Re: Requisition Number DEFK8179 – Request for Expressions of Interest
A/E Services for a Camp Dawson Multipurpose Building

Dear Mr. Abbott:

Williamson Shriver Architects is pleased to submit our firm's qualifications and experience to provide architectural and engineering services for the West Virginia Army National Guard as set forth in your expression of interest. We are confident that our firm and the project team will provide the WVARNG the necessary experience, talent and commitment to successfully complete your project and meet your expectations while adhering to the budget and schedule.

Attached is our resume that includes a firm introduction, staff roster, and representative projects of similar size and scope. Our relevant experience comes from designing gymnasiums for the K12 institutions around the State which include all aspects of your needs that have submitted as a part of the request. Our proposed project team includes the recently formed engineering firm of Harper Engineering. Even though this firm is new their staff has a great deal of experience with our office and with the West Virginia Army National Guard.

We appreciate the opportunity to submit our qualifications and look forward to meeting with you and the administrative review team to personally present our credentials in further detail. Please give us a call if you have any questions concerning any part of our qualifications and experience.

Very Truly Yours,

WILLIAMSON SHRIVER ARCHITECTS, INC.

Ted A. Shriver AIA
Architect / Vice President

Overview

Williamson Shriver Architects

is an award-winning, multi-disciplinary design firm that has been in business since 1967. While specializing in architectural planning and design, we provide design services to a diverse client base throughout West Virginia. With construction values exceeding one billion dollars over our history, the size and scale of our projects have ranged from detailed designs for small interior renovations to large multi-million dollar new facilities. Large or small, simple or complex, every project has our commitment to diligent, well thought-out design. Our functional and distinctive buildings reflect the vision of our clients and the spirit of our communities.

The Office of Williamson Shriver Architects

The vision of our clients and the spirit of our communities.

Experienced, capable, and responsive, we have a long tradition of excellence and client commitment. Simply put ... we listen ... and combine what we learn from listening with a clear understanding of technology and a wealth of experience. Every Williamson Shriver Architects design is a collaboration with the end user. Our finished projects work for people because they start with people. Through focus groups, individual interviews, and public meetings, we ask our clients to stretch

their imagination and anticipate how they will use each space. The result of this process ... flexible design solutions that respond to people and make the most of budgets.

Experienced ... Capable ... Responsive

Commitment to quality, dedication to project and client, and a 40+ year tradition of innovation and architectural excellence... that's Williamson Shriver Architects. No matter what the program, site, or budget, we've been there and we have the experience and vision to shape your project into a success. At Williamson Shriver Architects, we're listening.

Camp Dawson Multipurpose Building

heritage & experience

Experience

- National Guard Armories
- Government Facilities
- Educational Facilities
- Libraries
- Office Buildings
- Art Center
- Restaurants

Technology

- First architectural firm in 1985 in West Virginia to utilize computer design and drafting technology for production of architectural drawings.
- First architectural firm in West Virginia to utilize Autodesk Revit, a building information modeling (BIM) software.

General Information

- Our facilities have been recognized and granted awards by the West Virginia Society of Architects, Council of Educational Facility Planners International, American Association of School Administrators
- Architectural projects have been published in the American School and University magazine portfolio
- Members of the American Institute of Architects
- Members of the Council of Educational Facility Planners, International
- Members of the International Code Council (ICC)
- Members of the National Fire Protection Association

Camp Dawson Multipurpose Building

scope of available services

Williamson Shriver Architects offers our clients the design services listed here as either basic or additional services. Services offered by outside consultants are indicated as such.

Pre-Design Services

- Existing Facilities Surveys
- Feasibility Studies
- Programmatic Specifications
- Site Analysis and Selection
- Zoning Processing Assistance
- Bond Issue Planning Assistance
- Educational Facility Planning

Architectural Design

- Building and Site Design
- Structural Design
- Renovation / Restoration Design
- Materials Research and Specifications
- ADA / Life Safety Research
- Budget Analysis
- Value Analysis
- Scheduling

Interior Design

- Space Planning
- Tenant Fit-up
- Furniture and Equipment Procurement
- Selection of Interior Finishes
- Color Coordination

Construction Procurement / Administration

- Preparation of Contract Documents
- Bidding / Negotiation
- Construction Observation
- Contract Administration
- Post-Occupancy Services

Other Services

- Facilities Documentation utilizing Autodesk Autocad
- 3D Visualization
- Promotional Materials
- Graphic Design

The following services are provided through the assistance of outside consulting firms:

- Mechanical/Electrical Engineering
- Fire Protection Design
- Landscape Design
- Civil Engineering
- Stormwater Management
- Acoustical Design

Camp Dawson Multipurpose Building

Gregory A. Williamson AIA REFP (Architect/President)

Mr. Williamson attended the University of Tennessee, where he received his bachelor of architecture degree in 1981. His professional career began at Sverdrup and Parcel and later with Donald L. Moses Associates, both in Charleston. In 1983 he joined Gandee Thomas and Sprouse / GTS Partners as an architect and project designer and obtained his West Virginia registration as an architect in 1985.

In 1994, along with Ted Shriver, Mr. Williamson acquired the firm from founder Kent Gandee, and together they have continued the tradition of quality, client-focused architectural design for which the firm has been recognized. As a design partner, Mr. Williamson has designed such prominent and well-received projects as Cabell Midland High School, Caperton Center for Applied Technology at WVU-Parkersburg, and the Lodge and Conference Center at Chief Logan State Park. Additionally, he represented Williamson Shriver Architects in their role as associated architect on two prominent commissions in Charleston, the United States Federal Courthouse with architect SOM of New York, and the Clay Center for the Arts and Sciences with Kise Straw Kolodner Architects of Philadelphia.

Mr. Williamson is a member of the WV Board of Architects, appointed by Governor Underwood in 1999. He has active registrations in West Virginia, Virginia, Maryland, and Kentucky, and is a holder of an NCARB certificate. He is a past president of the West Virginia Society of Architects, has served as a part time instructor at the University of Charleston, and has also served as a juror on several local or regional design award programs.

Education:

University of Tennessee, 1981
B. Architecture
West Virginia State College, 1978

Camp Dawson Multipurpose Building

Ted A. Shriver AIA REFP (Architect/Vice-President)

Mr. Shriver is an architect and Vice President of Williamson Shriver Architects and is responsible for the office-wide coordination and production of contract documents. He brings to the firm 25 years of architectural experience, and his primary responsibility is to ensure that appropriate production and support resources are applied to each project. Mr. Shriver's career began in 1979 with other local firms, but he has been with the firm since 1984 with partner Greg Williamson.

Ted and Greg provide client focused services, specializing in educational facilities. We are pleased to be a part of Monongalia County Schools 50 million dollar bond passage. This is the largest bond passed by the voters in the State of West Virginia, and it is matched with an additional 15 million dollars by the State School Building Authority.

Office management, marketing and construction administration on smaller scope projects add to his daily responsibilities. He also oversees the firm's computer system, including evaluation and installation of new technology. He has extended this computer expertise to an understanding of the utilization and implementation of technology in school facilities and attends the Council of Educational Facility Planners' Technology Conferences. Since 2005, Mr. Shriver has focused on establishing guidelines for our designs on implementing safe schools and monitoring systems.

Mr. Shriver is active in the Council of Educational Facility Planners International especially in the Southeast Region. In 2003, he was one of the founding members of the West Virginia Chapter and served as their President from 2004-2007. He has also served as the Southeast Director since 2002 .

Education:

Fairmont State College, 1979
A.S. Architectural Technology
South Charleston High School 1977

Registration:

Architect, West Virginia No. 2811

Bridgeport Middle School
Cagney's Restaurant / Office Building

Camp Dawson Multipurpose Building

Donald W. Beyer PE. (Structural Engineer)

Mr. Beyer is responsible for the structural design of the firm's various projects. He participates in all phases of design, from the review of site characteristics to the design of economical as well as attractive structural systems. He is involved with the production of details and specifications for a project's structural materials.

Mr. Beyer's close involvement with the project architect provides for the smooth integration of the structural system into the project while maintaining the aesthetics of the architect's design. His availability for consultation is an asset to the design team.

Mr. Beyer draws from his years of experience as a structural steel detailer, a structural draftsman, and engineering technician.

Education:

WV Institute of Technology 1997
B. S. Civil Engineering
WV Institute of Technology 1978
A. S. Drafting & Design Eng. Technology

Registration:

Professional Engineer, WV No. 15054

Previous Employment:

Kelley, Gidley, Blair and Wolfe Engineers
1986 - 1990
W. C. Haworth, Structural Engineers

Steven W. Gibson (Construction Administration)

Mr. Gibson is responsible for contract document administration and field observation during the construction phase of a project. His duties include shop drawing review, attending construction conferences, compiling construction observation reports, and serving as liaison between owner and contractor.

Prior to joining the staff in 1985, Mr. Gibson's experience was primarily in the engineering fields. He has participated in the design, project management and construction of numerous industrial, commercial, public housing and public works facilities since 1970.

Mr. Gibson has also worked for a large local construction firm. This employment allowed him to gain knowledge and understanding of the contractors' perspective toward construction projects.

Education:

West Virginia State College, 1971
B.S. Industrial Technology

Affiliations:

American Institute of Architects
WV Society of Architects

Previous Employment:

Carlton Construction Company
Construction Estimator
Randolph Engineering

Camp Dawson Multipurpose Building

Bill Ratcliffe REFP (Educational Planning / Contract Administration)

Mr. Ratcliffe has over 20 years experience in Educational Facilities Planning on the county level working in the Kanawha County School system and on the state level working for the School Building Authority of WV (SBA).

Mr. Ratcliffe, through the Council of Educational Facilities Planners International (CEFPI), has obtained the designation as Recognized Educational Facilities Planner (REFP) and is the Secretary/Treasurer of the WV Chapter of CEFPI.

During his tenure with the SBA, Mr. Ratcliffe worked with twenty-five county Boards of Educations on over 100 projects.

Education:

WV State University 2005

B.A. Regents Degree Business/Construction

St. Albans High School 1970

Affiliations:

Council of Educational Facilities Planners

Harper Engineering, Pllc is an innovative new engineering firm serving building owners, architects, and contractors throughout the state. We are a unique combination of eager young talent and proven experience fused together to serve all of your building systems design needs including heating, cooling, plumbing, lighting, and electrical.

Our staff has a diverse experience in the design of Guard projects. These projects range from a fire station for the WV Air National Guard to large maintenance facilities for the WV Army National Guard at Eleanor. The construction costs of the projects we have consulted on total more than \$60,000,000. A few other projects we have personally been involved with include Lewisburg Readiness Center, Summersville Readiness Center, Eleanor Readiness Center, and the Wheeling Armory.

The staff at Harper Engineering has worked closely with Williamson Shiver Architects on numerous projects through out our careers. We have provided consulting services on the award winning Huntington High School, Cabell Midland High school, and East Fairmont High School.
