SCOPE OF CONTRACT

The purpose of this Contract shall be to supply WVDOH maintenance personnel with galvanized u-channel for standard maintenance.

SPECIFICATIONS FOR ITEMS

Galvanized u-channel supports (Items 1-31): Acceptance of u-channel supports supplied as part of this Contract shall be in accordance with the normal WVDOH acceptance procedures. U-channel posts are to be of a material that meets the requirements of Section 657 of the West Virginia Division of Highways' Standard Specifications For Roads and Bridges, latest edition. U-channel posts shall meet the shape and dimensional requirements shown on Sheet TE1-7A of the WVDOH, Standard Details Book, Volume 2, latest edition. Post lengths shall be as specified with a tolerance of +/- one (1) inch. Galvanized posts are to be galvanized in accordance with ASTM Specification A123. Posts supplied shall be manufactured only by approved manufacturers listed on the Division Approved Products List (APL), and shall be limited on this Contract to posts manufactured by Nucor-Marion Steel and Franklin Steel.

AWARD CONSIDERATIONS IN REGARDS TO EXISTING INVENTORY

The WVDOH reserves the right to award key items on this Contract to two separate vendors for the purpose of maintaining compatibility of items being supplied under the new contract with existing items in inventory.

PRICE ADJUSTMENT CLASUE

The State of West Virginia will consider proposed price adjustments prior to the original expiration date of the Contract, provided that such price adjustment covers both upward and downward movement of the commodity price, and that adjustment is based on the "pass through" increase or decrease of raw materials and/or labor, which make up all or a substantial part of a product. Adjustments are to be based upon an actual dollar figure, not a percentage. All price adjustment requests must be substantiated in a manner acceptable to the Director of the WV Purchasing Division (e.g. governmental bench marks, general market increases, and published price lists). All documentation of price increases incurred by the vendor shall be based on governmental bench marks, general market increases, published price lists, etc. in effect on the original effective date of the Contract, or the effective date of the currently approved price increase in effect, as applicable. Such requests for price increases shall be received in writing by the Director of the Traffic Engineering Division at least 30-days in advance of the proposed effective date of the increase. The price increase request will be evaluated by the Traffic Engineering Division and will be forwarded to the Purchasing Division for concurrence. The vendor may not submit a request for a price increase with a proposed effective date less than 90-days from the original effective date of the Contract. Subsequent requests for price increases may not have a proposed effective date less than 90-days from the effective date of the currently approved price increase in effect. Any time the vendor requests a price adjustment, the Purchasing Division may either accept the price adjustment and amend the Contract accordingly or reject the adjustment and cancel the Contract.

MINIMUM ORDERS

When ordering Items listed on lines 1 through 31, the total combined material ordered, based on these Item numbers, shall be a minimum of 24,000 lbs.

DELIVERY

The supplier shall be allowed sixty (60) calendar days A.R.O. for delivery. The WVDOH shall assess liquidating damages against the supplier for each day that any delivery of material is delayed beyond the sixty (60) day limit. The District may waive a portion or all of the late delivery charges at their discretion provided an ample supply of material is in stock at the District.

The total amount of the liquidating damages shall be \$490 per day, per order, and is in accordance with Section 108.7 of the West Virginia Standard Specifications, Roads and Bridges.

The vendor must notify the receiving District a minimum of 72 hours (3 working days) prior to delivery.

The following estimated quantities are for bid purposes only. Actual quantities will be determined by needs of the West Virginia Division of Highways and may be increased or decreased.

DEFINITIONS:

"Debt" means any assessment, premium, penalty, fine, tax or other amount of money owed to the state or any of its political subdivisions because of a judgment, fine, permit violation, license assessment, defaulted workers' compensation premium, penalty or other assessment presently delinquent or due and required to be paid to the state or any of its political subdivisions, including any interest or additional penalties accrued thereon.

"Debtor" means any individual, corporation, partnership, association, limited liability company or any other form or business association owing a debt to the state or any of its political subdivisions. "Political subdivision" means any county commission; municipality; county board of education; any instrumentality established by a county or municipality; any separate corporation or instrumentality established by one or more counties or municipalities, as permitted by law; or any public body charged by law with the performance of a government function or whose jurisdiction is coextensive with one or more counties or municipalities. "Related party" means a party, whether an individual, corporation, partnership, association, limited liability company or any other form or business association or other entity whatsoever, related to any vendor by blood, marriage, ownership or contract through which the party has a relationship of ownership or other interest with the vendor so that the party will actually or by effect receive or control a portion of the benefit, profit or other consideration from performance of a vendor contract with the party receiving an amount that meets or exceeds five percent of the total contract amount.

EXCEPTION: The prohibition of this section does not apply where a vendor has contested any tax administered pursuant to chapter eleven of this code, workers' compensation premium, permit fee or environmental fee or assessment and the matter has not become final or where the vendor has entered into a payment plan or agreement and the vendor is not in default of any of the provisions of such plan or agreement.

LICENSING: Vendors must be licensed and in good standing in accordance with any and all state and local laws and requirements by any state or local agency of West Virginia, including, but not limited to, the West Virginia Secretary of State's Office, the West Virginia Tax Department, West Virginia Insurance Commission, or any other state agencies or political subdivision. Furthermore, the vendor must provide all necessary releases to obtain information to enable the Director or spending unit to verify that the vendor is licensed and in good standing with the above entities.

CONFIDENTIALITY: The vendor agrees that he or she will not disclose to anyone, directly or indirectly, any such personally identifiable information or other confidential information gained from the agency, unless the individual who is the subject of the information consents to the disclosure in writing or the disclosure is made pursuant to the agency's policies, procedures and rules. Vendors should visit www.state.wv.us/admin/purchase/privacy for the Notice of Agency Confidentiality Policies.
