Re: Expression of Interest – West Virginia Division of Culture and History
The Cultural Center, Charleston West Virginia
Capitol Improvements: Fire Sprinkler and Fire Alarm Upgrades
DCH080101

Dear Ms. Murray:

CMA Engineering is pleased to submit, for your consideration, our qualifications and experience in providing engineering services for the proposed renovations and upgrades project for Fire Sprinkler and Fire Alarm Systems at the Cultural Center in Charleston West Virginia per your advertised RFQ.

CMA Engineering has provided engineering services for this type of project in West Virginia over the past twenty-one plus years, and we feel this is an excellent opportunity for our firm to assist you in successfully completing this project. We have responded to the specific items in your RFQ within this submittal including a number of unique projects, which have had similar challenges in schedule and budget to your current project. Our design professionals are educated in the latest technological and industrial standards and work closely with the owner and contractor from start to finish of all projects so that all of your needs are met and you are delivered a project that is “on time” and “within budget”.

We appreciate your consideration of our firm and look forward to presenting a more comprehensive statement of our qualifications in a personal interview. CMA has provided engineering services throughout the State since 1986 and we look forward to working with you on this exciting project.

Sincerely,
CMA Engineering

Timothy L. Cox, P.E.
President
