**Addendum No 1 – COR61360**  
Food Service Facility Expansion  
Denmar Correctional Center

To: Prospective Bidders

From: ZMM, Inc. Architects & Engineers

This Addendum forms a part of the Contract Documents and modifies the original bidding documents. Attach this Addendum to the front cover of the Project manual and Acknowledge receipt of this addendum in the space provided for on the Bid Form.

The Pre-Bid Conference "Sign in Sheet" is attached to this Addendum.

The following items clarify the requirements of the Bidding and Contract Documents:

1. Temporary utilities (water and electricity) will be provided by the Owner.
2. ~~Designated toilet facilities within the existing building may be used by the Contractor.~~
3. All Contractor's personnel (including personnel of all Sub-contractors) that will be on the site must pass a security background investigation that will be performed by the Owner. A security briefing for the Contractor and Sub-Contractors will be conducted by the Owner at the Pre-Construction meeting
4. The selected Contractor shall begin work upon receipt of a "Notice to Proceed" from the West Virginia department of Corrections which may not coincide with the receipt of a contract / purchase order from the West Virginia Division of Purchasing.
5. Requests for substitutions and questions regarding the Contract Documents will be received and considered by the Architect when received at least seven (7) days prior to the bid date.
6. Certified Payroll documentation shall be submitted with each monthly payment request.
7. The Contractor shall protect the existing kitchen from construction dirt and debris during window and wall demolition.

8. Where existing windows are to be removed (indicated to be closed with CMU or to be left open), the window sills shall also be removed.
9. Concrete foundations shall be a minimum of 3'-0" below the adjacent finish grade and shall be stepped in 8" increments to maintain the 3'-0" minimum requirement.
10. The Contractor shall provide compacted gravel backfill between sub-grade and the bottom of concrete slabs in thickness as required to insure that new floor slab elevation matches existing floor slab elevation.
11. The new sewer line shall be located to pass between the two existing tree stumps and outside of the utility pole and the basketball court.
12. The Owner will remove and re-install security wire to allow for the installation of the new sewer line below the existing security fence.
