Re: Expression of Interest
Pendleton Creek Strip Project(DEP14126)

Dear Mr. Bowman:

TERRADON is pleased to submit this Expression of Interest to provide professional engineering services to the WV Department of Environmental Protection, Office of Abandoned Mine Lands and Reclamation (WVDEP/AML) for the Pendleton Creek Strip project.

TERRADON is currently working at Tucker County Land Fill for an expansion project. We are very familiar with the Pendleton Creek Strip area. We have an extensive data base on the mine workings, including mine maps; surface mine methods employed, local geology and geologic features, hydrology and ground water information both within the mine and ground water flow below the mine. We have gained a great deal of general knowledge of this area.

TERRADON routinely provides the required services to WVDEP/AML throughout the state. We have the technical, managerial and financial resources to provide these services at a cost favorable to WVDEP/AML.

We look forward to an opportunity to interview for this project. Should you have any questions regarding the submittal or TERRADON, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "S.T. Engelhardt".
