required \$125.00 registration fee.
5. All services performed or goods delivered under State Purchase Orders/Contracts are to be continued for the term of the Purchase Order/Contract, contingent upon funds being appropriated by the Legislature or otherwise being made available. In the event funds are not appropriated or otherwise available for these services or goods, this Purchase Order/Contract becomes void and of no effect after June 30.
6. Payment may only be made after the delivery and acceptance of goods or services.
7. Interest may be paid for late payment in accordance with the *West Virginia Code*.
8. Vendor preference will be granted upon written request in accordance with the *West Virginia Code*.
9. The State of West Virginia is exempt from federal and state taxes and will not pay or reimburse such taxes.
10. The Director of Purchasing may cancel any Purchase Order/Contract upon 30 days written notice to the seller.
11. The laws of the State of West Virginia and the *Legislative Rules* of the Purchasing Division shall govern all rights and duties under the Contract, including without limitation the validity of this Purchase Order/Contract.
12. Any reference to automatic renewal is hereby deleted. The Contract may be renewed only upon mutual written agreement of the parties.
13. **BANKRUPTCY:** In the event the vendor/contractor files for bankruptcy protection, this Contract may be deemed null and void, and terminated without further order.
14. **HIPAA Business Associate Addendum** - The West Virginia State Government HIPAA Business Associate Addendum (BAA), approved by the Attorney General, and available online at the Purchasing Division's web site (<http://www.state.wv.us/admin/purchase/vrc/hipaa.htm>) is hereby made part of the agreement. Provided that, the Agency meets the definition of a Covered Entity (45 CFR §160.103) and will be disclosing Protected Health Information (45 CFR §160.103) to the vendor.

INSTRUCTIONS TO BIDDERS

1. Use the quotation forms provided by the Purchasing Division.
2. **SPECIFICATIONS:** Items offered must be in compliance with the specifications. Any deviation from the specifications must be clearly indicated by the bidder. Alternates offered by the bidder as EQUAL to the specifications must be clearly defined. A bidder offering an alternate should attach complete specifications and literature to the bid. The Purchasing Division may waive minor deviations to specifications.
3. Complete all sections of the quotation form.
4. Unit prices shall prevail in cases of discrepancy.
5. All quotations are considered F.O.B. destination unless alternate shipping terms are clearly identified in the quotation.
6. **BID SUBMISSION:** All quotations must be delivered by the bidder to the office listed below prior to the date and time of the bid opening. Failure of the bidder to deliver the quotations on time will result in bid disqualifications.

1. SPECIFICATIONS:

The following sections of the West Virginia Department of Transportation, Division of Highways' Standard Specifications Roads and Bridges, adopted 2000 and the current Supplemental Specifications, shall apply to the administration of this Contract: Sections 101, 102.4, 102.5, 105.1, 105.3, 105.4, 105.10, 105.11, 105.12, 105.13, 106.3, 106.4, 106.5, 106.6, 106.7, 106.9, 107.1, 107.2, 107.3, 107.14, 107.19, 107.20, 108.8, 109.1, 109.2 and 109.20.

The requirements of the West Virginia Department of Transportation, Division of Highways', Standard Specifications Section 109.20, PRICE ADJUSTMENT FOR LOAD LIMIT VIOLATIONS shall apply to all material supplied under this contract. This will include material loaded by the vendor into Division of Highways owned and/or rented trucks.

"Contractor" and "Vendor" used in the above specifications of this contract are interchangeable. Contractor shall mean Vendor and Vendor shall mean Contractor.

West Virginia Department of Transportation, Division of Highways' Standard Specifications Roads and Bridges, adopted 2000 and the current Supplemental Specifications may be obtained from:

West Virginia Division of Highways
Engineering Division, Technical Section
State Capitol Complex
Building 5, Room A-650
Charleston, West Virginia 25305-0430

DESCRIPTION

The patching material shall be composed of a suitable aggregate plant mixed with a liquid bituminous material and chemical additives. The bituminous material with additives shall be capable of coating the aggregate without stripping. The material shall maintain adhesive qualities for all moisture conditions in the patched areas, except those having standing water.

MATERIALS

Aggregate

The coarse aggregate shall consist of crushed stone, crushed gravel or slag, meeting the requirements of the Division of Highways' Standard Specifications subsections 703.1, 703.2 and 703.3 respectively. Fine aggregate shall meet the requirements of the Division of Highways' Standard Specifications subsection 702.3. The gradation of the final mixture shall be the same as the Vendor's currently approved plant mix formula for Type 1 Hot-Mix Asphalt Wearing Course when Standard Winter Grade Bituminous Patching Mix is being produced, or as recommended by the supplier of the liquid asphalt with additives when Modified Winter Grade Bituminous Patching Mix is being produced.

The gradation shall be determined in accordance with AASHTO T-27 and T-11.

The aggregate fraction of the final mixture, in addition to meeting the requirements of 703.2.2, shall have a majority of all particle sizes crushed. Questionable aggregates shall be tested as per MP 703.00.21, except the No. 8 sieve will be used.

Bituminous Material

1. Standard Winter Grade Bituminous Patching Mix

The bituminous material shall be a liquid asphalt with chemical anti-stripping additives conforming to the requirement of the West Virginia Division of Highways' Standard Specifications, Subsection 705.1.

or,

2. Modified Winter Grade Bituminous Patching Mix

The bituminous material shall be liquid asphalt with chemical anti-stripping additives conforming to the requirements of ASTM D 1664 and ASTM D 2027 modified as follows:

Flash Point: 79°C (175°F) Minimum
 Kinematic Viscosity at 60° (140°F) CST 250-800
 Water: 0.2% Maximum
 Distillate Test:

To 225°C (437°F):	None
To 260°C (500°F):	0-15%
To 315°C (600°F):	15-75%

Residue at 360°C (680°F): 75% Minimum

Residue Tests:

Penetration at 25°C (77°F): 150-300

Ductility at 25°C (77°F): 100 cm. minimum

Solubility in trichloroethylene: 99% minimum

The test results for the liquid asphalt with chemical anti-stripping additives shall be presented to the respective Division of Highways District Materials Engineers/Supervisors for review prior to production of Modified Winter Grade Bituminous Patching Mix.

COMPOSITION OF MIXTURE

The aggregates and bituminous material shall be combined in such proportions that the composition by weight of the finished mix shall meet the requirements of the plant mix formula.

The aggregate fraction of the mixture shall be evaluated in accordance with MP 401.02.23, except material failing to meet specification requirements on the No. 200 sieve shall not be accepted.

The asphalt fraction of the mixture shall be within the master ranges when Standard Winter Grade Bituminous Patching Mix is being produced, or as recommended by the supplier of the liquid asphalt with additives when Modified Winter Grade Bituminous Patching Mix is being produced.

Plant Mix Formula

The plant mix formula for Modified Winter Grade Bituminous Patching Mix shall be in accordance with the recommendations of the supplier of the liquid asphalt with additives. A plant mix formula for Standard Winter Grade Bituminous Patching Mix shall be developed in accordance with MP 401.02.22, and the Marshall Test Procedure described in AASHTO T-245. Initial submission of the proposed plant mix formula for Standard Winter Grade Bituminous Patching Mix will not be considered unless accompanied by sufficient test data developed by supplier to indicate that the formula being proposed can be met. As a minimum, this test data shall include: three separate gradations of samples taken from the hot bin, or separate gradations from cold bins or storage facility, the percentage of each material to be used and the calculated combined gradation. The test data submitted shall have been developed from material that is to be used in the proposed mix. Additional data which shall be submitted includes that described in MP 401.02.22. This data will not be required to meet the limits given in Table 401.02.22A and Table 401.02.22B. The air void content for Standard Winter Grade Bituminous Patching Material shall be 5-7 percent.

The proposed plant mix formula shall be documented on Department Form T-400 and together with plant calibration test data set forth above shall be forwarded to the District Materials Engineer/Supervisor. The T-400 shall then be transmitted to the Materials Control and Testing Division for final review and revision.

Changes in Plant Mix Formula

Should the producer at any time propose to change the source of aggregate in the mix, the definite asphalt content or change the source of the bituminous material, the provisions of the Division of Highways' Standard Specifications subsection 401.4.2 shall apply.

Quality Control Testing

Quality control is the responsibility of the contractor. Quality control testing shall be done in accordance with MP 401.02.23.

Acceptance Testing

Shall be as stipulated in Section 401.7.1 of the Division of Highways' Standard Specifications.

PREPARATION OF MIXTURE

The aggregate shall be heated to insure that it is surface dry at the time of mixing, however, the aggregate shall not be heated in excess of 180°F.

The asphaltic binder shall not be heated to a temperature greater than 165°F. Care shall be taken to prevent local overheating. The aggregate and bituminous material shall be measured separately and accurately to the proportions in which they are to be mixed. After the aggregate and binder have been combined, they shall be thoroughly mixed until the particles of aggregate are coated. At no time shall the finished mixture be at a temperature greater than 175°F.

WORKABILITY

The mixture shall be stockpiled on the vendors site for 14 days or until the internal mix temperature is within 10° of ambient temperature without stripping and when taken from a stockpile, shall be capable of being shoveled, raked, spread and compacted.

The aggregate and liquid asphalt intended for usage shall meet the 95% coating requirement in ASTM D 1664 before utilizing the materials.

When tested in accordance with ASTM D 2489, modified to perform the test at the end of the stockpiling period on the producer's yard, the total amount of not coated particles shall not exceed 10%.

If the material fails to conform to the requirement of the specifications the producer may rework the existing material or provide new material.

STORAGE

The mix shall be maintained on the producer's property in stockpiles not exceeding a height of four (4) feet until the internal mix temperature is within 10° of the ambient temperature. In addition, the top of all stockpiles shall be leveled to eliminate any peaked areas.

2. BIDDING INSTRUCTIONS

The purpose of this contract is to provide for the delivery of WINTER GRADE BITUMINOUS PATCHING MIXTURE (Standard/or Modified) to the various locations and in the estimated quantities set out in the bid schedule.

Actual quantities to be delivered to each location will be specified in a State Contract Purchase Order (SCO) which will be issued by the Division of Highways at the time delivery is required.

Vendors may bid to deliver the estimated quantities of either or both types of material at any or all of the designated delivery sites.

Any qualification of bids, or any modification of the specifications or conditions governing the bids may be cause for their rejection.

3. CONTRACT AWARD

The Division of Highways will consider Vendor's performance history in the award of this Purchase Order Contract.

Qualified Vendors who submit a valid bid "F.O.B. Division Storage Site" will be awarded a contract for those locations for which their bid is low for Standard Winter Grade Bituminous Patching Material and for which their bid is low for Modified Winter Grade Bituminous Patching Material.

In the event a Vendor fails to conform to the requirements set out in this contract document, the State Contract Purchase Order or the governing specifications, the Purchase Order Contract may be cancelled and awarded to the next low bidder.

4. SAMPLING AND TESTING

Upon award of contract, the Vendor shall inform the Division of the location of Vendor's storage sites so that materials may be sampled and tested prior to shipment. Information shall be directed to the respective Division of Highways District Materials Engineers/Supervisors.

5. WEIGHING MATERIALS DELIVERED BY TRUCK

Material delivered by truck shall be weighed in accordance with Section 401.9.3 of the West Virginia Department of Transportation, Division of Highways' Standard Specifications.

6. SUPPLYING OTHER ORGANIZATIONAL ENTITIES

County Courts, Municipalities, School Boards, other political subdivisions and governmental entities, etc., may have a need for these materials, and Vendors may wish to supply that need. Accordingly, bidders may wish to extend their contract prices to these other entities. If the bidder wishes to supply these other entities, but with prices different from those quoted for the Highway Department, the bidder shall include a set of bid schedules clearly and unambiguously marked for the express use of entities other than the Division of Highways. Failure by the bidder to include a set of bid schedules for other entities will be taken to mean that the bid schedules extended to the Division of Highways will also be extended to these other entities.

In the event any Vendor does not wish to extend the prices, terms and conditions of this bid and subsequent contract to other entities of the State, he must so indicate in a clear and unambiguous manner in his bid. This indication does not prejudice the award of the contract. If a Vendor does not indicate his refusal to extend the prices, terms and conditions of his bid to other entities of the State he is bound to extend them upon issuance of a purchase order by these other entities.

Other organizational entities using his provision of the contract shall do so without any involvement of the Division of Highways; that is, the entity shall make its own purchase arrangements with the Vendor and shall make its own arrangement for payment.

7. BASIS OF PAYMENT

The quantity, determined in accordance with Section Number 5, will be paid for at the delivered price per ton, which price and payment shall be full compensation for furnishing and handling all the material incorporated in the mixture and delivering the mixture to a designated storage site.

8. PRODUCTION SCHEDULE

Vendor should produce material within two weeks of receipt of SCO.

9. VENDOR'S INVOICES

Vendor's invoices must be submitted in original and one copy containing the following:

- a. Division of Highway's State Contract Purchase Order Number, and this Contract Number.
- b. Total quantity and unit price with the total cost of the material furnished.

Note: Under no circumstance will the West Virginia Division of Highways accept, or pay for, quantities of material in excess of the quantity stated on the State Contract Purchase Order.

10. PURCHASING CARD ACCEPTANCE

The State of West Virginia currently utilizes a VISA Purchasing Card Program which is issued through a bank. The successful vendors must accept the State of West Virginia VISA Purchasing Card for payment of all orders placed by State DOT agency for orders as a condition of award.

PURCHASING AFFIDAVIT

West Virginia Code §5A-3-10a states: No contract or renewal of any contract may be awarded by the state or any of its political subdivisions to any vendor or prospective vendor when the vendor or prospective vendor or a related party to the vendor or prospective vendor is a debtor and the debt owed is an amount greater than one thousand dollars in the aggregate

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceed five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

LICENSING: Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY: The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.

Under penalty of law for false swearing (West Virginia Code, §61-5-3), it is hereby certified that the vendor acknowledges the information in this said affidavit and are in compliance with the requirements as stated.

Vendor's Name: Camden Materials, LLC

Authorized Signature:  Date: November 20, 2007
