Re: "MILITARY UNITS OF THE WV ARMY NATIONAL GUARD – MARION COUNTY, WV"

The West Virginia Army National Guard is about to embark on an important project for the West Virginia National Guard. The project will be both challenging and demanding.

There are other qualified firms that will submit their credentials for this contract; however, should you choose Jerry Goff Architecture to implement the design of your project, you will receive the following distinct advantages:

- You will have the *expertise of an architect who has successfully designed and administered complex PROJECTS for the West Virginia Army National Guard.*
- Your project will be much more than "just another project" as some firms may approach this project. *As a project of the WV Army National Guard, we view this as a very important project and WE WILL MAKE THIS A PRIORITY PROJECT in our office.*
- You will benefit from our EXPERIENCE and KNOWLEDGE gained in the design of major projects similar to the Marion County, WV project.

We thank you for the opportunity to submit our expression of interest for your project and look forward to further discussions on this very important project. If you have any questions about our proposal, please call me at (304) 722-3379.

Jerry Goff, AIA
