RE: Professional Engineering Services – RFQ: COR61380  
Mt. Olive Correctional Center Electrical Sub-Station

Dear Gentlemen:

The firm of **MSES Consultants, Inc. (MSES)** is pleased to submit this statement of qualifications for providing professional engineering services for the Electrical Sub-Station at the Mt. Olive Correctional Center in Mt. Olive, WV.

### **Relevant Experience**

**MSES** is a one shop, multi-disciplinary planning, engineering, environmental, architectural and project management firm, established over 30 years ago and headquartered in Clarksburg, West Virginia. **MSES** has been providing engineering services on more than a million and a half square feet of West Virginia building construction. A majority of these projects were for the State of West Virginia.

**MSES** offers a professional staff of over 70 people, with registered structural, mechanical, civil and electrical engineers, architects, professional land surveyors, information and environmental technologists and a diverse roster of professionals, scientists, technicians and support staff. Our performance can best be measured by our long-standing client relationships, some of which have lasted for 30 years. Our qualifications are based on successfully understanding and working with State and Fire Marshal requirements on similar projects.

**MSES** is your provider of the total array of engineering, design, and project management services. In addition, we can offer environmental and hygienist services where needed. We can assure a work force of sufficient size to provide immediate and comprehensive involvement on this project. We look forward to having the opportunity to present our qualifications and approach on a personal basis. Thank you for your consideration.

Sincerely,

MSES CONSULTANTS, INC.
